INDEPENDENT AUDITOR'S REPORT

**The Honorable Mayor and Members
of the City Council of the
City of Chattahoochee Hills, Georgia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the **City of Chattahoochee Hills, Georgia** (the "City"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City of Chattahoochee Hills, Georgia's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the City of Chattahoochee Hills, Georgia as of June 30, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and General Fund – Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (GAAP Basis), as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Chattahoochee Hills, Georgia's basic financial statements. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 4, 2014, on our consideration of the City of Chattahoochee Hills, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Chattahoochee Hills, Georgia's internal control over financial reporting and compliance.

CITY OF CHATTAHOOCHEE HILLS, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014

As management of the City of Chattahoochee Hills, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Chattahoochee Hills for the year ended June 30, 2014.

FINANCIAL HIGHLIGHTS

- Assets of the City exceeded its liabilities by \$3,123,811 (net position), representing a \$592,740 or 23% increase over the prior year.
- Unrestricted net position increased from a deficit of \$483,090 in the prior year to a positive net position of \$308,481. A \$791,571 increase or 163%.
- As of June 30, 2014, the City's governmental funds reported combined ending fund balance of \$167,390, an improvement of \$660,457 over the prior years' deficit of (\$493,067).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Chattahoochee Hills' basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide the reader with a broad overview of the City of Chattahoochee Hills' financial position in a manner similar to private-sector business. These statements include the Statement of Net Position and the Statement of Activities and can be found on pages 12 and 13 of this report.

The Statement of Net Position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. for uncollected taxes and earned, but unused employee leave).

Both of the government-wide financial statement report functions for the City that are principally supported by taxes and intergovernmental revenues (governmental activities). The City of Chattahoochee Hills' governmental activities include general government, judicial, public safety, public works, culture and recreation, and community development. The City currently does not have any business-type activities.

The government-wide financial statements can be found on pages 12 and 13 of this report.

CITY OF CHATTAHOOCHEE HILLS, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Chattahoochee Hills maintains one major and two non-major governmental funds. The City's major governmental fund is the General Fund and the City's non-major funds are the E911 Fund and the Hotel/Motel Tax Fund.

The basic governmental fund financial statements are presented on pages 14 through 16 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The City uses an Agency Fund for the collection and remittance of cash appearance bond-related activity for municipal court. The basic fiduciary fund financial statement can be found on page 17 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 18 through 34 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. The budgetary comparison schedule is intended to demonstrate the City's compliance with the legally adopted and amended budgets. Required supplementary information can be found on pages 35 and 36 of this report.

CITY OF CHATTAHOOCHEE HILLS, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. At June 30, 2014 the City's assets exceeded liabilities by \$3,123,811. A significant portion of the City's net position is its investment in capital assets (land, buildings, infrastructure, and equipment), less any related debt to acquire those assets. Because the City uses these capital assets to provide services to its residents, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining portion of the City's net position represents unrestricted net assets of \$308,481 and is primarily attributable to operating revenues in excess of expenditures from the inception of the City through the current period.

The following table provides a summary of the City's governmental net position for the fiscal years 2014 and 2013.

City of Chattahoochee Hills Net Position
June 30, 2014 and 2013

	<u>2014</u>	<u>2013</u>	<u>Inc (Dec)</u>	<u>Percent</u>
Assets				
Current Assets	\$ 1,297,926	\$ 528,496	\$ 769,430	145.59 %
Capital assets, net of accumulated depreciation	2,998,803	3,045,441	(46,638)	(1.53)
Total assets	<u>4,296,729</u>	<u>3,573,937</u>	<u>722,792</u>	<u>20.22</u>
Liabilities				
Current liabilities	1,054,368	892,149	162,219	18.18
Long-term liabilities	118,550	150,717	(32,167)	(21.34)
Total liabilities	<u>1,172,918</u>	<u>1,042,866</u>	<u>130,052</u>	<u>12.47</u>
Net Position				
Net Investment in capital assets	2,815,330	2,932,904	(117,574)	(4.01)
Restricted for grant programs	-	81,257	(81,257)	-
Unrestricted	308,481	(483,090)	791,571	(163.86)
Total net position	<u>\$ 3,123,811</u>	<u>\$ 2,531,071</u>	<u>\$ 592,740</u>	<u>23.42 %</u>

