RE: Proposed FY 2005-2006 General Fund/Water Fund/Sanitation Fund/Hotel-Motel Special Revenue Fund and Associated Fund Operating Budgets

DATE: May 27, 2005

Attached for your review and consideration is a copy of the proposed FY2005-2006 Budget. Finance Officer Jim Triplett is primarily responsible for preparing this document and I want to thank him for his diligent work. I also want to acknowledge the responsible manner in which the Department/Administrative Directors and Superintendents prepared their respective budget requests.

GENERAL FUND BUDGET

The proposed FY 2005-2006 General Fund Operating Budget of \$13,817,225 represents an overall increase of \$69,030 or .50% over the FY 2004-2005 Budget of \$13,748,195.

GENERAL FUND REVENUES

Several revenue line items in the General Fund are beginning to show signs of economic recovery, while other revenue line items are showing little or no growth, or even negative growth due to the particular economic climate in certain sectors of the economy. This budget projects a 4% growth in the tax digest for the purpose of projecting property ad valorem tax revenue. After a couple of years of negative growth, the Local Option Sales Tax (LOST) appears poised for growth between 4% and 5%. Occupation Tax revenue is projected to grow at a rate of approximately 3% as new business and development comes into our City. Insurance Premium Tax Revenue is forecast to continue its strong performance with a growth rate of approximately 8%. We anticipate building and construction permits to maintain or exceed current year levels as new commercial and residential developments come into our City. Fines and Forfeitures is being reduced from \$1,100,000 to \$1,000,000 to more accurately reflect the level of revenue being produced in the City's municipal court function. Utility franchise fee revenues continue to be a "mixed-bag" for the General Fund. Franchise fee revenue for Georgia Power and Carroll EMC are forecast to increase approximately 8% which are good indicators of increased commercial/industrial activity in our City. Franchise fee revenues for BellSouth, Georgia Natural Gas, and Cable Television continue to be stagnant, or show signs of negative growth due to economic competition and government deregulation. The amount of reimbursement that the City receives from Carroll County for fire protection services will remain at the current level of \$582,180. Interest income is projected to decrease by \$55,000 due to smaller invested balances.

Considering the overall economic climate, the FY 2005-2006 General Fund Budget includes a very conservative approach in the forecasting of revenues. As previously stated, total budgeted revenues amount to \$13,817,225, an increase of \$69,030 (.50%) over the current budget.

The City millage rate has not been raised since 1993. This achievement reflects the City's commitment to hold down ad valorem taxes to the maximum extent possible without jeopardizing the scope, efficiency, and effectiveness of City services.

GENERAL FUND EXPENDITURES

The cost of employee salaries and benefits continues to be a challenge. This budget includes a 4% cost of living allowance (COLA) for City employees. Health insurance costs continue to increase at double-digit rates. This budget anticipates an increase of approximately 13% in health insurance costs for FY 2005-2006. After a combined increase of 83% in funding costs for the City's retirement plan during the past 2 years, we anticipate this cost to remain at or near current levels as the investment market continues to show improvement.

Property/liability insurance costs are beginning to level off after several years of large increases. Our premium for FY 2005-2006 is scheduled to increase by 6%, which is a dramatic improvement over the double-digit increases seen in recent years. This improvement can be attributed to an improved investment market, along with a good claims experience record by the City.

Another area that will be a challenge for this year and the foreseeable future is energy costs. As you are aware, costs for gasoline and diesel fuel have increased 50% or more since this time last year. This will have a significant effect on our budget as we incorporate these increased costs into our vehicle operations budgets. Also, the cost of energy for our building facilities (electrical, natural gas, propane gas) continue to increase at substantial rates. We have been notified by our electrical providers that rates will increase by 19% during the next year. We are conducting energy audits to make our operations as efficient as possible, however, we will still be required to allocate more of our budget this year, and in the years to come, to cover these increased costs.

Other General Fund highlights include:

>\$154,000 for the operating budget of the Neva Lomason West Georgia Regional Library

>\$32,000 for an additional staff position (planner) in the Planning and Zoning Department

The Local Transportation Fund has enabled the City to undertake a number of transportation related projects, thereby eliminating these cost burdens from the General Fund. As resources are depleted from this fund, these costs will have to be returned to their respective line items in the General Fund.

