INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of City Council
City of McDonough, Georgia

Report on the Audit of the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of McDonough, Georgia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City of McDonough, Georgia's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of McDonough, Georgia, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, ARPA Fund and the Hotel / Motel Tax Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of McDonough, Georgia and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of McDonough, Georgia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of McDonough, Georgia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of McDonough, Georgia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

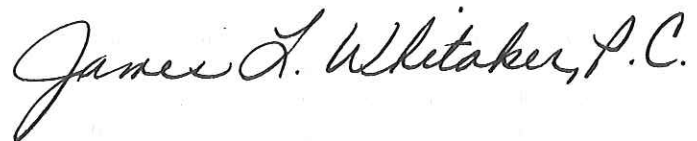

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the Schedule of Changes in the Pension Liability and Related Ratios information on pages 4-13 and 60-62 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of McDonough, Georgia's basic financial statements. The accompanying combining and individual fund financial statements and budgetary schedules, schedules of projects financed with special purpose option sales tax proceeds and schedules of development impact fees are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and the budgetary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2023, on our consideration of the City of McDonough, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of McDonough, Georgia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of McDonough, Georgia's internal control over financial reporting and compliance.

CITY OF McDONOUGH, GEORGIA MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of McDonough, we offer readers of the City of McDonough's financial statements this narrative overview and analysis of the financial activities of the City of McDonough for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with their review of the financial statements.

Financial Highlights

- The assets and deferred outflows of the City of McDonough exceeded its liabilities and deferred inflows at June 30, 2022 by \$101,437,590. Of this amount, unrestricted net position of \$25,085,241 may be used to meet the government's ongoing obligations to citizens and creditors.
- The total net position increased by \$18,926,561. Of this amount an increase of \$16,882,405 was associated with governmental activities and an increase of \$2,044,156 was associated with business-type activities.
- As of the close of the current fiscal year, the City of McDonough's governmental funds reported combined ending fund balances of \$34,347,663, an increase of \$13,169,117 in comparison with the prior year. Of this amount \$13,468,540 is unassigned and available for spending, \$15,715,111 is either in a nonspendable form or restricted for capital projects and other specific future uses, \$1,563,619 is in a stabilization reserve and \$3,600,393 is assigned to the F/Y 2023 budget.
- At the end of the current year, unassigned fund balance for the general fund was \$13,468,540 or 81.3 percent of total General Fund expenditures.
- The City of McDonough's total long-term debt (including accrued compensated absences) decreased by \$571,074 to a total of \$6,929,465. The City made principal payments on its capital leases, revenue bonds and GEFA notes of \$556,801 and no additional financing was incurred during 2022. In addition to the City's long-term debt obligations that existed at June 30, 2022, the City also had other long-term obligations including a net pension obligation of \$4,587,322. The City discontinued its OPEB Plan during f/y 2022 which resulted in a gain of \$1,417,737.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of McDonough's basic financial statements. The City of McDonough's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of McDonough's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of McDonough include general government, public safety and courts, highways and streets, cemetery, parks and recreation, planning and zoning, and downtown development. The business-type activities of the City are water and sewer, storm water and solid waste management.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of McDonough can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between the two.

The City maintains six major governmental funds. The City's major governmental funds are the General Fund, two special revenue funds 1) the ARPA Fund and 2) the Hotel / Motel Tax Fund; two SPLOST Funds and the Development Impact Fee Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for all major funds.

The City of McDonough adopts an annual budget for all of its governmental funds. Budgetary comparison statements have been provided for the General, ARPA and Hotel / Motel Tax Funds to demonstrate compliance with the FY 2022 budget. A project length budget has been adopted for the SPLOST Capital Projects Fund and is presented in the individual fund financial statements. A budget was also adopted for the Development Impact Fee Fund for FY 2022 which is also presented in the individual fund financial statements.

Proprietary funds. Enterprise funds (a component of proprietary funds) are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Water and Sewer, Storm Water, Solid Waste Management activities. The Cemetery Enterprise Fund was originally set up to account for the operating activities and significant future improvements of the city-owned cemetery. All of the City's enterprise funds are considered by the City to be major funds.

Proprietary funds provide the same type of information as government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the City's major funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statement and accompanying notes, this report also presents certain other supplementary information which consists of individual fund financial statements with prior year comparisons.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At June 30, 2022, the City's assets and deferred outflows exceeded liabilities and deferred inflows by \$101,437,590. The City's net position reflects its investment in capital assets (60.1 percent), less any related debt used to acquire those assets that is still outstanding. Capital assets are used to provide services to citizens and they are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Of the total net position, \$15,402,551 (15.2 percent) is restricted for capital projects and other specified activities and \$25,085,241 (24.7 percent) is unrestricted.

City of McDonough's Net Position

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
Current and other assets	\$ 40,519,363	\$ 22,007,252	\$ 12,051,470	\$ 9,966,011	\$ 52,570,833	\$ 31,973,263

Net position - end of year	<u>\$ 72,784,673</u>	<u>\$ 55,902,268</u>	<u>\$ 28,652,917</u>	<u>\$ 26,608,761</u>	<u>\$ 101,437,590</u>	<u>\$ 82,511,029</u>

- Overall, governmental activities revenues increased \$12,492,616 or 55.7% over 2021. The increase was due in large part from SPLOST monies received by the City in the amount of \$11,038,548, an increase of \$10,209,842 over fy 2021 due to requirements under the SPLOST intergovernmental agreement. Other revenue sources that increased significantly included local option sales taxes \$351,228 or 6.8%; property taxes, including motor vehicle taxes \$251,586 or 4.8%; and community development fees, including impact fees \$917,787 or 150.2%. Even though the City received \$4,998,072 in ARPA monies during f/y 2022, none of it was recognized as revenue since the City had not spent any of it as of year end., During f/y 2022 the City also discontinued its OPEB Plan which resulted in a gain of \$1,134,190 for governmental activities.
- Governmental activities expenses for 2022 increased by \$607,915 3.2% over 2021. Overall, departmental expenses remained consistent with the prior year. However, the increase in expenses was mainly due to the increase in hotel / motel tax collections which resulted in an additional expense of \$271,459 to the McDonough Hospitality and Tourism Board which uses the funds to promote the City of McDonough.

Expenses and Program Revenues-Governmental Activities

Revenue by Source-Governmental Activities

Business-type activities. Business-type activities increased the City's net position by \$2,044,156 of which an increase of \$1,917,314 was from Water and Sewer activities, a increase of \$27,693 was from storm water activities and a increase of \$99,149 was from Solid Waste Management Activities.

The City uses an outside contractor to perform most of its solid waste services. The Sanitation Fund did have a operating loss of \$194,195 but was subsidized by the General Fund in the amount of \$279,167.

The Storm Water Management Fund was created to account for activities related to solving existing flooding problems and prevent flood damage, maintaining and improving the system of storm water management infrastructure and preserving and protecting the beneficial functions of natural drainage systems. storm water activities are funded through fees assessed on the square footage of impervious property. The fees are collected by the Henry County Tax Commissioner and remitted to the City.

Expenses and Program Revenues-Business-Type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City of McDonough used fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds. The purpose of the City's governmental fund financial statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2022, the City's governmental funds reported combined ending fund balances of \$34,347,663 an increase of \$13,169,117 in comparison to the prior year. Of this amount, \$13,468,540 (39.2 percent) is unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is restricted to indicate that it is not available for new spending because it has already been committed 1) to pay for capital items most of which is funded by the proceeds of the Special Purpose Local Option Sales Tax and Development Impact Fees (\$14,793,302); 2) for Police Activities (\$53,514); 3) cemetery corpus and upkeep of \$202,074; 4) nonspendable amounts for prepaid items which are not available for current government's spending discretion (\$665,458); 5) ARPA projects of \$763; 6) committed as a stabilization reserve of \$1,563,619 and 6) assigned to the F/Y 2023 budget of \$3,600,393.

The General Fund is the City's chief operating fund. At the end of the current fiscal year, unassigned fund balance of the general fund was \$13,468,540 while the total fund balance totaled \$19,298,010. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 81.3 percent of the total general fund expenditures, while total fund balance represents 116.5 percent of that same amount.