Changes in net position. Governmental activities increased the City's net position by \$592,740 and \$222,366 in fiscal years 2014 and 2013, respectively. The following table indicates the change in net position from the twelve months ended June 30, 2014 and 2013.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014

City of Chattahoochee Hills Changes in Net Position
for the Year Ended June 30, 2014 and 2013

	<u>2014</u>	<u>2013</u>	<u>Increase (Decrease)</u>	<u>Percent</u>
Revenues:				
Program Revenues:				
Charges for services	\$ 384,292	\$ 182,429	\$ 201,863	110.65 %
Operating grants and contributions	329,505	59,384	270,121	454.87
Capital grants and contributions	161,405	107,536	53,869	50.09
General Revenues:				
Property taxes	1,114,166	996,305	117,861	11.83
Other taxes	995,298	947,721	47,577	5.02
Investment earnings	1,025	504	521	103.37
Total revenues	<u>2,985,691</u>	<u>2,293,879</u>	<u>691,812</u>	<u>30.16</u>
Expenses:				
General government	382,371	365,595	16,776	4.59
Judicial	58,137	75,356	(17,219)	(22.85)
Public safety	1,135,033	995,583	139,450	14.01
Public works	595,306	457,444	137,862	30.14
Culture and recreation	147,119	102,408	44,711	43.66
Community development	55,780	45,364	10,416	22.96
Interest expenses	19,205	29,763	(10,558)	(35.47)
Total expenses	<u>2,392,951</u>	<u>2,071,513</u>	<u>321,438</u>	<u>15.52</u>
Income	<u>592,740</u>	<u>222,366</u>	<u>\$ 370,374</u>	<u>166.56 %</u>
Net position beginning of year	<u>2,531,071</u>	<u>2,308,705</u>		
Net position end of year	<u>\$ 3,123,811</u>	<u>\$ 2,531,071</u>		

Governmental activities increased the City's net position by \$592,740 in fiscal year 2014. Total revenues increased \$691,812, or 30% from the prior year. Charges for services increased \$201,863 or 110% primarily because of increases in rental fees, planning and development fees, as well as increases in fines and forfeitures. Operating grants increased \$270,121 primarily as a result of a significant increase in state allocations under the Forest Land Protection Act. Property tax collections increased \$117,861 as a result of better collection of taxes as well as stabilization of property tax values.

Increases in expenses were more than offset by the increases in revenues discussed above. Public safety expenses have increased \$139,450 or 14% primarily as a result of increases in operating expenses which had been delayed from prior years. Public works expenses have increased \$137,862 or 30% primarily due to expenses which had been delayed from prior years, the most significant being road maintenance. Culture and recreation expenses have increased \$44,711 or 44% as the City has directed more resources to these activities since the park facilities were transferred from Fulton County. Interest expense has decreased because of reductions in debt levels.

CITY OF CHATTAHOOCHEE HILLS, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

CITY OF CHATTAHOOCHEE HILLS, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014

Governmental funds reported a positive fund balance of \$167,390 at June 30, 2014. This is a significant improvement from the deficit of (\$493,067) reported in the previous year.

Revenues have increased \$627,739 or 27% from prior year levels. Property taxes increased \$97,956 or 9.6% as a result of better collections and stabilization of property values. Sales taxes increased \$23,938 (3.8%) and Licenses and permits increased \$22,962 (93.9%) as a result of general improvements in the economy. Fines and Forfeitures increased \$37,577 (35.42%) as a result of increased enforcement. Charges for services increased \$61,667 (133%) due to increases in permitting fees and parking fees. Intergovernmental revenues increased \$284,370 (181%) as due to increases in FLPA (Forest Land Protection Act) grants from the State of Georgia. Miscellaneous revenues increased \$79,657 and included an insurance reimbursement of \$42,650 and property rental fees of \$26,650.

Total expenditures increased \$445,702 or (23%) over prior year levels. Public safety expenditures have increased \$224,333 (23%) due to increases in operating expenditures which had been delayed in prior years including vehicle and equipment replacement. Public works expenditures increased \$144,810 (57%) due to increases in expenditures which had been delayed in prior years including road maintenance. Culture and recreation expenditures increased \$143,505 (142%). These expenditures include \$100,913 of equipment purchases not required in the prior year. Debt service expenditures have decreased \$40,791 (42%) as debt requirements are reduced as a result of decreased deficits.

