INTRODUCTION

CITY OF VALDOSTA, GEORGIA FINANCE DEPARTMENT

December 31, 2015

Citizens of Valdosta, GA Honorable Mayor, Members of Council,

In accordance with State Statutes and Section 4.51 of the Charter of Valdosta, Georgia, the Comprehensive Annual Financial Report for the fiscal year 2015 is submitted herewith. Responsibility for both the accuracy of the data and the thoroughness and fairness of presentation including all disclosures rests with the City of Valdosta. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain maximum understanding of the City's financial affairs have been included.

The Comprehensive Annual Financial Report is presented in four groupings: an Introductory Section, Management's Discussion and Analysis, a series of Financial Sections and a Statistical Section.

The Introductory Section includes this letter of transmittal, a general governmental organizational chart, and a list of principal officials of the City of Valdosta.

Management's Discussion and Analysis, which is required by GASB, for the City of Valdosta, includes summarized financial information about the City, an analysis of the past year's operations of general government and major enterprise activities, an overview of the City's major enterprise activities, and an overview of the City's current and future economic picture as well as its major initiatives and financial accomplishments for the year.

The Financial Sections include the City's external auditor's letter expressing an opinion as to the accuracy and fairness of the presentation, the audited financial statements and supporting schedules and notes. The combined statements in this section present an overview of the City's entire financial operations. Combined and individual fund statements present financial data of each of the separate funds of the City. Schedules provide certain other information summarized in the financial statements. The notes are an integral part of the financial statements and provide additional information which is essential to an accurate understanding of the government's financial condition.

The City of Valdosta receives federal assistance through various federal grant programs. An audit in accordance with the Single Audit Act of 1984, P.C. 98-502, and Office of

Management and Budget (OMB) Circular A-133, "Audits of State and Local Governments and Non-Profit Organizations," and "Government Auditing Standards" issued by the Comptroller General of the United States has been performed for the fiscal year ended June 30, 2015. The required reports on supplementary information, compliance, and internal controls along with various supplementary schedules will be included in compliance section.

Reporting Entity

The City of Valdosta was originally incorporated by an Act of the General Assembly of Georgia on December 7, 1860 and since April 14, 1958 has operated under the Council-Manager form of government. The City provides a full range of services to some 59,000 residents. The daytime population of Valdosta soars to approximately 75,000. These services include general administrative services, police and fire protection, sanitation, water and sewer services, the construction and maintenance of highways, streets, recreational activities and cultural events. The financial statements in this report include all of these functions and activities of the government.

In addition to the above listed activities, the City has financial accountability for other organizations based on its ability to appoint a voting majority of the organization's governing body, and effectively impose its will on the organization. Also, financial accountability exists where there is potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Based upon the application of these criteria, the function and activities of the Central Valdosta Development Authority have been included in the financial statements. The Authority was established by act of the General Assembly of Georgia to redevelop and improve the central Valdosta area.

Valdosta is governed by a mayor and seven council members elected by the citizens. The Mayor serves a four-year term, and is the official spokesman for the City. Members of the City Council serve four-year staggered terms. Six district Councilmen represent specific districts within the territorial limits of Valdosta. One councilman at large is elected from all districts. The City Manager is appointed by the Mayor and confirmed by the Council, and is responsible for the day-to-day operation of the government.

Natural Features and Land Use

Valdosta is strategically located at the southern entrance to the State of Georgia on the major interstate highway system (I-75) linking the Great Lakes and Midwest areas with major recreation and vacation centers in Florida.

The City is growing an average of thirty-three percent each decade in physical size. A County comprehensive plan shows this trend continuing for the foreseeable future.

Historic buildings are located mostly in the central portion of Valdosta and include residential, commercial and public buildings. Private and public actions have identified the importance of historic resources. Both the private and the public sectors have renovated many buildings in the past several years.

The City's downtown area is enjoying 85% building occupancy. The newly revitalized central downtown area is home to commercial, public and most recently residential dwellings.

Population

The City's population has grown 25% in the last ten years. The City of Valdosta has the largest percentage of residents in Lowndes County with 48% percent of the entire population residing within the City limits of Valdosta.

Major regional facilities located in the City include a regional university, regional airport, regional hospital, and major industrial parks. About 65% of the jobs in Lowndes County are located in Valdosta. Consequently, of the 10 largest employers in Lowndes County, 6 are located in the City of Valdosta.

Population density, a primary indicator of service delivery, is approximately 1,500 people per square mile in the City of Valdosta and only 180 people per square mile in the unincorporated area of Lowndes County.

Economic Condition and Outlook

Valdosta is clearly the economic engine of Lowndes County. Valdosta is the economic, social, cultural, retail and professional services anchor for not only Lowndes County, but for a statistical area with a population of 250,000 people. Because of the City's regional presence and results of the 2000 Census, the City was designated a Metropolitan Statistical Area (MSA) in June 2003. The area covers a four county region in South Georgia.

The Valdosta MSA offers regional residents and consumers a large variety of flourishing economic engines in industry, education, medicine, tourism and entertainment, and retail. The strength in the City of Valdosta's economy lies not only within this diversity, but also a high quality of life, temperate climate, pro-business attitudes and supporting policies, and convenient geographic location.

Moody Air Force Base is located in the northwest section of the County, and continues to be a major employer of the region. Development patterns of the community have been significantly influenced by its presence. The continued presence of Moody is paramount to the growing economy of Valdosta, and to such extent, the City makes an annual contribution to the Moody Support Committee, with local officials making a yearly trip (more if necessary) to Washington D.C. to mitigate any efforts of Moody being included on the base closure list.

Education continues to be an economic resource to Valdosta. Valdosta State University, a senior unit of the University System of Georgia, offers undergraduate, graduate and doctoral degree programs in numerous areas. Total enrollment at the University is approximately 12,000 students. The university is projected to be a significant contributor

to the local economy well into the future, however, as it expands, property purchased by the university is removed from the tax roles because it is designated public property.

A recent study and report by the University of Georgia designated Lowndes County with the highest retail pull factor in Georgia. This factor measures the amount of spending in a community from those who live outside the community. Over one billion dollars worth of retail sales occurred in Lowndes County last year, with virtually 80% of these sales occurring within the corporate limits of Valdosta.

Even with the above mentioned positive attributes of the City's economy, anemic property tax revenues, lagging sales tax collection, and surging healthcare costs coupled with the increased demand upon public safety and other City services affect the City of Valdosta. In an effort to prevent depleting reserves to balance the annual budget, each department director is held accountable for their respective department's budget.

The continued instability of the national economy and significant attention given legislation mandated by the State has required local governments to become creative in meeting these difficult challenges. The City of Valdosta will continue to be proactive in the generation of other revenue sources.

Major Initiatives

A focus on revitalization of economically depressed areas in the City has proven successful through collaboration among City officials, residents, non-profit and for-profit organizations, and businesses to clean up neighborhoods and provide education programs that allow neighborhoods to continue their revitalization efforts independently.

The continuation of a special purpose one percent sales tax will enable the City to fund the City's five year capital plan. This plan includes major drainage and road improvements, water and sewer improvements, and construction of additional public facilities.

Looking to the Future

Facing the needs of a rapidly growing metropolitan community typically places a burden on the financial flexibility of any governmental unit. The City of Valdosta has recognized that it alone is incapable of solving all of the issues facing the metropolitan community. So instead, the city is striving to address growth demands on the community both by individual initiative and by actively partnering with other local governments in seeking solutions to growth issues.

Broader revenue flexibility will be essential to maintain Valdosta's traditionally strong financial condition and to address the challenges of growth. The City, the Georgia Municipal Association, and the Association of County Governments are seeking new optional local flexibility in an effort to match new revenues with capital objectives.

Although the State has not addressed significant broadening of local government latitude, the growth of the City and its related impact in revenue has allowed for an adequate effort to meet the demands of growth.

Cash Management

The available assets of the various funds are pooled to the extent possible for investment purposes. Investments are made in accordance with applicable State laws and the City's investment policy. All securities purchased by the City are held by a designated safe keeping institution. Similarly, demand deposit bank accounts must be collateralized by a pledge of the State of Georgia or United States Treasury or Agency obligations equal in market value to 110% percent of the uninsured amount of deposit. The investment policy also prescribes selection criteria for investment instruments and maturities of investments.

Risk Management

The management of risk through loss control continues to be an integral part of the administration of the City.

Risk Management activities includes claims processing, investigation, adjustments and settlements, insurance placement, and implementing loss control measures through the use of training and safety inspections. The City is self-funded with regard to workers' compensation, employee health coverage, and general liability claims. The City carries property insurance on all City owned facilities and vehicle insurance for City equipment.

Independent Audit

Georgia requires an annual audit of the books of account, financial records, and transactions of all administrative departments of the City by independent certified public accountants selected by the Mayor and City Council. The City has complied with this requirement; the firm of Henderson & Godbee has completed an audit of the 2015 fiscal year end and the auditor's unmodified opinion has been included in this report.

<u>Awards</u>

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Valdosta for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2014. This was the twenty-seventh consecutive year the City received this award.

The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. The report must satisfy both generally accepted accounting principles and applicable legal requirements.

The City was awarded the Distinguished Budget Presentation Award for the fiscal year beginning July 1, 2015. This was the fifteenth consecutive year the City has received this

award. The Distinguished Budget Presentation Award is the highest form of recognition in governmental budgeting. In order to earn this award, a government must publish a budget document which meets program criteria as a policy document, financial plan, operations guide, and as a communications device.

Both the Certificate of Achievement and the Distinguished Budget Award are valid for a period of one year. We believe our current Comprehensive Annual Financial Report and our 2015 fiscal year budget document continue to conform to the requirements for each award.

Acknowledgements

The preparation of the Comprehensive Annual Financial Report was made possible by the dedicated service of the Accounting Division of the Finance Department under the direction of the Financial Services Manager, Chuck Dinkins. They have my sincere appreciation for the contributions made in the preparation of this report, as well as all additional individuals who assisted in this effort. Appreciation is also expressed to the Mayor, Council Members, City Manager and Department Directors for their cooperation and outstanding assistance in matters pertaining to the financial affairs of the City.

Respectfully submitted,

Hat Ba

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council City of Valdosta, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Valdosta, Georgia, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Valdosta, Georgia's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Phone: (229) 245-6040 / Toll Free: (877) 245-6040 FAX: (229) 245-1669 www.hgncpa.com - www.facebook.com/hendersonandgodbee

P.O. Box 2241 Valdosta, GA 31604-2241 We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Valdosta, Georgia's, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 21 to the financial statements, in 2015, the City of Valdosta, Georgia adopted new accounting guidance, GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68. These standards changed the accounting and disclosure requirements for pension plans. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 5 through 17), budgetary comparison information (on pages 79 through 81), and the schedules of historical pension information and the related notes (on pages 82 through 84) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Valdosta, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of special purpose local option sales tax proceeds is presented for purposes of additional analysis as required by the Official Code of Georgia 48-8-121, and is also not a required part of the basic financial statements. The schedule of expenditures of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and schedules, the schedule of expenditures of special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and schedules, the schedule of expenditures of special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2015, on our consideration of the City of Valdosta, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Valdosta, Georgia's internal control over financial reporting and compliance.

