Board of Commissioners and Citizens of Rockdale County Rockdale County, Georgia

The Annual Comprehensive Financial Report of Rockdale County, Georgia for the fiscal year ended December 31, 2022, is hereby submitted as mandated by both local ordinance and state statutes. These ordinances and statutes require that Rockdale County, Georgia issue an annual report on its financial position and activity and that this report be audited by an independent firm of certified public accountants. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of various funds, account groups, and component units of Rockdale County, Georgia. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

The management of Rockdale County, Georgia is responsible for establishing and maintaining an effective internal control structure. In developing and evaluating Rockdale County, Georgia's accounting system, consideration is given to the adequacy of its system of internal control. We believe Rockdale County, Georgia's internal accounting controls adequately safeguard assets and provide reasonable assurance for proper recording of financial transactions.

This report has been prepared in accordance with State statutes set forth in an Act providing uniform standards for audits of municipalities and counties within the State of Georgia. The firm of Banks, Finley, White & Company, Certified Public Accountants was selected to perform an annual audit, and a copy of the auditor's report is included in the financial section of this report.

As a recipient of federal and state financial assistance, Rockdale County, Georgia is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. The internal control structure is subject to periodic evaluation by the management of the County. Information related to a Single Audit, including a schedule of expenditures of federal awards, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in the single audit report.

Accounting principles generally accepted in the United States of America ("GAAP") require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis ("MD&A"). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Rockdale County, Georgia MD&A can be found immediately following the report of the independent auditors.

#### Profile of the County

Rockdale County was created from parts of Henry and Newton counties in 1870. Its name was inspired by the granite strata underlying the surface soil in the area. From its population in 2000 of 70,576 to its current population estimate of 94,984, the County has experienced a growth change of 24,408 Rockdale County has one municipality, the City of Conyers.

Rockdale County is governed by a three-member Board of Commissioners, which includes a full-time chairman and two part-time commissioners. Commission members are elected in partisan, at-large elections to serve staggered terms of four years each.

The Chairman of the Board is the Chief Executive Officer of the county government and generally directs and controls administration and business operations of the County. Consistent with resolutions of the Board of Commissioners, the Chairman establishes rules and regulates purchasing services for all county departments, offices, and agencies.

An organizational chart depicting the current structure associated with the management of the County is included in this introductory section.

The financial statements, schedules, and statistical tables included in this report pertain to all functions and funds directly under the control of Rockdale County Board of Commissioners. Also included are trust and agency funds administered and controlled by various elected or appointed officials which are not reported upon by any other entity. The Conyers-Rockdale Big Haynes Impoundment Authority and the Rockdale County Water and Sewerage Authority are reported as blended component units, and while legally separate from the County, are reported as if they were part of the primary government. The Conyers-Rockdale Library System and the Rockdale County Health Department are included in the financial statements as discretely presented component units.

#### Local Economy

The County of Rockdale enjoys a favorable economic environment and local indicators point to continued stability. The local economy is a well-balanced blend of retail trade, manufacturing, and healthcare and social assistance. Some of the top principal employers are Golden State, Piedmont Healthcare, and BioLab.

Residential and commercial development in the area has spurred continuing growth. The County is a bedroom community for many who are employed in the metropolitan Atlanta area, and the historic district, "Olde Town Conyers," draws visitors to shop in its boutiques and visit its museums and gardens.

The collection of County revenues has stabilized, and the County has seen increased sales tax collections. Also, the County continues to focus on plans for economic development. The county works closely with the Atlanta Regional Commission.

The feature film and television production industry are still a strong force in our local economy, and one of our major employers. The Resident was filming season 5 and Gotham Nights was also filming its first season. Other TV and Film productions are choosing Conyers-Rockdale for location work.

#### Long-Term Financial Planning

The County has developed a strategic plan that will focus on areas of priority. This strategic plan will serve as the County's focused roadmap throughout 2021 and beyond. Public input was received to assist the County in developing this plan. The community's identification of the following five (5) critical areas of focus support Rockdale's quality of life and economic development: Infrastructure and Transportation, Economic Development, Quality of Life, Education, and Social Investment. The County is also working on next strategic plan "Reimagine Rockdale". The County has developed a five-year capital plan focused on meeting its long-term goals and objectives.

#### Relevant Financial Policies

Rockdale County operates under a set of fiscal policies, which establishes operational objectives and promotes continuity in fiscal decision-making, and long-term financial stability of the County. These policies cover financial areas in operating budget, reserve fund balances, accounting, auditing, and financial reporting, and purchasing.

The County strives to maintain a minimum unassigned fund balance in its General Fund, which is 35% of the subsequent year's budgeted expenditures. This minimum fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and to maintain a budget stabilization commitment. Conservative budgeting has enabled the County to adhere to this policy.

Rockdale County will continue to initiate all capital purchases within development of the operating budget to ensure that all future operating costs are projected and included in the operating budget where appropriate. Capital purchases are classified as either capital expenditures or capital improvement projects. Capital expenditures are generally for the replacement of equipment. These types of expenditures will impact only the current operating budget and will have no specific impact on future operating budgets. Prior to the initiation of Capital improvement projects, on-going operational expenditures are considered.

