

FY 19-20
ADOPTED BUDGET
CITY OF DONALSONVILLE
MAY 1, 2019

To: Donalsonville City Council

From: Steve Hicks

Subject: Budget Message

Date: April 26, 2019

REVENUES AND EXPENDITURES

The proposed FY 19-20 City budget reflects a total of \$5,625, 707 in projected revenues and \$5,833,601 in projected expenditures. \$207, 894 will be allocated from fund balance and working capital carryover to provide funding for approved expenditures and transfers. Overall, the budget will decrease by \$433,815 with a reduction in the General Fund budget by \$167,561 with a reduction in all other funds by \$266.164.

No increase is expected in General Property Taxes, primarily due to the expectation that Hurricane Michael effects may result in no assessment increases and may even cause a reduction in these taxes. On the other hand, economic activity influenced by repairs and reconstruction of homes and businesses damaged as a result of the hurricane is expected to continue through the next fiscal year. we are projecting an increase in Local Option Sales Taxes of \$23,759. Accordingly increases in General Business Licenses and Building Permits have increased and are expected to continue into the next fiscal year as well resulting in an estimated \$22,966 increase in these fees. Projected court fines are reduced by \$28,765.

General Fund grant revenues are impacting the budget as follows accounting for the primary reason for reduction in projected general fund revenues of \$164,530. USDA funding for police cars will be completed in the current fiscal year and LMIG Grant funds have been received for a two-year period and will be used for street projects as determined by the City Council.

USDA Grant/Loan Funds for Police Cars	(\$120,000)
LMIG Grant Funds for Street Projects	<u>(44,530)</u>
Net Grant Funds projected decrease FY 19-20	(\$164,530)

A CHIP Grant in the amount of \$300,000 has also been awarded to the City that will go into effect in August 2019. The is will be for eligible homeowners to make needed repairs to housing structures.

Projected salaries are expected to increase by \$11,028. Salaries will provide for an average increase of 3% to be determined through merit evaluations, however, no merit increases will be implemented for 6 months except as otherwise approved by policy and/or the Council. Total related payroll taxes and benefits will be reduced by \$23,833 from efforts made in the previous year to requote and rework those packages.

2018-19 Budget	Total	2019-20 Budget	Total
Health Insurance	\$395,454	Health Insurance	\$373,918
FICA	133,422	Property/Liability	136,418
Workers Comp	81,778	Workers Comp	77,257
Retirement	129,760	Retirement	128,988
Total	\$740,414	Total	\$716,581
		Change	(\$ 23,833)

Debt service expenditures include an allocation of \$21,375 in the General Fund to pay the loan portion of the USDA Grant for police cars (\$95,000 Loan/\$25,000 Grant).

Capital outlay in the General Fund includes \$35,098 for firefighting equipment, body cameras for police, and replacement of dumpsters in the Sanitation Department. SPLOST operations will provide funds for City Hall Improvements, police cameras, and equipment for fire protection and public works operations. Projected SPLOST 5 revenues of \$270,404 will provide \$68,162 to purchase this equipment and \$174,626 in debt service payments. Excess funds will be utilized to reimburse the General Fund for construction of the new fire station that was incurred in the amount of \$388,507. Debt service payments will be made from SPLOST 5 funds as follows:

- Three Notch Electric Interest Free Loan-New Fire Station.

Balance: \$240,000 Annual Payment: \$30,000

- Ameris Bank Equipment Finance Program-Vehicles & Equipment

Current Balance: \$620,634 Current Annual Payment: \$144,626

TSPLOST collections began in October 2018 and have accumulated approximately \$140,000. Revenue for FY 19-20 is estimated at \$282,293. As in the past, accumulated LMIG funds on hand will be combined with these funds to complete a \$121,775 LMIG project. Other TSPLOST funds will be allocated to future road projects as determined by the Council. TSPLOST funds will be collected over a five-year period.

In Water/Sewer operations, the water line improvements project will be closed out. The total project was \$816,894 and partially funded by a \$500,000 CDBG Grant. This will result in a reduction of \$585,759 in the budget. The budget includes an increase in debt service by \$102,958 for one year as the result of refinancing the debt in 2016. An allocation is also made to purchase a 10-year warranty on the existing water registers in the amount of \$68,000.

The Gas Fund budget includes an allocation of \$250,000 to construct a new gas line to service customers in the industrial park and loop the entire city system. There is an estimated 7-year payback on this project.

A significant item that should be noted is that transfers have been made from the Water/Sewer Fund in the amount of \$90,000 and from the Gas Fund in the amount of \$259,860 to the General Fund. While these transfers are in line with the value of the services contributed to these areas by General Fund operations, these transfers were not built into the rate structure in the past. It will be crucial to address this issue by adjusting the rate structures to include the transfers or positioning the General Fund so that it does not rely heavily on these sources for future budgeting requirements.

The City budget incorporated the implementation of E-Donalsonville to provide quality lower-cost wireless broadband internet services to the citizens of Donalsonville and the surrounding area. Over the past year the project has been implemented and the system is operational. We are continuing efforts to expand the customer base with an application for an ESB license through the FCC. This year's budget of \$138,500 reflects operational costs that include a full-time staff member and other licensing and support costs. The City will continue to utilize current utility billing operations and customer support to reduce overhead. Operating funds are currently being supplemented by Gas Fund reserves until such time that funds are available to reimburse the Gas Fund.

FUND BALANCES & WORKING CAPITAL

The net effect of the budget operations for FY 18-19 and FY 19-20 on fund balances and working capital is shown below.

GENERAL FUND	FY 18-19	FY 19-20
