MEMORANDUM

TO: Mayor and City Council
FROM: Casey Coleman, City Manager
RE: Proposed FY 2004-2005 General Fund/Water Fund/Sanitation Fund/Hotel-Motel Special Revenue Fund and Associated Fund Operating Budgets
DATE: May 21, 2004

Attached for your review and consideration is a copy of the proposed FY 2004-2005 General Fund/Water Fund/Sanitation Fund/Hotel-Motel Special Revenue Fund and associated Fund Budgets. Finance Officer Jim Triplett is primarily responsible for preparing this document and I want to thank him for his diligent work. I also want to acknowledge the responsible manner in which the Department/Administrative Directors and Superintendents prepared their respective Budget requests.

GENERAL FUND BUDGET

The proposed FY 2004-2005 General Fund Operating Budget of \$13,748,195 represents an overall decrease of \$8,585,676 or 38% under the current FY 04 Budget of \$22,333,871. This decrease is attributable to the recently passed legislation that grants fiscal independence to the Carrollton Board of Education effective July 1, 2004. Consequently, the Budget no longer includes revenues earmarked for school maintenance and operations, nor does it include a school maintenance and operation expenditure line item. Excluding the current year's school maintenance and operation appropriation of \$8,667,318, the proposed FY 2004-2005 General Fund Operating Budget reflects an increase of \$81,642 or (.60%).

GENERAL FUND REVENUES

Several revenue line items in the General Fund continue to show little or no growth due to the stagnant state of the economy. After many years of tax digest growth between 6% and 7%, the digest is growing at a current rate of between 3% and 5%. After years of solid growth and stability, the Local Option Sales Tax (LOST) continues to be stagnant after a decline last year of approximately 3%. This Budget assumes a modest growth rate in this revenue line item based on recent reports from the Department of Revenue, which indicate that state tax collections are starting to increase. Utility franchise fees continue to be stagnant due to the loss of industry, which results in decreased consumption and decreased franchise fee revenues. We anticipate improvement in this area due to the commencement of manufacturing operations

by the new Decostar facility. Also, continued growth in the residential and commercial sectors will further solidify growth in this area. Interest income, which has been maximized in prior years with careful investment, has, of course, decreased significantly as the interest rate has dropped to record lows. We are anticipating a modest improvement in this area as economic indicators point to a rising interest rate environment in the next 12 – 18 months. After a year of noticeable growth, fine and forfeiture revenue has decreased approximately 10%. We are anticipating a recovery in this revenue line item in the coming fiscal year. Insurance Premium Taxes continue to show strong growth, growing at an annual rate of between 7% and 9%. However, in the context of the overall economic climate, the FY 2004-2005 Budget includes a very conservative approach for both revenues and expenditures.

The City millage rate has not been raised since 1993. This achievement reflects the City's commitment to hold down ad valorem taxes to the maximum extent possible without jeopardizing the scope, efficiency, and effectiveness of City services.

GENERAL FUND EXPENDITURES

Over the last several years, the Mayor and City Council have made a major commitment to improving employee salaries and benefits. At the direction of the Mayor and City Council, the firm of DMG Maximus completed a comprehensive market salary survey for the City's Pay and Classification System in 2001. The survey proposed three (3) alternative revisions to the pay schedule as follows: 100% of market as determined by the survey; 95% of market as determined by the survey; and 90% of market as determined by the survey. In the 2001-2002 Budget, the Mayor and City Council approved the 90% of market alternative with plans to phase in increases to the 100% of market alternative in subsequent fiscal years. In FY 2002-2003, the Mayor and City Council funded 95% of market value. Funds were not available during FY 2003-2004 to implement the remaining 5% of the survey to the 100% level. However, a 3% across-the-board cost of living adjustment (COLA) was funded for all employees earning satisfactory annual performance ratings. Because of the passage in time between the DMG Market study and future implementation of the 100% alternative, updating the survey to reflect current market conditions is necessary. To bring the City's current pay and classification system to 100% of market level would cost \$500,000. Funds to complete this project in its entirety are not available for the upcoming fiscal year. However, this Budget includes funding for a 1.4% cost of living adjustment (COLA) at a cost of \$94,000 and performance based increases at a cost of \$239,000, resulting in a total cost of \$333,000 for salary adjustments.

The cost for employee benefits continues to be a challenge. Health insurance costs continue to increase at double-digit rates. This Budget assumes a 10% increase for group health premiums. Costs for the City's retirement plan have risen significantly. Late last year, contribution rates increased approximately 53%. This increase was due primarily to adverse investment market conditions for the City's retirement plan. These adverse market conditions decreased the plan's return on investments; thereby, increasing costs to the plan. The plan's Board of Directors voted to pass these increased costs on to member cities in the form of increased contribution rates. Consequently, these increased costs have been incorporated into the FY 2004-2005 Budget.

Property/liability insurance costs continue to be a challenge. After completing an extensive bid process, the City extended its coverage agreement with our current provider for the three (3) year period beginning May 1, 2004. Despite taking the low bid, the new premium reflects a 30% increase over the FY 2003-2004 premium. This is a result of the property/liability insurance market continuing to be in a state of turmoil since

the events of September 11, 2001. Since that time, numerous insurance companies have stopped insuring governmental entities. The result has been less competition and increased costs. Consequently, we have no choice but to incorporate these increased costs into our Budget.

