### INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council  
City of Warner Robins Georgia  
Warner Robins, Georgia

#### **Report on the Audit of the Financial Statements**

##### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Warner Robins, Georgia (the "City"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Warner Robins, Georgia (the "City"), as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

##### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

##### ***Responsibilities of Management for the Financial Statements***

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Information, Schedule of Changes in the City's Net Pension Liability and Related Ratios, Schedule of Pension Contributions, and the Schedule of Changes in the City's Total OPEB Liability and Related Ratios on pages 4 through 23, and pages 79 through 83, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and

comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Combining and Individual Nonmajor Fund Financial Statements and Schedules, the Schedule of Bonds Payable with Interest, the Schedule of State Requirements, as required by the Official Code of Georgia 48-8-121, and the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Combining and Individual Nonmajor Fund Financial Statements and Schedules, the Schedule of Bonds Payable with Interest, the Schedule of State Requirements, as required by the Official Code of Georgia 48-8-121, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, the Combining and Individual Nonmajor Fund Financial Statements and Schedules, the Schedule of State Requirements, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2023 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**CITY OF WARNER ROBINS, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022**

---

The City of Warner Robins' basic financial statements are presented for the fiscal year ended June 30, 2022. The components of the financial statements include Management's Discussion and Analysis (MD&A), Basic Financial Statements, and Other Required Supplementary Information (RSI). The MD&A, a component of RSI, introduces the basic financial statements and provides an analytical overview of the City's financial activities.

**FINANCIAL HIGHLIGHTS**

For fiscal year 2022, key financial highlights are as follows:

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources (net position) at June 30, 2022 by \$ 242.2 million. Of this amount, the unrestricted net position was \$24.9 million.
- The City's total net position decreased by \$ 811 thousand or 0.3% in relation to the prior fiscal year end, as restated. Net position of governmental activities decreased by \$ 3.7 million, while the net position of business-type activities increased by 2.9 million.
- On a government-wide basis, the City's total assets and deferred outflow of resources decreased by \$ 2.2 million and total liabilities and deferred inflows of resources increased by \$1.5 million.
- The business-type activities or enterprise funds closed the fiscal year with operating revenues exceeding operating expenses by \$3.4 million, representing an decrease of \$367 thousand from FY 2021.
- As of June 30, 2022, the City's governmental funds reported a combined ending fund balances of \$49.8 million, representing a decrease of \$891 thousand or -1.8% in comparison to the previous fiscal year end, as restated. Of this amount, \$18.3 million is designated as unassigned fund balance and is therefore available for spending at the government's discretion.
- For the General Fund, the ending fund balance was \$20.7 million, which increased \$849 thousand or 4.3% from fiscal year 2021 fund balance, as restated.
- The sales tax collections for the 2018 Special Purpose Local Option Sales Tax (SPLOST), which continues through September 2024, totaled \$9.1 million. This represented an increase of nearly \$614 thousand or 7.1% above projected revenues for referenced period.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City of Warner Robins' basic financial statements. The City's basic financial statements are composed of the government-wide financial statements, the fund financial statements, and the notes to the financial statements. This report also contains other supplementary information following these financial statements, which may be of interest to the reader.

### **Reporting the City as a Whole Government-wide Financial Statements**

The government-wide financial statements, which include the Statement of Net Position and the Statement of Activities answer the question, "How did we do financially during 2022?" These statements report information about the City as a whole, including all assets and liabilities using the accrual basis of accounting. This is similar to the accounting used by most private-sector entities. In addition, this basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when the cash is received or paid. Further, the statements provide both long-term and short-term information about the City's overall financial condition. Changes in the City's financial position may be measured over time by increases and decreases in the Statement of Net Position. Information regarding how the City's net position changed during the fiscal year is presented in the Statement of Activities. Specifically, from the year-over-year comparison, the reader is able to ascertain if there was an improvement or decline in the City's overall financial performance.

In the Statement of Net Position and the Statement of Activities, the City reports the primary government, which includes the governmental activities as well as the business-type activities. The governmental activities' programs and services reported include general government, judicial, public safety, and recreation. The business-type activities' program services include the natural gas system, water and sewer system, storm water drainage, and sanitation. The City's component units are also reported in the government-wide financial statements. More detailed information regarding the component units can be found in Note 1, Summary of Significant Accounting Policies, of the Financial Statements.

The government-wide financial statements may be found on pages 24 and 25 of this report.

### **Reporting the City's Most Significant Funds Fund Financial Statements**

Fund financial statements, unlike the government-wide financial statements, provide more detailed information regarding the City's funds. The City uses various funds to account for a multitude of financial transactions that are necessary for the successful day-to-day operations of the City, with a focus on how money flows into and out of these funds and the balances remaining at year end that are available to meet future expenditure needs. The City's financial statements for all governmental funds are presented on the modified accrual basis of accounting, with the revenues recorded when both measurable and available, and expenditures recorded when the goods or services are received and the liabilities are incurred. The governmental fund financial statements provide a detailed short-term view of the City's general operations and the basic services provided. Governmental fund financials assist in determining if there are adequate

financial resources available that can assist in financing the overall future operational needs of the City and the various stakeholders to which it is indebted to serve. However, the fund financial statements primarily focus on the City's most significant funds. Fund financial statements include statements for governmental and proprietary funds. The City's major governmental funds include the General Fund, American Rescue Plan Fund, 2018 Special Purpose Local Option Sales Tax (SPLOST) Capital Projects Fund, and the Warner Robins Public Facilities Authority (WRPFA) Capital Projects Fund. The City's major proprietary funds include the Natural Gas System Fund, Water and Sewer System Fund, Storm Water Drainage Fund, and Sanitation System Fund.

The governmental fund financial statements can be found on pages 26 through 29 and the proprietary fund financial statements can be found on pages 30 through 34 of this report. The relationship (or differences) between governmental *activities* reported in the Statement of Net Position and the Statement of Activities and governmental *funds* is reconciled in the financial statements and can also be found in this referenced section.

### **Notes to the Basic Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Note 1 to the financial statements provides detailed information on the elements of the financial statements, which includes a summary of significant accounting policies that assist in interpreting the information presented.

The notes to the financial statements may be found on pages 35 through 78 of this report.

### **Other Financial Reporting**

Combining and individual statements of non-major special revenue governmental funds are presented, providing a comprehensive review of the financial transactions through the respective year-end. The central non-major governmental funds, based on the ending fund balance at June 30, 2022, include the following:

- Bureau of Civic Affairs
- Community Development
- Law Enforcement
- Redevelopment Agency of the City of Warner Robins
- 2012 SPLOST Capital Projects
- Visitor Center Capital Projects

The associated combining and individual statements may be found on pages 84-97.

Internal Service Funds' combining statements, which include the Workers Compensation and Group Health Insurance special revenue funds may be found on pages 98-100.

Table 1 below summarizes the major features of the basic financial statements.

**Table 1:

Total assets	235,881	239,734	180,409	159,415	416,290	399,149
Deferred outflows	15,454	13,764	2,640	2,401	18,094	16,165
Total assets and deferred outflows	251,335	253,498	183,049	161,816	434,384	415,314
<b>Liabilities and Deferred Inflows</b>						
Current liabilities	24,917	23,149	7,558	4,603	32,475	27,752
Long-term liabilities	68,945	83,796	67,910	55,006	136,855	138,802
Total liabilities	93,862	106,945	75,468	59,609	169,330	166,554
Deferred inflows	18,545	3,923	4,285	1,802	22,830	5,725
Total liabilities and deferred inflows	112,407	110,868	79,753	61,411	192,160	172,279
<b>Net Position</b>						
Net investment in						
Capital assets	135,039	138,576	50,122	60,569	185,161	199,145
Restricted	29,059	30,800	3,131	3,118	32,190	33,918
Unrestricted	(25,170)	(26,746)	50,043	36,718	24,873	9,972
Total net position	\$ 138,928	\$ 142,630	\$ 103,296	\$ 100,405	\$ 242,224	\$ 243,035

By far the largest portion (\$185.2 million) of the City of Warner Robins' total net position reflect its net investment in capital assets (e.g., land, buildings and improvements, infrastructure, machinery and equipment, etc.), less accumulated depreciation and related debt. The City employs these various capital assets to provide daily services to its citizens; consequently, these assets are not available for future spending. Unrestricted net position reflects a surplus of nearly \$24.9 million as of June 30, 2022. Restricted net position of \$32.2 million represents resources that are subject to external restrictions, constitutional provisions, and/or enabling legislation, which govern how the funds can be used.

From strictly an activities perspective regarding unrestricted net position, governmental activities reflect a negative unrestricted net position of \$25.2 million as of June 30, 2022. Business-type activities, however, reflect a positive unrestricted net position of \$50 million for the identical reporting period.

Table 3 presents the City's condensed statement of activities (in thousands) for the fiscal years ended June 30, 2022 and 2021, as derived from the government-wide Statement of Activities on page 25. Over time, increases or decreases in net position measure whether the City's financial position is improving or experiencing a decline, providing the opportunity to proactively address and implement corrective fiscal actions needed, if any. During the fiscal year, the net position of the governmental activities decreased by \$3.7 million, and the net position of the business-type activities increased by \$2.9 million.

City of Warner Robins

### **Program Expenses and Revenues for Governmental Activities**

Table 4 presents the net costs of governmental activities. As reflected, overall total program revenues were not sufficient to cover program expenses for governmental activities. General revenues, predominately taxes, supported the net costs of governmental activities. Program revenues as a percentage of program expenses decreased 7.4% for governmental activities from fiscal year 2021 to fiscal year 2022.

### **Program Expenses and Revenues for Business-type Activities**

Table 5 presents the net income and costs of business-type activities. Program revenues generated were more than sufficient to cover program expenses. Overall, program expenses as a percentage of program revenues decreased 1.2% for business-type activities from fiscal year 2021 to fiscal year 2022.

**City of Warner Robins, Georgia**

## OVERALL FINANCIAL ANALYSIS

Financial highlights for the City as a whole for the fiscal year ended June 30, 2022, include the following:

According to the Statement of Net Position at June 30, 2022, the assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$138.9 million for the governmental activities and by \$103.3 million for the business-type activities.

The City's total net position decreased during the year by \$811 thousand or 0.3% in comparison to the previous fiscal year end. Net position of governmental activities decreased by \$3.7 million, while the net position of business-type activities increased by \$2.9 million. The decrease in the net position for the City's governmental activities was greater than the prior year's decrease of \$763 thousand. The decrease in net position from 2022 is primarily attributed to the increases in downtown development expenditures offset by decreases in judicial and public safety expenditures.

