## INDEPENDENT AUDITOR'S REPORT

To the Mayor and Council  
Of the City of Emerson, Georgia

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Emerson, Georgia, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the City of Emerson, Georgia as of June 30, 2015, and the respective changes in financial position and cash flows, thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Change in Accounting Principle**

As discussed in Note 19 to the financial statements, in 2015 the City adopted new accounting guidance, *GASB Statement No. 68, Accounting and Financial Reporting for Pensions* and *GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date*. Our opinions are not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Schedule of Changes in Net Pension Liability and Related Ratios on page 36 and the Schedule of Contributions – Pension Plan on page 37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

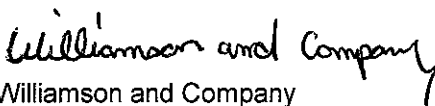

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Emerson's basic financial statements. The individual fund budgetary comparisons on pages 40-44 and the Schedules of Special Purpose Local Option Sales Tax Expenditures on pages 49-51 as required by the Georgia code section OCGA §48-8-121, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The individual fund budgetary comparisons are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain limited procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund budgetary comparisons are fairly stated in all material respects in relation to the basic financial statements as a whole. The Schedules of Special

Purpose Local Option Sales Tax Expenditures are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain limited procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules of Special Purpose Local Option Sales Tax Expenditures are fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated October 22, 2015, on our consideration of the City of Emerson, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of Emerson, Georgia's internal control over financial reporting and compliance.

### Reconciliation of the Balance Sheet to the Statement of Net Position

Fund Balances - Total Governmental Funds \$ 1,157,352

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities  
are not financial resources and are therefore  
not reported in the governmental funds.

Governmental Capital Assets	1,710,427	
Less Accumulated Depreciation	(498,064)	1,212,363

Unearned revenues are recognized in the  
governmental funds for property tax collections  
but are not recognized in the statement of net  
position 589

A portion of pension plan contributions are for future use  
and are considered deferred outflows of resources. 23,812

Differences between expected and actual returns on  
pension plan investments are not recognized at the fund  
level, yet presented as a deferred inflow of resources on  
the Statement of Net Position. (57,747)

Long-term liabilities are not due and payable in  
the current period and therefore are not reported  
in the governmental funds.

Capital Lease	(74,016)	
Compensated Absences	(14,428)	
Net Pension Liability	(34,171)	(122,615)

Net Position of Governmental Activities \$ 2,213,754

**Expenditures, and Changes in Fund Balances of Governmental Funds**  
**To the Statement of Activities**  
**For the Year Ended June 30, 2015**

(Continued)

Net Change in Fund Balances - Total Governmental Funds	\$	100,888
--	----	---------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. This is the amount by which capital outlays exceeded depreciation

Expenditures for Capital Assets	249,534		
Less Current Year Depreciation	(45,138)		204,396

Transfers of capital assets between governmental and business-type activities are not reported in the governmental fund statements	(145,615)
--	-----------

Deferred revenues are recognized in the governmental funds for property tax collections but are not recognized in the statement of net position	(62)
---	------

Governmental funds report monthly pension plan premiums as current period expenditures while governmental activities record a portion of those payments as deferred outflow of resources.	3,773
---	-------

Changes in the value of the pension plan are not reflected in the governmental funds, however they are accounted for in the governmental activities.	(57,747)
--	----------

Governmental funds report proceeds from capital leases as revenue while governmental activities report a liability	(58,529)
--	----------

Governmental funds report payments on debt principal as expenditures while those expenditures are treated as a reduction of the liability in the statement of net position	7,387
--	-------

Governmental funds do not report changes in long-term liabilities while governmental activities report a liability and the changes to such liability.

Compensated Absences	61		
Net Pension Liability	66,468		66,529

Change in Net Position of Governmental Activities	\$	121,020

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

---

**Note 1. Summary of Significant Accounting Policies**

**A. Reporting Entity**

The City of Emerson, Georgia was incorporated in 1889. The City operates under a Strong Mayor – City Council form of Government. The City provides the following services: Public Works (Streets), Public Utilities (Water and Solid Waste), Public Safety (Police), and Administrative Services. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the primary government and its component units. The City has no component units.