This section of the City of Valdosta's Comprehensive Annual Financial Report presents a discussion and analysis of the City's financial performance during the fiscal year ending June 30, 2015. Please read it in conjunction with the transmittal letter at the front of this report and the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets of the City of Valdosta exceeded its liabilities at the close of the most recent fiscal year by \$196.26 million. Of this amount, none may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's governmental net position decreased by \$9.18 million, primarily due to economic conditions dictating the use of investment funds to supplement current cash, higher than expected healthcare costs, capital contributions to the Water/Sewer Fund and the required adjustment for the City's most recent Other Post Employment Benefits evaluation.
- The governmental activities revenue increased by \$6.57 million (or 15.26%) and the net results from activities decreased \$2.46 million. The results of activities produced a decrease in net position of \$9.18 million. Governmental expenses decreased by \$1.1 million.
- The business-type activities revenue increased by \$1.84 million and the net results from activities increased by \$10.18 million. The results of activities produced an increase in net position of \$13.73 million.
- The total cost of all City programs increased by \$.69 million.
- The General Fund (the primary operating fund of the City) reflected on a current financial resource basis, reports a net increase in fund balance of \$.62 million.
- The City's total debt increased \$23.30 million (or 46%). The increase is the result of borrowings from Georgia Environmental Facilities Authority to fund improvements to and expansion of the city's sewer system.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City's operations in more detail than the government-wide statements.

The Governmental Funds statements explain how general government services such as public safety were financed in the short term as well as what remains for future spending. The City of Valdosta has four Governmental Fund types: the General, Special Revenue, Capital Projects, and the Permanent Fund.

Proprietary fund statements offer short- and long-term financial information about the activities the government operates in a manner similar to businesses, and include the Sanitation, Water and Sewer, Inspection, Department of Labor Building, Auditorium, Storm Water, and Motor Fuel Funds.

Fiduciary fund statements provide information about the financial relationships in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong. The City's Fiduciary fund consists of two Agency Funds.

The financial statements also include notes that explain certain information in the financial statements and provide more detailed data.

Figure A-1 summarizes the major features of the City's financial statements, including the portion of the City they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Figure A-1 Major Features of City of Valdosta's Government-wide and Fund Financial Statements

		Fund S	tatements	
	Government-wide Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire City government (except fiduciary funds) and the City's component units.	The activities of the City that are not proprietary or fiduciary, such as Police, Fire, and Engineering	Activities the City operates similar to private businesses: Sanitation, Water & Sewer, Inspections, Department of Labor Building, Auditorium, Storm Water, and Motor Fuel	Where the City is the trustee or agent for someone else's resources
Required financial statements	Statement of Net Position; Statement of Activities	Balance Sheet; Statement of Revenues, Expenditures, and Changes in Fund Balances	Statement of Net Position; Statement of Revenues, Expenses, and Changes in Net Position; Statement of Cash Flows	Statement of Fiduciary Assets and Liabilities
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long- term; the City's funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during the year, regardless of when cash is received or paid

Government-wide Statements

The government-wide statements report information about the City of Valdosta as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's assets and how they have changed. Net position—the difference between the City's assets/deferred inflows and liabilities/deferred inflows—is one way to measure the City's financial health, or position.

- Over time, increases or decreases in the City of Valdosta's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City, the reader should consider additional nonfinancial factors such as changes in the City's property tax base.
- *Governmental activities*—Most of the City's basic services are included here, such as the police, fire, public works, and general administration departments. Property taxes, sales and use taxes, and state and federal grants finance most of these activities.
- *Business-type activities*—The City of Valdosta charges fees to customers to help cover the costs of certain services provided. The City's garbage pickup, water/sewer service, building inspection, building rental, auditorium, storm water, and motor fuel services are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds—not the City as a whole. The "fund" level is where the basic unit of financial organization and operation within the City exists. Funds are accounting tools that are used to keep track of specific sources of funding and spending for particular purposes. They are the basic budgetary and accounting entities.

- Some funds are required by State law and by bond covenants.
- The City establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The City of Valdosta utilizes three types of funds:

• **Governmental funds**—most of the City of Valdosta's basic services are included in governmental funds, which focus on (1) how cash and other financial assets

that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that help determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship (or differences) between them. The measurement focus of governmental funds is upon determination of financial position and changes in financial position (sources, uses, and balance of financial resources) rather than upon net income determination. These funds are maintained on a modified accrual basis of accounting (explained further in the notes to the financial statements under "Summary of Significant Accounting Policies"). The basic financial statements for governmental funds are the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balance. The City of Valdosta utilizes four types of governmental funds: the General Fund, Special Revenue Funds, Capital Project Funds and Permanent Funds.

- **Proprietary funds**—Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information. Two types of proprietary funds exist: enterprise funds and internal service funds. The City of Valdosta's enterprise funds are the same as its business-type activities yet provide more detail and additional information, such as cash flows. Internal service funds are used to report activities that provide supplies and services for the City's other programs and activities. The measurement focus of proprietary funds is upon determination of net income, financial position and change in financial position. These funds are maintained on the accrual basis of accounting. The Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and Statement of Cash Flows are all required statements.
- Agency Funds—because Agency funds are custodial in nature, the only required financial statements are the Balance Sheet and the Statement of Changes in Assets and Liabilities. The measurement focus of Agency Funds is upon determination of financial position. Agency Funds are maintained on the accrual basis of accounting. Activities of this fund are not included in the Government-wide Statement of Activities.

FINANCIAL ANALYSIS OF THE CITY OF VALDOSTA AS A WHOLE

Net Position. The City of Valdosta's combined net position decreased 14.62 percent from \$229.87 million at June 30, 2014 to \$196.26 million at June 30, 2015. (See table A-1.)

Total Net Position	\$127.72	\$80.38	\$102.15	\$115.88	\$229.87	\$196.26	(14.62%)

(In millions of dollars)

Net Position of the City's governmental activities decreased by 37 percent to \$80.38 million. However, much of the net position is restricted as to the purposes for which it can be used, or is invested in capital assets (buildings, roads, and such). Consequently, unrestricted net position showed a \$50.52 million deficit at the end of the year.

The deficit in unrestricted governmental net position was negatively affected by several factors for fiscal year 2015. Again, the downturn in the economy contributed greatly to this change, along with depreciation of capital assets exceeding replacements, and the City's recognition of an increase in Other Post Employment Benefits liability. The City was required to recognize this liability beginning in fiscal year 2009. In addition, the city implemented GASB 68 in fiscal year 2015 resulting in the recognition of a net pension liability of \$45.8 million.

Although the net position of the City's business-type activities increased by 13.4 percent to \$115.88 million, these resources cannot be used to add to the net position in governmental activities. The City generally can only use the net position to finance the continuing operations of the business-type activities.

Changes in net position

The City's total revenues increased by 12.7 percent to \$74.67 million. (See Table A-2) Approximately 37 percent of the City's revenue comes from fees charged for services, 12 percent from sales taxes, 14 percent from ad valorem taxes, and 13 percent comprising such revenue items as business occupation license fees, franchise fees, and insurance premium fees. The remaining 24 percent represents grants, accommodation tax and investment revenue.

The total cost of all programs and services increased by 0.99 percent. The City's expenses cover a myriad of services, with approximately 31.20 percent related to public safety, 30.46 percent related to general government expenses, and 23.19 percent related to water/sewer expenses. The balance of 15.15 percent is comprised of public works, economic development, solid waste, inspection, auditorium, storm water, and motor fuel functions.

Table A-2 and the narrative that follows consider the operations of governmental and business-type activities separately.

Governmental Activities

Revenues for the City's governmental activities increased \$6.57 million (or 15.26%) to \$49.62 million, while governmental activities expenses experienced a decrease of \$1.10 million (or 2.34%) to \$46.00 million.

The increase in governmental revenue is primarily the result of an increase in the millage rate and the accommodations tax rate. Most other revenues saw slight increases.

The City of Valdosta continues to trim budgets and cut costs in an effort to remain financially viable in the continued environment of little or no orgnanic revenue growth. The decrease in governmental activities reflects these actions taken by the City of Valdosta.

Table A-3 presents the cost of each of the City's five largest governmental programs, as well as each program's net cost (total cost less fees generated by activities and intergovernmental aid). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

- The cost of all governmental activities this year was \$46.00 million.
- However, the amount that taxpayers paid for these activities through City taxes was \$31.28 million. Some of the cost was paid by:
 - Those who benefited directly from the programs (\$2.79 million).
 - Other governments and organizations that subsidized certain programs with grants and contributions (\$14.90 million).
 - Other miscellaneous sources such as investments (\$.65 million).

Table A-3 Net Cost of City of Valdosta's Governmental Activities (in millions of dollars)

Business-type Activities

Total revenues available during the year to finance enterprise (business type) activities were \$25.05 million. Funding was made available as follows: program revenues \$25.05 million.

The cost of all enterprise (business-type) activities for the year accumulated to \$24.12 million consisting of the following activities: solid waste \$4.80 million, water/sewer \$16.26 million, inspections \$.95 million, city auditorium \$.24 million, motor fuel \$.40 million, DOL building \$.38 million, and storm water \$1.09 million. In addition the Enterprise funds transferred \$1.77 million to the General Fund for administrative services, and \$.94 million to Group Insurance Fund.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

General Fund Budgetary Highlights

Comparing the FY 2015 original General Fund budget, in the amount of \$33.38 million, to the final budget amount of \$33.75 million represents an increase of \$.37 million.

The increase in the General Fund Budget is the result of grants received in the fiscal year. The City only budgets those grants that are assured at the time of budget preparation.

As a result of continued decline in revenues, the city was forced to raise the millage rate from 4.102 to 6.102. This resulted in an additional \$3.12 million in revenue. As a result of the revenue measures above and the continued focus on cost controls, the General Fund experienced an increase in fund balance of \$.62 million.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of the year-end, the City had \$324.77 million invested in a variety of capital assets, as reflected in the following schedule (Table A-4), which represents a net increase (additions less retirements and depreciation) of \$37.38 million or 13.01 percent from last year.

	Governmental <u>Activities</u>			Business-type <u>Activities</u>		<u>1</u>	Total Percentage <u>Change</u>

Table A-4 City of Valdosta's Capital Assets (in millions of dollars)

This year's major capital asset additions and deletions included:

The increase in construction in progress is the result of a planned improvements to the city's waste water system. This project is also a major source of the increase in other categories in business type activities.

More detailed information about the City's capital assets is presented in Note 5 to the financial statements.

Long-term Debt

At year-end, the City had \$73.92 million in total debt outstanding. Government wide debt increased by 46 percent as compared to last year.