Amounts received in ARPA proceeds are not recognized as revenues until they are spent, which is when they are considered earned. As previously stated, the City received \$4,998,072 during f/y 2022 but did not spend any as of year end. The City also received the second and last installment under the grant during July 2022 in the amount of \$4,998,072.

The City received \$2,274,514 in hotel / motel tax revenues during f/y 2022 and disbursed \$994,792 to the McDonough Hospitality and Tourism Board and \$426,574 to the City's General Fund for project development.

The City of McDonough received \$11,038,548 in Special Purpose Local Option Sales Taxes in 2022 compared to \$828,706 in 2021. As mentioned earlier, the increase in SPLOST funds for the year is due to the new intergovernmental agreement which allows the County to receive the first monies from the SPLOST V collections for various County projects. SPLOST funds were used during 2022 for street improvements and related costs in the amount of \$722,336; \$2,317,802 for two new fire trucks and public safety vehicles and park and recreation improvements of \$696,743.

The City also received Development Impact Fees during the year totaling \$1,528,635 compared to \$610,848 in 2021. These funds can only be expended for the category of system improvements (public safety and parks) within the service area for which the fee was assessed and collected. Impact fees were used during 2022 for park improvements of \$7,200 and public safety improvements and equipment of \$179,457.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the proprietary funds at the end of the year were \$9,603,666 of which the Water and Sewer Fund had \$7,091,201, the Solid Waste Management Fund had \$(35,590), and the Storm Water Fund had \$2,548,055. Other factors concerning the finances of proprietary funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The original General Fund budget of \$19,492,090 was amended to \$21,452,996, a difference of \$1,960,906. However, the actual expenditures for the General Fund amounted to \$17,300,726 resulting in a positive budget variance of \$4,152,270.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities at June 30, 2022 amounts to \$67,577,685 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, automobiles and equipment, sidewalks, bridges and roads.

Major capital asset events during the current fiscal year included the following:

- \$654,972 for improvements to Jonesboro Road Park.
- \$118,399 for public safety storage building remodel.
- \$833,521 for various vehicles and trucks..
- \$1,774,000 for deposits on two new fire trucks.
- \$72,323 for various computer system and building access improvements.

Additional information on the City's capital assets can be found in note 7.

Long-term debt. At the end of the current fiscal year, the City had \$6,929,465 in outstanding debt consisting of the following:

City of McDonough's Outstanding Debt

	Balance
Governmental Activities -	
Accrued compensated absences	\$ 301,576
Bonds payable, net	3,500,436
Unearned rental income (Obligation)	-
Business-Type Activities -	
Revenue Bonds	1,012,000
GEFA notes payable	2,115,453
Total	<u>\$ 6,929,465</u>

The City's total debt (including compensated absences) decreased by \$556,801. Additional information on the City's long-term debt can be found in note 9.

In addition to the above debt, the City also had other long-term obligations as of June 30, 2022 which consisted of a net pension liability of \$4,587,322 and a net OPEB liability of \$-0-. These two obligations are discussed in notes 15 and 16, respectively.

Status of the City of McDonough's Economy

- The City's financial position improved during FY 2022 and will begin FY 2023 in a strong position.
- Collections of Local Option Sales Taxes and Property Taxes should remain strong during FY 2023.
- Expenditures under both SPLOST V and T-SPLOST are expected to increase during FY 2023.
- The 2022 Tax Digest increased by approximately 22.86% and the City voted to rollback its millage tax rate to 3.033 for FY 2023.
- The City will begin using the American Rescue Plan Act Funds of \$9,996,144 in FY 2023 in accordance with ARPA guidelines.

Requests for Information

This financial report is designed to provide a general overview of the City of McDonough's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. Questions concerning this report or requests for additional information can be obtained by contacting the City at (770) 957-3915 or at the following address:

CITY OF McDONOUGH, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022

Net change in fund balances -- total governmental funds \$ 13,169,117

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital outlay	3,814,773
Depreciation	(1,692,292)

The net effect of other miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. This is the net amount of capital assets donated and written off:

Donated capital assets	-
Sale of asset to the Cemetery Enterprise Fund	-
Other dispositions of capital assets	(48,977)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This is the difference between the beginning and ending unavailable revenue balances related to timing differences. (31,989)

Proceeds from long-term debt obligations provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position:

Principal payments	160,000
Proceeds from debt issues	-
Premium from debt issue	-

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:

Change in net OPEB obligation and related deferrals	1,134,190
Change in net pension liability and related deferred items	326,885
Change in unearned rental income (obligation)	36,426
Change in accrued interest	-
Amortization of bond premium	8,415
Change in long-term portion of accrued compensated absences	<u>5,857</u>

Change in net position of governmental activities. \$ 16,882,405

The accompanying notes are an integral part of these financial statements.

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Basis of Presentation

In calendar year 2011 the Mayor and Council approved a change in the fiscal year end from December 31 to June 30. Since property taxes, a major source of revenue for the City was received so late in the calendar year the Council believes that a June 30 fiscal year end allows for better budgeting and other financial management along with a better matching of revenues and expenditures.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the City are discussed below.

B. The Reporting Entity

The City of McDonough, Georgia (the City) was incorporated on December 31, 1823 and is located in Henry County about 30 miles south of Atlanta. The City provides a full range of services to approximately 30,000 residents. These services are provided in whole by the City. These services include police and fire protection, community development, highways and streets, water and sewer, storm water, sanitation, public improvements, planning and zoning, economic development, parks and recreation and general administrative services.

Governmental Accounting Standards Board Statement (GASB) No. 14, as amended by GASB No. 61 defines the reporting entity for determining which potential component units should be included in a primary government's financial statements. Inclusion is based on organization's for which the primary government is financially accountable. In addition, the primary government may determine, through exercise of management's professional judgment, that the inclusion of an organization that does not meet the financial accountability criteria is necessary in order to prevent the reporting entity's financial statements from being misleading. In such instances, the organization should be included as a component unit. The criteria for determining financial accountability includes appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits or to impose specific financial burdens on the City regardless of whether the organization has a separate elected or appointed governing board. Blended component units, although legally separate entities, are, in substance part of the government's operations and are reported with similar funds of the primary government. Using the above criteria, the City of McDonough Downtown Development Authority is a component unit of the City. The City Council appoints all members of the Development Authority's Board of Directors and pays from the City's budget expenditures, if any, related to the Authority. During F/Y 2018, the DDA began to have financial transactions and therefore, is included in this report as a component unit of the City.

The City has also created the McDonough Urban Redevelopment Agency which is to serve as a financing arm of the City in order to help finance development and improvements within certain areas of the City. The City Council makes up the majority of all members of the Agency. The McDonough Urban Redevelopment Agency is considered a blended component unit of the City.

In addition, the City has excluded from the City's financial report the McDonough Housing Authority, a related party, since the City is not responsible for the Authority's financial burdens.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

B. The Reporting Entity – (Continued)

Blended Component Unit –

The McDonough Urban Redevelopment Agency (URA) was created in 2015 by the City to serve as a financing vehicle for certain community development projects. The URA is a legally separate organization governed by a board that is appointed by the mayor and city council of the City of McDonough. Although it is legally separate from the City, the URA is reported as if it were a part of the primary government because its sole purpose is to oversee and participate, if necessary, in financing community development projects for the benefit of the City and its citizens. Furthermore, the URA is included as a component unit as the URA has no ability to issue debt or otherwise carry out its activities without the participation and agreement of the City or appropriation of funds by the city council. The operations of the URA are included in the governmental activities of the government-wide financial statements and as a capital project fund in the governmental funds financial statements. Separate financial statements are not published for the URA which follows the same accounting policies as the City of McDonough.

C. Basic Financial Statements—Government-Wide Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type.

The government-wide Statement of Net Position presents the financial condition of the governmental and business-type activities of the City at year end. The statement is presented on a consolidated basis and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position are reported in three parts—net investment in capital assets; restricted net position; and unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for business-type activities of the City. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. The City does not allocate indirect cost. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity self-financing or draws from the general revenues of the City.

The net costs (by function) are normally covered by general revenue (property, sales or use taxes, interest income, etc.).

