

City of Sky Valley, Georgia Annual Budget

For the Fiscal Year Ending December 31, 2012

The annual operating budget for the City of Sky Valley is the result of many hours of deliberation by both City staff and the City Council. Organization of the budget document is designed to help the reader locate information in a timely manner.

This guide is included to provide the reader with an overview of the budget document, the budget process, budget implementation, and reporting on budget results.

BUDGET PHILOSOPHY

Budget philosophy for the City depends upon the local needs and concerns of the citizens. Other factors also affect budget philosophy, such as the state of the local economy, the demands of the public for increased services, and unfunded mandates and requirements of federal and state regulatory agencies. Even with all of these considerations, the budget prepared by the City was prepared from a conservative perspective with regard to estimating both revenues and expenditures. Although historical comparisons and trends are very useful, often current year data and trends will take precedence over prior year trends. Budgeting from such a conservative perspective, revenues are often anticipated either at or only slightly above prior year levels, unless there are other known factors that may significantly affect anticipated revenues. By estimating revenues conservatively, decreases in any one revenue source due to fluctuations in the economy should not adversely affect the City's bottom line.

Likewise, expenditures are also estimated conservatively, i.e., allowances are made for unanticipated expenditures, and personal services for vacant positions are funded for the entire fiscal year, except where noted otherwise. This method of conservative budgeting generally results in increases in the fund balance due to actual revenues exceeding budgeted revenues and/or actual expenditures being less than budgeted expenditures.

PRESENTATION OF FINANCIAL INFORMATION AND BASIS OF ACCOUNTING

The City utilizes fund accounting procedures to prepare the annual operating budget. By definition, a "fund" is a distinct fiscal entity, accounting for receipts and disbursements that are for specific activities. A fund is a self-balancing set of accounts, where assets equal liabilities plus fund balance.

The City uses primarily the following fund types:

- Governmental Funds
- Proprietary (Enterprise) Funds
- > Special Revenue Funds; and
- Fiduciary Funds

Governmental fund types are those funds which most governmental functions of the City are financed except those required to be accounted for in another fund.

READER'S GUIDE CONTINUED

Proprietary fund types are those funds used to account for government activities that are similar to business operations in the commercial sector or the funds used when the reporting focus is on determining net income, financial position, and changes in financial position.

Special Revenue fund types are funds used to account for the proceeds of specific revenue sources that are restricted legally to expenditures for specified purposes. Examples of Special Revenue Funds are:

- > Grant funds used to account for individual grants with projected expenditures that exceed 2% of the general fund's budgeted total operating expenditures;
- ➤ Hotel/motel tax fund used to account for the hotel/motel taxes collected as required by general law;
- > Capital projects fund used to account for financial resources to be used to acquire or construct major capital assets;
- > SPLOST fund used to account for capital projects financed from SPLOST funds; and
- > Debt Service Funds used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Fiduciary Funds are funds used to account for assets held by the government as a trustee or agent. Examples of Fiduciary Funds are the Municipal Court Fund and the City's General Trust Fund. Budgets are not prepared for these funds since their moneys are assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other government units, and/or other funds.

BASIS OF ACCOUNTING AND BUDGETING

The accounts of the City are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. All funds are budgeted (except as otherwise stated earlier) and accounted for on a Generally Accepted Accounting Principles (GAAP) basis for purposes of financial statement presentation in the City's audited financial statements. The Governmental Fund Types, e.g., General and Special Revenue Funds, use a financial resources measurement focus and are accounted and budgeted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures represent a decrease in net financial resources and, other than interest on general long-term debt, are recorded when the fund liability is incurred, if measurable. Interest on general long-term debt is recorded when due.

In the City's audited financial statements, Proprietary (Enterprise) Fund types, e.g., Water Fund and Solid Waste Fund, are accounted and budgeted on a cost of services measurement focus, using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when incurred. Working capital, rather than retained earnings, is used to represent fund balance in Enterprise Funds. Working capital is generally defined as the difference between current assets (e.g., cash and receivables, etc.) and current liabilities, excluding the current portion of principal and interest due (e.g., accounts payable), and provides a better comparative analysis of proprietary fund reserves for budget purposes than does the presentation of retained earnings as presented in the audited financial statements.

Page 3

READER'S GUIDE CONTINUED

In addition, budgeting capital improvements as expenditures for budgetary purposes allows the proposed capital purchases to be reviewed and authorized by City Council each year.