More detailed information about the City's long-term liabilities is presented in Notes 6, 8, and 9 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Local governments (cities, counties and school boards) primarily rely on property and sales tax and a limited array of other permitted taxes and fees (franchise, occupational license, etc.) for their governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring one-time grants from both the state and federal governments. Fortunately, the City of Valdosta was named a metropolitan statistical area in June 2003. This designation enables the City to become an entitlement community; therefore, grants will automatically become available to the City, and Valdosta will not be required to compete with other communities for grant funds.

For the business-type and certain governmental activities (recreational programs) the user pays a fee or charge associated with the service.

The City of Valdosta collected major revenues that support governmental operations slightly above budget. In addition, General Fund expenditures were generally kept below budget with the exception of health care costs. The combination of improved revenue and conservative spending allowed the city to improve fund balances in several governmental funds, including General Fund. Despite a still sluggish economy, the city remains financially stable and well positioned to grow when the economy improves.

The following areas are three primary indicators that the City reviews when making future financial decisions.

- Growth in the tax base of the City (excluding inflationary growth). There was a slight increase in the tax base this year. The minimal change is the result of no business expansion, home devaluation, and lack of new business.
- Business Gross Receipts Taxes (based on a business' gross receipts). There was an increase in Business Occupation revenue.
- General Fund's Ending Fund Balance reflects the City's ability to meet ever increasing demands for general service while remaining financially sound and fiscally responsible by providing a buffer for short-term fluctuations in the economy. The General Fund experienced an increase in total fund balance at June 30, 2015.

FINANCIAL CONTACT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City of Valdosta Finance Department, P.O. Box 1125, Valdosta, Georgia 31603 or visit our website at *www.valdostacity.com*.

GOVERNMENTAL FUNDS

- **General Fund** the principal fund of the city which accounts for all financial transactions not accounted for in other funds. Principal sources of revenue are property taxes, sales taxes, licenses and permits. Primary expenditures are for police and fire protection, engineering, community development, cemetery and general administration.
- Sales Tax 2002 Fund to account for the financing and construction of capital improvements for various public projects including storm drainage improvements, police improvements, parks and recreation improvements, fire department improvements, municipal court facilities, water and sewer improvements, public works improvements and facility improvements. These improvements are financed through a 1% local option sales tax that was collected for 60 months starting January 2003.
- Sales Tax 2007 Fund to account for the financing and construction of capital improvements for various public projects including storm drainage improvements, police improvements, parks and recreation improvements, fire department improvements, water and sewer improvements, public works improvements, and facility improvements. These improvements are financed through a 1% local option sales tax that was collected for 72 months starting January 2008.
- **Sales Tax 2013 Fund** to account for the financing and construction of capital improvements for various public projects. These improvements will be financed through a 1% local option sales tax collected for 72 months starting January 2014.
- **Central Valdosta Development Authority** To account for the operations of the Central Valdosta Development Authority, the city's blended component unit.

CITY OF VALDOSTA, GEORGIA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Net change in fund balances - total governmental funds	(\$4,926,155)		
Amounts reported for governmental activities in the statement of activities are different because:			
Governmental funds report capital outlays as expenditures However, in the statement of activities, the cost of those assets is depreciated over their estimated useful life:			
Expenditures for capital assets\$19,913,386Less capital expenditures not capitalized in governmental funds(19,284,280)Less current year depreciation(3,177,153)	(2,548,047)		
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:			
Change in long-term compensated absences	(752)		
Change in pension liability	(1,117,500)		
Other post employment benefits	(1,779,789)		
Principal payments on long-term debt	178,609		
Long-term accounts receivable	67,468		
Internal service funds	947,331		
Change in net position of governmental activities	(\$9,178,835)

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting principles of the City of Valdosta, Georgia conform to generally accepted accounting principles ("GAAP") as prescribed by the Governmental Accounting Standards Board ("GASB").

The accompanying summary of the City of Valdosta's more significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies, as presented, should be viewed as an integral part of the accompanying financial statements.

A. THE REPORTING ENTITY

The primary government of the City of Valdosta has one component unit – the Central Valdosta Development Authority (the "Authority"). Using the criteria of Governmental Accounting Standards Board (GASB) Statement No. 61, management determined that the authority should be included as a blended component unit.

Primary Government

The City of Valdosta was originally incorporated by an Act of the General Assembly of Georgia on December 7, 1860. The basic charter of the City was provided in Georgia laws 1901, Act No. 213, as amended. (Georgia Laws 1901, p. 670) The City is governed by an elected mayor and seven-member council with daily operations managed by an appointed city manager. The following services as authorized by its charter and code are provided by the City: General Administrative Services, Public Safety (Police, Fire and Inspections), and Public Works (Streets, Sanitation, Water, Sewer, and Stormwater).

Included with reporting entity as Blended Component Unit:

Central Valdosta Development Authority – The Authority was established by an Act of the General Assembly of Georgia to redevelop and improve the central Valdosta area. The Authority has the power to create special tax districts, to levy and collect taxes, and issue notes or other evidence of indebtedness, and only maintains a general fund. The Authority consists of seven members, one of whom is the Mayor of the City of Valdosta. The other six members are appointed by the City Council. The Development Authority provision of services is not limited entirely, or almost entirely, to the primary government nor does it only benefit the primary government. The debt of the Development Authority is paid substantially from City resources. Therefore, the City concluded in accordance with GASB 61 that the Authority should be included in the financial reporting entity by blended presentation.

Separate financial statements are not available from the Authority.

Related Organizations:

The City of Valdosta officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointments. The Mayor and Council appoint the board members of the Valdosta Housing Authority, Valdosta-Lowndes County Zoning Board of Appeals, Valdosta-Lowndes County Industrial Authority, Hospital Authority of Valdosta and Lowndes County, Greater Lowndes County Planning Commission, Valdosta Historic Preservation Commission, Valdosta Tree Commission, Valdosta Lowndes County Airport Authority, Valdosta-Lowndes County Conference and Tourism Authority, Keep Lowndes Valdosta Beautiful Commission, Valdosta-Lowndes County Land Bank Authority, Valdosta/Lowndes County Construction Adjustments and Appeals Board, Valdosta Housing Board of Adjustments and Appeals, Lowndes County Board of Health, Community Development Block Grant Advisory Committee, the Valdosta-Lowndes County Parks & Recreation Authority, the Metropolitan Planning Organization Citizen's Advisory Committee, the Animal Control Board, Downtown Development Authority, Central Valdosta Development Authority, the Public Art Advisory Committee, and the Fair Housing Committee.

B. MEASUREMENT FOCUS AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all nonfiduciary activities of the primary government and its component units. The City's fiduciary funds are not included in the government wide financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Certain indirect costs have been included as part of the program expenses for various functional activities.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The City's government wide financial statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. These statements present summaries of Governmental and Business-Type activities for the City. Fiduciary activities of the City are not included in these statements.

These statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The fiduciary funds don't have a measurement focus. Accordingly, all the City's assets and liabilities, including capital assets, as well as infrastructure assets, and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The types of transactions reported as program revenues for the City are reported in three categories: 1) charges for services to customers who directly benefit from goods, services, or privileges provided by a given function, 2) operating grants and contributions that are restricted to meeting the operational needs for a particular function and 3) capital grants and contributions that are restricted to meeting the capital needs of a particular function.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated, however, those transactions between governmental and business-type activities have not been eliminated. Governmental activities which normally are supported by taxes and intergovernmental revenues are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Fund Financial Statements

The accounts of the City are organized on the basis of the funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for

with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses as appropriate. Government resources are allocated to and accounted for in the individual funds based upon the purpose for which they are spent and the means by which spending activities are controlled.

THE CITY REPORTS THE FOLLOWING MAJOR FUNDS:

GOVERNMENTAL

General Fund – the principal fund of the City used to account for all activities not otherwise accounted for by a specific fund.

Sales Tax 2002 Fund – to account for the financing and construction of capital improvements for various public projects. These improvements will be financed through a 1% local option sales tax that was collected for 60 months starting January 2003.

Sales Tax 2007 Fund – to account for the financing and construction of capital improvements for various public projects. These improvements will be financed through a 1% local option sales tax collected for 72 months starting January 2008.

Sales Tax 2013 Fund – to account for the financing and construction of capital improvements for various public projects. These improvements will be financed through a 1% local option sales tax collected for 72 months starting January 2014.

Central Valdosta Development Authority – to account for the operations of the City's blended component unit, The Central Valdosta Development Authority.

ENTERPRISE

Sanitation Fund - to finance and account for the costs of providing both residential and commercial trash and garbage pick up to residents and businesses of the City.

Water and Sewer Revenue Fund – to finance and account for the cost of providing water and sewer services to the residents and businesses of the City.

DOL Building Fund – to finance and account for the cost of maintaining the building leased to the Georgia Department of Labor. The fund also accounts for lease payments received from the state.

Stormwater – to finance and account for the cost of providing stormwater collection services to the residents and businesses of the City. All activities necessary to provide such services are included in the fund.

ADDITIONALLY THE CITY REPORTS THE FOLLOWING FUND TYPES:

GOVERNMENTAL FUNDS

Governmental fund types include the General Fund, Special Revenue Funds, and Capital Projects Funds. Governmental Fund Financial Statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances for all governmental major funds and non major funds aggregated. The governmental funds employ the current financial resources measurement focus. Those funds are maintained on the modified accrual basis of accounting. (Explained further under Basis of Accounting)

SPECIAL REVENUE FUNDS

These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The City maintains a separate Special Revenue Fund for each Federal Grant Program.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds account for capital improvements (except for those financed by Proprietary Funds) which are financed from certain Federal Grants, and other City Funds.

PERMANENT FUND

The permanent fund accounts for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs, that is, for the benefit of the City or its Citizenry.

PROPRIETARY FUNDS

Proprietary Funds include Enterprise funds and Internal Service Funds. The Proprietary Fund measurement focus is upon determination of net income, financial position, and changes in financial position. The generally accepted accounting principles in these funds are those applicable to similar businesses in the private sector and thus these funds are maintained on the accrual basis of accounting. (Explained further under Basis of Accounting)

ENTERPRISE FUNDS

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the City is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The acquisition, maintenance and improvement of the physical plant facilities required to provide these goods and services are financed from existing cash resources, the issuance of revenue bonds, Federal Grants, and other City funds.

INTERNAL SERVICE FUNDS

The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City. These goods or services are provided on a cost reimbursement basis.

THE CITY MAINTAINS THE FOLLOWING INTERNAL SERVICE FUNDS:

MOTOR POOL FUND

The Motor Pool Fund accounts for the cost of operating a maintenance facility for automotive equipment. The fund purchases the automotive equipment and leases the equipment to user departments on a predetermined per mile basis or monthly rate based on accumulated historical costs.

GROUP INSURANCE FUND

The Group Insurance Fund accounts for transactions related to the provision of health care benefits for permanent employees of the City.