**B. Government-wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements, each of which present different views of the City. The government-wide and fund financial statements categorize primary activities as either governmental or business type. Fiduciary funds (if any) are not included in the government-wide statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, permits and fines, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

In the government-wide statement of net position, governmental and business-type activities are presented on a consolidated basis and reflect full accrual, economic resources basis, which includes long-term assets and receivables as well as long-term debt and obligations.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund financial statements emphasize major funds in either the governmental or business-type category. Non-major governmental funds (if any) are reported as a separate column in the fund financial statements.

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to the governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City applies all relevant FASB pronouncements and APB opinions issued on or prior to December 1, 1989 to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The City does not apply FASB pronouncement and APB opinions issued after November 30, 1989.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

---

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgements, are recorded only when payment is due.

Taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when the government receives the cash. In applying the susceptible to accrual concept, nonexchange transactions are recognized in accordance with GASB Statement 33.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and unrestricted as needed.

#### **D. Fund Types**

##### **Governmental Funds**

The General Fund, Confiscated Drug Fund, Hotel/Motel Tax Fund, the 2003 SPLOST Capital Projects Fund, the 2008 SPLOST Capital Projects Fund, and the 2013 SPLOST Capital Projects Fund are the major governmental funds that the City reports. The City has elected to present the Confiscated Drug and the Hotel/Motel Tax Fund as special revenue funds. The General Fund is the primary fund of the City and accounts for all financial resources of the general government except those required to be reported in the other funds. The 2003 SPLOST Capital Projects Fund, the 2008 SPLOST Capital Projects Fund, and the 2013 SPLOST Capital Projects Fund account for the acquisition and construction of major capital assets other than those accounted for by proprietary funds. The Confiscated Assets Fund accounts for cash received from confiscation or sale of capital assets acquired through confiscation. The Hotel/Motel Tax special revenue fund accounts for hotel/motel tax receipts and tourism/economic development expenditures as required by statute. There were no hotel/motel tax receipts or expenditures in the current year.

##### **Proprietary Funds**

Proprietary funds are used to account for operations for which a fee is charged to external users for goods or services and the activity is intended to be self-supporting. The City operates a Water/Sewer Fund and a Solid Waste fund, both of which are presented as major proprietary funds. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water/sewer and Solid Waste enterprise funds are charges to

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

---

customers for sales and services. The Water/Sewer fund recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. As a general rule, interfund activity has been eliminated from the government-wide financial statements. Exceptions to this are charges between the City's proprietary funds and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

**E. Assets, Liabilities, Net Position or Equity**

1. **Cash and Investments.** Cash includes amounts in demand and time deposits that must be by law insured or collateralized, and investments, if any, are limited by law and bond ordinances, to federal and state securities.
2. **Receivables.** All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Estimated unbilled revenues from the enterprise funds are recognized at the end of the year on a pro rata basis. The estimated amount is based on billings during the month following the close of the fiscal year.
3. **Due to and Due from Other Funds/Internal Balances.** During the course of operations, numerous transactions occur between individual funds for goods provided, services rendered or interfund loans. Interfund transactions are recorded in all funds affected in the period in which transactions are executed. The balances which represent receivables and payables between governmental and business-type activities in the government-wide statements are reported as internal balances.
4. **Capital Assets.** Capital assets that cost more than \$5,000 with an estimated useful life of more than one year are capitalized and depreciated. Capital assets, including property, plant, vehicles, equipment and infrastructure (streets, bridges, curbs, sidewalks, drainage and lighting systems) are reported in the applicable governmental or business-type activities columns in the government-wide statements. All capital assets are carried at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their estimated fair value on the date of acquisition. Depreciation is computed on the straight-line basis over the estimated useful life of the asset.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Interest is capitalized on proprietary fund assets acquired with debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

---

General infrastructure assets acquired prior to June 15, 2003 are not reported in the basic financial statements. General infrastructure assets include all roads and bridges and other infrastructure assets acquired subsequent to June 15, 2003.

5. **Deferred Outflows/Inflows Of Resources.** In addition to assets, the Statement of Net Position and/or the Balance Sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position or fund balance that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then. The City has one item that qualifies as a deferred outflow of resources for fiscal 2015 and arises under the full accrual basis of accounting in the Statement of Net Position for the governmental activities and the business-type activities. The sources of the deferred outflows are pension contributions made during the fiscal year that are to be used for future period benefits.