BUDGET DOCUMENT PRESENTATION FORMAT

Included in the introductory section of the budget document is a city-wide organization chart, list of elected officials, statement of core values and ethics, City Manager's budget message (transmittal letter) to the citizens and the City Council, budget policies, a budget calendar and the notice of workshops and public hearings.

Following the introductory material in the document, City-wide budget summaries are presented. Other information is also included, such an ad valorem tax summary, presenting information regarding the assessed valuation and the tax rate adopted for each year, a proposed draft of the adopting ordinance, and detailed departmental line item worksheets. Appropriate graphs and charts have also been included in order to assist the reader in the interpretation of financial data.

INTEGRATION WITH THE FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM (CIP)

A Five-Year Capital Improvement Program document is prepared and updated each year and includes anticipated project costs and sources of project funding. A summary of the Five-Year CIP is included in this document along with some specific components of that program. Since most of the projects require the issuance of debt, the projects are not actually approved or funded until the Mayor and City Council take official action to authorize funding for the project during a public meeting. Therefore, the CIP summary in this document is provided primarily as a guide for Council and staff.

CONCLUSION AND ACKNOWLEDGMENTS

The preparation of the budget document was made possible by the dedicated service of the staff and the Mayor and City Council of the City. Each employee who assisted in contributing to the preparation of this annual budget has the sincere appreciation of the budget staff. Appreciation is also expressed to the Mayor and City Council for providing the necessary resources in which to maintain the integrity of the City's financial and budgetary affairs.

Core Values

Open Government

The City of Sky Valley's elected officials and staff believe in honest and open government. We are dedicated to the highest standards of integrity, openness, and fairness in all that we do in serving our citizens.

Responsive Government

We are passionate about representing the citizens of Sky Valley. We believe in listening to our citizens and being responsive to their needs. We believe a government that is receptive to citizen input and quick to respond can better serve its citizens.

Service to Our Citizens

The City of Sky Valley exists to serve our citizens. We believe we have an obligation to ensure that City services are delivered to our citizens in a professional, timely and courteous manner.

Community Partnerships

We are committed to encouraging our citizens and businesses to participate in the City's planning and decision-making process. We believe by creating strong partnerships within our community, we will make Sky Valley a better place to live for current and future generations.

City Staff

We believe City of Sky Valley employees are our most important resource. Through them, the City's vision and mission will be accomplished. We believe in treating City staff with fairness, dignity and respect.

Quality of Life

We believe in maintaining the high quality of life enjoyed by our citizens by adapting to changing economies and demographics. Sky Valley's prosperity is founded in its residential neighborhoods, and protecting and enhancing them is paramount in every decision the City makes. We are committed to safeguarding the City's financial as well as physical resources for current and future generations.

The City of Sky Valley is proud of its designation by the Georgia Municipal Association as a "Certified City of Ethics."

The voluntary program, developed by a panel of business and government leaders, encourages cities to adopt and adhere to a set of key ethical principles and a comprehensive ethics ordinance.

The ordinance guides city officials' conduct in areas such as financial disclosures, conflicts of interest and outside employment. It also contains strong penalty provisions including public reprimands, fines and removal from office - for city officials who violate the ordinance.

A panel of attorneys reviews the ordinances to determine if they comply with the criteria set by GMA. The cities receive a plaque and are authorized by GMA to use a "Certified City of Ethics" logo on city stationery, road signs, vehicles and other official uses.

The City of Sky Valley's governing authority subscribes to the following ethics principles and pledges to conduct its affairs accordingly:

- Serve Others, Not Ourselves
- Use Resources With Efficiency and Economy
- Treat All People Fairly
- Use The Power of Our Position For The Well Being Of Our Constituents
- Create An Environment Of Honesty, Openness And Integrity

City of Sky Valley Budget Policies

I. Purpose and Objective

The City of Sky Valley has a responsibility to carefully account for public funds, to manage municipal finances wisely, and to plan for the provision of public services. Sound financial and budget policies are necessary to carry out these objectives responsibly and efficiently.

The City of Sky Valley's financial policies are the basic framework for its overall financial management. These policies incorporate long-standing principles and traditions that have served the City well in maintaining a sound and stable financial condition.

The broad purpose of these budget policies is to provide a guide for the City staff to use in developing a clear, concise, and easily readable budget document for the Mayor, Council, and citizens of Sky Valley. This proposed budget is used to serve as a document for decision making processes for the Mayor, Council, and City Manager. The budget also serves as the City's proposed operating and capital plan for the following year and as a working document for staff.

