City of Valdosta, GA Annual Budget Fiscal Year 2011

Prepared by: Larry H. Hanson City Manager

L. Mark Barber Deputy City Manager for Administration

Amy Hall - Budget Manager Carolyn Sampson-Burgess - Budget Analyst L. Charles Dinkins, Jr. - Financial Services Manager

Distinguished Budget Presentation Award

PRESENTED TO

City of Valdosta

Georgia

For the Fiscal Year Beginning

July 1, 2009

Jeffry R. Ener

President

Executive Director

ORDINANCE NO. 2011-22

AN ORDINANCE ADOPTING THE 2011 - 2012 MUNICIPAL BUDGET

BE IT ORDAINED by the Mayor and Council of the City of Valdosta, and it is hereby ordained by the authority of the same as follows:

Section 1. The Annual Budget for the Fiscal Year 2011 - 2012, beginning July 1, 2011 and ending June 30, 2012, as amended, is hereby approved.

Section 2. An official copy of said budget shall at all times be on file in the office of the Clerk of the City of Valdosta, and by reference hereto shall be part of this ordinance and the public records of the City of Valdosta as if fully set out at length herein.

Section 3. Unless the Mayor and Council of the City of Valdosta object, amounts budgeted for specific items or purposes and not required to be utilized for such specific items or purposes, may be utilized by the City Manager for other items or purposes within the City with respect to which said allocations were originally made.

Adopted this 23rd day of June, 2011.

Mayor/ City of Valdosta

Attest:

resa S. Go

Clerk of Council, City of Valdosta

How to Use this Budget Document

This section is intended to familiarize and assist readers with the organization and presentation layout in this Annual Budget document.

It is hoped that through clear and easily understood graphs, schedules, and accompanying narrative text, the users of the City of Valdosta's Annual Budget for the fiscal year 2011-2012 will be able to discern important economic trends and issues facing the City. Plans for dealing with these issues are presented in narrative summary style, illustrating strategies used by the City of Valdosta officials in pursuing economic and efficient solutions. These strategies are defined at the operating level through information concerning the departmental goals, objectives, and performance measurement criteria where applicable and available.

This document has been prepared with a layout that is intended to achieve the following objectives:

- To present a coherent statement of programmatic policies and goals for the City and its operating departments, with articulation of current budget priorities and issues.
- To present revenue and expenditure summaries of all appropriated funds along with:
 - 1. Comparisons of prior-year sources of revenue to current budget
 - 2. Assumptions used for current revenues
 - 3. Discussion of significant revenue trends
 - 4. Projections of fund balance
 - 5. Current debt obligations and decisions, and the effect of debt levels on current and future revenues of the City.
 - 6. The basis of budgeting used to account for the funds of the City.
- To present a description of the activities, services, and/or functions performed or delivered by the operating unit or programs of the City including the following information, where applicable and available:
 - 1. Objective measurement of results by unit or program, with goals and objectives for the current budget year,

How to Use this Budget Document

- 2. An organization chart for all City departments and/or programs,
- 3. Summary schedules of personnel, with descriptions of any significant changes in staffing or reorganizations planned for the budget year.
- To present schedules and discussions of current City debt obligations.
- To present City of Valdosta's Capital Improvement Program and describe how it addresses the need to plan for future capital improvements.
- To give summary schedule(s) of personnel staffing levels by department and division.
- Finally, this budget document includes a glossary of key terms used in the budget.

Introduction

CITY of VALDOSTA, GEORGIA

Larry H. Hanson City Manager

June 24, 2011

The Honorable Mayor and Council Valdosta, Georgia

Mayor Fretti and Members of the City Council:

In accordance with the City Manager's duties and responsibilities as outlined in the Charter of Valdosta, Chapter 3, Subchapter C Section 4.42 (3), please find herein the budget for the fiscal year ending June 30, 2012.

The FY 2012 Budget for all funds equals \$78,471,213, an increase of \$3,192,381 from the City of Valdosta budget for FY 2011. This is due to an increase in both budgeted operating and capital expenditures.

Due to the current economy and the decrease in tax revenues, especially in LOST (Local Option Sales Taxes), this budget does not provide for a cost of living increase nor a merit increase for City employees. We are, however, able to award longevity increase for those employees whose length of service meets a five year milestone. We were able to accomplish this at a time when many other communities are having to layoff personnel, furlough employees and otherwise significantly reduce services and benefits in order to balance their budgets.

As discussed above, the capital expenditures for FY 2012 are budgeted to increase. The majority of these projects are being accomplished as a result of the Special Purpose Local Option Sales Tax (SPLOST), which is a one cent sales tax. This was approved during FY 2008 by the citizens to continue for six years. In the economic downturn, sales tax collections have slowed, which also reduces the amount of SPLOST revenue. This mechanism has been extremely beneficial in allowing the City to fund much needed capital projects. The list of capital projects includes a new tennis center at McKey Park, water and sewer projects at Withlacoochee Wastewater Treatment Plant and Mud Creek Treatment Plant as well as the acquisition of the Five Points property for the future development of a new municipal auditorium and infrastructure improvements to enhance the facilities of the City for our citizens.

P. O. Box 1125 • 216 E. Central Ave. • Valdosta, Georgia 31603 • (229) 259-3500 • FAX (229) 259-5411 An Equal Opportunity Employer

The tax millage rate for this fiscal year is projected to remain at the rate of 4.11 mills. Due to diligent fiscal oversight by the individual department heads, guided by your

commitment to sound financial management, we have consistently avoided the need for ad valorem tax increases, while other communities have implemented these revenue enhancement measures in order to balance their budgets. Our City also has no general obligation debt and has not incurred such debt since 1972, and less than 5 million dollars in total enterprise debt, a remarkable accomplishment achieved by sound financial management.

The 4.11 mills is being accomplished despite significant growth throughout the City, the increasing costs of necessities such as electricity and fuel and the increasing costs associated with providing quality services. The current millage rate is the lowest it has been since 1989, and even with this extremely low property tax rate, we have expanded our services and continued to improve our citizens' quality of life. Our City continues to have among the lowest property taxes in Georgia as well as among the lowest water rates.

Measurement Focus Budgeting

To meet growing demands and maintain a low tax burden on its citizens, the City of Valdosta government proactively measures service levels and associated costs of those services.

The City is attempting to increase productivity and services by channeling funds in accordance with measurable outputs rather than fund sections and projects according to requested input. This causes both departments and the work force to focus on performance and quality of service. In view of this philosophy concerning budgeting based on service and satisfaction, it is the management's opinion that measurement of performance should be the test for evaluating efficiency of government administration and effectiveness of elected officials. Performance indicators allow City officials to measure service quality by comparing end results to objectives. Each department formulated its own objectives that set specific targets for each unit of government.

It is the City's belief that a system of measurement will generate greater productivity by measuring each department's efficiency over time. If each organization measures the result of its work, even if they do not link funding or rewards to those results, these performance indicators will shape and influence the behavior of the organization. Therefore, each department of the City reviews and updates its goals annually to ensure that they coincide with the overall goals of the City as set by the Mayor and Council. The goals and objectives are written in such a way as to be both measurable and attainable. With these measurement tools in place we will achieve enhanced program performance and improved results of operations, and create positive influences affecting our budget preparation.

The section that follows presents some of the most significant challenges Valdosta faced in preparing the budget. It also presents an analysis of the key issues the City faces in the year ahead and how the design of this budget meets these challenges.

Significant Challenges and Accomplishments

The major challenge facing the City this budget year is the same as many other governmental entities are facing, that is, how to continue to provide the high quality services our citizens need and deserve in the face of limited or even declining revenues. We accomplished this primarily through an account by account examination of all department budgets, limiting operating expenditure growth only to longevity increases and the most absolute needs, and a reduction of two positions through attrition. Also, relief to the budget was provided by the diligent efforts of the City's health plan committee. The budget fully funds the new employee Health Care Clinic for employees, dependants and retirees. This is a tremendous benefit for employees as it reduces their out of pocket medical expenses and prescription expenses as well, thus saving them money.

The fund balance for the General Fund at June 30, 2010 was approximately \$9 million. This is a reduction in fund balance of almost \$3 million when compared to the prior fiscal year. The reduction is the result of several circumstances with the largest portion of the reduction attributable to anemic sales tax collections.

The City recognized early in the fiscal year that the effects of the downturn in the economy would require immediate action to reduce expenses by approximately 5% to be in line with expected revenue shortfalls. Our early recognition and action in the fall made this a less painful process and it was done in such a way as to minimize any effect on service delivery. Because of the continuing economic downturn and revenues shortfalls, we expect to end the 2011 fiscal year with a net loss. We were also fortunate to have built and maintained adequate fund balances. General fund reserves should be used only as needed but certainly maintaining necessary services essential to the needs and expectations of our citizens is a valid use of reserves. If it appears the economic downturn will continue, then structural change and either budget reductions or revenue enhancements will have to be made.

Revenues have been conservatively budgeted. With the uncertainty of the national and state economy, the management of the City remains committed to not using unrealistic revenue estimates in order to balance the budget. We feel that the economic outlook for the City remains positive, as we have a strong economic pull factor (the highest in Georgia), Valdosta State University and Moody AFB are growing and we continue add new jobs offsetting those we have lost due to the recession.

Solid Waste

For several years the City's Sanitation Fund was operating with a loss resulting in a total fund deficit of \$3,522,445 at the end of FY 1999. Since that time, the fund has been producing a profit due to an increase in Sanitation fees, streamlining of the department, and additional services being provided. Once again the fund is budgeted to produce a profit for FY 2012 after which the fund balance will increase to \$338,274. The fund balance is maintained to account for future costs of closure of the Wetherington Road landfill.

Infrastructure Improvements

The City has completed construction on an unprecedented number of public buildings and facilities in the last several years with the trend continuing into this year. Finally, many additions to the Water and Sewer system, along with other road and signal upgrades have been accomplished in the past several years with many more planned for the upcoming year. Overall, these projects will continue to greatly benefit all citizens of Valdosta. The importance of SPLOST revenues cannot be overemphasized. We are able to "pay as we go" on all capital projects except the largest water & sewer projects. This enables us to keep our bonded debt at a minimum with no general obligation (GO) debt. The fact that the City has no GO debt is a significant achievement for a municipality of Valdosta's size.

Utilities

The Water and Sewer Fund is expected to have another good year, with positive cash flows and adequate fund balance. The Water/Sewer/Drainage recently moved into a much needed new administrative facility. Plans are already underway for the expansion and renovation of sewer plants and additional elevated water tank capacity. Funding for much of the upgrades to the Water and Sewer system has been financed by low interest loans from the Georgia Environmental Facilities Authority (GEFA). Use of these loans has proven to be more cost effective than issuing bond debt.

2012 – Revenues Sources and Budget Highlights

The City of Valdosta has adopted a property tax rate of 4.11 mills, the lowest since 1989. Growth in the digest, along with increases in the sales taxes, has allowed the City to expand services within a balanced budget.

Revenues from both Taxes (\$33,812,200 projected for FY 2012) and Charges for Services (\$31,047,161 projected in FY 2012) together constitute \$64,859,361 or 91% of the total budgeted revenues of \$71,422,319 (less interfund transfers). These revenue sources are relatively stable and projections of revenue for the coming year are very conservative. The downturn in the national economy has hampered the growth of revenues. Although we feel that Valdosta is positioned well to weather this recession without major revenue declines, we have nevertheless projected these revenue sources very conservatively.

Intergovernmental revenues include federal, state, and local grant monies received by the City. The FY 2012 budget of \$2,245,188 in intergovernmental revenue is a decrease from the FY 2011 budget of \$2,432,954. The City chooses to make adjustments to the budget throughout the year as the awards are made instead of budgeting for grants which have not yet been awarded. This method of budgeting for grants results in very conservative projections and prevents the revenue budget from being overstated.

Miscellaneous revenue includes sales of surplus property, insurance proceeds from lost or destroyed property, and revenues not properly recorded in other classifications. Miscellaneous revenues account for 2% of City revenues.

Contributions include payments made for perpetual care of the City's cemetery and miscellaneous contributions made by the public and local businesses of Valdosta for various City activities. Contributions, which are projected to remain consistent at \$66,000 for FY 2012, are not a significant source of revenue.

Interest Income includes earnings on various investments held in the City's portfolio and earnings on the various City checking accounts. These revenues, \$325,702 in FY 2010, are expected to decrease to \$85,200 in FY 2012. The City's investment policy requires the utilization of minimal risk investments which, by their nature, return lower yields.

Fines and Forfeitures include court fines, fees, and proceeds from the sale of judicially confiscated property. Collections have been fairly stable from fiscal years 2000 through 2011 with the FY 2012 projection at \$1,401,800 or \$38,200 decrease from 2011.

License and Permits includes building, electrical, plumbing, and business licenses and other licenses or permits of a local nature. These revenues are by nature dependent on the local economy and have been significantly impacted by the economic recession. We have attempted to budget these revenues conservatively. The FY 2012 projection of \$1,246,620 is a decrease of \$52,900 from FY 2011.

Other Sources of Funds includes the operating transfers made between the various funds of the City, capital leases, and residual equity transfers. The operating transfers in are considered a source of funds for the receiving fund and transfers out are a use of funds in the disbursing fund. The operating transfers in for FY 2012 are \$3,212,500 compared to \$2,371,508 for FY 2011. Most of the operating transfers are transfers into the General Fund as payments for services provided to the other funds.

The table below summarizes this information:

| Revenue Category | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|--------------------------------|-------------------|-------------------|-------------------|
| Taxes | \$35,517,035 | \$35,536,739 | \$33,812,200 |
| Charges for Services | 27,949,051 | 29,587,237 | 31,047,161 |
| Intergovernmental | 9,448,159 | 2,432,954 | 2,245,188 |
| License & Permits | 1,355,948 | 1,299,520 | 1,246,620 |
| Contributions | 1,732,568 | 70,240 | 66,000 |
| Interest Income | 325,702 | 195,600 | 85,200 |
| Fines & Forfeitures | 1,362,390 | 1,440,000 | 1,401,800 |
| Miscellaneous | 1,354,291 | 1,363,187 | 1,518,150 |
| Total Revenues | \$79,045,144 | \$71,925,477 | \$71,422,319 |
| Other Financing Sources | 648,873 | 2,371,508 | 3,212,500 |
| Total Revenues & Other Sources | \$79,694,017 | \$74,296,985 | \$74,634,819 |

FY 2012 Operating Expenditures and Budget Highlights

The following table provides a summary of the operating expenditures for fiscal years 2010 through 2012.

| Operating | FY 2010 | FY 2011 | FY 2012 |
|------------------------------|--------------|--------------|--------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$29,832,531 | \$30,821,763 | \$31,741,606 |
| Contractual Services | 7,263,481 | 7,701,790 | 8,036,098 |
| Supplies | 4,442,353 | 4,862,482 | 4,797,880 |
| Travel & Training | 494,995 | 616,319 | 473,472 |
| Other Services & Charges | 25,622,525 | 18,127,576 | 18,861,933 |
| Total Operating Expenditures | \$67,655,885 | \$62,129,930 | \$63,910,989 |

Due to the downturn in the economy and the resulting effect upon revenue collections, the budgeted operating expenditures of the City are focused on maintaining the City's current service levels. We are committed to "living within our means" nevertheless we continue to experience increases in some costs, such as retirement and health care that follow economic and national trends. Increases in electrical rates and fuel costs continue to be a challenge city wide.

FY 2012 Outlook, Significant Issues and Priorities

The outlook for Valdosta in FY 2012 remains optimistic for the general welfare of our citizens. Through the prudent use of City funds, we expect to provide the citizens of and visitors to Valdosta quality services that rival any other municipality in the State. Areas of concern continue, however, and new demands are certain to challenge the city in the new budget year. I would like to emphasize some of the issues that will take greatest priority and some strategies incorporated within this budget to meet these demands.

Public Expectations vs. Public Resources

There continues to be a desire to expand and increase services within the existing framework of revenues. To accomplish both is a continuing challenge. A continuation of community expectations for new or expanded services will require careful thought and deliberation. It will necessitate careful consideration of these demands and the additional revenues or reduction in other services required to compensate for the expansion of services.

Regulatory, Environmental, and Unfunded Mandates

New federal and state regulations, most of which are unfunded and passed along directly to local governments, have increased costs of construction and operation, and will significantly impact all future growth. Particularly in the area of water/sewer and engineering, the City will incur significant increases in costs that must be passed along to the customer.

Slowing Economy/Increased Costs

This has been a difficult year in preparing the budget. The slowing economy coupled with the need to provide quality services to the citizens has forced us to make difficult choices. We were forced to reduce compensation to our employees along with other cost sharing measures such as requiring employee contributions to our health plan.

While other cities have reduced their work force, furloughed employees and taken other drastic measures in order to balance our budgets, we have been able to avoid these consequences.

Since we do not subscribe to a "use it or lose it" approach to budgeting, we were able to ask our department heads and staff and to level fund and even reduce their requests and they were willing to do so without the fear that they would sacrifice budget dollars in the future. I commend their efforts for making these tough choices. We also were able to not defer replacement of vehicles and adhere to our planned replacement schedule. We have learned from experience that deferring replacement of vehicles (especially high use items such as patrol cruisers) is not a wise choice as the savings are offset by increased maintenance costs and the consequence of having to dramatically increase equipment expenditures in future years to "catch up" and get back on the planned replacement schedule.

Financial Condition

The financial condition and long term outlook for the City is generally positive. The growth trend of three primary economic indicators supports this view. Though these benchmarks are somewhat flattened for FY 2010 and FY 2011, we are confident that as the economy improves, these indicators will resume increasing as they have done in the past.

- A. Property Values Represent growth in construction and development.
- B. Business Gross Receipts Taxes These taxes are based on a business' gross receipts. As the receipts from the taxes increase, it reflects the health of Valdosta's economy.
- C. General Fund's Ending Fund Balance Reflects the City's ability to meet ever increasing demands for general service while remaining financially sound and fiscally responsible by providing a buffer for short-term fluctuations in the economy.

The following graphs evaluate the growth trends of these factors.

Using the three factors noted above as monitors for evaluating the City's financial condition and considering the City has incurred no general obligation debt since FY 1970 and has maintained a Moody's A and Standard and Poor's A + investment risk rating on the City's Revenue Bonds, it is our opinion that Valdosta will be able to weather this present economic setback and still be able to provide adequate services to our citizens.

Distinguished Budget Award

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Budget Presentation Award to the City of Valdosta for its budget for the fiscal year beginning July 1, 2010.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

This award is valid for one year only. We believe our current budget document continues to conform to program requirements and are submitting this document to GFOA to determine its eligibility for another award.

Conclusion

The opportunity to improve the quality of life in Valdosta through implementation of this budget is an exciting prospect. The daily activities of conducting business with the City are going to improve with new facilities. The completion of additional projects will enhance the future delivery of services to residents. Transportation planning will accelerate projects needed to sustain economic development and growth. Utility expansion will prepare our city for future opportunities.

With many challenges and opportunities still to be met, we cannot and will not rest on our laurels. The visions of the elected officials of this city offer great promise for the future of our community. With continued support, an excellent quality of life for this and future generations will be assured.