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

D. Basic Financial Statements-Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Governmental Fund Types – Governmental funds are those through which most governmental functions of the City are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund – The General Fund is the primary operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Hotel / Motel Tax Fund – The Hotel / Motel Tax Fund is used to account for the proceeds of the City's eight percent Hotel / Motel Tax Ordinance. The proceeds from the tax are to be used to finance promotional activities.

American Rescue Plan Act (ARPA) Special Revenue Fund – This fund is used to account for monies received and the related expenditures under the American Rescue Plan Act. Recipients may use award funds to cover eligible costs incurred during the period that begins March 3, 2021 and ends December 31, 2024.

The SPLOST Capital Projects Funds – These funds are used by the City to account for acquisition and construction of major capital facilities that were approved by the voters of Henry County, Georgia through the special purpose local option sales tax referendum.

The Development Impact Fee Capital Projects Fund – This fund is used to account for monies collected under the City's Development Impact Fee Ordinance as adopted in July, 2003. Monies collected under this ordinance can only be expended for the category of system improvements within the service area (City limits of McDonough) for which the development impact fee was assessed and collected.

Proprietary Fund Type – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. The City's proprietary funds are classified as enterprise funds. Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. All of the City's enterprise funds are considered major funds.

The Water and Sewer Enterprise Fund – This fund is used to account for activities connected with the development, operation and maintenance of water and sewer in the City of McDonough and parts of Henry County.

Solid Waste Management Enterprise Fund – The Solid Waste Management Enterprise Fund is used to account for the revenues generated from the charges for sanitation and recycling services provided to the residential and commercial users of the City.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

D. Basic Financial Statements-Fund Financial Statements- (Continued)

Proprietary Fund Type, Continued –

Storm Water Management Fund – This fund is used to account for activities related to solving existing flooding problems and prevent future flood damage, maintaining and improving the system of storm water management infrastructure and preserving and protecting the beneficial functions of natural drainage systems.

Cemetery Enterprise Fund – The City created this fund during fiscal year ended June 30, 2014 to account for the financial transactions associated with the expansion of the McDonough Cemetery and the operations of the cemetery upon completion of the expansion.

E. Measurement Focus

Government-wide Financial Statements – The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the statement of net position.

Fund Financial Statements – All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of government-wide financial statements are prepared. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net position. The statement of changes in revenues, expenses, and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

On the proprietary funds financial statements, operating revenues are those that flow directly from the operations of the activity, i.e. charges to customers or users who purchase or use the goods or services of that activity. Operating expenses are those that are incurred to provide the goods or services. Non-operating revenues and expenses are items such as investment income and interest expense that are not a result of the direct operations of the activity.

F. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual

Government-wide financial statements are presented on the accrual basis of accounting. Proprietary funds also use the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

F. Basis of Accounting, continued

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Those revenues susceptible to accrual are taxes, state and federal grants, fines, interest revenue and charges for services. Major revenues that are determined not to be susceptible to accrual because they are either not available soon enough to pay liabilities of the current period or are not objectively measurable include licenses, penalties and miscellaneous revenues which are recorded as revenues when received in cash. Those revenues that are measurable but are not collected within 60 days after year end are recorded as deferred revenues.

G. Cash and Investments

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the City. For purposes of the statement of cash flows, the Enterprise Funds consider all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

The City's investments reported in the governmental and proprietary funds consist of the State of Georgia Local Government Investment Pool and certificates of deposit with a maturity date greater than three months from the date of purchase. For reporting purposes, all investments are recorded at fair value.

In applying GASB Statement No. 31, the City utilized the following methods and assumptions as of June 30, 2022:

1. Fair value is based on quoted market prices as of the valuation date;
2. The investment portfolio did not hold investments in any of the following: a) items required to be reported at amortized costs; b) items subject to involuntary participation in an external pool; and, c) items associated with a fund other than the fund to which the income is assigned.

The City's policy is to hold investments until maturity.

H. Inventory

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory, if any, in the General Fund consists of expendable supplies held for consumption. The cost is recorded as expenditure at the time individual inventory items are used, rather than in the period purchased. Reported inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. Inventories of the Water and Sewer Fund, if any, consist of various repair parts and supplies.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

I. Prepaid Expenses

Payments made to vendors for service that will benefit periods beyond June 30, 2022 are recorded as prepaid items and are expensed during the period benefited

J. Restricted Assets

Certain proceeds from the Water and Sewer Enterprise Fund revenue bond, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants. The “revenue bond current debt service” account is used to segregate resources accumulated for debt service payments over the next twelve months. The “debt service reserve fund” account is used to report resources set aside to make up potential future deficiencies in the revenue bond current debt service account.

K. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

Capital assets purchased or acquired with an original cost of \$3,500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Interest incurred during the construction phase of capital assets is not included as part of the capitalized value of the assets constructed. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and improvements	30-50 years
Improvement other than buildings	25-50 years
Furniture and fixtures	10-20 years
Vehicles	5-10 years
Machinery and equipment	5-10 years

The City only reports infrastructure assets purchased subsequent to June 30, 2003.

L. Bond Premiums, Discounts and Issuance Cost

For governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. Bond proceeds are reported as other financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. For proprietary fund types, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are reported as an expense in the year incurred.

(See Independent Auditor’s Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as liability in the fund financial statements only to the extent that they are due for payment during the current year. Long-term loans are recognized as a liability on the governmental fund financial statements when due.

N. Revenues

Substantially all governmental fund revenues are accrued. When applicable, property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

O. Expenditures

Expenditures are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

P. Compensated Absences

The City accrues accumulated unpaid vacation and sick leave benefits, which will be paid to employees upon separation from service, when earned (or estimated to be earned) by the employee. The noncurrent portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government-wide presentations. No payment is made for accumulated sick leave upon retirement from the City.

Q. Interfund Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

R. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the City.

(See Independent Auditor's Report).

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

S. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense / expenditures) until then. The government has one item that qualifies for reporting in this category as of June 30, 2022 which is deferred pension outflows recognized in the Statements of Net Position.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City recognizes deferred pension and lease revenue inflows in its Statements of Net Position and also recognizes unavailable revenue, which is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from three sources: property taxes, probation fines and lease revenues.

T. Net Position

Net Position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net position invested in capital asset consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

The City's government-wide statement of net position reports \$15,402,551 of restricted net position, of which \$14,847,580 is restricted by enabling legislation.

The City first applies restricted resources when an expense is incurred for which both restricted and unrestricted net position are available.

U. Fund Equity – Governmental Funds

As of June 30, 2022, fund balances of the governmental funds are classified as follows:

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of City of McDonough's Council. McDonough's Council is the highest level of decision making authority for the City. Commitments may be established, modified, or rescinded only through ordinances approved by City Council prior to end of the fiscal year. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken to remove or revise the limitation. During fiscal year 2018 the City Council did approve a Revenue Stabilization Reserve of \$1,500,000. The Reserve is to provide resources to cover anticipated and unanticipated revenue shortfalls in subsequent years. If available, committed reserves shall strive to replenish the unassigned reserves to the recommended minimum of twenty percent (20%) level should they fall below that level.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

U. Fund Equity – Governmental Funds, Continued

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Only the City Council may assign amounts for specific purposes through passage of a resolution. Unlike commitments, assignments generally only exist temporarily and do not normally have to have an additional action taken for their removal.

Unassigned – all other spendable amounts.

As of June 30, 2022, fund balances are composed of the following:

	General	ARPA	Development Impact Fee	SPLOST Funds	Other Governmental Funds	Total
Nonspendable						
Prepays	\$ 665,458	\$ -	\$ -	-	\$ -	\$ 665,458
Cemetery Trust Corpus	-	-	-	-	175,600	175,600
Restricted -						
Capital projects	-	-	2,641,676	12,151,626	-	14,793,302
Cemetery	-	-	-	-	26,474	26,474
Economic development	-	-	-	-	-	-
ARPA projects	-	763	-	-	-	763
Police activities	-	-	-	-	53,514	53,514
Committed -						
Stabilization reserve	1,563,619	-	-	-	-	1,563,619
Assigned -						
Appropriated for 2022 budget	3,600,393	-	-	-	-	3,600,393
Unassigned	13,468,540	-	-	-	-	13,468,540
Total Fund Balances	<u>\$ 19,298,010</u>	<u>\$ 763</u>	<u>\$ 2,641,676</u>	<u>\$ 12,151,626</u>	<u>\$ 255,588</u>	<u>\$ 34,347,663</u>

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City Council has provided otherwise in its commitment or assignment actions.

