## **MEMORANDUM**

**TO:** Mayor and City Council

**FROM:** Timothy C. Grizzard, P.E., City Manager

**RE:** Proposed FY 2017-2018 General Fund, Water Fund, Sanitation Fund Operating Budgets; Hotel-Motel, Drug Seizure, Hazardous Materials Response Team Special Revenue Fund Budgets based on revisions from the June 29, 2017 Work Session.

**DATE:** June 30, 2017

Based on the revisions proposed during the Work Session of June 29, 2017, this 2017-2018 Budget summary has been updated. The revised 2017-2018 Budget document will be available and distributed at the July, 10 2017 meeting of the Mayor and Council.

### **GENERAL FUND BUDGET**

The proposed FY 2017-2018 General Fund Operating Budget of \$24,930,321 represents an overall increase of \$2,062,946 (9%) over the FY 2016-2017 Budget of \$22,867,375. This increase is primarily due to new positions being added to City staffing levels in order to accommodate projected growth and anticipated construction activity during the upcoming fiscal year.

### **GENERAL FUND REVENUES**

Revenues for the City's General Fund continue to indicate a strong local economy. We will detail our forecast of General Fund Revenues by category type.

#### **TAXES**

Revenues from current ad-valorem taxes are forecast to increase from the current budget of \$3,150,000 to \$3,550,000, an increase of \$400,000 (13%). This increase is a result of a major reassessment of property values conducted by Carroll County last year. Carroll County continues the reassessment process this year, and this initiative, combined with the City's preliminary commitment to keep its millage rate at the current level of 4.62 mills should result in the City realizing this projected amount. Revenues for automobile tax are projected to increase slightly to \$250,000. Revenues from utility franchise fees are forecast to increase slightly to \$2,672,800. As we have discussed in previous years, Franchise Fee Revenues (especially electricity) can vary greatly from year to year, being affected by industry openings and closures. As our City has experienced the opening of new industry during the past year, we are hopeful this revenue category will show healthy growth in the future. Sales Tax Revenue is forecast to increase by \$35,000 to

**APPROVED AS PRESENTED BY THE  
CITY OF CARROLLTON MAYOR AND COUNCIL JULY 10, 2017**

\$3,935,000. Like other revenues, sales tax is a direct indicator of the state of the local economy and can vary greatly, depending on economic events within the City. Beer and Wine Tax Revenue is forecasted to increase by \$25,000 to \$750,000. Energy Excise Tax Revenue continues to grow at a strong pace due to increased manufacturing activity in the City as previously discussed. We are forecasting an increase of \$90,000 to a projected amount of \$300,000 for this revenue line item. Occupation tax revenue is forecast to increase to \$1,325,000, an increase of \$250,000 (23%). Insurance Premium tax revenue continues to be a strong revenue source for the City. This revenue line item is forecasted to increase by \$135,000 to \$1,610,000, an increase of 9%. Overall we feel these increases in the tax revenue base reflect strong economic growth and consumer confidence for the coming year.

### **LICENSES AND PERMITS**

Alcoholic Beverage License revenue is forecast to increase by \$50,000 to \$250,000. Building Permit revenue is forecast to increase by \$25,000 to \$125,000.

### **INTERGOVERNMENTAL REVENUE**

County Fire Reimbursement from Carroll County will remain at the current level of \$716,580. County Recreation Reimbursement from Carroll County is forecast to remain at the current level of \$140,000. Reimbursements for Drug Task Force, Convention and Visitor's Bureau, and Carrollton City Schools are expected to remain at or near current levels.

### **CHARGES FOR SERVICES**

Revenue from the Indirect Cost Allocation is forecast to total of \$1,478,587 as determined by the allocation formula. This represents an increase of \$304,464 (26%) over the current year amount of \$1,174,123. Recreation Department revenues are forecast to remain near the current level of \$1,136,482. This projection indicates continued strong utilization of the City's Recreation Department programs and services. Main Street Event revenue is forecast to be \$75,000. As stated last year, we are working to more accurately project revenues in this area. We expect to increase our accuracy as we get additional years of activity into our financial system on which to base projections.