In addition to liabilities, the statement of Net Position and/or the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has one item under the modified accrual basis of accounting that qualifies as a deferred inflow of resources for fiscal 2015. It is property tax revenue that is considered unavailable at year end. There are three components of the deferred inflows of resources in the Statement of Net Position at the entity wide level and the Statement of Net Position at the proprietary fund level. Those components are all pension plan related and are as follows: differences between expected and actual experience of the plan, changes in plan assumptions, and the net differences between projected and actual earnings on pension plan investments.

6. **Compensated Absences.** Full-time, permanent employees are granted vacation benefits. Vested or accumulated vacation leave is recorded as an expense and a liability when incurred in the proprietary fund financial statements and as a liability in the governmental funds only in the government-wide financial statements. Governmental funds only report the portion expected to be liquidated in the current year. The accrued liability is reported in the respective fund that will pay. For the governmental activities, compensated absences are generally liquidated by the general fund.
7. **Pensions.** For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Georgia Municipal Employees Benefit System (GMEBS) and additions to/deductions from the GMEBS fiduciary net position have been determined on the same basis as they are reported to GMEBS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
8. **Long-term Debt, Bond Discounts and Issuance Costs.** Outstanding debt and other obligations are reported as a liability in the government-wide and proprietary financial statements. Bond discounts/premiums for proprietary funds and governmental and business-type activities are capitalized and amortized over the term of the respective bonds using the straight-line method. Bond discounts are presented as a reduction in the face amount of bonds payable. In the fund financial statements, governmental funds recognize bond premiums, discounts and bond issuance costs, during the current period. The face amount of the debt issued is reported as an other financing source.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

---

9. **Fund Equity/Net Position.** The governmental fund financial statements report restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. The unassigned portion represents an amount available for future operations. Unrestricted net position for proprietary funds represents the net position available for future operation. Restricted net position represents assets that have been legally identified for specific purposes.

**Note 2. Stewardship, Compliance and Accountability**

Budgets are adopted on a basis consistent with generally accepted accounting principles. Georgia Law requires an annual balanced budget for the general and special revenue funds and a project length budget for each capital project fund. All departments of the City submit requests for appropriation to the City Council so that a budget may be prepared. The budget is prepared by fund, function (department), and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

No later than 45 days prior to the beginning of the fiscal year, the proposed budget is presented to the Mayor and Council for review. The City Council holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget. The legal level of budgetary control is at the department level. Any changes in the budget must be within the revenues and reserves estimated as available by the manager or the revenues estimates must be changed by an affirmative vote of a majority of the Council, except for emergencies as defined by the charter and unanimously voted by Council. Last year's budget subject to amendment becomes the current year's budget if Council fails to act. Expenditures may not legally exceed budgeted appropriations at the functional level.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrances at the end of the year were for immaterial amounts and therefore are not reported as reservations of fund balances.

The capital projects funds have a project length budget that was adopted when voters approved the Special Purpose Local Option Sales Tax referendums. The budgets of these funds are prepared for the projected total Special Purpose Local Option Sales Tax tax revenues and capital outlays.

**Note 3. Deposits and Investments**

Cash as of June 30, 2015 is as follows:

Statement of Net Position:	
Unrestricted Cash	\$ 1,192,923
Restricted Cash	490,168
Total	<u>\$ 1,683,091</u>

The City has no investments other than cash. The City does not have a formal policy that addresses custodial credit risk.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

**Note 4. Receivables**

Receivables as of June 30, 2015 consist of the following:

	<u>General</u>	<u>2014 SPLOST Capital Projects</u>	<u>Water and Sewer</u>	<u>Solid Waste</u>	<u>Total</u>
Receivables:					
Accounts	\$ 10,934	\$ --	\$ 72,295	\$ 10,236	\$ 93,465
Taxes	35,061	--	--	--	35,061
Intergovernmental	--	52,173	--	--	52,173
Allowances for Uncollectibles	--	--	(8,491)	(1,175)	(9,666)
Net	<u>\$ 45,995</u>	<u>\$ 52,173</u>	<u>\$ 63,804</u>	<u>\$ 9,061</u>	<u>\$ 171,033</u>

Taxes receivable include \$33,853 of Local Option Sales Tax and \$1,208 of property taxes. The intergovernmental receivable of \$52,173 consists of accrued SPLOST collections for the 2014 SPLOST.

**Note 5. Property Tax**

Bartow County bills and collects the City's real and personal property taxes. The Bartow County Tax Assessors Office assesses property values as of January 1 each year. The City's millage rate of 2.0 was approved by the City Council on August 12, 2014. The levy date was September 15, 2014 and taxes were due by December 1, 2014. After December 1, interest and penalties begin to accrue on unpaid balances and property is subject to lien.