V. Contributions of Capital

Contributions of capital in the proprietary fund financial statements arise from outside contributions of capital assets, tap-on fees to the extent they exceed the cost of connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

W. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

X. Budgets and Budgetary Accounting

The City Council adopts an annual budget for all of the City's funds. Public hearings are conducted to obtain taxpayer comments. The operating budget includes proposed expenditures and the means of financing them. The budget is legally enacted by the passage of a resolution. Any revisions that alter the total expenditures of any department must be approved by City Council. Formal budgetary integration is employed as a management control device during the year.

Governmental fund type budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) at the legal level of budgetary control which is the department level. Expenditures may not exceed the appropriations within a department. Budgets, as reported in the financial statements, are as originally approved or as amended in May 2023. All annual appropriations lapse at year end.

Y. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of McDonough Retirement Plan (MRP) and additions to / deductions from MRP's fiduciary net position have been determined on the same basis as they are reported in the MRP. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. CASH AND INVESTMENTS

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's financial policies require all deposits in excess of Federal Deposit Insurance be collateralized by securities equal to at least 110% of the excess deposits. As of June 30, 2022, \$24,280,807 of the government's bank balance of \$ 25,820,469 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ -
Collateralized with securities held by the pledging financial institution or its agent or by collateral held by a third-party custodian bank as part of Georgia's Pooled Funds program	24,280,807
Total	<u>\$ 24,280,807</u>

Investments

Investments - Statutes authorize the City to invest in obligations of the United States and of its agencies and instrumentalities, bonds of the State of Georgia and its agencies, instrumentalities and political subdivisions, and certificates of deposit of national or state banks that are fully insured or collateralized by United States obligations.

The City's investments are classified as follows at June 30, 2022:

<u>Investment</u>	<u>Fair Value</u>	<u>Average Maturities</u>	<u>Rating</u>	<u>Organization</u>
All Funds With Investments -				
Georgia Fund 1	\$ 23,682,354	43 days	AAAf	S&P

(See Independent Auditor's Report).

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

2. CASH AND INVESTMENTS – (Continued)

Investments , continued

“Georgia Fund 1”, created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standards and Poor’s criteria for AAAf rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool’s primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants’ shares sold and redeemed on \$1.00 per share. The fund is managed by the Georgia Office of State Treasurer (OST). OST is guided by the policies of the State Depository Board and OCGA 55-17-2 and 50-17-63.

3. PROPERTY TAX

Property taxes were levied on July 19, 2021 and are due 60 days after the receipt of the tax notice. Property taxes attach as an enforceable lien on the property as of January 1. A local option sales tax is in force. Proceeds from this tax are remitted to the City to help reduce property tax rates. The City has obtained the service of Henry County to bill and collect the City’s property taxes. The County remits monies collected to the City on a semi-monthly basis. Property taxes receivable at June 30, 2022 amounted to \$ 38,353.

4. INTERGOVERNMENTAL REVENUES AND RECEIVABLES

Intergovernmental revenues and receivables reported in the governmental fund financial statements for the year ended June 30, 2022 consist of the following:

	Receivable	Revenues
General Fund		
GMA Safety and Liability Grant	\$ -	\$ 16,687
Henry County - SDS Distribution	-	331,465
1st Responders Grant	-	101,191
Henry County - CDBG		183,700
Other	8,925	10,000
SPLOST Funds		
Henry County - SPLOST	809,645	11,038,548
GA. Department of Transportation	-	264,095
	<u>\$ 818,570</u>	<u>\$ 11,945,686</u>

5. RECEIVABLES

Receivables as of year-end, including the applicable allowances for uncollectible accounts, are as follows:

	General	Hotel / Motel Tax	SPLOST	Total
Governmental Funds				
Taxes	\$ 673,370	\$ 430,723	\$ -	\$ 1,104,093
Fines	228,323	-	-	228,323
Leases	84,350	-	-	84,350
Intergovernmental	8,925	-	809,645	818,570
Gross receivables	994,968	430,723	809,645	2,235,336
Less allowance for bad debt	(114,162)	-	-	(114,162)
Net Total Receivables	<u>\$ 880,806</u>	<u>\$ 430,723</u>	<u>\$ 809,645</u>	<u>\$ 2,121,174</u>
Proprietary Funds				
Accounts	\$ 1,398,758	\$ 446,550	\$ 1,019,266	\$ 2,864,574
Less allowance for bad debt	(570,000)	(180,000)	(450,000)	(1,200,000)
Net Total Receivable	<u>\$ 828,758</u>	<u>\$ 266,550</u>	<u>\$ 569,266</u>	<u>\$ 1,664,574</u>

(See Independent Auditor’s Report).

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

6. INTER-FUND TRANSACTIONS

Individual fund interfund receivable and payable balances at June 30, 2022 were as follows:

<u>Payable From</u>	<u>Payable To General Fund</u>
SPLOST V	\$ 344,000
Hotel / Motel Tax	241,735
Development Impact Fee	9,068
Non-Major	<u>66,456</u>
Totals	<u>\$ 661,259</u>

The City's General Fund's operating bank account receives all deposits from the general fund and water and sewer fund operations. All monies collected for the Water and Sewer Fund and all expenditures paid for the Water and Sewer Fund are made through the General Fund's operating bank account. The SPLOST V Fund owed the General Fund \$344,000 for expenditures paid by the General Fund and not reimbursed by the SPLOSTV Fund as of June 30, 2022. The Confiscated Assets Fund owed the General Fund \$66,456 for qualified expenditures originally paid by the General Fund and not reimbursed as of June 30, 2022. The Development Impact Fee Fund and the Hotel / Motel Tax Fund owed the General Fund \$9,068 and \$279,167, respectively, for unreimbursed expenditures and transfers as of June 30, 2022.

Individual fund interfund transfers for the year ended June 30, 2022 were as follows:

<u>Transfer To</u>	<u>Transfer From</u>			
	<u>General</u>	<u>Hotel / Motel Tax</u>	<u>Water & Sewer</u>	<u>Totals</u>
General	\$ -	\$ 1,279,722	\$ 475,000	\$ 1,754,722
Cemetery	-	-	-	-
Non-Major	279,269	-	-	279,269
Solid Waste	<u>279,167</u>	<u>-</u>	<u>-</u>	<u>279,167</u>
	<u>\$ 558,436</u>	<u>\$ 1,279,722</u>	<u>\$ 475,000</u>	<u>\$ 2,313,158</u>

The City created the Hotel / Motel Tax Fund during 2006 in order to comply with state law. The City reports the income from hotel / motel taxes in this fund along with the required payments to the McDonough Hospitality and Tourism Board and other qualifying expenditures. The remaining monies are transferred to the General Fund to help fund the General Fund budgetary appropriations. For the year ended June 30, 2022, the Hotel / Motel Tax Fund transferred \$1,279,722 to the General Fund and as of June 30, 2022, the Hotel / Motel Tax Fund owed the General Fund \$241,735 for unreimbursed expenditures and transfers. The Water and Sewer Fund transferred \$475,000 to the General Fund to support the fund balance of the General Fund. The General Fund transferred \$279,269 to the Urban Redevelopment Fund to finance debt service on the URA revenue bonds. The General fund also transferred \$279,167 to the Solid Waste fund to help finance operations.