Finally, this budget report was prepared with the assistance of each department of the City and with tremendous effort by the Budget Division of the Finance Department. To all those involved in this project, I want to express my appreciation. To the users of this document, I would encourage a detailed examination of the information provided, and I would welcome suggestions for future programs and services which may be addressed in subsequent budgets.

Respectfully yours,

Larry H. Hanson City Manager

Valdosta — A City Without Limits...A Region of Opportunity

THE CITY OF VALDOSTA is a designated Metropolitan Statistical Area. Located off of I-75, US 84, US 41, minutes from I-10, and within hours of several major east coast and gulf maritime ports. It is served by air, through General Aviation and a Commercial Airline at the Valdosta Regional Airport, and connected as a regional rail center by CSX, Norfolk Southern, and Valdosta Railway. There is also a Greyhound bus station. Valdosta is positioned between Atlanta, Georgia and Orlando, Florida on I-75. The City is equal distance between the Atlantic Ocean on the east and the Gulf of Mexico on the southwest. Valdosta covers 31.30 square miles and is situated in the Coastal Plain area of the state with gentle rolling plains averaging 233 feet above sea level.

THE CITY OF VALDOSTA was originally incorporated by an Act of the General Assembly of Georgia on December 7, 1860. Georgia laws 1901, Act Number 213, as amended, provided the basic charter.

THE CITY OF VALDOSTA is known as "**The Azalea City**" because of its plentiful plantings of azaleas that provide beautiful blooms in the spring. The city hosts an annual Azalea Festival in March. Valdosta has several sites listed on the National Historic Register including the beautiful district of Fairview.

THE CITY OF VALDOSTA is governed by an elected Mayor and seven council members with daily operations managed by an appointed City Manager. As authorized by its charter and code, the services provided by the City are General Government (Administration, Human Resources, Finance and Engineering), Judicial (Municipal Court), Public Safety (Police and Fire), Public Works (Streets, Sanitation, Water and Sewer, Storm Water) and Housing & Development (Community Development and Inspections).

THE CITY OF VALDOSTA is Georgia's tenth largest city with a growing population of approximately 45,000 and is the county seat of Lowndes County. Moderate temperatures prevail and outdoor activities occur on a year-round basis. Extremes of temperatures are a rarity due to Valdosta's strategic location. Spring and summer seasons are extended compared to other areas of the United States. High winds seldom threaten the community and rainfall measures about 41.8 inches annually, with snow being a definite oddity. The average annual temperature in Valdosta is 68.4 degrees Fahrenheit.

THE CITY OF VALDOSTA is recognized as the trading, shopping, medical, and business center for a ten-county area in Georgia and Florida. Due to the strategic location, strong industrial and business opportunities, and progressive economy, Valdosta is a great place to live, work, and visit. Valdosta is benefiting from many recent expansions and additions to its growing industry with five industrial parks located within the city limits.

State University, a Regional University of the University System of Georgia and the third largest employer in the community. Approximately 12,900 students are enrolled each semester from Georgia counties, several states, and international countries. Wiregrass Georgia

Technical College, a unit of the Georgia Department of Technical and Adult Education system enrolls approximately 2,400 students per semester.

THE CITY OF VALDOSTA high school is **Valdosta High** home of the Wildcats, nationally known for its football program. The City school system is also comprised of two middle and six elementary schools. Several private schools and special need programs are also in the area to serve the residents. Overall the City school system provides quality education to over 7,000 students annually.

THE CITY OF VALDOSTA Moody Air Force Base is home to the Air Force's 347th Rescue Wing and 479th Flying Fighter Training Group. Located just outside the city limits and is the largest employer in the community. Moody employs about 5000 military and civilian workers. Its economic impact upon the City region is estimated to be \$323 million and it is estimated that over 6,000 people live in the City due to its' presence.

THE CITY OF VALDOSTA health care is provided by **South Georgia Regional Medical Center**, the second largest employer in the community. South Georgia Regional is a short-term, acute care hospital with 335 beds. SGMC offers a full range of services to include: Ambulatory Services, Women & Children, Birthplace, Cardiology, Cardiac Rehabilitation, Community Health Promotion, Open Heart Center, Cancer Center, Diagnostic Imaging, Emergency Room, Hospice, Laboratory, Medical Library, Nursing Services, Nutrition Services, Outpatient Center, Pharmacy, Physical Therapy, Psychiatric & Chemical dependency services, Respiratory Therapy, Social Services, Diabetes and Wound Healing Clinics, Speech Therapy, Surgical Services, Volunteers, and two Walk-In Clinics.

THE CITY OF VALDOSTA social activities includes organized recreation programs for all ages. Residents can enjoy 505 acres of parks, 27 softball and baseball fields, 5 supervised playgrounds, and 15 tennis courts. The outdoor activities are endless, especially for hunting, fishing, water skiing, and golfing. The Valdosta area also has its own amusement park, Wild Adventures, which is a 170-acre family theme park featuring animals, rides, a water park, and shows. Valdosta provides cultural events through Valdosta State University, the Lowndes Valdosta Arts Commission and the Valdosta Symphony Orchestra. The events include plays, concerts, lectures and art exhibits. Valdosta has more than 150 churches and one synagogue to provide spiritual guidance.

THE CITY OF VALDOSTA provides Water and Sewer service to approximately 27,000 customers, with an average daily water consumption of 11 million gallons. Also, the City operates two wastewater treatment facilities. The system has 31 miles of sanitary sewers and over 250 miles of water mains with 2,000 fire hydrants. Georgia Power and Colquitt EMC provided electric service to approximately 20,000 customers.

THE CITY OF VALDOSTA has fifteen commercial banks and one savings and loan institution that serve the financial needs of the community. The City is kept safe by the 185 people employed by the police department and by the fire department that has 7 fire stations and a total of 106 employees.

The following are the ten largest employers in Valdosta:

| Moody Air Force Base | 6,100 |
|------------------------------|-------|
| South Georgia Medical Center | 2,300 |
| Valdosta State University | 2,280 |
| Lowndes County Schools | 1,393 |
| Valdosta City Schools | 1,125 |
| Lowe's Distribution Center | 900 |
| Convergys | 850 |
| City of Valdosta Government | 578 |
| Lowndes County Government | 540 |
| Fresh Beginnings Baked Goods | 500 |
| | |

Total Employment for the City is 61,060.

The unemployment rate for Lowndes County is 9.4%.

THE CITY OF VALDOSTA residents are informed and entertained by one daily newspaper, two area weekly newspapers, eight radio stations, one television station, and two television news bureaus for area stations, as well as Channel 17, the City's cable government access channel.

City of Valdosta, Georgia Mission Statement

Quality Service by Quality People

Quality with Vision

City of Valdosta is to be known by our customers and others for responsive, efficient and high quality municipal service.

What Is Our Mission? Long Term City Goals

- Service with respect to our customers
- Continuous improvements of our relationship with our community and the news media
- Pride—in delivery of our services to our customers at all times
- Increase the approach of being "User Friendly" with the services provided by the City to our customers
- Continue to utilize technology to improve service delivery and customer service

Where Are We Going? Short Term City Goals

- CG1: Begin collection of all necessary information to prepare for the re-negotiation of the Local Option Sales Tax.
- CG2: Continue to work to find a solution to the railroad switching issue. Investigate other communities that have high railroad traffic and how they work with railroad companies to prevent excessive blockage of streets.
- CG3: Re-engage communication with the railroads concerning the condition of railroad crossing throughout the community and begin process to request repair of those crossing that present a safety hazard.
- CG4: Initiate meeting and complete re-districting process including receipt of final approval by the United States Department of Justice prior to qualifying.
- CG5: Prioritize infrastructure replacement including establishment of timelines and identification of funding resources. Utilize the adopted Capital Improvement Plan for infrastructure replacement.
- CG6: Appoint the steering committee for the new Municipal Auditorium project. Complete the planning and design. In addition, present recommendations regarding construction costs and operational costs.
- CG7: Begin preliminary discussion and planning within the City in order to develop a SPLOST VII project list.

City of Valdosta, Georgia Mission Statement

- CG8: Complete project list and submit to the Regional Council for T-SPLOST funding. Inform citizens regarding the fall 2012 T-SPLOST referendum.
- CG9: Continue discussions with the Regional Water Council regarding regional reservoirs to address flooding issues in the City.
- CG10: Prepare for final appeal process with FEMA to include the direct involvement of Senator Isakson, Senator Chambliss, Congressman Bishop and Congressman Kingston.
- CG11: Meet with the City's Georgia Department of Transportation board members to discuss timelines for GDOT funded projects in the City.
- CG12: Host a meeting with the county to discuss common issues.
- CG13: Continue to operate the City in a fiscally responsible manner.

City of Valdosta, Georgia Description of Funds

In order to assist the reader in understanding the budget fully, what follows is a list of all the funds of the City along with a brief description of each. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities, and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Governmental Funds:

General Fund – The principal fund of the City which accounts for all financial transactions not accounted for in other funds. Principal revenue sources are property taxes, sales taxes, fines, intergovernmental revenues, etc. Expenditures are for General Government, Public Safety, Municipal Court, Parks & Recreation, Public Works, and Community Development.

Special Revenue Funds

Confiscated Assets Fund – Accounts for funds confiscated by the Police Department which are used to purchase supplies and equipment.

CDBG/CHIP 01M, 02M, 04M & 06M Grant Funds – Accounts for the receipt of grants from the Department of Community Affairs which is used to build houses for families with low to moderate income.

Local Law Enforcement Grant Fund – Accounts for an annual grant which is awarded to the Police Department based on crime statistics. The funds are generally used to purchase new equipment.

Urban Development Action Grant Fund – Accounts for receipt of grant funds from the U.S Housing and Urban Development which is used for down payment assistance to low to moderate income families.

Federal HUD Grant Fund– Accounts for entitlement grant funds received from the U.S. Department of Housing and Urban Development. These funds are used to complete a variety of community development projects meeting federal guidelines.

Accommodations Tax Fund – Accounts for motel/hotel taxes which are levied to fund the operation of the Rainwater Conference Center, the Annette Howell Center for the Arts and the Valdosta /Lowndes Tourism Authority.

City of Valdosta, Georgia Description of Funds

Capital Projects Funds

Special Purpose Local Option Sales Tax (SPLOST) IV Fund – Accounts for numerous capital improvements throughout the City. Funds are collected from a 1% sales tax approved by the voters of Lowndes County for the period of January 1998 to December 2002.

Special Purpose Local Option Sales Tax (SPLOST) V Fund – Accounts for numerous capital improvements throughout the City. Funds are collected from a 1% sales tax approved by the voters of Lowndes County for the period of January 2003 to December 2007.

Special Purpose Local Option Sales Tax (SPLOST) VI Fund – Accounts for numerous capital improvements throughout the City. Funds are collected from a 1% sales tax approved by the voters of Lowndes County for the period of January 2008 to December 2013.

Airport Development Fund – Accounts for the financing and construction of capital improvements at the Valdosta Regional Airport.

General Capital Projects Fund – Accounts for the finance of various capital improvement projects with funding primarily from General Fund revenues and grants from the Georgia Department of Transportation.

Parks Development Fund – Accounts for the financing and construction of capital improvements to parks with the majority of funding from General Fund revenues and grants through the Heritage Conservation and Recreation Service.

Proprietary Funds:

Enterprise Funds

Sanitation Fund – Established to finance and account for the cost of providing both residential and commercial trash and garbage pickup to the citizens and businesses of Valdosta.

Water & Sewer Fund – Established to finance and account for the cost of providing both water and sewer services to residents and businesses of the City.

Inspection Fund – Established to finance and account for the cost of providing inspection of residential and commercial construction and regulate zoning issues within Lowndes County.

Zoning Fund – Established to finance and account for the cost of providing zoning services and regulate zoning issues within the City.

City of Valdosta, Georgia Description of Funds

Department Of Labor Building Fund – Established to account for the revenues and costs associated with the operation of the building leased to the Georgia Department of Labor.

Storm Water Fund – Established to finance and account for the cost of providing storm water and drainage maintenance service to residents and businesses of the City.

Auditorium Fund – Established to finance and account for the cost of associated with the Mathis City Auditorium.

Motor Fuel Fund - Established to sell gasoline and diesel fuels to other nonprofit and governmental entities. Proceeds from this fund are used to defray costs of operating the City fueling center.

Internal Service Funds

Motor Pool Fund – Accounts for the costs of operating a maintenance facility for the City Government's automotive equipment. The fund purchases automotive equipment and rents the equipment to the user departments for the cost of depreciation, maintenance, fuel, and overhead. The fund is set up to break even; therefore, at the end of the year, an adjustment is done to either increase or decrease the charges made to department throughout the year.

Group Insurance Fund – Accounts for transactions related to the provision of health care benefits for permanent employees of the City. The fund generates revenue by charging each department a set premium per employee and incurs expenses when health care claims are filed and paid.

Worker's Compensation Fund – Accounts for transactions associated with worker's compensation claims for employees of the City. The fund generates revenue by charging each department a premium per employee, based on the job type, and incurs expenses which worker's compensation claims are filed and paid.

Information Technology Fund – Accounts for the cost of providing information technology to the city. User departments are charged for IT services based on hours of service provided and costs incurred on their behalf.

Fiduciary Funds:

Trust and Agency Funds

Cemetery Trust Fund – A non-expendable trust fund used to account for perpetual care of the Sunset Hill Cemetery with revenue generated from the sale of lots. The interest earned on investments is transferred to the General Fund which has a division responsible for the maintenance of the cemetery.
City of Valdosta Organizational Chart

Policies and Objectives Overview

The overall goal of the City's Financial Plan is to link what we want to accomplish over the next year with the resources which are available. Formal statements of budgetary policies and major objectives provide the foundation for achieving this goal. This section outlines the policies used in guiding the preparation and management of the City's overall budget and the major objectives to be accomplished. This section is composed of two parts:

- Budgetary Policies
- Major City Goals Work Program

BUDGET POLICIES

The following policies guide the preparation and execution of the 2011-2012 Financial Plan:

- Financial Policy
- Cash Management
- Budget Basis for All Funds
- Tax Millage Rate
- Motor Pool Equipment Replacement
- Five Year Capital Improvement Program
- Capital Financing and Debt Management

MAJOR GOALS SUMMARY

The Mayor and Council have set the following as goals for the City:

- 1. To Provide a High Quality of Life for the Residents
- 2. To Provide for Economic and Community Growth
- 3. To Provide for Capital and Infrastructure Expansion

Each of the major city goals in the work program support one of the above Mayor and Council Goals.

The budgetary process incorporates many policies in order to assure that the budget is a management plan of action for the fiscal year. The following is a summary of the City's more significant policies applied in the preparation of the annual budget.

A. Financial Policy

The financial policy established the framework for overall fiscal planning and management. The policy set forth guidelines for both current activities and long range planning. The overall goals of the financial policy are:

Balanced Budget – The City is required to adopt a balanced budget each fiscal year by Georgia Code Section 36-81-3. A balanced budget is one in which the sum of estimated revenues and appropriated fund balances is equal to appropriations.

Fiscal Conservatism – To ensure that the City is at all times in solid financial condition, defined as:

Cash solvency – the ability to pay bills Budgetary solvency – the ability to balance the budget Long-run solvency – the ability to pay future costs Service level solvency – the ability to provide needed and desired services

Flexibility – To ensure that the City is in a position to respond to changes in the economy or new service challenges without an undue amount of financial stress.

Adherence to the Highest Accounting and Management Practices – As set by the Governmental Accounting Standards Board and the Government Finance Officer's Association standards for financial reporting and budgeting.

B. Cash Management

In order to maximize interest earnings, the City commingles the cash of all funds excluding the special revenue funds and permanent funds. Interest revenue derived from commingled cash is allocated to the participating funds monthly based on the relative cash balance of each fund. The City only invests in those instruments authorized by Georgia Code Section 36-83-4 and the City investment policy. The criteria for selecting investments and the order of priority are:

Safety – The safety and risk associated with an investment refer to the potential loss of principal, interest or combination of these amounts. The City only operates in those investments that are considered extremely safe.

Liquidity – This refers to the ability to "cash in" at any moment in time with minimal chance of losing some portion of principal or interest. Liquidity is an important investment quality especially when the unexpected need for funds occurs.

Yield – The yield is the potential dollar earnings an investment can provide and sometimes is described as a rate of return. The City's objective is to attain a market rate of return throughout budgetary and economic cycles, taking into

account the investment risk constraints and liquidity needs. Yield is of secondary importance compared to safety and liquidity.

C. Budget Basis for all Funds

The City of Valdosta utilizes the same basis of accounting for budgeting as used in the audited financial statements. The City uses an accrual basis of accounting in budgeting for the proprietary funds. Under this basis, revenues are recognized when earned and expenses are recognized when incurred, regardless of when payment is made. Also, in the Proprietary Funds, purchases of capital items (defined as items \$5,000 or more and at least a one year useful life) are not expensed when purchased but are depreciated over the life of the asset in accordance with Generally Accepted Accounting Principles (GAAP). In order to budget the purchase of capital items in these funds, the City shows an expense in the Capital Outlay account when purchased and a contra-expense in the Capital Outlay Distribution account. This produces no net effect on expenses of the fund while still showing the purchases in the income statements. The governmental funds use the modified accrual basis of accounting for the funds' revenues. Funds must be available by July 31 to be recognized as revenues. The expenditures utilize a budgetary basis which employs encumbrance accounting. If items or services are ordered but not received by June 30, the amount of the purchase is encumbered and carried forward into the next fiscal year. Capital items in these funds are expensed rather than capitalized.

D. Tax Millage

The City's charter allows the city government to set a millage rate of up to 10 mills. In FY 2008 the millage rate was decreased to 4.18 mills. Since FY 2009, the rate has remained at 4.11 mills. The following graph itemizes the City's millage rate for ten years:

E. Motor Pool Equipment Replacement

The City Administration and Finance Department has set a goal to replace the motor pool fleet every five years on average. This is the thirteenth budget year since this plan was initiated, and the fleet continues to be replaced on a regular basis in order to keep maintenance costs to a minimum.

F. Five Year Capital Improvement Program

Each department is required to develop and annually update a comprehensive capital improvement plan.

The plan provides a five year expenditure analysis of a department's need for improvements to land, buildings, and equipment. The threshold for an item to be included in the Capital Improvement Program is \$5,000 and a life greater than one year.

G. Capital Financing and Debt Management

According to Georgia State law, a city's legal debt margin for general obligation debt is ten percent (10%) of the total assessed property values within the city limits. Currently, the City has no outstanding general obligation debt. Currently, the City has three loans with the Georgia Environmental Facilities Authority. The details of these loans are outlined in Section G of this document.

The debt management objectives are:

It is the policy of the Mayor/Council and City Manager that the City of Valdosta shall not issue general obligation debt except in the most dire of circumstances, i.e. natural disaster, major catastrophe, etc. The City has not had any such debt since 1970.

- Long term debt will be confined to capital improvement that cannot be financed from current revenues.
- The payback period of the debt will not exceed the expected useful life of the project.
- Long term debt will not be used for operations.
- The City will maintain good communications with bond rating agencies about its financial condition and will follow a policy of full disclosure on every financial report and bond prospectus.