All property tax revenue is recorded when it becomes measurable and available. Available means due, or past due, and receivable within the current period, and collected no later than 60 days after the close of the fiscal year end.

**Note 6. Interfund Receivables, Payables and Transfers**

**Due to/from Other Funds:**

Entity-wide internal balances at June 30, 2015 were \$161,823.

<u>Due To</u>	<u>Due From</u>	<u>Amount</u>
General	Water	\$ 9,862
General	Solid Waste	151,961

Interfund balances consist of routine transfers for payroll and related benefits and to subsidize operations.

**Transfers and payments:**

Routine transfers and payments between funds are to subsidize operations and capital asset acquisition. The City had no fund level interfund transfers for the fiscal year ended June 30, 2015.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

Transfers of capital assets between business-type funds and governmental funds are presented as transfers on the Statement of Activities.

<u>Source Fund</u>	<u>Transfer to Fund</u>	<u>Amount</u>
2003 Capital Projects	Water/Sewer	\$ 24,150
2014 Capital Projects	Water/Sewer	<u>121,465</u>
	Total	<u>\$ 145,615</u>

Transfers to the Water/Sewer Fund are for capitalized water and sewer system improvements procured from the 2003 and 2014 SPLOST capital projects funds.

**Note 7. Capital Assets**

The following is a summary of the primary government capital asset activity during the fiscal year:

<b>Governmental Activities</b>	<u>Balance July 1, 2014</u>	<u>Additions/ Transfers</u>	<u>Deletions/ Transfers</u>	<u>Balance June 30, 2015</u>
<i>Capital Assets, Not Being Depreciated</i>				
Land	\$ 119,462	\$ -	\$ -	\$ 119,462
Construction In Progress	<u>287,225</u>	<u>159,288</u>	<u>(145,615)</u>	<u>300,898</u>
Total Capital Assets Not Being Depreciated	<u>406,687</u>	<u>159,288</u>	<u>(145,615)</u>	<u>420,360</u>
<i>Capital Assets, Being Depreciated</i>				
Equipment	323,302	90,247	-	413,549
Buildings	530,602	-	-	530,602
Infrastructure	<u>345,916</u>	<u>-</u>	<u>-</u>	<u>345,916</u>
Total Capital Assets Being Depreciated	<u>1,199,820</u>	<u>90,247</u>	<u>-</u>	<u>1,290,067</u>
<i>Less Accumulated Depreciation For:</i>				
Equipment	(223,267)	(22,585)	-	(245,852)
Buildings	(154,676)	(14,293)	-	(168,969)
Infrastructure	<u>(74,983)</u>	<u>(8,260)</u>	<u>-</u>	<u>(83,243)</u>
Total Accumulated Depreciation	<u>(452,926)</u>	<u>(45,138)</u>	<u>-</u>	<u>(498,064)</u>
Total Capital Assets Being Depreciated, Net	<u>746,894</u>	<u>45,109</u>	<u>-</u>	<u>792,003</u>
Capital Assets, Net	<u>\$ 1,153,581</u>	<u>\$ 204,397</u>	<u>\$ (145,615)</u>	<u>\$ 1,212,363</u>

Additions to equipment were \$90,247 including a police car of \$58,529 and public works equipment of \$31,718.

Total governmental activities depreciation expense charged to functions/programs of the government are as follows:

Administration	\$ 15,110
Public Safety	19,645
Public Works	<u>10,383</u>
Total Depreciation Expense	<u>\$ 45,138</u>

**CITY OF EMERSON, GEORGIA**

Buildings	(11,637)	(629)	-	(12,266)
Utility System	(1,881,609)	(279,188)	-	(2,160,797)
Total Accumulated Depreciation	(2,205,640)	(336,339)	-	(2,541,979)
Total Capital Assets Being Depreciated, Net	12,333,314	(336,339)	-	11,996,975
Capital Assets, Net	\$ 12,427,832	\$ (336,339)	\$ 145,615	\$ 12,237,108

Business-type activities construction in progress at year-end consists of \$24,150 of test well expenditures contributed to the fund from the 2003 Capital Project Fund. The 2014 Capital Project Fund contributed \$121,465 for construction in progress of utility system improvements to the Water/Sewer fund in the current year.