The City has adopted a fund balance reserve policy to retain in reserve an amount which represents no less than two months of operating and debt expenditures, approximately 16 percent of the current year's estimated operating and debt expenditures. The policy took into consideration that upon incorporation, no reserves existed and allowed for a period of three to five years to establish the required amount. Current year operations contributed \$660,457 toward this goal. The current fund balance stands at \$167,390 or 7% of current years expenditures.

General fund. The General Fund is the primary operating fund and the largest source of day-to-day service delivery. It accounts for the City's core services such as law enforcement, fire protection, planning and development, roads, streets, and bridges, culture and recreation, municipal court; and administration. The General Fund currently has a fund balance of \$167,390 and increase of \$660,457 over the prior year.

E911 Fund. The City established an E911 fund in 2013 to account for E911 fees charged to service providers and the transfer of these payments to the City of Union City to provide E911 services.

GENERAL FUND BUDGETARY HIGHLIGHTS

A comparison of budgeted to actual results can be found on pages 35 and 36 of the financial report. Total revenues were \$579,736 better than budgeted as management remains very conservative in its revenue projections. Expenditures were \$70,120 less than budgeted as management remains very focused on reducing costs and delays filling open positions.

The City employs a formal budget adjustment process as needed in order to re-align original appropriations made during the annual budget process with significant changes in revenue and/or expenditures; ensuring appropriations are in alignment with expected resources. Differences between the original budget and final, amended budget are then resolved through official City Council action.

**CITY OF CHATTAHOOCHEE HILLS, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014**

In an effort to meet the challenges of establishing and maintaining an appropriate level of governmental services in a declining economy, three budget adjustments were approved by the City Council during fiscal year 2014. The following budget amendments were adopted during the year:

- In March 2014, the budget was amended to consolidate all the revenue and expenditures into the general fund and to recognize the revenue and expenditures of the purchase of new playground equipment for Cochran Mill Park. The original equipment was destroyed in a fire and an insurance claim was filed in which revenue was received. The revenue was recognized in this budget adjustment as was the cost of the new equipment.
- In June 2014, the budget was amended to recognize parking fees revenue collected at Cochran Mill Park and to recognize an increase in expenditures in the Parks budget related to items purchased using this revenue. The budget was also amended to recognize proceeds from two capital leases due to the purchase of police vehicles and the equipment used to outfit these vehicles.
- In September 2014, a final budget adjustment was approved by the City Council to establish an E-911 budget and to better reflect accurate revenue and expenditures in the general fund for the fiscal year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2014, the City's investment in capital assets for its governmental activities totaled \$2,998,803. These assets primarily reflect the infrastructure assets of roads, streets, bridges, culverts, and park land.

**City of Chattahoochee Hills
Capital Assets (net of depreciation)
June 30, 2014 and 2013**

	<u>2014</u>	<u>2013</u>	<u>Inc (Dec)</u>	<u>Percent</u>	
Land	\$ 992,554	\$ 992,554	\$ -	-	%
Construction in progress	-	28,272	(28,272)	-	
Buildings and improvements	156,869	139,699	17,170	12.29	
Machinery and equipment	186,514	63,007	123,507	196.02	
Vehicles	226,578	192,259	34,319	17.85	
Infrastructure	<u>1,436,288</u>	<u>1,629,650</u>	<u>(193,362)</u>	<u>(11.87)</u>	
Total	<u>\$ 2,998,803</u>	<u>\$ 3,045,441</u>	<u>\$ (46,638)</u>	<u>(1.53)</u>	%

Additional information on the City's capital assets can be found in note 6 on page 29 of the report. Changes in capital assets for 2014 are primarily related to depreciation of existing assets in excess of additional purchases.

Long-term debt

The City's long term debt consists primarily of lease obligations for vehicles and equipment. Additional information on the City's debt can be found in notes 7 and 8 beginning on page 30 of this report.

CITY OF CHATTAHOOCHEE HILLS, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The following factors are expected to have a significant effect on the City's financial position or results of operations and were taken into account in developing the fiscal year 2015 budget. They will also be an ongoing concern throughout the fiscal year.

- The discussion of the annexation of approximately 9400 acres in South Fulton County bordering the current city limits of Chattahoochee Hills has resulted in budget discussions with staff to determine service levels for the Fiscal Year 2015 budget that will be provided for this annexed area. It is believed that there will be no impact on the current fiscal year's budget or on future budgets by providing service levels that are consistent with current service levels. Service for this area, if annexed, is proposed to begin on January 1, 2015.
- The declining economy in areas of south Fulton County continues to be a concern for the City, as well as potential changes in the political boundaries within Fulton County.