The City's policies on financing of capital expenditures are as follows:

- The City adheres to a "pay as you go" policy on all capital expenditures except those which are "high dollar" projects with long useful lives, i.e. water/sewer line expansions, expansions of water/sewage treatment facilities, etc.
- Projects that do not meet the above criteria are paid for out of funds that are available within the time period of the acquisition/construction timeframe of the capital expenditure.
- The primary vehicle that the City uses to fund these capital projects is the Special Local Option Sales Tax (SPLOST), which is a voluntary one cent sales tax paid on retail sales within the City. Each SPLOST referendum outlines what the monies may be used for and in what amounts.
- Projects that do not meet the criteria for long-term financing or SPLOST funds are paid for out of other sources such as grants or current revenues (sales taxes, user fees, license fees, etc.).

H. Nonrecurring Revenues

Nonrecurring revenues are those revenues which are of a one-time nature and cannot be reasonably expected to be available beyond the current year. The City's policy regarding nonrecurring revenue sources is as follows:

- The City does not budget nonrecurring revenue sources in preparing the annual budget.
- Grants are not budgeted at the beginning of the fiscal year. The budget for these monies is increased during the course of the year as the qualifying expenditures are made. This is commonly known as the "reimbursement basis". This supports the principle of conservatism in budgeting, which the City is committed to.

The following two graphs show the City's revenue and expenditure history over the last ten years:

Additional discussion concerning revenue sources and trends is contained in Section D of this document.

The City's budget is expected to remain somewhat constant for the foreseeable future. The uncertainty of the national economy, along with the absence of growth in tax revenues is driving the need to maintain services at current levels. The management of the City is committed to matching level of services to available revenue without obligating the City by borrowing funds, i.e. "living within our means".

Total Revenues by Fund and Source

| Revenue Type | General Fund | Special Revenue Funds | Capital Projects Funds | Enterprise Funds | Internal Service Funds | Permanent Funds | Total by Source |
|---------------------------|-----------------|-----------------------------|------------------------------|---------------------|------------------------------|--------------------|-----------------------|
| Taxes | \$23,711,900 | \$1,600,300 | \$8,500,000 | \$0 | \$0 | \$0 | \$33,812,200 |
| Licenses & Permits | 380,200 | 0 | 0 | 866,420 | 0 | 0 | 1,246,620 |
| Intergovernmental | 1,249,071 | 564,554 | 0 | 431,563 | 0 | 0 | 2,245,188 |
| Charges for Services | 426,205 | 0 | 0 | 19,274,400 | 11,346,556 | 0 | 31,047,161 |
| Fines & Forfeitures | 1,401,500 | 0 | 0 | 300 | 0 | 0 | 1,401,800 |
| Interest Income | 37,500 | 200 | 21,000 | 3,000 | 2,000 | 21,500 | 85,200 |
| Contributions & Donations | 0 | 0 | 0 | 0 | 25,000 | 41,000 | 66,000 |
| Miscellaneous | 750,950 | 0 | 0 | 548,200 | 180,000 | 39,000 | 1,518,150 |
| Totals by Fund | \$27,957,326 | \$2,165,054 | \$8,521,000 | \$21,123,883 | \$11,553,556 | \$101,500 | 71,422,319 |

Approved Revenues by Fund

KEY REVENUE SOURCES

One of the analytical tools used during the FY 2012 Financial Planning process was a comprehensive revenue forecast. The forecast considered key revenue projection factors such as changes in population, increase in the consumer price index (CPI) and other growth factors. The trending of these key factors and their effect on revenues provided an historical basis for the revenue forecast.

Sources used in developing these projections include economic trends as reported in the national media. Ultimately, however, the FY 2012 revenue projections reflect the staff's best judgment about the performance of the local economy over the next year and how it will affect the City's revenues. The following provides a brief description of the City's major revenue sources along with the general assumptions used in preparing revenue projection for the FY 2012 Financial Plan.

General Assumptions

The FY 2012 revenue projections are conservatively budgeted to take in consideration the slowing of the economy and the resulting expected decline in revenues.

TAXES

FY 2012 Budget: \$8,400,000 FY 2011 Budget: \$8,860,680 and FY 2010 Actual: \$8,322,130 % of Total Revenue in FY 2012: 11.25%

The City shares with the County 1% of all taxable retail sales occurring in Lowndes County. This tax is collected for cities and counties by the Georgia Department of Revenue (DOR) and is remitted the following month to the local jurisdictions. The percentage of the sales tax allocated to the City is based on a distribution rate agreed on by both the City and the County. The distribution rate was renegotiated and the new rate took effect January 1, 2003, which slightly lowered the City's share of the funds. The amount received by the City is decreased because of a slowing in overall sales as a result of the present economic climate.

SPLOST VI

Special Purpose Local Option Sales Tax VI

This tax is an additional 1% sales tax enacted which is to be collected from January 2008 through December 2013 to fund specific projects voted upon by the citizens. The City is to receive 39.65% of all taxes collected, which is estimated to be \$183,500,000; the City's share would be \$72,757,750. These monies are to fund specific capital projects voted upon by the citizens.

The tax is collected for the local jurisdiction by the Georgia Department of Revenue and distributed the month following to the County Government of the local jurisdiction. The local jurisdiction bills the County Government as the specific project construction costs are incurred.

FY 2012 Budget: \$5,533,500 FY 2011 Budget: \$5,510,000 and FY 2010 Actual: \$5,246,107 % of Total Revenue in FY 2012: 7.4%

Property tax assessment, collection, and apportionment are performed by the Tax Commissioners Office. The City contains approximately 49% of all taxable property within the County. The growth in property taxes is based primarily on the trend of both population and development within the City. In addition, when property ownership changes, improvements are made, or when the Tax Assessors revalue property, the tax base increases due to the reassessed value of property. The actual rate of growth has risen over the past year, hence the slight projection of increase in tax revenues.

FY 2012 Budget: \$4,200,000 FY 2011 Budget: \$3,978,000 and FY 2010 Actual: \$3,782,649 % of Total Revenue in FY 2012: 5.6%

Franchise taxes are levied by the City on a variety of utilities as a percentage of their sales. The City forecasts its changes based upon purchasing trends and price changes in services provided by the private utility companies. The forecasted decrease is a conservative estimate based on the continued depressed economic climate.

FY 2012 Budget: \$2,400,000 FY 2011 Actual: \$2,390,226 and FY 2010 Actual: \$2,454,356 % of Total Revenue in FY 2012: 3.2%

This tax is collected by the Georgia Department of Revenue and returned to the City based upon the percentage of Georgia's population in Valdosta. The State collects 1% of the gross direct premium on all insurance sold in the State. Growth in this tax is estimated to increase by the percentage at which the City's population increases in relation to that of the State. These revenues are cyclical in nature and are based on actual trends.

FY 2012 Budget: \$1,340,000 FY 2011 Actual: \$1,300,312 and FY 2010 Actual: \$1,314,230 % of Total Revenue in FY 2012: 1.8%

Persons conducting business in the City are subject to a municipal business occupation tax. The rate is based upon business' gross receipts for the entire calendar year. The tax is not regulatory and is only imposed for the purpose of raising general purpose revenues. This revenue source is projected to decrease slightly due to the uncertainty of the economy.

Beer and Liquor taxes are paid by the wholesale distributor per container at the time of delivery to the retail store. Growth is estimated upon historic data and population growth. Projections are based on historical trends, thus the increase for FY 2012.

LICENSES AND PERMITS

A fee is charged for the issuance of permits to construct or repair residential or commercial property. The fee is set as a function of the construction costs. The revenues are projected based on the fee structure and the expected construction activity for the coming year. Construction activity in the Lowndes County area has decreased from FY 2010 levels, we are, therefore, projecting a decrease in permit revenues.

INTERGOVERNMENTAL REVENUE

% of Total Revenue in FY 2012: 3.0%

FY 2012 Revenue \$2,245,188

FY 2011 Revenue \$2,432,954

These revenues consist of funds received from the federal government, the State of Georgia and local governments and agencies in the form of grants and entitlements. They are based on the programs and projects that are eligible for participation in a grant or entitlement. Due to the uncertainty of the amount of grants to be awarded in the coming year, the City has chosen to budget conservatively and perform budget adjustments as the grants are awarded. Also, given the wide fluctuations from year to year in the amount of grant funding available and awarded, no ten year trend is presented because it could not be considered useful in analyzing these types of revenues.

CHARGES FOR SERVICES

FY 2012 Budget: \$13,040,300 FY 2011 Budget: \$13,560,960 and FY 2010 Actual: \$12,581,936 % of Total Revenue in FY 2012: 17.5%

The Water and Sewer Fund charges all customers for the services it provides. The revenue is projected to decrease slightly for FY 2012.

Sanitation fees are collected for commercial and residential garbage, yard trash, and roll off collection services. Revenue projection is based on an expected increase in the customer base.

Court fines are derived from fees imposed for the commission of statutory offenses, and are based on historical trends.

Interest income is earned from the use of idle cash assets invested in accordance with the City's investment policy. The projected decrease in Interest Income for FY 2012 is due to the decrease in the amount of investments that the City maintains, as we have utilized some of these funds in FY 2011.

Department Budget Highlights Overview

The following pages present a view of the budget expenditures by Fund, Department, and Division or Program.

Fiscal data is given for each department, division or program for FY 2010-2012.

The count for full time and permanent part-time positions is given for each department and division. In one case the number of full time positions may include a decimal. This is due to having one position split across more than one division causing the position to show as a partial position in two divisions.

Department and division descriptions are given that explain the basic service activities for which the unit is responsible.

Highlights, goals, and objectives are presented which may give highlights of 2011 and may also list departmental and divisional goals and objectives for 2012. Goals that relate to the citywide goals are annotated with the corresponding number. These citywide goals can be found on page A-20 of this document.

The significant accomplishments and changes section details any major changes that the division has undergone or any noteworthy item it has accomplished.

Comparisons of prior-year results of operations and current budget plans are facilitated by the page section, "Performance Measurement Criteria." Standards of measurement established by the operating unit are given for the fiscal-year period 2010. Projections for the year 2011 and 2012 are also given. When data is not available, it will be stated.

The principal fund of the City which accounts for all financial transactions not accounted for in other funds. Principal revenue sources are property taxes, sales taxes, fines, intergovernmental revenues, etc. Expenditures are for General Government, Public Safety, Municipal Court, Public Works and Public Involvement.

General Government

Administration

Significant Accomplishments and/or Changes:

The Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting (CAFR) award this year for a total of 25 years in a row.

Division Objectives:

Prepare the Comprehensive Annual Financial Report (CAFR) and receive the GFOA award. Process vendor invoices in a timely manner. Make necessary correcting journal entries as they occur.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Average number of working days to compile departmental | 10 | 0 | 0 |
| reports | 10 | 9 | 9 |
| Number of audit adjustments | 0 | 0 | 0 |
| Number of consecutive years receiving GFOA's CAFR award | 24 | 25 | 26 |

Budget

The Budget Division assists City departments in making informed choices for the provision of services and capital assets and promotes interested parties involvement in the decision process. Additionally, this division exists to provide for the fiscal soundness of the City of Valdosta by assisting in the preparation and administration of the City's annual operating budget by improving operational productivity and efficiency and by providing accurate and timely budget reports and analyses to be used by management in the policy making process.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$135,987 | \$134,325 | \$146,331 |

Budget Comparisons:

Significant Accomplishments and/or Changes:

Ongoing is the initiation and implementation of the New World Accounting System for collection of miscellaneous billing and deposits. A revised utility billing process has been created to provide the account holder with a more user-friendly billing format. The acquisition of upgraded billing equipment will, in addition, allow citizens written notification of significant information from various city departments. Public Information will now have the capability to mail the quarterly newsletter (The City Beat) through utilization of same equipment and will be included in the utility bill mail out each quarter.

Divison Objectives:

Maintain over and short at a level of .1% of total revenue collection. Maintain adequate documentation of all transactions. Offer multiple payment methods for city utility customers.

| FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |

Economic Development / VSEB

The Economic Development / VSEB Division created to enhance the economy of Valdosta by soliciting new businesses to locate in Valdosta as well as encouraging the expansion of existing enterprises. Also, the division works to equip local small businesses with the necessary tools to effectively compete for government contracts; and eliminate barriers and build capacity for local small businesses to conduct business with the City of Valdosta. This division coordinates and implements various small business programs to provide business opportunities and technical assistance to aid these firms in their growth and contribution to South Georgia's economy.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|---------|----------|---------|

ENGINEERING DEPARTMENT

Department Summary

The Engineering Department is part of the General Government Function. This department includes the Administration, Signal Maintenance, Signs & Markings, Traffic Management Center and Street Repair Divisions.

Expenditure Summary:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$1,401,399 | \$1,394,390 | \$1,389,851 |
| Contractual Services | 1,278,901 | 1,280,738 | 1,342,549 |
| Supplies | 153,430 | 185,752 | 184,310 |
| Travel & Training | 5,617 | 17,825 | 10,120 |
| Other Services | 17,098 | -256,709 | -282,908 |
| Capital Outlay | 48,033 | 35,000 | 31,375 |
| Total Expenditures | \$2,904,478 | \$2,656,996 | \$2,675,297 |
| Positions | | | |
| Full Time | 27 | 27 | 24 |
| Total Positions | 27 | 27 | 24 |

Department Goals:

- 1. Provide construction management for Special Purpose Local Option Sales Tax (SPLOST) and Water/Sewer projects.
- 2. Prepare paving, drainage, and utility construction plans for projects. (CG 5, CG 8)
- 3. Improve safety on arterial and collector streets by installing handicap ramps and repairing major sidewalk hazards.
- 4. Investigate in detail the top 10 most accident prone intersections to determine possible traffic safety improvements.
- 5. To insure that all construction meets the Storm Water Management Ordinance.
- 6. GPS signs on city right-of-way over a three year period.
- 7. Thermo stripe two miles of city streets
- 8. Create walking trail at the end of Ponderosa Drive to intersection of Park @ Pineview.
- 9. Create two miles of shoulder
- 10. Hold bi-weekly meetings with the Utilities Departments to coordinate, plan and discuss projects from the conception through to the completion of each job.

Administration

The Engineering Department's Administration Division is responsible for reviewing plans, preparing construction plans and specifications, obtaining bids, managing contracts, inspecting work on public rights-of-way and other related matters. This division works with each City department to complete capital improvement projects.

Budget Comparisons:

| Funds Generated By Division | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|--------------------------------|-------------------|-------------------|-------------------|
| Engineering Revenues | \$7,415 | \$3,000 | \$3,400 |

Department Goals:

- 1. Maintain City Hall as a historic building on the National Historic Register.
- 2. Provide additional office space for the growing City services.
- 3. Implement energy savings measures in City Hall, City Hall Annex and the Customer Service Building.

Organizational Chart

City Hall

This division maintains the historic City Hall building, which houses the offices of the Mayor and Council, Executive Office, Human Resources and Finance.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$82,027 | \$75,141 | \$81,141 |
| Contractual Services | 103,929 | 116,181 | 94,901 |
| Supplies | 6,537 | 6,100 | 5,000 |
| Travel & Training | 32 | 35 | 0 |
| Other Services | 29,853 | 24,300 | 27,053 |
| Total Expenditures | \$222,378 | \$221,757 | \$208,095 |
| Positions | | | |
| Full Time | 1 | 1 | 1 |
| Total Positions | 1 | 1 | 1 |

Significant Accomplishments and/or Changes:

Implemented energy efficient measures to conserve energy and reduce cost.

Division Objectives:

Maintain City Hall in a clean, safe, and accessible condition. Set clear maintenance standards, conduct building audits, and document results. Maintain historic character of the building.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Number of facility audits/Percent of facility audits showing building cleanliness as satisfactory or better | 92% | 95% | 98% |
| Percent of audits showing "immediate action required" | 4% | 5% | 8% |
| Minor repairs completed within 15 days | 93% | 95% | 98% |

City Hall Annex

This division maintains the daily operation of the City Hall Annex building. The annex is occupied by the Engineering, Community Development & Public Involvement departments.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$47,288 | \$45,271 | \$45,884 |
| Contractual Services | 96,071 | 82,546 | 90,576 |
| Supplies | 4,451 | 6,970 | 4,000 |

| Full Time | 1 | 1 | 1 |
| Total Positions | 1 | 1 | 1 |

Significant Accomplishments and/or Changes:

Implemented energy efficient measures to conserve energy and reduce cost.

Division Objectives:

Provide professional administrative offices where various City departments are based. Provide space for staff meetings, conferences and public hearings. Maintain City Hall Annex in a clean, safe, and accessible condition. Set clear maintenance standards, conduct quarterly building audits, and document results.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Percent of facility audits showing building | | | |
| cleanliness as satisfactory or better | 92% | 95% | 98% |
| Percent of audits showing "immediate action | | | |
| required" | 4% | 5% | 5% |

Customer Service Building

The Customer Service Building Division accounts for the costs associated with operating the Customer Service Building. The Customer Service Building houses Customer Service and the Licensing divisions of the Finance Department.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|----------|----------|----------|
| Expenditures | Actual | Budget | Budget |
| Contractual Services | \$19,910 | \$25,400 | \$20,400 |
| Supplies | 2,052 | 1,500 | 2,500 |
| Other Services | 3,510 | 2,000 | 0 |
| Total Expenditures | \$25,472 | \$28,900 | \$22,900 |

Significant Accomplishments and/or Changes:

Security systems improved throughout the Customer Service building.

Division Objectives:

Provide a clean and friendly environment in which people can conduct business with the City of Valdosta.

Work order completed within fifteen (15) days of notice.

Set clear maintenance standards, quarterly audits, and document results.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Percent of facility audits showing building cleanliness as satisfactory or better | 96% | 97% | 98% |
| Percent of audits showing "immediate action | | | |
| required" | 1% | 3% | 3% |
Other General Administrative

Rental

The Rental Property Division accounts for the costs associated with operating the various rental property.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|---------|---------|----------|
| Expenditures | Actual | Budget | Budget |
| Contractual Services | \$7,146 | \$7,315 | \$39,000 |
| Supplies | 0 | 0 | 3,500 |
| Total Expenditures | \$7,146 | \$7,315 | \$42,500 |

Significant Accomplishments and/or Changes:

Installed and replaced fencing around the property

Division Objectives:

Provide a clean and friendly environment in which people can conduct business with the City of Valdosta.

Work order completed within fifteen (15) days of notice.

Set clear maintenance standards, quarterly audits, and document results.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |

| Full Time | 4 | 4 | 4 |
| Total Positions | 4 | 4 | 4 |

Expenditure Summary:

Department Goals:

- 1. Assure general compliance with State law and local ordinance to enhance the quality of life for all citizens of Valdosta and, in so doing, interpret and apply the law consistently and impartially to protect the rights and liberties guaranteed by the Constitutions of the State of Georgia and the United States of America.
- 2. To provide efficient, ethical handling of all court cases with an emphasis on timeliness, quality customer service, and accessibility.
- 3. To strengthen the accurate and timely processing, maintenance, and protection of all public records of the Municipal Court.
- 4. To ensure that all policies and procedures established by the Judiciary, State Legislature, Mayor and City Council are implemented in a professional and dedicated manner and to ensure accessibility, fairness, and courtesy in the administration of justice.
- 5. To reduce inmate-housing expenses incurred by the City of Valdosta through viable and appropriate alternatives to incarceration when feasible and just.
- 6. To streamline the judicial process for the Citizens and Officers who must appear in Municipal Court while adhering to all legal and legislative procedural requirements.

