BARROW COUNTY HISTORY

That area that today is Barrow County was settled prior to the start of the 19th century. An Indian trail that ran through the county attracted settlers. To protect the settlers from the Cherokee and Creek Indians, the state built a frontier fort during 1792 called Fort Yargo, now a state park. Winder, the county seat, was known as Jug Tavern during this time.

Barrow County was the scene of one of the few Union defeats during Sherman's Atlanta Campaign known as Stoneman's Raid.

During the 1880s, rail was expanded and Barrow County played host to two railroads, the Seaboard Air Line and the Gainesville and Midland. One of the railroad builders for the Seaboard Air Line Railroad was John H. Winder of North Carolina. Jug Tavern's name was changed to Winder by the Georgia General Assembly on Dec. 20, 1893 to honor the railroad builder.

Barrow County was created from portions of Gwinnett, Jackson, and Walton counties when Georgia voters approved a constitutional amendment on November 3, 1914 making Barrow County the 149th county in Georgia out of 159. Barrow County was named after David Crenshaw Barrow, Jr., a University of Georgia mathematics and engineering professor who was later Chancellor serving in that position from 1906 to 1925. Barrow died on January 11, 1929 in Athens and is buried in Oconee Hill Cemetery in Athens.

BARROW COUNTY
Georgia

TO: Board of County Commissioners
SUBJECT: FY2018 Recommended Annual Budget
DATE: June 20, 2017

Chairman Graham and Commissioners

Presented herewith is the FY 2018 recommended annual budget. This budget represents the proposed plan of providing needed county services for the upcoming fiscal year that begins July 1, 2017 and ends June 30, 2018. This budget contains the collective input from all county department directors, elected officials, and outside agencies.

A copy of the recommended budget has been filed with the Clerk to the Commission and is available for public review and comment. One of the critical purposes of this document is to encourage transparency, open dialogue, and public deliberation as it relates to how citizen tax dollars can best be used to serve the Barrow County community.

Based upon a January 2017 economic forecast report prepared by the Fiscal Research Center at Georgia State University, State and regional level economic growth is expected to expand at a moderate pace. At the local level, modest business and industry growth is expected to continue in Barrow County.

The FY 2018 budget was prepared in accordance with section 36-81-(1-6) of the Official Code of Georgia Annotated. In addition, while developing the budget the following priorities were taken into consideration:

- Continue to minimize the financial impact of county operations on its citizens through conservative budgeting practices that focus on achieving enhanced efficiency and effectiveness throughout the organization.
- Implement a Pay for Performance system across all County departments with the exception of the Sheriff's Office and Detention Center.
- Provide funding for a salary adjustment within the Sheriff's Office and Detention Center in order to address ongoing staffing shortages and the resulting increased overtime expense.
- Fund capital outlay as indicated in the adopted Capital Improvement Plan.

BUDGET MESSAGE

- Continue to provide outstanding government services at adequate levels.
- Maintain a healthy reserve fund balance in accordance with the Revised GASB 54 Fund Balance Policy as adopted by the Board of Commissioners.

In accordance with the Board of Commissioners decision to transition to a July 1-June 30 annual fiscal period as adopted by Resolution and Ordinance on January 26, 2016, the FY 2018 annual budget was prepared based upon this twelve month annual budget cycle. In preparation of the FY 2018 annual budget, four advertised work sessions were held with the Board of Commissioners to discuss departmental budget requests as well as those of outside agencies which the County funds. During these work sessions, the Board of Commissioners were provided details and recommendations concerning each funding request.

In addition, the Board of Commissioners were provided recommendations concerning the implementation of a Pay for Performance program prepared with the assistance of the University of Georgia's Carl Vinson Institute of Government. The study for this merit-based salary adjustment program was funded in FY 2016 in conjunction with a classification and compensation plan and included the development of a revised annual employee performance evaluation instrument.

The Board of Commissioners were also provided recommendations concerning the FY18 capital outlay budget, the purpose of which is to ensure that the County's capital needs, as detailed in the FY 2018-2022 Capital Improvement Plan, are adequately met. The current SPLOST 2012 revenue collection is due to expire on June 30, 2018 and continuation of SPLOST collections through voter approval of the re-imposition of this tax will be critical in order that the County continues to meet its capital outlay needs which include an emphasis upon improving critical infrastructure such as roads and sanitary sewer treatment. Below is an overview of the FY 2018 recommended budget.

