LAGRANGE

GEORGIA

December 21, 2015

TO: Citizens of the City of LaGrange, Georgia
Honorable Mayor and Members of the City Council
City of LaGrange, Georgia

The comprehensive annual report of the City of LaGrange, Georgia (the City), for the fiscal year ended June 30, 2015 is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

This is the thirteenth year the City of LaGrange is subject to the requirements of the Governmental Accounting Standards Board Statement 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments (GASB 34). The new GASB pronouncement requires management discussion and analysis of the statements, government-wide financial statements, budgetary comparison schedules, added infrastructure reporting requirements and changes to the statement of cash flows, to name a few. Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

The City of LaGrange, incorporated in 1828, operates under the Council-Manager form of government. The City is organized under seven (7) departments: Community Development, Economic Development, Finance/Human Resources, Information and Technology, Public Safety, Public Services and Public Utilities. These departments operate under the direct supervision of the City Manager, who is appointed by the Mayor and Council, and provide a full range of services to an estimated 30,000 citizens. Included among these services are traditional city functions, such as police and fire protection, sanitation services (garbage and trash collection, landfill, and recycling center), street construction and maintenance, landscaping, cemeteries, building inspection, zoning enforcement and economic development, as well as electric, gas, water and sewer utilities and telecommunications services.

The Troup County Airport Authority, Housing Authority of the City of LaGrange, and the LaGrange Industrial Development Authority have not met the established criteria for inclusion in the reporting entity and, accordingly, are excluded from this report. The Solid Waste Management Authority of the City of LaGrange is reported on a blended basis.

The Downtown LaGrange Development Authority, a legally separate entity for which the City is financially accountable, is included as a component unit. The Downtown LaGrange Development Authority is presented as a discretely presented component unit under GASB-14, as amended by GASB-61, because the Authority is legally separate, the municipality appoints a voting majority of the Authority and is able to impose its will on the Authority, and the Authority provides services and benefits which are not limited to the City.

ECONOMIC CONDITION AND OUTLOOK

The City of LaGrange is located in the west central part of Georgia, approximately 70 miles southwest of the city of Atlanta with Interstate 85 and Interstate 185 adjacent on the east side of the city and West Point Lake adjacent on the west side. Hartsfield Atlanta International Airport is 45 minutes away via I-85 and Columbus is less than an hour away via I-185 south. CSX provides full-service rail facilities with east/west and north/south lines. Truck lines include interstate and intrastate carriers and local terminals. United Parcel Service, Federal Express, and several other national and local firms provide delivery services.

CITY OF LAGRANGE OFFICE OF THE CITY MANAGER

200 Ridley Avenue • LaGrange, Georgia 30240 • (706) 883-2010 • FAX (706) 883-2020
www.lagrangega.org

LaGrange is home to over 39 industries in three industrial parks. The 1,600 acre LaGrange Industrial Park and Jim Hamilton Industrial Park, 640 acre park, are home to a dozen Fortune 500 companies. A newer park, Callaway South Industrial Park, is currently developing, and is home to one major Kia supplier.

While economic conditions at both the national and local level have improved slightly, there has not been significant growth in the economy. Despite the creation of several thousand jobs over the last few years, the local housing market has not recovered and several of the projects which we were anticipating a few years ago have simply failed to materialize. The total number of single family building permits issued in 2015 is 33, which is significantly below what we were experiencing before the recession. There were 19 homes taken down over the same time period. However, the City has made significant strides in the commercial and industrial development markets. Several major projects were announced in 2015 and hopefully, will have a positive impact in the years to come.

FINANCIAL INFORMATION

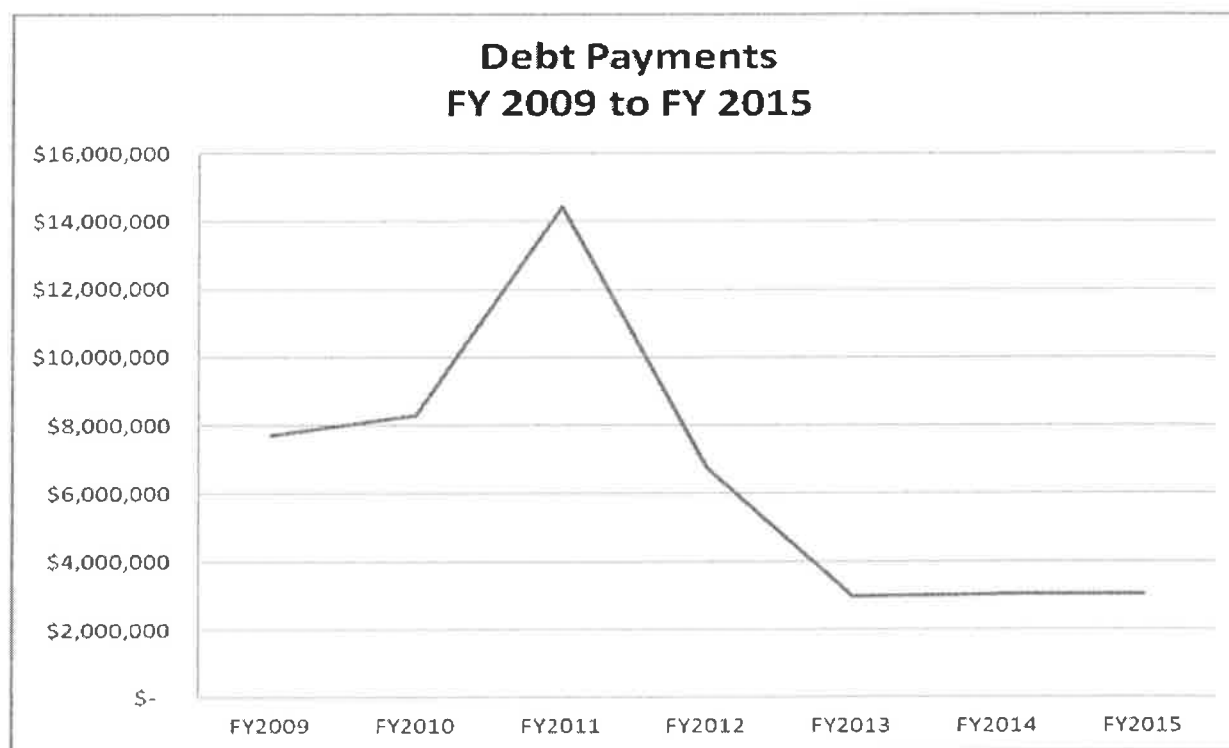

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from losses, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived and, 2) the valuation of costs and benefits requires estimates and judgments by management.

The City's operational and financial performance is very strong. Several steps to improve the City's cash balance have been taken, which is presented in the graph below. The City continues to receive cash distributions from the MEAG Trust Fund, however, those distributions will stop in 2017. Deliberate decisions have been made not to spend the MEAG Trust dollars that have been distributed to the City's General Funds over the years and to manage the City with sustainable revenues and expenses on an annual basis. As such, the cash balance has improved as these funds have changed from restricted investment assets to available cash. With continued economic uncertainty as well as the upcoming costs associated with the new Vogtle Nuclear units coming online, it is prudent to position the City with a strong cash balance, which has been done and will continue in the coming years.

Cash Position

In addition to the distributions from the MEAG Competitive Trust, the City has taken steps to control expenses and to position the City for financial soundness going forward. Much of the City's debt has been restructured and significant amounts of Water and Sewer debt have been paid off. By refunding certain debt obligations, the City was able to take advantage of lower interest rates, and by paying off other debt issues, the City was able to use some cash to avoid interest costs which were significantly higher than what it was receiving in interest on bank deposits. As a result of these activities, we have been able to increase net cash flow to the City by several million dollars a year. It is important to note that in 2016, approximately \$13 million of additional debt will be added as a result of the Long Cane Wastewater Treatment Plant improvements and the Yellow Jacket Creek pump station expansion. Debt service will begin in 2016.

