Schedule of Prior Year Findings.....	103

May 22, 2009

To the Citizens of Lumpkin County, Georgia:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we are pleased to present to you the Comprehensive Annual Financial Report (CAFR) of Lumpkin County, Georgia for the fiscal year ended December 31, 2008.

This report consists of management's representations concerning the finances of Lumpkin County and was prepared by the Office of Financial Administration. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. The County's comprehensive framework of internal controls is designed to provide reasonable, rather than absolute assurance that the financial statements will be free of material misstatements. We believe the data is presented in a manner which fairly sets forth the financial position and results of operations of the County as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain a comprehensive understanding of the County's financial activity have been included.

The County's financial statements have been audited by Mauldin & Jenkins LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended December 31, 2008, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that Lumpkin County, Georgia's financial statements for the

fiscal year ended December 31, 2008, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

As a recipient of federal and state financial assistance, the County is also responsible for ensuring that adequate internal controls are in place to assure compliance with applicable laws and regulations related to those programs. Thus internal controls are subject to periodic evaluation by management.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

General Information on Lumpkin County

Lumpkin County was officially established on December 3, 1832. Named in honor of Wilson Lumpkin, who served in both state houses, as governor, and in the U.S. House of Representatives and Senate, the County was carved out of what were then Cherokee, Hall and Habersham Counties.

Resting in the foothills of the Appalachian Mountains, Lumpkin County is 285 square miles in area, approximately one-third of which is located within the Chattahoochee National Forest. The population of the County has grown by more than 73% over the past ten years with the current estimated population to be over 26,000.

In 1836, the Old Courthouse was built in the center of Dahlonega and is today the oldest public building in North Georgia. Also in 1836, the U.S. government opened one of the first Federal Branch Mints in Dahlonega. More than \$6 million in gold coins were minted at the site that was later to become North Georgia College and State University's Price Memorial Hall (the original mint building was burned to the foundation in 1878). The University was one of the first Federal Land Grant colleges and is to this day one of the premier military institutions in the nation.

Government Structure

Prior to January 1, 2005, Lumpkin County's Charter set forth a Sole Commissioner form of government under which the Commissioner was elected to serve as the executive and legislative body for the County.

The form of government was changed to a five person Board of Commissioners, effective January 1, 2005. The Board is comprised of four members that live in a specific district but are elected by voters county wide. Terms

for the Board of Commissioners are staggered, so as to provide some continuity on the board. The Chairman is elected by voters countywide to serve a four year term. Each year, the members of the Board elect one of their own to serve as vice-chairman for the coming year. A County Manager, appointed by the Board of Commissioners, serves as the administrative head of Lumpkin County Government. The County Manager provides direction to department heads and managers to implement policies set forth by the Board of Commissioners.

The citizens also elect other officials, such as the Tax Commissioner, Sheriff, Magistrate Court Judge, Probate Court Judge, Superior Court Judges, Clerk of Courts, Coroner and County Surveyor.

The County provides a full range of services, including police and fire protection, the construction and maintenance of highways, streets and other infrastructure, and recreational facilities.

The County maintains budgetary controls to ensure compliance with the annual appropriated budget approved by the Lumpkin County Board of Commissioners and State law. Annual appropriated budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, debt service fund, and all special revenue funds. Project-length budgets are adopted for all capital projects funds. Annual operating budgets are not legally required for enterprise funds, but are prepared for use in planning, control and evaluation purposes. Budgetary control is essential to good financial management and the County has established a legacy of balanced budgets and good budgetary control. For each fund, financing sources are identified for all expenditures/expenses. The level of budgetary control (the level at which expenditures cannot legally exceed the approved budget) is established at the department level. The County does not currently use an encumbrance system under which purchase orders, contracts or other commitments for goods and services not yet received would be recorded as a reservation of fund balance. Instead, such commitments are re-budgeted each year.

Prior to January 1, 2005, the Sole Commissioner, the Director of Finance, and the Budget Officer acted as a Budget Committee. Subsequent to January 1, 2005, Georgia Senate Bill 58, the Act creating the Board of Commissioners, places the duty of budget preparation upon the County Manager.

Revenue and expenditure estimates are prepared by the responsible department and presented to the Budget Committee/County Manager in hearings open to the public. The Budget Committee/County Manager reviews the budget requests and makes decisions regarding the proposed budget. The proposed budget is presented to interested citizens during a public hearing. The Board of Commissioners then adopts the final budget at an official meeting.

Unforeseen situations may arise during the year that might require budget amendments. Department heads may request line-item budget amendments through the Finance Department, provided that the budget amendment does not increase or decrease the overall budget for that department. Any changes in department totals require approval at an official meeting by the Board of Commissioners.

Economic Condition and Outlook

Lumpkin County lies just 40 miles north of the perimeter highway that circles Atlanta, Georgia. It is also adjacent to Dawson County, which is one of the fastest growing counties in the nation. The busy State Route 400 crosses the southern portion of Lumpkin County, providing easy access for Atlanta area commuters. As the metropolitan Atlanta growth moves northward, Lumpkin County is now on the fringes of dense development creating a demand for residential properties. This growth also increases the demand for police and fire protection and water and sewer services.

The County's economy is based largely on a mix of tourism and related services, manufacturing, and agriculture. While the County has experienced a slight reduction in the rate of economic growth, its location and broad mix of industries has lessened the impact felt in other Counties in the State. We believe that the County is poised to rebound to the growth rates experienced in prior years, as the state and national economies continue to improve.

Major Initiatives & Accomplishments

During 2008, Lumpkin County received a Timken Foundation of Canton grant totaling \$100,000 (plus \$50,000 in matching funds if the County can raise \$50,000) for a new ambulance for the Fire Department. Lumpkin County was awarded 2 CJCC grants for Victims Assistance and Services and 1 CJCC grant for a Domestic Violence Officer; and a grant from ACCG for a wellness program for employees.

Other accomplishments during the year include:

- ❑ Resurfacing approximately 6.39 lane miles of County roads, using a combination of State and local money.
- ❑ Commencement of construction on the Judicial Center.
- ❑ Adoption of a Strategic Plan for the County.
- ❑ Planting of 350 trees at Yahooola Creek Park with the help of grant funds from Apache Corporation.
- ❑ Completion of Phase 1 of the River Access project.
- ❑ Approval of Phase II of a recreational trails grant and subsequent approval of a construction contract scheduled to be completed in 2009.
- ❑ Adoption of a Vehicle use Policy.
- ❑ Recipient of an Association of County Commissioners of Georgia county Excellence Award in Finance.

Cash Management

The Finance Department strives to keep abreast of current trends in cash and investment management to achieve the highest rate of return on idle cash during the year. Cash received during the year was invested in demand deposit accounts bearing an average interest rate of .59%. In the Debt Service Fund \$8,600,000 in certificates of deposit yields an average of a 5.04% rate of return. All collateral deposits were held by a financial institution in the county's name.

Risk Management

The County is exposed to a variety of accidental losses and has established risk management strategies that attempt to minimize losses. Policies have been established to ensure that County employees and department supervisors are responsible for monitoring risk control over County property and actions by employees during the course of performing their respective duties. The primary technique used for risk financing is the County's participation in the Association of County Commissioners of Georgia Interlocal Risk Management Agency (IRMA).

IRMA is a group self-insurance fund covering general liability, automobile damage and theft, fire damage, and employee dishonesty for Georgia County governments. IRMA pays losses up to \$100,000 per individual claim or \$1,000,000 for all claims. However, excess losses, if any, are covered by reinsurance and would be paid by the reinsurer. Current insurance coverage does not expose the County to significant losses that would have a material impact on the financial position of Lumpkin County.

Pension Benefits

The County sponsors the Association of County Commissioners of Georgia (ACCG) Restated Pension Plan, which is a defined benefit plan. Other pension benefits include a Deferred Compensation Plan and a Defined Contribution Plan.