Operating revenues in the City's business-type or enterprise funds increased by \$7.9 million or 15.2% from FY 2021 to FY 2022, with a corresponding increase in operating expenses of \$8.3 million or 17% for the identical reporting period. This overall increase was primarily attributed to the activity in the Natural Gas System enterprise fund. An increase in natural gas rates to customers coupled with a increase in gas cost both contributed to the overall year-over-year increases in the enterprise funds.

Year-over-year changes realized in the enterprise funds' operating revenues are as reflected below:

<b>Enterprise Funds Operating Revenues</b>	<b>FY 2022</b>	<b>FY 2021</b>	<b>Dollar Change</b>	<b>Percent Change</b>
Natural Gas System	\$26,230,804	\$21,392,758	\$4,838,046	22.62%
Water and Sewer System	22,075,872	19,742,915	2,332,957	11.82%
Storm Water Drainage	3,089,790	3,051,840	37,950	1.24%
Sanitation	8,538,647	7,858,552	680,095	8.65%
<b>Total</b>	<b>\$59,935,113</b>	<b>\$52,046,065</b>	<b>\$7,889,048</b>	<b>15.16%</b>

Year-over-year changes realized in the enterprise funds' operating expenses are as reflected below:

<b>Enterprise Funds Operating Expenses</b>	<b>FY 2022</b>	<b>FY 2021</b>	<b>Dollar Change</b>	<b>Percent Change</b>
Natural Gas System	\$27,278,793	\$19,320,092	\$7,958,701	41.19%
Water and Sewer System	16,407,808	17,086,917	-679,109	-3.97%
Storm Water Drainage	2,968,799	3,219,060	-250,261	-7.77%
Sanitation	9,911,920	8,685,152	1,226,768	14.12%
<b>Total</b>	<b>\$56,567,320</b>	<b>\$48,311,221</b>	<b>\$8,256,099</b>	<b>17.09%</b>

Year-over-year changes realized in the enterprise funds' overall results of operations are as reflected below. The Water and Sewer System Fund was responsible for the lion's share of the operating income by closing the fiscal year at \$5.7 million or 59% of total enterprise funds' operating income. As shown, at June 30, 2022, operating revenues for the City's business-type activities or enterprise funds exceeded operating expenses by \$3.4 million.

<b>Enterprise Funds Operating Income (Loss)</b>	<b>FY 2022</b>	<b>FY 2021</b>	<b>Dollar Change</b>	<b>Percent Change</b>
Natural Gas System	(1,047,989)	\$2,072,666	(3,120,655)	-150.56%
Water and Sewer System	5,668,064	2,655,998	3,012,066	113.41%
Storm Water Drainage	120,991	(167,220)	288,211	-172.35%
Sanitation	(1,373,273)	(826,600)	(546,673)	66.14%
<b>Total</b>	<b>\$3,367,793</b>	<b>\$3,734,844</b>	<b>(\$367,051)</b>	<b>-9.83%</b>

### **The City's Funds**

Funds (governmental, enterprise and internal service) that experienced significant changes during the fiscal year ended June 30, 2022, are referenced below.

#### **Governmental Funds**

As of the close of the fiscal year, the City's Governmental Funds reported a combined ending fund balance of \$49.8 million, which represented a decrease of \$891 thousand or -1.8% from FY 2021. Total revenues were \$58.3 million and total expenditures were \$62 million for all governmental funds, representing a year-over-year increase of \$996 thousand in total revenues and a decrease of \$13.9 million in total expenditures. The increase in revenues is primarily attributable to increased general property taxes and other taxes offset by a decrease in intergovernmental revenues. The decrease in total expenditures is the result of decreased capital outlay in the Public Facilities Authority Capital Projects Fund of \$8.1 million coupled with decreased spending in the General Fund and 2018 SPLOST Capital Projects Fund. Beginning with the June 30, 2021, year-end, the American Rescue Plan Fund was created and classified as a major governmental fund to account for funds received from the American Rescue Plan Act of 2021 (ARP).

### General Fund

The General Fund's total fund balance as of June 30, 2022 was \$20.7 million. The General Fund's fund balances are segregated by the extent to which the governing body is bound to honor constraints on the specific purpose for which the amounts can be expended. Of the total General Fund's fund balance, \$841 thousand is nonspendable, \$1.6 million is committed, and \$18.3 million is unassigned. The year-over-year increase in the General Fund's unassigned fund balance of \$492 thousand or 2.7% is largely due to a larger percentage of the General Fund's assets being composed of prepaid items. Prepaid items are nonspendable, resulting in a reduction in the total unassigned fund balance. At year-end, nonspendable prepaid items totaled \$783 thousand of the General Fund's total nonspendable fund balance. For the prior fiscal year end, however, nonspendable prepaid items totaled only \$150 thousand. The total fund balance for the General Fund increased by \$849 thousand or 4.3% from the previous fiscal year end. Revenues decreased \$1.6 million or 3.6% primarily due to a decrease in intergovernmental revenues from CARES Act Funding, this decrease was offset in part by a decrease in expenditures of \$1.4 million or 3%. A decrease in public safety spending accounts for the majority of the decrease in General Fund expenditures.

### American Rescue Plan Fund

The American Rescue Plan Fund was created and classified as a major governmental fund to account for funds received from the American Rescue Plan Act of 2021 (ARP). The ending fund balance at June 30, 2021 was \$0 due to cash received being offset by a deferred inflow of resources.

### 2018 Special Purpose Local Option Sales Tax (SPLOST) Capital Projects Fund

The 2018 SPLOST Capital Projects Fund that houses the one-cent sales tax proceeds that are primarily dedicated to funding the cost of capital outlay projects throughout the City was classified as a major fund. The ending fund balance at June 30, 2022 was \$16 million, representing a year-over-year increase of \$3.9 million or 32.3%. Total revenues and total expenditures were \$9.1 million and \$5.2 million, respectively, for the 2018 SPLOST Capital Projects Fund. Year-over-year revenues increased by \$534 thousand, while expenditures decreased by \$3.9 million. Decreases in capital outlay cost associated with the referendum-approved projects continue to draw down the fund balance, which is anticipated as the City concludes year three of the six-year 2018 SPLOST receipts that commenced October 2018. Sales tax collections associated with the 2018 SPLOST continue through September 2024.

### Warner Robins Public Facilities Authority (WRPFA) Capital Projects Fund

In addition to the 2018 SPLOST Capital Projects Fund, in 2018 the City established a capital projects fund dedicated to account for those capital projects that were financed with the Warner Robins Public Facilities Authority Revenue Bonds, Series 2018. These revenue bonds that are pledged by the full faith and credit of the City were issued by the Warner Robins Public Facilities Authority. The WRPFA Capital Projects Fund had an ending fund balance of \$2.3 million at June 30, 2022 year-end. This represented a decrease of \$2.4 million or -50.3% over FY 2021. Total revenues and total expenditures were \$12.6 thousand and \$4.2 million, respectively, for the WRPFA Capital Projects Fund. Year-over-year revenues increased by \$11 thousand or 651.6% while year-over-year expenditures decreased by \$8 million or 65.7%. The significant decrease in expenditures was attributed to the decreased in capital outlay expenditures.

### Enterprise Funds

The City's Enterprise Funds reported a total net position of \$103.3 million at June 30, 2022, an increase of \$2.9 million or 2.9% from June 30, 2021. Total operating revenues were \$59.9 million, representing a year-over-year increase of \$7.9 million or 15.2%. Total operating expenses were \$56.6 million, representing a year-over-year increase of \$8.3 million or 17.1%.

#### Natural Gas System Fund

The Net Position of the Natural Gas System Fund at June 30, 2022 was \$16.7 million, representing a decrease of \$3.3 million or -16.6% from fiscal year 2021. Both total operating revenues and total operating expenses experienced an increase for the reporting period. From a year-over-year perspective, total operating revenues increased \$4.8 million or 22.6% while total operating expenses increased nearly \$8 million or 41.2%. The increase in both revenues and expenses were attributed to the increases in volumes of natural gas sold.

#### Water and Sewer System Fund

The Net Position of the Water and Sewer System Fund increased during fiscal year 2022. At June 30, 2022 the net position was \$66.3 million, representing an increase of \$4.9 million or 8.1% in comparison to fiscal year 2021. From a year-over-year perspective, total operating revenues realized an increase of \$2.3 million or 11.8% while total operating expenses also realized a decrease of \$679 thousand or 4.0%. Increased charges for services reflected in the operating revenues line item grew nearly \$2 million, accounting for much of the increase in total operating revenues.

#### Storm Water Drainage Fund

The Net Position of the Storm Water Drainage Fund increased for fiscal year 2022. At June 30, 2022 the net position was \$20.9 million, representing an increase of \$1.1 million or 5.5% in comparison to fiscal year 2021. From a year-over-year perspective, total operating revenues realized a modest increase of \$38 thousand or 1.2% while total operating expenses realized a decrease of \$250 thousand or 7.8%. Increased capital contributions from developers in the non-operating revenues line item grew nearly \$314 thousand, accounting for a portion of the increase in net position.

#### Sanitation Fund

The Net Position of the Sanitation Fund at June 30, 2022 was a deficit of \$556 thousand, representing an increase of \$180 thousand or 24.5% in comparison to fiscal year 2021. From a year-over-year perspective, total operating revenues were up \$680 thousand or 8.7% while total operating expenses realized an increase of \$1.2 million or 14.1%. For the Sanitation Fund, operating revenues continue to consistently fall short of operating expenses, resulting in a downward pull on remaining funds available for operations.

#### Internal Service Funds

The City's Group Health Internal Service Fund, which is the primary internal service fund representing 94% and 94.6% of total operating revenues and total operating expenses, respectively, reported a negative net position of \$1 million at June 30, 2022. This represented an increase of \$77.8 thousand or 6.9% from the prior fiscal year end. Contributions to the fund were not sufficient to cover the deficit realized at the beginning of the two prior fiscal years in addition to the current year's operating expenses. The Worker's Compensation Internal Service Fund reported a net position of \$1.3 million at June 30, 2022, which was \$57.8 thousand or 4.5% over the previous fiscal year end. Overall, the combined net position for the City's Internal Service Funds at June 30, 2022 was \$290 thousand, representing an increase of \$136 thousand or 87.7% over FY 2021.