Budgeting Controls

In addition, the City maintains budgetary controls, the purpose of which is to assure compliance with the legal provisions embodied in the annual appropriated budget approved by the City Council of LaGrange. Activities of the general fund and special revenue funds are included in the annual appropriated budget. Project length financial plans are adopted for the capital projects fund. The level of budgetary control (that is the level at which expenditures cannot legally exceed the appropriated amount) is established at the departmental level.

As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management. The following schedule presents a summary of the total governmental funds revenues for the fiscal year ended June 30, 2015 and the amount and percentage of increases and decreases in relation to the prior year's revenue. Total Revenues and Total Expenses showed increases in both revenues and expenses from 2014 to 2015. (A .6% increase in revenue for General Government Funding and a 15.3% increase in expense.) The governmental fund held relatively stable from 2014 to 2015.

Revenues	Amount	% of Total	Increase (Decrease) from 2014	Percent of Increase (Decrease)
Taxes, Licenses and Permits	10,746,345	63.2%	472,492	4.6%
Intergovernmental	3,258,124	19%	(105,949)	(3.1%)
Charges for services	250,170	1.5%	(7,736)	(.29%)
Fines	1,376,112	8.1%	(237,637)	(14.7%)

Lease Income	1,140,108	6.7%	48,477	4.4%
Miscellaneous	197,361	1.2%	(71,959)	(26.7)
TOTAL	17,011,924	100%	101,947	.6%

Expenditures	Amount	% of Total	Increase (Decrease) From 2014	Percent of Increase (Decrease)
General Government	2,734,075	9%	(54,207)	(1.9%)
Public Safety	15,552,037	49%	(202,483)	(1.3%)
Public Services	2,507,788	8%	(33,118)	(1.3%)
Culture and Recreation	959,879	3%	(46,339)	(4.6%)
Community Development	1,987,811	6%	218,156	12.3%
Debt Service	3,777,780	12%	2,210,482	141%
Capital Outlay	4,189,642	13%	2,119,701	102.4%
TOTAL	31,709,012	100%	4,212,192	15.3%

OTHER INFORMATION

Independent Audit

Georgia Law requires cities to be audited every two years by independent certified public accountants. The City chooses to have an annual audit and this year the Council selected the firm of AJK, LLC to perform the audit. The auditor's report on financial statements is included in the financial section of this report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of LaGrange for its comprehensive annual financial report for the fiscal year ended June 30, 2014. This was the twenty eighth year that the City has received this award. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principals and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The timely preparation of this report was possible because of the hard work and dedication of the Finance Department, the cooperation of all City employees in following City policy in purchasing and accounting for revenues and expenditures and the invaluable assistance of AJK, LLC, the City's auditors. All of these individuals and organizations have our sincere appreciation for their contributions in the preparation of this report. We also wish to acknowledge the leadership and support of the Mayor and Council of the City of LaGrange.

Respectfully submitted,

Thomas H. Hall
City Manager

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of City Council
City of LaGrange, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of LaGrange, Georgia, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of LaGrange, Georgia, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 1R to the financial statements, in 2015 the City adopted new accounting guidance, *GASB Statement No. 68, Accounting and Financial Reporting for Pensions* and *GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 9 and schedule of changes in net pension liability and related ratios, schedule of contributions, and schedule of funding progress information on pages 47 through 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of LaGrange, Georgia's basic financial statements. The introductory section, combining, comparative, budgetary comparative schedules and individual fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining, comparative, budgetary comparative schedules and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining, comparative, budgetary comparative schedules and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the City of LaGrange, Georgia's basic financial statements for the year ended June 30, 2014, which are not presented with the accompanying financial statements and we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of LaGrange, Georgia's basic financial statements as a whole. The individual fund financial statements related to the 2014 financial statements, for the year ended June 30, 2014 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2014 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2014 individual fund financial statements are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2015, on our consideration of the City of LaGrange, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of LaGrange, Georgia's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of LaGrange (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2015. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i –v of this report.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of 2015 by \$188,672,677. Of this amount, \$16,342,172 may be used to meet the City's ongoing obligations.
- The City's total net position increased by \$15,381,566.
- As of the close of 2015, the City's governmental funds reported combined ending fund balances of \$9,212,149, an increase of \$942,345 from the prior year.
- At the end of 2015, the fund balance for the general fund was \$3,429,168 or 14.3 percent of general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net positions may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected revenues and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and fines and forfeiture revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The government activities of the City include general government, public safety, public works, community services, and development services. The business-type activities of the City include water and sewer, solid waste, telecommunications, electric, and natural gas services.

The government-wide financial statements include not only the City of LaGrange itself (known as the primary government), but also a legally separate Downtown LaGrange Development Authority (DLDA) for which the City of LaGrange is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between the governmental funds and government activities.

The City maintains three individual governmental fund types. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and which is the City's only major governmental fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this fund. Budgetary comparison statements have been provided for the Special Revenue Funds in the supplementary financial information elsewhere in this report. Since the Capital Project Fund budget is adopted on a project basis, a supplementary budgetary comparison statement has not been provided.

Proprietary funds

The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Utility operation, Water and Sewerage Fund, and Solid Waste operation. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its Group Insurance, and Property and Casualty activities. These two services primarily benefit the City's general governmental operations and have been allocated to the governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund statements provide separate information for the Utility, Water and Sewerage, and Solid Waste operations. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Notes to the basic financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$188,672,677 at the close of 2015.

A substantial portion of the City's net position (88 percent) reflects its investments in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these are not available for future spending. Although the City's investments in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A summary of the statement of net position as of June 30, 2015 and June 30, 2014, are as follows:

	Governmental Activities		Business-type Activities		Total	
	2015	2014	2015	2014	2015	2014
Assets:						
Current and other assets	\$ 14,083,754	\$ 12,974,743	\$ 60,449,207	\$ 61,720,335	\$ 74,532,961	\$ 74,695,078

A portion of the City's net position (3.49%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of the unrestricted net position (\$16,342,172) may be used to meet the City's ongoing obligations to citizens and creditors. At the end of 2015, the City is able to report positive balances in net position or fund balances, both for the government as a whole, as well as for its separate governmental and business-type activities.

Governmental activities

Governmental activities increased the City's net position by \$11,166,969. The increase in cash position for governmental activities is attributed to increases in grants and contributions and small increases in taxes and interest earnings. Governmental activity expenses were down from 2014 to 2015 by \$1,343,671. During the year the City implemented GASB No. 68 and GASB No. 71. Net position for 2015 has been restated to reflect the cumulative change related to the implementation of these new standards. Footnote 18 provides detailed information related to the restatement. Below is a breakdown of revenues and expenses by governmental and business type activities for 2015 and 2014.

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>

Business-type activities

Business-type activities increased the City's net position by \$4,214,597. Operating revenues increased only marginally by \$914,487. Expenses were down 3.3 below 2014. This decrease in expenses is reflective of lower electric and gas purchases during the fiscal year. The City's net income remains strong and stable. During the year the City implemented GASB No. 68 and GASB No. 71. Net position for 2015 has been restated to reflect the cumulative change related to the implementation of these new standards. Footnote 18 provides detailed information related to the restatement.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City. At the end of 2015, unassigned fund balance of the General Fund was \$2,416,230 while total fund balances reached \$3,429,168. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 10.1 percent of the total General Fund expenditures, while total fund balance represents 14.3 percent of that same amount. Transfers in from other funds to supplement the General Fund were \$893,174 from non-major governmental funds; \$15,754 from internal service funds, and \$12,400,000 from proprietary funds, for a total of \$13,308,928, representing 55.7 percent of total fund expenditures. The City of LaGrange does not levy a property tax and uses the enterprise funds to help fund general governmental services.