WORKMAN'S COMPENSATION FUND

The Workman's Compensation Fund accounts for the transactions related to the workman's compensation claims paid by the City.

IT FUND

The IT Fund accounts for the cost of providing information technology to the City. Departments are charged based on utilization of IT Services.

FIDUCIARY FUND

Fiduciary Funds include the Agency Funds. The Tree Commission Agency Fund accounts for monies collected for the Tree Commission. The Evidence Agency Fund accounts for monies taken in by the Valdosta Police Department but not condemned. The assets and liabilities are accounted for on the accrual basis.

BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements.

Modified Accrual Basis of Accounting

The modified accrual basis of accounting is followed in the Governmental Fund types. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities.

Property taxes levied and due for the current year are considered available and are therefore recognized as revenues in accordance with NCGA Interpretation 3 of NCGA Statement 1.

Licenses, fines and forfeitures, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Taxes, charges for services, investment earnings, and special assessments are considered available if payment is received within 31 days after the close of the current fiscal year and therefore recognized as revenues.

Intergovernmental revenues received as reimbursements for specific purposes or projects are recognized when the expenditure is recorded. Intergovernmental revenues received but not earned are recorded as unearned revenues.

Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except for unmatured interest on general long-term debt, which is recognized when due and vacation and sick pay which is recorded when paid.

Accrual Basis of Accounting

The accrual basis of accounting is followed in all Proprietary Funds and the Agency Funds. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when incurred. The revenues for sanitation and water and sewer, which are based upon service rates authorized by the City Council, are determined by monthly cyclical billings to customers. Earned but unbilled revenues are accrued and reported in the financial statements.

The City defines operating revenues and expenses in the proprietary funds using the criteria established for identifying cash flows from operations. Revenues from the sale of goods or services (including goods or services sold to internal customers) as well as from the sale of permits are considered operating revenues. Expenses incurred to purchase labor, operating supplies and services, as well as depreciation, are classified as operating expenses. All other revenues and expenses not meeting this definition are nonoperating.

Investment earnings are accrued in Proprietary Funds.

D. BUDGETS AND BUDGETARY ACCOUNTING

The City code requires that an annual operating budget be prepared that includes a proposed work program, a basic budget at the current level, and program change requests for all Governmental and Proprietary types. The budget is prepared and submitted by the City Manager to the Mayor and Council for their consideration and adoption by ordinance prior to the commencement of the ensuing fiscal year. The Finance Director is authorized to transfer budget amounts within any fund. Budgetary control is exercised by department, function or activity, and major object of expenditures group for capital and grant projects within each fund. Each of these areas cannot legally exceed their appropriations. All unencumbered appropriations lapse at year end. The budget is prepared showing each fund, department and level of expenditure for the prior year, current year estimates, and requested, recommended, and approved appropriations for the next fiscal year. Budgets for the City may be increased or decreased as the City Council deems appropriate.

The budget data presented in the financial statements and schedules were prepared on a Non-GAAP Budgetary basis for the Governmental Fund types. The difference between the GAAP basis and the budgetary basis is the inclusion of encumbrances as expenditures.

In the Proprietary Funds, the budgets were prepared on the GAAP basis. The same accrual basis that is used to reflect actual results is used to prepare the budgets for these funds.

	Amount		
Fund/Department	Budgetary Basis	Appropriations	Exceeding
General Fund/Engineering	3,359,470	3,166,452	193,018
General Fund/Police Dept	13,475,559	13,221,039	254,520
SPLOST 2002	1,139,879	0	1,139,879
SPLOST 2007	430,726	25,000	405,726
SPLOST 2013	27,025,638	8,124,309	18,901,329
Accommodations Tax	2,486,767	2,310,225	176,542
Central Valdosta Dev Auth	97,000	98,714	1,714

The following funds' expenditures/expenses exceeded legal appropriations.

Per the official Code of Georgia Annotated 36-81-3, the City has set its level of budgetary control at the departmental level.

E. CASH

For the purpose of the statement of cash flows, the City considers only cash (including restricted assets) in determining the increase (decrease) in cash. Cash equivalents are defined as short term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition.

F. INVESTMENTS

It is the City's policy that investments having a remaining maturity at time of purchase of one year or less are recorded at cost or amortized cost in accordance with GASB Statement 31. Adjustments are made to cost for any premium or discount, which is amortized over the maturity of the investment. Amortized cost approximates fair value. The City has no such investments at June 30, 2015.

G. RECEIVABLES

Revenues are recorded when received except for the following items for which receivables have been recorded:

- 1. Taxes Receivable which includes:
 - a. Taxes Receivable-Delinquent represents the past years of uncollected tax levies. An allowance for uncollectible taxes is provided based upon an analysis of historical trends. The tax receivables have been reported net of these allowances.
 - b. Sales Taxes, Franchise Taxes, and Public Utilities Receivable recorded as revenue when they become both measurable and available for collection within the current period paying cycle, which is 31 days past year end. The balance of what has been earned though not available is recorded as a deferred inflow of resources unavailable revenue.
- 2. Accounts Receivable which includes:
 - Accounts Receivable Sanitation and Water and Sewer service charges are recognized when earned, with an allowance for uncollectible accounts of 1% of the accounts receivable balance at June 30 after allowing for troubled customers at 50%. Services performed by various departments are recognized as revenue when they are measured and assured of collection within the current paying cycle of the City. That which is earned, but not collected within 31 days of year end, is recognized as revenue. In the Proprietary Funds, they are recognized as revenue when earned.
 - b. Returned Checks the balance of checks written by the public that the banks have returned to the City over the past 12 months.
 - c. Accounts Receivable-Employees the balance that City employees owe the City for travel advances, garnishments, etc.
 - d. Unbilled Services Receivable within the City's Enterprise Funds, an estimated amount has been recorded for services rendered but not yet billed as of June 30, 2015. The receivable was arrived at by taking the cycle billings the City sent the customers in July and prorating the amount of days applicable to the current year factor at 99% to allow for uncollectible accounts.
- 3. Second Mortgages Receivable the amount owed to the City from loans made to homeowners on UDAG and CDBG CHIP grants.
- 4. Special Assessments Receivable both principle and interest on paving assessments are payable in semi-annual installments over a five year period. The

principle is recognized when due. The balance due at June 30 that has not been collected within 31 days past year end is recorded as a deferred revenue. There is no allowance for uncollectibles as delinquent accounts are declared as a special assessment lien against the property per Section 7.2, paragraph I, of the City's Code. The entire outstanding balance is delinquent at June 30, 2015.

5. Interest Receivable – interest on investments is recorded as revenue on the Governmental Fund types when it is both measurable and collected within the City's current paying cycle. The amount which is earned but not collected is recognized as a deferred revenue. The interest on investments is recorded as revenue in the year earned for the Proprietary Fund types.

H. DUE FROM OTHER GOVERNMENTS & AGENCIES

Due from other governments includes amounts from grantors for grants for specific programs and capital projects. Program grants and capital grants for governmental capital assets are recorded as receivables and revenues at the time reimbursable project costs are incurred. Revenue received in advance of project costs being incurred is deferred. Capital grants for capital asset additions to the Proprietary Funds are recorded as receivables and corresponding increases to contributions when reimbursable project costs are incurred.

I. DUE FROM AND DUE TO OTHER FUNDS

During the course of its operations, the City has numerous transactions between funds to finance operations, provide services, construct assets, and service debts. To the extent that certain transactions between funds had not been paid or received as of June 30, 2015, balances of interfund amounts receivable or payable have been recorded. To the extent that these balances are between Governmental Funds, they have been eliminated on the statement of net position.

J. ADVANCE TO OTHER FUNDS

The long term advance from the General Fund to the HUD Fund represents operating capital for the City's entitlement program. This balance is distinct from routine interfund balances and will not be liquidated until the entitlement program is terminated. The long term advance from General Fund to other funds represents balances that are not expected to be repaid within one year.

K. INVENTORIES

Inventories in Proprietary Funds are adjusted to annual and periodic physical counts and are valued at cost using the first-in, first-out method (FIFO) of valuation. Inventory in the

Sales Tax 2007 Fund, which is valued at cost first-in, first-out method (FIFO), consists of wetland credits held for construction.

L. PREPAID EXPENDITURES/EXPENSES

Payments made to various vendors for items or services for a future period beyond June 30, 2015 are recorded as prepaid expenditure/expenses. The fund balances in the Governmental Fund types attributable to prepaid expenditures are classified as nonspendable. This reflects the amount of fund balance not currently available for expenditure.

M. RESTRICTED ASSETS

Monies or other resources, the use of which is restricted by legal or contractual requirements, are recorded as restricted assets. It is the policy of the City to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The restricted assets listed in the Proprietary Funds are for the utility billing customer deposits held on account.

N. INTANGIBLE ASSETS

Intangible assets are reported in the applicable governmental or business type activity columns in the government-wide financial statements. The City's policy has set the capitalization threshold at \$5,000 for intangible assets. All intangibles are valued at cost or estimated fair market value if donated. Intangible assets are amortized over their estimated useful lives.

O. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City's policy has set the capitalization threshold for reporting capital assets at \$5,000 and \$250,000 for infrastructure assets. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their estimated fair market value on the date received. The City patched and resurfaced several roads during the current year that are considered general maintenance. The City reports only infrastructure acquired or constructed after June 30, 1980 in accordance with GASB Statement 34.

Expenditures for maintenance and repairs which do not add to the value of the assets or materially extend their lives are expensed as incurred. However, expenditures for repairs and upgrading which do materially add to the value or life of an asset are capitalized.

Interest incurred during the construction of capital assets in business type activities is capitalized as part of the cost of the asset constructed. During the current fiscal year, the City incurred total interest of \$1,549,307. Of this amount, \$1,181,510 was capitalized as part of the cost of the waste water construction project.

Depreciation is provided on the straight-line basis over the estimated useful lives.

The estimated useful lives are as follows:

Assets	Life	
	(Years)	
Water System	30-50	
Sewer System	30-50	
Buildings	15-50	
Machinery and Equipment	05-10	
Vehicles	01-05	
Infrastructure	10-20	
Land Improvement	30-50	

P. COMPENSATED ABSENCES

It is the City's policy to permit employees to accumulate a limited amount of earned but unused vacation benefits, which will be paid to employees upon separation from City service. In Governmental Fund types, the cost of vacation benefits is recognized when payments are made to employees. A long-term liability of accrued vacation benefits at June 30, 2015 has been recorded in the government wide statements representing the City's commitment to fund such costs from future operations.

Q. LONG-TERM OBLIGATIONS

Long-term liabilities for GEFA borrowings are recorded in the Enterprise Funds. Principal and accrued interest are recorded as liabilities. Principal and interest payments are deducted from the liability as made. A long term liability has been recorded in the government wide statements for a capital lease. See Note 9 for additional information.

R. PENSION FUND

Annual costs of the pension plan are actuarially computed and include amortization of past service costs over a period of 30 years. The City's policy is to fund the annual pension costs in the annual budget.

S. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows of resources represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City does not have any items that qualify for reporting in this category.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The following amounts are deferred and recognized as an inflow of resources in the period that the amounts become available:

Unavailable		Other			
Resources	General	CVDA	Governmental	Total	
Property Taxes	\$323,043	\$11,699	\$0	\$334,742	
Franchise Taxes	118,624	0	0	118,624	
Paving Assessments	45,387	0	0	45,387	
Miscellaneous	185,758	0	0	185,758	
DOT	7,752	0	24,788	32,540	
LAG	106,983	0	0	106,983	
Grants	47,303	0	191,259	238,562	
Total	\$834,850	\$11,699	\$216,047	\$1,062,596	

T. FUND BALANCE

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to

which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

• *Nonspendable* – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

• **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

• *Committed* – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Commission through the adoption of a resolution. Only the City Commission may modify or rescind the commitment.

• *Assigned* – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Commission has authorized the City's Chief Financial Officer, Finance Director, or Director of Administrative Services to assign fund balances.

• **Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criteria. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

Net Position – Net position represent the difference between assets and deferred outflows and liabilities and deferred inflows in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.
NOTE 2. DEPOSITS AND INVESTMENTS WITH FINANCIAL INSTITUTIONS, INVESTMENTS (INCLUDING REPURCHASE AGREEMENTS), AND REVERSE REPURCHASE AGREEMETS

A. **DEPOSITS**

At year end, the carrying amount of the City's deposits was \$2,868,858 and the bank balance was \$5,988,903. In addition, the City also had \$5,900 in petty cash.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's deposit policy is to require all its deposits in excess of FDIC insurance to be collateralized with securities held by the City or by its agent in the City's name. Of the bank balance, \$342,647 was covered by federal depository insurance and \$5,646,256 was covered by collateral held by the government or agent in the government's name.

Interest Rate Risk

The City has an investment policy that limits the maturities on individual investments to no more than five years and weighted average maturity to no more than three years. Reserve funds may be invested in longer term securities if the maturities coincide with the expected use of the funds. The investments at June 30, 2015 meet our investment policy restrictions.

Credit Risk

The City has an investment policy that limits investments to "the safest types of securities." These are defined as obligations of the State of Georgia or other states, obligations of the US government or certain agencies thereof, repurchase agreements backed by federal securities, prime banker's acceptance with a rating of A+ or better, the local government investment pool, obligations of other political subdivisions of the State of Georgia, and time deposits and savings deposits. Excess funds are invested in Georgia Fund I.

Concentration Credit Risk

The City's investment policy limits its investments as follows:

U. S. Treasury Obligations	100.00%
U. S. Government Agency Securities and Securities issued by	75.00%
Instrumentalities of Government Sponsored Corporations	
Repurchase Agreements	25.00%
Prime Bankers Acceptance	10.00%
Local Government Investment Pool	40.00%
Certificates of Deposit	25.00%
Obligations of other political subdivisions of the State of Georgia	25.00%

GASB Statement 40 requires disclosure when 5% or more of investments are in one issue. The City has no such concentrations.

The carrying amount of deposits for CVDA, a blended component unit, was \$89,821 and the bank balance was \$92,647. In addition, the CVDA also had \$200 in petty cash.

The CVDA does not have a deposit policy. Of the bank balance, \$92,647 was covered by Federal Depository Insurance.

B. INVESTMENTS

The City is authorized to invest its funds in (1) obligations which constitute direct obligations of, or are unconditionally guaranteed by, the United States of America; (2) obligations of the Federal Land Bank, the Federal Home Loan Bank, Federal Intermediate Credit Bank, and Federal Bank for Cooperatives; (3) bonds or other obligations issued by any public housing agency or municipality which are served by a pledge of annual contributors under contract with the United States Government, or project notes secured by a payment agreement with the United States Government; and (4) certificates of deposit issued by state and national banks located within the state of Georgia, provided that certain collateral for such certificates is deposited.

	Carrying
Form of Deposit	Amount
Investment in Georgia Fund 1	\$2,943,746
Certificate of Deposit	7,362
Total	\$2,951,108

Georgia Fund I, created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standard and Poor's criteria for AAAf rated money market funds. Georgia Fund I receives regulatory oversight from the State Treasurer of the State of Georgia. However, Georgia Fund I operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company and is not rated. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share.

The Authority does not have investment policies.

The following is a summary of the differences between carrying amount of cash and investments as shown above and on the financial statement of the primary government:

	Cash on	
	Deposit	Investments
Cash in Bank	\$2,799,857	2,896,156
Petty Cash and Change	5,900	0
Cash and Investments on Hand	2,805,757	2,896,156
Fiduciary Assets	69,001	54,952
	\$2,874,758	\$2,951,108
Non Restricted	\$2,046,652	\$2,951,108
Restricted	828,106	0
Balance per Financial Statement	\$2,874,758	\$2,951,108

The following is a summary of the differences between carrying amount of cash and investments as shown above and on the financial statement of the blended component unit:

CVDA	Cash on
	Deposit
Balance per Footnote Above	\$89,821
Petty Cash	200
Balance per Financial Statement	\$90,021

NOTE 3. TAXES

Advalorem property tax revenue is recognized in compliance with the National Council on Governmental Accounting (NCGA) Interpretation 3, "Revenue Recognition-Property Taxes". This interpretation states that property tax revenue is recorded when it becomes available. Available means when due or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Such time thereafter shall not exceed 60 days. The City's 2014 property taxes, levied September 15, 2014 on a 40% assessed valuation as of the lien date January 1, 2014, were due November 15, 2014. The levy for 2014 is as follows:

Type of Levy	Rate per \$1,000 of Assessed Value	Legal Maximum
General Operations	10.202	
Less Sales Tax Rebate	4.100	
Net for General Operations	6.102	10.00
Schools	16.98	20.0
Central Valdosta Development Authority	5.0	15.0

Property taxes levied for the current year are available and are therefore recognized as revenue. The City's property tax collection records show that most of the property taxes due are collected during the fiscal year of the levy. Property tax received is reduced by an allowance for uncollectible accounts which is computed on the outstanding receivable at June 30, 2015 per the following table:

95% of the 1996 Levy
95% of the 1998 Levy
95% of the 1999 Levy
95% of the 2001 Levy
95% of the 2002 Levy
95% of the 2003 Levy
95% of the 2004 Levy
95% of the 2006 Levy
95% of the 2007 Levy
95% of the 2008 Levy
80% of the 2009 Levy
70% of the 2010 Levy
60% of the 2011 Levy
50% of the 2012 Levy
25% of the 2013 Levy
5% of the 2014 Levy

Property Taxes	General Fund	CVDA
2002	\$387	\$0
2003	474	73
2004	4,911	80
2005	0	138
2006	0	144
2007	951	2,428
2008	2,358	1,618
2009	3,203	96
2010	2,317	56
2011	3,309	157
2012	11,551	791
2013	49,502	4,459
2014	331,304	8,037
	410,267	18,077
Sales Taxes	687,161	0
Franchise Taxes	166,015	0
Total Taxes Receivable	1,263,443	18,077
Less Allowance for Uncollectible	(47,528)	(6,378)
	\$1,215,915	\$11,699

Taxes receivable at June 30, 2015 consist of the following:

The property taxes for the City are collected by the Lowndes County Tax Commissioner's Office and remitted to the City monthly. The Commission disburses the tax money received to each unit of government. Therefore, there is no receivable set up for the school levy since it is disbursed to the School Board.

NOTE. 4 INTERFUND RECEIVABLES/PAYABLES

Individual fund interfund receivables and payables including advances at June 30, 2015 are as follows:

Pavables	General Fund	Water/Sewer Revenue Fund	Non Major Governmental Funds	Internal Service Funds	Total
General Fund	\$0	\$1,371,625	\$681,862	\$83,863	\$2,137,350
CVDA	909	0	0	0	909
Sanitation	435,486	0	0	0	435,486
DOL	153,492	0	0	0	153,492
Stormwater	209,068	0	0	0	209,068
Non Major					
Governmental Funds	59,717	0	0	0	59,717
Non Major Enterprise					
Funds	1,344,080	0	0	0	1,344,080
Internal Service	2,994,127	0	0	0	2,994,127
Total	\$5,196,879	\$1,371,625	\$681,862	\$83,863	\$7,334,229

All interfund balances are due to routine interfund transactions that were not paid or received at June 30, 2015 as discussed in Note 1. Advances are long term in nature.

The above analysis included advances from General Fund to the HUD Fund in the amount of \$30,000, the Inspections Fund in the amount of \$753,654, the Stormwater Fund in the amount of \$209,068, the Auditorium Fund in the amount of \$578,799 and the Motor Pool Fund in the amount of \$2,952,890. Advances are long term in nature and are not expected to be repaid with one year. All advances except to the Motor Pool are to provide operating capital. The advance to the Motor Pool is attributable to the acquisition of capital assets and will be recovered over the lives of the assets acquired.

NOTE 5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2015 was as follows:

			·			
	Beginning					Ending
	Balance	Additions	Retirements	Reclass	Transfer	Balance
Governmental Activities:						
Non-depreciable assets						
Land	\$76,846,635	\$0	\$0	\$0	\$0	\$76,846,635

Primary Government

Depreciation/amortization expense was charged to governmental functions as follows:

Governmental Depreciation:	
General Government	\$3,202,403
Finance	1,756
Engineering	13,418
Public Safety	578,514
Public Works	11,564
Total governmental depreciation	3,807,655
Business-type Depreciation:	
Sanitation	39,465
Water & Sewer	4,708,222
Department of Labor	87,074
Storm Water	73,956
Total business-type depreciation/	
amortization	4,908,717
Total depreciation expense	\$8,716,372

Internal Service Funds predominantly serve governmental funds. Accordingly, \$19,342,739 in capital assets, \$16,370,723 in accumulated depreciation, and \$630,502 in current depreciation in these funds are included in the above totals for governmental activities.

NOTE 6. PENSION PLAN

PLAN DESCRIPTION

The City's defined benefit pension plan, the City of Valdosta Retirement Plan (the Plan), provides retirement and disability benefits and death benefits to plan members and beneficiaries. The Plan is affiliated with the Georgia Municipal Employees Benefit System (GMEBS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for cities in the State of Georgia. The City is assigned the authority to establish and amend benefit provisions of the Plan. GMEBS issues a publicly available financial report that includes financial statements and required supplementary information. The report can be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, SW, Atlanta, Georgia 30303, or by calling (404) 688-0472.

