## INDEPENDENT AUDITORS' REPORT

Honorable Mayor and City Council Members  
City of Auburn, Georgia 30011

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and remaining fund information of the City of Auburn, Georgia, as of and for the fiscal year ended September 30, 2013, and the relative notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and remaining fund information of the City of Auburn, Georgia, as of September 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison of the General Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and the other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us the sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Auburn, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements, schedules and schedule of project expenditures with Special Purpose Local Option Sales Tax are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, schedules and schedule of project expenditures with Special Purpose Local Option Sales Tax are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, schedules and schedule of project expenditures with Special Purpose Local Option Sales Tax is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2014, on our consideration of the City of Auburn, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed with *Government Auditing Standards* in considering City of Auburn, Georgia's internal control over financial reporting and compliance.

**Management's Discussion and Analysis**  
**For the Fiscal Year Ended September 30, 2013**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

Within this section of the City of Auburn, Georgia (City) basic financial report, the City's management provides narrative discussion and analysis of the financial activities of the City for the fiscal year ended September 30, 2013. The City's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosure following this section. The discussion focuses on the City's primary government. Unless otherwise noted component units, related organization and joint ventures reported separately from the primary government are not included.

### **Financial Highlights**

The City of Auburn (City), Georgia operates under a Mayor-Council form of government. The accounting, financial reporting, and significant practices of the City are discussed in subsequent sections and the remainder of the Notes are organized to provide explanations and other required disclosures for the City's financial activities.

The City's assets exceeded its liabilities by \$9,858,314 (net position) for the fiscal year reported. This compares to the previous year when assets exceeded liabilities by \$9,844,336.

Total net position is comprised of the following:

- (1) Capital assets, net of related debt, of \$8,279,490 include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
- (2) Net position of \$376,842 is restricted by constraints imposed from outside the City such as grantors, laws, or regulations.
- (3) Unrestricted net position of \$1,201,982 represents the portion available to maintain the City's continuing obligations to citizens and creditors.

The City's governmental funds reported total ending fund balance of \$899,826 this year. This compares to the prior year ending fund balance of \$863,872 showing an increase of \$35,954 during the current year. Unassigned fund balance of \$577,753 for fiscal year 2013 shows a \$253,729 decrease over the prior year.

At the end of the fiscal year, unassigned fund balance for the General Fund was \$577,753 or 20.8 % of total General Fund expenditures and 22.9% of total General Fund revenues.

Total liabilities of the City decreased by \$89,437 to \$3,217,570 during the fiscal year. The City incurred interim financing through GEFA for planning and design costs associated with a city reservoir in the amount of \$115,486.

## **Overview of the Financial Statements**

Management's Discussion and Analysis introduces the City's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The City also includes in this report additional information to supplement the basic financial statements.

### ***Government-wide Financial Statements***

The City's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the *Statement of Net Position*. This is the City-wide statement of position presenting information that includes all of the City's assets and liabilities, with the difference reported as *net position*. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating. Evaluation of the overall economic health of the City would extend to other nonfinancial factors, such as diversification of the taxpayer base or the condition of the City infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities* which reports how the City's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City taxpayers.

Both government-wide financial statements distinguish governmental activities of the City that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, planning & zoning, public safety and public works. Business-type activities include water and sewer system, stormwater utilities and transit system. Fiduciary activities, such as employee pension plans, are not included in the government-wide statements since these assets are not available to fund City programs.

The City's financial reporting includes the funds of the City (primary government) and organizations for which the City is accountable (component units). The city had no reportable component units. Other organizations such as related organizations and joint ventures are reported separately and are not included in the City's overall reporting entity.

### ***Fund Financial Statements***

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in a later section of this report.

The City has three kinds of funds:

*Governmental funds* are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the City's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources during the year and balances of spendable resources available at the end of the year. They are useful in evaluating annual financial requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to the government-wide statements to assist in understanding the difference between these two perspectives.

Budgetary comparison statements are included in the basic financial statements for the general fund. Budgetary comparison schedules for the special revenue fund can be found in a later section of this report. These statements and schedules demonstrate compliance with the City's adopted and final, revised budgets.

*Proprietary funds* are reported in the fund financial statements and generally report services for which the City charges customers a fee. There are two kinds of proprietary funds. These are enterprise funds and internal service funds. The City utilizes only enterprise funds. Enterprise funds essentially encompass the same functions as reported as business-type activities in the government-wide statements. Services are provided to customers external to the City organization such as electric, gas and water utilities and solid waste disposal and management.

Proprietary fund statements and statements for discretely presented component units (reporting that is similar to proprietary funds) provide both long-term and short-term financial information consistent with the focus provided by the government-wide financial statements but with more detail for major enterprise funds. The city had no component units or internal service funds.

*Fiduciary funds* such as employee pension plans are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund City programs. The City's only fiduciary funds are employee pension funds and financial statements are reported appropriately and separate from the City's financial statements.

**Management's Discussion and Analysis  
For the Fiscal Year Ended September 30, 2013**

**City of Auburn, Georgia**

*Notes to the financial statements*

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin immediately following the basic financial statements.

*Other information*

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information. Other supplementary information includes details by fund for receivables, payables, transfers, and payments within the reporting entity. Supplementary information follows the notes to the financial statements.