II. Operating Budget

A. Preparation

Budgeting is an essential element of the financial planning, control, and evaluation process of municipal government. The "operating budget" is the City's annual financial operating plan. The annual budget includes the operating departments of the general fund, special revenue fund, debt service fund, capital project fund, enterprise funds, and other approved funds that may be established as needed. The budget encompasses a fiscal year that begins on January 1 and ends on December 31. The budget is prepared by the City Manager with the cooperation of all City departments, on a basis that is consistent with generally accepted accounting principles.

- Proposed Budget A proposed budget shall be prepared annually by the City Manager with participation of all City Departments consistent with provisions of the City Charter and state budget laws.
 - a. The budget shall include (1) revenues, (2) personnel services and employee benefits, (3) purchased/contracted services (4) supplies, and (5) capital outlays.
 - b. The budget review process shall include public hearings. At the time the proposed budget is transmitted to the Mayor and members of the City Council by the City Manager, a copy will be made available for public inspection at City Hall. No earlier than seven days after the proposed budget is transmitted to the City Council and at least seven days in advance of budget adoption, a public hearing will take place to give the public an opportunity to comment on

the proposed budget. Notice of the public hearing must be advertised at least seven days in advance of the public hearing.

- c. The City Council, prior to the first day of the fiscal year, will adopt an annual budget at a public meeting. The proposed budget is prepared by the City Manager and transmitted to members of the City Council for its review with sufficient time given for the City Council to address policy and fiscal issues.
- 2. Adoption The budget shall be adopted by the approval of a budget resolution that specifies the anticipated revenues by appropriate categories, the proposed expenditure totals for each department, each non-departmental expense, and each fund covered by the budget. Amendments to the budget must be approved by resolution. The budget shall be adopted at the fund/department level, which is the legal level of budgetary control. The current year's budget may be adjusted to reflect changes in local economy, changes in priorities or services needs, receipt of unbudgeted revenues and for unanticipated expenditures.

B. Balanced Budget

The operating budget will be balanced with anticipated revenues, including appropriated unencumbered surplus, equal to proposed expenditures. All funds within the budget shall also be balanced.

C. Planning

All departments will be given an opportunity to participate in the budget process and submit funding requests to the City Manager. All funding requests must be submitted to the City Manager no later than June 15th of each calendar year.

D. Reporting

Periodic financial reports will be prepared and distributed to the City Manager and Department Heads. These reports allow Department Heads to manage their budgets and enable the City Manager to monitor and control the budget. Summary financial and budgetary reports should be presented by the City Clerk to the Mayor and City Council monthly.

E. Control and Accountability

Each Department Head is responsible for ensuring that his/her department expenditures do not exceed budgeted funds. Departments cannot exceed appropriations described in the budget. Failure to achieve budgetary control will be evaluated and investigated by the City Manager.

F. Budget Transfers

Contingent upon remaining within the confines of the total department budget, each Department Head has the authority to recommend budget transfers to the City Manager. Funds within departmental budget line items can be transferred upon the recommendation of the Department Head and with approval of the City Manager.

III. Capital Budget Policies and Capital Improvement Plan

A. Scope

A capital improvement plan will be developed and updated annually by a committee appointed by the Mayor and confirmed by the City Council. A five-year Capital Improvement Program will assist in the planning, acquisition, and financing of capital projects. A major capital project is generally defined as a non-recurring capital expenditure that has an expected useful life of more than 5 years and an estimated total cost of \$10,000 or more. Examples include infrastructure, streetscapes, vehicles, heavy equipment, and expansion of facilities.

Major capital projects will be budgeted in the Capital Improvement Fund reflecting all available resources. With the involvement of responsible departments, the City Manager will prepare the capital budget annually. The City's capital budget will be adopted with the operating budget.

B. Control

All capital expenditures must be approved as part of each department budget or in the capital budget. Before committing to a capital improvement project, the City Manager or his/her designee must verify fund availability and the Mayor and City Council must take official action to authorize funding for the project during a public meeting.

C. Program Planning

The capital budget provides annual funding for long-term capital projects identified in the Capital Improvement Program (CIP). During the annual budget process, each department submits its budget request including operating and capital needs. Upon review of the requests, major capital projects are placed in the capital improvement plan. Other capital outlay is placed in the department's operating budget. Capital outlay is generally defined as an individual item in excess of \$2,000 with a life expectancy of more than two years but less than 10 years. Citywide capital improvements are assessed and prioritized based on the City's objectives and goals.