Additional information on the County's pension plan can be found in the Notes to Financial Statements.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Lumpkin County for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2007. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation, design and publication of this Comprehensive Annual Financial Report could not have been accomplished without the efficient and dedicated service of the entire finance office staff. We would also like to express our appreciation and thanks to the firm of Mauldin & Jenkins CPA's, LLC. The firm's dedication to the highest standard of governmental accounting and auditing and strong support of the finance office staff throughout the year has proven to be extremely beneficial.

Sincere appreciation also goes to the various elected officials, and county department directors for their assistance and positive attitude throughout the year in matters pertaining to the financial affairs of the County.

We would also like to thank local photographer Jack Anthony for generously allowing us to use his photographs in this document.

Finally, we thank the Board of Commissioners for their support and direction in conducting the financial affairs of the County in a responsible manner.

Respectfully submitted,

Stanley J. Kelley
County Manager

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

**Board of Commissioners
of Lumpkin County, Georgia
Dahlonega, Georgia**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Lumpkin County, Georgia** (the "County"), as of and for the year ended December 31, 2008, which collectively comprise Lumpkin County, Georgia's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Lumpkin County Department of Public Health, which represent 1 percent, 1 percent, and 38 percent, respectively, of the assets, net assets, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion on the basic financial statements, insofar as it relates to the amounts included for the Lumpkin County Department of Public Health, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lumpkin County, Georgia as of December 31, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 21, 2009, on our consideration of Lumpkin County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis (on pages 3 through 12) and the budgetary comparison information and schedule of funding progress (on pages 53 through 55) are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lumpkin County, Georgia's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of special purpose local option sales tax proceeds is presented for purposes of additional analysis as required by the Official Code of Georgia 48-8-21, and is also not a required part of the basic financial statements. The combining and individual fund financial statements and schedules and the schedule of expenditures of special purpose local option sales tax proceeds have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly presented in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Mauldin & Jenkins, LLC

Atlanta, Georgia
May 21, 2009

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Lumpkin County's Comprehensive Annual Financial Report provides readers with a narrative overview and analysis of the County's financial performance during the fiscal year that ended on December 31, 2008. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal at the front of this report, the County's basic financial statements, and notes to the financial statements to enhance their understanding of the activities and financial health of Lumpkin County.

The County is required to present a discussion and analysis of our financial condition and performance for the year ended December 31, 2008.

Financial Highlights

- ❑ The assets of Lumpkin County's governmental activities exceeded its liabilities at December 31, 2008 by \$66 million (*net assets*). Of this amount, \$5.7 million (*unrestricted net assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- ❑ As of December 31, 2008, the governmental funds of Lumpkin County reported combined ending fund balances of \$24.1 million, an increase of \$8.7 million in comparison with the prior year. Approximately 51% of this amount, \$12.3 million, is *available for spending* at the government's discretion (*unreserved fund balance*). The increase is primarily a result of a certificate of participation lease to fund construction of a new Judicial Center.
- ❑ At the end of 2008, unreserved fund balance for the general fund was \$3.5 million, or 23% of total general fund expenditures.
- ❑ During 2002, the voters of Lumpkin County approved a Special Purpose Local Option Sales Tax (SPLOST) to be collected and used exclusively to service the debt associated with the Public Building Authority Issue, Series 2001. At the end of 2008, the Debt Service Fund had accumulated \$11.5 million toward the goal of retiring the 2001 issue.
- ❑ During 2008, Lumpkin County made principal and interest payments totaling \$1.53 million on the Public Building Authority Issue, Series 2001. These payments reduced the outstanding principal to \$8.96 million. The original issue was for \$15.75 million.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's *Basic Financial Statements*. The Basic Financial Statements contain three components: government-wide financial statements (including component unit statements), fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The basic financial statements include two kinds of statements that present different views of the County:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the County's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the County government, reporting the County's operations in more detail than the government-wide statements.
 - **Governmental Fund Statements** tell how *general government* services like general government, public safety, judicial system, public works, health and welfare, cultural and recreation, and housing and development were financed in the short-term as well as what remains for future spending.
 - **Proprietary Fund Statements** offer *short-term* and *long-term* financial information about the activities the County government operates similar to a private business. The Solid Waste Fund is reported as an enterprise fund.
 - **The Fiduciary Fund Statements** provides information about *Agency Fund* assets held by the County, which is acting solely as a *trustee or agent* for the benefit of others, to whom the resources belong.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. In addition to these required components, a section is included with combining statements that provide further detail about our non-major governmental funds, each of which are added together and presented in a single column in each of the basic financial statements.

Table A on the following page summarizes the major features of the County's financial statements, including the portion of the County government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

TABLE A

Major Features of Lumpkin County’s Government-wide and Fund Financial Statements

	Government-wide Statements	Fund Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire County government (except fiduciary funds). The County’s Component Units are shown in separate columns on the required financial statements	The activities of the County that are not proprietary or fiduciary, such as general government public safety, judicial system, public works, health and welfare, culture and recreation and housing and development	Activities the County operates similar to private business, including the Solid Waste Fund.	Instances in which the County is the trustee or agent for someone else’s resources.
Required financial statements	<input type="checkbox"/> Statement of Net Assets <input type="checkbox"/> Statement of Activities	<input type="checkbox"/> Balance Sheet <input type="checkbox"/> Statement of Revenues, Expenditures and Changes in Fund Balance	<input type="checkbox"/> Statement of Net Assets <input type="checkbox"/> Statement of Revenues, Expenses and Changes in Net Assets <input type="checkbox"/> Statement of Cash Flows	<input type="checkbox"/> Statement of Fiduciary Net Assets
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter, no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the County’s funds do not currently contain capital assets, although they can
Type of inflow / outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All receipts and disbursements during year, regardless of when cash is received or paid

Government-wide Statements

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes *all* of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide statements report the County's *net assets* and how they have changed. Net assets, the difference between the County's assets and liabilities, are one way to measure the County's financial health or current position.

- ❑ Over time, increases or decreases in the County's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- ❑ To assess the overall health of the County, consideration should be given to additional non-financial factors such as changes in the County's property tax base and the condition of the County's roads.

The government-wide financial statements of the County are divided into three categories:

- ❑ *Governmental activities*: Most of the County's basic services are included here, such as general government, public safety, judicial system, public works, health and welfare, culture and recreation and housing and development. Property taxes, local option sales taxes, and State and Federal grants finance most of these activities.
- ❑ *Business-type activities*: The County charges fees to customers to help cover the costs of certain services it provides. The County's only Enterprise Fund, the Solid Waste Fund is included.
- ❑ *Component units*: The County includes five other entities in its report: The Lumpkin County Health Department, The Lumpkin County Water & Sewerage Authority, Development Authority of Lumpkin County, The Lumpkin County Hospital Authority and The Lumpkin County Public Building Authority. Although legally separate, these "component units" are important because the County is financially accountable for them. The Public Building Authority is reported as a blended component unit, since the operations are indistinguishable from those of the primary government.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's most significant *funds*, not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.

- ❑ Some funds are required by state law and by bond covenants.
- ❑ The County establishes other funds to control and manage resources for particular purposes (i.e. Debt Service and Capital Projects Funds) or show that certain revenues are used appropriately (i.e. Special Revenue Funds).

The County has three kinds of funds:

- *Governmental funds:* Most of the County's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided on the subsequent page of the governmental funds statement that explains the relationship (or differences) between the two types of statements.
- *Proprietary funds:* Services for which the County charges customers a fee and are expected to be largely self-supporting, are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information. The County's Enterprise Fund is classified as a business-type activity on the government-wide statements, but more detailed information is provided in the Proprietary Fund Statements, such as its cash flows.
- *Fiduciary funds:* Fiduciary funds are used to account for resources held for the benefit of parties outside the government. These balances are excluded from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

Financial Analysis of the County as a Whole

Net assets. As discussed earlier, net assets may serve as a useful indicator of a government's financial position. As of December 31, 2008, the County's net assets were \$66 million, which is an increase of over \$2.1 million from the prior year. Table B on the following page provides a summary of the County's Governmental and Business-type net assets for 2008 and 2007.