Major funds are reported in the basic financial statements as discussed. Individual statements and schedules for nonmajor funds are presented in a subsequent section of this report.

**Financial Analysis of the City as a Whole**

The City implemented the new financial reporting model used in this report at the beginning of the fiscal year October 1, 2003. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the City as a whole.

The City's net position at fiscal year-end is \$9,858,314. This is a \$13,978 increase over the beginning year's net position of \$9,844,336. The following table provides a summary of the City's net position:

Summary of Net Position (dollars are in thousands)								
	Governmental Activities		Business-type Activities		Total		Amount	%
	2013	2012	2013	2012	2013	2012	Change	Change

**Management's Discussion and Analysis**  
**For the Fiscal Year Ended September 30, 2013**

**City of Auburn, Georgia**

The City reported positive balances in net position for both governmental and business-type activities. Net position decreased \$6,744 for governmental activities and increased \$20,722 for business-type activities. The City's overall financial position remained relatively positive during fiscal year 2013.

Comparative data is accumulated to assist analysis. The following table provides a summary of the City's changes in net position:

Summary of Changes in Net Position (dollars are in thousands)								
	Governmental Activities		Business-type Activities		Total		Amount	% Change
	2013	2012	2013	2012	2013	2012	Change

<b>Ending net position</b>	<b>\$6,645</b>	<b>\$6,652</b>	<b>\$3,213</b>	<b>\$3,192</b>	<b>\$9,858</b>	<b>\$9,844</b>	<b>\$14</b>	<b>0.14%</b>

**GOVERNMENTAL REVENUES**

The City's governmental activities are heavily reliant on taxes to support governmental operations. Property taxes provided 25 percent, sales taxes provided 37 percent and other taxes provided 30 percent of the City's total governmental revenues. Program revenues, which included capital grants, covered 24 percent of governmental operating expenses. The City's taxpayers and other general revenues funded 76 percent of the governmental activities. Therefore the general economy and local business have a major impact on the City's revenue streams.

**GOVERNMENTAL FUNCTIONAL EXPENSES**

Total governmental activities costs for the current fiscal year were \$3,059,832. Of this amount, general government was \$1,109,677 (36%), public safety was \$1,544,170 (50%), and public works was \$379,044 (12%) of the total cost for services for fiscal year 2012-2013. Some of the costs were paid by programs revenues of \$735,106.

**BUSINESS-TYPE ACTIVITIES**

**Revenues vs. Costs**

**Fiscal Year Ended September 30, 2013**

	<u>Revenues</u>	<u>Expenses</u>
Water & Sewer System	\$1,334,335	\$1,324,112
Stormwater Utility	97,014	70,409
Transit System	430	18,756

**Financial Analysis of the City's Funds**

***Governmental Funds***

As discussed, governmental funds are reported in the fund statements with a short-term, inflows and outflows of spendable resource focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$899,826. Of this year-end total, \$577,753 is unassigned indicating availability for continuing City service requirements.

The total ending fund balances of governmental funds show an increase of \$35,954 from the prior year. This increase is primarily the result of the events and programs described with the analysis of the City's governmental activities.

***Major Governmental Funds***

The General Fund is the City's primary operating fund and the largest source of day-to-day service delivery. The fund balance of the General Fund decreased by \$253,459. A key factor contributing to this was a decrease in anticipated revenues.

The SPLOST Capital Projects Fund had a fund balance of \$192,506; which increased \$214,795.

*Nonmajor Governmental Funds* - the Special Revenue Fund had a fund balance of \$79,827.

***Proprietary Funds***

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. The Water & Sewer Fund net position increased by \$10,223 from the prior year. The Stormwater Utility Fund net position increased \$26,605. And the Transit System Funds net position decreased by \$16,106 and the transit system was discontinued during the year.

***Major Proprietary Funds***

The Water & Sewer Fund provides water to the City's residential and commercial customers. The City strives to maintain competitive rates to its customers while providing safe drinking water. The City's water & sewage utilities are reported within this activity in the government-wide statements.

**General Fund Budgetary Highlights**

The General Fund budget for fiscal year 2012-2013 was \$2,854,229. This was a decrease of \$374,047 over the previous year amended budget.

**Capital Asset and Debt Administration**

***Capital assets***

The City's investment in capital assets, net of accumulated depreciation, for governmental and business-type activities as of September 30, 2013, were \$6,552,891 and \$4,766,793 respectively. Major capital asset additions by the City's governmental-type activities during the current year included infrastructure and building improvements in the amount of \$122,486 and acquisition of capital assets of \$16,135. Expansion and improvements by the City's business-type activities in the amount of \$122,083 also contributed to changes in the City's investment in capital assets. See Note 4. D. for additional information about changes in capital assets during the fiscal year.