The primary government uses the following estimated useful lives to compute depreciation (straight-line method):

Equipment	3-10 years
Buildings	20-50 years
Utility System	20-75 years
Infrastructure	50 years

**Note 8. Deferred Outflows/Inflows of Resources**

In addition to assets, the proprietary funds Statement of Net Position and the Entity-wide Statement of Net Position report a separate section for deferred outflows of resources. This separate financial statement element represents contributions to the pension plan during the fiscal year that were to be used in future periods.

In addition to liabilities, the proprietary funds Statement of Net Position and the Entity-wide Statement of Net Position report a separate section for deferred inflows of resources. This separate financial statement element represents certain changes in the calculation of the pension plan's value that are not recognized as City income during the fiscal year ended June 30, 2015.

In addition to liabilities, the governmental funds balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents unearned revenue in the form of property taxes not available in the current fiscal year. These amounts are recognized in the period they become available.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

**Note 9. Lease Obligations**

The City has entered into a capital lease agreement with Branch Banking and Trust as lessee for financing the acquisition of a 2013 Dodge Charger. The interest rate on this lease is 3.18%. If the lease is paid in full, the title to the property is transferred to the City. The City's equipment under lease has a cost of \$22,874 with accumulated depreciation of \$4,947.

The City has entered into a capital lease agreement with Branch Banking and Trust as lessee for financing the acquisition of a police equipped 2014 Dodge Charger. The interest rate on this lease is 3.39%. If the lease is paid in full, the title to the property is transferred to the City. The City's equipment under lease has a cost of \$58,529 with accumulated depreciation of \$0.

The following is a schedule of the combined future minimum lease payments of both leases and the present value of the net minimum lease payments at June 30, 2015:

<u>Year Ending June 30</u>	<u>General Fund</u>
2016	\$ 28,962
2017	28,962
2018	20,847
Less Accumulated Interest Paid	<u>(4,755)</u>
Present Value of Minimum Lease Payments	<u>\$ 74,016</u>

The City has no significant operating lease obligations.

**Note 10. Outstanding Debt**

Changes in long-term liabilities

The following is a summary of the City's debt transactions for the year ended June 30, 2015:

	<u>Balance July 1, 2014</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balances June 30, 2015</u>	<u>Due In One Year</u>
<i>Governmental Activities</i>					
Capital Lease Payable	\$ 22,874	\$ 58,529	\$ (7,387)	\$ 74,016	\$ 26,485
Compensated Absences	14,489	22,792	(22,853)	14,428	-
Net Pension Liability	<u>100,640</u>	<u>96,449</u>	<u>(162,918)</u>	<u>34,171</u>	<u>-</u>
Total Governmental Activities	<u>\$ 138,003</u>	<u>\$ 177,770</u>	<u>\$ (193,158)</u>	<u>\$ 122,615</u>	<u>\$ 26,485</u>
<i>Business-type Activities</i>					
Note Payable	\$ 57,105	\$ -	\$ (13,578)	\$ 43,527	\$ 14,034
Compensated Absences	956	1,982	(912)	2,026	-
Net Pension Liability	<u>21,186</u>	<u>20,304</u>	<u>(34,297)</u>	<u>7,193</u>	<u>-</u>
Total Business-type Activities	<u>\$ 79,247</u>	<u>\$ 22,286</u>	<u>\$ (48,787)</u>	<u>\$ 52,746</u>	<u>\$ 14,034</u>

In prior years, the General Fund has been used to liquidate compensated absences and pension liabilities of the governmental funds.

The note payable is recorded in the Water/Sewer Fund and was for the purchase of a backhoe. The note bears interest at 3.35% with principal and interest due annually on September 10 of each year for five years beginning on September 10, 2013.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

The debt service requirements of the note payable are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	14,034	1,458	15,492
2017	14,504	988	15,492
2018	14,989	503	15,492
Total	<u>\$43,527</u>	<u>\$2,949</u>	<u>\$46,476</u>

**Note 11. Pension Plan**

Plan Description. The City has a non-contributory defined benefit plan covering all full time employees. The plan, the City of Emerson Retirement Plan, is administered by the Georgia Municipal Employees Benefit System (GMEBS), a statewide, agent multiple-employer defined benefit plan. GMEBS policy direction and oversight for the fund is provided by a 15 member board comprised of elected and appointed officials from the fund's membership. GMEBS handles all administrative and investment functions relative to the plan. The City established its plan effective July 1, 1990, and the authority to establish, amend or discontinue the plan remains with the City. The plan provides pension benefits and death and disability benefits for all employees that have been employed full time for one year. Members may retire at 65 years of age with 5 years of service or at age 55 with 10 years of service. Benefits are calculated at 1.25% to 2.0% of the average monthly earnings for the period of the five highest years prior to retirement.