## **BUDGETARY HIGHLIGHTS**

Over the course of the fiscal year, the Mayor and Council of the City of Warner Robins amended the budget to align with funding needs that occurred throughout the fiscal year. These budget amendments were supplemental appropriations to primarily address operational and capital projects funding shortfalls, which included funding for both routine and non-routine expenditures that occurred in the overall operation of the City. Budget amendments were also prepared to prevent any budget overruns. The variances between the original and final budget, or between the final and actual budget, are not expected to have a significant effect on the City's overall financial liquidity and most of all the level of services provided to the citizens of Warner Robins.

For the General Fund, the final amended budget of \$55.5 million (excluding other financing sources and uses) was \$7.6 million or 16% over the original appropriated budget through fiscal year end. This difference was primarily attributed to allocations from the unrestricted fund balance for the prior year's encumbrances of \$1.7 million, which increased the final total budgeted expenditures amount for FY 2022. In addition, the occurrence of legally adopted budget amendments of \$2.1 million worked to increase the final revised budget amount. Additional information regarding the General Fund budget variances may be found on Note 2 – Stewardship, Compliance and Accountability on pages 48-50 and on the Budgetary Comparison Schedule in the Required Supplementary Information (RSI) section on page 79.

## **CAPITAL PROJECTS FUNDS**

Various roadway and walkway projects, building projects, recreation facility improvement projects as well as distribution system capital projects are funded from the 2006, 2012 and 2018 one-cent Special Purpose Local Option Sales Tax (SPLOST) funds. Amounts expended from the 2006 SPLOST Fund for capital projects for fiscal year 2022 totaled \$25 thousand and was dedicated for road, street and sidewalk. As for the 2012 SPLOST, general capital obligations totaled \$1.4 million and included the following: road, street and sidewalk \$47 thousand, public safety \$7 thousand, water and sewer system \$1.3 million, general government \$19 thousand, city development \$4 thousand, and recreation facilities \$6 thousand. Given that the 2018 SPLOST is currently the active SPLOST for the City of Warner Robins, much of the SPLOST capital projects through fiscal year end were financed from this fund. At June 30, 2020 the 2018 SPLOST Fund expended \$2 million for capital projects, as referenced below:

- \$57,545: Recreation facilities, state of the arts sports complex
- \$229,864: Roads, streets, and sidewalks
- \$557,711: Public safety facilities
- \$247,401: Water and sewer distribution improvements
- \$893,894: General capital obligation

In addition to the above referenced SPLOST capital projects, the Warner Robins Public Facilities Authority Capital Projects Fund financed numerous capital projects around the city through fiscal year end. A total of \$3.2 million was expended, which included the following:

- \$2,065,608: Ted Wright Park
- \$1,083,271: Recreation facilities
- \$4,780: Public safety facilities

## CAPITAL ASSETS

The City of Warner Robins' investment in capital assets for its governmental and business-type activities as of June 30, 2022 totaled 280.9 million (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, machinery and equipment, parks and recreation facilities, and a network of distribution systems (natural gas, water and sewer, storm water drainage, and sanitation). The year-over-year changes in capital assets for the City are reflected in the chart below.

Capital Assets	FY 2022	FY 2021 <sup>1</sup>	Dollar Difference	Percent Difference
Land	\$22,205,666	\$22,947,631	(\$741,965)	-3.23%
Construction in progress	20,035,985	11,241,039	8,794,946	78.24%
Buildings and improvements	38,041,114	46,236,595	(\$8,195,481)	-17.73%
Machinery and equipment	39,768,313	40,181,146	(\$412,833)	-1.03%
Infrastructure	189,123,195	187,768,717	1,354,478	0.72%
Distribution Systems	182,704,679	178,590,096	4,114,583	2.30%
<b>Total</b>	<b>\$491,878,952</b>	<b>\$486,965,224</b>	<b>\$4,913,728</b>	<b>1.01%</b>

Note<sup>1</sup>: Excludes accumulated depreciation

Overall, for the fiscal year end, capital assets increased \$4.9 million or approximately 1.0% in comparison to fiscal year 2021.

Capital assets additions strictly for the City's Governmental funds for fiscal year 2022 are as follows:

<b>Capital Asset Category</b>	<b>Amount</b>
Land	\$ (1,120,379)
Construction in progress	4,061,175
<b>Total Non-depreciable asset additions</b>	<b>2,940,796</b>
Buildings and improvements	(8,195,482)
Machinery and equipment	(400,012)
Infrastructure	1,354,480
Distribution systems	-
<b>Total depreciable asset additions</b>	<b>-7,241,014</b>
<b>Total</b>	<b>(\$4,300,218)</b>

More detailed information on capital assets may be found in Note 3 to the Basic Financial Statements.

### **DEBT ADMINISTRATION**

As of June 30, 2022, the City reported a total long-term obligations balance, exclusive of Net Pension, OPEB Liability and accrued interest, of \$98 million. This represented an increase of \$11.6 million or 13.5% in comparison to the previous fiscal year end. The current portion of the long-term obligations totals \$7.7 million and is comprised of the following: Claims Payable (\$284 thousand), Compensated Absences (\$1.3 million), Financed Purchases (\$133 thousand), Contracts Payable (\$121.5 thousand), and Bonds and Notes Payable (\$5.8 million). The noncurrent portion is comprised of Compensated Absences (\$601 thousand), Financed Purchases (\$2.5 million), Contracts Payable (\$1.7 million) and Bonds and Notes Payable (\$85.4 million).

Article 9, Section 5, Paragraph I (a) of the Constitution of the state of Georgia states that no county, municipality, or other political subdivision may incur long-term obligations (other than refunding obligations) payable out of general property taxes without the approval of a majority of the qualified voters of such county, municipality, or other political subdivision voting at an election called to approve the obligations. In addition, the article also indicates that no county, municipality, or other political subdivision may incur long-term obligations payable out of the general property taxes in excess of 10% of the assessed value of all taxable property within the district. Temporary loans or short-term obligations (those payable within the same calendar year in which they are incurred), installment purchase obligations subject to annual appropriation, and intergovernmental obligations are not subject to the legal limitations described above.

As of June 30, 2022, as reflected on the chart below, the City's net assessed value was 1.9 billion. The legal debt limit for the City's long-term debt is \$191 million, which represents 10 percent of the net assessed value of property taxable for ad valorem tax purposes. For the City, this means that 100 percent of the legal debt limit is available for the issuance of additional GO bonds should the need arise. This is a highly favorable position given that some local governments in the state of Georgia are operating at double-digit limits regarding their debt capacity. This favorable position has all been made possible by the City's continued effort to adhere to sound fiscal policies regarding the issuance of long-term debt.

As of June 30, 2022, the City had not issued any direct general obligation bonds. As shown, the City also has not issued any general obligation bonded debt for all prior fiscal years referenced below.

	June 30,				
	2018	2019	2020	2021	2022
<b>Assessed Value</b>	\$ 1,637,343,799	\$ 1,713,488,603	\$ 1,765,196,738	\$ 1,805,018,664	\$ 1,911,943,368
<b>Legal Debt Margin</b>

<b>Legal Debt Margin</b>	\$ 163,734,380	\$ 171,348,860	\$ 176,519,674	\$ 180,501,866	\$ 191,194,337
<b>Total net debt applicable to the limit as a % of the debt limit</b>	0.00%	0.00%	0.00%	0.00%	0.00%

Refer to Note III-G of this report for additional information on the City's long-term obligations.

## ECONOMIC OUTLOOK

The City of Warner Robins, GA was again positioned to realize an overall strengthened year-end financial position. The City as in prior years has continued to operate from a fiscally responsible position despite the continuance of the COVID-19 pandemic. Through it all, we became stronger as a city and validated why we are known as the "International City". Individuals from all walks of life stepped up to assist and continued to assist others when needed. We have learned that we are resilient, innovative, resourceful, and more determined than ever to ensure the safety and welfare of our city. With the Coronavirus Pandemic continuing to affect the entire nation, unemployment rates in the Warner Robins Metropolitan Statistical Area has steadily decreased during fiscal year 2022 to 3.5% at June 30, 2022. A slight downward trend in the unemployment rate has continued into fiscal year 2023.

The City's Calendar Year (CY) 2021, Fiscal Year 2022 net taxable digest experienced an increase of 5.5% over the net taxable digest for CY 2020, FY 2021. As reflected in the tables below, the City has realized a year-over-year increase in the net tax digest for ad valorem tax purposes for each of the years reported.

To maintain the current level of service, the governing body enacted the mill levy for CY 2021, FY 2022 of 9.98 mills for property located in Houston County and 8.926 mills for property located in Peach County. The millage rate for property in Peach County includes a LOST rollback of 1.054 mills. The millage rates for the City and overlapping governments for fiscal years 2018 – 2022 are reflected in the following two (2) tables below:

### Property Tax Rates<sup>1</sup>

#### Last Five Fiscal Years

*(For Portion of City in Houston County and Houston County School District)*

Fiscal Year	Tax Year	State	City	Houston County	School District	Combined
2018	2017	0	9.983	9.935	13.32	33.238
2019	2018	0	9.98	9.935	13.297	33.212
2020	2019	0	9.98	9.935	13.297	33.212
2021	2020	0	9.98	9.935	13.297	33.212
2022	2021	0	9.98	9.935	13.183	33.098

<sup>1</sup> The millage rate is the rate applied per \$1,000 of assessed property value.

**Property Tax Rates<sup>1</sup>  
Last Five Fiscal Years**

*(For Portion of City in Peach County and Peach County School District)*

Fiscal Year	Tax Year	State	City	Peach County	School District	Combined
2018	2017	0	8.825	14.616	17.073	40.514
2019	2018	0	8.845	14.546	16.989	40.38
2020	2019	0	8.55	14.473	16.902	39.925

2022	2021	0	8.926	14.403	16.819	40.148

<sup>1</sup> The millage rate is the rate applied per \$1,000 of assessed property value.

For the most part, the City has realized an increase in total property tax collections, particularly for the last three years. These gains are anticipated to continue as the City realizes year-over-year population growths. This includes increases in new permits for commercial and residential construction. The property tax digest levies, revenue collections and ending receivables for the last five fiscal years are reflected below:

**Property Tax Digest Levies, Revenue Collections, and Ending Receivables  
Actual FY2018-FY2022**

Wal-Mart Stores East LP	Retail	\$9,798,524	10	0.51%
<b>Total</b>		<b>\$148,943,614</b>		<b>7.36%</b>

In accordance to U.S. statistics, the population of the City has increased approximately 21% since the 2010 census. Per the U. S. Census Bureau, the 2020 census for the City reflects a population of 80,308. The estimated population at July 1, 2022 is 82,175.

