Independent Auditor's Report

Honorable Mayor and
Members of the City Council
City of Tallapoosa, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Tallapoosa, Georgia, as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the City of Tallapoosa, Georgia's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Tallapoosa, Georgia, as of August 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison of the General Fund and the Urban Development Action Grant Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information on pages 4 through 11 and 63 through 69 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Tallapoosa, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, the schedule of projects financed with special purpose local option sales tax, and the schedule of projects financed with transportation special purpose local option sales tax are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules, the schedule of projects financed with special purpose local option sales tax, and the schedule of projects financed with transportation special purpose local option sales tax are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, the schedule of projects financed with special purpose local option sales tax, and the schedule of projects financed with transportation special purpose local option sales tax are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States, the City of Tallapoosa, Georgia's basic financial statements for the year ended August 31, 2019, which are not presented with the accompanying financial statements. In our report dated February 14, 2020, we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Tallapoosa's basic financial statements as a whole.

The combining and individual nonmajor fund financial statements and schedules related to the 2019 financial statements are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the 2019 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2019 combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 19, 2021 on our consideration of the City of Tallapoosa, Georgia's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Tallapoosa, Georgia's internal control over financial reporting and compliance.

CITY OF TALLAPOOSA, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
August 31, 2020

Our discussion and analysis of the City of Tallapoosa's financial performance provides an overview of the City's financial activities for the year ended August 31, 2020. Please read it in conjunction with the City's financial statements, which begin on page 12.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the City's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The City also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The City's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the *Statement of Net Position*. This is the City-wide statement of position presenting information that includes all of the City's assets and liabilities with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating. Evaluation of the overall health of the City would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of City infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities* which reports how the City's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

Both government-wide financial statements distinguish governmental activities of the City that are principally supported by taxes and user charges from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, public works, health and welfare, culture and recreation and housing and development. Business-type activities include the water and sewer system, gas system, sanitation services and operation of the municipal golf course.

CITY OF TALLAPOOSA, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
August 31, 2020

The City's financial reporting includes the funds of the City (primary government) and, additionally, organizations for which the City is accountable (component units). These component units operate independently or provide services directly to the citizens, though the City remains accountable for their activities. These component units are governed by a board of directors that the City Council has appointed. These organizations are reported separately from the primary government though included in the City's overall reporting entity.

The government-wide financial statements are presented on pages 12 to 14 of this report.

Fund Financial Statements

A fund is an accountable unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The City has two kinds of funds:

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the City's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 15 to 20 of this report.

Proprietary funds are reported in the fund financial statements the same way the business-type activities are reported in the Statement of Net Position and the Statement of Activities. The basic proprietary fund financial statements are presented on pages 21 to 25 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS
August 31, 2020

Notes to the Financial Statements

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements are on pages 28 to 62 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City's defined benefit pension plan. The required supplementary information can be found on pages 63 to 69 of this report.

Other Information

Major funds and component units are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report.

Financial Analysis of the City as a Whole

The City's net position at year-end is \$19,815,320. This is a \$1,416,227 increase from last year's net position of \$18,399,093.

CITY OF TALLAPOOSA, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
August 31, 2020

Financial Analysis of the City's Funds

Governmental funds

As discussed, governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$5,074,901. The total ending fund balances of governmental funds show an increase of \$778,704 over the prior year balance of \$4,296,197.

Major Governmental Funds

The General Fund is the City's primary operating fund. The fund balance of the General Fund increased from \$2,624,940 to \$3,114,563. The increase was larger than the increase in the prior year. The General Fund showed an increase in revenues (predominantly in taxes and intergovernmental), and there was a decrease in expenditures. There was also a decrease in transfers from other funds in the current fiscal year. The fund balance of the Urban Development Action Grant Fund increased from \$679,702 to \$681,675. The fund balance of the 2010 SPLOST Fund increased from \$117,635 to \$117,659. The fund balance of the 2015 SPLOST Fund increased from \$489,719 to \$639,732 due to SPLOST revenues exceeding current year expenditures and transfers out.

Proprietary funds

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status.

Major Proprietary Funds

The water and gas systems provide services to both residential and commercial customers. The City also operates a golf course for public use.

General Fund Budgetary Highlights

The budget was approved by the Council with expenditures totaling \$2,650,090. Amendments were made to the budget during the year to decrease total budgeted expenditures to \$2,367,316. For the current fiscal year, revenues were over amended budget projections by \$260,001 and expenditures were under amended budgets by \$24,534.

CITY OF TALLAPOOSA, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS
August 31, 2020

Capital Asset and Debt Administration

Capital Assets

At the end of fiscal year 2020, the City had \$17,771,842 invested in a broad range of capital assets including buildings, police and fire equipment, recreation facilities, and water, sewer and gas infrastructure. Please refer to our analysis below for a breakdown of the City's capital assets and to Note 8 in the notes to the financial statements for more information.

The following table provides a summary of Capital Assets.

	Governmental Activities		Business-Type Activities		Totals

CITY OF TALLAPOOSA, GEORGIA
RECONCILIATION OF THE BALANCE SHEET OF
THE GOVERNMENTAL FUNDS TO THE
STATEMENT OF NET POSITION
August 31, 2020

Total fund balance - total governmental funds **\$ 5,074,901**

Amounts reported for governmental activities in the statement of net position are different because:

Some assets are not financial resources and, therefore, are not reported in the funds.

These are:

Capital assets	\$ 6,933,584	
Accumulated depreciation	<u>(3,839,685)</u>	3,093,899

Long-term assets (receivables) are not available to pay current period expenditures and, therefore, are reported as unavailable revenue in the funds. These are unavailable property taxes.	22,025
---	--------

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.

These are:

Deferred outflows of resources - pension	\$ 68,734	
Deferred inflows of resources - pension	<u>(94,426)</u>	(25,692)

Long-term liabilities are not due and payable in the current period and are not reported in the funds.

