CITY OF THOMASTON

FINANCE DEPARTMENT

106 East Lee Street
P. O. Box 672
Thomaston, Georgia 30286-0009

706-647-6633 Telephone

706-647-6583 Fax

June 20, 2014

Honorable Mayor and
City Council Members
Citizens of the
City of Thomaston, Georgia

Ladies and Gentlemen:

State law requires that all general-purpose local governments publish within six months of the close of the fiscal year a complete set of financial statements based on accounting principles generally accepted in the United States of America and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Thomaston, Georgia for the fiscal year ended December 31, 2013.

This report consists of management's representations concerning the finances of the City of Thomaston, Georgia. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Thomaston has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Clifton, Lipford, Hardison & Parker, L.L.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Thomaston, Georgia for the fiscal year ended December 31, 2013, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended December 31, 2013, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Profile of the Government

The City of Thomaston, Georgia, incorporated in 1825, is located in the west central part of the state, approximately 68 miles south of Atlanta, 45 miles west of Macon and 57 miles northeast of Columbus, and serves a population of approximately 9,200. The increasing industrial, commercial and residential growth from south of Atlanta together with a four-lane highway connector from Atlanta to this area, places the City in a very favorable geographic location conducive for future growth. The City of Thomaston is empowered to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs when deemed appropriate by the governing council.

The governing body of the City of Thomaston is responsible, among other things, for passing ordinances and resolutions, adopting the budget, making appointments to agencies and authorities of the City, and hiring the city attorney, city auditor and the city manager. The city manager is responsible for carrying out the policies and ordinances of the governing council, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The council is elected and each serves four-year terms.

The annual budget serves as the foundation for the City's financial planning and control. All departments and agencies funded by the City are required to submit a request for appropriations to the city manager each year. The mayor and council are required to hold public hearings on the proposed budget. The appropriated budget is prepared by fund (e.g., general), function (e.g., Police Department) and account (e.g., salaries and wages).

ECONOMICS

The city charges user fees for customers who use city services. The user fees for electricity, water, sewer, curbside trash and household garbage services are established by ordinance and watched closely by the city manager in order to have revenues sufficient to cover service costs and contribute to capital projects.

During 2013, the City of Thomaston maintained strong financial stability and as such, reinforced the City's long term financial planning. In an effort by the city council and the city manager to insure that funds will be available for future capital expenditures, there were two significant resolutions adopted by the council during 2006. One resolution established a capital extension, maintenance, or replacement account, Capital Purchases Account, for the General Fund, Water/Sewer Fund and the Electric Fund. Another resolution established a reserve account for the same three funds. At the end of 2013, the balance in the Reserve Account was \$2.1 million, and the Capital Purchases Account balance was \$737,000.

Following the Special Purpose Local Option Sales Tax (SPLOST) funds that began in 2005 and ended for the City in 2010, another SPLOST began in 2011 with receipts beginning in June 2011. The City will receive a portion of the SPLOST funds which will be used for water and sewer infrastructure replacement projects.

Transportation continues to be a focus for the Thomaston-Upson Area Transportation Committee, and the city council is supportive of efforts to improve and widen regional highways to connect the City to Interstate 75 to the east and Interstate 85 to the west.

Please refer to the complimentary information in Management's Discussion and Analysis.

CERTIFICATE OF ACHIEVEMENT AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Thomaston for its Comprehensive Annual Financial Report for the year ended December 31, 2012, our twenty seventh consecutive year.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA.

I want to thank the Mayor and members of the City Council, and the City Manager for their interest and support in planning and conducting the operations of the City in a responsible and progressive manner, and also to thank the City Manager and our city auditors, Clifton, Lipford, Hardison & Parker, L.L.C. for their contributions in the preparation of the 2013 CAFR.

Respectfully submitted,

Dennis Truitt
Finance Director

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of City Council The City of Thomaston, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Thomaston, Georgia as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness

Member of American Institute of Certified Public Accountants

468 South Houston Lake Road Warner Robins, Georgia 31088

Honorable Mayor and City Council City of Thomaston, Georgia Page Two

of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Thomaston, Georgia, as of December 31, 2013, and the respective changes in financial position, and, where applicable, cash flows, and the respective budgetary comparison for the General Fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information and the schedule of pension funding progress on pages 11 through 21 and page 57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Thomaston, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, budgetary comparison schedules, the schedule of projects constructed with special sales tax proceeds, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

• •

Honorable Mayor and City Council City of Thomaston, Georgia Page Three

The combining and individual nonmajor fund financial statements and schedules, the budgetary comparison schedules, and the schedule of projects constructed with special sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, the budgetary comparison schedules, and the schedule of projects constructed with special sales tax proceeds are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 20, 2014, on our consideration of the City of Thomaston, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Thomaston, Georgia's internal control over financial reporting and compliance.

Macon, Georgia June 20, 2014 Chalk. Ruc

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013

Management Discussion and Analysis

The discussion and analysis of the City of Thomaston's financial performance provides an overview of the City's financial activities for the year ended December 31, 2013.

FINANCIAL HIGHLIGHTS

- The Mayor and City Council completed \$1.4 million in infrastructure work in 2013. The city undertook water line and sewer line work.
- The Mayor and City Council have carried out more than \$20 million in capital purchases and infrastructure work since January 2005.
- The city government's total cash and cash equivalents at the end of 2013 was \$7,552,655. In addition to the \$7.5 million, the city held \$5,670,873 in investments.
- City established a reserve policy in 2006 establishing a 15% cash reserve requirement for selected major funds General, Water and Sewer, and Electric Funds. The city maintained more than the 15% in cash reserves.
- The City established capital project accounts in 2007 for each of the selected funds General, Water and Sewer, and Electric Funds. The capital project accounts for these funds had a combined total of \$737,827 as of December 31, 2013.
- The Mayor and City Council reduced the size of city government over the past decade. The city had 1/3rd fewer employees in 2012 than 2002. The city paid just under \$2.9 million in total gross wages in 2013. The city paid \$3.0 million in total gross wages in 2010. The total gross wages paid in 2010 was \$630,185 or 15.5% less than the city paid out in 2002.
- The city pays 100% of the health and other insurance premiums for city workers. City officials have tried to maintain premium costs. The city's employee health, dental, disability, and life insurance premium costs were \$3,121 or 0.6% more in 2013 than what the city paid in 2012. The city paid \$546,078 on health insurance in 2013. That figure is \$22,562 less than what was paid in 2011.
- The City's net position increased by \$1,595,035 in 2013. Net position for the Governmental Activities decreased by \$63,584 in 2013. The City's net position for the Business type Activities increased by \$1,658,619.
- The City maintained the same property tax rate in 2013. The city government plans to increase the city millage rate in August 2014.
- The city government increased electric rates across the board again in 2013 for a fourth consecutive year. The City's electric charges and fees revenues increased in 2013 by \$302,327 or 2.6%. The city's 2013 electricity costs less off system electricity sales decreased by \$789,083 or 7.8%.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

- The city government has room to grow its electric rates. Approximately 4/5ths of the city's commercial electric accounts are either non-demand or small demand customers. The City of Thomaston electric utility consistently ranks in the lowest rate quarter of utilities reporting charges to the Georgia Public Service Commission for a household utilizing 1,000 kWh.
- The city increased electric rates again to take effect January 1, 2014.
- The city has raised water rates in 11 out of the past 12 years. The city's 2013 water and sewer charges and fees collections rose by \$95,148 or 2.4% from 2012. The 2012 collections rose by \$384,381 or 10.5% from 2011. The 2011 collections rose by \$118,917 or 3.4% from 2010.
- The city increased water rates again effective January 1, 2014.
- The City's General Fund tax collections decreased in 2013 by \$71,866 or 2.2%.
- The city reduced long-term debt by \$722,380 in 2013.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statements of Net Position and the Statements of Activities provide information about the activities of the city as a whole, and present a longer-term view of the city's finances. For governmental activities, these statements tell how these financial statements also report the city's operations in more detail than the government-wide statements by providing information about the city's most significant funds. The remaining statements provide financial information about activities for which the city acts solely as a trustee or agent for the benefit of those outside of the government.