Moving Barrow County Forward

LOOKING FORWARD TO FY2019

Looking forward to the FY2019 budget process, County staff is projecting a year of promising but cautious economic conditions at the local level. In a January 2017 State economic report prepared by the Fiscal Research Center at Georgia State University, both State and regional-level economic growth is projected to expand at a moderate pace as the economy continues to recover from the Great Recession.

The County's tax digest and sales tax revenue are anticipated to continue to increase as well as residential and retail/commercial building activity. County programs and services are expected to remain constant in an effort to keep the cost of government as low as possible. Looking towards FY2019 and beyond, we will have challenges- however they are good challenges which are a direct result of our success as a vibrant, growing, and diverse community.

In addition, the implementation of the FY2019-FY2023 Capital Improvement Program will be addressed, including an emphasis on critical infrastructure projects such as roadway maintenance, sewer and water system improvements, and buildings and facilities. The programmed replacement of essential vehicles and equipment, utilizing the County's new PROFIT\$ Vehicle Replacement Management Software, is also critically important to ensure the County continues to provide outstanding service to the community.

As a community, we are beginning to experience the "growing pains" of an expanding region and we need to be prepared for the demand of public services in the areas of recreation, transportation, and sewer infrastructure expansion. The Capital Improvement Program is analogous to a roadmap, setting the course to being prepared to meet future growth. Without a map, direction, or plan we will waste precious time and resources critical for the future development of our community. Planning is very much the key to our future success.

We have strong and improving General Fund reserve levels, resulting directly from a long tradition of conservatively sound financial and management practices. Our strong financial position provides the opportunity to continue to implement needed infrastructure improvements with proper strategic planning and guidance as to appropriate revenue sources.

We want to extend our thanks to all of Team Barrow who work so diligently to prepare each annual budget and who are committed to continuing to work tirelessly to provide outstanding levels of service to our community. In particular, we wish to extend our thanks to the staff of the Finance Department for the many hours they put into every budget preparation process.

Moving Barrow County Forward

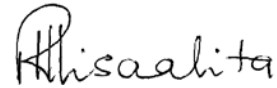

LOOKING FORWARD TO FY2019 (Continued)

Sincere thanks are also extended to the Board of Commissioners for their policy guidance and thoughtful deliberations throughout the budget preparation and formal adoption process.

Respectfully submitted,

Michael Renshaw
County Manager

Rose Kisaalita, CPA
Chief Financial Officer

The **Felony Drug Court** provides a non-traditional approach to working with criminal offenders by offering a judicially supervised intensive outpatient substance use disorder treatment program instead of incarceration. The **Mental Health Court** provides an alternative to incarceration by working with offenders and having them follow a closely monitored personalized treatment plan for their mental health that may also be accompanied by substance use disorder.

STORMWATER FUND

FUND PROFILE

The Storm Water Utility Enterprise Fund works under a NPDES Phase Two Permit that requires Barrow County to maintain a five year storm water management plan (2013-2017). This plan requires the inspections and maintenance of the storm water sewer system in the unincorporated area of the county, which includes approximately 186 detention ponds. This work is completed with the assistance from the Roads & Bridges Division and state inmate labor. This department enforces the storm water utility ordinance, federal and state laws, which include the clean water act. The department samples 20 creek locations quarterly for water quality and collects storm water inventory data for inclusion in the GIS mapping system. This department also prepares billing information so the Tax Commissioner can properly bill for the annual storm water utility fee.

Fee = Rate (\$24.00) X ERU (Impervious unit of 3478 sq. ft.)

ERU (Equivalent residential unit)

Impervious Surface (Hardened surface areas that either prevent or limit the natural entry of water into the underlying soil).

The average residential unit was determined to be 3478 square feet. This makes all residential parcels equal to one ERU thus a flat rate was set for all residential parcels. The same equation applies to commercial properties. Eighteen dollars will be charged for every 3478 sq. ft. unit.

*Any parcel of land that has 50 sq. ft. or more of impervious surface shall get a Storm Water Bill.

*Any parcel of land that has less than 50 sq. ft. of impervious surface shall not get a Storm Water Bill

Residential: \$24 per year

Residential with Credit: \$14.40 per year

Commercial: Impervious surface/ 3478 x \$24 = Rate per year

Commercial with Credit: Impervious surface/ 3478 x \$24 = Rate per year with 40% reduction

Example for Commercial:

Parcel has 15000 Sq. Ft. of Impervious Surface.

$15000 / 3478 \times \$24 = \103.51 per year

Example for Commercial with credit:

Parcel has service fee of \$100 per year

40% reduction of \$100 = \$60 per year