The fund balance of the General Fund remained healthy at the end of June, 2015. An increase of \$833,480 in fund balance occurred over the course of Fiscal Year 2015. Small decreases in revenue and decreases in expenses and a higher contribution from enterprise funds, contributes to a positive increase in fund balance for 2015.

Other non-major governmental funds have a total fund balance of \$5,782,981. The City showed a net increase of \$108,865 in the fund balance during the current year for non-major governmental funds. Negligible increases in revenue and an increase in debt service retirements are a result of this increase.

Proprietary funds

The City's proprietary funds financial statements provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Utility Fund at the end of 2015 amounted to \$22,275,428, Water and Sewerage Fund \$10,855,643 and those for the Solid Waste Fund amounted to (\$6,895,681). The total change in net position for each fund was \$3,610,446, (\$219,107) and \$823,258 respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

There were no differences between the original budget and the final budget. During the year, however, revenues were more than budgetary estimates and expenditures were more than budgetary estimates. The increase in transfers out increased the need to draw upon the fund balance to the extent shown in the budget statement.

Capital Asset and Debt Administration

Capital assets

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2015, amounts to \$165,734,840 (net of accumulated depreciation and related debt). This investment in capital assets includes land, buildings, improvements, vehicles and equipment, park facilities, storm sewers, bridges, streets, gas lines, electric lines, and water and sewer lines.

	Governmental Activities		Business-type Activities		Total	
	2015	2014	2015	2014	2015	2014

More detailed information can be found in the Notes to the Financial Statements, Note 4.

Long-term debt

At the end of 2015, the City had total bonded debt outstanding of \$8,215,000. Of this amount, none is debt backed by the full faith and credit of the City. All of the City's debt represents bonds secured solely by specific revenue sources (i.e., revenue bonds).

The City maintains an "A -" rating from Standard & Poor's for its general obligation bonds. The rating for the Water and Sewerage Utility revenue bonds is an "A -" rating from Standard & Poor's and an "A 3" rating from Moody's.

State statutes limit the amount of general obligation debt a government entity may issue to 10 percent of its total assessed valuation. The current debt limitation for the City is \$111,425,799, which is significantly in excess of the City's outstanding general obligation bonds, which is zero.

More detailed information can be found in the Notes to the Financial Statements, Note 6.

Requests for information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to Meg B. Kelsey, Deputy City Manager, 200 Ridley Avenue, LaGrange, Georgia 30240.

CITY OF LAGRANGE, GEORGIA
RECONCILIATION OF FUND BALANCES ON THE BALANCE SHEET FOR GOVERNMENTAL FUNDS
TO NET POSITION OF GOVERNMENTAL ACTIVITIES ON THE STATEMENT OF NET POSITION
June 30, 2015

Total fund balance - all governmental funds \$ 9,212,149

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore,
are not reported in the funds. 55,008,113

The deferred outflows below are not current assets or financial resources and the deferred inflows
are not due and payable in the current period and therefore are not reported in the governmental
funds. Balances at June 30, 2015 are:

Deferred outflows	1,400,534
Deferred inflows	(619,965)

Long-term liabilities applicable to the City's governmental activities are not due
and payable in the current period and accordingly are not reported as fund liabilities.
Interest on long-term debt is not accrued in governmental funds, but rather is
recognized as an expenditure when due. All liabilities, both current and long-term,
are reported in the statement of net position. Balances at June 30, 2015 are:

Accrued interest payable	\$ (71,607)	
Compensated absences	(576,731)	
Notes payable	(1,225,000)	
Capital leases	(576,055)	
Intergovernmental agreements	(4,932,500)	
Net OPEB obligation	(1,788,543)	
Net pension liability	(8,086,427)	(17,256,863)

Internal service funds are used by management to charge costs of certain activities,
such as insurance, to certain funds. The assets and liabilities of certain internal
service funds are included in governmental activities in the statement of net position. 2,165,537

Net position of governmental activities \$ 49,909,505

See the accompanying notes to the financial statements.

CITY OF LAGRANGE, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2015

Net change in fund balances - All governmental funds \$ 942,345

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital outlay	4,026,866
Depreciation	(2,265,947)

The net effect of various transactions involving capital assets (i.e. sales, trade-ins, donations) is to decrease net position. 7,200,468

Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. This amount consists of the change in the following balances:

Compensated absences	(47,731)
Accrued interest payable	30,308
Net OPEB obligation	(182,262)
Pension expense	423,255

Capital lease proceeds provide current financial resource to governmental funds, but issuing debt increase long-term liabilities in the statement of net position. Repayment of capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position:

Principal retirements	3,420,721
Proceeds from captial leases	(238,972)
Refunding bonds issued	(2,290,000)

Internal service funds are used by management to charge costs of certain activities, such as insurance to certain funds. The net revenue (expenses) of certain internal service funds is reported with governmental activities.

147,918

Change in net position of governmental activities \$ 11,166,969

In 2015, the City incurred debt of \$1,034,063 in the form of capital leases in connection with the acquisition of new equipment

See the accompanying notes to the financial statements.

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of LaGrange, Georgia (the City) was incorporated in 1828, under the provisions of the State of Georgia. The City operates under a Council-Manager form of government and provides the following services: public safety (police and fire), highway and street, sanitation, health and social services, culture and recreation, community development, planning and zoning and general administrative services.

The accounting policies of the City of LaGrange, Georgia conform to generally accepted accounting principles applicable to governments. The following is a summary of the City's more significant accounting policies used in the preparation of the accompanying financial statements.

- A. The Reporting Entity - The City of LaGrange, Georgia is a municipal corporation governed by a Mayor and six member Council. The City has considered all potential component units for inclusion in these financial statements and determined that the Solid Waste Management Authority of the City of LaGrange should be included on a blended basis and that the Downtown LaGrange Development Authority should be included as a discretely presented component unit.

The Solid Waste Management Authority of the City of LaGrange (the "Authority"), consists of an eight member board appointed by the governing authority of the City. The Authority provides a means to issue revenue bonds. Although it is legally separate from the City, the Authority is reported as if it were part of the City's Solid Waste Fund because the board and management of the Authority are substantially the same as the City. Additionally, the City is wholly responsible for the debt of the Authority whose sole purpose is to finance, construct, equip, expand and maintain the City's solid waste facilities. Separate financial statements are not prepared by the Solid Waste Management Authority.

The component unit column in the financial statements includes the financial data of the Downtown LaGrange Development Authority, the City's only discretely presented component unit. The purpose of the Authority is to revitalize and redevelop central business districts and to promote the public good and the general welfare of the State. It is reported in a separate column to emphasize that it is legally separate from the City. The Downtown LaGrange Development Authority is presented as a discretely presented component unit under GASB-14, as amended by GASB-61, because the Authority is legally separate, the municipality appoints a voting majority of the Authority and is able to impose its will on the Authority, and the Authority provides services and benefits which are not limited to the City. The Downtown LaGrange Development Authority is presented as an enterprise fund type. It is not considered necessary to present condensed financial statements for the Downtown LaGrange Development Authority here since it is the only component unit for the City and has been discretely presented in a separate column in these financial statements. Complete financial statements can be obtained from the Downtown LaGrange Development Authority, 200 Main Street, Suite 1-B, LaGrange, Georgia 30240.

The Downtown Development Authority of the City of LaGrange also meets the above criteria for inclusion as a component unit of the City but is not included in these financial statements due to immaterial financial activity.

- B. Government-wide and Fund Financial Statements - The government-wide statements (the statement of net position and the statement of activities) report information on all of the activities of the primary government and the component unit of the City. As a general rule, the effect of interfund activity, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items such as internally dedicated resources, not properly included among program revenues are reported instead as general revenues.

The City segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental funds and proprietary funds. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

- C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - The government-wide and proprietary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Grants from other governments, sales tax, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund - The General fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Additionally, the City reports the following major proprietary funds:

Enterprise Funds - These funds account for operations of the City which are to be financed and operated in a manner similar to a private business enterprise in which the costs (including depreciation) incurred in providing services are being recovered primarily through user charges. These operations include sanitation, water and sewer, electricity, telecommunication and natural gas services.