The 2018 SPLOST Referendum, which was passed by voters on March 21, 2017 allowed for the special district of Houston County, GA over a period of six years to raise up to \$145 million for the purpose of funding the cost of transportation, public safety, recreation, general capital obligations, public buildings, water and sewer improvements, economic development, and debt service capital outlay projects. This one-percent sales tax collection associated with the 2018 SPLOST commenced October 1, 2018.

For the City of Warner Robins, GA the Monthly Revenues are projected at \$519,019, which represents 25.772% of the 2018 SPLOST Total Projected Monthly Revenues of \$2,013,889. Since the 2018 SPLOST inception, *for all reporting fiscal years*, the City has received a total of \$29.7 million through June 2022 in actual revenue collections, which represent an increase of \$1.4\$6.4 million or 27.5 over projected revenues for all reported periods.

In the building of the annual General Fund budget for fiscal year 2023, City officials considered these overall factors discussed above. On June 30, 2022 the City approved a budget appropriation for the General fund for Fiscal Year 2023 in the amount of \$55.1 million, an increase of 0.07 percent from the 2022 original budget of \$51.3 million. Conservative revenue projections were used in developing the FY 2023 related to the continued COVID-19 health crisis. Tax revenues are projected to provide 63.3% of this appropriation. Selective sales and use tax revenues are budgeted to fund 21.9% and other financing revenues are projected to cover 14.8% of the remaining appropriations. The City will use these revenues to finance programs currently offered and to finance increased program costs due to the City's growth.

The City's business-type activities are experiencing some moderate inflationary pressures on its operational expenses. Gross revenues of the Sanitation Fund, Natural Gas Fund and Storm Water Drainage fund are expected to remain comparable to results of FY 2022.

## **ACKNOWLEDGMENT**

Special appreciation is given to the entire staff of the finance department for their hard work and dedication, which made this document possible. A special thank you is also extended to the many persons across the City that assisted with this endeavor.

Thanks is also extended to the certified public accounting firm of Nichols, Cauley & Associates, LLC for their consummate efforts throughout this process.

Finally, we would also like to thank the Honorable Mayor LaRhonda Patrick and the City Council for their leadership, commitment and contributions to this endeavor.

To the citizens of the City of Warner Robins, we thank you for the opportunity and are honored to serve you.

## **CONTACTING THE CITY'S FINANCE DEPARTMENT**

This financial report is designed to provide our citizens, taxpayers, investors, creditors as well as others with an interest in the finances of the City of Warner Robins a general overview of the fiscal operations for the respective reporting period. Details regarding the City's accountability for the various financial resources that it receives in carrying out the day-to-day operations of the City of Warner Robins are provided. Please direct questions about this report to:

**FUND BALANCES - GOVERNMENTAL FUNDS TO THE**  
**STATEMENT OF ACTIVITIES**  
**FOR THE YEAR ENDED JUNE 30, 2022**

---

Net change in fund balances - total governmental funds	\$	(891,156)
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.

Depreciation expense	\$	(6,659,312)	
Capital outlay		6,404,121	(255,191)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position.

Net book value of capital assets disposed	(8,378,383)		
Donations of capital assets		1,679,882	(6,698,501)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	(57,566)		
Fines		(97,781)	(155,347)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of those differences in the treatment of long-term debt and related items.

Interest expense	73,375		
Principal payments on financed purchases	129,576		
Payments on contracts	117,000		
Principal payments on bonds	2,935,000		
Amortization of premium		351,779	3,606,730

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences	161,679		
Change in claims	(143,082)		
Pension expense	2,321,799		
OPEB expense		(1,783,850)	556,546

Internal service funds are used by management to charge the costs of certain activities such as insurance to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.

135,573

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying financial statements of the City of Warner Robins, Georgia (City) have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP), as prescribed by the Governmental Accounting Standards Board (GASB). The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Reporting Entity

The City adopted a Home Rule Charter on March 5, 1943. The City operates under a Mayor-Council form of government and provides the following services as authorized by its charter: public safety, streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning, and general administrative services.

The City is a municipal corporation governed by an elected mayor and a six-member council. As required by generally accepted accounting principles, these financial statements present the government entities for which the City is considered to be financially accountable. The basic criterion for including a component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or are such that exclusion would cause the reporting entity's financial statement to be misleading or incomplete, as discussed in GASB Statement No. 14, The Financial Reporting Entity.

The financial statements are formatted to allow the user to clearly distinguish between the primary government and its component units. Because of the closeness of their relationship with the primary government (the City), some component units are blended as though they are part of the primary government; however GASB suggests that most component units should be discretely presented. The City is allowed to use one or more columns to present the discretely presented component units which are governmental or proprietary in nature because of the differences of measurement focus and basis of accounting.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Discretely Presented Component Units

*The Downtown Development Authority of the City of Warner Robins (DDA)*

The Downtown Development Authority of The City of Warner Robins, Georgia's purpose is to promote trade, commerce, industry, and employment within the City. The DDA is a legally separate entity for which the City is financially accountable and is reported as a discretely presented component unit. The Mayor and Council of the City of Warner Robins appoint its Board of Directors.

*The Development Authority of the City of Warner Robins (DAWR) d/b/d Engage Warner Robins*

Engage Warner Robins purpose is to promote trade, commerce, industry, and employment within the City. Engage Warner Robins is a legally separate entity for which the City is financially accountable and is reported as a discretely presented component unit. The Mayor and Council of the City of Warner Robins appoint its Board of Directors.

Blended Component Unit

*The Warner Robins Public Facilities Authority (WRPFA)*

Although legally a separate entity, the WRPFA is appropriately blended as a capital projects fund. The Mayor and Council of the City of Warner Robins serve as its governing board.

*The Warner Robins Redevelopment Agency (RDA)*

Although legally a separate entity, the RDA is appropriately blended as a special revenue fund type. The Mayor and Council of the City of Warner Robins appoint its Board of Directors. During fiscal year ended June 30, 2022, the RDA was dissolved and its assets were transferred to the Development Authority of the City of Warner Robins.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Joint Ventures

A joint venture is a legal entity or other organization that results from a contractual arrangement and that is owned, operated or governed by two or more participants as a separate and specific activity subject to joint control in which the participants retain an ongoing financial interest or an ongoing financial responsibility. The City participates in the following joint ventures:

*Mid-State Energy Commission (MSEC)*

The MSEC operates a natural gas transmission line for the benefit of its member cities. The City owns a 42.04% interest and appoints one member to its board. Additional information is located at Note 4.

*Middle Georgia Regional Commission (MGRC)*

The City is a member of the Middle Georgia Regional Commission. The MGRC does various planning and consulting work for its members. During its year ended June 30, 2022, the City paid \$155,395 in such dues. Membership in a Regional Commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the Regional Commissions of Georgia. The Regional Commission Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a Regional Commission.

Financial statements for each of the individual joint ventures may be obtained at the administrative offices of each of the activities.

Related Organization

*Warner Robins Housing Authority (WRHA)*

The Warner Robins Housing Authority is a related organization which has not been included in the reporting entity. Although the City appoints the Governing Board, it does not exercise the other prerequisites for inclusion as a component unit. The WRHA operates under various Federal housing programs to provide low income housing units. The City has no accountability or obligation for the WRHA beyond making these appointments.

Government-Wide and Fund Financial Statements

The government-wide financial statements (consisting of the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City (the primary government) and its component units. In all material respects, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the City is reported separately from certain legally separate component units for which the City is financially accountable.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City has elected not to allocate indirect cost amounts to the programs, functions and segments.

Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The City has no fiduciary funds.

Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements and the proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, including accrued interest on general long-term debt, is recognized when due, and certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Those revenues susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the City and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the requirements for accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary funds are charges to customers for sales and services; operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *American Rescue Plan Fund* accounts for funds received from the American Rescue Plan (ARP) Act of 2021.

The *Special Purpose Local Option Sales Tax (SPLOST) 2018 Capital Projects Fund* accounts for 1% sales tax proceeds required to be used for capital outlay for enhancement and rehabilitation purposes as authorized by local referendum.

The *Warner Robins Public Facilities Authority (WRPFA) Capital Projects Fund* accounts for the 2018 revenue bonds and the related capital projects.

The City reports the following major proprietary funds:

*Natural Gas System Fund:* The Natural Gas System Fund accounts for the operation of the City's natural gas system for residents and businesses in the City and contiguous area in Houston County.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Water and Sewer System Fund:* The Water and Sewer System Fund accounts for the operations of the City's potable water and wastewater services to residents and businesses in the City and contiguous areas in Houston County and Peach County.

*Storm Water Drainage Fund:* The Storm Water Drainage Fund accounts for the operation of the City's storm water drainage system for residents and businesses in the City and contiguous area in Houston County.

*Sanitation System Fund:* The Sanitation System Fund accounts for the operation of the City's sanitation services to residents and businesses in the City.

The City also reports the following fund type:

*Internal Service Funds:* Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City or to other government units on a cost reimbursement basis.

**Budgets**

The City follows certain accounting principles for general fund budgetary reporting purposes that differ from GAAP, the most significant of which are encumbrances being treated as expenditures and appropriations of prior year fund balances being treated as revenue for budgetary purposes, and interfund and interdepartmental transfers under accounting principles generally accepted in the United States of America being treated as revenues and/or expenditures for budgetary reporting purposes.

In addition, the City's budgetary reporting for insurance claims, compensated absences, and investment income is done in accordance with the cash basis method of accounting, as opposed to the modified accrual method required by accounting principles generally accepted in the United States of America. Also, financed purchases are not budgeted.

Budgets for the general fund, special revenues and enterprise funds are formally adopted each year through the passage of an appropriation resolution. Unencumbered appropriations lapse at fiscal year-end. Project length financial plans are legally adopted for all capital projects funds.

Encumbrances represent commitments related to underperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in governmental funds. Encumbrances outstanding at year-end are reported as commitments of fund balances and do not constitute expenditures or liabilities because goods and services have not been received in the current year. However, for budgetary purposes, encumbrances are treated as expenditures.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Assets, Liabilities and Equity

**Cash and Cash Equivalents** - The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Investments are carried at cost, which approximates market value.

The Official Code of Georgia (OCGA) Section 36-83-4 provides authorization to the City to invest in obligations of the State of Georgia, the United States government, instruments insured or guaranteed by the United States government, a United States government agency, corporate entities of the United States government, prime bankers' acceptances, local government pools, repurchase agreements and other political subdivisions of the state of Georgia.