A summary of the General Fund Revenues and Expenditures are as follows:

General Fund Revenue Summary

SANITATION ENTERPRISE FUND

The financial activities of the City's sanitation function are accounted for in a enterprise fund. By definition, an enterprise fund should be self supporting based on fees assessed for the service/product provided. The proposed \$3,380,632 Sanitation Enterprise Fund Budget includes a rate increase of 6%. This rate increase is necessary to offset the increased costs of employee benefits, (cost of living allowance, group health insurance, retirement contributions), and the increased costs of fuel and vehicle operations. The Sanitaiton Enterprise Fund also has to fund it's share of the indirect cost allocation, a requirement by the Georgia Department of Community Affairs and the Georgia Department of Audits, which is designed to recognize and reimburse General Fund administrative expenditures incurred on behalf of other operating funds. The residential garbage fee is proposed to increase from \$14.70 to \$15.60, or \$.90 per month. The Budget provides a discounted senior citizen rate of \$13.00 per month to qualified households.

A complete proposed rate schedule is included as part of this transmittal.

HOTEL-MOTEL SPECIAL REVENUE FUND

The Hotel-Motel Special Revenue Fund supports the economic development/tourism efforts of the City such as Carroll County Chamber of Commerce, Carroll Tomorrow Program, Carrollton Convention and Visitors Bureau, and the Facade Grant funding for the downtown area. The FY 2005-2006 Budget for this fund is \$197,000. The 5% Hotel/Motel tax levied by the City is the sole source of funding for this fund.

WATER ENTERPRISE FUND

The proposed FY 2005-2006 Water Fund Budget of \$9,027,710 represents an 14% increase over the current budget of \$7,896,946. Water and sewer rates are proposed to increase by 6%. In addition, a surcharge is proposed to fund the installation of a membrane barrier system to be installed at the Water Filter Plant. This membrane barrier would protect the City's water supply from virtually all bacteria and contaminants that could compromise the City's water quality. The cost of this system is approximately \$6,000,000. The surcharge would fund the annual debt service on funds borrowed to complete the project. The surcharge would be assessed at \$1.52 on the first 4 units of water used, and .38¢ per unit on all units used thereafter. The surcharge, combined with the 6% rate increase, would increase overall water rates to \$5.02 per unit on the first 4 units of water used, and \$2.67 per unit on all units used thereafter. Sewer rates are proposed to increase 6% as well, resulting in a sewer rate of \$2.92 per unit on the first 4 units of sewer used, and \$2.51 per unit on all units used thereafter. Water tap fees are proposed to be \$1,250 per equivalent residential unit (ERU). Sewer tap fees are proposed to be \$4,000 per ERU, and \$4,000 per unit for multi-family developments. A complete rate schedule is included as part of this budget document.

As discussed for the Sanitation Enterprise Fund, the Water Enterprise Fund is experiencing significantly higher costs due to increases in employee benefits (cost of living allowance, group health insurance, and

retirement contributions). Especially relevant to the Water Fund is the 19% increase in the cost of electrical energy used to power the water filter plant and the wastewater treatment plant. These two facilities alone are projected to incur electrical energy costs of approximately \$735,000 during the coming year. The increased cost of fuel for vehicles and heavy equipment is also incorporated into the FY 2005-2006 Budget. The budget includes \$901,276 to be set aside in the Renewal and Extension Account to fund ongoing initiatives to improve the quality of the City's water and wastewater production and distribution capabilities. Also included in this Budget is the annual debt service cost on outstanding revenue bonds and loans. As is the case with the Sanitation Enterprise Fund, the Water Fund is required to perform an indirect cost allocation to recognize and reimburse the General Fund for administrative services performed on its behalf.

A summary of the Water Fund Budget Revenues and Expenses are as follows:

WATER FUND REVENUE SUMMARY

<u>Revenue Source</u>	<u>% of Budget</u>	<u>\$ Amount</u>
Water Sales	47%	\$ 4,219,355
Sewer Fees	40%	\$ 3,619,355

A complete proposed rate schedule is included as part of this transmittal.

The formal public hearing on the Budget is scheduled for June 6, 2005 following public notice via advertisement. Final consideration for adoption of the Budget is scheduled for June 20, 2005. Jim Triplett and I are available to review these proposals in more detail and answer any questions you may have.