The County has established a financial and budgetary policy, which is reviewed and updated as necessary by approval of the Board of Commissioners. Budgetary control is maintained at the department level. No increase in the overall budget can be made without the approval of the Board of Commissioners and amendment to the budget. Unencumbered appropriations in the annual operating budget lapse at fiscal year-end.

#### Major Initiatives

The County and the Conyers-Rockdale Chamber of Commerce encourage industrial development in the County. The County's proximity to Atlanta and I-20 has made the County attractive for manufacturing. Examples of recent economic activity including: a \$10 million expansion by Dart Container Company; the addition of 250,000 square feet and approximately 40 employees by BioLab; and a \$70 million expansion by Pratt Industries.

Upcoming retail developments include the Salem Gate Market, with retail, restaurants and a 100-room hotel and Eastmore, a 310-acre mixed use project located 20 miles outside of downtown Atlanta along I-20, with residential, retail and office space. The Georgia International Horse Park, a 1,400-acre park originally created for the 1996 Summer Olympics, hosts over 200 events per year and draws over 500,000 visitors to the County annually

Rockdale County Board of Commissioners continue to receive SPLOST funds to fund public safety vehicles such as fire trucks, police vehicles, other related public safety equipment and provide funds for other capital improvement projects. Also, a new SPLOST 2022 was approved on May 24, 2022, for six years for raising \$72,621,846 for the purpose of (i) roads, bridges, sidewalks, and transportation, (ii) Sheriff, (iii) fire and E911, (iv) parks and recreation, (v) courthouse. The Board of Commissioners also approved Homestead Option Sales Tax ("HOST") funding to purchase public safety equipment. This investment of HOST funding will aid in enhancing Rockdale's public safety throughout the County by providing deputies with the tools they need to safely and efficiently perform their jobs.

#### Corona Virus/COVID-19

The outbreak of the 2019 novel coronavirus ("COVID-19") has affected global, national, state and local economic activity. The County focused on protecting its employees by providing personal protection equipment, closing offices, limiting public access and establishing other procedures to protect its employees. It also focused on protecting its citizens by limiting access to facilities, providing masks, temperature checks for people entering the building and taking other safety precautions.

Within the United States, the federal government and various state and local governments as well as private entities and institutions have implemented a variety of different efforts aimed at preventing the spread of COVID-19, including but not limited to travel restrictions, voluntary and mandatory quarantines, event postponement and cancellations, voluntary

and mandatory work from home arrangements and facility closures. While it is impossible to determine the long-term effects that COVID-19 will have on the global, national, state or local economies, COVID-19 has not materially affected the financial results of the County to date, and the County anticipates that it will achieve its budgeted financial results for fiscal year 2022. Furthermore, COVID-19 expenses have not outpaced reimbursable amounts. In May 2021, the County received \$8,827,741 in American Rescue Plan Act ("ARPA") funds that the County has allocated toward, among other permitted uses, personal protective equipment, public health communication efforts, public safety, public works and essential workers, payroll contributions for essential works, and capital investments in public facilities to meet pandemic operational needs. The County also received an additional \$8,827,741 in ARPA funds in 2022.

Rockdale County is a beautiful place, with robust greenspace and park amenities that are something of a best-kept secret here in the region. Rockdale has miles and miles of hiking trails and bike trails. Arabia Mountain, Randy Poynter Lake and Veteran's Memorial Park are all beautiful destinations in our award winning, green community.

#### Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to Rockdale County, Georgia for its Annual Comprehensive Financial Report for the fiscal year ended December 31, 2021.

This was the twelfth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation, design and publication of this Annual Comprehensive Financial Report could not have been accomplished without the efficient and dedicated service of the entire finance office staff. We would also like to express our gratitude and appreciation to the firm of Banks, Finley, White & Company, Certified Public Accountants for their technical guidance and assistance to make this a quality report.

Sincere appreciation also goes to the various elected officials, and county department directors for their assistance and positive attitude throughout the year in matters pertaining to the financial affairs of the County.

Finally, credit also must be given to the County Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of the County's finances.

Respectfully submitted

David Corbin

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the respective budgetary comparison for the General Fund of Rockdale County, Georgia ("the County"), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information and the respective budgetary comparison for the General Fund of the County, as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# **Emphasis of a Matter Adoption of New Accounting Standards**

For the year ended December 31, 2022, the County adopted Governmental Accounting Board Statement No. 87 - Leases. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Commissioners of Rockdale County, Georgia June 26, 2023 Page 2

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Board of Commissioners of Rockdale County, Georgia June 26, 2023 Page 3

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 5-14), schedule of changes in the County's total OPEB liability and related ratios (page 63), schedule of changes in the County's net pension liability and related ratios (page 64) and schedule of the County's pension contributions (page 65) be presented to supplement the basic financial statements.