REPORTING THE CITY AS A WHOLE

The Statement of Net Position and the Statement of Activities

One of the most important questions asked about the city's finances is, "Is the city as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the city as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting which is similar to the accounting used in by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the city's net position and liabilities — as one way to measure the city's financial health, or financial position. Over time, increases or decreases in the city's net positions are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the city's property tax base and the condition of the city's roads, to assess overall health of the city.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

In the Statement of Net Position and the Statement of Activities we divide the city into two kinds of activities:

-Governmental Activities: Most of the city's basic services are reported here, including the police, fire, public works, parks and public spaces, city court, finance, and general administration. Property taxes, sales taxes, franchise fees, sanitation taxes, ad transfers from the electric department finance most of these activities.

-Business-type Activities: The city charges a fee to customers to help it cover all or most of the cost of certain services it provides. The city's water and sewer system, electric distribution services, and the sanitation service are discussed here.

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the city as a whole. Some accounts are required to be established by State law and by bond covenants. However, the city council establishes many other accounts to help control and manage money for particular purposes such as the bond sinking account to show that it is meeting legal responsibilities for certain taxes, user fees, or other money (like money received from the 2002 bond issue). The city's two kinds of funds – governmental and proprietary – use different accounting approaches.

-Government Funds: Most of the city's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year – end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short term view of the city's general government operations and basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the city's programs. We describe the relationship (or differences) between governmental activities reported in the Statement of Net Position and the Statement of Activities and governmental funds in reconciliation between the government wide financial statements and the governmental fund financial statements.

The City of Thomaston maintains eight (8) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for each of the three major governmental funds.

-Proprietary Funds: When the city charges customers for the services it provides – whether to outside customers or to other units of the city – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the city's enterprise funds are the same as the business-type activities we report in the government-wide statements but provide more detail.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-wide Financial Analysis

Net position serves over time as a useful indicator of a government's financial position. In the case of the City of Thomaston, assets exceeded liabilities at the close of the most recent fiscal year. The City of Thomaston's total net position at the close of 2013 totaled \$41,035,521; \$7,552,655 of which were in cash or cash equivalents. An additional \$5,670,873 of net position was held in investments that are convertible in the time it takes for an electronic wire transfer. The City of Thomaston's total net position grew by \$1,595,035 or 4.0% in 2013.

A large portion of the city's net position reflects its investment in capital assets (e.g. infrastructure, land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the city of Thomaston's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Governmental Activities

The City of Thomaston's total net position decreased during 2013. The governmental activities net position decreased by \$63,584 or 0.3% from 2012. The city's governmental activities cash position decreased by \$831,528 or 12%. The city will be shifting all SPLOST funds from current to capital assets over the next few years. The city established, in 2006, a minimum 15% reserve fund for each of the major funds. The city also established capital replacement accounts for each of the major funds.

The city expended \$23,454 in 2013 on general government capital assets. The city added another \$958,472 in capital assets from SPLOST spending in 2013. The city expended the majority of the funds

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

on sewer line improvement projects. The projects are expected to reduce ground water infiltrating the city sewer lines.

The city's liabilities decreased by \$307,143 in 2013. Retainage payable and accounts payable decreased by \$147,253. Due to other funds decreased by \$255,621. The estimated landfill post closure cost was decreased in 2013 by \$160,980 from the 2012 estimate.

Business-Type Activities

The city's water and sewer fund net position increased by \$1,589,449 in 2013. Almost all of this growth is due to a \$953,164 increase in capital contributions. The reason is an increase in investments of \$994,318. The two drivers are \$937,202 expended on sewer line replacements and \$411,905 expended on water line replacements.

The city's electric fund had a net position increase of \$111,607 in 2013. This result is primarily due to an increase in investments of \$994,318. The electric fund total liabilities grew by \$835,692 in 2013. The current liabilities provided most of the increase growing by \$829,903.

THE CITY AS TRUSTEE

Reporting the City's Fiduciary Responsibilities

The City of Thomaston participates in the Georgia Municipal Association sponsored retirement program. The City contributes a percentage of the city's payroll each year at a rate based on the most recent actuary report. These funds are not available for the city's use so they are excluded from the city's other financial statements. The city is responsible for ensuring that these funds are used for their intended purposes. The city made \$287,311 in contributions to the pension fund in 2013. This was an increase of \$53,105 or 22.7% from 2012 contributions. The city contributed 100% of the recommended contribution as determined by the plan's actuary.

General Fund

General fund revenues and transfers from other financing sources exceeded expenditures in 2013 by \$366,103. General fund taxes consisting primarily of property taxes, sales taxes, franchise fees, insurance premium taxes fell by \$71,866 or 2.2%. Total revenues fell by \$1,175,684 or 18.6%. The main reason for the large difference was the receipt of \$1.2 million of intergovernmental funds in the Non-Major Governmental Fund in 2012. The mayor and city council kept the same property tax rate in 2013 as 2012. The city plans to increase the property tax rate in August 2014.

The city's total gross wages paid to all general fund, electric fund, and community development fund workers (city wide) dropped slightly in 2013. The city payroll was \$2,842,913 in 2013. The city pays 100% of the employee's premium for health and other insurances. The city paid \$546,078 for health insurance for employees. This was slightly more than the premium cost in 2012. The city's total annual

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

employee health, dental, disability, and life insurance premium costs were \$3,121 or 0.6% more in 2013 than what the city paid in 2012.

Water and Sewer Fund

The water and sewer fund operating revenues for services and miscellaneous revenue increased in 2013 by \$97,784. This amounted to an increase in revenue of 2.4% from 2012. Revenues increased in 2012 by \$374,968 or 10.2% and in 2011 and by \$118,917 or 3.4%. The city increased the water and sewer rates in 10 of the last 11 years.

The city reduced water and sewer long-term liabilities by \$503,986 in 2013. The city had \$9,971,535 in water and sewer long-term liabilities at the close of 2013. The city hired a new water and sewer operations contractor effective January 1, 2012. The city renewed its service agreement for two additional years at the close of 2013. The operations contract cost, as a figure, is 33.4% of the total operating revenues. The city expended \$1,269,431 on water and sewer debt principal and interest in 2013. This represents, as a figure, 30.7% of total operating revenue.

Electric Fund

The city electric revenues from charges and fees increased in 2013 by \$302,327. The City's electricity costs less off system electricity sales fell by \$789,083 in 2013 for a decrease of 7.8% from 2012.

The city government has room to grow its electric rates. Approximately 4/5ths of the city's commercial electric accounts are either non-demand or small demand customers. The City of Thomaston electric utility consistently ranks in the lowest rate quarter of utilities reporting charges to the Georgia Public Service Commission for a household utilizing 1,000 kWh.

The city initiated a comprehensive review and mapping of the city's electric distribution system in 2006 at an initial phase cost of \$25,000. The city completed the comprehensive review in 2007 spending \$68,737. The study identified more than ½ million dollars in system improvements. The city performed \$228,587 in distribution system improvements in 2008. The city performed another \$35,618 of the improvements in 2009. The city expended \$111,561 of the improvements in 2010 and \$254,391 in system improvements in 2011.

SPLOST

The city has two special purpose local option sales tax (SPLOST) funds. The first account set up in 2004 had a year-end balance of \$1,561,676. The second, set up in 2011, had a year-end balance of \$1,327,661. The expenditures of the two funds exceeded revenues by \$201,666. The city posted \$958,475 of SPLOST funds on capital outlay projects in 2013. The city had \$2,889,337 in SPLOST funds as of the close of 2013. These funds will be expended on sewer line replacement and refurbishing over the next few years. The city plans to utilize all of its incoming SPLOST dollars on sewer line work.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

Reserve and Capital Spending Accounts

The city council passed a resolution in 2006 establishing a minimum 15% reserve account for each major fund. The reserve is intended to serve as a buffer in the event of a drop in revenues caused from a natural disaster or fiscal crisis.