**Capital Assets**  
**Net of Accumulated Depreciation**  
(dollars are in thousands)

	Governmental Activities		Business-type Activities		Total		Amount	
	2013	2012	2013	2012	2013	2012	Change	% Change

<b>Total</b>	<b>\$6,553</b>	<b>\$6,679</b>	<b>\$4,767</b>	<b>\$4,783</b>	<b>\$11,320</b>	<b>\$11,462</b>	<b>(\$142)</b>	<b>-1.24%</b>

**Long-term debt**

At the end of the fiscal year, the City had total debt outstanding of \$3,137,140. Of this amount, \$96,946 is for compensated absences, \$75,992 is a capital lease payable for recreation improvements, \$659,070 is a note payable for the public works facility and \$2,305,132 is for water system expansion. See Note 4. G. for additional discussion.

**Bond Ratings**

The City had no bond debt.

**Outstanding Debt**  
(dollars are in thousands)

	Governmental Activities		Business-type Activities		Total		Amount

**Economic Environment and Next Year's Budgets**

The City's elected officials considered many factors when adopting the fiscal year 2013-2014 budget. The City's tax rates and fees for business-type activities were predominate budget considerations. The City has low to moderate cost of living, relatively low unemployment and a stable economic environment. Infrastructure and recreation improvements are planned and are expected to be funded primarily with Special Purpose Local Option Sale Tax receipts.

For the fiscal year 2013-2014, the City Council approved a total budget of \$4.64 million. This budget includes operating and non-operating funds. The General Fund budget is budgeted for \$2,882,431, the Water & Sewer Fund is budgeted for \$1,653,295 and the Stormwater Utility Fund is budgeted for \$106,000. The City's budgets and relative fund balances are maintained in compliance with the City's adopted financial policies.

**Contacting the City's Financial Management**

This financial report is designed to provide a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. If you have any questions about this report or would like to request additional information, contact the City Clerk, at P. O. Box 1059, Auburn, Georgia 30011.

**City of Auburn, Georgia**  
**Reconciliation of the Statement of Revenues, Expenditures,**  
**and Changes in Fund Balances of Governmental Funds**  
**To the Statement of Activities**  
**For the Fiscal Year Ended September 30, 2013**

**Net Changes in Fund Balances - Total Governmental Funds** **\$ 35,954**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays and depreciation differ in the current period.

Capital Outlay	138,621	
Depreciation	<u>(248,560)</u>	(109,939)

Repayment of long term debt principal is an expenditure in the governmental funds, but the repayment reduces long term liabilities in the statement of net position. 90,857

Compensated absences reported of the statement of net position do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in Compensated Absences (7,280)

In the statement of activities, the net gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increases financial resources. The change in net position differs from the change in fund balance by the cost of the assets sold, net of the related accumulated depreciation. (16,336)

**Change in net position of Governmental Activities** **\$ (6,744)**

**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 1. Summary of Significant Accounting Policies**

**A. Introduction:**

The City of Auburn (City), Georgia operates under a Mayor-Council form of government. The accounting, financial reporting, and significant practices of the City are discussed in subsequent sections and the remainder of the Notes are organized to provide explanations and other required disclosures for the City's financial activities.

The financial statements of the City of Auburn have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) of the United States of America. The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The City also applies Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued after November 30, 1989, to its governmental and business-type activities at the government-wide financial reporting level and to its proprietary funds at the fund reporting level unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

**B. Financial Reporting Entity - Basis of Presentation**

**1. Primary Government and Component Units:**

The City has implemented Governmental Accounting Standards Board Statement 14 "The Financial Reporting Entity". Statement 14 applies levels to all state and local governments. The Statement applies to financial reporting by primary governments, governmental joint ventures, jointly governed organizations, and other stand-alone governments; and it applies to the separately issued financial statements of governmental component units. The financial reporting entity consists of (a) primary governments, (b) organizations for which the primary government is financially accountable and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The nucleus of a financial reporting entity usually is a primary government. However, a governmental organization other than a primary government (such as a component unit, joint venture, jointly governed organization or another stand-alone government) serves as the nucleus for its own reporting entity when it issues separate financial statements.

In conformity with GASB Statement 14, the City of Auburn has no component units that meet the criteria for discrete presentation in the primary government financial reporting entity. The City's Downtown Development Authority has no assets and all activities are reported under the General Fund.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 1. Summary of Significant Accounting Policies, continued**

**B. Financial Reporting Entity - Basis of Presentation, continued**

**2. Government-wide and Fund Financial Statements:**

*Government-wide Financial Statements*

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole. The primary government is the focus of these financial statements. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, fines and forfeitures, and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

*Fund Financial Statements*

The City segregates transactions related to certain City functions or activities in separate funds in order to aid in financial management and to demonstrate legal and contractual compliance. Fund financial statements are provided for governmental and proprietary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

*Fund Accounting*

The City uses funds to maintain its financial records. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The City uses two categories of funds: governmental and proprietary.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 1. Summary of Significant Accounting Policies, continued**

**B. Financial Reporting Entity - Basis of Presentation, continued**

**2. Government-wide and Fund Financial Statements**

*Fund Accounting*

**Governmental Fund Types**

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers revenues to be available if they are collected within sixty (60) days of end of the year. Revenues subject to accrual are property taxes, sales and use taxes, interest income and grants. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due. Governmental fund types utilized by the City are General, Capital Projects, and Special Revenue Funds. The General Fund is the City's primary operating fund and accounts for all financial resources of the general government. Capital project funds account for accumulation of resources and subsequent disbursements in obtaining or renovating major capital assets. Special revenue funds account for resources that are legally restricted to expenditures for specific purposes. SPLOST receipts and disbursements are included in the SPLOST Fund. The General Fund and SPLOST Fund are major governmental funds.