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

8. UNAVAILABLE REVENUES

Deferred revenues as of June 30, 2022, reported in the Governmental Fund's balance sheet, consisted of the following revenue items which had been earned and were measurable but were not received within 60 days after year end and therefore were not considered available:

Fines and forfeitures	\$ 51,800
Property taxes	33,624
Lease revenue	<u>83,491</u>
Total unavailable revenues - Governmental Funds	<u>\$ 168,915</u>

9. LONG-TERM DEBT

Changes in Long-Term Debt

The following is a summary of changes in long-term liabilities reported in the government-wide financial statements for the year ended June 30, 2022:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Governmental Activities					
Accrued Compensated Absences	\$ 307,435	\$ 212,368	\$ (218,227)	\$ 301,576	\$ 50,000
Revenue bonds	3,530,000	-	(160,000)	3,370,000	165,000
Bond premium	138,850	-	(8,414)	130,436	-
Unearned Rental Income (Obligation)	<u>36,426</u>	<u>-</u>	<u>(36,426)</u>	<u>-</u>	<u>-</u>
Total Governmental Activity					
Long-Term Debt	<u>\$4,012,711</u>	<u>\$ 212,368</u>	<u>\$ (423,067)</u>	<u>\$ 3,802,012</u>	<u>\$ 215,000</u>
Business-Type Activities					
Revenue Bonds	\$1,231,000	\$ -	\$ (219,000)	\$ 1,012,000	\$ 196,000
GEFA Notes Payable	<u>2,256,828</u>	<u>-</u>	<u>(141,375)</u>	<u>2,115,453</u>	<u>143,367</u>
Total Business-Type Activity					
Long-Term Debt	<u>\$3,487,828</u>	<u>\$ -</u>	<u>\$ (360,375)</u>	<u>\$ 3,127,453</u>	<u>\$ 339,367</u>

The City's General Fund is typically used to liquidate governmental activity long-term debt except the URA Fund is used to liquidate the revenue bonds payable.

The Water and Sewer Enterprise Fund is used to liquidate all of the business-type activity long-term liabilities except each enterprise fund will be responsible for its share of the net pension obligation.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

9. LONG-TERM DEBT - (Continued)

Governmental Activities Long-Term Obligations -

Governmental activities long-term obligations as of June 30, 2022 consist of the following:

McDonough Urban Redevelopment Authority (Direct Borrowings/Placements)

During fiscal year ended June 30, 2016 the City issued \$4,235,000 of McDonough Urban Redevelopment Authority revenue bonds to construct a municipal court building. The building is collateral for the bond issue. The revenue bonds will be repaid with General Fund monies.

Revenue Bonds Payable, Series 2015, in the amount
of \$4,235,000, interest ranging from 2.00% to 4.00%,
due in annual installments of up to \$280,962 with
varying maturity dates through January, 2038. \$3,370,000

Annual repayment requirements to amortize the revenue bonds as they mature are as follows:

Year Ending 6/30	REVENUE BONDS		
	Principal	Interest	Total
2023	\$ 165,000	\$ 115,862	\$ 280,862

Totals	<u>\$ 3,370,000</u>	<u>\$ 1,100,085</u>	<u>\$ 4,470,085</u>

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

9. LONG-TERM DEBT - (Continued)

Water and Sewer Long-Term Debt (Direct Borrowings/Placements)

The City issues revenue bonds and enters into construction note agreements with the Georgia Environmental Facilities Authority where in both types of debt the government pledges income derived from the acquired or constructed assets to pay debt service. The City is required to maintain certain debt service and renewal & extension reserves and maintain a certain debt service to income ratio. Amounts outstanding at the end of the current fiscal year related to bonds and notes issued in prior years to finance construction projects to improve the City's water distribution and wastewater treatment facilities.

Water and Sewer Enterprise Fund long-term liabilities outstanding at year end are as follow:

Note payable to GEFA, in the total amount of \$3,000,000, interest at 1.4%, due in monthly installments of \$14,339 through December 2036.	<u>\$2,115,453</u>
Revenue Bonds Payable, Series 2014, in the amount of \$3,309,000, interest at 1.65%, due in annual installments of up to \$335,826 with varying maturity dates through July, 2026.	<u>\$1,012,000</u>

Annual repayment requirements to amortize all closed long-term obligations as they mature are as follows:

Year Ending 6/30	<u>NOTES PAYABLE</u>		<u>REVENUE BONDS</u>		<u>Total</u>
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>

Totals	<u>\$ 2,115,453</u>	<u>\$ 207,439</u>	<u>\$ 1,012,000</u>	<u>\$ 42,289</u>	<u>\$ 3,377,181</u>

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

9. LONG-TERM DEBT - (Continued)

Water and Sewer Long-Term Debt (Direct Borrowings/Placements) – Continued

The City issued \$3,309,000 of Water and Sewer revenue bonds in May 2014. The proceeds of the issue provided resources to pay off the principal balance and interest due on two of the four Georgia Environmental Finance Authority notes totaling \$3,217,177 as of June 4, 2014. As a result, the refunded debt is considered defeased and the liability has been removed from the Water and Sewer statement of net position. The remaining proceeds from the bonds were used to pay for the issuance cost of the bonds of \$91,823.

The refunding was undertaken to reduce future debt service payments. The reacquisition price of the old debt was equal to the net carry amount. The transaction also resulted in a net present value savings of \$358,419 and a reduction of \$376,236 in future debt service payments.

10. HOTEL / MOTEL TAX

Prior to August 2013 the City levied a 5% hotel/motel tax in accordance with the provisions of OCGA 48-13-51. In order to comply with the expenditure requirements of this code section, the City remits 40% of the monies collected under this provision to the McDonough Tourism and Hospitality Organization, a not-for-profit entity. Starting in August 2013 the City began to levy an 8% hotel / motel tax in accordance with the provisions of O.C.G.A. 48-13-50. In order to comply with the expenditure requirements of this code section the City must expend 62.5% of the monies collected under this provision for the purpose of promoting tourism, conventions, trade shows or tourism product development. The following is a summary of the collections and expenditures for the year ended June 30, 2022:

	<u>Amount</u>	<u>Percent</u>
Total Collected	\$ 2,274,514	100.00%
Amount remitted to the McDonough Tourism and Hospitality Organization	\$ 994,792	43.74%
Product development	\$ 426,574	18.75%

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

11. RISK MANAGEMENT

The City of McDonough is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The City is a member of Georgia Interlocal Risk Management Agency. This membership allows the City to share liability, crime, motor vehicle and property damage risks.

Coverages are as follows:

Coverage Description – Property:	
Buildings and contents – (Blanket)	\$45,739,940
Automobile physical damage	Per Application on file with GIRMA

Coverage Description – Casualty:	
Comprehensive general liability	\$1,000,000
Automobile liability	\$1,000,000
Errors and omissions (Public Officials)	\$1,000,000
Employee benefits liability	\$1,000,000
Pollution liability	\$1,000,000

Coverage Description – Crime:	
Blanket bond – employees required to be bonded	\$500,000
Blanket bond – all other employees	\$500,000
Depositors forgery	\$500,000
Money and securities – loss inside and outside premises	\$500,000

Deductible:	
Law Enforcement Liability	\$50,000
Public Officials Errors & Omissions Liability	\$50,000
Building and Contents	\$25,000
Other coverages are subject to a per occurrence deductible of	\$1,000

Coverage Exceptions:

Coverage Subject to a Retroactive Date:

Public officials, pollution and employee benefits liability coverages are subject to a retroactive date of 12/31/87.

Chapter 85 Title 36 of the Official Code of Georgia Annotated authorizes Georgia municipalities to form interlocal risk management agencies. The Georgia Interlocal Risk Management Agency (GIRMA) is a municipal interlocal risk management agency to function as an unincorporated non-profit instrumentality of its member municipalities – GIRMA establishes and administers one or more group self insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of municipal government.

During the year ended June 30, 2022, the City paid no claims. The City has not compiled a record of the claims paid up to the \$1,000 deductible for the prior years. The City is not aware of any claims which the City is liable for (up to the \$1,000) which were outstanding and unpaid at June 30, 2022. No provisions have been made in the financial statements for the year ended June 30, 2022 for any estimate of potential unpaid claims.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

11. Risk Management (continued)

Pursuant to Title 34, Chapter 9, Article 5 of the Official Code of Georgia Annotated, the City of McDonough became a member of the Georgia Municipal Associated Workers' Compensation Self Insurance Fund. The liability of the fund to the employees of any employer (City of McDonough) is specifically limited to such obligations as are imposed by applicable state laws against the employer for workers' compensation and / or employer's liability.