Organizational Chart

Administration

The Municipal Court serves as the judicial arm of municipal government. The Court hears cases and sentences offenders for violations of state law (Official Code of Georgia) and city ordinance (Municipal Code for the City of Valdosta). These cases include violations of criminal statute, traffic regulations, local code violations, abatement of nuisances, business regulations, housing regulations and environmental issues. The Court utilizes a private probation company for supervision of offenders and collection of fines. The Court also hears cases involving violation of probation as required.

Budget Comparisons:

| Funds Generated By Division | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|--------------------------------|-------------------|-------------------|-------------------|
| Court Fines & Forfeitures | \$1,259,204 | \$1,350,000 | \$1,320,000 |
| Total Funds Generated | \$1,259,204 | \$1,350,000 | \$1,320,000 |
| Categories of | | | |
| Expenditures | | | |

| Positions | | | |
| Full Time | 4 | 4 | 4 |
| Total Positions | 4 | 4 | 4 |

Significant Accomplishments and/or Changes:

Continuation of the Municipal Court Work Alternative Program (WAP). This program has operated as a sentencing alternative since June of 2001. To date, our local community has benefited from 70,040 hours of work completed by over 500 WAP participants on various municipal projects. In addition to providing a productive means of work for participants, this program saved the City approximately 9,164 days of potential incarceration costs (or \$394,052 in fees). Further, some participants have been hired past their service requirements to transform court obligations into permanent gainful employment.

Continuation of the Municipal Court Community Service Program. In the year 2008, Probationers completed approximately 40,000 hours of community service hours at soup kitchens, libraries, non-profit organizations, recreational facilities and public cemeteries. In addition, Probationers donated approximately 18,000 pounds of food to the local food bank.

Continuation of the Municipal Court Release Upon Payment Program (RUPP), which provides the Court with the ability to immediately release inmates upon compliance with previously established probation conditions for offenders who qualify. This program has effectively and dramatically reduced overall inmate housing and administrative costs since its inception.

Continuation of the Municipal Court Electronic Work Release (EWRP) and Monitored Home Confinement (MHCP) programs. This program has also saved the City inmate housing costs. This program allows offenders who qualify to maintain gainful employment while satisfying court or state mandated conditions of probation.

Continuation of the Municipal Court Indigent Defense Program. Changes to this program were made to comply with the Georgia legislature's mandated new qualifications for appointment of legal counsel for those who cannot afford it and qualify under the State's Indigent Defense Guidelines.

Continuation of the Court's participation in the Lowndes County Jail's Work Release Program (WRP) to allow inmates with serious (but non-violent) charges to maintain gainful employment while being housed during non-work hours. This program, which strives to permanently place participants with a job when released from jail, has greatly increased the ratio of successfully completed probations where State law or the manner of probation violation would otherwise mandate incarceration.

Continuation of the Municipal Court Mock Trial Program which began in 2007. The Court hosts a Mock Trial Program where area schools are invited to attend court and witness a mock trial. Students, through the Mock Trial Program, are able to learn about the court system, the functions of the court, the administration of justice and the trial process. In addition to the mock trial, the Valdosta Police Department provides a session on seat-belt safety where students are able to learn the importance of wearing seatbelts and are able to witness a seatbelt demonstration which includes the correct way to wear seatbelts.

Divison Objectives:

Conversion of recordkeeping, accounting and document processing procedures (mandated House Bill EX1) to a software-based system capable of integrating all court functions and responsibilities. (CG 1)

Transfer of records and data processing functions from the Valdosta Police Department to the Municipal Court.

Hiring and training of additional personnel to accommodate new duties and functions upon the transfer of these recordkeeping, accounting and document-processing responsibilities to the Court.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--------------------------------|-------------------|----------------------|----------------------|
| Number of court sessions | 208 | 208 | 208 |
| Dockets processed | 14,102 | 14,500 | 15,000 |
| Defendants placed on probation | 1,550 | 1,600 | 1,650 |

Public Safety

POLICE DEPARTMENT

Department Summary

The Police Department is part of the Public Safety Function. This department includes the Administration Division, Patrol Bureau, Support Services Bureau, Investigative Bureau, and Crime Lab.

| Expenditure S | summary: |
|----------------------|----------|
|----------------------|----------|

| Categories of | FY 2010 | FY 2011 | FY 2012 |

| Full Time | 175 | 170 | 172 |
| Temporary | 18 | 18 | 13 |
| Total Positions | 193 | 188 | 185 |

Department Goals:

- 1. Acquire and implement a new report writing system that is state of the art and that will provide all requirements needed to upgrade the capabilities of the officers and detectives as they document incidents and accidents that occur.
- 2. Implementation of a new law enforcement records management system with a total suite of modules to include incident reporting, accident reporting, crime analysis, and enhanced data searches.
- 3. Continue to replace the department's vehicle fleet by replacing all remaining unserviceable vehicles through the motor pool.
- 4. Maintain the international accreditation by the Commission on Accreditation for Law Enforcement Agencies (CALEA) and the State Certification Program.
- 5. Pursue ASCLAD Crime Lab Accreditation, providing a certified lab which meets national lab standards and adds credibility in the judicial setting.

Administration

The mission of the Valdosta Police Department is to maintain social order within prescribed ethical and constitutional limits while providing professional law enforcement services to the citizens and visitors of Valdosta.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$583,850 | \$649,150 | \$558,176 |
| Contractual Services | \$6,551 | \$17,105 | \$19,116 |
| Supplies | 30,717 | 29,329 | 25,416 |

| Positions | | | |
| Full Time | 8 | 7 | 7 |
| Total Positions | 8 | 7 | 7 |

Significant Accomplishments and/or Changes:

The Valdosta Police Department has opened the Valdosta/Lowndes Regional Crime Lab with limited services being offered in various disciplines such as marijuana identification, fingerprint analysis and firearms examination. The Director of the Crime Lab is in the process of building the laboratory's capabilities and staff and preparing for ASCLD accreditation.

The Valdosta Police Department has purchased new Mobile Data Terminals (MDT) for each patrol vehicle, thereby upgrading the capability of each patrol officer to document the incidents they respond to and communicate through the MDT with other officers.

The Valdosta Police Department has received the tactical robot, an "Andros F6-A" built by Remotec (a division of Northrop Grumman). The robot has been successfully in several exercises involving simulated hostage negotiations and bomb threats.

Division Objectives:

Upgrade the departmental vehicle fleet by replacing 20% per year & maintain a high percentage of citizen satisfaction.

Performance Measures:

*Numbers below are based on calendar year. FY 2010=2009, FY 2011=2010, FY 2012=2011.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--|-------------------|----------------------|----------------------|
| Percentage of vehicles replaced annually | 18.9% | 18% | 18% |
| Percentage of citizen satisfaction from | | | |
| annual analysis of citizen surveys | 92% | 92% | 92% |

Patrol Bureau

This Bureau is responsible for the safety of all Valdosta citizens. The Patrol Bureau handles all calls for service and is responsible for checking and protecting property while the owner is not present. Patrol Bureau includes the following units: Uniform Patrol, Traffic, and Power Squad.

Budget Comparisons:

| Funds Generated | FY 2010 | FY 2011 | FY 2012 |
|-----------------------|-------------|-------------|-------------|
| By Division | Actual | Budget | Budget |

| Positions | | | |
| Full Time | 98 | 95 | 94 |
| Temporary | 18 | 18 | 13 |
| Total Positions | 116 | 113 | 107 |

Significant Accomplishments and/or Changes:

Upgraded in car ticket printer systems by adding newer thermal paper printers to the fleet, replacing some of the older and outdate ink-jet printers. In the process of acquiring one-hundred (100) new computers which will upgrade the MDT computers to be installed in all patrol vehicles. The new computers will replace the older, outdated, failing units and will be permanently mounted. Continue the burglary prevention program (SABER) and worked closely with the Investigative Bureau to increase clearance rates. Maintained an aggressive traffic enforcement program that resulted in only one traffic fatality in 2010.

Division Objectives:

Reduce the number of patrol related accidents by 10% in FY 2011. Increase the number of citizen contacts 25% in FY 2011. Reduce traffic accidents by 12% in FY 2011.

Patrol Bureau continued

| *Numbers below are based on calendar year. FY 2010=2009, FY 2011=2010, FY 2012=2011. | | | | |
|--|-------------------|----------------------|----------------------|--|
| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED | |
| Reduction in patrol related accidents | 30 | 30 | 3 | |
| Increase in citizen contacts | 2,650 | 2,650 | 2,800 | |
| Reduction in traffic accidents | 1,970 | 1,970 | 2,775 | |

Investigative Bureau

The Investigative Bureau is responsible for the investigation of all reported criminal activity within the City of Valdosta. The Bureau includes a Crimes Against Persons Unit, Crimes Against Property Unit, Juvenile Unit, Narcotics Unit, Domestic Violence Unit, Cold Case Squad, Criminalistics and Property Evidence Unit.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$2,067,584 | \$1,769,052 | \$1,764,622 |

| Positions | | | |
| Full Time | 33 | 33 | 28 |
| Total Positions | 33 | 33 | 28 |

Significant Accomplishments and/or Changes:

Part 1 clearance rates exceeded national clearance rates in all areas.

Improve our burglary clearance rates by 8.5% in 2010 compared to 2009; rape clearance rates improved by 52.15% in 2010 compared to 2009; robbery clearance rates improved dramatically by 43.96% in 2010 compared to 2009.

The Narcotic Unit maintained a clearance rates on cases assigned by 71.11% compared to 66.73% in 2009.

Division Objectives:

Increase clearance rates in Part 1 Crimes as reported in the Uniformed Crime Report. Increase drug operations and arrests and compare statistics with previous years. Reduce incidents of domestic violence through proactive investigations. Review and solve homicide cases that are more than one year old.

Investigative Bureau continued

Performance Measures:

*Numbers below are based on calendar year. FY 2010=2009, FY 2011=2010, FY 2012=2011.

*Clearance rates also include 2009 cases cleared in 2010

| Positions | | | |
| Full Time | 32 | 30 | 32 |
| Total Positions | 32 | 30 | 32 |

Significant Accomplishments and/or Changes:

New, updated traffic citations have been acquired and issued to all officers who write citations in accordance with new guidelines implemented by the State of Georgia. These new citations include electronic citations printed in the vehicles by thermal printers.

Georgia Crime Information Center (GCIC) testing and recertification has evolved from using paper to using electronic means via computer. The department is in the process of transitioning from the paper books to all records being stored electronically.

Conducting proper procedures with the Georgia Crime Information Center (GCIC) continued to be a priority. All GCIC computers at the Police Department were transitioned to the new "LEMS/JX Portal" system. Clerks have become thoroughly familiar with the LEMS/JX Portal system which has streamlined the time it takes to negotiate GCIC functions.

A new position has been added to the Training Section to keep pace with the growth of the department and enhance the capabilities of the section to continue offering quality training to the department's 148 sworn officers. Captain Baldwin has implemented a new in-house training schedule that thus far has proven to be more flexible for the officers and the trainers.

Support Services Bureau continued

Major upgrades were done to the Police Firing Range, improving parking capacity, storage of equipment and other items, the construction of a new and improved range tower and an overall better facility. This project was overseen mainly by Lieutenant JoAnn Rofulowitz.

Division Objectives:

Maintain the highest number of student completion rate for the D.A.R.E. program as possible with a goal to reduce or stop drug involvement at an early age by teaching the D.A.R.E. principles.

Provide at least 20 hours of state mandated in-service training hours per officer.

Process all records, reports and other documentation generated by the department's sworn and non-sworn personnel with minimal mistakes by Desk and Records Clerks.

Implement a new court system that will alleviate the need to complete monthly financial reports and other documentation by hand, thus freeing employees to handle other critical tasks.

Performance Measures:

*Numbers below are based on calendar year. FY 2010=2009, FY 2011=2010, FY 2012=2011.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |

| Total Positions | 4 | 5 | 11 |

Significant Accomplishments and/or Changes:

Completed renovations of the John McCranie Building (now the Valdosta/Lowndes Regional Crime Lab) which houses the 17,000 square foot crime lab.

In the process of seeking out qualified candidates for the various Chemists positions at the lab.

Completed the move-in process for all laboratory employees who were working in police headquarters.

Division Objectives:

Hire one (1) Forensic Examiners who will operate the substance analysis equipment (Gas and Liquid Chromatographs) and allow for mandated peer-review for identification of substances.

Work with Detective Stephen Chammoun as he completes his training as a Firearms Examiner.

Attain ASCLAD Crime Lab Accreditation for the Valdosta Regional Crime Lab.

FIRE DEPARTMENT

Department Summary

The Public Safety Function includes the Fire Department. This department includes the Administration, Fire Training, Fire Fighting, Fire Inspection, Fire Maintenance, and Special Services Divisions.

Expenditure Summary:

| Funds Generated | FY 2010 | FY 2011 | FY 2012 |
|-----------------------|-------------|-------------|-------------|
| By Division | Actual | Budget | Budget |
| Fire Revenue | \$14,997 | \$10,000 | \$10,000 |
| Fire Contributions | 0 | 31,000 | 0 |
| Airport Crash Rescue | 318,050 | 268,373 | 270,000 |
| Total Funds Generated | \$333,047 | \$309,373 | \$280,000 |
| Categories of | | | |
| Expenditures | | | |
| Personal Services | \$5,275,411 | \$5,507,516 | \$5,943,636 |
| Contractual Services | 197,941 | 220,832 | 226,227 |
| Supplies | 164,306 | 214,651 | 197,252 |
| Travel & Training | 106,672 | 53,101 | 36,059 |
| Other Services | 311,148 | 325,154 | 364,548 |
| Capital Outlay | 0 | 8,300 | 37,000 |
| Total Expenditures | \$6,055,478 | \$6,329,554 | \$6,804,722 |
| Positions | | | |
| Full Time | 106 | 106 | 106 |
| Total Positions | 106 | 106 | 106 |

Department Goals:

- 1. Work toward obtaining national accreditation status.
- 2. Secure federal grants to purchase self contain breathing air equipment.
- 3. Secure federal funding to purchase diesel truck exhaust removal system.
- 4. Secure federal funding to replace emergency generator at fire station #5.

Administration

The Administration Division administers and implements the established policies of the Fire Department to all divisions.

Budget Comparisons:

| Funds Generated | FY 2010 | FY 2011 | FY 2012 |
|-----------------------|-----------|-----------|-----------|
| By Division | Actual | Budget | Budget |
| Fire Revenue | \$14,997 | \$10,000 | \$10,000 |
| Fire Contributions | 0 | 31,000 | 0 |

| Positions | | | |
| Full Time | 94 | 94 | 94 |
| Total Positions | 94 | 94 | 94 |

Significant Accomplishments and/or Changes:

Continued Community Partners in Education Program & smoke detector campaign. Maintain a Class 2 ISO rating. Distributed bicycles to over 150 children during the Christmas holidays. Continue the "Vial for Life Program" for area senior citizens & annual pastor breakfasts.

Division Objectives:

Conduct weekly visits to all schools as part of CPIE program. Conduct weekly canvassing for door-to-door smoke detector compliance. Perform and/or conduct service on all ISO required mandates. Test, inspect, and service every fire hydrant within city limits.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---------------------------------|-------------------|----------------------|----------------------|
| Community Partners in Education | 255 | 260 | 280 |
| Fire Hydrants | 3,610 | 3,615 | 3,615 |
| Pre-fire Planning | 3,425 | 3,450 | 3,500 |

Fire Inspection

The Fire Inspection Division enforces all applicable fire codes, investigates all suspicious fires for cause/origin, enforces fire lane violation, educates the public through Public Service Announcements and educational programs, and inspects trench / excavation for compliance. It also educates the public in fire prevention by offering the following programs: the Jr. Fire Marshals Program, Neighborhood Watch, puppet shows, and tours of the fire safety house.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$249,248 | \$244,782 | \$253,376 |
| Contractual Services | 3,033 | 3,319 | 4,426 |
| Supplies | 4,994 | 8,447 | 6,719 |
| Travel & Training | 2,120 | 3,565 | 3,459 |
| Other Services | 21,991 | 31,063 | 32,369 |
| Total Expenditures | \$281,386 | \$291,176 | \$300,349 |
| Positions | | | |
| Full Time | 4 | 4 | 4 |
| Total Positions | 4 | 4 | 4 |

Significant Accomplishments and/or Changes:

Held the 5th Annual Junior Fire Marshals Fun Day. Continued annual Poster & Essay Awards and Junior Fire Marshal Program. Continued Neighborhood Fire Watch Program.

Division Objectives:

Conduct fire safety inspections for code compliance.

Utilize department programs to enhance fire safety education programs, such as the fire safety house, puppet shows, station tours, etc.

Sub-divided the city into (12) twelve fire risk districts.

Get more involved with C.P.I.E. now that we have fire safety education.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|-------------------------------------|-------------------|----------------------|----------------------|
| Number of inspections performed | 1,390 | 1,395 | 1390 |
| Number of safety programs conducted | 315 | 320 | 320 |
| Number of neighborhood fire watches | 30 | 32 | 35 |

Fire Department Fire Maintenance

The Fire Maintenance Division performs maintenance on all Fire Department vehicles and equipment. It also schedules preventive maintenance on vehicles and equipment, and it keeps records of all parts and labor used for repair and maintenance.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$114,780 | \$105,611 | \$112,938 |
| Contractual Services | 42,985 | 62,106 | 45,459 |
| Supplies | 51,849 | 58,130 | 58,680 |
| Travel & Training | 0 | 0 | 0 |
| Other Services | 11,192 | 9,890 | 17,918 |

| Total Expenditures | \$95,262 | \$121,728 | \$147,873 |
| Positions | | | |
| Full Time | 2 | 2 | 2 |
| Total Positions | 2 | 2 | 2 |

Significant Accomplishments and/or Changes:

Reorganized ARFF training records in compliance with FAA standards Continued with Valdosta Technical College in the Fire Fighter I and Fire Science Program Implemented the Target Safety training software system

Division Objectives:

Attend single company, multi-company, and night drills to stay certified.

Evaluate the effectiveness of the training received by all department members.

Supervise the work of company officers being utilized as instructors.

Receive reports from all company officers on training activities in which they are involved. Achieve ARFF Georgia State Certification.

Achieve all mandated department required career (catalog) training for all fire personnel. Update the fire training facility.

Acquire other outside agencies for higher level training (specialized)

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--|-------------------|----------------------|----------------------|
| Standards and training hours per firefighter | 140 | 145 | 145 |
| I.S.O. hours per firefighter | 280 | 290 | 290 |
| Total training hours | 280 | 290 | 290 |

Special Services

The Special Services Division coordinates the Hazardous Materials (HazMat) Program/WMD Program, the technical rescue program, arson investigations, promotional testing and entry-level testing programs for the department.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$72,388 | \$72,496 | \$77,559 |
| Contractual Services | 854 | 1,320 | 1,387 |
| Supplies | 347 | 3,670 | 3,070 |
| Travel & Training | 90,013 | 18,516 | 14,400 |
| Other Services | 10,567 | 13,194 | 10,199 |

|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$327,880 | \$409,931 | \$332,778 |
| Contractual Services | 29,865 | 31,796 | 27,239 |
| Supplies | 5,898 | 7,380 | 7,380 |
| Travel & Training | 4,250 | 6,275 | 1,375 |
| Other Services | 564,566 | 422,895 | 480,296 |
| Total Expenditures | \$932,459 | \$878,277 | \$849,068 |
| Positions | | | |
| Full Time | 6 | 6 | 6 |
| Total Positions | 6 | 6 | 6 |

Significant Accomplishments and/or Changes:

Implement Recycle Hub Grant.