**Proprietary Fund Types**

Proprietary fund financial statements report using the economic resources measurement focus and the accrual basis of accounting, primarily directed to continuing operations. Reporting focuses on the determination of net income, financial position, and cash flows. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are costs of providing goods or services and includes administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements. Proprietary fund types utilized by the City are the Water & Sewer, Stormwater Utility and Transit System Funds. All are treated as major enterprise funds. The Water & Sewer Fund accounts for utility services and their related distribution operations. The Stormwater Utility Fund accounts for fees collected and the management of stormwater facilities and services. The Transit System Fund reports the receipts and disbursements associated with the City's transportation services.

**3. Measurement Focus:**

*Government-wide Financial Statements* - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operations of the City are included on the statement of net position. The statement of activities reports revenues and expenses.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 1. Summary of Significant Accounting Policies, continued**

**B. Financial Reporting Entity - Basis of Presentation, continued**

**3. Measurement Focus - continued**

It is the City's policy to use restricted amounts prior to unrestricted amounts when both are available for use. The City uses Committed amounts of fund balance, then Assigned amounts and lastly Unassigned resources when unrestricted amounts of fund balance are being used.

*Fund Financial Statements* - All governmental funds are accounted for using a flow of current financial resources measurement focus. Therefore, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

All proprietary fund types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets and liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (revenues) and decreases (expenses) in net total position. The statement of cash flows provides information about how the City's finances meet the cash flow needs of its proprietary activities.

**C. Basis of Accounting:**

Basis of accounting determines when transactions are recorded in the financial records and reported on financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, governmental fund types use the modified accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenues, recording of deferred revenues, and in the presentation of expenses versus expenditures.

**D. Assets, Liabilities, Net Position or Fund Equity:**

**1. Cash, Cash Equivalents, and Investments**

Cash and cash equivalents include demand deposits, money market accounts and short-term investments with a maturity date, within ninety (90) days of the date acquired by the City.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 1. Summary of Significant Accounting Policies, continued**

**D. 1. Cash, Cash Equivalents, and Investments - continued**

The City may invest and reinvest money subject to its control in (1) obligations of the United States and its agencies and instrumentalities; (2) bonds or certificates of indebtedness of Georgia and its agencies and instrumentalities; and (3) certificates of deposit of banks which have deposits insured by the Federal Deposit Insurance Corporation and certain specified amounts in excess of the amount insured by the F.D.I.C. The City also may hold funds in deposit accounts with banking institutions as otherwise authorized by law.

Investments are stated at cost or amortized costs, which approximates market. Investments consist of money market accounts, certificates of deposit and U. S. Government Treasury Bills & Notes, and are considered the same as cash and cash equivalents, and accordingly are reported under the caption of cash on the balance sheet.

**2. Receivables**

Receivables are recorded in the General and Enterprise Funds net of any estimated uncollectibles.

**3. Inventory**

Materials purchased and expendable supplies are shown as expenditures in governmental funds and expenses in proprietary funds when acquired and are not inventoried at year end because the amounts are not considered to be material.

**4. Prepaid Items**

Payments to vendors for services that benefit future periods beyond fiscal year end are recorded as prepaid items and reported on the consumption basis. When prepaid items are incurred by the City, the expenditure or expense is deferred to the period benefited. At the fund reporting level, a reservation is made in the fund balance for an equal amount.

**5. Capital Assets**

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Infrastructure acquired prior to implementation of GASB 34 on October 1, 2003 are not reported in the basic financial statements. Proprietary/Enterprise fund capital assets are reported in their respective fund financial statements. Donated assets are stated at fair value on the date donated. The City maintains a capitalization threshold of five thousand dollars. The City's infrastructure consists of roads, bridges, curbs, gutters, sidewalks and utility (Water) distribution systems. Major improvements to capital assets are capitalized. Cost of normal maintenance and repair that do not add to the asset value or materially extend useful lives are not capitalized.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 1. Summary of Significant Accounting Policies, continued**

**D. 5. Capital Assets - continued**

Capital assets are depreciated using the straight-line method. When capital assets are disposed or retired, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss recorded in operations. Depreciation is determined using the straight-line method over the following estimated useful lives:

Plants & Buildings	20 - 50 years
Machinery & Equipment	5 - 7 years
Vehicles	3 - 5 years
Transmission/Distribution Systems & Infrastructure	50 years

**6. Interest Capitalization**

Interest costs are capitalized when incurred by proprietary funds on debt where the proceeds were used to finance construction of assets.

**7. Compensated Absences**

Full-time, permanent employees are granted vacation benefits in varying amounts to specified maximums depending on tenure with the City. The maximum vacation accrual is limited to thirty (30) days. Sick leave accrues to full-time employees to specified maximums; however, benefits are paid only upon illness of an employee and are charged to expenditures when taken. Accrued sick benefits are lost upon termination or retirement. Accrued vacations are paid to employees upon termination. Compensated absences are reported as accrued in the government-wide financial statements. Proprietary funds report compensated liabilities in each individual fund at the fund level. Governmental funds report only matured compensated absences payable to currently terminating employees and included in personal services and benefits.