TABLE B

LUMPKIN COUNTY, GEORGIA'S NET ASSETS
December 31, 2008 and 2007
(\$ in thousands)

	GOVERNMENTAL ACTIVITIES		BUSINESS-TYPE ACTIVITIES		TOTAL	
	2008	2007	2008	2007	2008	2007
CURRENT AND OTHER ASSETS	\$34,894	\$25,007	\$7	\$7	\$34,900	\$25,014
CAPITAL ASSETS (net of depreciation)	67,482	66,370	798	835	68,280	67,205
TOTAL ASSETS	102,376	91,377	805	842	103,181	92,219
LONG-TERM LIABILITIES	26,146	17,555	425	442	26,571	17,997
OTHER LIABILITIES	9,797	9,537	0	6	9,797	9,543
TOTAL LIABILITIES	35,943	27,092	425	448	36,368	27,540
NET ASSETS:						
INVESTED IN CAPITAL ASSETS, NET OF RELATED DEBT	49,322	49,013	798	834	50,120	49,847
RESTRICTED FOR DEBT SERVICE	11,484	11,783	0	0	11,484	11,783
UNRESTRICTED	5,627	3,489	(418)	(440)	5,209	3,049
TOTAL NET ASSETS	\$66,433	\$64,285	\$380	\$394	\$66,813	\$64,679

A significant portion (74.9%) of these net assets represents the *investment in capital assets, net of related debt*. This includes land, buildings, machinery and equipment, and infrastructure assets, offset with associated long-term debt liabilities. Capital assets are restricted for the purpose of providing services to the citizens of Lumpkin County; consequently, they are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Other restricted net assets represent resources that are subject to external restrictions on how they may be used. Included in this category are unspent SPLOST proceeds for Debt Service Reserves (17.2% of the total).

The remaining 7.9% of net assets represent the unrestricted portion available for the County's ongoing obligations to its citizens.

Changes in Revenues and Expenses. Table C on the following page presents the County's 2008 and 2007 revenues and expenses for Governmental and Business-type activities as they are reported in the Entity Wide Statements.

Governmental Activities: Governmental activities accounted for \$2.1 million of the excess in the County's net revenues over expenses for 2008 primarily due to the increase in the collection of property taxes.

Business-type Activities: The County's only business-type activity, the Solid Waste Fund, is privately leased and the only revenue from this activity will be rental income.

Financial Analysis of the County's Funds

Governmental Funds Overview: Lumpkin County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. As described earlier, the County's governmental funds provide information on short-term inflows and outflows, as well as what remains for future spending. Such information is useful in assessing the County's financing requirements. For example, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of 2008, Lumpkin County Governmental Funds reported a combined fund balance of \$24.18 million. This amount was up \$8.7 million from 2007. Of the total combined fund balance, approximately 51% consists of *unreserved fund balance*, the portion of fund balance, which serves as a measure of current available financial resources.

The *reserved fund balance* represented resources not available for spending or those on which legal restrictions have been placed. The County's reserved fund balance makes up 49% of the combined total.

The General Fund, Debt Service Fund, SPLOST Fund and Capital Projects Fund are the County's major governmental funds.

General Fund. The General Fund of Lumpkin County accounts for all transactions not accounted for in other funds. As the County's major operating fund, the General Fund accounts for ordinary operating expenditures financed primarily by property taxes and charges for services. The General Fund completed the year with a fund balance of \$3.9 million. This was \$380,000 thousand less than the previous year, due to the impact the down turn in the economy had on revenues. Of the \$3.9 million, 91.5% is unreserved while the remaining 8.5% is reserved.

Debt Service. The Debt Service Fund accounts for the 2002 Special Purpose Local Option Sales Tax (SPLOST) money, including earned interest, which is reserved for retiring the Lumpkin County Public Building Authority Issue, Series 2001. This issue had an original principal balance of \$15.75 million and at December 31, 2008 had an outstanding principal balance of \$8.96 million. The fund balance of the Debt Service Fund is \$11.5 million.

SPLOST. This fund accounts for the 2008 SPLOST money, including earned interest, which is to be used for various capital projects as provided in Title 48, Chapter 8 of the Official Code of Georgia Annotated. At December 31, 2008 the fund balance of this fund was \$8.4 million which is primarily made up of money from the Certificate of Participation lease for construction of the Judicial Center.

Capital Projects. This fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities. At December 31, 2008 the fund balance of this fund was zero as the majority of construction projects are now under the SPLOST program.

Proprietary Funds Overview. The Proprietary fund is used to account for activities similar to those found in the private sector where determination of net income is necessary or useful to sound financial administration. Lumpkin County has one type of Proprietary Fund, The Enterprise Fund. The County's Proprietary Fund Statements provide the same type of information found in the government-wide statements, but in more detail.

Enterprise Fund. The Enterprise Fund accounts for operations that are financed and operated in a manner similar to private business enterprises - where the costs (expenses, including depreciation) of providing goods or services to the general public are being financed or recovered primarily through user charges on a continuing basis. The Solid Waste Fund is the County's single enterprise fund. Total net assets of the enterprise fund at the end of 2008 were \$379 thousand, representing a decrease of \$15 thousand due largely to the operation of the recycling center.

General Fund Budgetary Highlights

Over the course of the year, the governing authority revised the County's budget several times. The three primary reasons for amending the budget are:

- Carry forwards from the prior year's capital improvement projects that were not completed in the prior year and continued into the current year.
- Supplemental appropriations to increase revenue and expenditure accounts due to receipt of unanticipated grant revenue.
- Increases in appropriations due to unexpected needs.

Even with these adjustments, actual expenditures were \$1 million below final budget amounts.

Capital Assets and Debt Administration

Capital Assets

At the end of 2008, the County had acquired \$68.3 million (net of accumulated depreciation) in a broad range of capital assets for its governmental and business-type activities including land, buildings, park facilities, roads, bridges, heavy machinery, vehicles and equipment, and infrastructure.

- All infrastructure assets acquired to date are included in capital assets in accordance with GASB 34 requirements.
- The total increase in capital assets, net of accumulated depreciation, for the current fiscal year was \$1.1 million. The percentage increase in capital assets was 1.61%.
- Additional information on the County's capital assets can be found in Note 6 of the Notes to Financial Statements.

Debt Administration

Georgia Statutes provide for a general obligation debt limit of 10.0% of assessed valuation. The County had a general obligation debt capacity of \$153 million in 2008. The County currently has \$8.96 million subject to the limitation.

During 2008, the County issued certificates of participation in the principal amount of \$10,000,000 for the purpose of acquiring, constructing, and equipping a new judicial center.

At December 31, 2008, Lumpkin County had the following outstanding long-term debt:

- \$25.88 million in notes payable.
- \$261 thousand in compensated absences.
- Additional information on the County's long-term debt can be found in Note 8 of the Notes to Financial Statements.

Economic Factors and Next Year's Budgets and Rates

Economic conditions in the County declined during 2008, with minimal growth in the business sector. New housing starts were down in the County during 2008, with no real impact to the tax base and increasing demands for services. In an effort to stimulate growth of light industry and shift more of the tax burden from homeowners, a project to extend water and sewerage service was begun during 2003 and was completed during 2006 in the southern part of the County. This project has been completed and the County is beginning to see some retail growth in that area of the County.

Due to the decline economy, the 2009 budget plans for no increase of revenues and has anticipated a loss in revenues from sales tax and property tax. The economy has necessitated a tight spending budget for 2009, with planned furloughs for employees and a workforce reduction of 3 full time positions. The County has also implemented a number of cost saving measures and is currently looking at joint ventures within the community to ease the burden placed on the operating budget.