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

12. RELATED ORGANIZATION

The City of McDonough Housing Authority is considered a related organization. The Authority operates a multi-family housing facility which is located within the city limits. The citizens who serve as the governing board are appointed by the Mayor and Council. The City has no significant influence over the management budget or policies of the Authority. Related organizations are excluded from the financial reporting entity because the City's accountability does not extend beyond making appointments. Audited financial statements are available from the respective organizations.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

13. JOINT VENTURES

Atlanta Regional Commission

Under Georgia law, the City, in conjunction with other cities and counties in the Metro Atlanta area, is a member of the Atlanta Regional Commission (ARC). Membership in this organization is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the Commission in Georgia. The ARC Board membership includes the chief elected official of each county, one representative for all the cities in a member county and 15 citizen representatives. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the ARC. Management believes that ARC is accumulating sufficient financial resources to meet its financial obligations. Separate financial statements may be obtained from:

Atlanta Regional Commission
3715 Northside Parkway
Building 200, Suite 300
Atlanta, Georgia 30328

14. CONTINGENCIES AND COMMITMENTS

Amounts received or receivable from grant agencies are subject to audit and adjustments by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

Development impact fee credits – During the year ended June 30, 2007, the City received public safety and park improvements from a private developer in the amount of \$6,812,407. As part of a development agreement with the developer, the developer contributed these improvements in exchange for Development Impact Fee Credits prior to being issued a building permit, which is when the fees are actually due. As of June 30, 2022, the developer had actually used approximately \$3,621,080 of its impact fee credits which leaves a balance of impact fee credits to the developer, along with other such credits, of \$3,191,327. The City recognizes impact fees as revenues when received.

NOTES TO FINANCIAL STATEMENTS – (Continued)

15. EMPLOYEE BENEFIT PENSION PLANS

Deferred Compensation Plan-

Under the terms of the deferred compensation plan, any employee can voluntarily defer receipt of up to 25% of gross compensation per year. Each participant selects one of three options to administer the investment of the deferred funds. All administration costs of the plan are deducted from the participants' accounts. The deferred amounts may be distributed to the employee upon retirement or other termination of employment, disability, death, or financial hardship (as defined). Total amounts deferred by employees for the year ended June 30, 2022 amounted to \$57,325.

Mayor and Council Retirement Plans-

In 1999, the City created the City of McDonough Exclusive Benefit Governmental 401(a) Nontrusteed Retirement Plan, a defined contribution plan, for the retirement benefit of the Mayor and Council. The plan is administered by the Security Benefit Group and currently has 2 participants. In addition, the City created the 401a Defined Contribution Plan which began January 1, 2011 and is administered by the Georgia Municipal Employees Benefit System (GMEBS). The two plans provide that the City should contribute the amount of compensation allowed under IRS regulations for each participant's account. The balance in the account shall become distributable in accordance with the payout options in the annuity contract. Annual contributions to the plans are determined by the City Council and can be up to 100% of eligible salaries. For the year ended June 30, 2022, contributions to the plans amounted to \$39,528, which is 43.9% of eligible salaries. The amount of payroll covered under the plan for the year ended June 30, 2022 amounted to \$90,000. This plan was established by an adoption agreement executed by the City Council.

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

15. EMPLOYEE BENEFIT PENSION PLANS – Continued

Defined Benefit Plan – GMA Administered

Plan Description

The City, as authorized by the City Council, has established a defined benefit pension plan (The City of McDonough Retirement Plan) covering all full-time employees. The City's pension plan is affiliated with the Georgia Municipal Employee Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. Contributions made by the City are commingled with contributions made by other members of GMEBS for investment purposes. The City does not own any securities on its own. Investment income from the securities is allocated on a pro rata basis. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

As provided by State law, benefit provisions for Participants in GMEBS are established and amended by the respective employers. As authorized by the City Council, the Plan provides pension benefits and death and disability benefits for Plan members and beneficiaries. All employees, excluding elected officials, who work thirty hours or more per week, are eligible to participate immediately upon hiring. Benefits vest after five years of service. Effective for July 1, 2018, the benefit formula changed from 2% for all participants to varying multipliers ranging from 1.5% to 2.25% based on hire date and service. Disability benefits are paid out at 20% of an employee's current salary. Death benefits are calculated using an actuarial reserve.

At January 1, 2022, the date of the most recent actuarial valuation, there were 271 participants consisting of the following:

Retirees and beneficiaries currently receiving benefits	43
Terminated vested participants not yet receiving benefits	59
Active employees - vested	100
Active employees - nonvested	<u>69</u>
Total	<u>271</u>

Contributions

The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standard law. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the Plan which meets State minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan is to contribute an amount equal to or greater than the recommended contribution described below. For fiscal year 2022, the actuarially determined contribution rate was 15.57% of covered payroll.

For fiscal year ended June 30, 2022, the City's recommended and actual contribution was \$1,295,770 which was actuarially determined and is expected to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The amount of employer contributions recognized in the actuarial report date January 1, 2022 and the Statements of Net Position for the fiscal year ended June 30, 2022 amounted to \$882,227.

15. EMPLOYEE BENEFIT PENSION PLANS – Continued

Defined Benefit Plan – GMA Administered, continued

**Pension Liabilities, Pension Expense, and Deferred Outflows and
Deferred Outflows of Resources Related to Pensions**

At June 30, 2022, the City reported a liability of \$4,587,322 for its net pension liability. The net pension liability was measured as of September 30, 2021 and was determined by an actuarial valuation as of January 1, 2022. The changes in the Net Pension Liability for the year ended September 30, 2021 (the measurement date) were as follow:

	Total Pension Liability	Fiduciary Net Position	Net Pension Liability
Balances, beginning	\$ 20,004,615	\$ 13,006,488	\$ 6,998,127
Changes for the year-			
Service cost	537,406	-	537,406
Interest	1,492,452	-	1,492,452
Differences between expected and actual experience	21,485	-	21,485
Contributions - Employer	-	1,276,021	(1,276,021)
Net investment income	-	3,213,779	(3,213,779)
Benefit payments, including refunds of employee contributions	(610,779)	(610,779)	-
Administrative expense	-	(27,652)	27,652
Other	-	-	-
Net Changes	<u>1,440,564</u>	<u>3,851,369</u>	<u>(2,410,805)</u>
Balance, ending	<u>\$ 21,445,179</u>	<u>\$ 16,857,857</u>	<u>\$ 4,587,322</u>

Effective January 1, 2016, the Plan was amended to provide for immediate participation for Employees. This change has no impact on service credited under the Plan and has no impact on benefits. As a result of this change, all Employees are now included in the valuation. This change has minimal impact on the Plan's liability.

For the year ended June 30, 2022, the City recognized pension expense and deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Service cost	\$ 537,406
Interest on The Pension Liability (TPL)	1,492,452
Administrative expenses	27,652
Expected return on assets	(982,740)
Expensed portion of current year period differences between expected and actual experience in TPL	4,297
Current year recognition of deferred inflows and outflows established in prior years	249,367
Current year plan changes	-
Expensed portion of current year period differences between projected and actual investment earnings	<u>(446,207)</u>
Total expense	<u>\$ 882,227</u>

Defined Benefit Plan – GMA Administered, continued

**Pension Liabilities, Pension Expense, and Deferred Outflows and
Deferred inflows of Resources Related to Pensions, continued**

\$971,828 reported as deferred outflows of resources related to pensions resulting from the City's contributions made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

F/Y/E June 30,	Deferred Outflows	Deferred Inflows	Net
2023	\$ 375,977	\$ (469,721)	\$ (93,744)
2024	317,621	(422,645)	(105,024)
2025	288,494	(517,139)	(228,645)
2026	4,297	(461,741)	(457,444)
2027	-	-	-
2028 and thereafter	-	-	-
	<u>\$ 986,389</u>	<u>\$ (1,871,246)</u>	<u>\$ (884,857)</u>

Outstanding balances of deferred outflows/inflows of resources related to pensions as of June 30, 2022 are as follow:

	<u>Outflows</u>	<u>Inflows</u>
Contributions subsequent to measurement date	\$ 971,828	\$ -
Demographic	233,638	(62,132)
Investment	-	(1,809,114)
Assumption change	<u>752,751</u>	<u>-</u>
Total	<u>\$ 1,958,217</u>	<u>\$ (1,871,246)</u>

Actuarial Assumptions

The total pension liability in the January 1, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Assumptions:

Net Investment Rate of Return	7.375%
Projected Salary Increases	2.25% plus service based merit increases
Cost of Living Adjustments	0.00%
Mortality Rates -	
Healthy	Sex-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25
Disabled	Sex-distinct Pri-2012 head-count weighted Disabled Retiree Mortality Table with rates multiplied by 1.25
Plan Termination Basis	1994 Group Annuity Reserving Unisex Table

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

15. EMPLOYEE BENEFIT PENSION PLANS – Continued

Defined Benefit Plan – GMA Administered, continued

Actuarial Assumptions, continued

The actuarial assumptions used in the January 1, 2022 valuation were based on the results of an actuarial experience study for the period January 1, 2015 through June 30, 2019.