OCGA Section 45-8-12 provides that there shall not be on deposit at any time in any depository for a time longer than ten days a sum of money which has not been secured by a surety bond, by guarantee of insurance or by collateral. The aggregate of the face value of such surety bond and the market value of securities pledged shall be equal to not less than 110 percent of the public funds being secured after the deduction of the amount of deposit insurance. If a depository elects the pooled method (OCGA 45-8-13.1) the aggregate of the market value of the securities pledged to secure a pool of public funds shall be not less than 110 percent of the daily pool balance. OCGA 45-8-11(b) provides an officer holding public funds may, in his discretion, waive the requirement for security in the case of operating funds placed in the demand deposit checking accounts. The City has no custodial credit risk policy that would require additional collateral requirements.

The City invests in "Georgia Fund 1", created by OCGA 36-83-8. Georgia Fund 1 is a stable net asset value investment pool which follows Standard and Poor's criteria for AAAM rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. Georgia Fund 1 is not registered with the Security and Exchange Commission (SEC) as an investment company. The regulatory oversight for the pool is the Office of State Treasurer. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). The fair value of the City's position in Georgia Fund 1 is the same as the value of the pool shares. Net asset value is calculated weekly to ensure stability. Georgia Fund 1 distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share.

Investment policies for Georgia Fund 1 are established by the State Depository Board and investments may include certificates of deposit; prime banker's acceptances; repurchase agreements; insured or guaranteed obligations of the United States government and its agencies; obligations of any states; and obligations of political subdivisions of the State of Georgia. State law allows the City to invest in these same instruments.

The City's use of daily sweeps of zero balance accounts allows the City portfolio to be fully invested at all times.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

In accordance with GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds*, each fund's equity in the City's investment pool is considered to be a cash equivalent since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

**Receivables** - Property taxes are levied on property as of January 1st of each year. The City billed property owners on October 2, and taxes were due on December 22. The tax levy was set on September 3, 2021. Property taxes are delinquent after January 1st and are subject to penalties and interest. Measurable but unavailable taxes as of the end of year are accounted for as unearned revenue, and while delinquent taxes are considered fully collectible, an allowance has been made for uncollectible taxes resulting from errors and omissions. The City considers property tax revenues available if they are collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities in the current period.

Utility service accounts receivable reported in the enterprise funds is reported net of an allowance for uncollectible amounts. The uncollectible amounts are based on collection experience and a review of the status of existing receivables.

All balances reported as "due to/due from other funds" represents amounts paid by one fund on behalf of another fund for which reimbursement has not been made by year end.

Municipal Court Fines are recognized as revenue when the case has been settled by the judge. Penalties, certain fees and other miscellaneous revenues are recorded when received in cash because they are generally not measurable until actually received.

**Leases – Lessee:** The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The City recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of the lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgements related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure its lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term obligations in the statement of net position.

*Lessor:* The City is a lessor for a noncancellable lease of equipment. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and proprietary fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgements include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease terms includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a measurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

***Inventories and Prepaid Items*** - Inventory of expendable supplies is valued at cost (first-in, first-out). The inventory is comprised of parts and material as well as consumable supplies for all departments of the City. They are charged to each department on a consumed basis. Certain payments which reflect costs applicable to future accounting periods are recorded as prepaid items.

***Restricted Assets*** - These assets included the debt service, debt service reserves, renewal and extension, construction, and customer deposit funds. The debt service and debt service reserve funds were maintained in compliance with their respective bond resolutions. Expenditures from the construction funds require written approval of the City's consulting engineers. Details of the transactions are presented on the various pages as indicated in the table of contents of this report. Interest earned on the investments is included in each of their respective funds.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Capital Assets** - Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the time of donation and disposals are removed at recorded cost.

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No portion of interest expense was capitalized during the current year.

Capital assets of the primary government, as well as the component units, are depreciated using the straight line method over the assets' estimated useful lives:

Assets	Years
Buildings and improvements	20-50
Public domain infrastructure	50
System infrastructure	30
Machinery and equipment	5-10

Infrastructure assets are long-lived capital assets that normally are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets (i.e., roads, bridges, tunnels).

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the government chose to include all such items regardless of their acquisition date or amount. The government was able to estimate the historical cost for the initial reporting of these assets through back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Unearned Revenue*** - Unearned revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the City before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized.

***Deferred Outflows/Inflows of Resources*** - In addition to assets, the Statement of Net Position includes a separate section for *deferred outflows of resources*. Deferred outflows of resources represent a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. The items relate to the City's Pension and OPEB Plans and are reported in the government-wide and proprietary fund Statements of Net Position. These relate differences between estimated and actual investment earnings, changes in actuarial assumptions, and other pension and OPEB related changes.

In addition to liabilities, the Statement of Net Position and the Governmental Funds Balance Sheet includes a separate section for *deferred inflows of resources*. Deferred inflows of resources represent an acquisition of net assets that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has four items that qualify for reporting in this category, one of which arises only under the modified accrual basis of accounting. Accordingly, the items, *unavailable revenue*, are reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from fines, property taxes, leases and sales taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The other three items relate to the deferred amounts for leases and in the City's Pension and OPEB Plans and are reported in the government-wide and proprietary fund Statements of Net Position.

***Compensated Absences*** - The vacation policy of the City provides for the accumulation of up to 240 hours (360 hours for certain public safety officers) of earned vacation leave which may be carried forward from one year to the next. Such leave is fully vested when earned. For the governmental funds, the liability is not recorded since vacation leave is not expected to be materially liquidated with expendable available financial resources. For the government-wide and enterprise fund, the liability is recorded in each fund's financial statements.

The City's sick leave policy provides for the accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the City has no obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made. Accumulated leave of governmental funds that is expected to be liquidated with expendable available financial resources is reported as expenditures in the fund financial statements. All accumulated leave, including that which is not expected to be liquidated with expendable available financial resources, is reported in the government-wide financial statements. Accumulated leave of Enterprise Funds is recorded as an expense and liability of the respective fund as the benefits accrue to employees.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Liabilities for compensated absences are recorded as other liabilities and accrued expenses in the Enterprise Funds. In accordance with the provisions of GASB No. 16, *Accounting for Compensated Absences*, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits.

**Long Term Obligations** - In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**Pensions** - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Georgia Municipal Employees Benefit System (GMEBS) and additions to/deductions from the GMEBS fiduciary net position have been determined on the same basis as they are reported to GMEBS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**OPEB** - For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

**Fund Equity, Fund Balance and Net Position** – Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. As of June 30, 2022, the classifications used in the governmental fund financial statements are as follows:

**Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The City has classified inventories and prepaid items as being nonspendable because they are assets that are not in a spendable form.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Restricted:* This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The City has classified forfeitures as being restricted because their use is restricted by State Statute for police investigative expenditures.

*Committed:* This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

*Assigned:* This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the City Council or through the City Council delegating this responsibility to management through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

*Unassigned:* This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

The City would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

**Net Position** - The government-wide and business-type fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

*Net Investment in Capital Assets* - is intended to reflect the portion of net position which is associated with non-liquid capital assets less outstanding capital asset related debt.

*Restricted Net Position* - represent funds for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

*Unrestricted Net Position* - represent unrestricted liquid assets. While City management may have categorized and segmented portions for various purposes, the City Council has the unrestricted authority to revisit or alter these managerial decisions.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the City's policy is to apply restricted net position first.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Bond Issuance Costs*** - In both governmental and business fund types, bond issuance costs are recognized in the current period as an outflow of resources.

***Unbilled Service Receivables*** - Unbilled service receivables have been accrued at year-end. This accounting is consistent with prior years.

***Interfund Transactions*** - Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly chargeable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions are reported as transfers.

***Allowance for Uncollectible Accounts*** - Allowances for uncollectible accounts are maintained for all types of receivables which have historically experienced uncollectible accounts.

***Allowance for Uncollectible Loans*** - Allowances for uncollectible loans are established when City management determines its ability to collect the outstanding loan balance has been impaired. Loans are reviewed on an annual basis to evaluate collectability. Primary considerations in this are management's evaluation of the fair value of the collateral, if any (net of any outstanding superior debt), the current level of delinquency for real estate-based loans, and business and economic conditions.

***Use of Estimates*** - Preparation of the City's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

**NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**Budgetary Information**

The City has adopted the following procedures in establishing the budgetary data reflected in the financial statements.

In accordance with the City Charter, six weeks prior to the start of the City's year, the Mayor submits to the City Council a proposed operating budget for the upcoming year. The operating budget includes proposed expenditures and means of financing them for the upcoming year.

Public hearings are conducted at City Hall to obtain taxpayer comment.

Prior to the first day of the new year, the budget is legally enacted through passage of an ordinance for the General Fund, each Special Revenue Fund and for all Enterprise Funds except for the Building Authority of Warner Robins and the Development Authority of Warner Robins.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

---

**NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

Budgetary control is legally maintained at the expenditures level for each department and formal budgetary integration is employed as a management control device during the year.

Budgets are prepared using the modified accrual basis of accounting with encumbrances included as budgetary basis expenditures.

The Chief Financial Officer is authorized to transfer budgeted amounts between departments, programs or functions, or increase expenditures resulting from revenues exceeding amounts estimated upon the approval of Mayor and Council.

The Capital Project Funds utilize annual budgets or project length budgets depending on the project timelines.

Unencumbered appropriations lapse at the end of each year.

The City Council may authorize supplemental appropriations during the year. During the year several supplemental appropriations were necessary.

There were no material violations of finance-related legal or contractual provisions in connection with the basic financial statements and to other governmental funds for which annual budgets are required.

**Budget/Appropriated-Governmental Fund Type Reconciliation**

The following schedule reconciles the original budget including prior year encumbrances to the final budget including appropriations for the General Fund.

	<u>General Fund</u>
Original adopted budget	\$ 47,836,985
Prior year encumbrances carry forward	1,933,900
Legally adopted budget amendments	<u>5,709,422</u>
Final revised budget	<u><u>\$ 55,480,307</u></u>

**Excess of Expenditures over Appropriations**

General Fund expenditures exceeded budgeted amounts in the following General Government activities:

Legislative	\$ 6,946
Elections	<u>57,913</u>
Total General government	<u><u>\$ 64,859</u></u>

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

Deficit Fund Equity

At June 30, 2022, the Sanitation System Fund a major enterprise fund, and the Group Health Insurance Fund, an internal service fund, has a deficit net position of \$556,237 and \$1,044,150, respectively.