The Georgia Municipal Employees Benefit System issues a publicly available annual financial report that includes financial statements and required supplementary information. This report may be obtained by contacting the Georgia Municipal Employees Benefit System, C/O Georgia Municipal Association – Risk Management and Employee Benefit Services, 201 Pryor Street, SW, Atlanta, Georgia 30303.

As of January 1, 2014, employee membership data related to the current plan membership was as follows:

Pensioners as of valuation date (including 0 beneficiaries)	10
Participants inactive during the year ended December 31, 2013 with vested rights	8
Participants active during the year ended December 31, 2013 (including 4 elected officials)	
Vested	13
Nonvested	<u>7</u>
Total	<u>38</u>

Funding Policy and Annual Contributions. The funding policy for the plan is to contribute an amount equal to the recommended contribution in each year. These contributions are determined under the projected unit credit actuarial cost method and the asset valuation method for developing the actuarial value of the assets. The period and related method of amortizing the unfunded actuarial accrued liability is 30 years from July 1, 1991, and the current changes in the unfunded actuarial accrued liability over 15 years for actuarial gains and losses, 20 years for plan provisions and 30 years for actuarial assumptions and cost methods as a level dollar amount. These amortization periods, if applicable, are closed for this plan year. On the basis of current valuation, dated January 1, 2014, it was determined that the current contribution rate is 6.10% of annual covered payroll.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

---

The Plan is subject to the minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). According to the latest actuarial valuation, dated January 1, 2014, the estimated minimum annual contribution under these funding standards is \$32,087.

The contribution to the plan during the fiscal year ended June 30, 2015 was \$33,099 (\$0 employee and \$33,099 employer; 0% and 5.74% of covered payroll respectively) and was made in accordance with contribution requirements determined by an actuarial valuation as of January 1, 2014. The City's current year covered payroll amounted to \$521,265 based upon the actuarial valuation of January 1, 2014.

**Net Pension Liability**

The City's Net Pension Liability (NPL) was measured as of September 30, 2014, along with the Total Pension Liability (TPL) and Fiduciary Net Position (FNP) used to calculate the NPL. These actuarial assumptions are based on the results of an actuarial measurement date of September 30, 2014.

Actuarial Assumptions: The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.5%
Salary Increases	4.5%, average, including inflation
Investment Rate of Return	7.75%, net of pension plan investment expense, including inflation
Cost of Living Adjustment	0.00%

The RP-2000 mortality tables were determined to contain sufficient provision appropriate to reasonably reflect future mortality improvement, based on a four-year review of mortality experience for the period July 1, 2005 to June 30, 2009.

Actuarial Methods:

Actuarial Cost Method	Projected Unit Credit Method
Amortization Method	Closed level dollar for remaining unfunded liability
Asset Valuation Method	Sum of the actuarial value at the beginning of the year and the cash flow during year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at the end of the year. The actuarial value is adjusted, if necessary, to be within 20% of market value.

Discount Rate: The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2014 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>	<u>Long-term Nominal Real Rate of Return</u>
Domestic Equity	50.00%	5.95%	9.20%
International Equity	15.00%	6.45%	9.70%
Fixed Income	25.00%	1.55%	4.80%
Real Estate	10.00%	3.75%	7.00%
Cash	0.00%		
Total	<u>100.00%</u>		

**Changes in Net Pension Liability**

	(TPL) Total Pension Liability (a)	(FNP) Fiduciary Net Position (b)	(NPL) Net Position Liability (a) - (b)
Balances at September 30, 2013	\$ 662,440	\$ 540,614	\$ 121,826
Changes for the Year:			
Service Cost	27,632	-	27,632
Interest	49,957	-	49,957
Differences Between Expected and Actual Experience	(63,197)	-	(63,197)

Balances at September 30, 2014	<u>\$ 636,850</u>	<u>\$ 595,485</u>	<u>\$ 41,365</u>

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

Sensitivity of the Net Pension Liability to Changes in the Discount Rate: The following presents the net pension liability of the City, calculated using the discount rate of 7.75 percent, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.75 percent) or 1 percentage point higher (8.75 percent) than the current rate:

<b>Sensitivity of the NPL to Changes in Discount Rate</b>			
	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
Total Net Pension Liability	\$ 138,965	\$ 41,365	\$ (38,490)

For the year ended June 30, 2015, the City recognized pension expense of \$21,974. At June 30, 2015, the City reported deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (50,556)
Changes of assumptions	-	(3,456)
Net differences between projected and actual earnings on pension plan investments	-	(15,892)
Total as of June 30, 2015	\$ -	\$ (69,904)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2016	\$ (17,476)
2017	(17,476)
2018	(17,476)
2019	(17,476)

The required Schedule of Changes in the City's Net Pension Liability and Related Ratios and the Schedule of City Contributions immediately follow the notes to the financial statements.

The City's policemen are also covered by the State of Georgia Peace Officers' Annuity and Benefit Fund. The City makes no contribution to this plan. Contributions are collected by the City as the agent for this fund through its municipal court system. This plan is administered through the Peace Officers' Annuity and Benefit Fund of Georgia located at 1210 Greenbelt Parkway in Griffin, Georgia where separate financial statements may be obtained.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

---

**Note 12. Deferred Compensation Plan**

The City of Emerson has adopted a deferred compensation plan in accordance with provisions of the Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments). The City of Emerson 457 Plan is a defined contribution plan.

The plan allows all full time employees to voluntarily defer up to 28% of gross compensation up to \$7,500 per year and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death or unforeseeable emergency. All administrative costs are deducted from the participant's account.

The plan is administered by an unrelated financial institution. Under the terms of an IRC Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts held by the financial institution, until paid or made available to the employees or beneficiaries, are the property of the City. In addition, the participants in the plan have rights equal to his or her share of the fair value of the plan assets.

In accordance with GASB Statement No. 32, the City does not report the deferred compensation plan assets in its financial statements because the City does not play an active role in the administration of the plan or perform investment functions for the plan.

**Note 13. Restricted Assets and Restricted Net Position/Fund Balance**

**Restricted Assets**

At June 30, 2015, the City's restricted assets consisted of externally restricted cash accounts maintained in the confiscated asset special revenue fund and all three SPLOST Capital Project funds. There are no restricted assets in the City's proprietary funds or business-type activities.

Restricted Assets

Drug Enforcement Activities	\$ 8,159
Capital Project Activities	<u>482,009</u>
	<u>\$ 490,168</u>

**Restricted Net Position or Fund Balance**

Restrictions are used to indicate that a portion of the net position or fund balance is not available for all expenditures or expenses and is legally segregated for a specific future use. The City's restricted net position and fund balance is concentrated in the governmental activities and funds and are as follows:

Restricted for law enforcement activities – Created to segregate money received from federal or state sources that restrict use for law enforcement purposes only.

Restricted for construction – Created to segregate money received from SPLOST and certain grant proceeds where the use of funds is restricted to approved expenditures or expenses.

**Note 14. Contingencies**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

---

**Note 15. Risk Management**

At year-end, there were no legal actions taken by or against the City that would have an adverse effect on the City's financial condition. The City is a defendant in various lawsuits. Although the outcome is not presently determinable, in the opinion of the City's attorney, the resolution of the any current legal matters will not have a material adverse effect on the financial condition of the City. The City is exposed to various risk of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; and natural disasters for which the City carries insurance.

The City has joined with other municipalities in the State as part of the Georgia Interlocal Risk Management Agency (GIRMA) for its property and liability insurance, and the Worker's Compensation Self-Insurance Fund (WCSIF) to provide risk coverage for injuries to employees. Both are public entity risk pools currently operating as common risk management and insurance programs for member local governments. The Georgia Municipal Association (GMA) administers the risk pool.

As part of this risk pool, the City is obligated to pay all contributions and assessments as prescribed by the pool, cooperate with the pools' agents and attorneys, follow loss reduction procedures established by the fund, and to promptly report all incidents that could result in the fund being required to pay any claim of loss. The City is also to allow the fund's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City that is within the scope of loss protection furnished by the fund.

The fund is to defend and protect its members against liability or loss as prescribed in the member governments' contracts and in accordance with the worker's compensation laws of Georgia. The funds are to pay all costs against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

During the past three years, the costs of any settlements have not exceeded insurance coverage.