- **Utility Fund** - The Utility Fund accounts for operations of the City which are to be financed and operated in a manner similar to a private business enterprise in which the costs (including depreciation) incurred in providing services are being recovered primarily through user charges. These operations include electricity, telecommunication and natural gas services.
- **Water and Sewerage Fund** - The Water and Sewerage Fund accounts for the operations of the City's water and sewerage activities.
- **Sanitation Fund** - The Sanitation Fund accounts for the provision of solid waste collection and disposal services to the residents and businesses of the City.

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

Additionally, the government reports the following fund types:

Internal Service Fund - The Group Insurance Fund and the Property & Casualty Insurance Fund account for the City's partial self-insurance of employee medical claims, worker's compensation claims and general liability claims provided to other departments of the government on a cost reimbursement basis.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating revenues* and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and production and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City's net position is reported in three parts - (1) net investment in capital assets; (2) restricted net position; and (3) unrestricted net position. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

- D. Budgets and Budgetary Accounting - On or about May 1 of each year, the City Manager presents a proposed operating budget to the City Council for the fiscal year commencing the following July 1. After revisions, if any, by the council, the budget is legally enacted through passage of an ordinance. The City Manager is authorized to transfer budgeted amounts within departments within any fund; however, any revisions that alter the total expenditures of any department or fund must be approved by the City Council. Any supplemental appropriations are approved by the City Council. No supplemental appropriations were made during the year ended June 30, 2015.

The budgets for the General Fund and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). The Capital Projects Fund and SPLOST Fund are budgeted on a project basis, which may be one or more years in length. Proprietary fund type budgets are adopted for management control purposes only.

- E. Cash and Cash Equivalents - Cash and cash equivalents shown on the balance sheet represent demand deposits and non-negotiable certificates of deposit. All highly liquid investments with an original maturity of three months or less when purchased are considered to be cash equivalents.
- F. Investments - The statutes of the State of Georgia authorize the City to invest in U.S. government obligations; U.S. governmental agency obligation; State of Georgia obligations; obligations of other counties, municipal corporations and political subdivisions of the State of Georgia which are rated "A" or better by Moody's Investors Service, Inc.; negotiable certificates of deposit issued by any bank or trust company organized under the laws of any state of the United States of America or any national banking association; repurchase agreements when collateralized by U.S. government or agency obligations; and pooled investment programs sponsored by the State of Georgia for the investment of local government funds.

Investments are stated at fair value based upon quoted market prices.

- G. Receivables and Payables - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

- H. Inventory and Prepaid Items - Inventory is valued at cost determined principally using the first-in, first-out (FIFO) method. Inventory is recorded on the consumption method which means that inventory acquisitions are recorded in inventory accounts initially and charged as expenditures or expenses when used. Prepaid items are also recorded on the consumption method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

- I. Capital Assets - Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. streets, traffic signals, sewers and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$5,000 or greater and an estimated useful life in excess of one year. Some assets are capitalized when the aggregated amount of a group of an asset is material. Capital assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at their estimated fair market value on the date donated. Construction period interest is capitalized with the cost of the asset. Depreciation has been provided over the estimated useful lives of the assets using the straight-line method.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment, and infrastructure of the primary government, as well as any reported component units, are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40-50 years
Distribution systems.....	33-50 years
Furniture and fixtures	5-10 years
Equipment and vehicles.....	5-25 years
Infrastructure.....	10-50 years

- J. Long-Term Obligations - In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

- K. Accrued Vacation - A liability for accrued vacation pay is recorded by the City. A liability for unused sick leave pay is not recorded since these amounts do not vest.
- L. Fund Equity - The City has implemented GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

describe the relative strength to the spending constraints placed on the purposes for which resources can be used:

- **Nonspendable fund balance** - Amounts that are not in a spendable form (such as inventory or prepaid items) or are required to be maintained intact;
- **Restricted fund balance** - Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- **Committed fund balance** - Amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority. To be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- **Assigned fund balance** - Amounts a government intends to use for a specific purpose. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- **Unassigned fund balance** - Amounts that are available for any purpose. Positive amounts are reported only in the general fund.

City Council establishes (and modifies or rescinds) fund balance commitments by the passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by the City Council through adoption or amendment of the budget as intended for specific purpose (such as purchase of capital assets, construction, debt service, or for other purposes). It is the City's policy to use restricted fund balances first followed by committed amounts, assigned amounts, and then unassigned amounts, respectively.

- M. Deferred Outflows/Inflows of Resources - In addition to assets, the financial statements of the City will sometimes report a separate section for deferred outflows of resources. This separate element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources in the form of expenditures until that time. The differences between expected and actual experience related to pensions and the contributions made to the pension plan after the measurement date are the only items that the City has that qualify for reporting in this category.

In addition to liabilities, the financial statements of the City will sometimes report a separate section for deferred inflows of resources. This separate element, deferred inflows in resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources in the form of revenue until that time. The changes in assumptions and the net difference between projected and actual earnings on investments related to pensions are the only items that the City has that qualify for reporting in this category.

- N. Pensions - For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of LaGrange Georgia's Municipal Employees Benefit System (GMEBS) plans and additions to/deductions from the Plans' fiduciary net pension have been determined on the same basis as they are reported by GMEBS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
- O. Reclassifications - Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.
- P. Use of Estimates to Prepare Financial Statements - Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.
- Q. Subsequent Events - Subsequent events have been evaluated by management through December 14, 2015, which is the date the financial statements were available to be issued.

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

- R. Recently Issued Accounting Principles – The “Government Accounting Standards Board” (GASB) has approved the following GASB Statements that have been adopted by the City for the year ended June 30, 2015, and have a direct and material impact on the City's financial statements.

GASB Statement No. 68 “Accounting and Financial Reporting for Pensions-An Amendment to GASB Statement No. 27” establishes standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures related to pension plans. For defined benefit pension plans this Statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to period of employee service.

GASB Statement No. 71 “Pension Transition for Contributions Made Subsequent to the Measurement Date-An Amendment of GASB Statement No. 68” amends paragraph 137 of Statement 68 that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning of the net pension liability.

2. DEPOSITS AND INVESTMENTS

At year end, the carrying amount of the City's deposits was \$23,252,526, which includes \$7,450 petty cash and the bank balance was \$23,628,968. Of the bank balance, \$515,115 was covered by federal deposit insurance and, \$23,113,853 was covered by collateral held in the pledging bank's trust department or by its agent in the City's name. The City does not have a deposit policy for custodial credit risk.

As of June 30, 2015, the City had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>
Municipal Competitive Trust	January 2014 - September 2015	\$ 35,565,728
Coca Cola Stock		<u>771,022</u>
Total investments		36,336,750
Georgia fund 1 (State Investment Pool)	56 day WAM	<u>53,324</u>
Total pooled cash and investments		<u>\$ 36,390,074</u>

Interest Rate Risk - The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State law limits investments in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. The City has no investment policy that would further limit its investment choices. As of June 30, 2015, the City's investment in the state investment pool was rated AA+ by Standard & Poor's.

Concentration of Credit Risk - The City places no limit on the amount the City may invest in one issuer. The investment in the Municipal Competitive Trust is 97.7% total investments.

The City's investment of \$53,324 in the Georgia Fund 1 local government investment pool has not been categorized as to risk level because it is a pool managed by another government. Georgia Fund 1, which was created by the Official Code of Georgia Annotated (OCGA) 36-83-8, is a stable net asset value investment pool which follows Standard & Poor's criteria for AAA rated market funds. Georgia Fund 1 is not considered to be a 2a-7 like pool. The pool is not registered with the Securities and Exchange Commission as an investment company. The Office of State Treasurer is the regulatory oversight agency of Georgia Fund 1. The pool's primary objectives are safety of capital, investment income liquidity and diversification while maintaining principal (\$1.00) per share value. Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share.