The City restricts the use of one-time revenues to fund recurring operating expenses. Growth in expenditures is limited based on the City Council approval of service levels, the level of effort needed to provide the service levels and the measurement of the outcomes of providing service.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. Questions concerning any of the information provided in this report or requests for additional information should be addressed to City of Chattahoochee Hills Finance Department, 6505 Rico Road, Chattahoochee Hills, Georgia 30268. **RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2014**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	660,457
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the current period.		(46,638)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		44,690
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount represents principal repayment of long-term debt.		(70,936)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		<u>5,167</u>
Change in net position - governmental activities	\$	<u><u>592,740</u></u>

The accompanying notes are an integral part of these financial statements.

CITY OF CHATTAHOOCHEE HILLS, GEORGIA
STATEMENT OF FIDUCIARY ASSETS AND LIABILITIES
AGENCY FUND
JUNE 30, 2014

ASSETS	Municipal Court Fund
Cash	\$ 26,859

LIABILITIES	
Due to others	\$ 26,859
Total liabilities	<u>\$ 26,859</u>

The accompanying notes are an integral part of these financial statements.

CITY OF CHATTAHOOCHEE HILLS, GEORGIA

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Chattahoochee Hills, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

The City, which was incorporated in 2007, operates under a charter adopted December 1, 2007, as a municipal corporation governed by an elected mayor and a five-member council. The government provides such services as police protection, fire and rescue services, cultural and recreational activities, housing and development and public works.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. The statement of net position includes non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City's capital assets. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Agency funds have no measurement focus; however, they use the accrual basis of accounting to recognize assets and liabilities. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, insurance premium taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions," the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, major individual governmental funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental fund:

The **general fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Additionally, the City reports the following fund types:

The **special revenue funds** are used to account for revenue sources, such as emergency telephone systems charges and hotel/motel tax revenues, which are restricted or committed to expenditure for specific purposes.

The **agency fund** is used to account for the collection and disbursement of monies by the City's Municipal Court on behalf of other individuals or entities.

D. Budgets

Formal budgetary accounting is employed as a management control device for the general fund and special revenue funds of the City. The governmental funds budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual operating budgets are adopted each fiscal year through passage of an annual budget ordinance and amended as required for the general fund and each special revenue fund. During the fiscal period ended June 30, 2014, the original budget was amended through supplemental appropriations. These changes are reflected in the budgetary comparison schedules.

All unencumbered budget appropriations lapse at the end of each year.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the City. The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements.

F. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

G. Interfund Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as other outstanding balances between funds are reported as "due to/from other funds."

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2014, are recorded as prepaid items in both government-wide and fund financial statements. These items are accounted for using the consumption method.

I. Capital Assets

Capital assets, which include buildings and improvements, machinery and equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The City has reported all infrastructure that it currently owns and has a responsibility for maintaining. Donated capital assets are recorded at estimated fair market value at the date of donation.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Capital Assets (Continued)

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives is not capitalized.

Capital assets of the City are depreciated using the straight line method over the following useful lives:

Buildings and improvements	20-50 years
Machinery and equipment	5-40 years
Vehicles	5-8 years
Infrastructure	10-50 years

Fully depreciated assets still in service are carried in the capital asset accounts.

J. Deferred Outflows / Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, intergovernmental revenues and insurance premium taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

K. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for non-vesting accumulated rights to receive sick pay benefits since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

In the fund financial statements, governmental fund types recognize the face amount of the long-term debt issued as other financing sources and the repayment of debt as debt service expenditures.

M. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution. Only the City Council may modify or rescind the commitment, also through a resolution.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Council has authorized the City Manager or his or her designee to assign fund balances.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Fund Equity (Continued)

- **Unassigned** - Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

The City's policy is to obtain and then maintain a minimum General Fund balance reserve equal to 16% of operating expenditures.