**8. Accrued Liabilities and Long-term Obligations**

All payables, accrued liabilities and long-term obligations are reported in the government-wide and proprietary financial statements. Bond issue costs, bond discounts or premiums, and the difference between the reacquisition price and net carrying value of refunded debt are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest rate method.

Governmental fund payables and accrued liabilities reported as obligations of these funds are paid in full from current financial resources. Governmental fund financial statements recognize proceeds from debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures. Compensated absences paid from governmental funds are reported only to the extent they are due during the current year.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 1. Summary of Significant Accounting Policies, continued**

**D. 9. Fund Equity**

Fund equity at the governmental fund financial reporting level is classified as fund balance. Fund equity for all other reporting is classified as net position.

*Fund Balance*

Fund balance represents the difference between current assets and current liabilities. Unassigned fund balance indicates the amount available for appropriation in future periods. The City restricts portions of fund balance which are legally segregated for a specific purpose or do not represent amounts available for appropriation or expenditure.

*Net Position*

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through legislation adopted by the City or contractual by creditors, grantors, or laws or regulations of other governments. All other net position is reported as unrestricted.

Restricted net position as of September 30, 2013, included \$297,015 held in the SPLOST Fund, \$3,726 of health and wellness grant receipts, \$9,780 from the confiscated assets account and \$66,321 of grant receipts restricted for road improvements.

**10. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. The City's operating revenues are charges for services for water & sewage, transportation services and stormwater user fees. Operating expenses are the necessary costs incurred to provide goods or services that are the primary activity of each fund. Other revenues and expenses are nonoperating.

**11. Contributed Capital**

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, grants or outside contribution of resources restricted to capital acquisition and construction.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 2. Changes in Accounting Principles, Fund Reclassifications and Restatement of Equity**

**A. Changes in Accounting Principles**

For the Fiscal Year beginning October 1, 2003, the City implemented GASB Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments." GASB Statement No. 34 creates new basic financial statements for reporting the City's financial activities. The financial statements include government-wide financial statements prepared on an accrual basis of accounting and fund financial statements which present information for individual major funds rather than by fund type. Nonmajor funds are presented in total in a single column.

The government-wide financial statements classify the City's programs between governmental activities and business-type activities. The beginning net position amount for the business-type activities equals fund equity of the enterprise fund from the prior year. The beginning net position amount for governmental programs reflect the change in fund balance for governmental funds at September 30, 2003, caused by the conversion to the accrual basis of accounting.

**B. Restatement of Equity Balances**

Restatement of fund equity had no effect on the General Fund as a result of GASB Interpretation No. 6.

**Note 3. Stewardship, Compliance and Accountability**

**A. Budgetary Information**

*Budget Policy and Practice*

The City prepares annual budgets based on anticipated revenues and appropriated expenditures. Public hearings are conducted to obtain taxpayer comments. Prior to September 30, each year the budget is legally enacted by passage of an ordinance for the City's operating funds. Amendments to the budget must be approved by the City Council. Budgets of the General, Capital Projects, Special Revenue and Proprietary Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

*Basis for Budgeting*

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by department and class as follows: personal services and benefits, purchased/contracted services, supplies, other, and capital outlay. The legal level of budgetary control is the department level. Budget revisions at this level are subject to review and approval by the City Council. Within these control levels, management may transfer appropriations without Council approval. Revisions to the budget were made throughout the year. All unexpended annual appropriations lapse at year end.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 3. Stewardship, Compliance and Accountability - continued**

**B. Encumbrances**

Encumbrances represent commitments related to unperformed contracts for goods and services. Encumbrance accounting - under which purchase orders, contracts and other commitments for expenditures of resources are recorded to reserve the applicable appropriation - is not used by the City.

**C. Deficit Fund Equities**

The City had no funds with deficit fund balances as of September 30, 2013.

**D. Excess of Expenditures over Appropriations**

There were no known expenditures in excess of appropriations for the primary government.

**Note 4. Detailed Notes on All Funds**

**A. Deposits and Investments**

All bank balances of deposits as of the balance sheet date are entirely insured or collateralized with securities held by the City or its agent in the City's name. Cash and investments are classified as to credit risk as described below:

Deposits

Category 1 - Insured or collateralized with securities held by the City or its agent in the City's name.

Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the City's name.

Category 3 - Uncollateralized.

	Category			Bank Balance	Carrying Amount
	1	2	3		
Primary Government	\$ 1,479,843	\$ 0	\$ 0	\$ 1,479,843	\$ 1,332,895
Totals	\$ 1,479,843	\$ 0	\$ 0	\$ 1,479,843	\$ 1,332,895

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 4. Detailed Notes on All Funds - continued**

**A. Deposits and Investments - continued**

*Investments*

The City may invest and reinvest money subject to its control in 1) obligations of the United States and its agencies and instrumentalities; 2) bonds or certificates of indebtedness of the State of Georgia and its agencies and instrumentalities; and (3) certificates of deposits of banks which have deposits insured by the Federal Deposit Insurance Corporation (FDIC) and certain specified amounts in excess of the amounts insured by the FDIC with the bank pledging appropriate bank assets as collateral. The City also may hold funds in deposit accounts with banking institutions as otherwise authorized by law.