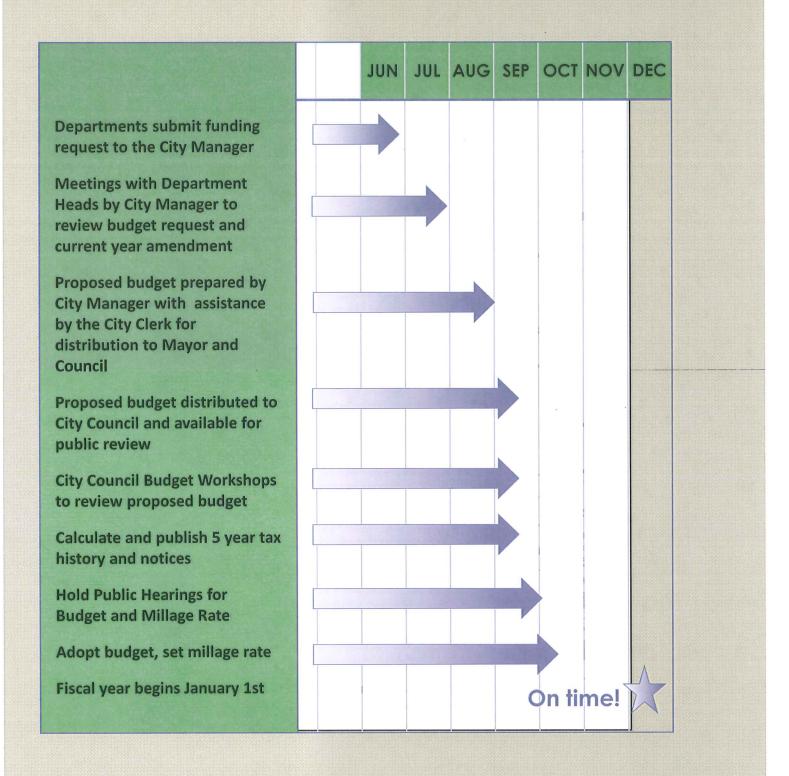

D. Timing

At the beginning of the fiscal year, the City Manager or his/her designee will work with Department Heads to schedule the appropriate timing of capital purchases to ensure the availability of funds.

E. Reporting

Periodic financial reports will be provided to enable the City Manager to monitor and control the capital budget and to enable the Department Heads to manage their capital budgets.

BUDGET CALENDAR

Budget & Millage Rate Public Hearings

Budget Workshops:

- Tuesday, September 20th immediately following the Regular monthly City County meeting at the Fellowship Hall
 - Monday, October 10, 2011, at 10:00 AM (if needed) at the City Hall

A Public Hearing on the 2012 Budget and the Millage Rate for 2011 Ad Valorem Taxes will be held at the Fellowship Hall, 817 Sky Valley Way on:

> Tuesday, October 11, 2011 at 2:00 PM

The regular Council Meeting to adopt the 2012 budget and set the millage rate for the 2011 Ad Valorem taxes will be held

> Tuesday, October 18, 2011 at 9:00 AM

Millage Rates Since the Beginning...

The taxing authority of the City of Sky Valley was made effective as of January 1, 1986 for the purpose of levying ad valorem property taxes on all property located within the corporate boundaries of the City of Sky Valley.