5. CAPITAL LEASES

The City has entered into lease agreements for financing the acquisition of various pieces of equipment and vehicles for the governmental activities and business-type activities. Capital leases for governmental activities are being repaid through the General Fund. Capital leases for business-type activities are being repaid through the Utility and Sanitation Funds. These lease agreements qualify as capital leases for accounting purposes, and the expense resulting from amortization of assets recorded under capital leases is included in depreciation expense. Therefore, the lease agreements have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Asset:		
Machinery and equipment	\$ 6,297,090	\$ 17,044,218
Less, accumulated depreciation	<u>(5,133,416)</u>	<u>(11,437,994)</u>
Total	<u>\$ 1,163,674</u>	<u>\$ 5,606,224</u>

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015

	<u>\$ 576,055</u>	<u>\$ 2,874,729</u>

6. LONG-TERM DEBT

A. Notes Payable

Governmental Activities

The City has entered into notes payable for the purpose of financing the City's Transition Center. The total amount of loans issued in prior years was \$3,640,000.

<u>Purpose</u>	<u>Interest Rate</u>	<u>Amount</u>
Financing of the City's Transition Center - Debt Service Fund	4.85%	\$ <u>1,225,000</u>

Loans payable currently outstanding are as follows:

	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
Year ending June 30:		
2016	\$ 370,000	\$ 59,413
2017	410,000	41,468
2018	<u>445,000</u>	<u>21,581</u>
	<u>\$ 1,225,000</u>	<u>\$ 122,462</u>

Business-Type Activities

The City's Water and Sewerage Fund and Sanitation Fund borrowed funds for system improvements under notes payable agreements with Georgia Environmental Facilities Authority in the amounts of \$18,654,707 and \$4,006,058 respectively. As of June 30, 2015, the City had drawn \$16,148,486 of Water and Sewerage Fund notes, and \$3,495,396 had been drawn of the Sanitation Fund notes.

Notes payables currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rate</u>	<u>Amount</u>
Gas recirculation project at landfill – Sanitation Fund	2.33%	\$ 497,935
Construction of Cell No. 5 at landfill – Sanitation Fund	3.03%	2,489,339
Construction of water line – Water and Sewerage Fund	4.10%	482,503
Improvements at water pollution control plant – Water and Sewerage Fund	3.00%	2,439,326
Long Cane pump station – Water and Sewerage Fund	1.40%	6,953,876
Yellow Jacket Creek pump station – Water and Sewerage Fund	1.40%	<u>5,433,153</u>
		<u>\$ 18,296,132</u>

Notes payable service requirements to maturity are as follows:

	Business-Type Activities	
	Principal	Interest
Year ending June 30:		
2016	\$ 985,537	\$ 370,304
2017	979,307	376,535
2018	998,322	357,619
2019	1,017,800	338,041
2020	1,037,702	318,139
2021-2025	5,424,157	1,276,173
2026-2030	5,637,855	734,478
2031-2033	2,215,452	162,667
	<u>\$ 18,296,132</u>	<u>\$ 3,933,956</u>

B. Revenue Bonds

Business-Type Activities

The City also issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. The Utility Fund currently has revenue bonds outstanding to be paid from the gas system revenue. In prior years, the City issued \$10,500,000 in revenue bonds to finance construction projects to expand existing facilities and construct additional facilities. Revenue bonds outstanding at year end are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Series 2009 Gas Authority Revenue Bonds	4.09%	\$ 3,705,000
Series 2012 Gas Authority Revenue Refunding Bonds	2.035%	<u>4,510,000</u>
		<u>\$ 8,215,000</u>

Revenue bond service requirements to maturity are as follows:

	Business-Type Activities	
	Principal	Interest
Year ending June 30:		
2016	\$ 800,000	\$ 243,313
2017	825,000	219,841
2018	850,000	195,551
2019	880,000	170,547
2020	910,000	144,522
2021-2024	3,950,000	298,949
	<u>\$ 8,215,000</u>	<u>\$ 1,272,723</u>

C. Compensated Absences - The City accrues compensated absences for their employees. Both governmental and business-type activities have accrued absences at June 30, 2015. Accrued compensated absences from governmental activities are repaid through the General Fund. Business-type activities accrued compensated absences are repaid through the Utility Fund, Water & Sewerage Fund, and Sanitation Fund.

D. Intergovernmental Agreements Payable

The City of LaGrange has entered into three separate intergovernmental contracts:

- The LaGrange Development Authority (LDA), the Troup County Development Authority, the City of LaGrange, and Troup County entered into an intergovernmental contract under which the LDA is to acquire, construct and equip a new industrial park (Callaway South Industrial Park) on approximately 1,100 acres located within

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

LaGrange. The LDA issued two series of revenue bonds, Series 2007A in the aggregate amount of \$1,565,000 and Series 2007B in the aggregate amount of \$5,285,000. In the year ended June 30, 2014, the LDA refunded the 2007B in full. The revenue bonds, 2012 Revenue Refunding Bonds are secured by the intergovernmental contract under which the City of LaGrange and Troup County have agreed to each pay one-half of the debt service on the bonds when due, commencing in February, 2013. LDA is obligated for up to 50 years to reimburse the City of LaGrange and Troup County for payments made under the intergovernmental contract from net proceeds received from the sale or lease of parcels.

- The City entered into a contract dated April 1, 2005, with the Downtown LaGrange Development Authority obligating the City to service the principal and interest on the Authority's Series 2005 Revenue Bonds. The bond proceeds were used to construct a movie theater in the downtown area of LaGrange. In the year ended June 30, 2015 the Downtown LaGrange Development Authority refunded the Series 2005 Revenue Bonds with Series 2014 Revenue Bonds, which the City is obligated to service.
- The City also entered into a contract dated December 1, 2005 with the LaGrange Development Authority obligating the City to service the debt of the Authority's Series 2005A and 2005B Revenue Bonds. The proceeds of the bonds were used to acquire, construct and equip a new office park (Ridley Office Park). The Authority is obligated to reimburse the City for payments made under the contract from net proceeds received from the sale of parcels.

Intergovernmental agreements outstanding at year end are as follows:

Business-Type Activities

<u>Purpose</u>	<u>Interest Rates</u>	<u>Balance</u>
Ridley Office Park - LaGrange Development Authority Series 2005A and 2005B Revenue Bonds	4.41% to 5.50%	\$ <u>3,435,000</u>

Business-type activities intergovernmental agreements service requirements to maturity are as follows:

	<u>Principal</u>	<u>Interest</u>
Year ending June 30:		
2016	\$ 240,000	\$ 140,689

7. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2015 is as follows:

Due to/from other funds:

<u>Payable Fund</u>	<u>Receivable Fund</u>	<u>Amount</u>
General Fund	Utility Fund	\$ 500,000
General Fund	Nonmajor Governmental Fund	24,403
Internal Service Fund (Group Insurance)	Internal Service Fund (Property and Casualty)	<u>1,000,000</u>
		<u>\$ 1,524,403</u>

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

Outstanding balances between funds reported as "due to/from other funds" include outstanding charges by one fund to another for services or goods, subsidy commitments to supplement operations outstanding at year end and other miscellaneous receivables/payables between funds. All due to/from balances are expected to be repaid within one year.

Advances to/from other funds at June 30, 2015 consisted of the following:

<u>Payable Fund</u>	<u>Receivable Fund</u>	<u>Amount</u>
Utility Fund	Internal Service Fund	\$ 1,095,095

The advance represents a long-term interfund loan between the Property and Casualty Fund and the Utility Fund. The original advance was for \$1.7 million made during the fiscal year ended June 30, 2007, for the purpose of expanding the gas system infrastructure. The advance is being repaid in annual installments through June 2023.