These are:

Compensated absences	\$ (46,276)	
Net pension liability	<u>(98,093)</u>	<u>(144,369)</u>

Net position of the governmental activities	<u><u>\$ 8,020,764</u></u>

CITY OF TALLAPOOSA, GEORGIA
RECONCILIATION OF THE STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF THE GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the fiscal year ended August 31, 2020

Net change in fund balances - total governmental funds **\$ 778,704**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlays	\$ 396,022	
Depreciation	<u>(208,206)</u>	187,816

In the statement of activities, the gain/loss on the disposal of assets is reported, whereas in the governmental funds, the proceeds from the sale of capital assets increases financial resources.

Cost of assets sold	\$ 152,789	
Related accumulated depreciation	<u>(152,789)</u>	0

Contributions of capital assets from others increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.

Cost of assets contributed	12,600
----------------------------	--------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. These include recognition of unavailable revenues.	11,871
---	--------

Governmental funds report pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.

Pension contributions	\$ 54,181	
Cost of benefits earned net of employee contributions	<u>9,000</u>	63,181

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in the governmental funds. These include the net change in compensated absences.

	<u>(9,787)</u>
Change in net position of governmental activities	<u><u>\$ 1,044,385</u></u>

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

1. Description of Government Unit

The City of Tallapoosa, Georgia (the City) is located in Haralson County about 50 miles west of Atlanta. The City provides a full range of governmental services, including public safety, highways and streets, recreational and cultural programs, and general administrative services, as well as water and sewer, natural gas, and sanitation services provided through enterprise funds. The City is governed by an elected Mayor-Council form of government.

2. Summary of Significant Accounting Policies

A. Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

B. Reporting Entity

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the City of Tallapoosa, Georgia (the primary government) and material component units. The component units discussed below are included in the City's reporting entity because of the significance of their operational and financial relationship with the City. In conformity with generally accepted accounting principles, as set forth in Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, as amended by Statement No. 61, the financial statements of the following component units have been included as either blended or discretely presented component units.

Discretely Presented Component Units – Discretely presented component units are reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

B. Reporting Entity, continued

Tallapoosa Development Authority

The Tallapoosa Development Authority was established as a legally separate entity, which operates pursuant to the Official Code of Georgia Annotated. The City Council appoints all board members. The Development Authority was created to promote and expand industry, welfare and trade for the public good and welfare of the City of Tallapoosa.

The Tallapoosa Development Authority is reported in a separate column to emphasize that it is legally separate from the City. The Tallapoosa Development Authority has a August 31st year-end. Individual financial statements may be obtained by contacting the Tallapoosa Development Authority, 25 E. Alabama Street, Tallapoosa, GA 30176.

Tallapoosa Downtown Development Authority

The Tallapoosa Downtown Development Authority was established as a legally separate entity, which operates pursuant to the Official Code of Georgia Annotated. The City Council appoints all board members. The Downtown Development Authority was created to promote and expand industry, welfare and trade for the public good and welfare of the City of Tallapoosa.

The Tallapoosa Downtown Development Authority is reported in a separate column to emphasize that it is legally separate from the City. The Tallapoosa Downtown Development Authority has a August 31st year-end. Individual financial statements may be obtained by contacting the Tallapoosa Downtown Development Authority, 25 E. Alabama Street, Tallapoosa, GA 30176.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

B. Reporting Entity, continued

Tallapoosa Recreational Authority

The Tallapoosa Recreational Authority was established as a legally separate entity. The City Council appoints all board members. The Recreational Authority was created to assist the City in providing quality recreation programs for the citizens.

The Tallapoosa Recreational Authority is reported in a separate column to emphasize that it is legally separate from the City. The Tallapoosa Recreational Authority has a August 31th year-end. Individual financial statements may be obtained by contacting the Tallapoosa Recreational Authority, 25 E. Alabama Street, Tallapoosa, GA 30176.

C. Basis of Presentation – Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the government has three discretely presented component units, which are combined in one column in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Water and Sewer, Gas and Sanitation Enterprise Funds and the other functions of the government. Elimination of these charges would distort the direct costs of program revenues reported for the various functions concerned.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

General Fund - The general operating fund of the City is used to account for all financial resources except those required to be accounted for and reported in another fund.

Urban Development Action Grant Fund (UDAG) – Accounts for revenues and expenditures of promoting urban economic development.

2010 SPLOST Fund – Accounts for long-term projects financed by the passage of the Haralson County, Georgia 2010 special purpose local option sales tax.

2015 SPLOST Fund – Accounts for long-term projects financed by the passage of the Haralson County, Georgia 2015 special purpose local option sales tax.

The City reports the following major proprietary funds:

Water and Sewer Enterprise Fund - Accounts for activities in providing water and sewer services to the public.

Gas Enterprise Fund - Accounts for activities in providing gas utilities to the public.

Golf Enterprise Fund - Accounts for activities in operating the Municipal Golf Course.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation – Fund Financial Statements, continued

Additionally, the City reports the following fund types:

Governmental Fund Types

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources that are legally or donor restricted to expenditures for specific purposes.

Capital Projects Funds - These funds are used to account for financial resources to be used for the acquisition or construction of capital facilities (other than those financed by the proprietary funds).

Proprietary Fund Types

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The funds are self-supporting in nature where the costs, including depreciation, of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges.

Interfund Activity

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due to/from other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation – Fund Financial Statements, continued

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

E. Measurement Focus and Basis of Accounting, continued

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end).

