BUDGET TRANSMITTAL LETTER

Mayor Gil McDougal

Council Members & Citizens of Villa Rica,

The city charter requires that the city manager prepare a budget for submission to the Council, and that the Mayor present the budget with a statement. The annual budget is among the most important and consequential duties we undertake as representatives of the people. The budget lays out our priorities for the upcoming year and defines how the city will prioritize funding. The budget must be an honest portrayal of our goals and intentions and should only be amended due to unforeseen circumstances, not incompetent budgeting. Therefore, please find enclosed the 2024 Adopted Operating and Capital Budget.

Overall, the city-wide 2024 budget is 6% less than the 2023 budget. The decrease in the overall budget compared to the prior year is primarily due to the SPLOST Capital Project Funds. Most of the projects for 2015 Carroll SPLOST & 2016 Douglas SPLOST have been budgeted in prior years. The project funding rolls forward each year until completion. The new SPLOST Capital Project Funds (Carroll & Douglas) were adopted as a project length budget. All the SPLOST projects are shown on pages 33-37. The General Fund reflects a 3% increase compared to last year and the details are described below. This budget includes the rolled back millage rate of 5.822, which was adopted August 29, 2023.

This budget includes a 3% cost of living adjustment for employees as well as a partial implementation of the salary study. This was a priority especially considering inflation, increased housing prices, and higher gas and grocery prices. We have included over \$213,367 in maintenance and repair of buildings around the City because we feel that it is important to keep up with the maintenance and not defer. This budget continues to include \$79,804 to sponsor a position with the Carroll County Mental Health Advocates to assist in crisis response. We have been able to include several Water and Sewer capital projects to improve infrastructure in the City, as well as \$50,000 for Stormwater projects.

Significant highlights of the October 1, 2023 – September 30, 2024, budget include:

Revenues | The total budgeted revenues are estimated to decrease by 6% compared to the current year budget. See page 4 for the city-wide Revenue Summary. However, this is primarily due to the 2015 & 2016 SPLOST funds previously mentioned above.

The major revenue changes are as follows:

General Fund

- Property tax revenues are based on the rolled back millage rate of 5.822.
- Sales tax revenues have increased \$325,384, which is primarily due to updated LOST agreements with Carroll County & Douglas County. The City receives a larger percentage of sales tax due to increased population.
- Insurance premium taxes increased \$255,150 based on prior year trends.
- Occupational tax revenues increased \$225,000 based on current year trends.
- Building permit revenue has decreased by \$416,400 based on the expected commercial & residential permits.
- Combined Recreation and Pine Mountain Gold Museum revenues increased by nearly \$104,950 due to additional programming compared to FY23.
- Court fines decreased by \$168,000 based on current year trends.
- Interest revenues have increased by \$400,000 due to current market rates.
- Transfer from Water & Sewer Fund for administrative services increased by \$115,861.

Hotel Fund

- Hotel tax revenues have increased \$61,739 based on current trends.

Cemetery Fund

- Cemetery fund is expected to be primarily supported by the General Fund as previously donated funds have been depleted. The FY24 budget includes a \$25,955 transfer between the two funds.

Capital Project – Roads Fund

- This includes Local Maintenance & Improvement Grant (LMIG) funding from GDOT totaling \$212,430. LMIG and SPLOST funding pay for resurfacing City roads throughout the year.

Water and Sewer Fund

- This budget includes a water volume rate increase by 5%. This equates to a \$0.85 monthly increase for the average customer.
- This budget does not include an increase on sewer rates.
- Water & Sewer tap revenue has decreased by \$556,060 based on the expected commercial & residential permits.

Sanitation Fund

- Overall budgeted revenues decreased 4% due to the decrease in the use of fund balance; however, charges for services are estimated to increase by \$60,400 (4%).

Expenses and Expenditures | The total budgeted expenditures have decreased by 6% compared to the prior year. The city-wide summary of expenditures can be found on pages 39-40. Some of the significant expenditure items included in the 2024 budget are as follows:

Self-Funded Insurance | The 2024 budget includes over \$2.2m for self-funded insurance. The City went self-funded on October 1, 2017, and the cash savings are now over \$1,600,000. Additionally, we only budget 90% of the maximum claims, which reduces the amount that needs to be budgeted with the personnel expenditures.

- Administrative costs are budgeted at \$638,017.
- Maximum claims are estimated at \$1.7m, but we only budgeted 90% of the maximum claim amount for a total of \$1.52m.
- The total monthly premium for employee only coverage is \$761.08.
- Employees will continue to contribute 5% for single coverage and 30% of any additional coverage (spouse, children, or family).

Debt Service | The budget calls for debt service of \$2.4m. This is an increase of only \$1,876 from the previous year's bond payment due to the refinancing of the bond in May 2022. By refinancing, the City was able to save on interest and smooth out future debt service payments.

The following pages will provide more detail for the FY24 Adopted Budget.

Sincerely,

Gil McDougal
Mayor

PINE MOUNTAIN GOLD MUSEUM

Villa Rica is home of the first Gold Rush in Georgia and that history is captured daily at the Pine Mountain Gold Museum where you can walk the trails where miners walked, take a scenic ride on the Pine Mountain Railroad, pan for gold and gems, and view a 20-minute documentary film on the history of the Villa Rica gold mines and natural gold history of Georgia. The recently renovated museum is the only museum built on an actual gold mine.

WASTEWATER

The Wastewater Treatment Department strives to remove as much of the suspended solids as possible before the remaining water, called effluent, is discharged back to the environment. As solid material decays, it uses up oxygen, which is needed by the plants and animals living in the water.