- 1. The city's reserve protects the city from sudden changes in the local economy and gives leaders time to make changes if a long term change such as a major plant closing or loss of an ongoing revenue source occurs.
- 2. The city completed the construction of a new dam and reservoir expansion project in 2010. The new Lake Thomaston dam and reservoir project is expected to add 160 days to the city's water supply reserve.

The capital project accounts will allow the city to keep up with major capital replacement projects. In recent years, city leaders have utilized capital project funds as leverage in obtaining federal grants for infrastructure replacement projects. The city's capital project accounts totaled \$737,827 as of December 31, 2013.

- 1. The city hired a firm to undertake an analysis of the city's electric distribution system. The study began in 2006 and was completed in the fall of 2007. The firm presented a list of upgrade and replacement recommendations total more than ½ million dollars. The city completed \$228,587 of electric line upgrades and replacements in 2008. The city undertook \$35,618 worth of improvement work in 2009. The city expended \$111,561 on improvement work in 2010. The city expended \$254,391 on system improvements in 2011.
- 2. City contract personnel spotted a cavity in the ground underneath South Green Street (a state route) in the fall of 2011. The cavity was caused, in part, by a broken sewer line. The city had to make the unbudgeted line replacement and repair immediately. The unplanned project cost was \$57,436. This project serves as an example for why a capital replacement account is necessary.
- 3. The state is widening sections of Georgia State Route 3 in Thomaston. The project required the city to move utilities along the expansion route. This project required the commitment of \$3/4 million to move the utilities. Fortunately, the city received approval for state aid on the project. The aid will cover 3/4^{ths} of the costs.
- 4. The city set aside a capital project account for undertaking future general fund projects. The city has replaced out approximately 1/4th of the city's water lines since 2006. The city plans to continue on this march of replacement throughout the entire town. The mayor and city council have also been replacing out sewer lines throughout the town and plan to replace many more over the next decade.

Comparison of the Final 2013 Budget with the Actual Expenditures

The major variance in the General Fund expenditures is in the general administration category. The variation is \$675,061. The city did not undertake milling and paving work in 2013. The city plans to

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

undertake milling and paving in 2014. This accounts for almost $1/3^{rd}$ of the variance. The city projected spending as much as \$80,000 more on non-legal professional fees associated with service delivery disputes and litigation with the county government. The city anticipated transferring an additional \$75,000 in general government funds to the sanitation fund. The city did not need to make the transfer. The city did not undertake the traffic island beautification project at the south end of town. This project accounts for about \$40,000 of the variance.

City spending on public safety varied from the final budget by \$232,004. The city anticipated hiring two additional leadership positions in the police department in 2013. This accounted for half of the variance. The city renews its employee health insurance policy effective January 1st of each year. We anticipated paying \$85,000 more in 2013 for employee health insurance for firefighters and police officers.

The city budgeted \$¼ million more in public works, culture, and recreation spending in 2013. The city did not replace a vacated position in the street department in 2013. The city anticipated spending \$82,000 more in employee health insurance payments than was actually expended for street department and parks and public spaces workers. The city anticipated spending \$30,000 more on vehicle and equipment gasoline and oil in 2013 than what was actually expended. The city did not fill a potential position in the parks and public spaces department. The city anticipated expending an additional \$40,000 on contractual service work than was expended.

Comparison of the Original 2013 Budget with the Final Amended Budget

The city undertook a budget revision in June of 2013. The city allocated a transfer to the Sanitation Fund of \$87,000 to account for any shortfall from sanitation fee revenues. The general government administration department line item for professional services was reduced by \$87,000 and allocated as a transfer to the Sanitation Fund.

Capital Asset Administration

The City of Thomaston's investment in capital assets for its governmental and business-type activities as of December 31, 2013 amounts to \$38,507,403 net of accumulated depreciation. The investment in capital assets consists primarily of the Water and Sewer system and infrastructure owned by the City. For the current year, the investment in capital assets net depreciation increased \$551,365. In 2012, the investment in capital assets net depreciation \$3,937,779. In 2011, the investment in capital assets net depreciation increased \$1,741,778. The city's water, sewer, and electric systems ending balance increased \$937,095. The water and sewer line replacement and refurbishing projects accounted for most of the increase to the capital asset values. The city expended \$411,905 on water line improvements and \$957,126 on sewer collection system replacement and refurbishing in 2013.

The largest general government activities purchase in 2013 was \$102,484 for the acquisition of four police cars and a used pick-up truck. The city also expended \$65,456 towards equipment in 2013. The general government activities resulted in an increase in accumulated depreciation of \$593,352. The net investment in general government capital assets decreased in 2013 by \$385,730.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

Additional information on the City's capital asset administration can be found in Note 8 in the notes to the financial statements of this report.

The following is a summary of capital assets, net of depreciation:

Long-term Debt Administration

As of December 31, 2013, the City of Thomaston reported the following long-term debt:

| | Governmental Activities | | | | Business-type Activities | | | | Totals | | | | |
|----------------------------------|-------------------------|-----------|----|-----------|--------------------------|-----------|----|------------|--------|------------|----|------------|--|
| | | 2013 | | 2012 | | 2013 | | 2012 | | 2013 | | 2012 | |
| Revenue bonds | \$ | - | \$ | - | \$ | 7,725,000 | \$ | 7,985,000 | \$ | 7,725,000 | \$ | 7,985,000 | |
| GEFA loan | | - | | - | | 2,207,203 | | 2,669,096 | | 2,207,203 | | 2,669,096 | |
| Landfill postclosure liabilities | | 1,271,820 | | 1,432,800 | | - | | - | | 1,271,820 | | 1,432,800 | |
| Compensated absences | | 164,761 | | 160,612 | | 39,332 | | 39,819 | | 204,093 | | 200,431 | |
| Total outstanding debt | | 1,436,581 | \$ | 1,593,412 | \$ | 9,971,535 | \$ | 10,693,915 | \$ | 11,408,116 | \$ | 12,287,327 | |

Additional information on the City's long-term debt can be found in Note 9 in the notes to the financial statements of this report. The city reduced long term debt for GEFA Notes and Bonds Payable at the close of 2013 by \$722,380. The city did not add any additional long-term debt in 2013.

Fiscal Condition of the City

The local economy continues to contract in the wake of the closing of the two largest employers in the past two decades, the Thomaston Mills Company and Martha Mill operation. The town has shifted from a regional manufacturer to a regional retailer. The city's largest employer is now the regional hospital and medical community.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2013 (CONTINUED)

The city leadership undertook several strategies to place the organization on stronger footing. The most effective step has been the reduction of personnel in every city department. The city began eliminating positions in 2002 and has continued to eliminate positions primarily through attrition. The city employee workforce is $1/3^{rd}$ smaller than a decade ago.

The city completed a \$4 1/2 million city reservoir expansion project in 2010, adding ¼ million gallons of added water storage. The purchase of the reservoir from the bankrupt Thomaston Mills Company and the city upgrade and expansion increased the city's water storage reserve by approximately 160 days. The city hopes to utilize the new water supply to attract industry to town.

The city began replacing water lines one street at a time until stimulus funds became available in 2009. The city took advantage of partial loan forgiveness programs offered through the state's environmental facilities authority (GEFA) to begin replacing out water lines in entire sections of town. The city has also utilized CDBG funds to replace water lines. The city has replaced more than 18 miles of water lines in town over the past decade. This represents ¼ of the entire water distribution system. The city is going to replace over 4.4 miles of water lines over the next two years.

In 2004, the mayor and city council set aside over half of the available SPLOST funds for sewer line replacement work. In 2011, they set aside 100% of the available SPLOST funds for sewer line enhancement or replacement work. The mayor and city council plan to set aside 100% of the next SPLOST on sewer line enhancement or replacement.

In 2006, the mayor and city council hired an engineering firm to conduct a system inventory and improvement recommendation plan for the city's electric distribution system. The firm completed the study in 2007 and provided \$½ million in recommendations. The city undertook approximately \$450,000 in system improvement projects over the next four years. The city also replaced out two bucket trucks, one aerial, and one Derrick Truck over the past decade.