Investments are stated at cost or amortized costs, which approximates market. Investments consist of money market accounts and U.S. Government Treasury bills and notes, which mature within three months or less from the date of acquisition are considered as the same as cash and cash equivalents, and accordingly are reported under the caption of cash on the balance sheet.

**B. Receivables**

Receivables are recorded in the General and Enterprise Funds net of any estimated uncollectibles. A summary by fund of the receivables and their respective allowances for doubtful accounts follows:

<b>Primary Government</b>	<u>Property Taxes</u>	<u>Accounts</u>	<u>Allowance for Uncollectibles</u>	<u>Net Receivables</u>
General Fund	\$ 16,722	\$ 102,372	\$ 74,818	\$ 44,276
Water & Sewer System Fund		113,284	1,415	111,869
Stormwater Fund		14,407		14,407
<b>Total Primary Government</b>	<u>\$ 16,722</u>	<u>\$ 230,063</u>	<u>\$ 76,233</u>	<u>\$ 170,552</u>

**C. Due from Other Governments**

The City recorded sales and use tax receipts for August and September 2013 due from the Georgia Department of Revenue in the amount of \$152,538. The August 2013 receivable in the amount of \$76,404 was received October 2013. The September 2013 receivable in the amount of \$76,134 was received in November 2013. Additionally, SPLOST receipts receivable were recorded for \$34,653 due from Barrow County and \$7,072 due from Gwinnett County.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 4. Detailed Notes on All Funds - continued**

**D. Capital Assets**

A summary of changes in Capital Assets follows:

<b>Governmental Activities</b>	<b>Balance 10/1/2012</b>	<b>Additions</b>	<b>Deletions</b>	<b>Balance 9/30/2013</b>

**D. Capital Assets - Continued**

<b>Business-type Activities</b>	<b>Balance 10/1/2012</b>	<b>Additions</b>	<b>Deletions</b>	<b>Balance 9/30/2013</b>
Capital Assets not being depreciated				
Land	\$95,950			\$95,950
Construction in Progress		\$105,083		105,083
<b>Total Capital Assets not being depreciated</b>	<b>\$95,950</b>	<b>\$105,083</b>	<b>\$0</b>	<b>\$201,033</b>
Other Capital Assets				
Infrastructure and Distribution Systems	\$5,434,807			\$5,434,807
Equipment	138,404	4,500		142,904
Vehicles	264,709	12,500	23,160	254,049
<b>Total Other Capital Assets</b>	<b>\$5,837,920</b>	<b>\$17,000</b>	<b>\$23,160</b>	<b>\$5,831,760</b>
Accumulated Depreciation				
Infrastructure and Distribution Systems	\$789,927	\$108,696		\$898,623
Equipment	124,261	3,567		127,828
Vehicles	236,593	6,430	3,474	239,549
<b>Total Accumulated Deprec.</b>	<b>\$1,150,781</b>	<b>\$118,693</b>	<b>\$3,474</b>	<b>\$1,266,000</b>
<b>Business-type Activities Capital Assets, net</b>	<b>\$4,783,089</b>	<b>\$3,390</b>	<b>\$19,686</b>	<b>\$4,766,793</b>

**Commitments**

The City has committed to planning and design activities regarding a reservoir the City may construct in the amount of \$546,000. This project will be funded by loans proceeds from GEFA. As of September 30, 2013, the city had spent \$105,083 pertaining to this project.

**Depreciation Expense**

Depreciation expense was charged to functions of the primary government as follows:

<b>Governmental Activities</b>		<b>Business-type Activities</b>	
General Government	\$84,253	Water & Sewer Fund	\$115,265
Public Safety	78,036	Stormwater Utility Fund	1,498
Public Works	86,271	Transit System Fund	1,930

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 4. Detailed Notes on All Funds, continued**

**E. Interfund Balances/Transfers**

Fund financial statement receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in governmental and business-type activities of government-wide statements of net position, except for net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances. These balances resulted from capital and infrastructure improvements and are expected to be repaid within one year of September 30, 2013.

	<b>Interfund</b>		<b>Transfers</b>	
	<b>Receivable</b>	<b>Payable</b>	<b>To</b>	<b>From</b>
<b>Governmental Activities</b>				
General	\$ 104,509	\$	\$	\$ 6,906
SPLOST		104,509		15,397
Special Revenue			15,397	
<b>Business-type Activities</b>				
Water & Sewer				
Stormwater Utility				
Transit System			6,906	
<b>Totals</b>	<u>\$ 104,509</u>	<u>\$ 104,509</u>	<u>\$ 22,303</u>	<u>\$ 22,303</u>

The transfer from the General Fund to the Transit System represented the residual amount owed to the General Fund when the transit system was discontinued. The SPLOST Fund made a transfer to the Special Revenue Fund for the City's matching requirement to receive a grant for road improvements.