Employees Covered Under the Plan

Effective January 1, 2015, the Plan was amended to provide for immediate participation for employees. At June 30, 2015, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	299
Inactive employees entitled to but not yet receiving benefits	72
Active employees	526
Total covered employees	897

Funding Policy

Employees are not required to contribute to the Plan. The Plan is subject to the minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). The GMEBS Board of Trustees has adopted an actuarial funding policy that requires a different funding level than the estimated minimum annual contribution to minimize fluctuations in annual contribution amounts and to accumulate sufficient funds to secure benefits under the Plan. If the City contributes the recommended contribution developed under the actuarial funding policy each year, the Plan will meet applicable state funding standards.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, the City reported a liability of \$45,804,864 as its net pension liability. The net pension liability was measured as of September 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2015. The City's net pension liability was based on the projection of the City's long-term contributions to the pension plan, actuarially determined at January 1, 2015.

NOTE 6 - EMPLOYEE RETIREMENT PLAN, CONTINUED

The following is a schedule reconciles the differences between the beginning and ending net pension liability for the year ended June 30, 2015:

Changes in Net Pension Liability	Total Pension			Fiduciary Net		Net Pension	
	Lia	ability (TPL)	Po	sition (FNP)	Lia	bility (NPL)	
		(a)		(b)		(a) - (b)	
Balances at September 30, 2013*	\$	75,023,360	\$	34,309,445	\$	40,713,915	
Changes for the year:							
Service cost		1,168,292		-		1,168,292	
Interest		5,621,355		-		5,621,355	
Differences between expected		414,792	-			414,792	
and actual experience							
Contributions - employer		-		3,402,750		(3,402,750)	
Contributions - employee		-		333,321		(333,321)	
Net investment income		-		3,877,248		(3,877,248)	
Benefit payments, including		(4,979,503)		(4,979,503)		-	
refunds of employee contributions							
Administrative expense		-		(67,292)		67,292	
Other		5,432,537				5,432,537	
Net changes		7,657,473		2,566,524		5,090,949	
Balances at September 30, 2014**	\$	82,680,833	\$	36,875,969	\$	45,804,864	

*Entry Age Normal liabilities calculated using ages and service amounts as of January 1, 2014 are used to measure TPL as of September 30, 2013. The balances as of September 30, 2013 constitute measurements of the NPL for the fiscal year ending June 30, 2014.

**Entry Age Normal liabilities calculated using ages and service amounts as of January 1, 2015 are used to measure TPL as of September 30, 2014. The balances as of September 30, 2014 constitute measurements of the NPL for the fiscal year ending June 30, 2015.

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report.

NOTE 6 - EMPLOYEE RETIREMENT PLAN, CONTINUED

For the year ended June 30, 2015, the City recognized pension expense of \$73,461. Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or methods, and plan benefits. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 red Outflows Resources	 erred Inflows Resources
Differences between expected and actual experience	\$ 331,832	\$ -
Changes of assumptions	4,346,028	-
Net difference between projected and actual earnings on pension plan investments	-	(1,015,244)
City contributions subsequent to the measurement date	 2,860,833	 _
Total	\$ 7,538,693	\$ (1,015,244)

Deferred outflows of resources and deferred inflows of resources above represent the unamortized portion of changes to the net pension liability to be recognized in future periods in a systematic and rational manner, as detailed below.

\$2,860,833 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future years as follows:

Year Ending June 30,	Deferred Outflows/(Inflows) of Resources
2016	\$ 915,654
2017	915,654
2018	915,654
2019	915,654
2020	-
Thereafter	
Total	\$ 3,662,616

NOTE 6 – EMPLOYEE RETIREMENT PLAN, CONTINUED

Actuarial Methods and Assumptions

The total pension liability in the January 1, 2015 actuarial valuation was determined using the following actuarial assumptions. Total pension liability represents the actuarial present value of projected benefit payments attributable to past periods of service for current and inactive employees.

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Closed level dollar for remaining unfunded liability
Remaining Amortization Period	Varies for the bases, with a net effective amortization
	period of 10 years
Asset Valuation Method	Sum of actuarial value at beginning of year and the
	cash flow during the year plus the assumed investment
	return, adjusted by 10% of the amount that the value
	exceeds or is less than market value at end of year.
	The actuarial value is adjusted, if necessary, to be
	within 20% of market value.
Actuarial Assumptions:	
Inflation	3.25%
Net Investment Rate of Return	7.75%
Projected Salary Increases	3.25% plus service based merit increases
Cost of Living Adjustments	0.00%
Retirement Age:	
Normal	65 with 5 years of service
Early	55 with 10 years of service
Mortality:	
Healthy	RP-2000 Combined Healthy Mortality Table with sex-
	distinct rates, set forward two years for males and one year for females.
Disabled	RP-2000 Disabled Retiree Mortality Table with sex-
Disubicu	distinct rates
Plan termination basis (all lives)	1994 Group Annuity Reserving Unisex Table

The mortality and economic actuarial assumptions used in the January 1, 2015 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through June 30, 2014.

NOTE 6 - EMPLOYEE RETIREMENT PLAN, CONTINUED

The 7.75% long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target allocation as of September 30, 2014 are summarized in the following table:

		Long-Term Expected	Long-Term Nominal
Asset Class	Target Allocation	Real Rate of Return	Real Rate of Return
Domestic equity	50%	5.95%	9.20%
International equity	15%	6.45%	9.70%
Fixed income	25%	1.55%	4.80%
Real estate	10%	3.75%	7.00%
Cash	0%		
Total	100%		

Discount Rate

The discount rate used to measure the total pension liability was 7.75%, which is the same as the long-term expected rate of return. The projection of cash flows used to determine the discount rate assumed that contributions from the City will continue to be made at the recommended rates each year, actuarially determined. Based on that assumption, the pension fund's fiduciary net position was projected to be available to make all projected future benefit payments. In theory, the discount rate may differ from the long-term expected rate of return discussed previously. However, based on the projected availability of the chpension plan investments, and it was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the City's net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point higher or lower than the current rate:

	1% Decrease		Current Discount		1% Increase	
	(6.23%)		Rate (7.23%)		(8.23%)	
Net pension liability	\$	55,617,156	\$	45,804,864	\$	37,605,873

NOTE 7. DEFERRED COMPENSATION PLAN

City of Valdosta Deferred Compensation Plan

The City of Valdosta offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan was established by City ordinance, and the City Council has the authority to amend the plan. The plan is a deferred compensation plan administered by Great-West Retirement Services. The City of Valdosta is responsible for the accounting, reconciliations, and record keeping associated with City employees' enrollment, payment to the plan through payroll deductions, and timely transfer of withheld funds to the trustee designated by the City of Valdosta for investment. The plan provides a number of investment options and is designed so that each participant retains investment control of his/her individual account. The plan, available to all full-time employees, permits them to defer a portion of their salary until future years. The deferred compensation is held in trust for the exclusive benefit of plan participants and their beneficiaries and is not available to employees until termination, retirement, death, or unforeseeable emergency. Since the City of Valdosta has no fiduciary relationship with plan participants, the plan assets are not included in the financial statements.

NOTE 8. OTHER POST-EMPLOYMENT BENEFITS

Plan Description

The City of Valdosta maintains another post-employment benefit plan, the City of Valdosta Other Post-Employment Benefits Plan (the OPEB Plan"), which includes retirees from the City of Valdosta. In accordance with City ordinance, the City's personnel policy provides that all employees who retire under early, normal or disability retirement are eligible for confirmed health care benefits provided they have a total of 25 consecutive years of employment. The monthly cost, as of July 1, 2009, for retiree is \$165 and the cost for retiree plus spouse is \$280. Employees who retire receive the same group health insurance benefits as active employees. Effective September 1, 2009, Medicare eligible employees are converted to a third party plan at which time Medicare assigns the subsidy and rights to pay claims to the third party plan provider. At June 30, 2015, 129 retirees participated in the plan, paying a monthly premium of \$77 - \$280. However, their dental is the same group coverage as active employees.

Retirees are also eligible to keep up to \$20,000 of life insurance provided they elected additional life insurance as an active employee. In addition, a retiree may elect dependent coverage provided they elected additional dependent coverage as an active employee. A dependent's life insurance coverage cannot exceed 50% of the retiree's life insurance. Also, in order for a dependent to keep life insurance, the retiree must elect coverage.

The City's self-insured health plan, City of Valdosta Group Insurance, provides medical and hospitalization benefits for two classes of retirees. Retirees who retired before July 1, 2009 with twenty-five years of continuous service are eligible for health insurance paid by the City. All other retirees must pay a monthly premium of \$77 - \$280 to participate in the plan. The plan is administered by the Plan Administrator, with UMR, Inc., an Administrative Service Agent, acting as claims paying agent. The Mayor and City Council has the authority to amend the plan. The City contributions are financed on a pay-as-you-go basis. During the current year, the City expended \$1,220,203 for retirees' health insurance for 119 participants. In addition, 84 participants were covered.

The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The calculations assume a 5% rate of inflation. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation to the OPEB Plan.

Annual required contribution	\$4,520,756
Interest on net OPEB obligation	681,708
Adjustments to annual required contribution	(1,274,409)
Annual OPEB cost	3,928,055
Contributions made	(1,220,203)
Increase in net OPEB obligation	2,707,852
Net OPEB obligation, beginning of year	17,042,696
Net OPEB obligation, end of year	\$19,750,548

Fiscal Year Ended June 30,	Annual OPEB Cost*	Actual Contributions	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2013	\$5,049,620	\$421,097	8%	\$14,603,630
2014	4,183,653	1,273,383	34%	17,042,696
2015	4,520,756	1,220,203	31%	19,750,548

*ARC based on a pay-as-you-go plan.

OPEB obligations are generally liquidated by the General Fund. The plan is a single employer plan and does not issue separate financial statements.

	Accuarial	Accuarial	Unfunded		Annual	UAAL as
Valuation	Accrued	Value	AAL	Percentage	Covered	Percentage
Date	Liability (AAL) (1)	of Assets	(UAAL)	Funded	Payroll	of Payroll
January 1, 2014	\$34,159,429	\$0	\$34,159,429	0%	\$19,143,280	178.44%

1) AAL based on pay-as-you-go plan.

Valuation date	January 1, 2014				
Actuarial cost method	Projected Unit Credit				
Amortization method	Level dollar, closed, 25 years				
Remaining amortization period	20 years as of June 30, 2015				
Asset valuation method	Market value				
Actual assumptions:					
Investment rate of return	4.00% pay-as-you go				
Salary growth	3.50% plus age and service merit increases				
Medical and drug cost trend rate	7.50% graded to 5.00% over 5 years				
Medicare Advantage cost trend rate	7.00% graded to 5.00% over 4 years				
Dental cost trend rate	5.00%				
Administrative expense trend rate	3.00%				
General Inflation Rate	3.25%				
Plan membership:					
Current retirees, beneficiaries, and dependents	350				
Current active participants	500				
Terminated participants entitled but not yet eligible	0				
Total	850				

These calculations are based on the OPEB benefits provided under the terms of the substantive plan in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point.

Actuarial valuations for OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future.

The actuarial calculations of the OPEB plan reflect a longer-term perspective. The Schedule of Funding Progress immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing relative to the actuarial accrued liability.

The City participates in the POAB and the Georgia Firefighter's pension. There is no material impact on revenue to the City from either.