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

F. Revenues and Expenditures/Expenses

Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Certain indirect costs have been included as part of program expenses reported for the various functional activities.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer, Gas, Sanitation and Golf Funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal services funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

G. Budgets and Budgetary Accounting

The City Council adopts an operating budget for all governmental fund types, except for the Capital Projects Funds, for the upcoming fiscal year, prior to September 1. Capital budgets are adopted for Capital Projects Funds. The budgets are prepared based on requests made by various department heads. The adopted budgets include proposed expenditures and the means of financing them. Prior to budgets being legally enacted through passage of an ordinance, public hearings are held to obtain taxpayer comments. The budgets are prepared on the modified accrual basis of accounting. The City does not use an encumbrance system which records commitments related to unperformed contracts for goods and services.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

H. Cash and Investments

Cash and cash equivalents, as reported in the statement of cash flows, includes amounts in demand deposits, amounts with fiscal agents and investments with an original maturity at three months or less. Investments are reported at fair value with accrued interest shown under a separate caption on the balance sheet. Reinvested interest on certain debt service and capital project investments is included in the investment accounts.

I. Intergovernmental Receivables

Receivables for state and federal grants are recorded as revenue for the period of the allocation or as earned based on expenditures made for which reimbursement is due.

J. Inventories

Inventories of the Water and Sewer Enterprise Fund and Gas Enterprise Fund are valued at cost on the first-in, first-out method.

K. Prepaid Items

Payments made to vendors for services that will benefit periods beyond the current fiscal year are recorded as prepaid items. Prepaid items in the governmental funds are accounted for using the consumption method.

L. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

L. Capital Assets, continued

GASB Statement No. 34 required the City to report and depreciate new infrastructure assets effective with the fiscal year ended August 31, 2004. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the City. Neither their historical costs nor related depreciation has historically been reported in the financial statements. The City is a Phase 3 entity and is not required to record infrastructure from years prior to implementation to the reporting model.

Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are reported at acquisition value.

Land and construction-in-progress are not depreciated. The other property, plant equipment and infrastructure of the primary government are depreciated using the straight-line method over the estimated useful lives of the respective assets ranging as follows:

	<u>Useful Life in Years</u>
Water and sewer distribution system	5 to 100
Gas distribution system	6 to 75
Buildings and improvements	10 to 40
Vehicles, machinery, and equipment	5 to 20
Infrastructure	15 to 40

The costs of normal maintenance and repairs that do not add value or materially extend the life of the asset are charged to operations as incurred. Costs of major additions and improvements are capitalized.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

M. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City reports deferred outflows of resources related to their defined benefit pension plan.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred inflows of resources for unavailable revenues, which arises only under a modified accrual basis of accounting and is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City also reports deferred inflows of resources related to their defined benefit pension plan.

N. Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

O. Fund Balance Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

P. Restricted Assets and Restricted Net Position

Restricted assets consist of cash included in the City's Water and Sewerage System which reflect restrictions for future construction of facilities, retainages, revenue bond and note payable retirement.

Restricted net position is equal to the excess of the restricted assets funded from operations over the liabilities to be paid with restricted assets which are due in one year or less. Restricted assets exclude bond proceeds for calculation of restricted net position.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

Q. Fund Balances – Governmental Funds, continued

The City of Tallapoosa implemented GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, in fiscal year 2011. In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact. All amounts reported as nonspendable by the City are nonspendable in form. The City has not reported any amounts that are legally or contractually required to be maintained intact.

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution or motion. The City Council also may modify or rescind the commitment.

Assigned – includes amounts that the City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Through resolution or motion, the City Council has authorized the City's finance committee to assign fund balances.

Unassigned – includes amounts that do not fall into one of the above four categories. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that should report positive amounts this category of fund balance.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

R. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Issuance costs are expensed as incurred. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types, bond premiums and discounts are recognized during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

S. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation benefits which will be paid to the employees upon separation from City service. Accumulated unpaid vacation pay amounts are accrued when incurred by the City in the government-wide and proprietary fund financial statements. The liability of the proprietary funds is recorded as an expense and a liability of those funds as the benefits accrue to the employees. In governmental fund types, a liability is recorded only if the benefit has matured and is expected to be liquidated with expendable available financial resources.

T. Capital Contributions

Federal, state and local government assistance in the form of grants that are permanent in nature and restricted for the construction or acquisition of specific property and equipment is recorded as an asset and as non-operating revenue.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

2. Summary of Significant Accounting Policies (continued)

U. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Georgia Municipal Employees Benefit System (GMEBS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by GMEBS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

V. Comparative Data and Reclassifications

Comparative total data of the prior period has been presented in the accompanying individual fund financial statements in order to provide an understanding of the changes in the City's financial position and operations. Certain prior fiscal year amounts have been reclassified to conform with the current fiscal year presentation.

3. Deposit and Investment Risk

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of a financial institution failure, the City's deposits may not be returned. The City investment policies require that all deposits be federally insured or fully collateralized.

Investment policies - Credit, concentration of credit, and interest rate risk

The City's financial policies authorize investment in any securities approved by the State of Georgia for local governments. Authorized investments include certificates of deposit, repurchase agreements, direct and agency obligations of the United States, obligations of the State of Georgia, pooled investment programs of the State of Georgia, and no-load mutual funds of direct obligations of the United States. The City has no investment policy that would further limit its investment choices. The City places no limits on the amount the City may invest in any one issuer of equity or debt securities. Investments are reported at fair market value.

Foreign currency risk

The City has no investments denominated in a foreign currency.