The mayor and city council took additional steps on the financial side of the equation. The city council established a 15% reserve fund for each of the major city funds. The city increased water and sewer rates each year except 2007. The city began increasing the city electric rates for all customers on an annual basis in recent years. These measures combined have helped the mayor and city council make significant strides in infrastructure and equipment replacement while positioning the city financially to handle any unforeseen issues that arise.

Requests for Information

This financial report is designed to provide a general overview of the City of Thomaston, Georgia's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the City of Thomaston, P.O. Box 672, Thomaston, Georgia 30286.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION DECEMBER 31, 2013

Amounts reported for governmental activities in the statement of net position are different because:

Net position of governmental activities

| Total fund balances - governmental funds | \$ 7,124,607 |
|---|-----------------|
| Capital Assets | |
| Capital assets used in governmental activities are not financial resources and, therefore, | |
| are not reported in the funds. | |
| Cost of the assets | 21,235,974 |
| Accumulated depreciation | (8,003,491) |
| Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds. | 82,369 |
| Long-term Liabilities | |
| Long-term liabilities are not due and payable in the current period and, therefore, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities both current and long-term are reported in the Statement of Net Position. Long-term liabilities at year-end consist of the following: | |
| Landfill closure / postclosure | (1,271,820) |
| Compensated absences | (164,761) |
| | |

\$ 19,002,878

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2013

Amounts reported for governmental activities in the statement of activities are different because:

| 1 miles 1 of care a few formation and a few | | |
|---|---|-----------|
| Net changes in fund balances - total governmental funds | \$ | 156,220 |
| Capital Assets | | |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. | | |
| Total capital outlays | | 213,251 |
| Total depreciation | | (593,352) |
| Town depression | | (,, |
| The net effect of various miscellaneous transactions involving capital assets (i.e., sales, | | |
| annexing, transfers) is to increase/(decrease) net position. | | (5,629) |
| | | , , |
| Revenues in the statement of activities that do not provide current financial resources are not | | 0.005 |
| reported as revenues in the funds. | | 9,095 |
| Long-term Debt | | |
| Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of | | |
| accounting until due, rather than as it accrues. The adjustments for these items are as follows: | | 160.000 |
| Landfill closure / postclosure | | 160,980 |
| Compensated absences | *************************************** | (4,149) |
| Change in net position of governmental activities | \$ | (63,584) |
| | | |

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Policies

The City of Thomaston was incorporated as a City by an Act of the General Assembly of Georgia on December 2, 1897. Prior to that date the City of Thomaston was a town having first been incorporated as such by an Act of the General Assembly of Georgia on December 22, 1857. The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: Public works, which includes sanitation and streets, police and fire protection (public safety), and general and administrative services.

The accounting policies of the City of Thomaston, Georgia conform to generally accepted accounting principles as applicable to governments. The following is a summary of the City's more significant policies applied in the preparation of the accompanying financial statements.

A. Reporting Entity

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the City of Thomaston (the primary government) and any component units. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

In conformity with generally accepted accounting principles, as set forth in Statement of Governmental Accounting Standards No. 14, *The Financial Reporting Entity*, the City of Thomaston, Georgia's relationships with other governments and agencies have been examined. As a result, no component units were identified which should be included in the reporting entity.

The Housing Authority of the City of Thomaston, Georgia is considered a related organization based upon the criteria of GASB Statement 14. The Housing Authority is a legally separate entity having a board composed of members appointed originally by the City of Thomaston, Georgia. The City of Thomaston, Georgia is not able to impose its will upon the Housing Authority and a financial benefit/burden relationship does not exist between them. Therefore, based upon the criteria above, the Housing Authority of the City of Thomaston, Georgia is a related organization.

The Housing Authority's financial statements have been presented separately and can be obtained by writing to the Housing Authority of the City of Thomaston, City Clerk's Office, P.O. Box 672, Thomaston, Georgia 30286.

The following entities, although not meeting the criteria as a component unit, are considered related organizations of the City of Thomaston: (1) Recreation Commission, (2) Industrial Authority, (3) Airport Authority, and (4) Office Building Authority. The separate financial statements of these related organizations can be obtained from each respective organization.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

The City's governing board is responsible for board appointments; however, the City has no further accountability for any of the organizations.

Under Georgia law, the City, in conjunction with other cities and counties in the ten county RC membership, is a member of the Three Rivers Regional Commission (RC) and is required to pay annual dues thereto. Membership in a RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each city and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from:

Three Rivers Regional Commission P.O. Box 818 Griffin, Georgia 30224

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (Statement of Net Position and Statement of Activities) report information on all of the primary government activities and its component units if any. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the flow of economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the government's public utilities and various other functions of the government. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, local option sales taxes, other taxes, intergovernmental revenues, interest, and charges for services associated with the current fiscal period are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenues are considered to be measurable and available only when cash is received by the government.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the City's enterprise fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

The fund financial statements provide more detailed information about the government's most significant funds, not the government as a whole. The activities of the government are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The government reports the following major governmental funds:

General Fund – The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

2004 Special Local Option Sales Tax – The Special Local Option Sales Tax Fund is used to account for the City's public utility and beautification projects based on the 1 cent special local option sales tax approved by the voters of the City of Thomaston.

2011 Special Local Option Sales Tax – The Special Local Option Sales Tax Fund is used to account for the City's sewer line and park projects based on the 1 cent special local option sales tax approved by the voters of the City of Thomaston.

The government reports the following major proprietary funds:

Enterprise Funds – The Water & Sewer Fund accounts for the activities of the water and sewer distribution system. The Electric Fund accounts for the activities of the government's electric distribution operations.

Additionally, the government reports the following fund types:

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Capital Projects Funds – Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

D. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Investments are reported at fair value, which is determined using selected bases. Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates, and investments that do not have an established market are reported at estimated fair value. Cash deposits are reported at carrying amount, which reasonably estimates fair value.

E. Receivables

Receivables and Due from Other Governments represent funds to be received from other local governments, state grant-in-aid, state contracts, or federal funds. No allowance is deemed necessary for these receivables.

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the year are referred to as either "due to/from other funds" or "advances to/from other funds." All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables, have been reduced to their estimated net realizable value, and are shown net of an allowance for doubtful accounts. Estimated uncollectible amounts are based upon historical experience rates.

F. Inventories

Inventories of expendable supplies held for consumption are not considered material and are recorded as expenditures, or expenses, as appropriate, when purchased.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2013, are recorded as prepaid items using the consumption method by reporting an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reserved, as this amount is not available for general appropriation.

H. Restricted Assets

Certain proceeds of the government's enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

- Revenue bond renewal and extension account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals and replacements.
- Revenue bond current debt service account is used to segregate resources accumulated for debt service payments over the next twelve months.
- Revenue bond construction account is used to account for construction projects anticipated and outlined in the bond indenture. Resources utilized are bond proceeds and accumulated investment income.

I. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, curbs, streets, sidewalks and similar items acquired subsequent to January 1, 2004) are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense incurred by the City during the current year was \$547,051. Of this amount, none was applicable to construction of capital assets.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

| Building | 25-40 years |
|----------------|-------------|
| Equipment | 5-10 years |
| Infrastructure | 40 years |
| Furniture | 5 years |
| Vehicles | 5 years |

J. Compensated Absences

It is the City's policy to permit employees to accumulate unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

K. Deferred inflows of resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item, which arises under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source, property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available.

L. Net position flow assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

M. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

N. Fund Equity

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Nonspendable amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- Restricted amounts are restricted when constraints have been placed on the use of resources by (a) externally imposed by creditors, grantors, contributors or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

- Committed amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City Council through adoption of a resolution. The City Council also may modify or rescind the commitment.
- Assigned amounts that are constrained by the City Council's intent to be used for specific purposes, but are neither restricted nor committed. By resolution, the City Council has authorized the Mayor or City Clerk or designee to assign fund balances.
- Unassigned amounts that have not been assigned to other funds and that are not restricted, committed or assigned to specific purposes within the General Fund.

Flow Assumptions – when both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

The City does not have a formal minimum fund balance policy.