This amount represents the noncurrent portion of interfund loans and is therefore classified as a noncurrent asset/liability on the Proprietary Funds Statement of Net Position. A reconciliation to the government-wide Statement of Net Position is as follows:

Total Enterprise Fund non-current liabilities per fund level Statement of Net Position	\$ 43,868,616
Advances from other funds	(1,095,095)
Net OPEB obligation	(973,686)
Net pension liability	<u>(4,402,264)</u>

Non-current liabilities - Due in more than one year per government-wide Statement of Net Position	<u>\$ 37,397,571</u>
---	----------------------

Transfers are primarily used to move funds between the proprietary funds and the governmental funds for expenses paid through the accounts payable system. The City does not levy property taxes to its citizens and therefore relies upon the enterprise funds to supplement the general fund operating expenditures. Other transfers represent flows of cash or goods from one fund to another without a requirement for repayment. These transfers were as follows:

	<u>Transfers In</u>						<u>Total</u>
	<u>General Fund</u>	<u>Nonmajor Governmental</u>	<u>Utility Fund</u>	<u>Water & Sewerage Fund</u>	<u>Sanitation Fund</u>	<u>Internal Service</u>	
Transfers out:							
General Fund		\$ 543,292				\$ 15,754	\$ 559,046
Nonmajor governmental	\$ 893,174		\$ 185,000	\$ 16,272			1,094,446
Utility Fund	10,900,000			328,990	\$ 183,371		11,412,361
Water & Sewerage Fund	1,500,000	875,000	1,548,670				3,923,670
Internal service	<u>15,754</u>						<u>15,754</u>
	<u>\$13,308,928</u>	<u>\$ 1,418,292</u>	<u>\$ 1,733,670</u>	<u>\$ 345,262</u>	<u>\$ 183,371</u>	<u>\$ 15,754</u>	<u>\$17,005,277</u>

The nonmajor governmental transfers out of \$1,094,446 includes \$16,272 transferred from the SPLOST (nonmajor governmental) to the Water and Sewerage Fund for SPLOST approved projects.

8. RISK MANAGEMENT AND SELF-INSURANCE

The City is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To manage and provide for these risks, the City has established a Group Insurance Fund and a Property and Casualty Insurance Fund which are reported as internal service funds. These funds account for the risk financing activities of the City and do not constitute a transfer of risk from the City.

Charges to other funds for these benefits are based upon an estimate of actual claims, administrative costs and stop-loss insurance premiums. Such charges are reported as revenue in the internal service funds and

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

expenditures/expenses in the paying fund. An estimate of unpaid claims has been accrued as of June 30, 2015.

The City records an estimated liability for employee medical claims, workers' compensation, torts and other claims against the City. Claims liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred but not reported based on historical experience.

- A. Group Insurance Fund - The purpose of this Fund is to pay the medical claims of City employees and their covered dependents and to minimize the total cost of medical insurance to the City. Under this plan, the City is self-insured for claims aggregating up to \$5,951,909 for the year ended June 30, 2015. Claims exceeding this amount are covered by a private insurance carrier.
- B. Property and Casualty Insurance Fund - The purpose of this Fund is to pay worker's compensation, general, automobile and personal liability claims. This program is administered by a third party, which provides claims review and processing. Under this plan, the City is self-insured for claims per occurrence up to \$100,000 for general insurance liability and \$600,000 for workers compensation liability for the plan year ended June 30, 2015. Claims exceeding this amount are covered by a private insurance carrier.

The following represents changes in these liabilities for the last two fiscal years:

	<u>Group Insurance</u>	<u>Property and Casualty</u>
Liability balance, June 30, 2013	\$ 525,000	\$ 600,000
Claims and changes in estimate	7,290,242	198,901
Claims payments	<u>(7,115,242)</u>	<u>(198,901)</u>
Liability balance, June 30, 2014	700,000	600,000
Claims and changes in estimate	5,865,537	325,380
Claims payments	<u>(5,865,537)</u>	<u>(325,380)</u>
Liability balance, June 30, 2015	<u>\$ 700,000</u>	<u>\$ 600,000</u>

The liability is an estimate of claims at June 30, 2015 to be paid within the next fiscal year, therefore this is current liability.

- C. Changes in Coverage and Claims Paid - Neither the Group Insurance Fund nor the Property and Casualty Fund had significant decreases in coverage from the prior year. Also, neither fund paid claims that exceeded its insurance coverage for the past three years.

9. DEFINED BENEFIT PENSION PLAN

A. General Information About the Pension Plan

Plan Description – All full-time City employees and all City officials are eligible to participate in the Georgia Municipal Employees Benefit System (GMEBS) which is an agent multiple employer defined benefit pension plan administered by the Georgia Municipal Association which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the plan are established by state statute and city ordinance. The Georgia Municipal Association issues a publicly available annual report that includes financial statements and required supplementary information for the Georgia Municipal Employees Benefit System Retirement Trust. That report may be obtained by writing to Georgia Municipal Association, 201 Pryor Street, SW, Atlanta, Georgia 30303 or by calling 404/688-0472.

Benefits Provided – GMEBS provides service retirement, disability benefits and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with ten years of total service are eligible to retire at age 55 with enhanced early retirement reduced benefits. Members with five years of total service are eligible to retire at age 65 and with ten years of total service are eligible to retire at age 55 with full retirement benefits.

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

Employees Covered – At June 30, 2015 the following employees were covered by the benefit terms for the plan:

Inactive employees or beneficiaries currently receiving benefits	201
Inactive employees entitled to but not yet receiving benefits	71
Active employees	<u>374</u>
Total	<u><u>646</u></u>

Contributions – The City's employee's participation is noncontributory. The City is subject to the minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). Policy set by the City for contributing the annual pension expense exceeds the minimum requirements. Employer contribution rates are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate.

The annual minimum contribution is the sum of 1) the normal cost (including administrative expenses), 2) the closed level dollar amortization of the unfunded actuarial accrued liability over a period that ranges from 10 to 30 years based on the funding policy adopted by the GMEBS Board of Trustees, and 3) interest on these amounts from the valuation date to the date contributions are paid (assumed monthly).

- B. Net Pension Liability – The City's net pension liability for the plan is measured as the total pension liability (TPL), less the pension plan's fiduciary net position (FNP). The net pension liability of the plan is measured as of September 30, 2014, using an annual actuarial valuation as of January 1, 2015. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Valuation Date	January 1, 2015
Measurement Date	September 30, 2014
Actuarial Cost Method	Projected unit credit
Amortization Method	Closed level dollar for remaining unfunded liability.
Remaining Amortization Period	Remaining amortization period varies for the bases, with a net effective amortization period of ten years.
Asset Valuation Method	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.
Discount Rate	7.75%
Inflation Rate	3.25%
Net investment rate of return	7.75%
Projected salary increase	3.25% plus service based merit increases
Cost of living adjustments	Not applicable
Postretirement benefit increase	Not applicable

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

The underlying mortality assumptions and all other actuarial assumptions used in the January 1, 2015 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through June 30, 2014. Further details of the experience study can be obtained by contacting The Georgia Municipal Association.