4. Accounts Receivable

Net accounts receivable at the end of the current fiscal year consist of the following:

Primary Government:

Major Funds

General Fund	\$	11,105
--------------	----	--------

Enterprise funds

Water and Sewer Fund	\$ 233,431	
Less: Allowance for Uncollectibles	(7,703)	
Gas Fund	107,106	
Less: Allowance for Uncollectibles	(3,555)	
Golf Fund	8,319	337,598

Nonmajor Enterprise Funds

Sanitation Fund	29,821	
Less: Allowance for Uncollectibles	(1,491)	28,330

Total primary government	\$	377,033
--------------------------	----	---------

5. Intergovernmental Receivables

Intergovernmental receivables at the end of the current fiscal year consist of the following:

Primary Government:

Major Funds

General Fund	\$	116,709
--------------	----	---------

2015 SPLOST Capital Projects Fund		134,155
-----------------------------------	--	---------

Enterprise Funds

Water and Sewer Fund	\$ 12,484	
Golf Fund	722,300	734,784

Total primary government	\$	985,648
--------------------------	----	---------

Component Units:

Tallapoosa Development Authority	\$	17,804
----------------------------------	----	--------

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

6. Property Taxes

Property tax rates are set by the City Council each year and are limited by statutory or constitutional provision. Property values are assessed as of January 1st each year. Property taxes for digest year 2019, based upon the assessments of January 1, 2019, were levied on September 13, 2019, billed on October 21, 2019, and due on December 31, 2019.

7. Interfund Receivables, Payables, and Transfers

A summary of interfund receivables and payables at the end of the current fiscal year is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	2010 SPLOST	\$ 1,200
	2015 SPLOST	2,400
	UDAG	92,805
	Nonmajor Governmental	1,063
Water and Sewer	2015 SPLOST	492,211
		<u>\$ 589,679</u>

Interfund balances at the end of the current fiscal year consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. Included above is an amount of \$92,805 due from UDAG to the General Fund that is not expected to be repaid within one year. Other interfund balances are expected to be repaid within one year.

Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

7. Interfund Receivables, Payables, and Transfers (continued)

A summary of interfund transfers for the current fiscal year is as follows:

<u>Transfer Out Fund</u>	<u>Transfer In Fund</u>	<u>Amount</u>
General	Golf	\$ 299,192
	Nonmajor Governmental	73,451
2015 SPLOST	Water and Sewer	220,742
Nonmajor Governmental	General	12,044
Water and Sewer	General	145,682
Gas	General	60,595
Nonmajor Enterprise	General	<u>39,677</u>
		<u><u>\$ 851,383</u></u>

Interfund transfers were used to transfer unrestricted revenues from payor funds to subsidize operations in payee funds in accordance with budgetary authorizations, to transfer City matching funds in accordance with grant agreements, to transfer funds to Capital Projects Funds for capital projects in accordance with budgetary authorizations, and to move capital assets between governmental activities and business-type activities. The transfers from the Water and Sewer, Gas and Sanitation Funds to the General Fund are in accordance with City policy, and are common practice for government-owned utility systems. Transfers are eliminated in the government-wide financial statements if the interfund transfer is within the governmental fund group or business-type fund group.

Nondepreciable assets				
Land	<u>\$ 10,504</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 10,504</u>

Depreciation expense was charged to functions/programs as follows:

Primary Government

Governmental activities

General Government	\$ 43,619
Public Safety	48,615
Public Works	68,809
Culture and Recreation	<u>47,163</u>
Total depreciation expense for governmental activities	<u>\$ 208,206</u>

Business-type activities

Water and Sewer	\$ 260,017
Gas	36,902
Golf	<u>37,850</u>
Total depreciation expense for business-type activities	<u>\$ 334,769</u>

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

9. Capital Lease Agreements

The City has entered into agreements for the lease of certain equipment. The terms of the agreements meet the criteria of capital leases as defined by Statement of Financial Accounting Standards No. 13, which defines a capital lease generally as one which transfers benefits and risk of ownership to the lessee. The balance of the leases at the end of the current fiscal year is \$146,718 for the business-type activities.

Total assets leased under the capital leases totaled \$118,118 for the business-type activities. Total accumulated depreciation on assets leased under the capital lease is \$14,063 for business-type activities. The assets are included in vehicles, machinery and equipment.

Amortization of leased equipment under capital leases is included with depreciation expense and totaled \$33,626 for the current fiscal year.

The following is a schedule of the future minimum lease payments together with the present value of the net minimum lease payments as of the end of the current fiscal year:

Fiscal Year Ending	Business-type
August 31,	Activities
2021	\$ 43,048
2022	42,579
2023	37,937
2024	32,329
Total minimum lease payments	155,893
Less amounts representing interest	(9,175)
Present value of minimum lease payments	<u>\$ 146,718</u>

The City's lease agreements, other than such agreements described above, are relatively minor commitments (generally for office machines) and are in compliance with state law.

10. Long-Term Liabilities

Notes from Direct Borrowings

Georgia Environmental Facilities Authority Note Payable - Water and Sewer Fund – DW10-

029: The original amount of the loan is \$287,250 with a 3% interest rate.

Georgia Environmental Facilities Authority Notes Payable – Water and Sewer Fund – 2000-

L58-WJ: The original amount of the loan was \$581,790 with a 3.4% interest rate.

Georgia Environmental Facilities Authority Notes Payable – Water and Sewer Fund – 2005-

L30-WJ: The original amount of the loan was \$1,740,632 with a 4.2% interest rate.

Georgia Environmental Facilities Authority Notes Payable – Water and Sewer Fund – 2005-

L30-WJA: The original amount of the loan was \$204,642 with a 4.2% interest rate.

Georgia Environmental Facilities Authority Notes Payable – Water and Sewer Fund –

DW14-009: The original amount of the loan was \$988,452 with a 1.4% interest rate.

Georgia Environmental Facilities Authority Note Payable – Water and Sewer Fund –

CWSRF-13-011: The modified amount of the loan is \$3,545,000 of which \$3,253,146 has been drawn down to date. The construction rate and permanent rate is 1.4%. Repayment is expected to begin May 1, 2021 and the maturity schedule below includes this note.

In response to the COVID-19 pandemic, the Georgia Environmental Finance Authority (GEFA) has allowed the City to modify all GEFA notes payable. The modification allows the City to defer all principal and interest payments for six months beginning July 1, 2020 through December 31, 2020 with payments resuming January 1, 2021. The unpaid principal balances of the notes shall not bear any interest during the period commencing on June 1, 2020 and ending on November 30, 2020. The maturity schedule below includes these modifications.