1986 - 15.0 mils

1987 - 12.6 mils

1988 - 13.5 mils 1989 - 13.5 mils

1990 - 15.0 mils

1992 - 12.5 mils

1993 - 17.0 mils

1994 - 17.0 mils

1995 - 17.0 mils

1996 - 15.5 mils

1997 - 14.5 mils

1998 - 14.0 mils

1999 - 12.3 mils

2000 - 12.5 mils

2001 - 12.5 mils

2002 - 12.4 mils

2003 - 11.5 mils

2004 - 12.0 mils

2005 - 12.0 mils

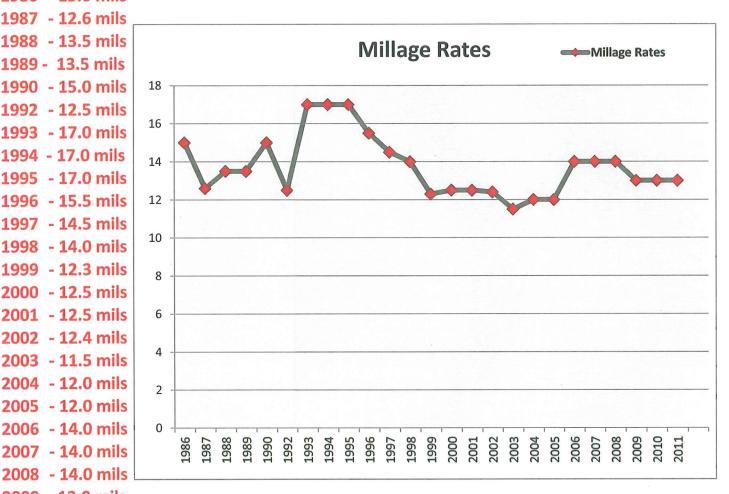

2006 - 14.0 mils

2007 - 14.0 mils

2009 - 13.0 mils

2010 - 13.0 mils

2011 - 13.0 mils

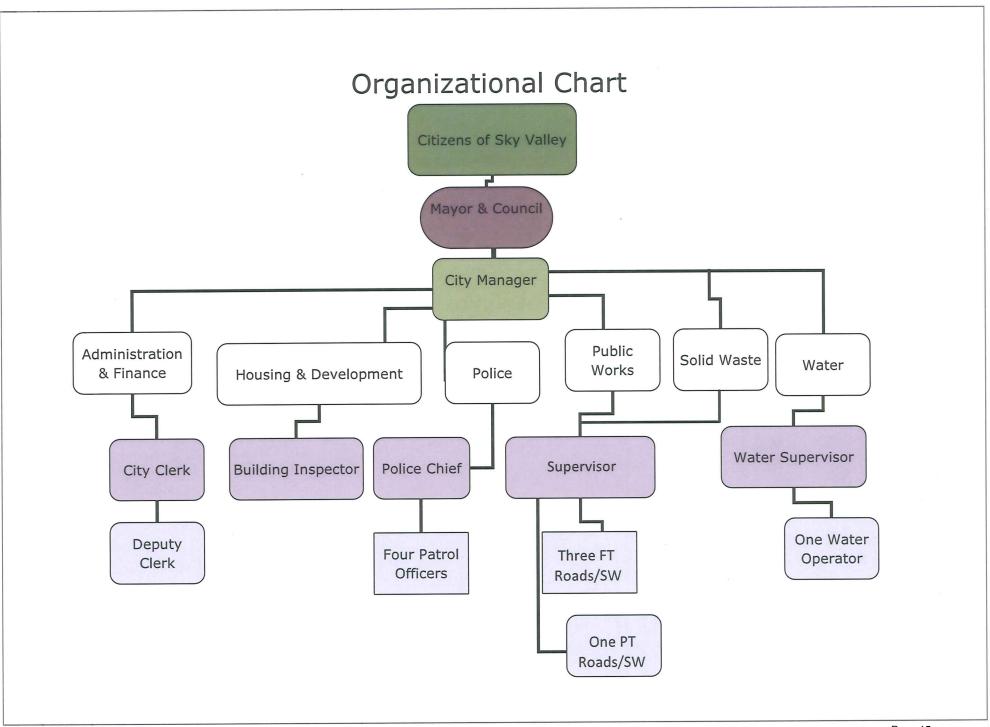

FACT SUMMARY – 2011 MILLAGE RATE & AD VALOREM TAX DIGEST

- The City's tax digest dropped by \$276,160 in reassessments and \$435,508 in other changes. The total decrease in tax revenue at the current 13 mils would be \$9,252 or just less than 1%.
- The Rollback millage rate would be 13.049 compared to 13 in 2010. This is the rate at which the tax revenue to the City would remain the same. Any millage passed by the Council equal to or less than 13.049 is not considered a tax increase and would only require one public hearing.
- The proposed budget reflects a millage rate of 13 mils, which is a tax revenue decrease for the
 City. The City intends to use approximately 1 mil of surplus to balance the budget, most of which will be used for road improvements.
- The Tax Digest for real and personal property is \$74,470,107 with \$2,100,000 given in homestead exemptions. Motor vehicles account for another \$501,830 in taxable property.
- The budget proposes 1 mil of the real and personal property taxes to go to the fire department in the amount of \$72,370.
- The budget proposes spending a portion of the city's unreserved fund balance (surplus) equal to 72,014.
- We are proposing all special event expenses be offset by corresponding revenues.
- The proposed Water Fund Budget includes using surplus from the Water Fund to offset anticipated depreciation. It also includes an increase of \$3.33 in the base rate for water as stated in our GEFA loan documents.
- The proposed Solid Waste Budget does not include an increase in rates, but does include a reduction in service from January 1st through Memorial Day to once a week garbage collection.
- Employees have been budgeted using current staffing levels with a 3 % pay increase. No raises
 have been given since January, 2009. This increase equates to approximately \$14,000 for the
 City.