The following is a summary of the fund balance classifications as of December 31, 2013:

| | General | | 2004 | 2011 | Nonmajor | | | |
|-----------------------------|---------|----------|-------------|-------------|----------|------------|-----|-----------|
| | | Fund | SPLOST | SPLOST | Go | vernmental | | Total |
| Fund Balances: | | | | | | | | |
| Nonspendable: | | | | | | | | |
| Prepaids and inventories | \$ | 45,461 | \$ - | \$ - | \$ | - | \$ | 45,461 |
| Restricted for: | | | | | | | | |
| Public safety | | - | - | - | | 13,547 | | 13,547 |
| Capital projects | | - | 1,561,676 | 1,327,661 | | 136,119 | 3 | ,025,456 |
| Assigned: | | | | | | | | |
| Fund balance appropriations | | 85,000 | - | - | | - | | 85,000 |
| Public safety | | 4,070 | - | _ | | - | | 4,070 |
| Community development | | 43,382 | - | - | | - | | 43,382 |
| Capital outlay | | 452,430 | - | _ | | - | | 452,430 |
| Unassigned | 3 | ,455,261 | _ | - | | _ | _ 3 | 3,455,261 |
| | | | _ | - | | | | |
| Total fund balances | \$4 | ,085,604 | \$1,561,676 | \$1,327,661 | \$ | 149,666 | \$7 | 7,124,607 |

O. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; and errors or omissions. The City purchases commercial insurance for most types of risk. For these risks, settlements have not exceeded coverage's for each of the past three years. The City had no significant reduction in insurance coverage from coverage in the prior year.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budget Process

The annual budget document is the financial plan for the operation of the City of Thomaston. The budget process exists for the purpose of providing a professional management approach to the establishment of priorities and the implementation of work programs while providing an orderly means for control and evaluation of the financial posture of the City.

An annual operating budget is prepared for the General Fund and Special Revenue Funds. The City Manager is authorized to transfer budget amounts between expenditure character with individual departments. Budget revisions which increase total expenditures of a Fund must be approved by Mayor and Council.

The City follows these procedures in establishing the budgetary data reflected in the financial statements.

- On or about December 1, the City Manager submits to the City Council a proposed operating budget for the year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted at City Hall to obtain taxpayer comments.
- After revisions, if any, by the Council, the budget is legally enacted through passage of an ordinance.
- Budgetary information is compared to actual revenue and expenditures on a monthly basis and reported to the Mayor and Council.

Formal budgetary integration is employed as a management control device during the year. The budgets for the General Fund and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). The General Fund is subject to budgetary control on a departmental basis, while the Special Revenue funds are subject to budgetary control on an individual fund basis. Budgets are prepared for the Capital Projects Funds on a project basis, which usually covers two or more years. Budgeted amounts are as originally adopted, or as amended by City Council. Individual amendments are not material in relation to the original appropriations.

NOTE 3 – DEPOSITS AND INVESTMENTS

Custodial Credit Risk - Deposits

The custodial credit risk of deposits is the risk that, in the event of a bank failure, the City's deposits may not be recovered. The City's bank balances of deposits as of December 31, 2013, are entirely insured or collateralized with securities held by the City's agent in the City's name.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

State statues require banks holding public funds to secure these funds by FDIC insurance, securities pledged at par value, and surety bonds at face value in combined aggregate totaling not less than 110 percent of the public funds held.

Investments

Investments are stated at fair value.

State statutes authorize the City to invest in obligations of the U.S. Treasury, other U.S. Government Agencies, State of Georgia, Other States, Prime Banker's Acceptances, repurchase agreements and other political subdivisions of Georgia.

| Investment Type | Fair Value | Credit Quality |
|---------------------|--------------|-------------------|
| Mutual Funds (MEAG) | \$ 5,670,873 | N/A |

Interest Rate Risk – The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime banker's acceptance; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The City has no investment policy that would further limit its investment choices.

NOTE 4 – PROPERTY TAXES

State law requires that property taxes be based on assessed value, which is 40% of market value. All real and personal property (including motor vehicles) is valued as of January 1 of each year and must be returned for tax purposes by March 1. With the exception of motor vehicles and the property of public utilities, which are valued by the State Revenue Department, all assessments are made by the Upson County Board of Tax Assessors.

Upon completion of all assessments and tax returns, the information is compiled to form the tax digest. The completed tax digest must be submitted to the State Revenue Commissioner for approval. The State Revenue Commissioner must ascertain that real property on the tax digest has been assessed at the state mandated forty percent (40%) of fair market value. The Commissioner has the option to withhold certain state funding if the mandated 40% level is not reached.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

Property taxes are levied each year based on assessed values determined the previous January 1. The Mayor and Council officially set the mill rates each year. Property taxes attach an enforceable lien on property as of June 30th of the following year. Judicial property sales are commenced during June and July of the following year.

The property tax calendar is as follows:

| | Real/Personal | |
|------------------------------|----------------------|----------------|
| | Property | |
| | (Excluding Vehicles) | Motor Vehicles |
| Assessment date | January 1 | January 1 |
| Levy date | August 22 | January 1 |
| Due date and collection date | November 15 | Staggered |

Property taxes receivable have been reduced to their estimated net realizable value. Estimated uncollectible amounts are based upon historical experience rates and result in a direct reduction of the related revenue amount at the end of the period.

NOTE 5 - HOTEL/MOTEL EXCISE TAX

A summary of the hotel/motel excise tax expenditures and receipts for the year ended December 31, 2013, is as follows:

| Expenditures By Purpose | Amount | Tax Receipts | Percentage | | |
|---------------------------------|---------------------|---------------|-------------------|--|--|
| Promote tourism General Fund | \$ 26,736 40,105 | \$ 66,841 | 40% <u>60%</u> | | |
| Total | <u>\$ 66,841</u> | \$ 66,841 | <u>100%</u> | | |

NOTE 6 – RECEIVABLES

Receivables as of year-end for the government's individual major funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

| | (| General | S | 2011 PLOST | 8 | Water & Sewer | | Electric | | on-Major roprietary Fund | | Non-Major overnmental | | Total |
|-----------------------|----|----------|----|---------------|----|------------------|----|----------|----|--------------------------------|----|--------------------------|----|-----------|
| Receivables: | | 100 001 | Φ. | | Φ. | | • | | Φ | | Φ. | | • | 100.001 |
| Taxes | \$ | 100,981 | \$ | - | \$ | • | \$ | - | \$ | • | \$ | - | \$ | 100,981 |
| Accounts | | 66,751 | | - | | 307,399 | | 980,854 | | 97,608 | | 5,525 | | 1,458,137 |
| Intergovernmental | | 113,158 | | 62,271 | | - | | * | | | | • | | 175,429 |
| Gross Receivables | | 280,890 | | 62,271 | | 307,399 | | 980,854 | | 97,608 | | 5,525 | | 1,734,547 |

| uncollectibles | | (16,540) | | _ | | (17,370) | | (55,337) | | (5,515) | | - | | (94,762) |
| Total net receivables | \$ | 264,350 | \$ | 62,271 | \$ | 290,029 | \$ | 925,517 | \$ | 92,093 | \$ | 5,525 | \$ | 1,639,785 |

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

NOTE 7 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of December 31, 2013, is as follows:

Due to / from other funds:

| Receivable Fund | Payable Fund | <u>Amount</u> |
|----------------------------|-----------------------------|-----------------|
| General Fund | Water & Sewer Fund | \$ 115,383 |
| | Electric Fund | 1,182,884 |
| | Non-Major Governmental Fund | 3,315 |
| Water & Sewer Fund | Electric Fund | 225,880 |
| | Non-Major Governmental Fund | 1,000 |
| Electric Fund | Non-Major Proprietary Fund | 8,988 |
| Non-Major Proprietary Fund | General Fund | 118,916 |
| | | \$ 1,656,366 |

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Interfund transfers:

| | Transfer In: | | | | | | | |
|------------------------|--------------|------------|----|-----------------|----|---------------|----|-----------|
| | | General | | Water & | | Non-major | | |
| | | Fund | | Sewer Fund | | prietary Fund | | Total |
| Transfer Out: | | | | | | | | |
| General Fund | \$ | - | \$ | - | \$ | 6,001 | \$ | 6,001 |
| Water & Sewer Fund | | 5,999 | | - | | - | | 5,999 |
| Electric Fund | | 1,005,999 | | 590,000 | | - | | 1,595,999 |
| Non-major Governmental | | 40,105 | | - | | _ | | 40,105 |
| m . 1 | Φ. | 1 0 50 100 | | * 00 000 | _ | | _ | |
| Total | \$ | 1,052,103 | \$ | 590,000 | \$ | 6,001 | \$ | 1,648,104 |

Transfers are used to move unrestricted revenue to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

Due to the difference in measurement focus and basis of accounting between governmental funds and proprietary funds, reclassification of capital assets between the fund financial statements will cause the transfer accounts to be out of balance at the fund level.