11. Conduit Debt

Tallapoosa Development Authority

In November 2014, the Tallapoosa Development Authority adopted a bond resolution authorizing the issuance of \$245,000,000 of taxable revenue bonds, Series 2014. The project is referred to as Honda Precision Parts of Georgia, LLC Project and is to finance the acquisition, construction, equipping and installation of a manufacturing facility which is to be leased to the Company. The Company's rental payments under the lease shall be an amount sufficient to permit the payment of principal and interest on the bonds. At the end of the lease period the Company will have the obligation to purchase the leased property for a nominal amount. The bonds will constitute only limited obligations of the Authority and will be payable solely from the revenues assigned and pledged to the payment thereof and will not constitute a debt or general obligation; therefore, debts are not reflected on the Authority's financial statements.

In November 2018, the Tallapoosa Development Authority adopted a bond resolution authorizing the issuance of \$55,000,000 of taxable revenue bonds, Series 2018. The project is referred to as Honda Precision Parts of Georgia, LLC Project and is to finance the acquisition, construction, equipping and installation of a manufacturing facility which is to be leased to the Company. The Company's rental payments under the lease shall be an amount sufficient to permit the payment of principal and interest on the bonds. At the end of the lease period the Company will have the obligation to purchase the leased property for a nominal amount. The bonds will constitute only limited obligations of the Authority and will be payable solely from the revenues assigned and pledged to the payment thereof and will not constitute a debt or general obligation; therefore, debts are not reflected on the Authority's financial statements.

In November 2019, the Tallapoosa Development Authority adopted a bond resolution authorizing the issuance of \$77,100,835 of taxable revenue bonds, Series 2019A and \$160,000,000 of taxable revenue bonds, Series 2019B. The projects are referred to as Honda Precision Parts of Georgia, LLC Projects. The Series 2019A bonds are issued to refinance the portions of the Series 2014 Bond and the Series 2018 Bond allocable to the leased land and buildings and to finance certain improvements to the buildings. The Series 2019B bonds are issued to finance equipment. The Company's rental payments under the lease shall be an amount sufficient to permit the payment of principal and interest on the bonds. At the end of the lease period the Company will have the obligation to purchase the leased property for a nominal amount. The bonds will constitute only limited obligations of the Authority and will be payable solely from the revenues

Net investment in capital assets	<u>\$ 3,071,903</u>	<u>\$ 8,924,504</u>

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

14. Pension Plan

Plan Description. The City is a participating member of the Georgia Municipal Employees Benefit System, a state-wide agent, multiple-employer retirement system, administered by the Georgia Municipal Association. This is a defined benefit pension plan, which provides retirement, disability and death benefits to plan members and beneficiaries. The Commission has established provisions, which assign the authority to the City council members to establish and amend the benefit provisions of the plan.

Control over the operation and administration of the plan is vested with GMEBS along with custody of the plan assets. The plan provides that the City has no liability with respect to payments or benefits or otherwise under the plan except to pay over to GMEBS such actuarially determined contributions as are required to meet minimum funding standards of the Public Retirement Systems Standards Law and provide benefits thereunder. If terminated, the plan provides that if there are funds remaining after the satisfaction of all liabilities, such funds shall not revert to the City but shall be allocated to employees. All employees are eligible for immediate participation. Officials are not covered under the plan.

There are no loans to any of the City officials or other "party-in-interest," and there are no prohibited transactions. The plan assets do not include any securities or investments in the City of Tallapoosa. The funds are managed by independent money managers.

The annual report and more detailed information regarding the plan can be obtained from the Plan Administrator, the Georgia Municipal Employees Benefit System.

At January 1, 2020, the date of the most recent actuarial valuation, there were 73 participants consisting of the following:

Retirees and beneficiaries currently receiving benefits	24
Terminated vested participants entitled to but not yet receiving benefits	16
Active participants	33
Total number of participants	<u>73</u>

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

14. Pension Plan (continued)

Benefits Provided. The plan provides retirement, disability and death benefits. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 65. Members are eligible for early retirement at age 55 after 10 years of service. The benefit formula is 1.25% - 2.00% with a ten year vesting schedule.

Contributions. Employees make no contributions to the plan. The City is required to contribute the remaining amounts necessary to fund the plan in compliance with the minimum funding standards of the Public Retirement Systems Standards Law. This funding policy, as specified by ordinance, has been the same since the inception of the plan. The City's actuarially determined contribution rate for the current fiscal year was \$98,497, or 6.54% of covered payroll.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions. At the end of the current fiscal year, the City reported a net pension liability of \$174,092. The net pension liability was measured as of September 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2020. For the current fiscal year, the City recognized pension expense of (\$24,154). For the governmental activities, the net pension liability is liquidated by the General Fund.

At the end of the current fiscal year, the City reported deferred outflows of resources and deferred inflows of resources related to the plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 8,538	\$ (39,783)
Changes of assumptions	20,403	(60,402)
Net difference between projected and actual earnings on pension plan investments	0	(32,639)
City contributions subsequent to the measurement date	90,291	0
Totals	<u>\$ 119,232</u>	<u>\$ (132,824)</u>

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

14. Pension Plan (continued)

The \$90,291 of deferred outflows of resources resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net position liability in the subsequent fiscal year. Other amounts reported as deferred outflows and deferred inflows of resources will be recognized in pension expense as follows:

Fiscal Year Ending August 31	
2021	\$ (86,389)
2022	(81,010)
2023	21,033
2024	<u>42,483</u>
Totals	<u><u>\$ (103,883)</u></u>

Actuarial Assumptions. The total pension liability in the January 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Projected salary increases	2.25% plus service based merit increases
Cost of living adjustments	2.00%
Net investment rate of return	7.375%

Healthy mortality rates were based on the sex-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25. Disabled mortality rates were based on the sex-distinct Pri-2012 head-count weighted Disabled Retiree Mortality Table with rates multiplied by 1.25. Active participant mortality rates were based on the sex-distinct Pri-2012 head-count weighted Employee Mortality Table.