Net Position – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

N. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position- governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$219,930 difference are as follows:

Note payable	\$ (76,149)
Capital leases	(107,324)
Compensated absences	(33,517)
Accrued interest	<u>(2,940)</u>
Net adjustment to decrease fund balance - <i>total governmental funds</i> to arrive at <i>net position - governmental activities</i>	<u><u>\$ (219,930)</u></u>

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total governmental funds* and *change in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$46,638 difference are as follows:

Capital outlay	\$ 233,318
Depreciation expense	<u>(279,956)</u>
Net adjustment to decrease <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position - governmental activities</i>	<u><u>\$ (46,638)</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of that reconciliation explains that “The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.” The details of this \$70,936 difference are as follows:

Capital leases	\$ (107,324)
Principal retirement of long-term debt	<u>36,388</u>
Net adjustment to decrease <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position - governmental activities</i>	<u><u>\$ (70,936)</u></u>

Another element of the reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore, are not reported as expenditures in governmental funds.” The details of this \$5,167 difference are as follows:

Compensated absences	\$ 4,663
Accrued interest	<u>504</u>
Net adjustment to increase <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position - governmental activities</i>	<u><u>\$ 5,167</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 3. LEGAL COMPLIANCE – BUDGETS

A. Budgets and Budgetary Accounting

The budget is officially adopted by the governing body prior to the beginning of its fiscal year, or a resolution authorizing the continuation of necessary and essential expenditures to operate the City will be adopted. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level, within the fund.

Transfers of appropriations within a department budget or within a non-departmental expenditure category require only the approval of the Finance Director and the City Manager. Increases in appropriations in a departmental budget or in a non-departmental expenditure category, require approval of the governing body in the form of amendments to the budget resolution.

NOTE 4. DEPOSITS

Total deposits as of June 30, 2014 are summarized as follows:

Statement of net position:	
Cash and cash equivalents	\$ 952,503
Statement of fiduciary net position:	
Cash - agency fund	26,859
	<u>\$ 979,362</u>
Cash deposited with financial institutions	\$ 979,362
	<u>\$ 979,362</u>

Custodial Credit Risk – Deposits: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized 110% by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2014, all of the City's bank balances were insured and/or collateralized as defined by GASB and State Statutes.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. RECEIVABLES

Property taxes are levied on property values assessed as of January 1. The City contracts with Fulton County to bill and collect property taxes. The taxes were levied on October 15 based on the assessed value of property as listed on the previous January 1 and were due 60 days following the billing date each year. Property taxes are recorded as receivables and unavailable revenues when levied as they are intended to fund that fiscal year. Revenues are recognized when available.

Receivables at June 30, 2014, for the City's individual major funds and aggregate nonmajor funds, including any applicable allowances for uncollectible accounts are as follows:

	General	Nonmajor Governmental	Total
Receivables:			
Taxes	\$ 56,666	\$ 11,814	\$ 68,480
Accounts	26,211	4,193	30,404
Intergovernmental	229,027	-	229,027
Total receivables	311,904	16,007	327,911
Less allowance for uncollectible	44,835	-	44,835
Net total receivable	\$ 267,069	\$ 16,007	\$ 283,076

The remainder of this page is intentionally left blank.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. CAPITAL ASSETS

Capital asset activity for the City for the year ended June 30, 2014 is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
Governmental activities:					
Nondepreciable capital assets					
Land	\$ 992,554	\$ -	\$ -	\$ -	\$ 992,554
Construction in progress	28,272	-	-	(28,272)	-
Total	<u>1,020,826</u>	<u>-</u>	<u>-</u>	<u>(28,272)</u>	<u>992,554</u>
Capital assets, being depreciated:

NOTES TO FINANCIAL STATEMENTS

NOTE 7. SHORT-TERM BORROWINGS

The City has a tax anticipation note for operating purposes of \$750,000 at a local financial institution. The borrowing, with an interest rate of 2.10%, matures on December 31, 2014. As of June 30, 2014, \$750,000 of principal was outstanding.

Total short-term borrowings interest incurred and expensed for the year ended June 30, 2014, was \$16,266.

The following is a summary of the City's short-term borrowings for the year ended June 30, 2014:

	Beginning Balance	Additions	Reductions	Ending Balance
Tax anticipation note	\$ 750,000	\$ 750,000	\$ (750,000)	\$ 750,000

NOTE 8. LONG-TERM DEBT

Notes Payable

In July 2011, the City entered into an agreement through a financial institution to borrow \$147,846 for the purchase of two police vehicles and one public works vehicle. Annual payments of \$39,831, including interest at a rate of 3.06% began in July 2012 and will continue through July 2015. The outstanding balance at June 30, 2014 is \$76,149.