For the governmental activities, compensated absences and landfill closure / postclosure are generally liquidated by the general fund. For business-type activities, compensated absences are liquidated by the electric fund.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

Revenue Bonds

Purpose of Debt: To construct and improve the Public Utilities System of the City of Thomaston.

\$11,200,000 Thomaston-Upson County Office Building Authority Revenue Bonds, Series 2002, due in monthly installments of principal and interest, payable in 300 payments. Interest rates vary from 2.5% during 2004 to 4.00% during 2012. The 2002 bonds are subject to redemption on December 1, 2012. The bonds were redeemed in full on September 4, 2013.

\$8,200,000 City of Thomaston Combined Public Utilities Revenue Bonds, Series 2013, due in annual installments of principal and bi-annual installments of interest. The interest rate is 2.5%. The maturity date of the bonds is December 1, 2027. The net proceeds of \$8,078,383 (after payment of \$118,667 in issuance costs and deposit of \$2,950 into a sinking fund) were used to pay principal and interest on the outstanding 2002 bonds of \$7,985,000 and \$93,383, respectively.

Annual debt service requirements to maturity for this contractual obligation are as follows:

| Sinking Fund | | | | |
|-------------------|----|-----------|------|-----------|
| Year (December 1) | H | Principal | - | Interest |
| 2014 | \$ | 470,000 | \$ | 193,125 |
| 2015 | | 480,000 | | 181,375 |
| 2016 | | 495,000 | | 169,375 |
| 2017 | | 500,000 | | 157,000 |
| 2018 | | 515,000 | | 144,500 |
| 2019-2023 | | 2,780,000 | | 522,750 |
| 2024-2027 | | 2,485,000 | | 157,250 |
| Total | \$ | 7,725,000 | _\$_ | 1,525,375 |

Notes Payable

Purpose of Debt: To construct and improve the Public Utilities System of the City of Thomaston.

\$3,103,130 State of Georgia Revolving Loan SRF #92-019, due in quarterly installments of principal and interest \$76,320, beginning April 1, 2003 and ending January 1, 2014 (20 years). Interest computed at 3%. The note was paid in full during 2013.

In 2009, the City entered into a contract with the Georgia Environmental Facilities Authority for a Drinking Water State Revolving Loan Fund grant/loan to provide financing for water line replacements. The total proceeds for the loan were \$3,400,000, of which 70% or \$2,380,000 was forgivable. The project was completed in 2011 and the remaining balance of \$1,020,000 is to be paid over a twenty-year period starting January 1, 2012, on a monthly basis. Interest is at 3.0%.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

In 2010, the City entered into a contract with the Georgia Environmental Facilities Authority for a Drinking Water State Revolving Loan Fund grant/loan to provide financing for the replacement of existing water mains. The total proceeds for the loan were \$1,900,000, of which 30% or \$570,000 is forgivable. The project was completed in 2012 and the remaining balance of \$1,330,000 is to be paid over a twenty-year period starting September 1, 2012, on a monthly basis. Interest is accrued monthly at 3.0%.

Annual debt service requirements to maturity for these notes payable are as follows:

| Years Ending | GEFA DW09002PF70 | | | | GEFA DW10012 | | | | |
|--------------|------------------|---------|----------|---------|--------------|-----------|----------|---------|--|
| December 31 | Principal | | Interest | | Principal | | Interest | | |
| 2014 | \$ | 40,134 | \$ | 27,749 | \$ | 51,297 | \$ | 37,217 | |

| Total | \$ | 943,251 | \$ | 278,638 | \$ | 1,263,952 | \$ | 388,305 | |

Restricted Assets

The balance of the restricted asset account in the Water & Sewer enterprise fund is as follows:

| Revenue bond covenant account | 287,528 |
|-------------------------------|---------------|
| | \$ 287,528 |

NOTE 10 – LANDFILL CLOSURE COSTS

In 1992, the City closed its Zorn Street landfill site. State regulations require the City to perform certain maintenance and monitoring functions for thirty years after closure, Under GASB 18, the City is required to disclose the estimated maintenance and monitoring cost \$1,271,820. The required plan for closure of the Zorn Street landfill was adopted by the City and approved by the State of Georgia. Estimates were outlined in the plan and updated in 2013. These costs are subject to change due to inflation or deflation, technology or applicable laws or regulations. The City is not required to commit current financial resources to guarantee future maintenance and monitoring activities.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

NOTE 11 – EMPLOYEE RETIREMENT PLANS

Georgia Municipal Employees Benefit System

Plan Description

The City contributes to the Georgia Municipal Employees Benefit System (the system), an agent multiple-employer public employee retirement system administered by the Georgia Municipal Association. The City of Thomaston Retirement Plan is a defined benefit plan that provides retirement and disability benefits and death benefits to plan members and beneficiaries. The Public Retirement Systems Standard Law (Georgia Code Section 47-20-10) assigned the authority to establish and amend the plan to the City of Thomaston. The Georgia Municipal Employees Benefit System issues a publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Georgia Municipal Employees Benefit System, 201 Pryor Street S.W., Atlanta, Georgia 30303.

At July 1, 2013, the date of the most recent actuarial valuation, there were 229 participants consisting of the following:

| Retirees and beneficiaries currently receiving benefits | 112 |
|---|---|
| Terminated vested participants | 36 |
| Active vested employees | 62 |
| Active nonvested employees | 19 |
| | |
| Total | 229 |
| | *************************************** |

Funding Policy

The City's employee's participation is non-contributory. The City is required to contribute at an actuarially determined rate; the current rate is 10.40% of annual covered payroll. The contribution requirements of plan members and the City are established and may be amended by the system's Board of Trustees.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

Annual Pension Cost

The funding policy for the Plan is to contribute an amount equal to the recommended contribution as determined by the Plan's actuary. The recommended contribution was determined as part of the July 1, 2013 actuarial valuation. The chart below shows the annual pension cost for the current year and prior two years along with the percentage actually contributed by the City.

| Fiscal Year | Fiscal Year Annual Percentage | | | | | |
|--------------|-------------------------------|-----------|-------------|-------------|--|--|
| Ended | | Pension | of APC | Obligation/ | | |
| December 31, | C | ost (APC) | Contributed | (Asset) | | |
| | | | | | | |
| 2013 | \$ | 287,311 | 100% | - | | |
| 2012 | | 234,206 | 100% | _ | | |
| 2011 | | 234,440 | 100% | _ | | |

As of the most recent valuation date, July 1, 2013, the funded status of the Plan was as follows:

| | | | | Unfunded / | | | UAAL as a | | |
|-----------|--------------|---------|----------------|--------------|--------|--------------|---------------|--|--|
| Actuarial | Actuarial | | Actuarial | (Surplus) | | | Percentage of | | |
| Valuation | Value | Acc | rued Liability | AAL | Funded | Covered | Covered | | |
| Date | of Assets | s (AAL) | | (UAAL) | Ratio | Payroll | Payroll | | |
| 7/1/2013 | \$ 8,289,818 | \$ | 9,363,541 | \$ 1,073,723 | 88.53% | \$ 2,763,402 | 38.86% | | |

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan net assets is increasing or decreasing over time relative to the actuarial accrued liability.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of July 1, 2013.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

The assumptions used in the July 1, 2013 actuarial valuation are as follows:

Actuarial Assumptions

Actuarial Cost Method Projected Unit Credit

Amortization Method Closed level dollar for remaining unfunded liability

Remaining Amortization Period Remaining amortization period varies for the bases, with

a net effective amortization period of 12 years

Asset Valuation Method Sum of actuarial value at beginning of year and the cash

flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 50% of market value for 2009, 44% of market value for 2010, 38% of market value for 2011, 32% of market value for 2012, 26% of market value for 2013, and 20%

market value for 2014 and later years

Net Investment Rate of Return 7.75%

Projected Salary Increases 3.50% plus age and service based merit increases

Inflation Rate 3.50% Cost of Living Adjustments 0.00%

There were no changes in methods or assumptions from the prior valuation.