The long-term rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	45.00%	6.55%
International equity	20.00%	7.30%
Domestic fixed income	20.00%	0.40%
Real estate	10.00%	3.65%
Global fixed income	5.00%	0.50%
Cash	0.00%	
Total	100.00%	

Discount Rate

The discount rate used to measure the total pension liability was 7.375 percent. The projection of cash flows used to determine the discount rate assumed that contributions from the City will be made at the actuarially determined contribution rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

***Sensitivity of the Net Pension Liability
To Changes in the Discount Rate***

The following presents the City's net pension liability calculated using the discount rate of 7.375 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
	<u>6.375%</u>	<u>7.375%</u>	<u>8.375%</u>
Net Pension Liability	\$ 7,579,876	\$ 4,587,322	\$ 2,114,426

Pension Plan Net Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued City of McDonough Retirement Plan financial report.

(See Independent Auditor's Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

16. OTHER POSTEMPLOYMENT BENEFIT

Plan Administration and Benefits – Prior to f/y 2022 the City administers a single-employer defined benefit Postemployment Healthcare Benefit Plan (the “PHB”) which was established by the City Council. The Council was authorized to approve amendments to the Plan. The Council did not elected to advance fund the Plan, but rather maintain the Plan on a “pay as you go” basis, in that claims were paid as they arose, rather than establishing an irrevocable trust to accumulate restricted funds. The Plan did not issue a separate financial report.

During f/y 2022, the City discontinued its Post Employment Healthcare Benefit Plan. This resulted in the write-off of the Plan’s related net liability and deferred outflows and inflows which resulted in a gain to the City as follows:

Deferred Outflows	\$ (91,776)
Deferred Inflows	525,469
Net Liability	<u>984,044</u>
 Net gain from discontinuance of plan	 <u>\$ 1,417,737</u>

17. RESTRICTED ASSETS

Pursuant to the Water and Sewer Revenue Bonds and notes payable, the City was required to create various funds and accounts. Balances in these bond restricted funds and other various restricted funds and accounts as of June 30, 2022 are as follows:

Revenue Bond Restricted Assets -	
Debt service account	\$ 352,898
ARPA fund	4,998,835
Confiscated assets fund	130,292
Capital projects-	
Special purpose local option sales funds	11,695,956
Development impact fee funds	2,769,143
Cemetery perpetual care funds	<u>202,074</u>
	<u>\$ 20,149,198</u>

18. UNEARNED RENTAL INCOME (OBLIGATION)

During fiscal year ended June 30, 2015, the City entered into an agreement with Henry County which transferred property owned by the County, valued at \$255,000, to the City in exchange for rental of a piece of property owned by the City for a period of seven years, which rental value for the period was also \$255,000. The transaction has been recorded by the City in the Statement of Net Position under Governmental Activities by reporting the land purchase and the corresponding unearned rental income obligation. The obligation will be amortized over a seven year period at \$36,429 annually. The outstanding balance as of June 30, 2022 is \$-0-. The agreement is continuing as of June 30, 2022 with either party able to discontinue the agreement at any time.

(See Independent Auditor’s Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

19. LEASING ACTIVITIES

In July 2021, the City implemented a new accounting standard GASB Statement No. 87 “Leases”. The new standard establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under the Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments’ leasing activities.

A lease is defined as a contract that conveys control of the right to use another entity’s nonfinancial asset (the underlying asset) as specified in the contract for a period of time (greater than one year) in exchange or exchange-like transaction. Any contract that meets this definition should be accounted for under the lease guidance, unless specifically excluded in the GASB Statement.

City as Lessee

The City, as lessee, has no significant lease agreements that are required to be reported under the new standard.

City as Lessor

The City, as a lessor, has entered into a lease agreement involving land that is to be used to house a cell tower and various other real estate agreements. The total amount of inflows of resources, including lease revenue and interest recognized during the fiscal year was \$57,333. A schedule of future payments that are included in the measurement of the lease receivable, with imputed interest based on the City’s estimated current borrowing rate of 7.5%, is as follows:

	Leases		
	Principal	Interest	Total
2023	\$ 48,975	\$ 4,601	\$ 53,576
2024	9,742	2,258	12,000
2025	10,498	1,502	12,000
2026	11,313	687	12,000
2027	2,963	37	3,000
	<u>\$ 83,491</u>	<u>\$ 9,085</u>	<u>\$ 92,576</u>

(See Independent Auditor’s Report)

CITY OF McDONOUGH, GEORGIA
NOTES TO FINANCIAL STATEMENTS – (Continued)

20. CONDUIT DEBT OBLIGATION

As of June 2022, the Downtown Development Authority of the City of McDonough, Georgia had issued \$1,088,000 in principal loan amounts from the Georgia Department of Community Affairs and from the Georgia Cities Foundation. Proceeds from the loans were loaned to various businesses located inside the City of McDonough in accordance with the terms of the loan agreements. The proceeds will be used for the purpose of helping to finance building acquisitions, renovations of buildings and to acquire furniture, fixtures and equipment. The loans do not constitute a debt, moral obligation, liability, or a loan, or credit or pledge of full faith and credit of the taxpayers of the City of McDonough, Georgia. Accordingly, the loans have not been reported as liabilities in the accompanying financial statements. As of June 30, 2022, the following is a list of businesses and related loan information that have the conduit debt obligations:

<u>Business</u>	<u>Purpose</u>	<u>Loan</u>	
		<u>Original Amount</u>	<u>Balance at June 30, 2022</u>
19 Griffin Street, LLC	Renovations	\$ 500,000	\$ 213,353
Southern Investment Group, LLC	Construction, furniture, equip	\$ 450,000	\$ -
KCRT Restaurant Corporation	Building acquisition	\$ 138,000	\$ -

21. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosures, as a part of the combined statements - overview, of certain information concerning individual funds including-

- A) Deficit fund balances or net position balances of individual funds – As of June 30, 2022, none of the City's Funds had a deficit net position or fund balance.
- B) Excess expenditures over budget – None of the City's funds had material excesses (if over 5 percent and greater than \$5,000) of expenditures over appropriations at the department level (the legal level of control).

22. SUBSEQUENT EVENTS

During July 2022, the City received \$4,998,000 under phase 2 of the American Rescue Plan Act (ARPA) bringing the total proceeds from ARPA to \$9,996,000. During the subsequent period ended June 30, 2023, ARPA Funds obligated under the contracts amounted to \$1,548,592 and related ARPA funds expended amounted to \$1,416,334.

CITY OF MCDONOUGH, GEORGIA
NOTES TO REQUIRED SUPPLEMENTARY PENSION INFORMATION
FOR THE YEAR ENDED JUNE 30, 2022

Note 1

Significant methods and assumptions used in calculating the actuarially determined calculations are as follow:

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Closed level dollar for remaining unfunded liability
Remaining Amortization Period	Remaining amortization period varies for the bases, with a net effective amortization period of 22 years.
Asset Valuation Method	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.

Actuarial Assumptions:

Net Investment Rate of Return	7.375%
Projected Salary Increases	2.25% plus service based merit increases
Cost of Living Adjustments	0.00%
Mortality Rates -	
Healthy	RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward 2 years for males and 1 year for females
Disabled	RP-2000 Disabled Retiree Mortality Table - unisex rates
Plan Termination Basis	1994 Group Annuity Reserving Unisex Table

Effective for July 1, 2018, the benefit formula changed from 2% for all participants to varying multipliers based on hire date and service.