Contacting the County's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, 194 Courthouse Hill, Annex A, Dahlonega, GA 30533.

LUMPKIN COUNTY, GEORGIA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2008

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 8,728,390
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	1,085,941
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net assets.	25,918
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	663,300
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(8,269,948)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(85,655)</u>
Change in net assets - governmental activities	<u>\$ 2,147,946</u>

The accompanying notes are an integral part of these financial statements.

LUMPKIN COUNTY, GEORGIA

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2008

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Lumpkin County, Georgia (the "County") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

A. Reporting Entity

Lumpkin County operates under a commissioner-manager form of government under which a five member Board of Commissioners is elected to serve as the legislative body for the County. The commission chairman is elected at large, while the remaining four commissioners are elected by geographical districts in which they reside by voters county wide. The County provides the following services: public safety, judicial, public works, health and welfare, culture and recreation, housing and development, and general administrative services.

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the County and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationship with the County. Blended component units, although legally separate entities are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Blended Component Unit

The Lumpkin County Public Building Authority (the "Building Authority"), which provides financing for County buildings, is governed by a five member board appointed by the Lumpkin County Board of Commissioners. The debt of the Building Authority is reported as part of the County's debt, and all debt service activity is reported in the County's debt service fund. Separate financial statements are not prepared for the Building Authority.

Discretely Presented Component Units

The Lumpkin County Department of Public Health (the "Health Department") is governed by a seven member board consisting of one member of the Board of Commissioners and two members as appointed by the Board of Commissioners. The County has the authority to modify and approve the Health Department's budget and the ability to approve environmental health service fees. The Health Department has a June 30th year-end and is presented as a governmental type component unit.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

The Health Department's financial statements can be obtained by writing to the Lumpkin County Health Department, 56 Short Street, Dahlonega, GA 30533.

The Development Authority of Lumpkin County (the "Development Authority") is governed by a nine member board appointed by the Board of Commissioners. The Authority is responsible for promoting economic development within Lumpkin County. The Development Authority provides a financial benefit to the County. The Authority is reported as a proprietary type component unit.

The Development Authority's financial statements can be obtained by writing to the Development Authority of Lumpkin County, 99 Courthouse Hill, Suite A, Dahlonega, GA 30533.

The Lumpkin County Water and Sewerage Authority (the "Water Authority") is governed by a seven member board appointed by the Board of Commissioners. The Water Authority provides a financial benefit to the County. The Authority is reported as a proprietary type component unit.

The Water Authority's financial statements can be obtained by writing to the Lumpkin County Water & Sewerage Authority, 194 Courthouse Hill, Annex A, Dahlonega, GA 30533.

The Lumpkin County Hospital Authority (the "Hospital Authority") is governed by a seven member board appointed by the Board of Commissioners. The County has the authority to approve or modify the budget of the Hospital Authority and has the ability to impose its will upon the Hospital Authority. The Authority is reported as a proprietary type component unit. The Hospital Authority does not issue separate financial statements.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements. Agency funds, however, have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers property taxes to be available if they are collected within 60 days of the end of the current fiscal period. Other revenues susceptible to accrual are considered available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Property taxes, sales taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County. The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Debt Service Fund** accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The **Special Purpose Local Option Sales Tax Fund (SPLOST)** is used to account for the revenues and expenditures relating to the County's 1% Special Purpose Local Option Sales Tax issues.

The **Capital Projects Fund** accounts for the resources accumulated and used for the acquisition and construction of major capital projects.

The County reports the following major proprietary fund:

The **Solid Waste Fund** is used to account for the activities of the County's solid waste disposal and recycling programs.

Additionally, the County reports the following fund types:

The **special revenue funds** account for revenue sources that are legally restricted to expenditure for specific purposes.

The **agency funds** are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals, such as cash bonds, traffic fines, support payments and ad valorem and property taxes.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, interfund services provided and used have not been eliminated in this process.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the enterprise fund are charges to customers for sales and services provided. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are recorded at fair value based on quoted market prices as of the balance sheet date. Increases or decreases in the fair value during the year are recognized as a component of interest income.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

F. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The County has elected to capitalize all general infrastructure assets regardless of the acquisition date and has used the estimated historical cost to value these assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend useful lives are expensed as incurred.

Capital assets of the primary government are depreciated using the straight line method over the following useful lives:

<u>Asset Category</u>	<u>Years</u>
Buildings and improvements	20 - 50
Machinery and equipment	5 - 20
Vehicles	3 - 10
Infrastructure	19 - 50

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the County does not have a policy to pay any amount when employees separate from service with the County. All vacation and annual leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

I. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

J. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

K. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from these estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets

The governmental fund balance sheet includes reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$26,182,287 difference are as follows:

Notes payable	\$ 16,254,492
Certificates of participation	9,725,000
Discount on issuance of certificates of participation	(94,563)
Debt issuance costs	(257,627)
Accrued interest	293,721
Compensated absences	261,264
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	\$ 26,182,287

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$1,085,941 difference are as follows:

Capital outlay	\$ 2,850,716
Depreciation expense	(1,764,775)
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets - governmental activities</i>	\$ 1,085,941

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of the reconciliation states that “The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations) is to increase net assets.” The details of this \$25,918 difference are as follows:

In the statement of activities, only the gain on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the net book value of the assets sold.	\$ (19,082)
Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	45,000
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets - governmental activities</i>	\$ 25,918

Another element of the reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.” The details of this \$8,269,948 difference are as follows:

Proceeds from certificates of participation	\$ 10,000,000
Discount on certificates of participation	(99,060)
Costs of issuance of certificates of participation	(269,879)
Amortization of discount and costs of issuance	16,749
Principal repayments on certificates of participation	(275,000)
Principal repayments on notes payable	(1,102,862)
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets - governmental activities</i>	\$ 8,269,948

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of that reconciliation states that “some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this \$85,655 difference are as follows:

Compensated absences	\$ 63,430
Net pension asset	(16,196)
Accrued interest	<u>38,421</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets - governmental activities</i>	<u>\$ 85,655</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 3. LEGAL COMPLIANCE – BUDGETS

A. Budgets and Budgetary Accounting

The County follows the following procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to July 1, the County Manager submits to the Board of Commissioners a proposed operating budget for each department for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments, giving notice thereof at least seven days in advance by publication in the official organ of the County.
3. The budget is then adopted by the Board of Commissioners at a public meeting.
4. Budget amounts can be transferred between line items within any department; however, any revisions of the budget must be amended by formal action of the Board of Commissioners in a regular meeting.
5. The budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP). Annual budgets are adopted for the General Fund, Debt Service Fund, and special revenue funds. Project length budgets are adopted for the capital projects funds.
6. Formal budgetary integration is employed as a measurement control device during the year for the General Fund, Debt Service Fund, and the special revenue funds. An annual operating budget is prepared for the Solid Waste Fund for planning, control, cost allocation and evaluation purposes. All appropriations lapse at year end.

Budgeted amounts are as originally adopted, or as amended by the Board of Commissioners. The supplementary budgetary appropriations made are reflected in the final budget amounts.

B. Deficit Fund Equity

The following funds had deficit fund balances at December 31, 2008. The fund deficits will be reduced through anticipated revenues, lower expenditures and General Fund appropriations, as needed.

<u>Fund</u>	<u>Deficit</u>
Planning Fund	\$ 213,080
Community Development Block Grant Fund	6,012

NOTES TO FINANCIAL STATEMENTS

NOTE 3. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

C. Excess Expenditures over Appropriations

For the year ended December 31, 2008 expenditures exceeded the budget in the funds and General Fund departments as follows:

<u>Fund/Department</u>	<u>Excess</u>
General Fund - Police	\$ 1,510
Juvenile Services Fund	100
Confiscated Assets Fund	14,758
Special Programs Fund	75,848
Hotel/Motel Tax Fund	35

The excess of expenditures over budget that are noted above were primarily funded by greater than anticipated revenues.