Installed solar powered trash and recycling receptacles in downtown corridor.

Division Objectives:

Utilize data processing system and other databases to maintain essential reporting information on a monthly basis.

Become more customer friendly for services provided and reduce the response time for service requests.

Educate the customers in all service areas.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--|-------------------|----------------------|----------------------|
| Staff time spent preparing and submitting each mandated report per month (hours spent) | 16 hrs | 20 hrs | 32 |
| Average response time – service requests | 8 hrs | 8 hrs | 8 hrs |

Residential Garbage

This division is responsible for daily collection of residential garbage and additional small items placed on the curbside.

Budget Comparisons:

| Categories of Expenditures | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|-------------------------------|-------------------|-------------------|-------------------|
| Personal Services | \$311,454 | \$307,245 | \$286,364 |
| Contractual Services | 349,774 | 322,902 | 310,755 |
| Supplies | 40,515 | 57,425 | 97,950 |
| Travel & Training | 0 | 1,050 | 300 |
| Other Services | 278,128 | 304,016 | 468,139 |
| Total Expenditures | \$979,871 | \$992,638 | \$1,163,508 |
| Positions | | | |
| Full Time | 9 | 9 | 9 |
| Total Positions | 9 | 9 | 9 |

Significant Accomplishments and/or Changes:

None

Division Objectives:

Concentrate on collecting small items around the can to prevent enforcement issues.

Complete roll-out cans maintenance for increased efficiency.

Complete house count and collection ratio.

Reduce the number of complaints.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--|-------------------|----------------------|----------------------|
| Percentage of cans collected vs. house count | 95% | 98% | 99% |
| Stops/collection employee/week | 925 | 925 | 2,620 |
| Percent of backdoor services | 13% | 15% | 19% |
| Number of complaints per route per week | 1 | 1 | 1 |

Sanitation Commercial Collection

This division collects and disposes of commercial business solid waste on a predetermined schedule and route.

Budget Comparisons:

| Categories of Expenditures | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|-------------------------------|-------------------|-------------------|-------------------|
| Personal Services | \$276,766 | \$286,254 | \$289,631 |
| Contractual Services | 309,328 | 318,519 | 267,351 |
| Supplies | 26,657 | 41,800 | 36,400 |
| Travel & Training | 0 | 1,300 | 0 |
| Other Services | 250,747 | 276,184 | 255,611 |
| Total Expenditures | \$863,498 | \$924,057 | \$848,993 |
| Positions | | | |
| Full Time | 6 | 6 | 6 |
| Total Positions | 6 | 6 | 6 |

Significant Accomplishments and/or Changes:

None

Division Objectives:

Implement weight scales for FEL truck. Implement volume pricing for customers. Establish cardboard and white office paper collection route. Reduce overtime costs. Increase customers base recycling

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|-----------------------------|-------------------|----------------------|----------------------|
| Percent of overtime reduced | 7% | 10% | 18% |
| Lifts per hour/driver | 18 | 25 | 38 |
| New customers/month | 8 | 8 | 10 |

Sanitation Residential Trash

Collects yard trash from curbside collection program and disposes of material in the inert landfill storage area.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$699,378 | \$811,486 | \$763,199 |
| Contractual Services | 39,578 | 31,111 | 128,782 |
| Supplies | 8,539 | 9,000 | 7,500 |
| Travel & Training | 0 | 600 | 0 |
| Other Services | 559,854 | 597,533 | 394,095 |
| Total Expenditures | \$1,307,349 | \$1,449,730 | \$1,293,576 |
| Positions | | | |
| Full Time | 26 | 26 | 26 |
| Total Positions | 26 | 26 | 26 |

Significant Accomplishments and/or Changes:

None

Division Objectives:

Set operational procedures for crews, trucks, and routing methods.

Re-organize routes for maximum productivity.

Develop route tabulation sheet for each crew to track productivity and service.

Concentrate on cleaning up the debris on the street after collection.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Number of complaints per route per week | 3 | 1 | 1 |
| Percent of accurate service collection days | | | |
| provided per week | 85% | 95% | 98% |

Sanitation Roll-Off Collection

This division collects and disposes of solid waste or yard waste material on a predetermined schedule. Customers rent a roll-off container which is used to deposit the waste and are charged a rental and disposal fee.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$54,219 | \$52,017 | \$53,538 |
| Contractual Services | 23,449 | 41,177 | 25,264 |
| Supplies | 0 | 2,300 | 0 |
| Other Services | 38,877 | 43,664 | 46,376 |
| Total Expenditures | \$116,545 | \$139,158 | \$125,178 |
| Positions | | | |
| Full Time | 1 | 1 | 1 |
| Total Positions | 1 | 1 | 1 |

Significant Accomplishments and/or Changes:

This division was created due to the increasing demand for roll-off services in the surrounding area.

Division Objectives:

Make roll-off containers available for all residential and commercial construction disposals.

Address new sector of collection and increase the awareness of this service among possible customers.

Attract recycling possibilities through C & D material.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|-------------------------------|-------------------|----------------------|----------------------|
| Number of pulls per day | 9 | 15 | 19 |
| Number of customers per month | 25 | 35 | 40 |

Recyclables Collection

This division is responsible for the daily collection of residential recycling material commodities. The division also aids in meeting waste reduction efforts.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$155,053 | \$176,376 | \$171,034 |
| Contractual Services | 19,191 | 18,664 | 12,150 |
| Supplies | 14,342 | 7,000 | 2,100 |
| Travel & Training | 0 | 350 | 0 |
| Other Services | 19,168 | 26,630 | 84,270 |
| Capital Outlay | 0 | 0 | 0 |
| Total Expenditures | \$207,754 | \$229,020 | \$269,554 |
| Positions | | | |
| Full Time | 6 | 6 | 6 |
| Total Positions | 6 | 6 | 6 |

Significant Accomplishments and/or Changes:

Implement Hub Grant for \$425,000 making the City of Valdosta the only recycle center south of Macon, GA.

Implemented single-stream recycling city wide. Amended ordinance to require multi-family dwellings provide recycling.

Division Objectives:

Identify items that are not recyclable and areas where participation is low. Provide extra value added services to our customers such as cardboard and paper collection. Increase customer satisfaction and reduce the number of complaints. Reduce the non-productive time for the crews.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--|-------------------|----------------------|----------------------|
| Number of complaints per route per week | 3 | 2 | 2 |
| Percent of non-productive operating time for | | | |
| crews per week | 5% | 5% | 3% |

Recyclables Distribution

This division maintains accepted recyclable materials, which are processed and baled in preparation for distribution and sale. Maintains accurate records and paper work for recycle collection.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|----------|----------|----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$3,204 | \$35,813 | \$34,411 |
| Contractual Services | 6,594 | 19,450 | 7,716 |
| Supplies | 3,147 | 3,450 | 1,100 |
| Other Services | 2,929 | 4,282 | 2,539 |
| Debt Service | 3,060 | 2,800 | 1,835 |
| Total Expenditures | \$18,934 | \$65,795 | \$47,601 |
| Positions | | | |
| Full Time | 1 | 1 | 1 |
| Total Positions | 1 | 1 | 1 |

Significant Accomplishments and/or Changes:

Purchased and installed a faster, more efficient horizontal baler.

Division Objectives:

Ensure that materials brought into the Recycling Center are separated and free from debris.

Reduce contamination levels in material.

Maintain bale weights for each commodity.

Increase the number of households participating in recycling through education.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Percent of eligible households recycling | 70% | 75% | 75% |
| Number of bales generated monthly per OCC | 85 | 40 | 60 |

Water & Sewer Revenue Fund

The Water and Sewer Revenue Fund is set up to finance and account for the cost of providing both water and sewer services to the residents and businesses of the City. All activities necessary to provide such services are included in the fund, including financing and related debt services.

WATER & SEWER DEPARTMENT

Water & Sewer Department Summary

Water & Sewer is a department within the Public Works Function. It includes Administration, Water Plant, Water Distribution, Warehouse, and Meter Reading, Mud Creek Water Pollution Control Plant, Withlacoochee Water Pollution Control Plant, & Sewer Collection.

Expenditure Summary:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------------|--------------|--------------|--------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$4,339,791 | \$4,753,834 | \$4,651,467 |
| Contractual Services | 1,891,712 | 1,995,739 | 1,959,914 |
| Supplies | 1,005,218 | 1,220,914 | 1,009,087 |
| Travel & Training | 21,718 | 56,170 | 24,434 |
| Other Services | 4,871,827 | 5,130,825 | 5,121,809 |
| Capital Outlay | 13,675,768 | 33,245,000 | 27,661,198 |
| Capital Outlay Distributed | -13,691,587 | -33,245,000 | -27,661,198 |
| Debt Service | 136,863 | 135,600 | 125,040 |
| Total Expenditures | \$12,251,310 | \$13,293,082 | \$12,891,751 |
| Positions | | | |
| Full Time | 108 | 95 | 94 |
| Total Positions | 108 | 95 | 94 |

Department Goals:

- 1. Complete planning requirements for system growth. (CG 5)
- 2. Continue system rehabilitation.
- 3. Continue system operations and technology improvements.
- 4. Obtain funding for Five Year Plan Improvements.
- 5. Upgrade City Water, Sewer, and Drainage facilities. (CG 5)
- 6. Complete Rate Study and 20-year Capital Plan

Water & Sewer Administration

This division plans and directs the operations of all water and sewer divisions and storm water department and provides administrative, clerical, and dispatching services. This division also provides orderly growth of the water and sewer system and drainage system of the City. It manages design, construction, and inspection of new facilities, as well as, enforces City codes and State and Federal regulations concerning delivery of water service, care of public water ways in the city, collection and treatment and discharge of wastewater to the Publicly Owned Treatment Works and discharge of water to the environment.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------------|-------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$661,972 | \$912,117 | \$873,447 |
| Contractual Services | 39,985 | 90,053 | 29,255 |
| Supplies | 45,286 | 37,704 | 28,006 |
| Travel & Training | 7,311 | 16,322 | 8,650 |
| Other Services | 3,731,932 | 4,082,868 | 3,942,833 |
| Capital Outlay | 1,319,151 | 1,210,000 | 13,850 |
| Capital Outlay Distributed | -1,319,151 | -1,210,000 | -13,850 |
| Total Expenditures | \$4,486,486 | \$5,139,064 | \$4,882,191 |
| Positions | | | |
| Full Time | 12 | 16 | 15 |
| Total Positions | 12 | 16 | 15 |

Significant Accomplishments and/or Changes:

The proposed Savannah/Fry street elevated storage tank is currently in design. This tank will replace the smaller and aging existing elevated water tank. The water system is being analyzed to help provide a better service to the citizens and help structure an accurate capital improvement plan. The standards and specifications for water appurtenances are being reviewed and will be submitted to council for approval.

Division Objectives:

Manage the operations, spending and growth of the water plant, water distribution system, warehouse, meter reading system and drainage facilities of the City service area. Provide accurate, timely, and quality reports, correspondence, records, and other clerical and personnel management functions for all water and storm water operations. Receive record, dispatch and provide closure for all incoming requests for service. Manage and inspect new and replacement infrastructure and record "As-Built" information. Implement new technology to assist in water system modeling. Obtain City Council approval of the water standards and specifications.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|-----------------------------|-------------------|----------------------|----------------------|
| Average number of employees | 1 | 1 | 1 |
| Water cost per CCF | \$1.21 | \$1.21 | \$1.33 |

Water & Sewer Water Plant

The Water Plant Division's purpose is to operate and maintain all water supply, water treatment, and water transmission facilities of the City to provide an adequate supply of safe, potable water to meet domestic, commercial, and industrial uses of its customers according to all applicable standards. It also maintains an adequate quantity for fire protection needs of the City.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------------|-------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$717,389 | \$657,831 | \$634,006 |
| Contractual Services | 479,936 | 482,229 | 545,212 |
| Supplies | 426,140 | 425,350 | 386,350 |
| Travel & Training | 4,848 | 5,808 | 3,357 |
| Other Services | 74,272 | 54,431 | 53,290 |
| Capital Outlay | 154,474 | 9,648,000 | 945,000 |
| Capital Outlay Distributed | -158,582 | -9,648,000 | -945,000 |
| Total Expenditures | \$1,698,477 | \$1,625,649 | \$1,622,215 |
| Positions | | | |
| Full Time | 19 | 13 | 13 |
| Total Positions | 19 | 13 | 13 |

Significant Accomplishments and/or Changes:

The new 30" water main has been installed and now we are waiting on final testing before putting in service. Rehabilitation is under way on #4 raw water well, #6 and #7 raw water wells are scheduled to follow. We are still searching for land to develop a new raw water well location.

Division Objectives:

Provide continuous operation of the water plant, wells, and water pumping equipment. Perform regular inspection, preventative maintenance, and replacement of all division equipment and perform emergency maintenance as required and maintain proper maintenance records. Measure the volume of water produced and performs routine and special chemical and bacteriological analysis of the raw and finished water. Maintain proper training and certification of all division personnel. Fine tune the treatment process in order to provide the best product to the water users.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---------------------------------------|-------------------|----------------------|----------------------|
| Average volume of water treated (MGD) | 10.50 | 11.150 | 11.500 |
| Average volume of water sold (MGD) | 8.200 | 8.400 | 8.400 |
| Power purchased, 1000KWH/year | 9,500 | 9,800 | 10,000 |
| Avg. purchased power cost, cents/KWH | 6.5 | 7.05 | 7.50 |
| Fluoride samples out of range | 1.0% | 1.0 | 1.0 |

Water & Sewer Water Distribution

The Water Distribution Division maintains more than three hundred (300) miles of water mains to deliver treated water to the customers of the City and approximately twenty thousand (20,000) meters and meter services whose purpose is to measure service to the customer. Division personnel install new meters and provide service to the public.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------------|------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$553,529 | \$705,597 | \$649,167 |
| Contractual Services | 15,117 | 12,997 | 16,763 |
| Supplies | 170,788 | 347,750 | 244,650 |
| Travel & Training | 3,307 | 10,200 | 3,200 |
| Other Services | 90,938 | 56,187 | 161,612 |
| Capital Outlay | 4,195,521 | 900,000 | 10,331,750 |
| Capital Outlay Distributed | -4,207,232 | -900,000 | -10,331,750 |
| Total Expenditures | \$821,968 | \$1,132,731 | \$1,075,392 |
| Positions | | | |
| Full Time | 16 | 16 | 16 |
| Total Positions | 16 | 16 | 16 |

Significant Accomplishments and/or Changes:

This department has increased knowledge of the water distribution system through the water certification training program. Made contact with more vendors to provide access to needed and better equipment. Electronic meters will be installed throughout the City. A flushing program was implemented to ensure a good quality of water throughout the system.

Division Objectives:

Perform preventative and emergency maintenance on all water mains, valves, and fire hydrants including flushing of mains, operation and testing of valves and hydrants, repair of leaks and breaks, and replacement of obsolete equipment. Install new meters for all customers requesting service from the City and to maintain all meters including replacement as necessary. Provide customer service by responding to request for assistance and for location of facilities and for information. Implement a valve exercising program as well as have all Water Distribution personnel certified.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--------------------------------------|-------------------|----------------------|----------------------|
| New meters installed annually | 500 | 500 | 4166 |
| Miles of new mains installed | 12.0 | 18.0 | 16.40 |
| New fire hydrants installed annually | 65 | 85 | 116 |
| Miles of mains maintained | 310 | 320 | 320 |
| Miles of mains replaced | 0.5 | 2.0 | 4.0 |
| Fire hydrants replaced | 5 | 10 | 18 |

Water & Sewer Warehouse

The purpose of the Warehouse Division is to maintain an adequate stock of supplies and materials needed to carry on the functions of the department and maintain proper records to account for the cost of materials used for each purpose and to replenish stock levels in order that materials will be available. The division maintains proper housing to provide secure storage of valuable inventories in an atmosphere that will protect the materials from the elements.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$50,329 | \$39,576 | \$42,747 |
| Contractual Services | 25,226 | 24,752 | 39,439 |
| Supplies | 11,679 | 23,850 | 8,700 |
| Travel & Training | 0 | 235 | 235 |
| Other Services | 35,266 | 42,823 | 47,979 |
| Total Expenditures | \$122,500 | \$131,236 | \$139,100 |
| Positions | | | |
| Full Time | 1 | 1 | 1 |
| Total Positions | 1 | 1 | 1 |

Significant Accomplishments and/or Changes:

As the City continues to use new technology and improve efficiency, the Warehouse has been involved with the purchasing department to sell surplus items on the Internet to dispose of outdated equipment and supplies and also to earn additional income.

Division Objectives:

Maintain an adequate stock of common materials as well as specialty items that are required to maintain the water mains, hydrants, and services and other infrastructure of the water system. House the material and maintain a system to locate and disburse all items as needed and account for the cost of materials used. Take advantage of the savings inherent with bulk purchasing of needed items. Automate purchasing, receiving, and issuing of all stock items. Implement CMMS maintenance program.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Number of requests per year / average | | | |
| number of days before item is disbursed | 3000/2 | 3050/2 | 3075/2 |
| Percent of items stocked within seven (7) | | | |
| days of receipt | 98 | 98 | 98% |
| Percent of inventory outdated and sold at | | | |
| surplus sale | 0 | 0 | 1% |

Water & Sewer Meter Reading

The Meter Reading Division maintains account records for the meter services of all customers of the Water and Sewer System and reads all meters monthly. Meter Reading also checks the readings and transmits each customer's monthly consumption into the data processing system for billing. The division turns the water on for all new customers and off for departing customers.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$467,849 | \$472,839 | \$466,110 |
| Contractual Services | 84,837 | 79,536 | 108,840 |
| Supplies | 89,693 | 47,253 | 59,848 |
| Travel & Training | 214 | 1,385 | 734 |
| Other Services | 44,759 | 83,300 | 81,132 |
| Capital Outlay | 91,159 | 250,000 | 0 |
| Capital Outlay Distributed | -91,159 | -250,000 | 0 |
| Total Expenditures | \$687,352 | \$684,313 | \$716,664 |
| Positions | | | |
| Full Time | 11 | 11 | 11 |
| Total Positions | 11 | 11 | 11 |

Significant Accomplishments and/or Changes:

The meter readers, as a whole, have attained a consistent error rate of 1% or less. Service technicians ensure that citizens receive same day water services even as daily work orders continue to increase in number. The department is reviewing and redesigning the way meter routes are being read in order to improve efficiency.