The total debt service requirements to maturity for the City's outstanding note is as follows:

	Principal	Interest	Total
Fiscal year ending June 30,			
2015	\$ 37,501	\$ 2,330	\$ 39,831
2016	38,648	1,183	39,831
	\$ 76,149	\$ 3,513	\$ 79,662

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM DEBT (CONTINUED)

Capital Lease Payable – Vehicles

The City has entered into a lease-purchase agreement to finance the acquisition of public safety vehicles. The lease is for a period of three years, at an interest rate of 3.20% annually, due April 2017. As of June 30, 2014, the City had \$53,150 of vehicles, with associated accumulated depreciation of \$1,538, financed under the capital lease.

Capital Lease Payable – Equipment

The City has entered into a lease-purchase agreement to finance the acquisition of public safety equipment. The lease is for a period of five years, at an interest rate of 3.56% annually, due April 2019. As of June 30, 2014, the City had \$57,174 of equipment, with associated accumulated depreciation of \$1,594, financed under the capital lease.

As of June 30, 2014 the future lease payments for the capital leases are as follows:

Year Ending June 30,		
2015	\$	31,082
2016		31,082
2017		31,082
2018		12,202
2019		11,326
Total minimum lease payments		<u>116,774</u>
Less amount representing interest		9,450
Present value of future minimum lease payments	\$	<u><u>107,324</u></u>

The remainder of this page is intentionally left blank.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM DEBT (CONTINUED)

Changes in Long-Term Liabilities

The following is a summary of long-term debt activity of the City for the year ended June 30, 2014:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Notes payable	\$ 112,537	\$ -	\$ (36,388)	\$ 76,149	\$ 37,501
Capital lease	-	107,324	-	107,324	27,422
Compensated absences	38,180	33,950	(38,613)	33,517	33,517
Governmental activity Long-term liabilities	<u>\$ 150,717</u>	<u>\$ 141,274</u>	<u>\$ (75,001)</u>	<u>\$ 216,990</u>	<u>\$ 98,440</u>

For governmental activities, compensated absences are generally liquidated by the general fund.

NOTE 9. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2014 is as follows:

<u>Receivable Entity</u>	<u>Payable Entity</u>	<u>Amount</u>
Nonmajor governmental funds	General Fund	\$ 8,017

All interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONTINUED)

Interfund transfers:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General Fund	Nonmajor governmental funds	\$ 26,765

Transfers are used to (1) move unrestricted revenues from the Hotel Motel Fund to the General Fund.

NOTE 10. COMMITMENTS AND CONTINGENT LIABILITIES

The government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of management and legal counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

NOTE 11. DEFINED CONTRIBUTION RETIREMENT PLAN

The City of Chattahoochee Hills' Profit Sharing Plan is a single employer defined contribution plan established and administered by ICMA-RC for all City employees. At June 30, 2014, there were 57 plan members. The City matches 100% for each dollar of employee contributions up to 3.75% of the employee's salary. Employees are required to contribute 3.75% of their compensation to the Plan. Employees are eligible and fully vested immediately upon entering the Plan. Plan provisions and contribution requirements are established and may be amended by the City's Council. For the fiscal year ending June 30, 2014, contributions to the Plan were \$40,174 by the employees and \$40,174 by the City.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities around the Metropolitan Atlanta Georgia area, is a member of the Atlanta Regional Commission (ARC) and is required to pay annual dues thereto, which Fulton County has paid on behalf of the City of Chattahoochee Hills. Membership in ARC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organization structure of ARC. ARC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the ARC. Separate financial statements may be obtained from ARC, 40 Courtland Street NE, Atlanta, Georgia 30303.

NOTE 13. HOTEL/MOTEL LODGING TAX

The City has levied a 7% lodging tax. The Official Code of Georgia Annotated 48-13-50 requires that all lodging taxes levied of 5% or more be expended or obligated contractually for the promotion of tourism, conventions, or trade shows. During the year ended June 30, 2014, the City received \$93,716 in hotel/motel taxes. Of this amount, \$66,951, or 71.4%, was used for the promotion of tourism, conventions, or trade shows.

NOTE 14. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial insurance for these risks of losses. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage in the past three years.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted or committed to expenditures for particular purposes.

Emergency 911 - to account for the monthly 911 charge to help fund the cost of providing emergency 911 services. The E911 charges are restricted in purpose by state law.

Hotel/Motel Tax - to account for the collection of hotel/motel taxes within the City which are restricted for the promotion of tourism.