NOTE 4. DEPOSITS AND INVESTMENTS

A. Primary Government

Credit risk. State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia.

Custodial credit risk. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes and County policy require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of December 31, 2008, the County is adequately insured or collateralized as defined by GASB pronouncements.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

A. Primary Government (Continued)

At December 31, 2008, the County had the following investments that are included in the custodial credit risk discussion above related to deposits:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Certificate of deposit	January 24, 1010	\$ 1,000,000
Certificate of deposit	January 24, 2011	1,540,000
Certificate of deposit	January 24, 2012	1,540,000
Certificate of deposit	January 24, 2013	1,540,000
Certificate of deposit	January 24, 2013	1,540,000
Certificate of deposit	June 24, 2013	600,000
Certificate of deposit	June 24, 2013	600,000
Certificate of deposit	June 24, 2013	240,000
		<u>\$ 8,600,000</u>

Interest rate risk. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

B. Component Unit – Development Authority

As of December 31, 2008, the Development Authority had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>
Certificate of deposit	June 2, 2009	\$ 500,000
Certificate of deposit	October 10, 2009	525,046

Interest rate risk. The Development Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial credit risk. As of December 31, 2008, all of the Development Authority's deposits and investments were properly collateralized with the depository financial institution.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

C. Component Unit – Water Authority

As of December 31, 2008, the Water Authority had the following investment which was rated AAAM by Standard and Poor's:

Investment	Maturity	Fair Value
US Bank Treasury Obligations Fund	51 day average maturity	\$ 572,256

Interest rate risk. The Water Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial credit risk. As of December 31, 2008, all of the Water Authority's deposits and investments were properly collateralized with the depository financial institution.

D. Component Unit – Hospital Authority

As of December 31, 2008, the Hospital Authority had the following investments:

Investment	Maturity	Fair Value
Federal Home Loan Mortgage Corp.	October 15, 2025	\$ 299,364
Federal National Mortgage Assoc.	January 30, 2023	501,565
Tennessee Valley Authority	November 15, 2015	299,349
Total		<u>\$ 1,100,278</u>

Interest rate risk. The Hospital Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial credit risk. As of December 31, 2008, all of the Hospital Authority's deposits and investments were properly collateralized with the depository financial institution.

E. Component Unit – Health Department

Custodial credit risk. As of June 30, 2008, all of the Health Department's deposits and investments were properly collateralized with the depository financial institution.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. RECEIVABLES

A. Primary Government

Receivables at December 31, 2008, for the County's individual major funds and nonmajor funds in the aggregate are as follows:

	<u>General Fund</u>	<u>Debt Service Fund</u>	<u>SPLOST Fund</u>	<u>Nonmajor Governmental Funds</u>	<u>Solid Waste Fund</u>
Receivables:					
Taxes	\$ 2,124,234	\$ 46,662	\$ 537,185	\$ -	\$ -
Other governments	797,920	224,271	-	52,312	-
Accounts	<u>711,681</u>	<u>-</u>	<u>-</u>	<u>57,079</u>	<u>6,509</u>
Gross receivables	3,633,835	270,933	537,185	109,391	6,509
Less allowance for uncollectibles	<u>(544,152)</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Net receivables	<u><u>\$ 3,089,683</u></u>	<u><u>\$ 270,933</u></u>	<u><u>\$ 537,185</u></u>	<u><u>\$ 109,391</u></u>	<u><u>\$ 6,509</u></u>

Property taxes for the 2008 fiscal year were levied on November 20, 2007, with property values assessed as of January 1, 2007. Bills are payable on or before January 31, 2008, after which the applicable property is subject to lien and penalties and interest as assessed. Property taxes attached as an enforceable lien on property as of January 1. Property taxes levied during 2008 are for fiscal year 2009. Amounts recorded as a receivable and amounts collected as of December 31, 2008 related to these taxes are recorded as unearned revenue in both the fund and government-wide financial statements.

B. Component Unit – Water Authority

Receivables of the Water Authority, including the applicable allowances for uncollectible accounts, consisted of the following at December 31, 2008:

Receivables:	
Accounts	\$ 137,282
Less allowance for uncollectibles	<u>37,734</u>
Net total receivables	<u><u>\$ 99,548</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 6. CAPITAL ASSETS

NOTES TO FINANCIAL STATEMENTS

NOTE 7. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of December 31, 2008, is as follows:

Due to/from other funds:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General Fund	Nonmajor governmental funds	\$ 264,874
General Fund	SPLOST Fund	960,235
Nonmajor governmental funds	General Fund	144,439

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund transfers for the year ended December 31, 2008 were as follows:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
Capital Projects Fund	General Fund	\$ 878,867
Nonmajor governmental funds	General Fund	419,564
Nonmajor governmental funds	Nonmajor governmental funds	28,100
Solid Waste Fund	General Fund	56,875

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that the statute or budget requires to expend them, and (2) provide unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Due from/to primary government and component units:

<u>Receivable entity</u>	<u>Payable entity</u>	<u>Amount</u>
Lumpkin County	Development Authority	\$ 21,389
Lumpkin County	Water & Sewerage Authority	35,699
		<u>\$ 57,088</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM DEBT

A. Primary Government

The following is a summary of long-term debt activity for the year ended December 31, 2008:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental Activities:					
Certificates of participation	\$ -	\$ 10,000,000	\$ (275,000)	\$ 9,725,000	\$ 135,000
Less: Discount	-	(99,060)	4,497	(94,563)	-
Total certificates of participation	-	9,900,940	(270,503)	9,630,437	135,000
Notes payable	17,357,354	-	(1,102,862)	16,254,492	1,171,113
Compensated absences	197,834	284,880	(221,450)	261,264	261,264
Governmental activities long-term liabilities	<u>\$ 17,555,188</u>	<u>\$ 10,185,820</u>	<u>\$ (1,594,815)</u>	<u>\$ 26,146,193</u>	<u>\$ 1,567,377</u>
Business-type Activities:					
Landfill postclosure costs	\$ 442,000	\$ -	\$ (17,000)	\$ 425,000	\$ 17,000
Compensated absences	358	1,470	(1,266)	562	562
Business-type activities long-term liabilities	<u>\$ 442,358</u>	<u>\$ 1,470</u>	<u>\$ (18,266)</u>	<u>\$ 425,562</u>	<u>\$ 17,562</u>

For governmental funds, compensated absences are liquidated by the General Fund.

Notes Payable. In order to secure financing for the debts of the previous administration, the County transferred certain public buildings to a newly created entity, the Lumpkin County Public Building Authority. In February 2001, this Authority then sold those assets back to the County in exchange for the County's promise of payment backed by its full faith and credit and taxing power. The right to receive those payments under the agreement for sale were then assigned to the bank which provided \$15,750,000 in financing. Scheduled repayment of this sum including interest from 5.02% to 7.26%, is outlined below. Final payment is due February 1, 2017. In the event of any early payment, a premium determined by the February 2001 agreement would be due. During 2002, a Special Purpose Local Option Sales Tax was passed as provided by O.C.G.A. Sec 48-8-100, et seq. for the purpose of paying off and retiring a substantial portion of this debt.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

The County's debt service requirements to maturity on this note payable are as follows:

Year ending December 31,	Principal	Interest	Total
2009	\$ 1,020,000	\$ 517,121	\$ 1,537,121
2010	1,090,000	449,880	1,539,880
2011	1,160,000	378,061	1,538,061
2012	1,235,000	301,483	1,536,483
2013	1,315,000	301,483	1,616,483
2014 - 2017	3,145,000	486,285	3,631,285
Total	\$ 8,965,000	\$ 2,434,313	\$ 11,399,313

In September 1999, Lumpkin County and the City of Dahlonega borrowed \$4,475,000 from the Georgia Environmental Facilities Authority (GEFA) to develop a reservoir. During 2001, the City and County entered into an agreement to increase the loan amount to \$14,000,000. During 2006, the reservoir was completed and the loan finalized. The County's share of the obligation as of December 31, 2008, was \$7,186,492 which is 52% of the total debt outstanding. The note carries an interest rate of 3%.