Sample Tax Bill		
MV	AV (40%)	Bill @ 13 mils
\$100,000	\$40,000	\$520
\$200,000	\$80,000	\$1,040
\$300,000	\$120,000	\$1,560
\$500,000	\$200,000	\$2,600
\$750,000	\$300,000	\$3,900
\$1,000,000	\$400,000	\$5,200

September 27, 2011

To the Mayor, City Council, and Citizens:

Transmitted herewith is the City of Sky Valley's balanced budget for fiscal year 2012. I applaud the diligent efforts of the department supervisiors and staff members of all the city departments who contributed to the formulation of this budget. Without the efforts of all, we would not have a balanced budget that meets all administrative and legal requirements.

Our objective, as we worked with department leadership, has been to ensure this document represents an effective annual spending plan that will allow the City to meet its highest priorties as established by the Mayor and City Council. Workshops and public hearings are conducted to afford the citizenry the opportunity for input into the process. We believe this budget represents the best possible plan for meeting the operating and capital funding needs of the City for the coming year while ensuring the citizens continue to enjoy a quality of life few municipalities can match.

We are pleased that this budget will allow us to meet the needs of our citizens and maintain a high level of city services without the need to increase the millage rate. With increased spending for road improvement and general increase in the cost of doing business coupled with a decrease to the tax digest, keeping the millage rate the same was accomplished by using unreserved fund balance or surplus. The City will maintain a sufficient amount of reserves for emergency situations. It takes careful monitoring, evaluation and spending by department heads and the Mayor and Council to help the City maintain its goals.

*Linda Smith*City Manager

RESOLUTION 11-

A RESOLUTION TO ADOPT THE 2012 BUDGET, TO SET THE MILLAGE RATE FOR THE 2011 AD VALOREM TAXES, AND TO ESTABLISH POLICIES FOR ADJUSTMENTS TO THE BUDGET.

WHEREAS, the City Manager has presented a proposed fiscal year 2012 Budget to the City Council of each of the various funds of the City; and

WHEREAS, the budget lists proposed revenues/expenditures for the fiscal year 2012; and

WHEREAS, each of these budgets is a balanced budget, so that anticipated revenues for each fund equal proposed appropriations.

NOW, THEREFORE, THE CITY COUNCIL HEREBY RESOLVES THAT this budget, Attachments "A – D" attached hereto and by reference made a part hereof of this resolution, shall be the City of Sky Valley's budget for the fiscal year 2012; and

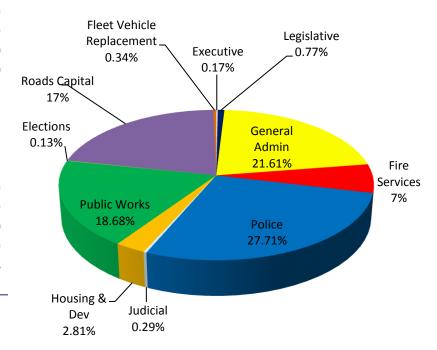

- 1. Expenditures of any Fund shall not exceed the Appropriations authorized by this Budget and Amendments thereto or Actual Funding sources, whichever is less.
- 2. The required tax rate for the 2012 Budget shall be set at 13.0 mils based on the 2011 Tax Digest.
- 3. The Budget shall be adjusted so as to adapt to changing governmental needs during the fiscal year as follows, such amendments shall be recognized as approved changes to this ordinance in accordance with O.C.G.A. § 36-81-3(d)(1):
- (a) Any increase in Appropriations in any Fund for a Department, whether through a change in Anticipated Revenues in any Fund or through a transfer of Appropriations among Departments, shall require the approval of the City Council.
- (b) The City Manager shall have the authority to approve transfers within a Department from one line item to another except for salary line items. The City Council shall have the authority to approve transfers to and from salary line items.

All resolutions, ordinances or portion of ordinances in conflict with the provisions hereof are hereby repealed.

of, 2011.	the City Council of the City of Sky Valley this day
Approved:	
James Martindale, Mayor	Delano Moore, Council President
	Richard Boyle, Councilor
	Neil Howard, Councilor
Attest:	Helen Kleiber, Councilor
Mandi Cantrell, City Clerk	Maureen Platt, Councilor