Division Objectives:

Maintain the accuracy levels the department has currently achieved. Provide ongoing assistance to Customer Service in their efforts to provide same day water services to the citizens of Valdosta. In order to increase productivity, office personnel will assign daily work orders to servicemen according to their location. Continue to assist Water Distribution in achieving their meter change-out goal of 5000.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--|-------------------|----------------------|----------------------|
| Number of customer's meters read monthly | 21,600 | 21,900 | 22,000 |
| Number of water customers billed monthly | 19,750 | 19,950 | 20,000 |
| Percent of rechecked readings before billing | 4% | 4% | 4% |
| Percentage of customer requesting rereads | 0.2 | 0.02 | 1% |
| Annual service orders performed | 28,000 | 31,400 | 33,000 |

Water & Sewer Mud Creek Plant

The Mud Creek Plant Division operates and maintains the Mud Creek Water Pollution Control Plant (WPCP) facilities and the associated Mud Creek Sewer Outfall and Knights Creek Sewer Outfall. It also delivers all wastewater collected in the basin to the plant and properly treats the water, removes, and properly disposes of all pollutants before discharge of the water to the environment.

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------------|-------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |

Budget Comparisons:

Significant Accomplishments and/or Changes:

Significant growth has occurred in the service area served by the plant; and replacement of lift stations, sewer outfalls, and the upgrade/expansion of treatment plant are projects that are under way. The upgrade/expansion project of the plant is on schedule and should be completed this year with start-up of new east train in March. A project to upgrade solids handling at plant has been approved, and will start construction this year. Survey/inspection project of main trunk lines to plant began in February.

Division Objectives:

Provide continuous operation of the plant and pumping equipment.

Perform regular inspections, preventative maintenance and replacement of all division equipment. Perform emergency maintenance as required and maintain proper maintenance records.

Measure the volume of water treated, perform routine and special analysis of the influent and effluent, maintain records and provide reports of plant operations.

Maintain proper training, certification of all division personnel and provide reports of plant operations.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--|-------------------|----------------------|----------------------|
| Average volume of wastewater treated daily (MGD) | 2.7 | 3.0 | 3.2 |
| Average daily influent BOD, Mg/1 | 223 | 220 | 225 |
| Average BOD removal as % of influent | 99% | 98% | 98% |

| Positions | | | |
| Full Time | 12 | 12 | 12 |
| Total Positions | 12 | 12 | 12 |

Significant Accomplishments and/or Changes:

The City continues to upgrade and replace sewer outfalls and rehab collector sewers to cut down on infiltration and inflow which uses capacity that could be utilized for growth and it is a factor in sewer overflows. Increased the dependability of it pump stations located at Big Country Club, Pumping Station 94, Eastwind, Rogers St. The CCTV camera truck has been very helpful in determining issues with the sewer mains. We have also sent several members of the staff off for training to improve their knowledge in the wastewater field and purchased numerous tools and equipment to improve proficient and safety.

Division Objectives:

Budget Comparisons.

Make improvements on our preventative and emergency maintenance program and to stock more essential parts and create a computerized inventory program. To perform more preventative maintenance on all sewer lines, manholes, and pump stations (cleaning of lines, repairing of leaks to limit infiltration and inflow, unstopping services, repairs to lift stations, improvement to grounds) and to have all of this data entered in the field on a laptop computer / GPS and then stored in the CMMS system. To provide all existing or new citizens, business, and industries within the city sewer system a well maintained service be it through regular maintenance program or replacement if necessary. Respond to requests for assistance, location of facilities, and information in a timely manner. To provide the sewer collection staff with more training in all areas of the work that we do be it work zone safety, confined space entry, or any other training program to help them do their job in a more proficient and safer manner.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|----------------------------|-------------------|----------------------|----------------------|
| Miles of sewers maintained | 265 | 270 | 270 |
| Miles of new sewers added | 4 | 6 | 6 |

Water & Sewer

Debt Service Summary

The Debt Service section accounts for the costs of borrowed funds to operate the Water and Sewer enterprise. The section accounts for the interest and fiscal charges made on the Water and Sewer Revenue Bond Series 1991, and two Georgia Environmental Facility Authority loans. This money was used to construct the Mud Creek Pollution Control Plant, the Withlacoochee Water Pollution Control Plant, the Guess Road Water Plant, and water tanks and distribution lines.

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|--------------------|-----------|-----------|-----------|
| Expenditures | Actual | Budget | Budget |
| Debt Service | \$136,863 | \$135,600 | \$125,040 |
| Total Expenditures | \$136,863 | \$135,600 | \$125,040 |

Inspection Fund

The Inspection fund is set up to finance and account for the cost of providing inspection of residential and commercial construction within Lowndes County.

INSPECTION DEPARTMENT

Inspection Department

Department Summary

The Inspection Department includes Administration.

Expenditure Summary:

| Categories of Expenditures | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|-------------------------------|-------------------|-------------------|-------------------|
| Personal Services | \$844,749 | \$805,346 | \$831,669 |
| Contractual Services | 42,455 | 32,851 | 33,988 |
| Supplies | 6,277 | 15,618 | 12,118 |
| Travel & Training | 5,058 | 6,825 | 3,000 |
| Other Services | 293,623 | 251,149 | 241,103 |
| Total Expenditures | \$1,192,162 | \$1,111,789 | \$1,121,878 |
| Positions | | | |
| Full Time | 15 | 14 | 14 |
| Total Positions | 15 | 14 | 14 |

Department Goals:

- 1. Provide "Continuing Education" seminars for our construction public.
- 2. Continue to get all personnel certified within their field.
- 3. Maintain and improve communication with our community through pamphlets, brochures, newsletters, in-house seminars, and to continue to seek out and use the latest technology available.
- 4. State Contractors' License, providing assistance for all persons that wish to apply for state license.

Inspection Department

Organizational Chart

Inspection Department Administration

The Administration Division is responsible for ensuring compliance of all ordinances for building, plumbing, electrical, mechanical, and gas codes in addition to the Historic District Ordinance. This also includes Permitting, Plan Review, and Investigation.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$844,749 | \$805,346 | \$831,669 |

| Total Positions | 15 | 14 | 14 |

Significant Accomplishments and/or Changes:

95% of personnel have been certified within their fields.

Divison Objectives:

Plan Reviewer to have plans approved and ready for permitting within 45 work days of submittal date, applies to plans which have complete information upon submittal and also excludes unusually large jobs.

Inspection to complete all scheduled inspections within 24 hours of the time the request is reviewed.

To conduct (3) classes per year for contractors for continuing education requirements

Continue to cross train all personnel within each division.

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Percentage of plans completed within 10 days | 95% | 95% | 95% |
| Percentage of inspections completed in 24 hours | 95% | 95% | 95% |
| Percentage of personnel which have completed their certification within 3 years | 95% | 95% | 95% |

Zoning Fund

The Zoning Fund is set up to finance and account for the cost of providing zoning services and regulate zoning issues within Lowndes County.

Zoning

Department Summary

The Planning and Zoning Office is a division within the Community Development Department.

| Expenditure Summary: | | | |
|----------------------|-----------|-----------|-----------|
| Categories of | FY 2010 | FY 2011 | FY 2012 |
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$207,780 | \$234,849 | \$246,924 |
| Contractual Services | 59,993 | 46,413 | 6,089 |
| Supplies | 2,614 | 9,809 | 5,582 |
| Travel & Training | 5,499 | 27,306 | 18,615 |
| Other Services | 108,369 | 172,722 | 254,327 |
| Total Expenditures | \$384,255 | \$491,099 | \$531,537 |
| Positions | | | |
| Full Time | 4 | 4 | 4 |
| Total Positions | 4 | 4 | 4 |

Department Goals:

- 1. Maintain and improve communication with the community through informational materials, an up-to-date website, bi-monthly email blasts of the Planners Post, monthly Planners Roundtables, and personal interaction.
- 2. Provide opportunities for specific discussion and education with the general public, and specifically the development community, sign industry, board of realtors, and home builders association.
- 3. Provide efficient and effective customer service by processing all applications in a timely manner and ensuring processes are as streamlined as possible.
- 4. Periodically update Land Development Regulations (LDR) to reflect pro-business environment, improve the quality of life for our citizens, and promote orderly growth and development.
- 5. Efficient and fair administration of City Codes and policies related to land development.
- 6. Provide expertise and diligence in fulfilling special planning projects, which serve the City's mission and purpose.

Organizational Chart

Community Development Director

Planning and Zoning

Zoning

Planning & Zoning Division

The Planning & Zoning Division strives to ensure quality growth and land development consistent with the Greater Lowndes 2030 Comprehensive Plan. This goal is achieved through the effective implementation of the Land Development Regulation and efficient processing of land use cases; business license requests; sign permit applications; and building plan reviews. The Planning & Zoning staff strives to provide the community with continual education and awareness regarding the City's Land Development Regulations, Comprehensive Plan, and general land planning and development principles.

| Categories of Expenditures | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|-------------------------------|-------------------|-------------------|-------------------|
| Personal Services | \$207,780 | \$234,849 | \$246,924 |
| Contractual Services | 59,993 | 46,413 | 6,089 |
| Supplies | 2,614 | 9,809 | 5,582 |

| Positions Full Time | 4 | 4 | 4 |
| Total Positions | 4 | 4 | 4 |

Budget Comparisons:

Significant Accomplishments and/or Changes:

- The Planning and Zoning Division has completed the implementation of the three Signature Community Initiatives as of May 2010.
- The Division's Historic Preservation program enjoyed a productive FY11, completing and promoting the grant-funded Sunset Hill Cemetery interactive website in May 2010, planning and coordinating many of the City's Sesquicentennial events, including the City Hall Centennial and Time Capsule burial, and the 2010 Preservation Awards. With the Historic Preservation Commission, the Division implemented the "Demolition by Neglect" policy, whose goal is to encourage property owners to maintain and repair contributing buildings in the historic district. Working with the Main Street office, the Division provided assistance to downtown property owners concerning historic preservation tax incentives.
- The Division continues to educate the community on the Land Development Regulations and other projects through its newsletter, *The Planners Post*, distributed on a bi-monthly basis to a sizeable email distribution list.

Zoning

Divison Objectives:

Process all business tax applications within 72 hours. Review all building plans within 4 days. Review all sign applications within 5 days. Host monthly (12) discussion hours with the development community, sign industry, home builders association, and/or general public.

Performance Measures:

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|--|-------------------|----------------------|----------------------|
| Percentage of business tax applications with 72 hours | 98% | 96%* | 97% |
| Percentage of plans reviewed within 4 days | 95% | 95%* | 96% |
| Percentage of sign applications reviewed within 5 days | 98% | 97%* | 98% |
| Number of discussion hours hosted | 12 | 9 | 10 |

* ~90% of all delays related to need for additional information or need for action by applicant

Department of Labor Fund

This fund is set up to account for the revenues and costs associated with the operation of the building leased to the Georgia Department of Labor.

Department of Labor

This division maintains the Department of Labor building. The building was built by the City for the Central Valdosta Development Authority.

Expenditure Summary:

| Funds Generated By Division | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|--------------------------------|-------------------|-------------------|-------------------|
| Rent | \$469,157 | \$469,157 | \$470,000 |

| Total Expenditures | \$361,233 | \$352,681 | \$395,630 |

Storm Water Fund

The Storm Water Fund is set up to finance and account for the cost of providing storm water and drainage maintenance services to the residents and businesses of the City. All activities necessary to provide such services are included in the fund.

Storm Water

Department Summary

Storm Water is part of the public works function and falls under the City Engineer. It includes Administration and Drainage and Storm Sewer Maintenance.

| Expenditure Summary: | | | |
|----------------------|-------------|-------------|-------------|
| Categories of | FY 2010 | FY 2011 | FY 2012 |
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$585,898 | \$670,782 | \$791,857 |
| Contractual Services | 143,375 | 160,672 | 124,758 |
| Supplies | 47,156 | 47,346 | 47,900 |
| Travel & Training | 2,217 | 3,200 | 1,900 |
| Other Services | 300,264 | 364,023 | 415,707 |
| Total Expenditures | \$1,078,910 | \$1,246,023 | \$1,382,122 |
| Positions | | | |
| Full Time | 14 | 14 | 19 |
| Total Positions | 14 | 14 | 19 |

Expenditure Summary:

Department Goals:

- 1. Maintain compliance with Georgia EPD Phase II requirements as stated in the City's approved Notice of Intent (NOI).
- 2. Perform daily maintenance of City drainage systems to ensure proper flow of storm water.
- 3. Review a minimum 10% of the storm water utility billing system and related geographic information system (GIS) to ensure accuracy on an annual basis.
- 4. Document and digitally map areas prone to flooding within the storm water system.
- 5. Study and prioritize issues affecting Sugar Creek and seek funding to implement solutions.
- 6. Coordinate with the Engineering Department to update the Master Storm Water Management Plan so that it reflects the City's current storm water situations and outline projects that are more reflective of both water quality and quantity issues with innovative solutions that can be successfully implemented. (CG 5, CG 9)

Storm Water Administration

The purpose of the division is to plan, direct, and administer the storm water utility system including billing of customers, maintenance of storm water facilities and streams, educating City employees and the public about protecting the streams and environment, and enforcement of regulations.

Budget Comparisons:

| Categories of Expenditures | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|-------------------------------|-------------------|-------------------|-------------------|
| Personal Services | \$105,616 | \$126,675 | \$175,846 |
| Contractual Services | 6,545 | 8,331 | 8,529 |

Storm Water

Drainage & Storm Sewer Maintenance

This division exists to establish a systematic program of preventive maintenance to clean all silt, growth and debris from storm sewer pipes, drainage structures, catch basis and drainage ways of the City of Valdosta. This division also makes any needed repairs in order to reduce flooding and standing water.

Budget Comparisons:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-----------|-----------|-------------|
| Expenditures | Actual | Budget | Budget |
| Personal Services | \$480,282 | \$544,107 | \$616,011 |
| Contractual Services | 136,830 | 152,341 | 116,229 |
| Supplies | 43,346 | 43,796 | 43,100 |
| Travel & Training | 290 | 1,150 | 1,150 |
| Other Services | 141,143 | 174,280 | 310,354 |
| Total Expenditures | \$801,891 | \$915,674 | \$1,086,844 |
| Positions | | | |
| Full Time | 12 | 12 | 17 |
| Total Positions | 12 | 12 | 17 |

Significant Accomplishments and/or Changes:

Successfully implemented best management practices as identified in the NOI Maintained compliance with Phase II storm water requirements

Division Objectives:

Develop a preventive maintenance program and train employees in current operational methods Keep all drainage facilities clean and repaired in a condition to minimize flooding and standing water Improve the City storm water infrastructure

Performance Measures:

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |
|---|-------------------|----------------------|----------------------|
| Feet of storm sewer pipe cleaned and maintained | 18,511 | 19,963 | 20,000 |
| Feet of canals maintained | 336,830 | 289,973 | 200,000 |
| Catch basins inspected and/or cleaned | 1,905 | 1,777 | 1,500 |
| Outfalls inspected | 233 | 173 | 150 |

Auditorium Fund

The Auditorium Fund accounts for the revenue and costs associated with operating the Mathis City Auditorium.

Mathis Auditorium

This division maintains the Mathis Auditorium which houses a multipurpose room of five thousand (5,000) square feet and a twelve hundred (1,200) seat auditorium.

Expenditure Summary:

| Funds Generated By Division | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|--------------------------------|-------------------|-------------------|-------------------|
| Auditorium Rental | \$31,379 | \$45,000 | \$50,000 |

Motor Fuel Fund

Sales of gasoline and diesel fuel to other non-profit and governmental entities are accounted for in the Motor Fuel Fund. Proceeds from this fund are used to defray costs of operating the city fueling center.

Motor Fuel Gasoline/Diesel Resale

The Motor Fuel Fund is used to account for the proceeds of sales of motor fuel to other governmental and non-profit entities. These funds are used to defray the cost of operating the city fueling center.

Expenditure Summary:

| Funds Generated By Division | FY 2010 Actual | FY 2011 Budget | FY 2012 Budget |
|--------------------------------|-------------------|-------------------|-------------------|
| Fuel Sales | \$398,697 | \$349,000 | \$522,000 |
| Interest Income | 134 | 0 | 0 |
| Total Funds Generated | \$398,831 | \$349,000 | \$522,000 |
| Categories of | | | |
| Expenditures | | | |
| Supplies | 388,204 | 340,000 | 510,000 |
| Other Services | 241 | 310 | 500 |
| Total Expenditures | \$388,445 | \$340,310 | \$510,500 |

Divison Objectives:

To enhance revenues of the City while providing other governmental entities fuel at a lesser cost than they could obtain otherwise, benefiting taxpayers as a whole.

Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost reimbursement basis.

Motor Pool Fund

The Motor Pool Fund accounts for the cost of operating a maintenance facility for the City Government's automotive equipment. The fund purchases automotive equipment and rents the equipment to the user departments for the cost of depreciation, maintenance, fuel, and overhead. The fund is set up to break even, therefore at the end of the year, an adjustment is done to either increase or decrease the charges made to departments throughout the year.

Motor Pool

Department Summary

The Public Works Function includes the Motor Pool Department. This department has one division, the Garage Division, which provides maintenance and repair to the entire City's vehicle fleet and small engine equipment.

Expenditure Summary:

Department Goals:

1. Revise the operating structure and technical capabilities of the Maintenance/Motor Pool Center.

Motor Pool Garage Divison

The Garage Division provides scheduled and unscheduled preventive maintenance and repairs for ten city departments. It also maintains an increasing fleet inventory of over 450 pieces of equipment and vehicles. This includes small engine repairs and welding assignments.

Budget Comparisons:

Significant Accomplishments and/or Changes:

Bring vehicles 29-03, 25-17 and 25-18 up from nearly unusable status for past 2 years to vision ready

Divison Objectives:

Communicate mandatory compliance service letters to all departments regarding service schedule. Revise and reduce time allowances for services of vehicles.

Train all mechanics in proper procedures for computer applications.

Excel in an advanced preventive maintenance schedule.

Train personnel to make cost effective repairs and in the new PSD fleet management software.

Performance Measures:

| Activity | FY 2010 ACTUAL | FY 2011 PROJECTED | FY 2012 PROJECTED |

| computerized | 100% | 100% | 100% |

Group Insurance Fund

The Group Insurance Fund accounts for transactions related to the provision of health care benefits for permanent employees of the City. The fund generates revenue by charging each department a set premium per employee and incurs expenses when health care claims are filed and paid.

Group Insurance

The Group Insurance division accounts for medical payments, administrative payments to the third party administrator, the premium for the stop loss coverage insurance policy, and the bank service fees for the Group Insurance Fund.

Expenditure Summary:

| Categories of | FY 2010 | FY 2011 | FY 2012 |
|----------------------|-------------|-------------|-------------|
| Expenditures | Actual | Budget | Budget |
| Contractual Services | 659,959 | 620,000 | 850,000 |
| Other Services | 3,510,809 | 4,010,000 | 4,470,000 |
| Total Expenditures | \$4,170,768 | \$4,630,000 | \$5,320,000 |

Worker's Compensation Fund

The Worker's Compensation Fund accounts for transactions associated with worker's compensation claims for employees of the City. The fund generates revenue by charging each department a premium per employee, based on the job type, and incurs expenses which worker's compensation claims are filed and paid.

Worker's Compensation

The Worker's Compensation division accounts for the medical, indemnity, and administrative payments made to or on behalf of City employees who have been injured on the job.