INDEPENDENT AUDITOR'S REPORT **ON INTERNAL CONTROL OVER FINANCIAL REPORTING** **AND ON COMPLIANCE AND OTHER MATTERS** **PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Members of City Council
City of McDonough, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of McDonough, Georgia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City of McDonough's basic financial statements and have issued our report thereon dated June 29, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of McDonough, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of McDonough's internal control. Accordingly, we do not express an opinion on the effectiveness of City of McDonough, Georgia's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described as items 2013.004 and 2022.001 through 2022.004 in the accompanying schedule of findings and responses to be material weaknesses.

A significant deficiency is a deficiency, or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described as item 2016.003 in the accompanying schedule of findings and responses to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of McDonough, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standard.

City of McDonough, Georgia's Response to Findings

City of McDonough's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. City of McDonough's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

James L. Whitaker, P.C.

Snellville, Georgia
June 29, 2023

CITY OF McDONOUGH, GEORGIA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2022

A. SUMMARY OF AUDIT FINDING

1. The auditor's report expresses an unmodified opinion on the basic financial statements of McDonough, Georgia.
2. Six deficiencies disclosed during the audit of the basic financial statements are reported in this Schedule. Five of the deficiencies are considered material weaknesses and one is considered a significant deficiency.
3. There were no instances of noncompliance material to the basic financial statements disclosed in this Schedule.

B. FINDINGS - FINANCIAL STATEMENT AUDIT**QUESTIONED
COST****2013.004 UNPAID STORMWATER FEES - REPEAT FINDING**

Condition: As of June 30, 2022 the City had a significant amount of old unpaid stormwater fees amounting to approximately \$470,000. The majority of the unpaid fees are from the Henry County Board of Education and Henry County Water Authority which both total approximately \$350,000.

Criteria: The City should consistently monitor its receivables from all sources even if the County is in charge of collecting and remitting the fees to the City. The City should take action to collect all fees that are properly billed and due to the City.

Effect: The City could forfeit the ability to receive payments from customers that have not paid for several years.

Cause: No collection activity has been deemed to be necessary since the County was collecting and remitting the fees for the City.

Recommendation: The City should confer with the County to determine the collection activities that are currently being utilized by the County to collect delinquent fees. The City should then determine the proper collection activity to implement to insure all efforts are being made to collect the delinquent fees.

N/A

View of responsible officials and planned corrective action:

Management agrees with the finding. Management has authorized the City Attorney to write a letter to the School Board to try and resolve this matter. The two entities are currently in discussions to try and resolve this issue.

2016.003 ADMINISTRATIVE FEES - REPEAT FINDING

Condition: The City is currently charging various funds an administrative fee and recording it as revenue in the General Fund. This includes charging the SPLOST IV Fund an administrative fee of \$40,000 for city employees time and efforts in monitoring approved SPLOST projects. Although it is appropriate for such charges to be made, the City does not have a set formula for charging such fees.

Criteria: Administrative fees that are being charged to various funds of the City should have an approved formula by which such fees are calculated and charged to the funds.

Effect: The lack of an approved formula by which administrative fees are charged could result in significant fluctuations in future years and could also be the subject of suspicion and skepticism.

Cause: Management was unaware of the need for administrative fees to have an approved formula.

Recommendation: Charge administrative fees by using an approved formula. Administrative expenses could be allocated by using such factors as: 1) total expenditures; 2) payroll or 3) some other reasonable basis.

N/A

View of responsible officials and planned corrective action:

Management agrees with the finding. Management will review the situation and determine the proper basis for the City to use to allocate administrative costs among the various funds of the City.

B. FINDINGS - FINANCIAL STATEMENT AUDIT - (Continued)

**Questioned
Cost**

2022.001 IMPACT FEE FUND ALLOCATIONS FOR MULTI-FAMILY PROJECTS

Condition: During our audit we found where monies received from multi-family building projects i.e. apartment complexes, were being recorded as "commercial impact fees" rather than "residential impact fees."

Criteria: Although multi-family building projects are considered to be commercial projects under building code standards they are allocated based on residential impact rates under the City's impact fee code.

Effect: If this error was not caught during the audit, the impact fees collected from multi-family building projects would have been allocated based on commercial rates which would have given \$-0- to the parks category when in fact they should have been given 74.5% of such collections or \$974,000.

Cause: Management was unaware of the allocation issue with multi-family building projects.

Recommendation: Multi-family building project impact fee receipts should be coded to residential impact fee revenues since such fees are allocated under the residential impact fee formula according to the City's ordinance.

N/A

View of responsible officials and planned corrective action:

Management agrees with the finding. Management will work with the building inspection department to ensure the coding for multi-family building projects impact fees are recorded as residential impact fees.

2022.002 RECONCILIATION OF POOLED CASH AND INTER-FUND ACCOUNTS

Condition: The City is not currently reconciling its pooled cash account nor its inter-fund accounts in a timely manner.

Criteria: Pooled cash accounts and inter-fund accounts should be reconciled on a monthly basis.

Effect: Pooled cash accounts and inter-fund payable/receivable accounts were out of balance by \$352,441. The issue was due to an entry to record payroll being in error and would have been caught if these accounts were being properly reconciled.

Cause: From discussions with City personnel, it was determined that the person responsible for the reconciliations did not have sufficient time to perform the reconciliations.

Recommendation: Management should ensure that the reconciliations for pooled cash and inter-fund accounts are made in a timely manner.

N/A

View of responsible officials and planned corrective action:

Management agrees with the finding. Management will review the situation and determine the proper action to take for the reconciliation process to take place. Management will oversee the situation to ensure the reconciliations are performed in a timely manner.

B. FINDINGS - FINANCIAL STATEMENT AUDIT - (Continued)

**Questioned
Cost**

2022.003 PAYROLL TAX ISSUES

Condition: In June 2021 a payroll tax deposit in the amount of \$76,721 was made with the wrong quarter reported on the remittance advice. This resulted in the 2nd qtr 2021 payroll tax deposit being under-stated and the 1st qtr tax deposits being over-stated by IRS. This resulted in IRS issuing the City a refund of \$44,432.15 which was the amount of the 1st qtr overpayment less \$32,289.54 in penalties and underpayments of taxes in prior years from 2016 - 2020.

N/A

In June 2022 the City also received a notice from IRS that the City owed the underpayment of 2nd qtr 2021 taxes of \$76,721 plus penalties and interest of \$36,910 for a total of \$113,632. The City paid this amount in full to IRS.

Criteria: Of course the City should pay the payroll taxes it incurs in the proper amount and in a timely manner. In addition, any payroll tax notices of under-paid taxes and penalties and interest should be forwarded to someone other than the employees responsible for preparing payroll and filing payroll tax reports. Any IRS notice should be investigated and a proper response should be provided to IRS from the City's finance director or outside contractor.

Effect: The City has paid approximately \$69,000 in assessments by IRS that it may or may not be responsible for .

Cause: The lack of oversight over complicated payroll tax issues led to the possible over payment of IRS assessments.

Recommendation: Management should ensure that assessment notices from any outside organization should be investigated by an individual that is experienced and knowledgeable in the affected subject matter.

View of responsible officials and planned corrective action:

Management agrees with the finding. Management will ensure that all assessment notices are investigated and a legitimate result is incurred. In addition, assessment notices will be forwarded to one level of management above the department that is responsible for handling the issue.

B. FINDINGS - FINANCIAL STATEMENT AUDIT - (Continued)

**Questioned
Cost**

2022.004 RECORDING OF ACCOUNTS PAYABLE

Condition:	The City under-reported accounts payable as of June 30, 2022 in the amount of \$673,150 which is material to the City's financial statements.	N/A
Criteria:	All expenditures / expenses should be recorded in the period the corresponding purchase / service is incurred.	
Effect:	The City's liabilities and expenditures / expenses were under-stated by \$673,150. A significant amount of the under-reported items came from amounts due to Henry County Water Authority for tap on fees and amounts due to McDonough Hospitality and Tourism Board totaling \$342,000 and the remaining items consisted of regular operating expenses.	
Cause:	The lack of training and over-sight of employees responsible for recording expenditures / expenses is the main reason for the under-reporting of accounts payable as of June 30, 2022	
Recommendation:	Management should provide the necessary training and over-sight of employees responsible for recording accounts payable.	

View of responsible officials and planned corrective action:

Management agrees with the finding. Management will ensure the employees with the responsibility over the recording of accounts payable are properly trained and supervised so that accounts payable and expenditures / expenses are properly stated on the financial statements.