### **FINES AND FORFEITURES**

Fines and forfeitures revenue is forecast to be realized at an amount of \$1,100,000, an increase of \$250,000 (29%). This increase is the result of an extensive review and revision of the City's fines and forfeitures schedule.

### **INVESTMENT INCOME**

Investment income is forecast to remain at the current level of \$10,000. After years of interest rates at historical lows, we feel they will begin an upward trend in the future, however, for purpose of revenue projections we are electing to keep interest income at the current level.

## **MISCELLANEOUS REVENUE**

Miscellaneous revenue and rental revenue continue to grow due to the success of the Depot and Amphitheater being available for rental use by the public.

## **OTHER FINANCIAL SOURCES**

Inter-fund operating transfers are budgeted at the level of \$2,721,662. As discussed in previous years, this revenue line item represents the amount transferred from the Water & Sanitation Enterprise Funds to the General Fund to cover anticipated revenue shortages. Also, \$1,000,000 of these operating transfers are to cover the cost of a city-wide road paving improvement initiative. This is a continuation of the paving initiative started by the City in FY 2015. As stated in previous years, the City strives to utilize inter-fund transfers only when necessary, and in the least amount possible. Even though General Fund revenues are once again showing healthy growth, these operating transfers remain a necessity in order to fund the proposed budgets. Salary and benefits reimbursements from the Water Fund and Sanitation Fund to the General Fund total \$1,402,964. This revenue line item accounts for the reimbursement of administrative salaries and benefits initially paid by the City's General Fund that are allocated to the Water and Sanitation Enterprise Funds.

This budget proposes to keep the City's millage rate at the current level of 4.62 mills.

## **GENERAL FUND EXPENDITURES**

This budget includes funding for a blended cost of living allowance (COLA) / merit-based increase to average 3%. This budget is forecasting an increase in group health insurance expense of 7%. We are currently working with our insurance broker concerning cost saving options for our plan. We have been presented with several preliminary options to consider. We should have final numbers on these options by November of this year. We are confident that implementing these recommendations will result in a reduction of group health insurance expense by approximately \$500,000. However, out of an abundance of caution, we are keeping the 7% increase in the budget until we have final numbers. Contributions to the City's retirement plan are forecast to be at or slightly above current year levels.

Property/Liability insurance expense is projected to increase by 7%. This increase is due to new buildings being added to the City's property inventory. We feel this increase is minimal due to good risk management and aggressive shopping of the City's insurance program by our broker.

We are budgeting gasoline and diesel energy costs at FY 2016-2017 levels. Prices are slowly moving upward as geo-political events are causing concern in the energy markets related to the production, refining, and distribution of oil products. We will monitor gasoline and diesel costs throughout the year and make adjustments if necessary. Also, the cost of energy for City buildings (electrical and natural gas) continues to increase due to additional facilities and increased use. We are always striving to ensure our operations are as energy efficient as possible.

## **WATER ENTERPRISE FUND**

The proposed FY 2017-2018 Water Fund Budget of \$19,507,104 represents a \$3,922,104 (25%) increase over the current year budget of \$15,585,000. This increase is primarily due to major capital upgrades that are much needed at both of the treatment plants and within the distribution and collection systems. It is anticipated that funding will be obtained thru a GEFA loan. This debt will be serviced with the revenue available from the loan that was paid off in May of 2016 and with the proposed rate increase. Even with the increase, Carrollton's water and sanitary sewer rates are lower than any of the comparable neighboring communities. This budget includes \$1,858,637 in indirect cost/salary reimbursements to the General Fund, as well as a fund transfer in the amount of \$1,721,662. Included in this budget is the annual debt service cost on outstanding revenue bonds in the amount of \$585,880.

As discussed for the General Fund, a blended cost of living allowance (COLA) / merit based increase to average 3% is proposed for the Water Fund. Group health insurance expense is projected to increase by 7%. Please refer to the General Fund narrative for details on group health insurance expense. Property/liability insurance expense is projected to increase by 7%. Please refer to the General Fund narrative for details on property/liability insurance expense.