Other General Fund highlights include:

- \$150,000 for the operating Budget of the Neva Lomason West Georgia Regional Library
- \$10,000 in miscellaneous discretionary transfers to other agencies (Red Cross, Carroll County Association of Retarded Citizens, etc.)
- \$39,960 for the establishment of a motorcycle patrol unit in the Police Department

The Local Transportation Fund has enabled the City to undertake a number of transportation related projects; thereby, eliminating these cost burdens from the General Fund. As resources are depleted from this fund, these costs will have to be returned to their respective line items in the General Fund.

A summary of the General Fund Revenues and Expenditures follows:

| GENERAL FUND REVENUE SUMMARY | | |
|------------------------------|-------------|-------------|

SANITATION ENTERPRISE FUND

The financial activities of the City's sanitation function are accounted for in an enterprise fund. By definition, an enterprise fund should be self-supporting based on fees assessed for the service/product provided. The proposed \$2,912,043 Sanitation Enterprise Fund Budget includes a rate increase of 5%. This rate increase is necessary to offset the increased costs of employee benefits (group health insurance, retirement contributions), fuel/vehicle operations, and vehicle/liability insurance premiums. Also new this year to the Sanitation Enterprise Fund is the requirement by the Georgia Department of Community Affairs and the Georgia Department of Audits to perform an indirect cost allocation. The purpose of an indirect cost allocation is to recognize administrative expenditures incurred by the General Fund on behalf of other operating funds such as management, human resources, and finance, and to reimburse the General Fund for these services. The residential garbage fee is proposed to increase from \$14.00 to \$14.70 or \$.70 per month. The Budget provides a discounted senior citizen rate of \$12.25 per month to qualified households.

A complete proposed rate schedule is included as part of this transmittal.

HOTEL-MOTEL SPECIAL REVENUE FUND

The Hotel-Motel Special Revenue Fund supports the economic development/tourism efforts of the City such as Carroll County Chamber of Commerce, Carrollton Convention and Visitors Bureau, Carroll Tomorrow Program, and the Façade Grant funding for the downtown area. The FY 2004-2005 Budget for this fund is \$180,500. The 5% Hotel/Motel tax levied by the City is the sole source of funding for this fund.

WATER ENTERPRISE FUND

The proposed FY 2004-2005 Water Fund Budget of \$7,896,946 represents a 5% increase over the current FY Budget of \$7,507,864. Water and sewer rates are proposed to increase by 10%. As discussed for the Sanitation Enterprise Fund, the Water Enterprise Fund is experiencing significantly higher costs due to increases in employee benefits (group health and retirement contributions), fuel/vehicle operation, and property/liability insurance premiums. Combined with these conditions is the fact that water sales continue to decline due to Carroll County Water Authority no longer purchasing water from the City. The fund also has fixed costs to meet such as the annual debt service on outstanding revenue bonds and loans. As is the

case with the Sanitation Enterprise Fund, the Water Fund is required to perform an indirect cost allocation to recognize and reimburse the General Fund for administrative services performed on its behalf. We will need to carefully monitor water revenue in light of water sales decreases, coupled with increases in fixed operating costs. The Water Fund also supports internal construction project funding through the Renewal and Extension Account (R & E). Salary adjustments are included on the same basis as the General Fund Budget.

A summary of the Water Fund Budget Revenues and Expenditures follows:

| WATER FUND REVENUE SUMMARY | | |
|------------------------------|-------------|-------------|
| REVENUE SOURCE | % OF BUDGET | \$ AMOUNT |
| Water Sales | 49% | \$3,879,973 |
| Sewer Fees | 42% | \$3,279,973 |
| Water & Sewer Taps | 4% | \$ 350,000 |
| Interest Income | 2% | \$ 175,000 |
| Lease Reimbursement Proceeds | .38% | \$ 30,000 |
| Rental Income | .72% | \$ 57,000 |
| Other Fees | .95% | \$ 75,000 |
| Miscellaneous | .63% | \$ 50,000 |

| WATER FUND EXPENDITURE SUMMARY | | |
|--------------------------------|-------------|-------------|
| PROGRAM/SERVICE | % OF BUDGET | \$ AMOUNT |
| Wastewater Treatment | 22% | \$1,763,303 |
| Debt Service | 15% | \$1,149,066 |
| Water Treatment Plant | 18% | \$1,416,623 |
| Renewal & Extension Account | 10% | \$ 803,181 |
| Systems Upkeep | 14% | \$1,134,127 |
| General Operations | 7% | \$ 527,934 |
| Facilities Maintenance | 5% | \$ 388,146 |
| Water Support | 4% | \$ 289,405 |
| Indirect Cost Allocation | 5% | \$ 425,161 |

The FY 2004-2005 Budget will be transmitted to you on May 21, 2004. The formal hearing on the Budget is scheduled for June 7, 2004 following public notice via advertisement. Final consideration for adoption of the Budget is scheduled for June 28, 2004. Jim Triplett and I are available to review these proposals in more detail and answer any questions you may have.