The mortality and economic actuarial assumptions used in the January 1, 2020 valuation were based on the results of an actuarial experience study for the period of January 1, 2015 through June 30, 2019.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

14. Pension Plan (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The difference between the resulting rate and the rate on the ongoing basis is a margin for adverse deviation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of March 31, 2019 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	45%	6.41%
International equity	20%	6.96%
Real estate	10%	4.76%
Global fixed income	5%	3.06%
Domestic fixed income	20%	1.96%
Cash	0%	
Total	100%	

Discount Rate. The discount rate used to measure the total pension liability was 7.375 percent. The projection of cash flows used to determine the discount rate assumed that contributions from employer will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Balances at September 30, 2019	\$ 4,884,645	\$ 4,710,553	\$ 174,092

Plan fiduciary net position as a percentage of the total pension liability	96.44%
Covered payroll	\$ 1,438,720
Net pension liability as a percentage of covered payroll	12.10%

Sensitivity of the Net Pension Asset/Liability to Changes in the Discount Rate. The following presents what the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.375 percent) or one percentage-point higher (8.375 percent) than the current rate:

	Discount Rate	Net Pension Liability (Asset)
1% decrease	6.375%	\$ 708,906
Current discount rate	7.375%	174,092
1% increase	8.375%	(279,165)

Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued Georgia Municipal Employees Benefit System financial report.

Other Plans. In addition to the plan above, various City employees are also covered under the Peace Officers' Annuity and Benefit Fund of Georgia. Further information regarding this plan can be obtained from the plan's annual report. This plan is immaterial to the financial statements.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

15. Hotel/Motel Lodging Tax

The City has levied a 5% lodging tax, in accordance with Official Code of Georgia Annotated (OCGA) Section 48-13-51(3.7). A summary of the transactions for the current fiscal year follows:

Lodging tax receipts	\$ 19,971	
Disbursements and transfers	\$ 7,927	40% of tax receipts

16. Tax Abatements

The City of Tallapoosa is subject to tax incentives granted by various authorities in the City. These incentives are negotiated on an individual basis as a reduction of property taxes based on the percentage negotiated and have the stated purpose of increasing business activity and employment in the City by allowing localities to abate property taxes for a variety of economic development purposes, including business relocation, retention, and expansion. The incentives may be granted to any business located within or promising to relocate to a local government's geographic area and have various requirements regarding job creation and capital investments. Each of the incentive agreements contains a recapture provision that requires repayment of a portion of the abatement for that year if the business fails to meet its jobs and/or investment goals. The City has not made any commitments as part of the agreements other than to reduce taxes.

For the current fiscal year, City of Tallapoosa property taxes were abated totaling \$305,401 under this program through authorities as follows: \$267,091 through the Tallapoosa Development Authority and \$38,310 under this program through the Haralson County Development Authority.

17. Joint Ventures

Under Georgia law, the City, in conjunction with other cities and counties in the area, is a member of the Northwest Georgia Regional Commission and is required to pay annual dues thereto. During the current fiscal year, the city paid \$3,185 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official in each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

17. Joint Ventures (continued)

A copy of the NWGRC financial statements can be obtained from the Northwest Georgia Regional Commission, 1 Jackson Hill Drive, Rome, Georgia 30162.

18. Related Organizations

The City of Tallapoosa Housing Authority is considered a related organization to the City of Tallapoosa. The City appoints members to the Authority, but does not have the ability to impose its will or create a financial benefit or burden for the Authority. The Authority provides low-income housing for the individuals in the City of Tallapoosa. The City collects revenue in lieu of taxes for City services provided to Housing Authority residents. The City received \$14,054 for the current fiscal year.

19. Risk Management

The City is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. The City joined the Georgia Interlocal Risk Management Agency on December 31, 1988. This membership allows the City to share liability, crime, motor vehicle and property damage risks.

Chapter 85 of Title 36 of the Official Code of Georgia Annotated authorizes Georgia municipalities to form interlocal risk management agencies. The Georgia Interlocal Risk Management Agency (GIRMA) is a municipal interlocal risk management agency to function as an unincorporated nonprofit instrumentality of its member municipalities – GIRMA establishes and administers one or more group self insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of municipal government. GIRMA is to defend and protect in accordance with the member government contract and related coverage descriptions any member of GIRMA against liability or loss.

The City of Tallapoosa participates at all times in at least one fund which is established by GIRMA. Other responsibilities of the City are as follows:

To pay all contributions, assessments, or other sums due to GIRMA at such times and in such amounts as shall be established by GIRMA.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

19. Risk Management (continued)

To select a person to serve as a Member representative.

To allow GIRMA and its agents reasonable access to all facilities of the City and all records, including but not limited to financial records, which relate to the purposes of GIRMA.

To allow attorneys appointed by GIRMA to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the Fund or Funds established by GIRMA.

To assist and cooperate in the defense and settlement of claims against the City.

To furnish full cooperation to GIRMA's attorneys, claims adjusters, Service Company, and any agent, employee, officer or independent contractor of GIRMA relating to the purposes of GIRMA.

To follow all loss reduction and prevention procedures established by GIRMA.

To furnish to GIRMA such budget, operating and underwriting information as may be requested.

To report as promptly as possible, and in accordance with any Coverage Descriptions issued, all incidents which could result in GIRMA or any Fund established by GIRMA being required to pay claim for loss or injuries to municipal property or injuries to persons or property when such loss or injury is within the scope of the protection of a Fund or Funds in which the City participates.