**F. Property Tax Calendar**

The City receives property tax assessments from Barrow and Gwinnett County. Taxes were levied on November 1 and tax bills were mailed to taxpayers by November 30. The due date for these taxes is January 31, and after that date, both penalty and interest are accrued until the taxes are collected. The lien date is June 15th of the following year. Ad Valorem taxes on vehicles are collected concurrently with the issuance of state license tags by Barrow and Gwinnett County. Property tax revenues are recognized when they become available, which includes those tax receivables expected to be collected within sixty days after year end. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided.

**G. Long-Term Debt**

*Long-Term Debt Supporting Governmental Activities*

Financing in the form of a lease payable was obtained during 2012 in the amount of \$133,815 for improvements to the City's recreational facilities. This agreement is to be repaid over five years by monthly installments of \$2,536. During 2012, the City issued a note payable in the amount of \$745,000 for the purchase of real estate to serve as the new public works facility. This note payable is amortized over ten years and requires monthly payments of \$7,280. Debt issued to support governmental activities is typically paid by the General Fund; however, SPLOST receipts will be used to repay both of these obligations. Compensated absences accrued for employees operating under governmental activities are paid from the General Fund.

*Long-Term Debt Supporting Business Activities*

Financing in the form of a note payable was obtained through the Georgia Environmental Facilities Association (GEFA) during 2005 in the amount of \$2,591,109 for water system improvements and expansion. This note is payable over twenty (20) years by monthly installments of \$15,976. During 2013, the City approved a note payable to GEFA in the amount of \$546,000 to fund planning and design expenses for a city reservoir. As of September 30, 2013, the city had drawn \$115,486. Interest only payments are due until the note is fully utilized and then the balance will be amortized over ten years. Compensated absences associated with business activities are paid from the Water & Sewer System and Stormwater Utility Funds.

**H. Risk Management**

The City is exposed to various risks of losses related to torts, thefts, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City maintains commercial insurance policies covering each of the above risk of loss. Management believes this coverage is adequate to preclude any significant uninsured risk exposure to the City.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 4. Detailed Notes on All Funds, continued**

**H. Risk Management, continued**

Injuries to employees (Workers' Compensation Insurance) is maintained through the Georgia Municipal Association (GMA). Chapter 9, Article 5 of Title 34 of the Official Code of Georgia Annotated authorized GMA's Workers' Compensation Self Insurance Fund. The Fund is to defend, in the name of and on behalf of its members, any suits or other proceedings which may be instituted against them on account of injuries or death within the preview of the Workers' Compensation Law of Georgia. The liability of the Fund to employees of any member employer is specifically limited to such obligations as are imposed by applicable state laws against the employer for workers' compensation and/or employer's liability.

As a part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the funds, and report as promptly as possible all incidents which could result in the funds being required to pay any claim or loss.

There were no significant reductions in insurance coverage from the prior year, and there have been no settled claims in the past three years that have exceeded the coverage.

**I. Litigation**

The City Attorney advised that no legal actions were in progress by or against the City at September 30, 2013, that would have a material effect on the City's financial condition.

**J. Compliance with Legal Provisions**

**State Laws**

Budgets - The City was in compliance with Title 36, Chapter 91, Section 3-6 of the Official Code of Georgia, Annotated (OCGA) which requires the adoption of balanced budgets.

Special Purpose Local Option Sales Tax - The City expended \$255,281 of SPLOST during the current year which includes principal and interest payments on debt .

The City received a GMA Health Promotion Grant in the amount of \$4,000. The City was in compliance with the grant restrictions.

The City received a Local Maintenance and Improvement Grant (LMIG) from the Georgia Department of Transportation in the amount of \$51,324. The City was in compliance with the grant restrictions.

**Federal Laws**

The City's police department was awarded a grant from the U. S. Department of Justice in the amount of \$2,018 to be used to purchase police equipment.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 4. Detailed Notes on All Funds, continued**

**K. Contingent Liabilities**

The City participates in both federal and state assistance programs which are subject to program compliance audits by the grantors or their representatives.

**L. Related Parties**

City was not involved in any significant related party transactions during the current operations.

**M. Retirement/Pension Plans**

*Plan Description*

As authorized by the City council through passage of an ordinance, the City participates in a defined benefit agent-multiple-employer retirement plan (*City of Auburn Retirement Plan*), which is administered through the Georgia Municipal Employees Benefit System (**GMEBS**). The plan covers substantially all of the City's employees. The Plan provides retirement, disability and death benefits to Plan participants and their beneficiaries. The Plan's actuarial valuation is not computed for individual funds of the City that participates in the plan. Accordingly, the pension plan disclosures herein are for the Plan as a whole.

The City is required to contribute at an actuarially determined rate. Section 47-20 of the Georgia Code sets forth the funding standards for state and local governmental pension plans. Administrative expenses are based on total covered payroll of plan members and are added to the annual funding requirements.

The Georgia Constitution enables the governing authority, the City Council, to establish and amend from time to time, the contribution rates of the employer and its plan members. The Plan issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. A copy of that report may be obtained by writing to the Georgia Municipal Employees Benefit System, 201 Pryor Street, S.W., Atlanta, GA 30303.

Employees working a minimum of twenty (20) hours per week are eligible for participation after one year of continuous service. Employees are entitled to 50% vested benefits after five years, 60% after six years, 70% after seven years, 80% after eight years, 90% after nine years, and 100% after ten years of credited service.