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

Deposits and Investments

A summary of the City's deposits and investments at June 30, 2022 follows:

Account Balances	
Petty cash	\$ 8,208
Demand deposits	88,128,230
Investments (cash equivalents)	35,059,639
	\$ 123,196,077
Ownership of Funds	
<u>Primary Government</u>	
Governmental funds	
Cash and cash equivalents	\$ 59,393,235
Restricted cash and cash equivalents	3,856,961
Proprietary funds	
Cash and cash equivalents	54,664,590
Restricted cash and cash equivalents	3,130,594
Internal service funds	
Cash and cash equivalents	1,664,404
Total primary government	122,709,784
<u>Discretely Presented Component Unit</u>	
Development Authority of the City of Warner Robins	486,293
Total component unit	486,293
Total Government	\$ 123,196,077

As of June 30, 2022, the City had the following investments:

Investment	Maturities	Fair Value
Georgia Fund 1 (investment pool)	10 day weighted average	\$ 34,897,347
Certificate of Deposit	8/14/2022	162,292
		\$ 35,059,639

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

The City's deposits at year-end were entirely covered by federal depository insurance or by collateral held by the City's custodial banks in the City's name.

**Interest Rate Risk** is the risk that changes in interest rates will adversely affect the value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk** is the risk an issuer or counterparty to an investment will not fulfill its obligations. The City has no investment policy that would further limit its investment choices from those authorized and listed in Note 1. As of June 30, 2022, the City's investments in Georgia Fund I was rated AAAs by Standard and Poor's.

**Concentration of Credit Risk** is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City places no limit on the amount the City may invest in any one issuer. The Georgia Fund I investment pool is excluded from concentration of credit risk.

**Fair Value Measurements:** The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Fair value is the exchange price that would be received for an asset (exit price) in the principal or most advantageous market for a asset in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets that they City has the ability to access.

Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset in active markets, as well as inputs that are observable for the asset (other than quoted prices), such as interest rates, foreign exchange rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs for the asset which are typically based on the City's own assumptions, as there is little, if any, related market activity.

The City had no fair value measurements as of June 30, 2022.

**Real-estate (held for investment and/or resale)**

The Community Development Fund holds property which it has acquired in the execution of its program requirements. Part of this property consists of residential dwellings which are being rented at low rates to qualified applicants with the balance of the property in open land held for resale. These properties are valued at cost. As of June 30, 2022, real estate held for investment and/or resale in the Community Development Fund was \$51,750.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

---

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

The Development Authority of the City of Warner Robins, Georgia (d/b/a Engage Warner Robins) holds property which was purchased from the federal government. This property consists of land in close proximity to City Hall which has been subdivided into lots and is being held for resale. These properties are valued at cost. As of June 30, 2022, real estate held for investment and/or resale in the Development Authority of the City of Warner Robins Fund was \$1,174,976.

Receivables

The following is a summary of the receivables for each fund:

Major Governmental Funds	
General Fund	
Property taxes (net)	\$ 368,777
Business licenses (net)	137,220
Other	217,229
Total General Fund	<u>723,226</u>
SPLOST 2018	6,013
WRPFA	7,896
Total Major Governmental Funds	<u>737,135</u>
Non-Major Governmental Funds	
Accounts receivable (net)	231,161
Total Governmental Funds	<u>\$ 968,296</u>
Major Proprietary Funds	
Accounts receivable (net)	
Natural Gas Fund	\$ 3,103,759
Water and Sewer System Fund	2,253,296
Storm Water Drainage Fund	409,984
Sanitation System Fund	1,210,034
Total Business type Funds	<u>\$ 6,977,073</u>
Accounts receivable (net)	\$ 3,805
Total Internal Service Fund	<u>\$ 3,805</u>

In addition, the Natural Gas Fund has a non-current receivable of \$1,982 related to a facility charge associated with the finance purchase more fully detailed in the financed purchase section of this note.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

---

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

The following is a brief description of the receivable amounts:

*Major Governmental Fund-General Fund:*

Unpaid property taxes for all years totaled \$508,808 at June 30, 2022, of which \$140,031 are estimated uncollectible.

Unpaid business licenses for the year ended June 30, 2022 totaled \$149,768 of which \$12,548 are estimated uncollectible.

The remaining General Fund accounts receivables were due from charges to certain organizations for costs associated with the use of City property. All of these receivable amounts were recorded as revenue or were used to offset the associated expense during the year.

*Non-Major Governmental Fund-Special Revenue Fund:*

Direct loans were made from the revolving rehabilitation account. These loans are made to qualified residents under provisions of the grants. The City had various notes receivable due from sales of lots or houses on an installment basis.

*Major Proprietary Funds:*

Accounts receivable represented amounts owed to the Utility Department by its gas, water and sanitation customers for user charges. After accounts become three months past due, they are written off and turned over to the Credit Bureau for collection. Subsequent collections by the Credit Bureau, less their fee, are recorded as recovery of bad debts on the income statement. The estimated uncollectible amount of these accounts at June 30, 2022 was \$332,486.

*Internal Service Funds:*

Accounts receivable represented amounts owed to the internal service funds for claims recovery from customers.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

Interfund Receivables, Payables and Transfers

The Sanitation Fund reports a Due to the Water and Sewer System Fund in the amount of \$999,520. The amount is due to a negative cash balance in the City's pooled cash as of June 30, 2022.

Interfund transfers were as follows:

Transfer to	Transfer From					Total
	General Fund	American Rescue Plan	Nonmajor Governmental	Natural Gas System	Water and Sewer System	
General Fund	\$ -	\$ -	\$ 1,046,992	\$ 2,320,716	\$ 1,895,506	\$ 5,263,214
WRPFA	1,365,000	-	450,726	-	-	1,815,726
Nonmajor Governmental	10,000	-	1,475,358	-	-	1,485,358
Sanitation	-	1,553,356	-	-	-	1,553,356
	<u>\$ 1,375,000</u>	<u>\$ 1,553,356</u>	<u>\$ 2,973,076</u>	<u>\$ 2,320,716</u>	<u>\$ 1,895,506</u>	<u>\$ 10,117,654</u>

The above listed transfers represent the total transfers to/from other funds at June 30, 2022 and were used for the purpose of supplementing the various fund sources as well as complete budgeted capital projects. Interfund transfers are eliminated in the government-wide financial statements if the interfund transfer is within the governmental fund group or business-type group.

Internal Balances Component Unit

The General Fund reports a Due from Component Unit in the amount of \$35,449. This amount due to the Primary Government from the Downtown Development Authority (Discretely Presented Component Unit) is due to a negative cash balance in the City's pooled cash account.

JUNE 30, 2022

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

Claims and judgments are classified as short term debt. For the governmental activities, contracts payable, claims and judgments and compensated absences are generally liquidated by the General Fund. Bonds payable are paid by the 2018 SPLOST Fund, the Hotel/Motel Tax Fund, and the General Fund through transfers to the WRPFA capital projects fund. Accrued interest payable in the business-type activities is related to the MGAG financed purchase, further explained in the financed purchases section of this note.

**Contracts Payable**

In June 2018, the City entered into an intergovernmental contract with the Joint Development Authority of Peach County and the City of Warner Robins (JDA) to pay for \$2,190,000 (30%) of the total \$7,300,000 in JDA Industrial Development Revenue Bond, Series 2018 issued by the JDA. Under the terms of the contract, the City is obligated to make payments to the JDA sufficient to pay thirty percent of the principal of, interest on, and other amounts with respect to, the Series 2018 Bond as the same shall become due. The bond in the amount of \$7,300,000 was issued in order to (1) to refund and refinance the JDA's taxable industrial development revenue bond, Series 2017, which was issued on July 12, 2017 in the original principal amount of \$2,500,000; (2) finance, in part, the cost of the development, acquisition, constructing, and leasing of an industrial building and related property; and (3) pay the costs of issuance of the Series 2018 Bonds. The bond was issued with interest rates of 4.0% to 5.0%, to be paid semiannually commencing September 30, 2019. Annual principal payments commence September 30, 2020 with the final payment due September 30, 2034.

In June 2018, the Joint Development Authority of Peach County and the City of Warner Robins, the Development Authority of the City of Warner Robins, the Development Authority of Peach County, the City of Warner Robins, and Peach County entered into an intergovernmental contract to confirm timing of payments required by the previous intergovernmental contracts, and the use of the proceeds.

The annual requirements to amortize contracts payable as of June 30, 2022 are as follows:

Fiscal Year	Principal	Interest	Total
2023	\$ 121,500	\$ 86,070	\$ 207,570
2024	126,000	81,210	207,210
2025	130,500	76,170	206,670
2026	136,500	70,950	207,450

**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

**Leases**

On July 1, 2021, the City implemented GASB 87 (Statement). This Statement increases the usefulness of governments' and government related entities financial statements by requiring recognition of the certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right to- use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

All leases were tracked through an internal online software. Leases that were entered into the software had an agreement that conveyed the right to use the asset, whether it be a building or land. Leases that qualified were at least over a 12-month period.

*Lease Receivable*

*Governmental Funds*

On 07/01/2021, Warner Robins, GA entered into a 69 month lease as Lessor for the use of 214 Stalnaker Avenue. An initial lease receivable was recorded in the amount of \$101,280. As of 06/30/2022, the value of the lease receivable is \$87,423. The lessee is required to make monthly fixed payments of \$1,200. The lease has an interest rate of 1.6630%. The Land estimated useful life was 0 months as of the contract commencement. The value of the deferred inflow of resources as of 06/30/2022 was \$83,666, and Warner Robins, GA recognized lease revenue of \$17,614 during the fiscal year. The lessee has 4 extension option(s), each for 60 months.

On 07/01/2021, Warner Robins, GA entered into a 25 month lease as Lessor for the use of Wellborn Road. An initial lease receivable was recorded in the amount of \$55,632. As of 06/30/2022, the value of the lease receivable is \$31,719. The lessee is required to make monthly fixed payments of \$2,000. Additionally, there are monthly other reasonably certain payments of \$480.00. The lease has an interest rate of 0.2180%. The Land estimated useful life was 0 months as of the contract commencement. The value of the deferred inflow of resources as of 06/30/2022 was \$28,929, and Warner Robins, GA recognized lease revenue of \$26,703 during the fiscal year. The lessee has 4 extension option(s), each for 60 months.

*Proprietary Funds*

On 07/01/2021, Warner Robins, GA entered into a 15 month lease as Lessor for the use of USC-Southern Linc. An initial lease receivable was recorded in the amount of \$55,034. As of 06/30/2022, the value of the lease receivable is \$13,953. The lessee is required to make monthly fixed payments of \$3,366. The lease has an interest rate of 0.7030%. The value of the deferred inflow of resources as of 06/30/2022 was \$12,243, and Warner Robins, GA recognized lease revenue of \$42,791 during the fiscal year. The lessee has 1 extension option(s), each for 60 months. The lessee had a termination period of 2 months as of the lease commencement. Warner Robins, GA had a termination period of 6 months as of the lease commencement.