The City of Tallapoosa retains the first \$1,000 of each risk of loss in the form of deductible. The City files all claims with GIRMA. GIRMA bills the City for any risk of loss up to the \$1,000 deductible.

The City has joined together with other municipalities in the state as part of the Georgia Municipal Association Group Self-Insurance Workers Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments. The pool is administered by the Georgia Municipal Association (GMA).

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

19. Risk Management (continued)

As part of this risk pool, the City is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Settled claims in the last three years have not exceeded insurance coverage.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the City, its performance, and its financial results.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE FINANCIAL STATEMENTS
August 31, 2020

20. Commitments and Contingencies

Commitments

The City has active construction projects at the end of the current fiscal year. At fiscal year end, the City's commitments with contractors are as follows:

Project	Amount	
	Expended to Date	Remaining Commitment
Wastewater Rehabilitation Project	<u>\$ 392,059</u>	<u>\$ 55,676</u>

Contingencies

The City is a defendant in a lawsuit, which Management intends to contest vigorously. The City's legal counsel has stated that any recovery is expected to be covered by insurance.

The City of Tallapoosa participates in a number of Revenue Sharing Grants. Expenditures financed by Revenue Sharing Grants are subject to a compliance audit by the grantor or its representative. If expenditures are disallowed due to noncompliance with program regulations, the City may be required to reimburse the grantor government. The City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual funds or the overall financial position of the City.

20. Material Budget Violations

The following General Fund department's expenditures exceeded its budgeted appropriations by more than three percent:

Police	\$ 48,878
Fire	\$ 30,395
Recreation	\$ 9,072
Library	\$ 4,458

The following Special Revenue Fund had expenditures in excess of appropriates by more than three percent:

Drug Forfeiture	\$ 3,240
-----------------	----------

In the future, actual expenditures will be compared to budgeted expenditures and budget amendments will be made when appropriate.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
August 31, 2020

1. Valuation Date

The actuarially determined contribution rate was determined as of January 1, 2020, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending August 31, 2021.

2. Methods and Assumptions Used to Determine Contribution Rates

Actuarial cost method = Projected unit credit

Amortization method = Closed level dollar for remaining unfunded liability

Remaining amortization period = N/A

Asset valuation method = Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.

Net investment rate of return = 7.375%

Projected salary increases = 2.25% plus service-based merit increases

Cost of living adjustments = 2.00%

Retirement age for inactive vested participants = 65

Mortality = Healthy mortality rates were based on the sex-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25. Disabled mortality rates were based on the sex-distinct Pri-2012 head-count weighted Disabled Retiree Mortality Table with rates multiplied by 1.25. Active participant mortality rates were based on the sex-distinct Pri-2012 head-count weighted Employee Mortality Table.

3. Changes in Benefits

There were no changes in benefit provisions in the last two fiscal years.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
August 31, 2020

4. Changes of Assumptions

Amounts reported for the fiscal year ending in 2020 and later reflect the following assumption changes based on an actuarial study conducted in November and December of 2019:

- The mortality table for healthy retirees and beneficiaries was changed from the sex-distinct RP-2000 Combined Healthy Mortality Table, set forward two years in age for males and one year for females to the sex-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25.
- The mortality table for disabled participants was changed from the sex-distinct RP-2000 Disabled Retiree Mortality Table to the sex-distinct Pri-2012 head-count weighted Disabled Retiree Mortality Table with rates multiplied by 1.25.
- The mortality table for active participants, terminated vested participants, and deferred beneficiaries was changed from the sex-distinct RP-2000 Combined Healthy Mortality Table, set forward two years in age for males and one year in age for females to the sex-distinct Pri-2012 head-count weighted Employee Mortality Table.
- Future mortality improvement is based on projecting generationally from 2012 using 60% of the sex-distinct Scale SSA2019. Previously future mortality improvements were not explicitly projected.
- The prior retirement assumption was based on the Plan's normal retirement eligibility. If normal retirement eligibility was only available on or after age 65, the prior assumption was 60% at ages 65 to 69 and 100% at age 70 and older. If normal retirement eligibility was available prior to age 65, the rates were 10% at ages 55 to 59, 20% at age 60, 25% at age 61, 35% at age 62, 40% at age 63, 45% at age 64, 50% at ages 65 to 69, and 100% at ages 70 and older as long as a participant was at least eligible for early retirement.
- The new assumption relates to when a given participant is eligible for normal retirement (either regular normal retirement or alternative normal retirement). Retirement rates do not apply if a participant is not eligible for either early retirement or normal retirement. The retirement rates where normal retirement is available on or after age 65 are 5% at ages 55 to 59, 7% at ages 60 and 61, 20% at age 62, 10% at ages 63 and 64, 35% at age 65, 25% at ages 66 to 71, and 100% at ages 72 and older.

CITY OF TALLAPOOSA, GEORGIA
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
August 31, 2020

4. Changes of Assumptions, continued

- Where normal retirement is available to a given participant at age 62, 63, or 64, the new retirement rates are 3% when first eligible for early retirement through age 60, 10% at ages 61 to 64, 35% at age 65, 25% at ages 66 to 71, and 100% at ages 72 and older. In addition, in the first year a participant is eligible for normal retirement, the rate is increased by 30%.
- Where normal retirement is available at age 60 or 61, the new retirement rates are 3% when first eligible for early retirement through age 59, 10% at ages 60 to 64, 35% at age 65, 25% at ages 66 to 71 and 100% at ages 72 and older. In addition, in the first year a participant is eligible for normal retirement, the rate is increased by 20%.
- Where normal retirement is available prior to age 60, the new retirement rates are 3% when first eligible for early retirement through the year prior to normal eligibility, 10% from normal retirement eligibility through age 59, 20% at age 60, 25% at age 61, 35% at age 62, 40% at age 63, 45% at age 64, 50% at age 65, 25% at ages 66 to 71 and 100% at ages 72 and older. In addition, in the first year a participant is eligible for normal retirement, the rate is increased by 10%.
- The turnover rates were changed from the greater of age-based rates and select rates for the first five years of service followed by age-based rates thereafter to service-based rates only.
- The disability rates were changed to 50% of the rates in the prior age-based table.
- The inflation assumption was decreased from 2.75% and 2.25%.
- The salary increase assumption was changed from a service-based salary scale starting at 8.25% for the first two years of service with an ultimate rate of 3.25% at ten years of service to a service-based scale starting at 8.50% for the first two years of service with an ultimate rate of 3.00% at fifteen years of service.
- The investment return assumption was decreased from 7.50% to 7.375%.
- The cost-of-living assumption was decreased from 2.50% to 2.00%.