NOTE 12 – LEGAL CONTRACTS AND AGREEMENTS

The City of Thomaston, Georgia is one of approximately 50 participants who have entered into Power and Sales Contract with the Municipal Electrical Authority of Georgia (MEAG). Under these contracts, the Authority has agreed to provide to the participant, and the participants have agreed to take from the Authority, such output and services from the various projects of the Authority as may be available for the useful life thereof. The participants are required to make payments therefore according to the rates and charges established by the Authority to produce revenues sufficient to pay the Authority's cost attributable to such projects. In general, the Power Sales Contract provide that if, at any time, (i) a project is terminated prior to completion, or (ii) a project declared by the Authority to be totally and permanently retired from service, or (iii) a project is totally, but not permanently, out of service and the Authority is unable to provide service from alternative sources, then each participant will remain liable to pay a fixed percentage default by a participant under its contracts relating to any of the various projects, such participant would remain liable to the greater of its obligation share of the Authority's costs attributable to such project or the amount determined to be due under the rates and charges established by the Authority.

Payments under the Power Sales Contracts are not subject to reduction whether by offset or otherwise, and will not be conditional upon the performance or nonperformance by any party of any agreement for any cause whatsoever. Each Power Sales Contract will continue in full force and effect at least until such time, not to exceed 50 years, as all bonds issued for the purpose of financing the costs of acquisition and construction of the applicable project, and notes issued for

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

such purpose in anticipation of the bonds, have been paid or provision has been made for their payment.

In 1999, the City approved a resolution adopting the provisions of the Municipal Competitive Trust (the "Trust"), which was created by MEAG for the mutual benefit of MEAG and its wholesale customers which have elected to become beneficiaries. The Trust provides MEAG and the trust's beneficiaries a means to mitigate the expected differential between market rates for power and the costs of power generated by MEAG facilities, if deregulation of the electric industry were to occur. The Trust created an account for the City and within the account created the following sub-accounts in which the City participates:

Flexible Operating Trust Account

This type of subaccount may be funded from contributions from the City's available funds. According to the Trust provisions, the City has the right to withdraw part or all of the funds from this account at any time. As of December 31, 2013, the balance of the account was \$5,670,873 (included in investments in the accompanying statement of net position).

Generation Trust Account

This type of subaccount is used to offset the City's share of future MEAG generation projects. The balance in the account for the benefit of the City as of December 31, 2013 was \$1,967,809. Due to the Trust restrictions on access to the funds, this account balance is not reflected in the accompanying statement of net position.

Reserve Funded Debt Account and Credit Support Operating Account

On November 22, 2006, the City (along with all other MEAG cities participating in the Trust) approved a resolution to amend the original Trust agreement allowing for distribution of funds from the Reserve Funded Debt Account and Credit Support Operating Account. The distributions will occur from January 1, 2010 to December 31, 2018. These funds have been held in the Trust in the anticipation that deregulation of retail electric power might occur by 2009, and the funds accumulated in these Trust accounts could be used for competitive margins for retail electric power supply. The balance in these accounts for the benefit of the City as of December 31, 2013 was \$3,656,070. Due to the Trust restrictions on access to the funds, these account balances are not reflected in the accompanying statement of net position. Trust distributions from these accounts in future years will be recorded by the City as a reduction to the MEAG generation power supply cost. Future releases from the Trust vary each year.

NOTE 13 – CONTINGENT LIABILITIES

A. <u>Litigation</u>

During the course of normal operations of the City, various claims and lawsuits arise. The City attorney has advised that there are no potential liabilities that will impair the position as of the date of this audit report.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 (CONTINUED)

B. Grants

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amounts, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

C. Commitments

The City has entered into power sales contracts together with 45 other cities and one county in the State of Georgia with the Municipal Electric Authority of Georgia (MEAG). Under terms of these contracts, the City purchases power and energy for resale to its electric system customers.

SPECIAL REVENUE FUNDS

SPECIAL REVENUE FUNDS are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

HOTEL/MOTEL TAX FUND - to account for funds collected from the hotel/motel tax and disbursed to other agencies.

LAW ENFORCEMENT CONFISCATION FUND - to account for condemned funds received and disbursed for Law Enforcement expenditures.

Statistical Section

This part of the City's Statistical comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, not disclosures, and required supplementary information says about the City's overall financial health.

| Contents | Page |
|--|--------|
| Financial Trends These schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time. | 81-86 |
| Revenue Capacity These schedules contain information to help the reader assess the factors affecting the city's ability to generate its property and sales taxes. | 87-93 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the city's current levels of outstanding debt and the city's ability to issue additional debt in the future. | 94-97 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place and to help make comparisons over time and with other governments. | 98-100 |

Operating Information

These schedules contain information about the city's operations and resources 101-102 to help the reader understand how the city's financial information relates to the services the city provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

^{*} Prior year amounts have not been restated for the implementation of Statement 54.

Note 1: The substantial increase in the reserved fund balance in 2005 is due to the SPLOST funds that began in June 2005.

Note 2: The increase in the unreserved fund balance for capital projects is due to the funds received for the development of the Greatest Generation Park.

Note 3: The City began tracking the change in fund balance account balances when it implemented GASB Statement 44 in year 2004.

Note: Since the City of Thomaston does not have a city sales tax, all sales tax reported to the Georgia Department of Revenue is accumulated by commodity as Upson County. The above numbers are taken from commodity reports issued by the Georgia Department of Revenue for Upson County and represent the county as a whole.

The local option sales tax revenue for Upson County is shared by the City of Thomaston, the City of Yatesville, and Upson County. The distribution percent, as agreed on by the three governments, is 43% to the City of Thomaston, 2% to the City of Yatesville, and 55% to Upson County.

Notes: (1) The City of Thomaston issued \$11,200,000 in revenue bonds in November 2002. The 2002 bonds were refunded in August 2013 in the amount of \$8,200,000.

- (2) The City of Thomaston entered into a promissory note agreement with the Georgia Environmental Finance Authority (GEFA) for a revolving loan in August 2001, for payments to begin in January 2002. This loan balance was all paid in August 2013.
- (3) The City of Thomaston entered into a promissory note agreement with the Georgia Environmental Finance Authority (GEFA) in 2009 for a 30% loan / 70% grant. All of the 30% portion was drawn in 2011. The 2013 ending balance was \$943,251.
- (3) The City of Thomaston entered into a promissory note agreement with the Georgia Environmental Finance Authority (GEFA) in 2010 for a 70% loan / 30% grant. The first draw on the loan was made in 2011. The remainder of the loan was drawn in 2012. The 2013 ending balance was \$1,263,952.

Total debt per capita is based on the city population on schedule 17.

Total debt as a percent of personal income is based on county per capita income on schedule 17.