Discount Rate – The discount rate used to measure the total pension liability was 7.75%. The discount rate did not change since the prior measurement date. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2014 (see the discussion of the pension plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Long-Term Nominal Real Rate of Return</u>
Domestic equity	50%	5.95%	9.20%
International equity	15%	6.45%	9.70%
Fixed income	25%	1.55%	4.80%
Real estate	10%	3.75%	7.00%
Cash	0%		
Total	100%		

C. Changes in the Net Pension Liability

The changes in the Net Pension Liability for the plan are as follows:

	<u>Total Pension Liability</u>	<u>Fiduciary Net Position</u>	<u>Net Pension Liability/Asset</u>
Balances at September 30, 2013	\$ 40,601,877	\$ 27,519,884	\$ 13,081,993
Changes for the year:			
Service cost	576,632		576,632
Interest	3,069,127		3,069,127
Differences between expected and actual experience	894,970		894,970
Contributions - employer		1,850,496	(1,850,496)
Contributions - employee			-
Net investment income		3,132,262	(3,132,262)
Benefit payments, including refunds of employee contributions	(2,000,469)	(2,000,469)	-
Administrative expense		(38,786)	38,786
Other	(190,059)		(190,059)
Net changes	<u>2,350,201</u>	<u>2,943,503</u>	<u>593,302</u>
Balances at September 30, 2014	<u>\$ 42,952,078</u>	<u>\$ 30,463,387</u>	<u>\$ 12,488,691</u>

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

Sensitivity of the Net Pension Liability to changes in the discount rate is as follows:

1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
<u>\$ 17,841,316</u>	<u>\$ 12,488,691</u>	<u>\$ 8,022,489</u>

D. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2015, the City recognized pension expense of \$1,275,673. At June 30, 2015 the City reported deferred outflows of resources and deferred inflows of resources related to pensions as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 715,976	
Pension contributions subsequent to measurement date	1,447,012	
Changes of assumption		\$ (152,048)
Net difference between projected and actual earnings on pension plan investments		(805,428)
Total	<u>\$ 2,162,988</u>	<u>\$ (957,476)</u>

\$1,447,012 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30	
2016	\$ (60,375)
2017	(60,375)
2018	(60,375)
2019	<u>(60,375)</u>
	<u>\$ (241,500)</u>

10. DEFINED CONTRIBUTION PLAN

The City has a defined contribution plan which is administered by Nationwide Retirement Services. The plan is a combined 457 plan and 401A plan. The City matches employee contributions on a 1:2 ratio up to a maximum of \$667 per year. During the year ended June 30, 2015, the City contributed \$113,244 and employees contributed \$347,213. Plan provisions and contribution requirements are established and amended by a resolution of the City Council. Employees are vested in the 401A plan upon two years of employment. For year ended June 30, 2015 175 employees participated in the plan.

11. COMMITMENT AND CONTINGENCIES

Agreements with Municipal Electric Authority of Georgia - During 1976, the City, along with 45 other cities and one county, all political subdivisions of the State of Georgia, entered into a Power Sales Contract with the Municipal Electric Authority of Georgia, a public corporation and instrumentality of the State of Georgia.

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

Under the terms of the agreement, the Authority agrees to provide, and the cities are obligated to purchase, all of the cities' bulk power supply requirements for a period not to exceed 50 years. The cities have agreed to purchase all their future power and energy requirements in excess of that received by the cities through the Southeastern Power Administration at prices intended to cover the operating costs of the systems and to retire any debt incurred by the Authority. In the event that revenues are insufficient to cover all costs and retire the outstanding debt, each city has guaranteed a portion of the unpaid debt based on their individual entitlement shares of the output and services of generating units acquired or constructed by the Authority. In addition, in the event of discontinued service to a participant in default, the City would be obligated to purchase additional power subject to contractual limitations.

At June 30, 2015, the outstanding debt of the Authority was approximately \$6.5 billion. The City's guarantee varies by individual projects undertaken by the Authority and totals approximately \$354 million at June 30, 2015.

On April 1, 1999, the City approved a resolution adopting the provisions of the Municipal Competitive Trust (the "Trust"), which was created by MEAG for the mutual benefit of MEAG and its wholesale customers which have elected to become beneficiaries. The Trust was established to provide MEAG and the Trust's beneficiaries a means to mitigate the expected differential between market rates for power and the costs of power generated by MEAG facilities, after deregulation of the electric industry.

The Trust created two types of funds, which are held by MEAG in the name of the City. The first type represents amounts that are available to the City for withdrawal without restriction. The second type represents amounts that are available to the City in the form of a loan or as an off-set to billings from MEAG for power usage if certain criteria related to the difference between the cost of power generated by MEAG facilities and the market rates for power are met.

At June 30, 2015, \$35,565,728 has been placed into the Trust for the benefit of the City, of which \$27,583,232 is available without restriction and \$7,982,496 is subject to restrictions. Due to the restricted nature of the \$7,982,496, the amount is reported as unearned revenue at June 30, 2015.

Litigation - The City has incurred two wrongful death claims, resulting from an accident at the local airport. The amount of the claims exceed the City's insurance coverage. The City plans to vigorously defend against the claim and believes it will prevail.

Various other claims and lawsuits are pending against the City. Although the outcome of these lawsuits is not presently determinable, in the opinion of City management, after consultation with legal counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

12. JOINT VENTURES

Under Georgia Law, the City, in conjunction with other cities and counties in the five county west Georgia area, is a member of the Three Rivers Regional Commission (the "Commission") and is required to pay annual dues thereto. During the year ended June 30, 2015, the City paid \$30,452 in dues.

Membership in a regional commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the Commission in Georgia. The RC Board membership includes the chief elected official of each county and municipality in the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the Commission. Separate financial statements may be obtained from: Three Rivers Regional Commission, P.O. Box 1600, Franklin, Georgia 30217.

13. HOTEL / MOTEL LODGING TAX

During the year ended June 30, 2015, the City levied a 5% lodging tax and received \$893,174 for this tax. The Official Code of Georgia Annotated 48-13-50 requires that all lodging taxes levied in excess of 3% be expended or obligated contractually for the promotion of tourism, conventions or trade shows. The LaGrange-Troup County Chamber of Commerce has certified that the \$543,292 of lodging tax received from the City during the year ended June 30, 2015 was used for the promotion of tourism.

NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

14. RELATED ORGANIZATION

The City's council is responsible for appointing a majority of the board members of the City of LaGrange Housing Authority. However, the City has no further accountability for the Authority.

15. LANDFILL CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations require the City's Sanitation Fund to place a cover on landfill sites when it stops accepting waste, and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. Although closure and post-closure care costs will not be paid until after the date a landfill stops accepting waste, the Sanitation Fund is required to accrue these closure and post-closure care costs over the landfill's operational period. The \$7,469,851 reported as the landfill closure and post-closure care liability at June 30, 2015 includes \$1,642,850, which represents the cumulative amount accrued to date, less amounts already paid, based on the use of one hundred percent of the estimated capacity of the landfill which was closed during the fiscal year ended June 30, 1998. The liability is based on the current costs of closure and post-closure care. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The remaining amount reported as landfill closure and post-closure cost of \$5,827,001 relates to an additional landfill site, which began accepting waste during the year ended June 30, 1999. This landfill site has an estimated closure and post-closure cost of \$9,845,785, which is based on the current cost necessary to perform all closure and post-closure care. The City expects to close the landfill in 2026. As of June 30, 2015, approximately 59% of this landfill's capacity had been utilized and accordingly, a liability of \$5,827,001 has been recognized. The City will recognize the remaining estimated closure and post-closure care of \$4,018,784 as the remaining capacity is used. See Note 6(E) for changes in the liability for landfill closure and postclosure costs.

16. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The General Fund reported material budget violations when expenditures of the primary government exceeded budgeted appropriations in some of the functions, as shown on page 17 and 18 of these financial statements. In future years, the City will analyze the budget periodically for deficiencies. All deficiencies will be investigated and budget amendments will be adopted when appropriate.

The following nonmajor governmental funds reported a material budget violation when expenditures of the City exceeded budgeted appropriations in some of the functions, as shown below. These over-expenditures were funded by available fund balances or advances from other funds. In future years, the City will analyze the budget periodically for deficiencies. All deficiencies will be investigated and budget amendments will be adopted when appropriate.

<u>Fund</u>	<u>Department</u>	<u>Final Budget Amount</u>	<u>Actual Amount</u>	<u>Variance with Final Budget</u>
Community Development Fund	Community Development	\$ 2,500	\$ 48,494	\$ (45,994)
Hotel/Motel Tax Fund	Community Development	\$ 428,100	\$ 543,292	\$ (115,192)

17. POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

The City maintains a single-employer defined benefit OPEB plan (the City of LaGrange OPEB Plan) to provide medical and prescription drugs benefits to eligible retirees, their spouses and dependents until age 19 or full-time student status until age 25.