The County's debt service requirements to maturity on the GEFA notes payable are as follows:

Year ending December 31,	Principal	Interest	Total
2009	\$ 110,113	\$ 214,089	\$ 324,202
2010	113,462	210,740	324,202
2011	116,913	207,289	324,202
2012	120,469	203,733	324,202
2013	124,133	200,068	324,201
2014 - 2018	679,649	941,358	1,621,007
2019 - 2023	789,492	831,515	1,621,007
2024 - 2028	917,087	703,920	1,621,007
2029 - 2033	1,065,304	555,703	1,621,007
2034 - 2038	1,237,475	383,533	1,621,008
2039 - 2043	1,437,471	183,536	1,621,007
2044 - 2045	474,924	11,359	486,283
Total	\$ 7,186,492	\$ 4,646,843	\$ 11,833,335

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

In 2006, the County financed a mapping project through the contractor organization. The County paid \$45,500 up front and financed the remaining \$100,000. Of the amount financed, \$19,500 was to be paid during 2006, with the remaining \$80,500 to be paid over a four year period with a 5% interest fee charged each year. The \$19,500 was not paid until 2007 along with the first of the four annual payments.

The County's debt service requirements to maturity on this note payable are as follows:

<u>Year ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2009	\$ 20,000	\$ 1,000	\$ 21,000
2010	20,000	1,000	21,000
Total	<u>\$ 40,000</u>	<u>\$ 2,000</u>	<u>\$ 42,000</u>

On December 18, 2007, the County purchased land for \$90,000. Of this total, \$6,000 was paid at closing and the remaining \$84,000 was financed with the seller. The note will be paid over four years and carries a 5% interest rate.

The County's debt service requirements to maturity on this note payable are as follows:

<u>Year ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2009	\$ 21,000	\$ 3,150	\$ 24,150
2010	21,000	2,100	23,100
2011	21,000	1,050	22,050
Total	<u>\$ 63,000</u>	<u>\$ 6,300</u>	<u>\$ 69,300</u>

Certificates of Participation. In March 2008, the County issued certificates of participation, Series 2008, in the principal amount of \$10,000,000 with principal and interest payments beginning October 15, 2008 through October 15, 2027 at an interest rate of 3.97%. Proceeds will be used to acquire, construct, and equip a new judicial center.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM DEBT (CONTINUED)

2011	140,000	356,876	496,876
2012	145,000	352,676	497,676
2013	150,000	348,326	498,326
2014-2018	2,710,000	1,551,751	4,261,751
2019-2023	3,230,000	1,026,883	4,256,883
2024-2027	3,080,000	324,688	3,404,688
Total	<u>\$ 9,725,000</u>	<u>\$ 4,687,102</u>	<u>\$ 14,412,102</u>

Conduit debt. In December 2001, the Lumpkin County Public Building Authority issued \$5,000,000 in aggregate principal amount of Lumpkin County School District Qualified Zone Academy Project Bonds, Series 2001. The proceeds were used to rehabilitate, repair, renovate, extend and improve Lumpkin County Middle School and Lumpkin County Elementary School. As of December 31, 2008, the amount outstanding related to these bonds is \$1,939,814. The obligation of the Lumpkin County School District to make the payment required by the contract is a general obligation of the Lumpkin County School District for which its full faith and credit and taxing power are pledged. The Public Building Authority has no obligation to repay this debt beyond the funds received from the Lumpkin County School District. As a result, these bonds are considered conduit debt for the Public Building Authority and are not reported as liabilities.

Landfill postclosure costs. Effective June 17, 2003, the Lumpkin County Landfill was closed and no additional waste has been accepted. According to state and federal laws and regulations, the County must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. As of December 31, 2008, the County has a remaining 25 years of monitoring. Engineering studies estimate postclosure costs of approximately \$425,000 over the 25 year period. These costs are based on what it would cost to perform all postclosure care in 2008, adjusted annually for inflation. Actual costs may be higher due to changes in inflation, changes in technology, or changes in regulations. Should any problems occur during this postclosure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM DEBT (CONTINUED)

B. Discretely Presented Component Unit – Development Authority

Debt activity for the year ended December 31, 2008 is as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Note payable	\$ 1,464,473	\$ -	\$ -	\$ 1,464,473	\$ 1,464,473

Note Payable. The Authority issued a note payable on January 22, 2004 with a financial institution in order to finance the purchase of property. The note is secured by the real estate and lease receipts and will be repaid upon the sale of the property. Because the Authority has not sold the property, the note has been refinanced several times. The balance outstanding as of December 31, 2008 is \$1,464,473 and the note matures in October 2009. Interest is paid monthly at the 30 Day LIBOR rate plus 2.4%, which was 4.64% at December 31, 2008 and will amount to \$56,626 during 2009.

C. Discretely Presented Component Unit – Water Authority

Long-term debt activity for the year ended December 31, 2008 is as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Revenue bonds	\$ 3,310,000	\$ -	\$ (130,000)	\$ 3,180,000	\$ 155,000
Compensated absences	4,286	1,130	(1,271)	4,145	1,229
Total long-term liabilities	<u>\$ 3,314,286</u>	<u>\$ 1,130</u>	<u>\$ (131,271)</u>	<u>\$ 3,184,145</u>	<u>\$ 156,229</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM DEBT (CONTINUED)

C. Discretely Presented Component Unit – Water Authority (Continued)

Revenue bonds. The Authority issued the 2000 Series bonds for \$3,610,000 on November 1, 2000 at a 5.65% rate. The bonds were due in semi-annual installments beginning February 1, 2001, with principal payments to begin on February 1, 2004. The bonds had a maturity date of February 1, 2021. The bonds were issued for the acquisition, construction, installing and equipping of certain improvement projects on the Authority's system. The bonds are secured by the Authority's revenue, accounts receivable and real estate.

Revenue bond debt service requirements to maturity are as follows:

Year ending December 31,	Principal	Interest	Total
2009	\$ 155,000	\$ 171,642	\$ 326,642
2010	185,000	161,331	346,331
2011	195,000	150,361	345,361
2012	205,000	138,825	343,825
2013	215,000	126,725	341,725
2014 - 2018	1,275,000	426,928	1,701,928
2019 - 2021	950,000	60,125	1,010,125
Total	<u>\$ 3,180,000</u>	<u>\$ 1,235,937</u>	<u>\$ 4,415,937</u>

D. Health Department – Component Unit.

The following is a summary of the Health Department's long-term debt activity for the year ended June 30, 2008:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Compensated absences	<u>\$ 41,659</u>	<u>\$ 43,826</u>	<u>\$ (40,131)</u>	<u>\$ 45,354</u>	<u>\$ 40,000</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PLAN

Plan Description

The County sponsors the Association of County Commissioners of Georgia Lumpkin County Defined Benefit Plan (The Plan), which is a defined benefit pension plan.

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan is affiliated with the Association of County Commissioners of Georgia Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan administered by GEBCorp. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of The ACCG Plan as provided in Section 19.03 of The ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of The Plan as provided in Section 19.02 of The ACCG Plan document. Complete financial statements for the Association of County Commissioners of Georgia (ACCG) Defined Benefit Pension Plan can be obtained from GEBCorp, 3625 Cumberland Boulevard, Suite 825, Atlanta, Georgia 30339.

Funding Policy

The County is required to contribute an actuarially determined amount annually to The Plan's trust. A contribution amount is determined using actuarial methods and assumptions approved by The ACCG Plan trustees and intended to satisfy the minimum contribution requirements as set forth in controlling State of Georgia statutes. Plan participants are not required to contribute to the plan.