Expenditure Summary:

Department Goals:

- Continue to deploy Enterprise Resource Planning (EPR) system Utility Billing module
- Reduce Data Processing cost
- Reduce total communication cost associated with landline phones, mobile phones and Internet
- Reduce the City's dependency on paper and print related products
- Provide technology support to all departments within the City

Organizational Chart

Information Technology

Information Technology is responsible for managing the day to day operation of the technology/communications functions and for providing services to support and enhance the operation of city departments. It is further responsible for management, planning, needs assessments, inventory control, long range planning, budgeting, software and hardware recommendations, network operation, system security and overall operation of all technology and communications related functions and services. This division also acts as monitor and liaison between outside technology and communications service providers and the City.

Permanent Funds are used to account for assets held by the city in a trustee capacity or as an agent for private individuals, organizations or other governmental agencies. These funds include non expendible trust and agency funds.

Cemetery Trust Fund

A non-expendable trust fund to provide perpetual care for the Sunset Hill Cemetery. For reporting purposes, there are two distinct sections of the cemetery, designated New Section and Old Section. The primary difference between the two sections is that the sale price of lots in the New Section includes perpetual care, whereas in the Old Section, perpetual care is sold separately. Interest income earned on investments is transferred to the General Fund to aid in maintaining the cemetery.
Sunset Hill Permanent Fund

This division accounts for the expenditures to provide perpetual care for the Sunset Hill Cemetery.

| Total Expenditures | \$4,170,768 | \$4,630,000 | \$5,320,000 |

Capital Improvement Program

This section outlines the capital projects (those which exceed \$5000 in cost) to be undertaken by the City.

City of Valdosta, Georgia Capital Plan Overview

The Capital Improvement Program has been created to give users of this document an understanding of the capital plan for the City in the next five years. In order to be considered as part of the capital plan, an item or project must cost at least \$5,000 and have a useful life of greater than one year. The capital plan is divided into three separate areas in order to aid the users of this document. The areas are as follows: Capital Plan Summary, Capital Plan Detail, and Capital Plan Impact on Operating Budget.

Capital Plan Summary – Groups the capital projects into six separate sections and provides a summary by department or type of project for each section. It also shows the method of funding for the projects. This is designed to provide a brief overview of the type of projects the City is planning for the next five years and the funding. Additionally, under each section a summary is given to provide explanations for some of the projects which are budgeted in that area.

Capital Plan Detail – This also groups the capital projects into six sections like the summary. The detail lists each project which has been budgeted, along with the amount of funding in each year, and the source of that funding. Within each of the six sections, the projects are first sorted by which fund the item is being purchased in, then by which department or division will be using the capital item. Therefore, each fund has a total of the capital items budgeted in that section, and each department has a total of capital items budgeted within each fund. At the end of each section, a Total by Source of Funds list has been created to give a summary of the funding for that section. At the end of the entire list of capital projects, a Source of Funds list has been included which gives the total funding sources for the City's capital plan. Lastly, there is a summary of capital projects by department.

Capital Plan Impact on Operating Budget – In order to provide the users of this document with a better understanding of the long term impacts of capital purchases, this section has been included. Projects are sorted by the fund, department, and division on which they will impact the operating budget, regardless of which fund they were purchased or constructed in. For each item which is expected to impact the operating budget, an estimate has been made to determine what the amount will be. If an item is not expected to have an impact, then it is not included in this section. All amounts are the finance department staff's best estimates based upon the information available at the time this budget was published.

The approved capital listed above will be used to replace or upgrade machinery and equipment within these departments. The Administration Department capital funds will be used to replace a dictation system that has no service agreement due to age. The current system requires frequent maintenance and replacement parts are hard to obtain. The capital funds for the Engineering Department will be used to replace the boom lift equipment so that it will be safe to work over on going traffic. Also, a thermoplastic premelter will be purchased to melt the thermoplastic instead of waiting for the thermoplastic hand unit. The Police Department capital funds will used to purchase a copier and a dell computer server for the Investigation Division. Also a dell computer server will be purchased for the Administration Division. The Fire Department approved capital will be used to purchase an emergency generator for Station 5 and a cascade air filling system for the Fire Fighting Division. The Water Department will be replacing and repairing miscellaneous equipment in the Water Plant division. Mud Creek Sewer Plant, and the Withlacoochee Plant will used the approved capital fund to replace and do the maintenance on the existing equipment. A scanner will be purchased in the Community Development Department.

The Water and Engineering Departments are working together planning water, sewer, street and other infrastructure improvements due to the expansion of the water system and growth of our community. Capital funds were approved to upgrade and install water mains and rehabilitation of collector sewer and manholes. The capital funding for Water Distribution and Sewer Collection will be used to make needed repairs and upgrades on water and sewer lines due to the increase demand for water and sewer services. Funding has also been approved for a chlorine dosing and recirculation pump station to maintain adequate chlorine residuals at furthest points in the distribution system . The Savannah Fry Elevated Water Storage Tank replacement was approved due to age and deterioration.

Mud Creek and Withlacoochee treatment plants approved capital funds will be used to renovate and expand the existing plants for additional treatment capacity to meet the future needs of the City. Funding has been approved to increase the capacity of the City's water and sewer plants. due to handling a higher capacity than originally designed. In addition, new force main, pump stations, headworks and EQ Basin for the Withlacoochee Plant will be designed and constructed to eliminate repetitive failures due to flooding.

The Engineering Department approved capital funds will be used to improve traffic and intersections throughout the City due to new housing developments and businesses. Also, improvements and expansions will be made to streets and sidewalks. Drainage improvements will include Hightower Creek Control Structure, Upgrading Browns Canal Ponds, Shirley PI Detention Pond and Lake Laurie.

The Motor Pool Fund is used to purchase vehicles for the City of Valdosta. The new vehicles are rented to the departments for the cost of maintenance, repairs, overhead, and depreciation. The City has a five year rotation on all cars and a seven year rotation on trucks in order to avoid the increased maintenance costs and down time associated with older vehicles. The majority of the vehicles approved are replacements necessary to comply with the rotation schedule and will have minimal impact on the operating budget.

Debt Service Requirements

This section outlines the outstanding debt obligations and the amounts in the current and future years to retire such debt.

Debt Service Requirement Overview

This section summarizes the debt service obligations of the City at the beginning of the 2011-2012 Fiscal Year. These obligations represent the City's annual installment payments of principal and interest for previous capital improvement plan projects or acquisitions funded through debt financing. The following is a description of each lease or bond obligations existing at July 1, 2011.

Georgia Environmental Facilities Authority (GEFA) Loan #92-033-SW

- Purpose: To purchase land for the Wetherington Road Landfill
- Maturity Date: 2014
- Original Principal Amount: \$250,000; July 1, 2011 Principal Outstanding \$51,448
- Interest Rate: 4.05%
- Funding Source: Sanitation Fund

Georgia Environmental Facilities Authority (GEFA) Loan #DW97-036

- Purpose: Water main replacements and upgrades
- Maturity Date: 2024
- Original Principal Amount: \$3,793,935; July 1, 2011 Principal Outstanding \$3,471,881
- Interest Rate: 3.0%
- Funding Source: Water and Sewer Revenue Fund

Georgia Environmental Facilities Authority (GEFA) Loan #CWSRF 08-003

- Purpose: Water main replacements and upgrades
- Maturity Date: 2031
- Original Principal Amount: \$18,774,520; July 1, 2011 Principal Outstanding \$18,613,470
- Interest Rate: 3.0%
- Funding Source: Water and Sewer Revenue Fund

Georgia Environmental Facilities Authority (GEFA) Loan #2006-153WJ

- Purpose: Water main replacements and upgrades
- Maturity Date: 2031
- Original Principal Amount: \$7,553,410; July 1, 2011 Principal Outstanding \$7,553,411
- Interest Rate: 4.12%
- Funding Source: Water and Sewer Revenue Fund

Water & Sewer

Original Loan Value: Incomplete Quarterly Payment: \$83,208.12 Interest Rate: 4.12% Payment Due: Monthly - beginning April 1, 2011

City of Valdosta, Georgia Manning Chart Summary

This section details the City's positions for each department and division. The chart is organized first by fund, then department, and lastly by division. The first column after the position name gives the pay grade for that position. The current pay grades range from 5 to 26. The Mayor and Council have a set salary therefore the pay grade is classification as MAC. The City Manager, Judge and Moody Support Director positions are unclassified and the pay grade classification would be indicated as UNC. TEM denotes a temporary or part-time employee, and CO1 denotes a contract employee.

The subsequent four columns in the manning chart detail the number of each position for the given period as expressed in Full Time Equivalent Units (FTE's). An FTE is a unit of measurement for positions. Using FTE's, a temporary or part-time positions is given a fraction of the weight attributed to full time positions in order to show the number of temporary positions required to create one full time position. Lastly, the final column of the chart indicates the actual number of employees approved for FY 2012 based on actual personnel, not FTE's. This column reflects total personnel on payroll, both full and part time, as well as any overhires authorized by the City Manager. This is done to give a clear and accurate picture of staffing.

Overall, four new full time positions were approved for FY 2012. What follows is a brief description of the positions requested and/or approved in each department for FY 2012.

Administration: No changes

Human Resources: No changes

Finance: No changes.

Engineering: In the Administration Division, a Contracts Administrator was requested but not approved. Also, in Administration a title change was requested and approved upgrading the Instrument Tech/GIS Coordinator to GIS/Real Property Administrator. In the Signal Maintenance Division, a request to change the title of the Traffic Operations Technician to a Signal Supervisor was approved.

Other General Administrative: No changes

Municipal Court: A Solicitor was requested but not approved.

Police: In the Patrol Bureau Division, a Housing Authority Officer was requested and approved. Also, two Forensic Examiners in the Crime Lab were requested and approved.

City of Valdosta, Georgia Manning Chart Summary

Fire: The Fire Fighting Division requested but not approved five additional fire fighters.

Public Works: No changes.

Public Involvement: No changes.

Sanitation: No changes.

Water & Sewer: No changes.

Budget Process

In preparation for the 2011 - 2012 Budget, several key events, retreats, and meetings were held and documents produced which significantly affected its development. In formulating the budget, Mayor and Council, City Manager and Department Heads follow the guidance of the Comprehensive Plan in assessing their needs and requirements for continuing to provide high quality services to the citizens.

The Comprehensive Plan is a document which was formulated by the City and the South Georgia Regional Development Commission outlining expected growth, population trends, and infrastructure needs of the City.

Mayor and Council Planning Retreat

The Mayor and Council and City Manager also meet with an outside facilitator for their annual retreat. The purpose of this retreat is to discuss current issues facing the City as well as formulate goals they would like the City to accomplish over the next two to three years. As part of this process, the department heads' programs and projects are reviewed and discussed. The Council develops a work program based on their goals and the department heads' requested objectives. This work program is then shared with departments.

Policy

Per the City's Charter Section 4.42, the Mayor and Council shall provide by ordinance for the adoption of an annual operating budget, a capital improvement program and a capital budget which it shall apply to all departments and agencies of the City. The budget will be submitted by the City Manager to the Mayor and Council for its consideration prior to the commencement of the ensuing fiscal year.

Responsibility

Department heads are responsible for preparing their budgets in accordance with the guidelines provided by the Budget Division of the Finance Department and other special instructions provided by the City Manager. Finance will provide cost experience data as may be required by any City department. The Deputy City Manager of Administration, Financial Services Manager and the Budget Division will prepare all revenue, debt service, and payroll estimates. The Budget Division will confirm the completeness of all departments' budgets. If a budget is found to be incorrect or incomplete, it will be promptly sent back to the originating department head for correction. The corrected budget will be returned to the Budgeting within three working days. The Budget Division will not change any department request without notification of the affected department head.

Budget Process

Budget Preparation

The calendar used to prepare the budget is presented following this section. Development of the operating budget begins in December of each year. The process provides department heads an opportunity to examine their programs(s), to propose changes in current services, to recommend revisions in organization and methods, and to outline requirements for capital outlay items.

Budget Review

During the budget review phase, the Budget Division reviews each department's expenditures for the current year and makes their estimates. The Budget Division analyzes requests for new positions, operating budgets, and capital budgets.

The information is then compiled and presented to the City Manager. The City Manager, Deputy City Manager of Administration, Financial Services Manager and the Budget Division staff conduct meetings with each department head to review their requested budgets. At the completion of these meetings, and with the City Manager's recommendations, the Budget Division recompiles the financial data and presents the recommended budget to the City Manager for financial review. The City Manager reviews all department budgets and makes reductions and adjustments according to his judgment and expertise based on his long career with the City.

Budget Adoption

The City Manager presents the proposed budget to the Mayor and Council for their review. A public hearing is held, and after requested changes are made, the budget is adopted by ordinance.

Budget Implementation

The Budget Division establishes a budgetary control system that will insure compliance with the budget. The Budget staff is responsible for setting up the budget for tracking purposes and is tasked with making sure the funds are available during the year to cover expenditures and appropriations.

Budget Revisions

Any changes in total fund appropriations must be approved by the Mayor and Council. Shifts in appropriations within funds, at the department level, may be done administratively on the authority of the City Manager. As per the Personnel Policy, the City Manager may transfer, demote, suspend or reinstate employees. Per this authority, shifts in appropriations relating to personnel changes may be done administratively by the City Manager. The Deputy City Manager Administration is authorized to transfer budget amounts within a department. Budgets for the City may

Budget Process

be increased or decreased as the Mayor and Council deems appropriate. Increases that are greater than the forecasted revenues must be approved by the City Council. A public hearing is not required if the undesignated fund balance is sufficient to cover the increase.

| | Mayor & Council budget hearings |
| June 2011 | Budget Adopted |

| ACCRUAL BASIS | A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent. |
|----------------------------------|--|
| AD VALOREM PROPERTY TAXES | Taxes levied on an assessed valuation as of January 1 of real and/or personal property, based on a millage rate set by the Mayor and Council. |
| ADJUSTMENTS | Corrections given to water, sewer, and sanitation billing customers for errors that could resulted from a misread of the meter, the resident being out of town not using the sanitation service, and /or the resident having a plumbing problem. |
| AIRPORT AUTHORITY | A commission of members appointed by the City of Valdosta and Lowndes County to oversee the operation of the Valdosta Lowndes County Regional Airport. |
| APPROPRIATION | An authorization made by the City Council which permits the City to incur obligations and to make expenditures of resources. |
| APPROPRIATION ORDINANCE | The formal budgetary document enacted by the legislative body (Mayor and Council) which contains all approved appropriations for the fiscal year. |
| AUTHORIZED PERSONNEL (POSITIONS) | The total number of personnel (positions) authorized for employment in a particular department or division at any given time during the fiscal year. |
| AUTO AD VALOREM | Taxes levied on an assessed valuation as of January 1 of automobiles within the city limits of Valdosta, based on a millage rate set by Mayor and Council. |
| AVAILABLE FUND BALANCE | Financial resources carried forward at the end of a fiscal year which have not been reserved or designated for a specific purpose such as working capital. These resources are considered "available" to finance future budgets. |
| BANK OCCUPATION TAX | A tax levied on banks within the city limits. |
| BALANCED BUDGET | A budget in which planned funds available equal planned expenditures |

| BEER TAX | A privileged tax paid per ounce of beer purchased, acquired, or received by a dealer during the license year. |
|-------------------|--|
| BOND | A form of borrowing (debt financing) which reflects a written promise from the city to repay a sum of money on a specified date at a specific interest rate. Bonds are used to finance large capital projects such as buildings, streets, and utility infrastructures. |
| BUDGET | A financial plan for a specific period of time (fiscal year) that matches all planned revenues and expenditures with various City services. |
| BUDGET ADJUSTMENT | A legal procedure utilized by City staff to revise a budget appropriation. City staff has the prerogative to adjust expenditures within or between departmental budgets according to budget policy, but no increase in the total budget can occur without approval of the City Council. |
| BUDGET CALENDAR | The schedule of key dates or milestones which the City follows in the preparation, adoption, and administration of the budget. |
| BUDGET DOCUMENT | The instrument used by the City Manager to present a comprehensive financial plan to the City Council. |
| BUDGET ORDINANCE | The official enactment by the City Council legally authorizing City Officials to obligate and expend resources. |
| BUDGETARY BASIS | The accounting method used to estimate financing sources and uses in the budget. |
| BUDGETARY CONTROL | The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues. |
| BUDGET MESSAGE | Included in the opening section of the budget, the Budget Message provides the Mayor and Council and the public with a general summary of the most important aspects of the budget, changes from the previous fiscal year, and the views and recommendations of the City Manager. |

| BUDGET POLICIES | General and specific guidelines that govern financial plan preparation and administration. |
|---|--|
| BUILDING PERMITS | Revenue obtained from businesses and or individuals for the right to erect structures. |
| BUSINESS OCCUPATION TAX | Revenues from taxes assessed on enterprises conducting business within Valdosta city limits. |
| CAPITAL EXPENDITURE | Includes expenditures which result in the acquisition of/or addition to fixed assets. They must have a cost of over \$5,000 and a useful life greater than 1 year. |
| CAPITAL PROJECTS FUND | A fund type used to account for financial resources used for the acquisition or construction of major capital facilities. |
| CAPITAL IMPROVEMENT BUDGET | The Capital Improvement Plan (CIP) as approved by the City Council. The Capital Budget is based on a set of long-term capital improvement programs. When the CIP is reviewed each year, the programs are approved for the current year and included in one of the various funds for the current year. |
| | |
| CAPITAL IMPROVEMENT PROGRAM | A plan for capital expenditures to be incurred each year over a five (5) year period. This plan will meet the Capital needs as defined in the long-term work program of departments and other agencies of City government. The program sets forth each project in which Valdosta is to be involved, and specifies the resources estimated to be available to finance the projected expenditures. |
| CAPITAL IMPROVEMENT PROGRAM CAPITAL IMPROVEMENT PROJECTS | year over a five (5) year period. Purchase of lots in the cemetery now includes payment for perpetual |

| CHARGES FOR SERVICE | Charges for current services exclusive of revenue of public utilities and other public enterprises. |
|--------------------------|---|
| CHIP | An acronym for Community Home Investment Project Grant. |
| CIP | An acronym for Capital Improvement Program |
| CONTAINER SALES | Sales of large containers, 4 yard, 6 yard, or 8 yard capacities, to be used by commercial enterprises for their sanitary waste disposal. |
| CONTINGENCY | Monies budgeted for uncertainties with future appropriation to be approved by Mayor & Council. |
| CONTRACTUAL SERVICES | Services provided by outside vendors that have contractual agreements with the City of Valdosta to provide maintenance and public utilities. |
| CONTRIBUTIONS | Monies donated to the government by individuals, companies or agencies to be used for specific purposes. |
| COUNTY INSPECTION | Revenue earned from Lowndes County for the cost of the Inspection Department. |
| D.A.R.E. | An acronym for Drug Abuse Resistance Education. |
| DEBT INSTRUMENT | Methods of borrowing funds, including general obligation bonds, revenue bonds, and certificates of participation. |
| DEBT SERVICE | The amount of money required to pay serial maturities for serial bonds and interest on outstanding debt. |
| DEBT SERVICE FUNDS | A fund type used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. |
| DEBT SERVICE REQUIREMENT | The amount of money necessary for scheduled payment of outstanding debt, both principal and interest, becoming due during the fiscal period, and contributions which may be required to accumulate monies for the future retirement of bonds. |
| DEFICIT | An excess of expenditures or expense over revenues and resources. |
| DEPARTMENT | A major administrative unit of the City with overall management responsibility for an operation or a group of related operations within a functional area. |