Schedule 14
City of Thomaston
Direct and Overlapping Governmental Activities Debt
As of December 31, 2013

SUMMARY OF CITY DEBT BY CATEGORY AND OVERLAPPING DEBT

Set forth below is information concerning long-term tax supported debt of the City and the overlapping property tax supported debt of certain governmental entities that is attributable to property owners in the City based on the proportion to which the jurisdiction of the City overlaps such entities. Although the City has attempted to obtain accurate information as to the outstanding overlapping debt, it does not warrant its completeness or accuracy, as there is no central reporting entity which has this information available, and the amounts are based on information supplied by others.

| | Α | mount of |
|--|----|------------|
| | O | utstanding |
| Category of Debt | | Debt |
| Direct: | | |
| City's - General Obligation Debt (1) | \$ | |
| Total Direct Debt | | - |
| Overlapping (3) | | |
| Upson County - General Obligation Debt (1) | | - |
| - GEFA Loans (2) | | 5,280,704 |
| - Capital Leases (4) | | 259,022 |
| Total Overlapping Debt | | 5,539,726 |
| Total Direct and Overlapping | | 5,539,726 |

Notes:

- (1) Represents general obligations of the issuer to which its full faith and credit are pledged.
- (2) GEFA loans are general obligations of the issuer to which its full faith and credit and taxing power are pledged, but do not constitute debt for purposes of the constitutional debt limit. These loans are expected to be paid with moneys derived from the operation of the water and sewer system.
- Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlappying governments that is borne by the residents and businesses of the City of Thomaston, Georgia. This process recognizes that, when considering the governments ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. The percentage applicable to the City of Thomaston is 36%.
- (4) The financial obligations under capital leases do not constitute general obligations to which the taxing power is pledged, but are subject to and dependent upon lawful appropriations of general revenues being made to pay the capital lease payments due in each year. Obligations under capital leases are from year to year only and do not constitute mandatory payment obligations in any year in which funds are not appropriated to pay the capital lease payments due in such year. Obligations under capital leases do not constitute debt for purposes of the constitutional debt limit.

Note: Under state finance law, the city's outstanding general obligation debt should not exceed 15 percent of total assessed property value. However, the city has established a more conservative internal limit of no more than 10 percent. By law, the general obligation debt subject to the limitation may be offset by amounts set aside for repaying general obligation bonds.

Notes:

Gross revenue equals operating and non-operating revenues of the Public Utilities Revenue Funds.

Operating expenses do not include bond interest, depreciation or amortization expenses.

The City of Thomaston issued \$11,200,000 in revenue bonds in November 2002. The 2002 bonds were refunded in August 2013 in the amount of \$8,200,000.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of City Council City of Thomaston, Georgia

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Thomaston, Georgia as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise City of Thomaston, Georgia's basic financial statements, and have issued our report thereon dated June 20, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Thomaston, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Thomaston, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Thomaston, Georgia's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet

Member of American Institute of Certified Public Accountants

468 South Houston Lake Road Warner Robins, Georgia 31088

Honorable Mayor and City Council City of Thomaston, Georgia Page Two

important enough to merit attention by those charged with governance. We consider the deficiencies in the accompanying schedule of findings and responses to be material weaknesses. 2013-001, 2013-002, 2013-003, and 2013-004.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Thomaston, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Thomaston, Georgia's Response to Findings

City of Thomaston, Georgia's response to the findings identified in our audit are described in the accompanying schedule of findings and responses. City of Thomaston, Georgia's response was not subjected to the auditing procedures applied in our audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Macon, Georgia June 20, 2014

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2013

Findings noted on the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*:

2013-001 Direct Adjustments to Fund Balance/Net Position

CRITERIA

All changes to net position should be reported as part of the results of operations for the current period rather than treated as a direct adjustment to fund balance/net position.

CONDITION

The City does not have adequate accounting procedures to insure that adjustments to fund balance/net position are the result of operations for the current period.

CONTEXT/CAUSE

Audit procedures identified that adjustments were necessary to correct the beginning fund balance/net position account balances as follows:

- In the General Fund, an audit adjustment of \$31,792 was needed to correct the fund balance.
- In the Water and Sewer Fund, an audit adjustment of \$300,000 was needed to correct the net position account balance.
- In the Electric Fund, an audit adjustment of \$1,000,000 was needed to correct the net position account balance.

EFFECT

Material audit adjustments were necessary to correct beginning fund balances/net position.

RECOMMENDATION

The City should establish procedures to insure that only the results of operations for the current period are posted to net position.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

Management concurs with the finding. The City will be aware that these adjustments to fund balance should be the result of operations for the current period.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2013

2013-002 Accounts Receivable / Revenue

CRITERIA

Accounting procedures should be designed to insure that revenue is accrued and recognized when they become both measurable and available to finance expenditures of the fiscal period.

CONDITION

Various revenue items were not recorded in the proper fiscal period and in the proper fund.

CONTEXT/CAUSE

Audit procedures identified that adjustments were necessary to correct year end balances as follows:

- An audit adjustment of \$39,337 was needed to correct franchise tax receivables for the current year.
- Audit adjustment of \$506,742 was needed to correctly record the dividend income on the MEAG investment account in the Electric Fund.
- Audit adjustments of \$63,655 and \$37,181 were needed in the Water and Sewer Fund and Electric Fund to move accounts receivable and penalties to the appropriate fund.

EFFECT

Material audit adjustments were necessary to fairly report revenues and the related receivables for the year ended December 31, 2013.

RECOMMENDATION

We recommend that the City develop procedures to insure the recording of revenues when they become both measurable and available to finance expenditures of the fiscal period.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

Management concurs with the finding. An emphasis will be placed on recording revenue items in the proper fiscal period and fund.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2013

2013-003 Accounts Payable / Expenditure or Expenses

CRITERIA

In accordance with generally accepted accounting principles, expenditure / expenses are recognized as soon as a liability is incurred. Year-end procedures are necessary to ensure that expenses or expenditures and accounts payable are recorded in the appropriate period.

CONDITION

The City does not have adequate accounting procedures to insure that expenditure / expenses are recorded and properly classified when a liability is incurred.

CONTEXT/CAUSE

Audit procedures identified that adjustments were necessary to correct year end balances as follows:

- In the General Fund, audit adjustments of \$24,492 and \$35,865 were needed to record additional accounts payable and accrued salaries. Adjustments of \$86,854 were also needed to allocate accounts payable to the appropriate funds.
- In the 2011 Special Local Option Sales Tax Fund, an adjustment of \$21,073 was needed to record current year retainage payable.
- In the Greatest Generational Park Fund, an adjustment of \$7,650 was needed to reverse prior year accounts payable.
- In the Water and Sewer Fund, net audit adjustments of \$106,060 were needed to correct accounts payable.
- In the Electric Fund, net audit adjustments of \$70,089 were needed to correct accounts payable.

EFFECT

Material audit adjustments were needed to fairly state and classify expenditure / expenses for the year ended December 31, 2013.

RECOMMENDATION

The City should establish procedures to insure the proper accrual and classification of all liabilities incurred during the fiscal period.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

Management concurs with the finding. The City will focus on properly recording accounts payable invoices as of the year end date.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2013

2013-004 Capital Assets

CRITERIA

Accounting and control procedures should be designed to insure that capital asset activity is recorded and reported in the business-type activities financial statements. Capital asset records must be supported by detailed records that include location, department, cost, estimated useful life, depreciation and other detail supporting documentation.

CONDITION

The City had not properly posted all capital asset activity to the subsidiary ledgers.

CONTEXT/CAUSE

Audit procedures identified that adjustments were necessary to correct the recording of capital assets between the Water and Sewer Fund and Governmental Activities as follows:

Water and sewer fund:

- Net audit adjustments of \$70,235 were needed to correct the contributed capital and related construction/capital asset paid by the SPLOST Funds.
- An audit adjustment of \$238,685 was needed to reverse an entry for a prior year accounts payable item. An entry was also needed in the General Fund to reverse the entry.
- Numerous audit adjustments were needed to properly report construction projects, resulting in a net decrease in capital assets of \$25,877.
- Audit adjustments of \$2,437,247 were needed to reclassify completed projects from construction in progress to the capital asset accounts.

EFFECT

Material audit adjustments were needed to fairly report capital asset information for the year ended December 31, 2013.

RECOMMENDATION

The City should insure that the proper reconciling procedures are being performed monthly and at year-end to balance and reconcile capital asset records.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

Management concurs with the finding. The City will give attention to properly recording capital asset activity to the subsidiary ledgers.