	Balance July 1, 2014	Additions	Reductions	Balance June 30, 2015	Due Within One Year
Governmental Funds	v /				
Other Post Employment Benefits	\$17,042,696	\$3,928,055	\$1,220,203	\$19,750,548	\$0

Long term bonded debt of the City is as follows:

Enterprise Funds 4.19% Department of Labor Building.	Balance July 1, 2014	Additions	Reductions	Balance June 30, 2015	Due Within One Year
Original issue amount \$4,410,000.	\$2,313,000	\$0	\$233,000	\$2,080,000	\$233,000
Total Notes	\$2,313,000	\$0	\$233,000	\$2,080,000	\$233,000

The City is subject to a statutory limitation by the State of Georgia for bonded indebtedness, payable principally from property taxes to an amount not greater than 10% of the assessed value of all taxable property within the municipality. At June 30, 2015, the limit for the City was \$145,662,006.

The City entered into an obligation to finance the Department of Labor building in the amount of \$4,410,000. The City issued a bond to cover the cost of construction in fiscal year 2004. The debt is payable solely from certain lease payments to be paid by the Georgia Department of Labor.

The annual requirement to amortize this bond series as of June 30, 2015, including interest of \$389,691 on the Bond Series 2003 is as follows:

Year Ended			
June 30	Principal	Interest	Total
2016	\$233,000	\$82,271	\$315,271
2017	233,000	72,508	305,508

Accrued vacation	1,465,104	1,465,856	1,465,104	1,465,856	758,800
Other Post Employment Benefits	17,042,696	3,928,055	1,220,203	19,750,548	0
Total Compensated Absences	\$19,019,515	\$5,931,481	\$3,197,022	\$21,753,974	\$997,034

Compensated absences are generally liquidated by the General Fund. The City of Valdosta has entered into a contract for six loans with Georgia Environmental Facilities Authority for an aggregate loan balance of \$50,867,261. Payments for these loans are repaid quarterly or monthly. In addition, the City has entered into one additional contract to finance water and sewer projects. As of June 30, 2015, draws totaled \$28,118,984 on the loans in progress.

Loan Name	Loan Amount	Payment Period

The present interest rates range from 3% to 4.12%. This debt has been issued to improve and maintain the City's water system. Loan #2013-L31WJ and CW13-006 are incomplete and therefore no amortization schedules are available. The maximum repayment period will be 20 years at 2.4% and 1.4% respectively.

Police Department Capital Lease

The City of Valdosta entered into a capital lease agreement on May 14, 2015, with Dell for computer equipment for the Police Department. The total lease payments are \$90,543 with annual interest imputed at 5.170%, payable in three annual payments of \$27,904 and one final payment of \$6,831.

The annual requirement to amortize the Dell Capital Lease Agreement outstanding balance as of June 30, 2015, is a follows:

Year Ending June 30	Principal	Interest	Total
2016	<u> </u>	3,044	27,904

NOTE 10. FUND BALANCE

The City records five categories of fund balance as defined in Note 1 section U. The five types are nonspendable, restricted, committed, assigned and unassigned.

Nonspendable Fund Balance is classified by amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact.

	General Fund	Sales Tax 2013	CVDA	Non-Major Governmental Funds	Total
Nonspendable. The following fund balances are					
nonspendable:					
Long term receivables	\$4,277,368	\$0	\$0	\$2,615,521	\$6,892,889
Inventory	0	213,395	0	0	213,395
Required to be maintained in tact	0	0	0	1,639,355	1,639,355
	4,277,368	213,395	0	4,254,876	8,745,639
Restricted. The following fund balances are restricted for:					
Public safety	61,772	0	0	37,156	98,928
Land Bank Authority	106,983	0	0	0	106,983
Community development	0	0	88,587	0	88,587
NPDES permitting	39,157	0	0	0	39,157
Redevelopment	0	0	0	121,856	121,856
Youth programs	0	0	0	11,956	11,956
Capital outlay	0	11,623,286	0	0	11,623,286
	207,912	11,623,286	88,587	170,968	12,090,753
Committed. The following fund balances are committed:					
Committed for urban forestry	10,767	0	0	0	10,767
	10,767	0	0	0	10,767
Assigned. The following fund balances are assigned to:					
Tourism development	0	0	0	319,114	319,114
Capital Improvement	0	0	0	490,642	490,642
	0	0	0	809,756	809,756
Unassigned. The following balances are unassigned:					
	(1,873,454)	(11,229,531)	0	(115,034)	(13,218,019)
	(1,873,454)	(11,229,531)	0	(115,034)	(13,218,019)
Total Fund Balance	\$2,622,593	\$607,150	\$88,587	\$5,120,566	\$8,438,896

NOTE 11. CLOSURE AND POST CLOSURE CARE COST

The City of Valdosta closed its landfill in 1999. State and federal laws require the City of Valdosta to cover the landfill site and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The \$943,941 reported as landfill closure care liability at June 30, 2015 represents the estimated total amount necessary to perform all future closure and post closure functions. The cumulative amount reported is based on the use of 100 percent of the capacity of the landfill. The amount reported is based on what it would cost to perform all closure and post closure care in 2015. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

Closure and post closure care cost of the City is as follows:

	Balance			Balance	Within One
Enterprise Funds	July 1, 2014	Additions	Reductions	June 30, 2015	Year
Landfill post closure care liability	\$970,507	\$0	\$26,566	\$943,941	\$52,000
Total post closure care liability	\$970,507	\$0	\$26,566	\$943,941	\$52,000

NOTE 12. CONTINGENT LIABILITIES

The government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

Due to the lag time between expenses being incurred and claims submitted for payment there is a liability at June 30, 2015, against the self-insurance fund. This incurred but not reported (IBNR) liability is estimated to be \$625,000. This number was calculated by analyzing the plan's payment lag and projecting the resulting trend into the next fiscal year.

NOTE 13. NET POSITION DEFICITS

The following funds had deficits at June 30, 2015:

The Sanitation Fund had a deficit of \$311,850 due to higher than expected group insurance costs. The Inspections Fund had a deficit net position of \$818,505 due to reduction in permits issued. The Auditorium Fund had a deficit net position of \$591,481 due to insufficient bookings. The City is reviewing the fee schedules and tax subsidy.

NOTE 14. INTERFUND TRANSACTIONS

Due

During the course of normal operations, the City has numerous transactions between funds including expenditures and transfers of resources to provide services. The Internal Service Funds record charges for services to all City departments and funds as operating revenue. Both Governmental and Proprietary Funds record these payments to the Internal Service Funds as operating expenses/expenditures. The remaining transfers of resources from a fund receiving revenue to the fund through which the resources are to be expended are recorded as transfers and are reported as other financial sources (uses) is the Governmental Funds and transfers section in the Proprietary Funds.

	Transfers In	Transfers Out
General Fund	\$1,766,000	\$2,293,005
SPLOST 7	0	300,000
SPLOST 13	300,000	0
Sanitation Fund	0	549,138
Water and Sewer Fund	0	1,911,869
Storm Water Fund	0	186,737
Other Governmental Funds	165,000	448,013
Other Enterprise Funds	283,013	67,632
Internal Service Funds	3,242,381	0
	\$5,756,394	\$5,756,394

Transfers between fund types during the year ended June 30, 2015, were:

General Fund transferred \$2,293,005 to Group Insurance. SPLOST 7 transferred \$300,000 to SPLOST 13. Sanitation transferred \$284,138 to Group Insurance. Water and Sewer transferred \$506,869 to Group Insurance. Storm Water transferred \$90,737 to Group Insurance. Accommodations Tax transferred \$165,000 to General Capital Projects and \$283,013 to the Auditorium Fund. Inspection transferred \$66,201 to Group Insurance. The Auditorium Fund transferred \$1,431 to Group Insurance All transfers to Group Insurance were to fund medical claims incurred in excess of revenue received. All other transfers were to the General Fund. Transfers to the General Fund are to fund the cost of administrative and support services provided to other funds.

NOTE 15. JOINT VENTURES

Under Georgia Law, the City, in conjunction with other cities and counties in the three county South Georgia area, is a member of the Southern Georgia Regional Commission and is required to pay annual dues thereto. During the year ended June 30, 2015, the City paid \$72,906 in such dues. Membership in the Commission is required by the official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the Commission of Georgia. The Commission Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a Commission.

The Commission revenues are sufficient to cover its operating costs and the City does not expect the entity to dissolve in the foreseeable future. The Commission is neither accumulating significant financial resources nor experiencing fiscal stress that may cause an additional financial benefit to or burden upon the City.

Separate financial statements may be obtained from:

Southern Georgia Regional Commission 324 West Savannah Avenue Valdosta, Georgia 31601

NOTE 16. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; injury to participants at city facilities; and natural disasters. The City is self-insured for workman's compensation, certain types of property damage, and general liability. These liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The liabilities include an amount for claims that have been incurred but not reported (IBNR). At June 30, 2015, there is no known liability.

The City is also self-insured for medical claims by the employees and employees' dependents that are covered under the medical plan. The plan is a self funded welfare benefit plan providing health and hospitalization benefits. Claims under the plan are paid solely from the general assets of the City of Valdosta. Losses greater than \$150,000 per aggregate individual claim are insured by a private insurance company. The plan is administered by the Plan Administrator, with UMR, Inc., an Administrative Service Agent, acting as claims paying agent. The City of Valdosta and employees' contributions cover the cost of the plan. The City's contributions and any employee pretax contributions withheld by way of payroll deduction are held by the City and used to pay the plan's

benefits. Any after-tax employee contributions may be held in trust by the trustee. The amount of all such contributions are actuarially determined where necessary. As previously stated in Note 12, there is a liability of \$625,000 recorded for those medical claims incurred but not reported. Changes in the balances of the claimed liabilities during the past two fiscal years are as follows:

		Incurred		
	Unpaid claims,	claims		Unpaid claims,
	beginning of	(including	Claim	end of fiscal
	fiscal year	IBNR's)	payments	year
June 30, 2014	341,960	6,675,081	(6,449,433)	567,608
June 30, 2015	567,608	5,651,113	(6,894,898)	676,177

The City carries commercial insurance purchased from an independent third party for fire damage to the City's vehicle fleet for those damages exceeding \$10,000 based on a stated value of the vehicle which approximates the current market value.

The risks of errors and omissions; injury to participants at city facilities; and theft of funds are covered by commercial insurance purchased from independent third parties. These policies carry a \$15,000 deductible per occurrence.

Claims Exceeding Commercial Coverage for the Year Ended June 30:

2015	\$0
2014	0
2013	0

NOTE 17. DEPARMENT OF LABOR BUILDING OPERATING LEASE

The Georgia Department of Labor (DOL), as a department of the State Government of Georgia, entered into a long-term lease with the City of Valdosta. The structure was built-to-suit the needs of the State for the Georgia Department of Labor.