The total current fiscal year payroll for the City was \$1,695,547. Total covered payroll was \$1,478,616 for the fiscal year. At January 1, 2013 (date of most recent actuarial valuation) the plan covered 40 active employees, 15 former vested employees, and 7 retired employee.

**City of Auburn, Georgia**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended September 30, 2013**

**Note 4. Detailed Notes on All Funds, continued**

**M. Retirement/Pension Plans, continued**

*Funding Policy*

The City's plan is a non-contributory plan, which means the City bears the entire cost of the plan. Covered employees are not required to contribute to the plan. The City contributed the entire cost of \$95,419 to the Plan for the fiscal year ended September 30, 2013. This cost was determined using the actuarial basis known as the projected unit credit method.

The City's contributions to the Plan for the fiscal years ending September 30, 2013, 2012 and 2011, were \$95,419, \$117,539, and \$116,093 respectively, and were equal to the required contribution for each year.

*Transition Year*

The pension liability at transition of \$915,562 was determined in accordance with GASB 27, paragraph 37. Previously reported pension liability was \$808,916.

*Annual Pension Cost*

A Schedule of the Employer's Annual Pension Cost, which equals its required contributions, for the last three years follows:

Fiscal Year Ended	Annual Pension Cost	Percentage Contributed
9/30/2013	95,419	100%
9/30/2012	117,539	100%
9/30/2011	116,093	100%

Additional information as of the latest actuarial valuation follows:

Valuation Date	January 1, 2013
Actuarial Cost Method	Projected Unit Credit
Amortization Method	Level Dollar (Closed)
Remaining amortization period	Varies
Asset Valuation Method	Market value
Actuarial assumptions:	
Investment rate of return	7.75%
Projected salary increases	11.00% - 4.00%
Included inflation at	3.50%
Merit or seniority increases at	7.50% - .50%
Cost-of-living adjustments	0.00%
Post-retirement Benefit increases	N/A

*Analysis of Funding Progress*

Expressing net assets available for benefits as a percentage of the actuarial accrued liability provides an indication of the plan's funding status on a going concern basis. Analysis of this percentage indicates whether the plan is becoming financially stronger or weaker. Generally the greater this percentage, the stronger the plan. Trends in both actuarial liability and annual covered payroll are affected by inflation. Expressing the actuarial accrued liability as a percentage of annual covered payroll approximately adjusts for the effects of inflation and aids in analysis of the plan's progress in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage the stronger the plan. Historical trend information follows:

Actuarial Valuation Date	(1) Actuarial Value of Assets	(2) Actuarial Accrued Liability (AAL)	(3) Percentage Funded (1)/(2)	(4) Unfunded AAL (UAAL) (2) - (1)	(5) Annual Covered P/R (Prior Year)	(6) UAAL as % of Covered P/R (1)/(5)
2003	101,296	91,251	111.0%	(10,045)	543,389	-1.8%
2004	120,148	116,000	103.6%	(4,148)	642,360	-0.6%
2005	152,047	161,131	94.4%	9,084	695,555	1.3%
2006	204,186	218,678	93.4%	14,492	773,555	1.9%
2007	263,863	324,523	81.3%	60,660	1,098,797	5.5%
2008	343,941	381,507	90.2%	37,566	1,014,534	3.7%
2009	357,593	503,300	71.0%	145,707	1,482,935	9.8%
2010	458,235	572,005	80.1%	113,770	1,574,490	7.2%
2011	586,260	699,430	83.8%	113,170	1,604,326	7.1%
2012	704,866	808,916	87.1%	104,050	1,420,761	7.3%
2013	845,920	915,562	92.4%	69,642	1,478,616	4.7%

**N. Other Post-Employment Benefits**

The City does not provide post retirement benefits other than pension benefits as outlined in Note 4M.

	Governmental Activities	Business Type Activities
Net investment in capital assets		
Cost of capital assets	\$8,963,219	\$6,032,793
Less: accumulated depreciation	2,410,328	1,266,000
Book Value	\$6,552,891	\$4,766,793
Less capital related debt	735,062	2,305,132
Net investment in capital assets	<u>\$5,817,829</u>	<u>\$2,461,661</u>

**Note 5. Joint Ventures:**

Under Georgia law, the City, in conjunction with other cities and counties in the twelve (12) county northeast Georgia area, is a member of the Northeast Georgia Regional Commission (RC) and is required to pay annual dues thereto. During its fiscal year ended September 30, 2013, the City's membership dues were assessed to and paid by Barrow County, Georgia. The City of Auburn did not pay any annual dues. Membership in a RC is required by the Official Code of Georgia Annotated (OCGA), Section 50-8-34, which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGA Section 50-8-39.1 provides that the member governments are liable for any debts or obligations of the RC. Separate financial statements for the RC may be obtained from:

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**Independent Auditor's Report**

Honorable Mayor and City Council  
City of Auburn, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and remaining fund information of the City of Auburn, Georgia, as of and for the fiscal year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise City of Auburn, Georgia's basic financial statements, and have issued our report thereon dated March 28, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of Auburn, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances of the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Auburn, Georgia's internal control. Accordingly, we do not express an opinion of the effectiveness of City of Auburn, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitation, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Auburn, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provision of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