Other	5,325
Total nonmajor governmental funds	<u>315,996</u>
Total governmental funds	<u>\$ 13,850,486</u>

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

Fines collected in advance of verdict are deposits of bond fees and fines into a special account under the supervision of the Clerk of the Court. These funds are held in this account until the cases are settled by the judge, at which time the monies due to the City are remitted to the General Fund. Certain donated funds are unearned until expenditures for purposes stipulated by the donor are made. Currently these include donations for Houston County Transportation Planning, Recreational Activities, and the Animal Shelter.

Deferred Inflows/Outflows of Resources

Deferred inflows of resources for governmental funds at June 30, 2022, consisted of unavailable revenue, which is presented in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes of \$523,342, fines of \$370,577 and leases of \$112,595 for a total of \$1,006,514.

Please refer to the pension section of this note for more detail on the deferred inflows/outflows of resources related to the City pension plan reported on the government-wide statements. Please refer to the OPEB section of this note for more detail on the deferred inflows/outflows of resources related to the City OPEB plan reported on the government-wide statements. Please refer to the lease receivable section of this note for more detail on the deferred inflows related to leases reported on the government wide statements.

Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees and natural disasters. The City has self-insurance funds for workman's compensation and health care accounted for in its expendable trust funds. The City has joined the Georgia Interlocal Risk Management Agency (GIRMA). This membership allows the City to share liability, crime, motor vehicle, and property damage risks.

Chapter 85 of Title 36 of the Official Code of Georgia Annotated authorizes Georgia municipalities to form interlocal risk management agencies. The Georgia Interlocal Risk Management Agency (GIRMA) is a municipal interlocal risk management agency to function as an unincorporated nonprofit instrumentality of its member municipalities - GIRMA established and administers one or more group self-insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of municipal government. GIRMA is to defend and protect in accordance with the member government contract and related coverage descriptions any member of GIRMA against liability or loss.

- The City of Warner Robins must participate at all times in at least one fund which is established by GIRMA. Other responsibilities of the City are as follows:
- To pay all contributions, assessments or other sums due to GIRMA at such times and in such amounts as shall be established by GIRMA.
- To select a person to serve as a Member representative.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

- To allow GIRMA and its agent's reasonable access to all facilities of the City and all records, including but not limited to financial records, which relate to the purposes of GIRMA.
- To allow attorneys appointed by GIRMA to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the Fund or Funds established by GIRMA.
- To assist and cooperate in the defense and settlement of claims against the City.
- To furnish full cooperation to GIRMA's attorneys, claims adjusters, Service Company, and any agent, employee, officer or independent contractor of GIRMA relating to the purposes of GIRMA.
- To furnish to GIRMA such budget, operating and underwriting information as may be requested.
- To report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in GIRMA or any Fund established by GIRMA being required to pay claim for loss or injuries to municipal property or injuries to persons or property when such loss or injury is within the scope of the protection of a Fund or Funds in which the City participates.

The City of Warner Robins retains the first \$10,000 of each risk of loss in the form of a deductible. The City files all claims with GIRMA. GIRMA bills the City for any risk of loss up to \$10,000 deductible.

The Fund is to defend, in the name of and on behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of property loss, injuries or death on the basis of employer's liability, including suits or other proceedings alleging such injuries and demanding or compensation therefore, although such suits, other proceedings, allegations or demands be wholly groundless, false or fraudulent. The Fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR's). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency of payouts and other economic and social factors. The liability for claims and judgments is not expected to be liquidated with expendable available financial resources.

The City uses its self-insurance health and workers compensation funds to account for and finance its self-insured risk of loss. It maintains excess insurance coverage for health coverage for claims exceeding \$150,000. It maintains excess insurance coverage for workers compensation for claims that exceed \$500,000 for most employees and \$750,000 for policemen, firemen, and street and road workers. The City uses a third party administrator which performs all claims management and loss prevention activities. They project the ultimate claim payment obligation for each year's claim experience and project the new year's probable loss fund cost.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

Changes in the balances of claims liability during the last and current fiscal years are as follows:

	<u>General Fund</u>	<u>Internal Service Funds</u>		
	Property and Casualty Insurance	Group Health Insurance	Workers Compensation Insurance	Total
Unpaid claims as of June 30, 2021	\$ 141,117	\$ 3,128,059	\$ 20,463	\$ 3,289,639
Incurred claims	284,199	8,738,090	-	9,022,289
Payments	(141,117)	(10,386,672)	(20,463)	(10,548,252)
Unpaid claims as of June 30, 2022	<u>\$ 284,199</u>	<u>\$ 1,479,477</u>	<u>\$ -</u>	<u>\$ 1,763,676</u>

The City participates with the State of Georgia Department of Labor (DOL) for unemployment claims under the reimbursable method in accordance with OCGA Section 34-8-159. The benefits are determined by DOL based on claimant's wages. The City must reimburse the DOL for the actual benefits paid to the employee.

Legal and Contractual Matters, Contractual Matters and Contingent Liabilities

*Litigation*

During the course of normal operations of the City, various claims and lawsuits arise. A brief summary of these items follows:

The City's insurance companies and self-insurance pool are providing the defense for several lawsuits and legal counsel has advised that the likelihood of an unfavorable outcome on any of them is remote at the present time. The total claims for damages, should they prove successful against the City, are within the appropriate coverage carried at June 30, 2022.

There are other cases pending against the City, unasserted claims and assessments, and numerous "small claims". In the opinion of the City's management, the monetary effect of these matters is not considered material at this time.

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or an unforeseeable emergency.

The Small Business Job Protection Act of 1996 made certain changes to Section 457 plans increasing the protection for participant's investments. Under this Act, Section 457 plan assets will be held in a trust, custodial account, or annuity contract to protect participant assets from creditors.

Pension Plan

*Plan Description, Contribution Information, and Funding Policies*

The City contributes to the Georgia Municipal Employees Benefit System (GMEBS), an agent multiple-employer public employee retirement system that acts as an investment and administrative agent for cities and municipalities in Georgia. The City has the right to establish and amend the benefit provisions of the plan. These amendments become effective once approved by the Board of Trustees of GMEBS. The plan is a defined benefit plan.

All full-time employees of the City (30 hours per week) were eligible to participate in GMEBS after one (1) year of service through December 31, 2015. Effective January 1, 2016, the plan was amended to provide for immediate participation for employees. Benefits fully vest after ten (10) years of service. Employees who retire at or after age sixty (60) with five (5) years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2 percent of the average of their highest five consecutive yearly earnings for each year of credited service. Employees who retire after age 55 with ten (10) years of credited service are entitled to a reduced benefit calculated similarly, but with a reduction factor applied based on their age. The system also provides death and disability benefits. GMEBS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Georgia Municipal Employees Benefit System, 201 Pryor Street-SW, Atlanta, Georgia 30303.

Current City membership in the GMEBS is comprised of the following:

Inactive employees or beneficiaries currently receiving benefits	372
Inactive employees entitled to but not yet receiving benefits	88
Active employees	516
	<u>976</u>

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

---

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

*Contributions*

The GMEBS board of Trustees has adopted an actuarial funding policy for determination of annual contributions and the systematic funding of liabilities arising under the Plan. The annual minimum contribution is the sum of 1) the normal cost (including administrative expenses), 2) the closed level dollar amortization of the unfunded actuarial accrued liability over a period that ranges from 10 to 30 years based on the funding policy adopted by the GMEBS Board of Trustees, and 3) interest on these amounts from the valuation date to the date contributions are paid (assumed monthly). The GMEBS board of Trustees has adopted an actuarial funding policy that requires a different funding level than the state estimated minimum annual contribution in an effort to minimize fluctuations in annual contribution amounts and to accumulate sufficient funds to secure benefits under the plan. If the City contributes the recommended contribution under the GMEBS funding policy, the Plan will meet applicable state funding standards. (O.C.G.A 47-20-10)

The funding policy for the Plan, as adopted by the City Council, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. The contribution amount is determined using the actuarial methods and assumptions approved by the GMEBS Board of Trustees. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of plan members, as determined by City Council. For the year ended June 30, 2022, the City's contribution rate was 14.59% of annual payroll. City contributions to the Plan were \$3,427,306 for the year ended June 30, 2022.

*Net Pension Liability*

The City's net pension liability was measured as of September 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2022.

The total pension liability in the January 1, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary increases	2.25 percent, average, including inflation
Investment rate of return	7.375 percent, net pension plan investment expense, including inflation

Mortality rates were based on the sex-distinct Pri-2012 head count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25.

The actuarial assumptions used in the January 1, 2022 valuation were based on the results of an actuarial experience study for the period of July 1, 2015 through June 30, 2019.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

The long term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	45%	6.55%
International equity	20%	7.30%
Real estate	10%	3.65%
Global fixed income	5%	0.50%
Domestic fixed income	20%	0.40%
Total	<u>100%</u>	

*Discount rate* - The discount rate used to measure the total pension liability was 7.375%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

JUNE 30, 2022

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

*Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

For the year ended June 30, 2022 the City recognized pension expense of \$501,889. As of June 30, 2022 the City reported deferred outflows of resources and deferred inflow of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions made subsequent to measurement date	\$ 2,659,210	\$ -
Difference between expected and actual experience	7,492,344	-
Changes in assumptions	887,016	-
Net difference between projected and actual earnings on pension plan investments	-	(15,956,995)
Total	<u>\$ 11,038,570</u>	<u>\$ (15,956,995)</u>

City contributions subsequent to the measurement date of \$2,659,210 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2023	\$ (593,619)
2024	(990,868)
2025	(3,239,366)
2026	(2,753,782)

The required Schedule of Changes in the City's Net Pension Liability and Related Ratios and the Schedule of City Contributions immediately follow the notes to the financial statements.

The City's policemen are also covered by the State of Georgia Peace Officers' Annuity and Benefit Fund. The City makes no contribution to this plan. Contributions are collected by the City as the agent for this fund through its municipal court system. This plan is administered through the Peace Officers' Annuity and Benefit Fund of Georgia located at 1210 Greenbelt Parkway in Griffin, Georgia where separate financial statements may be obtained.

The City's Firemen are eligible to participate in the Georgia Firefighters' Pension Fund, a voluntary pension system. The City makes no contribution to this plan. Contributions are made through monthly dues by eligible firefighters electing to participate in this plan. This plan is administered by the Georgia Firefighters' Pension Fund located at 2171 Eastview Parkway NE in Conyers, Georgia where separate financial statements may be obtained.