**Note 16. Joint Venture**

The City of Emerson is a member of the Northwest Georgia Regional Commission. The NGRC was created under the laws of the State of Georgia and cities and counties in the area served by the NGRC are required to be members. The membership of the NGRC includes 10 counties and 35 municipalities. Bartow County pays annual membership dues on behalf of the City. The City has no equity interest in the NGRC nor does the City materially contribute to the continued existence of the NGRC. The Official Code of Georgia Annotated Section §50-8-39.1 states that in the event the NGRC ceases operation, the membership can be assessed for any debt or obligation of the NGRC. Separate financial statements may be obtained from Northwest Georgia Regional Commission, P. O. Box 1793, Rome, Georgia 30162.

**Note 17. Special Purpose Local Option Sales Tax**

In November 2002, Bartow County voters approved a referendum on the question of "yes/no shall a special one percent sales and use tax be imposed in Bartow County for a period of time not to exceed twenty calendar quarters, or until there is collected net proceeds of \$86,000,000, for various capital outlay purposes". Actual collection of the tax began April 1, 2003 and ended March 31, 2008. The City of Emerson's distributive share of this amount was projected to be \$1,694,000. The City is to use the proceeds from the tax for various infrastructure and water/sewer improvements.

**CITY OF EMERSON, GEORGIA**  
**Notes to the Financial Statements**  
**June 30, 2015**

In November 2007, Bartow County voters approved a referendum on the question of "yes/no shall a special one percent sales and use tax be imposed in Bartow County for a period of time not to exceed twenty four calendar quarters, or until there is collected net proceeds of \$200,000,000, for various capital outlay purposes". Actual collection of the tax began April 1, 2008 and ended March 31, 2014. The City of Emerson's distributive share of this amount was projected to be \$3,546,000 or 1.97%. The City is to use the proceeds from the tax for various infrastructure and water/sewer improvements.

In November 2012, Bartow County voters approved a referendum on the question of "yes/no shall a special one percent sales and use tax be imposed in Bartow County for a period of time not to exceed twenty four calendar quarters, or until there is collected net proceeds of \$193,000,000, for various capital outlay purposes". Actual collection of the tax began April 1, 2014 and is projected to end March 31, 2020. The City of Emerson's distributive share of this amount is projected to be \$3,787,814 or 1.97%. The City is to use the proceeds from the tax for various infrastructure, capital equipment and water/sewer improvements.

**Note 18. Construction Commitments**

As of June 30, 2015, the City had no outstanding commitments under construction contracts.

**Note 19. Restatement of Prior Year Net Position/Fund Balance**

For fiscal year 2015, the City made a variety of prior period adjustments due to the adoption of GASB Statement No. 68 and GASB Statement No. 71 and the reclassification of a capital asset and 2014 revenues, which require the restatement of the June 30, 2014 net position in Governmental Activities and the business-type activities, and fund balance in the General Fund. The result was an increase in beginning net position in the governmental activities and the fund balance of the general fund by \$136,558 and \$38,859 respectively, and a decrease in beginning net position of the business-type activities of \$195,267. These changes are in accordance with generally accepted accounting principles.

	Governmental Activities	Business-type Activities

Notes to Schedule:

Valuation Date:

**Methods and Assumptions Used to Determine Contribution Rates**

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Closed level dollar for remaining unfunded liability
Remaining Amortization Period	Remaining amortization period varies for the bases, with a net effective amortization period of 10 years.
Asset Valuation Method	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at the end of the year. The actuarial value is adjusted, if necessary to be within 20% of market value.
Inflation	3.25%
Salary Increases	3.5% plus age and service based merit increases
Investment Rate of Return	7.75% net pension plan investment expense, including inflation
Retirement Age	Normal - 65; Early - 55
Mortality	The mortality and economic actuarial assumptions used in the January 1, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2005 through June 30, 2009.
Other information	This schedule is presented to illustrate the requirement to show information for 10 years. However, a full 10 year trend is not available. The actuarially determined contribution rate was determined as of January 1, 2014, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending June 30, 2016.

## COMPLIANCE SECTION

---

This Page Intentionally Left Blank

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Mayor and City Council  
Emerson, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Emerson, Georgia, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Emerson, Georgia's basic financial statements and have issued our report thereon dated October 22, 2015.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Emerson, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate for the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Emerson, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Emerson, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

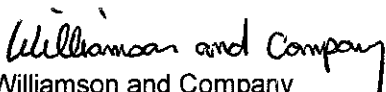

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Emerson, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion of the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