Annual Pension Cost

The County's annual pension cost and net pension obligation for the pension plan for the year beginning January 1, 2008, (the most recent actuarial valuation date) are as follows:

	January 1, 2008	January 1, 2007
<u>Derivation of Annual Pension Cost</u>		
Annual Required Contribution	\$ 219,349	\$ 174,608
Interest on Net Pension Obligation	(6,008)	(4,896)
Amortization of Net Pension Obligation	6,339	5,166
Annual Pension Cost	\$ 219,680	\$ 174,878
 <u>Derivation of Net Pension Obligation</u>		
Annual Pension Cost for Current Year		\$ 219,680
Actual Contributions to Plan for Current Year		235,876
Increase in Net Pension Obligation		(16,196)
Net Pension Obligation (Asset) as of December 31, 2007		(75,099)
Net Pension Obligation (Asset) as of December 31, 2008		\$ (91,295)

NOTES TO FINANCIAL STATEMENTS

NOTE 9. DEFINED BENEFIT PLAN (CONTINUED)

Basis of Valuation

Current Valuation Date	January 1, 2008
Annual Return on Invested Plan Assets	8.0%
Projected Annual Salary Increases	6.0%
Expected Annual Inflation	3.0%
Actuarial Value of Assets	Market Value
Actuarial Funding Method	Projected Unit Credit
Amortization Method	Level Percent of Pay (closed)
Remaining Amortization Period	10

The following is a schedule of funding progress:

<u>Actuarial Valuation Date</u>	<u>(a) Actuarial Value of Assets</u>	<u>(b) Actuarial Accrued Liability (AAL)</u>	<u>(b-a) Unfunded Actuarial Accrued Liability (UAAL)</u>	<u>(a/b) Funded Ratio</u>	<u>(c) Covered Payroll</u>	<u>[(b-a)/c] UAAAL as a Percentage of Covered Payroll</u>
12/31/2008	\$ 1,006,023	\$ 1,694,220	\$ 688,197	59.38 %	\$ 4,536,121	15.17 %

See required supplementary information for a history of funding progress.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of March 1, 2008.

Trend Information for The Plan

<u>Fiscal Year Beginning</u>	<u>Annual Pension Cost (APC)</u>	<u>Actual County Contribution</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation (Asset)</u>

1/1/06	162,991	179,614	110.2	(61,203)

NOTES TO FINANCIAL STATEMENTS

NOTE 10. DEFINED CONTRIBUTION PLAN

The County, by resolution, adopted the ACCG 401(a), a defined contribution retirement plan, administered by GEBCorp. The plan provisions and contribution rates may also be amended by resolution. Current full-time employees are eligible to participate, beginning on their date of hire. The County shall make a matching contribution on behalf of each participant to the plan equal to 4% of the participant's compensation for each participant who contributes 2% of their compensation.

For the year ended December 31, 2008, the County's covered payroll for employees participating in this plan was \$4,744,606 and total payroll was \$8,487,765. The County's contribution was \$181,303 and employee contributions were \$94,893.

NOTE 11. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; natural disasters; injuries to employees; and losses resulting from providing accident and health benefits to employees and their dependents.

The County participates in the Georgia Interlocal Risk Management Agency Fund and the Association of County Commissioners of Georgia Group Self-Insurance Workers Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments.

As part of the risk pool, the County is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. The funds are to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

The County also carries insurance for all other risks of loss, including general liability and errors and omission coverage through a private insurance company. Settled claims have not exceeded insurance coverage in any of the past three years. There have been no significant reductions of insurance coverage from coverage in the prior year.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. COMMITMENTS AND CONTINGENCIES

Contractual Commitments

In addition to the liabilities enumerated in the balance sheet, at December 31, 2008, the County has contractual commitments on uncompleted contracts of approximately \$1,458,506.

Litigation

The County is involved in several pending lawsuits. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the County.

Grant Contingencies

The County has received Federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, County management believes such disallowances, if any, will not be significant.

NOTE 13. JOINT VENTURE

Under Georgia law, the County, in conjunction with other cities and counties in the area, is a member of the Georgia Mountain Regional Development Center (RDC) and is required to pay annual dues thereto. During the year ended December 31, 2008, the County paid \$22,280 in such dues. Membership in the RDC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of regional development commissions in Georgia.

The RDC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a regional development commission. Separate financial statements may be obtained from:

Georgia Mountain Regional Development Center
P.O. Box 1720
Gainesville, GA 30503

NOTES TO FINANCIAL STATEMENTS

NOTE 13. JOINT VENTURE (CONTINUED)

The County participates with Union and Towns Counties in the North Georgia Waste Management Authority. The Authority studied solid waste disposal issues, developed a plan to recycle waste paper and has leased those facilities to private entities. Lumpkin County has an ongoing financial interest and obligation for funding debt service requirements. The participating counties are annually assessed varying amounts to cover the Authority's inability to service its debt. During the year ended December 31, 2008, the County made no payments to the Authority. Separate financial statements can be obtained from their office at:

North Georgia Waste Management Authority
170 Scoggins Drive
Demorest, Georgia 30535

NOTE 14. HOTEL/MOTEL TAX

The County has levied a 6% lodging tax. During the year ended December 31, 2008, the County collected \$117,035 in revenues. Of this amount \$117,035, or 100%, was expended on the promotion of tourism in accordance with the provisions of O.C.G.A. 48-13-51.

NOTE 15. CHANGE IN REPORTING ENTITY

In previous years, the County accounted for the use of confiscated assets by the County's Sheriff's Department in the Special Programs fund. As of December 31, 2008, the County created a Confiscated Assets fund in order to account for the activity in compliance with the Georgia Department of Audit's Uniform Chart of Accounts. The beginning fund balance of \$11,820 was transferred from the Special Programs fund to properly state prior years' activity.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Drug Rehabilitation Fund - to account for funds collected from fines and forfeitures to be used to create and maintain a Drug Abuse Treatment and Education Fund.

Law Library Fund - to account for the revenues and related expenditures of operating the County's Law Library.

Emergency Telephone System Fund - to account for the monthly 911 charge to help fund the cost of providing emergency 911 services.

Drug Court Fund – to account for funds collected and the related expenditures of the Drug Court established by Lumpkin and White Counties.

Juvenile Services Fund - to account for funds collected to be used for law enforcement activities.

North Georgia Waste Management Fund - to account for the revenues and related debt service payments to North Georgia Waste Management established by agreement between Towns, Union, and Lumpkin Counties.

Confiscated Assets Fund - to account for the use of confiscated assets by the County's Police Department.

Special Programs Fund - to account for fines, confiscated monies, and donations received that are to be expended within the guidelines of each program.

Public Defender Fund - to account for funds from contributing counties to be used to maintain a circuit public defender's office.

Technology Fee Fund - to account for funds collected from fines to be used by Magistrate and Probate courts for technology related expenditures.

Multiple Grant Fund - to account for governmental grants received and the related expenditures.

Hotel/Motel Tax Fund - to account for the collection of hotel/motel taxes within the County and for the expenditures made distributing the collections to the appropriate entities.

Planning Fund – to account for the revenues and expenditures related to the operations of the County's Planning Department.

Capital Projects Fund

Community Development Block Grant Fund - to account for CDBG grant funds received and the related expenditures.

AGENCY FUNDS

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, and other governments.

Tax Commissioner - to account for the collection of all property taxes which are disbursed to other taxing units.

Sheriff - to account for collection of cash bonds, fines, forfeitures and other fees which are disbursed to other parties.

The following agency funds are used to account for fines, fees and other moneys collected by the courts and remitted to other parties in accordance with court orders and state law:

Clerk of Courts
Probate Court
Magistrate Court

NON-CASH INVESTING ACTIVITIES	
Unrealized gain on investments	<u>\$ 9,175</u>

STATISTICAL SECTION

This part of Lumpkin County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

	<u>Page</u>
Financial Trends	76-81

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity.....	82-85
------------------------------	--------------

These schedules contain information to help the reader assess the government's most significant local revenue source, property tax.