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

A. Summary of Significant Accounting Policies

Basis of Accounting

Effective with fiscal year ending June 30, 2009, the City has implemented the requirement of GASB Statement 45 for the basic financial statements; no net OPEB liability existed at the transition date. Financial statements for the Plan are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the Plan are recognized when due. Benefits and claims are recognized when due and payable in accordance with the terms of the Plan.

B. Plan Description

Plan Description - The City of LaGrange OPEB Plan is a single-employer defined benefit plan that provides health and prescription drugs benefits to eligible retirees, their spouses and dependents until age 19 or full-time students until age 25. Retirees may choose which benefits administered by Commerce Benefits Group are desired. Retirees and spouses are eligible to participate in the Plan until age 65 or Medicare eligibility, whichever comes first. Participation in the Plan is voluntary. Benefit levels, contribution rates and eligibility provisions of the Plan are determined by the City of LaGrange City Council in accordance with council resolution adopted as in Personnel Policy 6.15 Retirement System.

For the plan year, eligibility for benefits coverage was available upon being retired and at least 55 years old, and vested in the City Retirement System. Retirees must be receiving a pension from GMA.

The City Council has the authority for establishing and amending benefits for the Plan. The Plan does not issue a stand-alone financial report. Benefit provisions and all other related Plan requirements are established annually by the City Council.

The City administers the Plan, and its responsibility includes claims and general administration. The City's General Fund bears most of the administrative cost of the Plan. The Plan is actuarially evaluated every other year.

Membership of the Plan consisted of the following as of January 1, 2015, the last valuation date:

Retirees, beneficiaries, and dependents currently receiving benefits	36
Active plan participants	<u>371</u>
Total	<u><u>407</u></u>

Funding Policy - The City Council has the authority for establishing and amending the funding policy. Funding for the Plan is derived from two sources:

Member contributions
Employer contributions

Member contributions are set by the City Council. Monthly contributions of plan members for the current fiscal year were as follows:

	<u>15-20 Years of Service and Over Age 60</u>	<u>20-25 Years of Service</u>	<u>More Than 25 Years of Service</u>
Healthcare:			
Single	\$ 301	\$ 241	\$ 151
Family	\$ 1,585	\$ 468	\$ 292

If less than 15 years of service and under age 60, then the employee would pay the entire COBRA rate.

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

Contributions paid by retirees in the current fiscal year totaled \$86,476.

The City contributes annually an amount equal to the pay-as-you-go cost of retiree benefits. The City hasn't contributed any amounts for advance funding of future liabilities. The Annual OPEB cost is actuarially determined. For year ending June 30, 2015 the City contributed \$718,449 or 4.1% of the covered payroll for employees of \$17,665,259 under the plan.

The required schedule of funding process immediately following these notes presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

C. Annual OPEB Cost and Net OPEB Obligation

The City's annual OPEB cost and net OPEB obligation for the plan year ended June 30, 2015 is shown below:

	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
Plan year ended:			
June 30, 2015	\$ 1,010,431	71.10%	\$ 2,762,229
June 30, 2014	\$ 1,270,773	65.37%	\$ 2,470,247
June 30, 2013	\$ 781,527	43.68%	\$ 2,030,121

The net OPEB obligation for the fiscal year ended June 30, 2015 was developed as follows, based on an actuarial valuation date of January 1, 2015:

Annual required contribution	\$ 1,092,468
Interest on the net OPEB obligation	98,810
Adjustment of ARC	<u>(180,847)</u>
Annual OPEB cost	1,010,431
Actual contribution	<u>(718,449)</u>
Increase in OPEB obligation	291,982
Net OPEB obligation at beginning of year	<u>2,470,247</u>
Net OPEB obligation at year end	<u>\$ 2,762,229</u>

D. Funded Status and Funding Progress

CITY OF LAGRANGE, GEORGIA
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015
(Continued)

E. Actuarial Assumptions and Methods

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. As such, actuarial calculations reflect a long-term perspective. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant actuarial assumptions and other information used to compute the actuarial accrued liability and the annual required contribution of the plan are as follows:

Actuarial Cost Method	Projected unit credit
Amortization Method	Closed level dollar for 25 years
Remaining Amortization Period	19 years as of July 1, 2014
Asset Valuation Method	Market value
Actuarial assumptions:	
Investment rate of return	4.00%
Inflation rate	3.25%
Salary growth	3.25%
Medical and drug cost trend rate	8.75% graded to 5.00% over 9 years

Of the employees eligible to retire and receive subsidized post-retirement welfare coverage, 75% were assumed to participate in the plan. Calculations are based on the types of benefits provided under the terms of the substantive plan in effect at the time of the valuation and on the pattern of sharing costs between the employer and plan members. The projection of benefits does not incorporate the potential effect of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. The City has not entered into any long-term contracts for contributions to the Plan with any party, and accordingly, there were not amounts of contractually required contributions outstanding at the report date.

18. RESTATEMENT OF NET POSITION AND FUND BALANCES

For the fiscal year ending June 30, 2015, the City implemented the provisions of GASB No. 68 and 71 – Accounting and Financial Reporting for Pensions. Accordingly, beginning net positions of the Utility Fund were reduced by \$1,827,534; the Water and Sewerage Fund was reduced by \$1,653,256; and the Sanitation Fund was reduced by \$726,954. The governmental activities net position on the Statement of Activities was reduced by \$7,729,113. These reductions reflect the recording of net pension liability, deferred inflows of resources, and deferred outflows of resources as required under the new GASBs.

SUPPLEMENTARY INFORMATION

LAGRANGE
GEORGIA

NONMAJOR GOVERNMENTAL FUNDS

Capital Projects Funds - Capital projects funds account for the accumulation of resources and the subsequent disbursements of such resources in obtaining or renovating major fixed assets (other than those financed by the Enterprise Funds).

- **Capital Projects Fund:** This fund accounts for the accumulation of resources and the subsequent disbursement of such resources in obtaining or renovating major fixed assets (other than those financed by the Enterprise Funds).
- **Special Purpose Local Option Sales Tax “SPLOST” Fund:** The purpose of this fund is to account for the City's portion of a countywide 1% local options sales tax for construction projects and capital improvements.

Special Revenue Funds - Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for a particular purposes. They are as follows:

- **Community Development Fund:** This fund is used to account for the financial activity related to loans and notes advanced to private third parties for community development projects.
- **Hotel/Motel Tax Fund:** This fund is used to account for the City's share of hotel/motel tax revenues that are legally restricted to promote tourism, conventions, and trade shows.

Data Source: City Utility Department

* Prior to fiscal year June 30, 2010 the Water and Sewer Fund was a part of the Utility Fund; therefore, some data is not available for the Water and Sewer Fund for prior years. In time this schedule will present the required 10 years of data.

^ Electric and gas energy purchases are reported on a cash rather than accrual basis.

CITY OF LAGRANGE, GEORGIA
DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
AS OF JUNE 30, 2015

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable *	Estimated Share of Overlapping Debt
Overlapping debt:			
Troup County, Georgia	\$ 12,105,357	45%	\$ 5,447,411
Troup County Board of Public Education	2,257,000	45%	1,015,650
Subtotal, overlapping debt			<u>6,463,061</u>
Direct debt:			
City of LaGrange, Georgia governmental activities			-
LaGrange Development Authority			6,733,555
Subtotal, direct debt			<u>6,733,555</u>
Total direct and overlapping debt			<u>\$ 13,196,616</u>

Data Sources: Debt outstanding data provided by the County and the Board of Education.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of LaGrange, Georgia. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

* The percentage of overlapping debt applicable is estimated using population. Applicable percentages were estimated by dividing the City's population by the total County population.