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally or donor restricted or committed to expenditure for particular purposes.

Museum - Used to account for specific revenue sources committed for the museum.

Tallapoosa Community Planning Committee - Used to account for activities of the Planning Committee.

Drug Forfeiture - Used to account for revenues and expenditures from drug seizure activity.

Hotel/Motel Tax - Used to account for revenues and expenditures of hotel/motel tax restricted by local ordinance for the promotion of tourism and downtown development.

Urban Development Action Grant (UDAG) - Used to account for revenues and expenditures of promoting urban economic development.

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The funds are self-supporting in nature where the costs, including depreciation, of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges.

Water and Sewer - Used to account for activities connected with the development, operation and maintenance of water and sewer services in the City of Tallapoosa.

Sanitation - Used to account for activities connected with the collection and disposal of residential, commercial, industrial and institutional solid waste in the City of Tallapoosa.

Gas - Used to account for activities connected with the development, operation and maintenance of natural gas services in the City of Tallapoosa.

Golf - Used to account for the activities connected with operating the Municipal Golf Course in the City of Tallapoosa.

**Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed In Accordance with *Government Auditing Standards***

Honorable Mayor and
Members of the City Council
City of Tallapoosa, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Tallapoosa, Georgia, as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the City of Tallapoosa, Georgia's basic financial statements and have issued our report thereon dated February 19, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Tallapoosa, Georgia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Tallapoosa, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Tallapoosa, Georgia's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described below, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency in the City's internal control to be a material weakness:

2020-001

Condition: The City does not currently have the resources to prepare the City's financial statements and related notes in accordance with generally accepted accounting principles. Though it is not unusual for governments of this size to rely on the auditor to assist with the preparation of the financial statements, the inability of the staff to prepare the complete financial statements, including the required note disclosures, without the auditor's assistance, indicates a material weakness over the year-end reporting process.

Criteria: Internal controls should be in place to ensure the City can perform timely and accurate year-end close procedures to enable reporting in accordance with Generally Accepted Accounting Principles.

2020-001, continued

Cause: City personnel do not have the necessary training in the application of generally accepted accounting principles and the preparation of financial statements.

Effect: Failure to properly design and implement internal controls over year-end close may lead to financial statements that are materially misstated and may result in delays in the City's reporting process.

Recommendation: We recommend that the City continue its efforts to provide the specialized training and experience necessary for the Finance Director to perform these duties and also continue to implement and/or strengthen controls over the year-end closeout procedures.

Management Response: Management concurs with this finding. The City has not yet had time to provide the specialized training and experience necessary for the Finance Director to perform these duties. The City will continue its efforts to provide this training and continue to implement and/or strengthen controls over the year-end closeout procedures. This action was implemented immediately upon receipt of the comment from our auditors.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the City's internal control to be a significant deficiency:

2020-002

Condition: The size of the City's accounting and administrative staff precludes certain internal controls that would be preferred if the office staff were large enough to provide optimum segregation of duties. As a result, there is not appropriate segregation of duties between recording, distribution, and reconciliation of cash accounts and other operational functions in certain departments and component units of the City.

Criteria: Segregation of duties is a key internal control whereby the authorization, custody, record keeping, and reconciling duties are separated among several persons.

Cause: There are several departments and component units of the City in which the segregation of duties could be improved.

Effect: Failure to properly segregate the duties exposes the City to a greater risk of loss due to fraud.

Recommendation: Segregation of duties should be implemented to the extent practical and accounting records should be reviewed by responsible officials on a regular basis.

Management Response: Management concurs with this finding. The size of the City's accounting and administrative staff precludes certain internal controls that would be preferred if the staff were large enough to provide optimum segregation of duties. City management will work to continually improve and implement as many procedures as possible to improve internal controls in this area. This action was taken immediately upon receipt of the comment from our auditors.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Tallapoosa, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion.

The results of our tests disclosed the following instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

2020-003

Condition: The City experienced a material excess of expenditures over appropriations in the General Fund and Drug Forfeiture Special Revenue Fund.

Criteria: OCGA Code Section 36-81-3 requires local governments to operate under an approved annual budget for the General Fund, special revenue funds, and debt service funds.

Effect: Failure to maintain expenditures within the balanced budget for the General Fund and Drug Forfeiture Special Revenue Fund as required by OCGA Code Section 36-81-3 will place the City in violation of state law.

Cause: The City did not make the necessary amendments to increase appropriations for expenditures during the year.

Recommendation: Budget to actual comparisons should be periodically reviewed by City management and budgets amended as needed to ensure that the City remains in compliance with state law. The budgets should be reviewed regularly for compliance. This will assist management with budgetary decisions throughout the fiscal year.

Management Response: We concur with this finding. City staff will review the budget to actual comparisons and recommend any necessary budget revisions to the Mayor and City Council.

City of Tallapoosa, Georgia's Responses to Findings

City of Tallapoosa, Georgia's responses to the findings identified in our audit are described above. City of Tallapoosa, Georgia's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