Debt Capacity.....	86-88
---------------------------	--------------

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information	89 and 90
---	------------------

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information.....	91-93
-----------------------------------	--------------

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year. The government implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Source: Georgia Department of Revenue, Property Tax Division

Note: Property in the County is assessed annually. The County assesses property at approximately 40 percent of actual value for all types of real and personal property. Estimated actual value is calculated by dividing assessed value by those percentages. Tax rates are per \$1,000 of assessed value.

(1) Includes timber and heavy equipment.

(2) There was a property revaluation in 2002 and 2007 that substantially increased real property values.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Board of Commissioners
of Lumpkin County, Georgia
Dahlonega, Georgia**

We have audited the financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lumpkin County, Georgia (the "County") as of and for the year ended December 31, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated May 21, 2009. We did not audit the financial statements of the Lumpkin County Department of Public Health. Those financial statements were audited by other auditors whose reports have been furnished to us. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in the accompanying schedule of findings and responses, as items 2008-1 through 2008-5, to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we consider items 2008-1 through 2008-4 to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County in a separate letter dated May 21, 2009.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. We did not audit the County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of Commissioners, management, others within the County, and the State of Georgia and is not intended to be and should not be used by anyone other than these specified parties.

 yes X no

Federal Awards

There was not an audit of major federal award programs as of December 31, 2008 due to the total amount expended being less than \$500,000.

LUMPKIN COUNTY, GEORGIA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2008

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES

2008-1. Expenditures/Expenses and Related Liabilities

Criteria: Generally, expenditures/expenses should be recognized as soon as a liability is incurred, regardless of the timing of the related cash flows.

Condition: Internal controls were not sufficient to detect material misstatements in the reporting of the County's expenditures/expenses and related liabilities.

Context/Cause: During our testing of expenditures/expenses, certain audit adjustments were required to correct current year amounts. The nature of these adjustments are as follows:

- Accounts payable and the related expenditures required an adjustment of approximately \$44,000 in the General fund. This adjustment was needed to reduce the liability for expenditures that were accrued but that had not yet been incurred at December 31, 2008.
- Accounts payable and the related expenditures required an adjustment of approximately \$42,500 in the Capital Projects fund. This adjustment was needed to record debt service expenditures that were paid during the year but were improperly recorded as a reduction of accrued liabilities at December 31, 2008.
- The liability for landfill postclosure costs in the Solid Waste Fund required adjustments of nearly \$4,100 to correctly report the balance as of December 31, 2008.
- Accounts payable and the related expenditures required an adjustment of approximately \$92,900 in the SPLOST fund. This adjustment was needed to record passthrough expenditures owed to the City of Dahlonega for SPLOST revenues receivable at December 31, 2008.

Effects: Audit adjustments totaling approximately \$183,500 were needed to correctly report expenditures/expenses and the related liabilities.

Recommendation: We recommend the County carefully review all expenditures/expenses and related liabilities to ensure all necessary transactions are reported in the proper period and in the proper fund.

Auditee's Response: We concur with the finding. We will take necessary steps in the future to ensure that expenditures/expenses and the related liabilities are properly recorded.

LUMPKIN COUNTY, GEORGIA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2008

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES (Continued)

2008-2. Receivables and Revenues

Criteria: Internal controls should be in place to ensure that the amounts reported as receivables and revenues are appropriate and properly valued.

Condition: Internal controls were not sufficient to detect misstatements in the reporting of the County's revenues and receivables.

Context/Cause: During our testing, certain audit adjustments were required to correct current year amounts. The nature of these adjustments are as follows:

- Revenues, receivables, and deferred revenue in the General Fund required adjustments totaling approximately \$196,000 to correctly report balances relating to property taxes received and receivable.
- An adjustment in the amount of \$22,000 was required to correctly report revenue and deferred revenue relating to grant activity in the General Fund.
- An adjustment in the amount of \$9,200 was required to recognize an unrealized gain on investments held by the Hospital Authority.

Effects: Audit adjustments totaling approximately \$227,200 were needed to correctly report revenues and receivables.

Recommendation: We recommend the County carefully review all revenues and receivables to ensure they are reported in the proper reporting period, properly valued, and in accordance with generally accepted accounting principles.

Auditee's Response: We concur with the finding. We will take necessary steps in the future to ensure that revenues and the related receivables are properly recorded.

LUMPKIN COUNTY, GEORGIA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2008

SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES (Continued)

2008-3. Long-Term Debt

Criteria: Governmental funds generally should not recognize long-term debt at the fund level of reporting.

Condition: Internal controls were not sufficient to detect misstatements in the reporting of the County's fund level liabilities.

Context/Cause: During our testing, certain audit adjustments were required to correct current year amounts. The nature of these adjustments are as follows:

- Adjustments totaling \$138,600 were required to remove long-term debt and related balances from the Capital Projects fund. Adjustments in the same amount were required to remove related balances from the General fund.
- An adjustment of nearly \$297,000 was required to expense costs of issuance which were improperly recorded in the SPLOST fund.

Effects: Audit adjustments totaling approximately \$574,200 were needed to correctly report activity related to long-term debt.

Recommendation: We recommend the County carefully review all long-term liabilities to ensure that they are reported in governmental funds in accordance with generally accepted accounting principles and the modified accrual basis of accounting.

Auditee's Response: We concur with the finding. We will take the necessary steps in the future to ensure that all liabilities are properly recorded.

2008-4. Grant Activity

Criteria: Internal controls should be in place to ensure that grant activity is reported in the proper funds.

Condition: Internal controls were not sufficient to detect misstatements in the reporting of the County's grant activity.

Context/Cause: During our testing, an audit adjustment of approximately \$109,800 was required in the General Fund and Multiple Grant Fund to properly record grant activity. The adjustment was necessary to correct grant receipts and disbursements that were posted to the General Fund instead of the Multiple Grant Fund.

LUMPKIN COUNTY, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2008

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES (Continued)

2008-4. Grant Activity (Continued)

Effects: Audit adjustments totaling approximately \$219,600 were needed to correctly report grant activity.

Recommendation: We recommend the County carefully review all grant activity to ensure all balances are recorded in the proper funds in a timely manner. In order to avoid future errors in the recording of grant activity, we recommend the County consider creating a separate cash account in the Multiple Grant Fund.

Auditee's Response: We concur with the finding. We will take necessary steps in the future to ensure that grant activity is properly recorded.

2008-5. Segregation of Duties

Criteria: Internal controls should be in place, which provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

Condition: Appropriate segregation of duties does not exist among custody, receipting, recording, distribution, reconciliation of cash accounts and other operational functions in the offices of the Probate Court, Magistrate Court, and Sheriff's Office.

Context: Several instances of overlapping duties were noted during interviews regarding internal control procedures.

Effects or possible effects: Failure to properly segregate duties among custody, recording, distribution, and reconciliation of accounts can lead to misappropriation of funds that is not detected in a timely manner by employees in the normal course of performing their assigned functions.

Cause: The failure in segregation of duties is mostly due to the limited number of individuals in each office to perform all of the duties.

Recommendation: We recommend the County segregate duties relative to the custody, receipting, recording, distribution, and reconciliation of accounts.

Auditee's Response: We will review our operations to determine the most efficient and effective solution to properly segregate duties.

2007-10. Recording of Capital Assets Purchased with Grant Funds

Federal Program Information: CFDA No. 97.044

Assistance to Firefighters Program

U.S. Department of Homeland Security

Criteria: Internal controls should be in place to ensure that assets meeting the County's capital asset threshold and requirements are recorded in the County's capital asset records and that assets purchased with federal funds are properly identified as such.

Condition: Internal controls were not sufficient to detect omissions in the recording of capital assets purchased with grant funds, and assets purchased with federal funds are not properly identified within the capital asset records.

Status: The County has established proper internal controls to ensure all assets purchased with federal funds are properly identified as such.