| DEPRECIATION EXPENSES | Depreciation of capital assets within the various enterprise funds. |
|-----------------------|---|
| ELECTION FEES | Fees levied on the qualifying candidates to cover the cost of the election process. |
| ELECTRICAL PERMIT | Revenue from businesses and individuals for the right to perform electrical work. |
| ENCUMBRANCES | Commitments related to unperformed (executory) contracts for goods and services. Used in budgeting, encumbrances are not GAAP expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed. |
| ENTERPRISE FUNDS | A fund type in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to insure that revenues are adequate to meet all necessary expenditures. |
| EPA | An acronym for Federal Environmental Protection Agency. |
| EXAMINATION FEE | Revenues from the examination given to various contractors to see if they qualify to be licensed to do operate within the city limits. |
| EXPENDITURE | Decreases in net financial resources. Expenditures include current expenses requiring the present or futures use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlement and shared revenues. |
| EXPENSES | Outflows or other consumption of assets or incurrence of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or general operations. |
| FAA | An acronym for the Federal Aviation Administration, a department of the United States Federal Government. |

| FIDUCIARY FUND | A fund category used to account for activities in which the government is acting as an agent (collecting funds belonging to another agency) or trustee (managing pension plans for employees or holding gifts/endowments). This category includes one fund type: trust and agency fund. |
|----------------------------|--|
| FINANCIAL INSTITUTIONS TAX | An annual business occupation tax upon state and national banking associations, federal savings and loan associations, and state building and loan associations at a rate of .0025 times the gross receipts of said institutions. |
| FINANCIAL PLAN | A document which establishes management policies, goals, and objectives for all functions, departments, and divisions within the City for a fiscal year. |
| FINES & FORFEITURES | Fines and forfeitures include monies derived penalties imposed on, or property forfeited by, persons involved in the commission of statutory offenses, violations of lawful administrative rules and regulations, or the neglect of official duty. |
| FISCAL YEAR | The time period designated by the City signifying the beginning and ending period for recording financial transactions. Valdosta has specified July 1 to June 30 as its fiscal year. |
| FORFEITED PROPERTY REVENUE | Monies derived from confiscated deposits held as performance guarantees. |
| FRANCHISE TAXES | Taxes levied for the privilege granted by the City of Valdosta permitting the continuing use of public property, such as city streets by regulated public utilities. |
| FRINGE BENEFITS | Total employer's share of social security, medicare, taxes, hospitalization, dental, disability, worker's compensation, deferred compensation, long term disability, unemployment, and retirement contributions made on behalf of City employees. |
| FTE | An acronym for full time equivalent unit. |
| FULL TIME EQUIVALENT UNIT | A part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year. For example, a part-time typist working for 20 hours per week would be equivalent to .5 of a full-time position. |

| FUNCTION | A group of related programs crossing organizational (department) boundaries and aimed at accomplishing a broad goal or major service. The six functions in the City's financial plan are: General Government, Judicial, Public Works, Parks, Recreation and Cultural Affairs, and Economic Development. |
|---------------------------------------|---|
| FUND | A fiscal and accounting entity which is comprised of a self-balancing set of accounts which reflect all assets, liabilities, equity, revenue, an expenditures (or expenses) necessary to disclose financial position and the results of operations. Funds are established as individual entities in order to segregate financial records for the purpose of legal compliance, different natures of the activities performed, measurement of different objectives, and to facilitate management control. The six generic fund types used by the City are: General Fund, Special Revenue, Capital Projects, Enterprise, Internal Service, and Trust and Agency. |
| FUND BALANCE | Refers to the excess of assets over liabilities and is therefore also known as surplus funds. |
| GAAP | An acronym for Generally Accepted Accounting Principles which are uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles. |
| GA DOT | An acronym for the Georgia Department of Transportation, a department of the Georgia State government. |
| GA DEPARTMENT OF COMMUNITY AFFAIRS | A department with the Georgia State government. |
| GEFA | An acronym for the Georgia Environmental Facilities Authority. |
| GENERAL FUND | The primary operating fund of the city. All revenues that are not allocated by law or contractual agreement to a specific fund are accounted for in the General Fund. With the exception of subvention or grant revenues restricted for specific uses, General fund resources can be utilized for any legitimate governmental purpose. (See Fund) |

| GENERAL OBLIGATION BONDS | Bonds sold to raise revenue for long-term capital financing that requires approval by referendum. In Georgia, the debt ceiling is ten percent of the assessed value of all taxable property. The cost of financing is spread over the life of the improvement so that future users help to repay the cost of the improvement. |
|---|---|
| GENERAL SALES AND USE TAXES GEOGRAPHICAL INTER FACE SYSTEM | Taxes imposed upon the sale or consumption of goods and/or services generally with few or limited exemptions. A computerized system that draws maps of the County and cities within the county, which includes all information pertaining to the land use. |
| GFOA | An acronym for the Government Finance Officers Association. |
| GGFOA | An acronym for the Georgia Government Finance Officers Association. |
| GIS | An acronym for Geographical Interface System. |
| GMA | An acronym for the Georgia Municipal Association. |
| GOAL | A statement of broad direction, purpose, or intent. |
| GOVERNMENTAL FUND TYPES | Funds used to account for the acquisition, use and balances of expendable resources and related current liabilities – except those accounted for in proprietary funds and fiduciary funds. Expendable assets are assigned to a particular governmental fund type according to the purposes for which they are to be paid. The difference between assets and liabilities of governmental fund types is referred to as fund balance. The measurement focus in these fund types is on a determination of financial position and changes in financial position (sources, uses and balances of financial resources), rather than net income determination. Under current GAAP, there are four governmental types: general, special revenue, debt service and capital projects. Currently, the City has no outstanding general obligation debt and therefore is not using a debt service fund. |
| GRANT | A contribution by a government or other organization to support a particular function. |

| GRANT PROJECTS | Major construction and improvements funded by various grants. The second digit in the four digit account grouping will represent the various projects; the third digit will represent the sub-projects; the last digit will be the various line item expenditure/expense classifications for the grant. |
|-------------------------------|--|
| GROSS RECEIPTS & BUSINESS TAX | Taxes levied in proportion to gross receipts on business activities of all or designated types of businesses. |
| GROUP INSURANCE FUND | This fund accounts for transactions related to the provision of health care benefits for permanent employees of the city. |
| HAHIRA PERMITS | Inspection services provided by the Inspection Department for building, electrical, plumbing, and mechanical services in Hahira, Lowndes County. |
| HAZMAT | An acronym for hazardous materials. |
| HOUSE BILL 489 | Passed during the 1997 Georgia State Legislative session, House Bill 489, also known as the Service Delivery Strategy Act, seeks to establish fair and equitable distribution of services for all citizens throughout the state's respective cities and counties. |
| INFRASTRUCTURE | Basic installations and facilities upon which the continuance and growth of a community depend; examples include roads and public utilities. |
| INSPECTION FUND | This fund is set up to finance and account for the cost of providing inspection of residential and commercial building with Lowndes County, the demolition of sub-standard housing within the city limits of Valdosta, and to regulate zoning issues within Lowndes County. |
| INSURANCE | Premium expense for all insurance bought by the City other than that insurance provided to employees through the payroll system. |
| INSURANCE PREMIUM TAX | A tax on the gross direct premiums received during the preceding license year. |
| INTANGIBLES | Tax levied on intangible personal property such as securities, mortgages and cash based on returns filed with the State of Georgia. |

| INTER-GOVERNMENTAL REVENUES | Revenues from other governments in the form of grants, entitlements, shared revenues, or payments in lieu of taxes. |
|--------------------------------------|--|
| INTER DEPARTMENTAL | Allocation of costs for services performed by a division for another division or capital project. |
| INTEREST INCOME | Revenue earned for the use or detention of money i.e.: Accounts Receivable for paving assessment, investment in Savings Accounts, Treasury Bills, Repurchase Agreements and Certificates of Deposit. |
| INTERAL SERVICE FUNDS | A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis. |
| INVESTMENT | Commitment of funds in order to gain interest or profit. All investments made by the City are secured by the full faith and credit of the Untied States government of issued by agencies thereof. |
| ISO | An acronym for the Insurance Service Organization. |
| LAND BANK | Land acquired by the city and held for future use. |
| LAND/LAND IMPROVEMENTS | Capital expenditures for acquisition or development of land or improvements to existing City owned land will be charged to this account. |
| LEASE PURCHASE | Method of acquiring high cost equipment or property and spreading payments over a specified period of time. |
| LEVY | To impose taxes for the support of government activities. |
| LINE-ITEM BUDGET | A budget that lists each expenditure category (salary, materials, services, etc.) separately, along with the dollar amount budgeted for each specified category. |
| LIQUOR TAX | A privilege tax for the right to sell alcoholic beverages. |
| LOCAL LAW ENFORCEMENT BLOCK GRANT | Federal grants to local governments for a wide range of local law enforcement activities, including hiring and training of law enforcement officers, procurement of equipment and technology, establishment or support of drug courts, and other crime prevention activities. |

| LOWNDES COUNTY | The county in which the City of Valdosta resides. It also refers to the county government of which the City of Valdosta is the largest city and the county seat. |
|-----------------------------|---|
| MAJOR CONSTRUCTION PROJECTS | Includes projects and improvements that are not funded by a grant. |
| MAJOR FUND | A fund whose revenues, expenditures/expenses, assets or liabilities are at least 10% of corresponding totals for all governmental or enterprise funds. The General Fund is always a major fund. |
| MECHANICAL PERMIT | Revenue from businesses and individuals for the right to install heating and air conditioning equipment. |
| MILLAGE RATE | The ad valorem tax rate expressed in terms of the levy per thousand dollars of taxable assessed value. |
| MISCELLANEOUS REVENUE | All revenue of that cannot be classified in one of the other categories. |
| MOBILE HOME TAX | Taxes levied on an assessed valuation as of January 1 of mobile homes within the City limits of Valdosta, based on a millage rate set by Mayor and Council. |
| MODIFIED ACCRUAL BASIS | A basis of accounting recommended for use by governmental funds in which revenues are recognized in the period in which they become available and measurable, and expenditures are recognized at the time a liability is incurred pursuant to appropriation authority. |
| MOTOR POOL FUND | This fund accounts for the cost of operating a maintenance facility for automotive equipment. The fund purchases the automotive equipment and leases the equipment to user departments on a predetermined per mile basis or a monthly rate based on accumulated historical costs. |
| NEW SERVICE FEE | A fee for establishment of new utility accounts. |
| NICHOLS | A local contractor who qualified as a builder for homes built with the federal Urban Development Action Grant Program. |

| NOC | An acronym for utility accounts that are not on the computer billing by error. This is used by water, sewer, and sanitation. |
|---------------------------------|---|
| NON BUSINESS LICENSES & PERMITS | Revenues from all non business licenses and permits levied according to benefits presumably conferred by the license or permit. |
| NON OPERATING REVENUES | Proprietary fund revenues which are incidental to, or by products of, the fund's primary service activities. |
| OBJECTIVE | A statement of specific direction, purpose, or intent based on the needs of the community and the goals established for a specific program. |
| OPERATING BUDGET | The portion of the budget pertaining to daily operations that provides basic governmental services. The operating budget contains appropriations for such expenditures as personal services, fringe benefits, commodities, services and capital outlay. |
| OPERATING TRANSFERS | All interfund transfers other than residual equity transfers (e.g., legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended). |
| OPERATING REVENUE | Proprietary fund revenues which are directly related to the fund's primary service activities. They consist primarily of user charges for services. |
| OTHER FINANCING SOURCES | Governmental fund general long-term debt proceeds, amounts equal to the present value of minimum lease payments arising from capital leases, proceeds from sale of general fixed assets, and operating transfers in. Such amounts are classified separately from revenues on the governmental operating statements. |
| OTHER FINANCING USES | Governmental fund operating transfers out and the amount of refund bonds proceeds deposited with the escrow agent. Such amounts are classified separately from expenditures on the governmental operating statements. |
| OTHER SERVICES & CHARGES | Includes expenditures/expenses for services that are required by the City for administration of its assigned functions. |
| PARKING FINES | Monies collected for violation of parking laws. |

| PERFORMANCE MEASURE | Special quantitative and qualitative measure of work performed as an objective of a department or division. |
|------------------------|---|
| PERSONAL SERVICES | Includes expenditure for salaries, wages, and related benefits provided for persons employed by the City of Valdosta. |
| PERPETUAL CARE | The amount of money that the purchaser pays at the time a cemetery lot is bought to be invested by the City to offset the cost of maintaining the cemetery lot. |
| PLANS & CONSTRUCTION | Revenue from the administrative review of plans & specifications on commercial building. |
| PLUMBING PERMIT | Revenue from businesses and individuals to secure the approval to perform plumbing work. |
| POLICE REVENUE | Revenue collected from reproducing accident reports through the Police Department. |
| POLICIES | These are definite courses or methods of action selected from among alternatives and in light of given conditions to guide and determine present and future decisions. |
| PROFESSIONAL SERVICES | Expenditures incurred by the City to obtain the services of recognized licensed professionals such as Doctors, Engineers, Certified Public Accountants, etc. |
| PROPERTY TRANSFER TAX | Tax paid on the transfer of real property. The tax is levied on the purchase price of the property. |
| PROPRIETARY FUND TYPES | Sometimes referred to as income determination or commercial-type funds, the classification used to account for government's ongoing organizations and activities that are similar to those often found in the private sector (i.e., enterprise and internal service funds). All assets, liabilities, equities, revenues, expenses and transfers relating to the government's business and quasi-business activities and accounted for through proprietary funds. The GAAP used are generally those applicable to similar businesses in the private sector and the measurement focus is on determination of net income, financial position and changes in financial position. |

| PUBLIC UTILITIES | Tax levied on the property of the public utilities based on the values given by the tax assessor's office. |
|-------------------------------|---|
| PUBLIC UTILITY SERVICES | Cost of electricity, natural gas, water and sewer, and communication services purchased for City Buildings and facilities. |
| RAILROAD EQUIPMENT TAX | Tax levied on railroads located within the corporate limits of Valdosta. |
| RECREATIONAL SCHOLARSHIP FUND | An expendable trust fund to account for all proceeds collected from fund raisers. The proceeds are used to fund scholarships for qualified participants in the recreation activities and programs of the Parks & Recreation Department. |
| RENTALS AND LEASES | Expenditures incurred in the renting or leasing of real estate, equipment, etc. |
| RESIDUAL EQUITY TRANSFERS | Nonrecurring or non-routine transfers of equity between funds (e.g., contribution of enterprise fund or internal service fund capital by the general fund or a debt service fund). |
| RESERVE | An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation. |
| RETAINED EARNINGS | A fund equity account which accumulates net earnings (or losses) of a propriety fund. As in the case of fund balance, retained earnings may include certain reservations of fund equity. |
| RETURNED CHECK FEE | Revenue collected on the return of non sufficient fund checks paid to the City. |
| REVENUE | Funds that the City receives as income. These receipts include such items as taxes, licenses fees, user fees, service charges, fines and penalties, and grants. |
| REVENUE BONDS | Bonds whose principal and interest are payable from pledged revenue sources, and which are not legally backed by the full faith and credit of the City. Revenue bonds may be authorized by the City Council. |
| SUPPLIES | Articles and commodities which are consumed when used; categories include: office, operating, agricultural, cleaning, clothing, chemicals, etc. |

| SURPLUS SALE PROPERTY | Revenue from the sale of City property no longer considered to be of value to the City. |
|------------------------------------|--|
| SALES TAXES | Local option 1% sales taxes collected in Lowndes County and distributed by the state of Georgia to the local governments within Lowndes County. |
| SANITATION FUND | This fund is set up to finance and account for the cost of providing both residential and commercial trash and garbage pickup to citizens and businesses of the City. |
| SANITATION FEES | Revenue collected from users for the operation of the Enterprise Fund that includes monthly collection fees, adjustments, and landfill charges. |
| SELECTIVE SALES & USE TAXES | Taxes imposed upon the sale or consumption of selected goods or services. |
| SEWER FEES | Revenue collected from users of the sewer system for the sewer collection services provided. |
| SMALL TOOLS AND MINOR EQUIPMENT | Purchase of small powered and non-powered hand tools and small equipment costing less than \$5,000 and/or having a useful life expectancy of less than a year. |
| SPECIAL ASSESSMENTS | A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties. |
| SPECIAL PURPOSE SALES TAX REVENUES | Special sales and use tax imposed by Lowndes County for a specific period to time not to exceed five (5) years (four years if tax is for roads, streets an bridges). The tax imposed is one percent and is subject to referendum approval. |
| SPECIAL REVENUE FUNDS | This fund type is used to account for the proceeds from specific revenue sources (other than trusts or major capital projects) that are legally restricted to expenditures for specific purposes. |
| SPLOST IV | The Special Purpose Local Option Sales Tax is a one percent sales tax voted on by the voters of Lowndes County to fund various capital improvements. This tax is imposed for a limited time, January 1, 1998 to December 31, 2002. |
| SPLOST V | A Special Purpose Local Option Sales Tax to fund capital projects from January 1, 2003 to December 31, 2007. |

| SPLOST IV | A Special Purpose Local Option Sales Tax to fund capital projects from January 1, 2008 to December 31, 2013. |
|------------------------|--|
| SUPPIES | Includes articles and commodities purchased by the City to aid the departments in accomplishing their mission and which are consumed or materially altered when used. |
| TARGET AREA | The highest crime rate area within the City limits. |
| TAX COST | Revenue from penalties and interest assessed and collected on delinquent taxes owed. |
| TAX DIGEST | The total taxable net assessed value on all real property after the total of all appeals that have been or could be filed or arbitrations demanded have been reduced. |
| TAXES | Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. Taxes levied by Valdosta are approved by the City Council and are within the limits determined by the State. |
| TAX NOT ON DIGEST | Property located or identified after the digest is approved by Lowndes County for submission to the State. |
| TELEPHONE INCOME | Revenue earned from the various public telephones on city owned property. |
| TRANSFER FEE | A fee for transferring a utility account. |
| TRAVEL & TRAINING | Those expenditures/expenses related to employee training cost and expenses incurred in the conduct of City business including subsistence. |
| TRUST AND AGENCY FUNDS | Also known as Fiduciary Fund Types, these funds are used to account for assets held by the City in a trustee capacity or as an agent for private individuals, organizations, or other governmental agencies. The fiduciary funds used by the City include non expendable trust and agency funds. A non expendable trust fund is a fund in which the principal may not be expended. These funds are accounted for in essentially the same manner as proprietary funds. Agency funds are custodial in nature (assets equal liabilities) and do not measure the results of operations. |
| UDAG | An acronym for Urban Development Action Grant. |

| URBAN DEVELOPMENT ACTION FUND | Federal grants from the U S Department of Housing and Urban Development that were used to provide low interest second mortgages to qualified home buyers. |
|-------------------------------|--|