Postemployment Benefits Other Than Pensions (OPEB)

*General Information about the OPEB Plan*

*Plan Description.* The City's defined benefit OPEB plan, The City of Warner Robins OPEB Plan (the "OPEB Plan"), provides OEPB for all permanent full-time general and public safety employees of the City. The OPEB Plan is a single-employer defined benefit OPEB plan administered by the City. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

*Benefits Provided.* The City has the authority to establish and amend the OPEB Plan. The City provides medical, and prescription drug coverage to employees that retire on or after age 60 with pension benefit. Coverage stops when the retiree becomes age 65 or eligible for Medicare, whichever comes first. The City pays one-half the active premium for those covered.

*Employees Covered by Benefit Terms.* At June 30, 2022, the following employees were covered by the benefit terms:

Retired employees or beneficiaries currently receiving benefits	239
Active employees	521
	<u>760</u>

*City Contributions.* The City has not elected to advance fund the OPEB Plan, but rather maintains the OPEB Plan on a "pay-as-you-go" basis, in that claims are paid as they arise, rather than establishing an irrevocable trust to accumulate restricted funds.

*Total OPEB Liability*

The City's total OPEB liability of \$43,189,324 was measured as of June 30, 2022, and was determined by an actuarial valuation as of June 30, 2022.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

*Actuarial Assumptions.* The Total OPEB liability was measured as of June 30, 2022 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.0 percent
Salary increases	3.0 percent
Discount rate	3.54 percent
Healthcare cost trend rates	7 percent for 2022, decreasing 0.25 percent per year to an ultimate rate of 4 percent
Mortality rates	Pub-2010 headcount weighted base mortality table, projected generationally using Scale MP-2021

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period January 1, 2010 to June 30, 2014.

*Discount Rate.* Since the City funds this Plan on a pay-as-you-go basis, GASB requires the discount rate be based on a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale). To comply with this requirement, the discount rate is based on an index of 20-year, tax-exempt general obligation bonds. Specifically, the chosen rate is 3.54%, the Bond Buyer 20-Bond GO Index rate published closest to, but not later than, the measurement date of June 30, 2022.

*Changes to Total OPEB Liability*

	Total OPEB Liability
Balances at June 30, 2021	\$ 44,706,977
Changes for the year	
Service cost	3,060,853
Interest	1,008,758
Changes in assumptions	(1,973,528)

Benefit payments	(2,132,127)
Plan administrative expenses	-
Net changes	(1,517,653)
Balances at June 30, 2022	\$ 43,189,324

*Sensitivity of the Total OPEB Liability to Changes in the Discount.* The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.54%) or 1 percentage-point higher (4.54%) than the current discount rate.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

	1% Decrease (2.54%)	Discount rate (3.54%)	1% Increase (4.54%)
Total OPEB liability	\$ 46,744,000	\$ 43,189,324	\$ 40,027,000

*Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates.* The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (6% decrease to 3%) or 1-percentage-point higher (8% decrease to 5%) than the current healthcare cost trend rates.

	1% Decrease (6% decreasing to 3%)	Healthcare Cost Trend Rates (7% decreasing to 4%)	1% Increase (8% decreasing to 5%)
Total OPEB liability	\$ 39,368,000	\$ 43,189,324	\$ 47,645,000

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

For the year ended June 30, 2022, the City recognized OPEB expense of \$4,144,916. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (3,462,077)
Changes of assumptions	6,173,199	(2,180,261)
Changes in proportion	881,696	(881,696)
Total	<u>\$ 7,054,895</u>	<u>\$ (6,524,034)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Year ended June 30:</b>	
2023	\$ 75,305
2024	75,305
2025	75,305
2026	75,305
2027	119,864
Thereafter	109,777

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO FINANCIAL STATEMENTS**  
JUNE 30, 2022

---

**NOTE 4 - JOINT VENTURES**

*MID-STATE ENERGY COMMISSION (MSEC)*

The City's Natural Gas System is a 40.16% participant in Mid-State Energy Commission (MSEC). The City appoints one member to its Board. The City's capital account as of December 31, 2021 was \$1,786,128. If the MSEC were to be terminated, the available assets would be distributed pro rata based on contribution. MSEC issues separate financial statements which are available from the MSEC office. Information taken from the audited statements of MSEC for the fiscal year ended December 31, 2021 follows:

Total assets	\$ 18,461,538
Less: current liabilities	(4,033,082)
Long-term liabilities	(10,180,000)
Retained earnings	<u>\$ 4,248,456</u>
Total revenues	\$ 11,079,134
Operating expenses	(10,733,789)
Non-operating expenses	(278,122)
Net income	<u>\$ 67,223</u>

MSEC member cities bill and collect from their respective customers the charges for natural gas usage each month. The operating and maintenance costs including capital improvements costs incurred by MSEC are prorated to each member and are reimbursed to MSEC on a monthly basis by the participating cities. Funds held by MSEC are invested and the earnings are allocated to each members account. MSEC purchases supplies and pays rent, postage, and other administrative costs to the City of Warner Robins.

Employees of MSEC are included in the retirement system and related employee benefits programs. Costs for this participation are also reimbursed to the City of Warner Robins.

As of June 30, 2022, the City has an approximate 40.16% interest in current operations of MSEC. The City's overall equity interest in MSEC is approximately 42.04%. This equity interest is recorded in the City's Natural Gas System Fund's statement of net position.

*MIDDLE GEORGIA REGIONAL COMMISSION*

As more fully described in Note 1 the City in conjunction with 21 other cities and eleven counties in the Middle Georgia area participate in the Middle Georgia Regional Commission.

\* Based on City's fiscal year

**Notes to Schedule**

*Valuation Date:*

The Actuarially determined contribution rate was determined as of January 1, 2022, with an interest adjustment to the fiscal year.

*Methods and assumptions used to determine contribution rates:*

Actuarial cost method	Projected Unit Credit
Amortization method	Closed level dollar for remaining unfunded liability
Remaining amortization period	Remaining amortization period varies for the bases, with a net effective amortization period of 14 years
Asset valuation method	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.
Inflation	2.25%
Salary increases	2.25% plus service based merit increases
Investment rate of return	7.375% net pension plan investment expense, including inflation
Retirement age	65
Mortality	The mortality and economic actuarial assumptions used in the January 1, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2019.

*Other Information:*

*Changes of assumptions*

There have been no changes in methods or assumptions since the last valuation

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Mayor and City Council  
City of Warner Robins, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Warner Robins, Georgia (the "City") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated September 15, 2023.

#### ***Report on Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a certain deficiency in internal control described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a material weakness.

### ***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the City in a separate letter dated September 15, 2023.

### **The City of Warner Robins' Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

To the Mayor and City Council  
of the City of Warner Robins, Georgia

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited the City of Warner Robins, Georgia's (the City) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2022. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control over Compliance***

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**CITY OF WARNER ROBINS, GEORGIA**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

---

**NOTE 1. BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Warner Robins, Georgia and is presented on the accrual basis of accounting.

The information in this schedule is presented in accordance with requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. All federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies are included on the schedule. City records should be consulted to determine amounts expended from non-federal sources.

**NOTE 2. INDIRECT COST RATES**

The City has elected not to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

**SECTION II**

**FINANCIAL STATEMENT FINDINGS**

**Finding 2022-001**

**Material Weakness in Internal Control Over Financial Reporting and Accounting Functions**

*Criteria:* For effective monitoring of interim financial information and budgets, at the City Council level, data in the City's financial system must be supplemented by up-to-date and accurate information.

*Condition:* The fiscal year ended June 30, 2022, was not closed until February of 2023. The City does not have an adequate internal control system in place to provide reasonable assurance regarding the timeliness and reliability of financial reporting, including internal controls over:

- a) The budgeting process
- b) The close out process and procedures (which impacts timely financial reporting)
- c) Interim financial reporting to Mayor and City Council
- d) Capital asset recording and reconciliations
- e) Account reconciliations

*Cause:* The City does not have adequate technology and human resources, nor do they have an adequate system of internal control over financial reporting. For example, the trial balance obtained from the City for the audit on February 05, 2023 was not final when received. Adjusting entries were made (in excess of 25 entries), by management, subsequent to year-end fieldwork starting. The inadequate close out process and procedures caused the start of and the completion of the audit to be significantly delayed. The City continues to grow larger and more complex. The internal controls over financial reporting, have not been continuously modified to account for the growth and complexities occurring over time. Furthermore, the accounting function of the City has not been enhanced to keep pace with the growth and complexities occurring.

*Effect:* Incorrect or untimely information could result in City management, Mayor, City Council, or City employees making decisions based off of stale and or incorrect information.

*Recommendations:* We recommend the City improve its processes, systems and controls over financial reporting including, monthly and year-end close process and procedures, timely and accurate adjustments, and timely and accurate reconciliations. An effective system of internal controls over financial reporting is an important internal control process and should not be minimized. The City should evaluate its resources available and determine enhancements required to effectively implement the processes, systems and controls necessary for correct and timely financial reporting. We also recommend the City evaluate the need of establishing internal control process documentation and monitoring.

**FOR THE YEAR ENDED JUNE 30, 2022**

---

**Responsible Official's Response:**

*The City's Finance Department will continue to work diligently to resolve the material weaknesses outlined. Of utmost importance are efforts to augment the staff of the department. Reorganization of the City's personnel classification plan effective September 6, 2022 included funding for a new Staff Accountant, a Grants Coordinator, and a Projects Administrator. The successful fulfillment of these positions will allow the City's Finance Department to concentrate their focus on the financial reporting and close out functions of the Department. As recruitment of qualified candidates is not without difficulty in the current labor market, the City also plans to continue the use of contracted services where necessary, including the year end close processes. Contracted services were utilized in the development of the fiscal year 2023 budget with very good results including increased transparency and earlier passage of the budget then in the past several years. The City also set aside a significant amount of funding in the fiscal year 2023 budget for Technology Improvements and has partnered with experts in the technology field to assess the City's hardware and software needs and to assist in efforts to acquire new hardware and software once that assessment is complete. While these changes will take considerable planning and will likely not come to full fruition for a few years, these efforts are already underway, with some hardware purchases already scheduled. The City anticipates the evaluation of ERP systems to be underway before the end of the current fiscal year and looks forward to greater efficiencies in financial reporting upon implementation. In the interim, ongoing monitoring and efforts to augment staffing will continue.*