The Georgia Department of Labor agrees to pay the City of Valdosta a fixed monthly rent of \$39,096. The DOL has an option of renewing or extending the agreement on a year to year basis for nineteen (19) consecutive years. Total remaining rents amount to \$4,691,515. The City of Valdosta will, at their sole cost, service, replace, keep and maintain in good order and repair each and every portion of the existing premises. In addition, the City is responsible for providing various insurance coverages. The building's cost is \$4,364,002 and its carrying amount is \$3,404,453. Depreciation on the building amounts to \$87,074 annually.

NOTE 18. ACCOMMODATIONS TAX

The City collects and disburses an accommodations tax in accordance with the provisions with OCGA 48-13-51. The total rate of 7% generated \$2,645,307, net of vendor's compensation of \$79,901, in tax receipts and was allocated as follows: \$1,139,218, or 40% of the first 5% and 50% of the remaining 2%, to the Valdosta/Lowndes County Tourism Authority, \$335,000 to the Valdosta/Lowndes Conference Center, \$293,338 to the Airport Authority, and \$190,000 to the Turner Arts Center. The remainder of \$687,751 was retained by the City and will be spent in accordance with legal provisions.

NOTE 19. ACCOUNTING CHANGES

FUNDS OPENED

The General Capital Projects fund was opened on July 1, 2014.

FUNDS CLOSED

The GA DCA CHIP Grant 98M-X-092-512-013 fund was closed effective July 1, 2015.

The Sales Tax 2002 fund was closed effective July 1, 2015.

The Sales Tax 2007 fund was closed effective July 1, 2015.

NOTE 20. CONSTRUCTION COMITTMENTS

The City has active construction projects as of June 30, 2015. The projects include the expansion of the City's sewer system, sidewalk construction, and street design services. At year end, the City's commitments with contractors are as follows:

Project	Spent-to-date	Remaining Commitment
Design Build New		
Withlacoochee WPCP	\$4,396,886	\$10,392,499
Gordon Street Sidewalk Construction	173,697	23,693
Design Services S. Troup Street		
Enhancement	40,567	2,433

NOTE 21. PRIOR PERIOD ADJUSTMENTS

During the year ended June 30, 2015, the City of Valdosta implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions-an amendment of GASB Statement No. 27, and GASB No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date-an amendment of GASB Statement 68. This resulted in an adjustment to the beginning net position on the government-wide statement of activities and changes in net position of (\$38,163,915) to recognize the net position liability and the deferred inflows of resources and deferred outflows of resources related to pensions that are required to be reported in accordance with GASB 68 and GASB 71.

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Confiscated Funds - to account for confiscated funds collected by the City of Valdosta's Police Department.

Property Evidence Fund - to account for property collected by the City of Valdosta's Police Department.

GA DCA Chip Grant 98M-X_092_512-013 - to account for grant funds received from the Georgia Department of Community Affairs. The Chip program provides funding for a portion of construction costs for nine new homes for eligible low and moderate income persons.

U.S. Department of Justice Local Law Enforcement Block Grants - to account for Local Law Enforcement Block Grant funds from the U.S. Department of Justice which are to be used to purchase equipment in the City's Police Department.

Urban Development Action Grant Fund - to account for funds received in accordance with Title I, Section 119, of the Housing and Community Development Act of 1974. Funds are designated for the use of financing second mortgages for qualified buyers.

GA DCA CHIP Grant 01M-X-092-2-2568 - to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons.

GA DCA CHIP 02M-X-092-2-2695 - to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons.

Federal HUD Entitlement Grant - to account for grant funds from the U. S. Department of Housing and Urban Development Community Development Block Grant Entitlement Program. This program supplies funds to support the development of viable urban communities by providing decent housing, a suitable living environment and economic opportunities, principally for persons of low and moderate income.

GA DCA CHIP 04M-X-092-2-2915 - to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons as well as funding for home-owner rehabilitation projects.

GA DCA CHIP 06M-X-092-2-2951 - to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons as well as funding for home-owner rehabilitation projects.

GA DCA CHIP 07M-X-092-2-2961 - to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons as well as funding for home-owner rehabilitation projects.

GA DCA CHIP 07MR-X-092-2-2979 - to account for grant funds received from the Georgia Department of Community Affairs. The CHIP program provides funding for a portion of construction costs for new homes for eligible low and moderate income persons as well as funding for home-owner rehabilitation projects.

Accommodation Tax Fund - this fund accounts for hotel/motel tax monies received by the City. These funds are used to promote tourism in Valdosta and Lowndes County. By statute, 40% of collections must go to the Tourism Authority. The remainder is used to fund the City's contributions to the Conference Center, Airport Authority, and Industrial Authority.

Youth Recreation Scholarships - to account for funds received by contribution and/or fund raisers to be used to offset costs for economically disadvantaged youth who want to participate in the City's recreation activities and sports programs.

Capital Project Funds

Airport Development Fund - to account for the financing and construction of ongoing capital improvements at the Valdosta Regional Airport. The majority of the financing is provided by grants from the Federal Aviation Administration and the Georgia Department of Transportation.

General Capital projects Fund - to account for the financing of various capital improvement projects.

Permanent Fund

Sunset Hill Trust Fund - to provide perpetual care for the Sunset Hill Cemetery. For reporting purposes, there are two distinct sections of the cemetery, designated New Section and Old Section. The primary difference between the two sections is that the sales price of lots in the New Section includes perpetual care, whereas in the Old Section, perpetual care is sold separately. Interest income earned on investments is transferred to the General Fund to aid in maintaining the cemetery.

STATISTICAL SECTION (UNAUDITED)

City of Valdosta, Georgia Statistical Section (Unaudited)

This part of the City of Valdosta's comprehensive annual financial report presents detailed information as a context for understanding this year's financial statements, note disclosures, and supplementary information. This section includes data for the City (i.e., the primary government) only and does not include the City's discretely presented component unit. This information has not been audited by the independent auditor.

Financial Trends

These tables contain trend information that may assist the reader in assessing the City's current financial performance by placing it in historical perspective.

Revenue Capacity

These tables contain information that may assist the reader is assessing the viability of the City's two most significant "own-source" revenue sources, water/sewer fees and property taxes.

Debt Capacity

These tables present information that may assist the reader in analyzing the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These tables offer economic and demographic indicators that are commonly used for financial analysis and that can inform one's understanding the City's present and ongoing financial status.

Operating Information

These tables contain service and infrastructure indicators that can inform one's understanding how the information in the City's financial statements relates to the services the City provides and the activities it performs.

Source:

Unless otherwise noted, the information in these tables is derived from the annual financial reports for the relevant year.

The City of Valdosta has implemented GASB 44 for the fiscal year ended June 30, 2006.

Water and Sewer Rates

Last Ten Fiscal Years

	Residential Class												
Fiscal Year	Water Base Charge	Sewer Base Charge	Water Rate Per CCF	Sewer Rate Per CCF									
2006	2.50	2.50	1.15	2.30									
2007	2.50	2.50	1.15	2.30									
2008	2.50	2.50	1.15	2.30									
2009	2.50	2.50	1.27	2.54									
2010	2.50	2.50	1.27	2.54									
2011	3.00	3.00	1.33	2.66									
2012	3.50	3.50	1.40	2.80									
2013	4.20	4.20	1.40	2.80									
2014	5.60	5.60	1.40	2.80									
2015	6.30	6.30	1.40	2.80									

Note: Rates are based on 5/8" meter, which is the standard household meter size. Rates for outside the city limits are doubled.

	Bulk C	ass
Fiscal Year	Water Rate Per CCF	Sewer Rate Per CCF
2006	0.82	1.75
2007	0.82	1.75
2008	0.82	1.75
2009	0.90	2.04
2010	0.90	2.04
2011	0.90	2.04
2012	0.90	2.04
2013	N/A	N/A
2014	N/A	N/A
2015	N/A	N/A

Note: Base charge varies with meter size. Bulk rate user with industrial sized meter using greater than 1,000 CCF per month. Separate bulk rate discontinued in fiscal year 2013.

*Overlapping rates are those of local and county governments that apply to property owners within the City of Valdosta. Not all overlapping rates apply to all Valdosta property owners; for example, the Community Improvement District rates apply only to the city property owners whose property is within the district's geographic boundaries.

Direct and Overlapping Governmental Activities Debt

As of June 30, 2015

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable	Estimated Share of Overlapping Debt
Debt repaid with property taxes Valdosta City School System	\$15,190,000	100.00%	\$15,190,000
Other debt Lowndes County - Capital leases	7,318,900	45.24%	<u>3,311,070</u> 3,311,070
Subtotal, overlapping debt			18,501,070
City direct debt			0
			\$18,501,070

Sources: Assessed value data used to estimate applicable percentage provided by Lowndes County. Debt outstanding provided by each government.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the city's boundaries and dividing it by each unit's total taxable assessed value.

Estimated percentage applicable based on 2014 County taxable valuation of \$3,220,093,882 and City taxable valuation of \$1,456,620,061 percent 45.24%.

CITY OF VALDOSTA, GEORGIA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2015

NOTE 1. GENERAL

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the City of Valdosta (the "City"). The City receives pass-through financial assistance from the Georgia Department of Community Affairs and the Georgia Department of Transportation.

NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council City of Valdosta, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Valdosta, Georgia, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Valdosta, Georgia's basic financial statements, and have issued our report thereon dated December 31, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Valdosta, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Valdosta, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Valdosta, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Valdosta, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Honorable Mayor and Members of the City Council City of Valdosta, Georgia

Report on Compliance for Each Major Federal Program

We have audited the City of Valdosta, Georgia's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City of Valdosta, Georgia's major federal programs for the year ended June 30, 2015. The City of Valdosta, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Valdosta, Georgia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Valdosta, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Valdosta, Georgia's compliance.

P.O. Box 2241 Valdosta, GA 31604-2241

Opinion on Each Major Federal Program

In our opinion, the City of Valdosta, Georgia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of the City of Valdosta, Georgia, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Valdosta, Georgia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Valdosta, Georgia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance possibility that material noncompliance with a type of compliance is a reasonable possibility that material noncompliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

None reported

CITY OF VALDOSTA, GEORGIA SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS FOR THE YEAR ENDED JUNE 30, 2015

Status of Prior Year Findings

2014 - 001 - Special Purpose Local Option Sales Tax Proceeds

<u>Criteria</u>: In accordance with the Official Code of Georgia (OCGA) Section 48-8-121, Special Purpose Local Option Sales Tax proceeds shall be used exclusively for the purpose or purposes specified in the resolution or ordinance calling for imposition of the tax. Such proceeds shall be kept in a separate account from other funds of such City receiving proceeds of the sales and use tax and shall not in any manner be commingled with other funds.

<u>Condition</u>: For the fiscal year ended June 30, 2014, the City was not in compliance with OCGA Section 48-8-121. By transferring the Sales Tax 2007 proceeds to the General Fund, the City commingled the funds, and therefore is not in compliance with state law.

Status: Resolved.