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying combining and individual nonmajor fund financial statements, budgetary comparison schedules for the special revenue and debt service funds, schedule of expenditures of special purpose local option sales tax proceeds, the combining statement of fiduciary fund net position and combining statement of changes in fiduciary net position for all custodial funds are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules for the special revenue and debt service funds, schedule of expenditures of special purpose local option sales tax proceeds, the combining statement of fiduciary fund net position and combining statement of changes in fiduciary net position are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 26, 2023, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control over financial reporting and compliance.

As management of the Rockdale County, Georgia (the "County"), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of Rockdale County, Georgia for the year ended December 31, 2022. We encourage readers to read the information presented here in conjunction with the additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

#### FINANCIAL HIGHLIGHTS

- The County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$474,567,801 (*net position*). The unrestricted portion is \$(7,635,255), which is comprised of a deficit in the governmental activities of \$51,822,740 and a surplus of \$44,187,485 in the business-type activities.
- The County's total net position increased by \$32,223,121 in the year ended December 31, 2022.
- As of the close of the current year, the County's governmental funds reported a combined ending fund balance of \$107,648,840, an increase of \$6,338,251 in comparison with the prior year.
- At the end of the current year, fund balance for the General Fund was \$44,645,867, or 50.98% of total General Fund expenditures.
- At the end of December 31, 2022, the County had total bonded debt outstanding of \$69,645,085, which 100% was secured by specified revenues of the Proprietary Funds (Enterprise Funds including the Water and Sewer Fund and the Stormwater Fund). There were no general obligation bonds outstanding.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Rockdale County, Georgia's basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The statement of net position presents information on all the County's assets, liabilities, and deferred inflows, with the difference between the three reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, judicial, public safety, public works, housing and development, culture and recreation and community development. The business-type activities of the County include the Water/Wastewater and Stormwater fund.

The government-wide financial statements can be found on pages 15 and 16 of this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 26 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, the Homestead Option Sales Tax Capital Projects Fund, and the 2017 Sales Tax Capital Projects Fund, because they are considered to be major funds. Data from the other 23 governmental funds (14 special revenue funds, eight capital projects funds, and one debt service funds) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 17-22 of this report.

**Proprietary funds.** The County maintains two proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for its Water/Wastewater Fund and Stormwater Utility Fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water/Wastewater Fund, which is a major enterprise fund, and the Stormwater Fund, which is considered a nonmajor fund of the County.

The basic proprietary fund financial statements can be found on pages 24 - 26 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on pages 27-28 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29 - 63 of this report.

**Required supplementary information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's pension and OPEB plans. Required supplementary information can be found on pages 66 - 65 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and enterprise funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 66 - 69 of this report.

#### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$474,567,801 at the close of the 2022 fiscal year.

The \$9,637,786 increase in total current and other assets primarily relates to increases in cash and investments of \$10,954,497 from unspent COVID-19 related funding and unspent bond proceeds from the issuance of Water and Sewer Revenue Bonds.

Capital assets increase in the governmental activities are due to multiple public facility construction projects. Business-type activities also experience similar capital expansion mainly to increase water and sewer capacity as the County continues to grow.

The increase in the deferred outflows of resources and the increase in the deferred inflows of resources are results of the accrual of pension and other postemployment benefits related amounts.

The increase in the County's liabilities relate to the drawdown of GEFA Clean Water State Revolving Loan Fund and the issuance of revenue bonds for Water and Sewer for facility improvements. The net pension liability in the long-term liabilities section decreased by \$(785,180) because of the net pension income recognition and the OPEB liability increased by \$(28,790,296) primarily because net OPEB expense recognition.

The largest portion of the County's net position 85.91% reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net position 15.70% represents resources that are subject to external restrictions on how they may be used. The negative balance of unrestricted net position increased by \$(7,635,255), primarily resulting from increases in deferred inflows of resources related to pension and OPEB plans and increase in the OPEB liability.

At the end of the current year, the County is able to report positive balances in all but one of the three categories of net position, both for the County as a whole, as well as for its separate governmental and business-type activities.

Governmental activities. Total governmental revenues increased \$16,689,644 in comparison with the prior year. The increase primarily result from increases in operating grants from American Rescue Plan Act (ARPA) federal grant funding (\$9,169,398) and Georgia Department of Transportation Fund funding (\$(2,806,930)). Increases in charges for services, property and sales tax revenues relate primarily to the economic recovery from the effects of COVID-19 as the overall economics of the County and local businesses continued to improve.

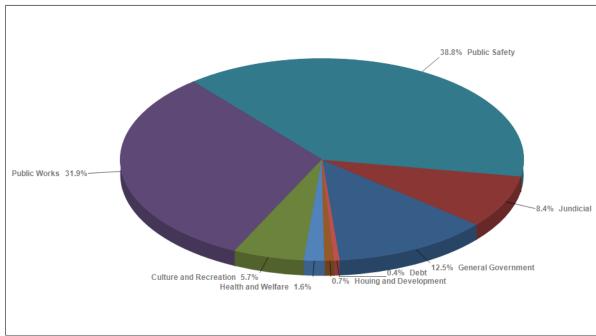

#### ROCKDALE COUNTY, GEORGIA

Expenses for Governmental Activities

Total expenses of \$123,601,470, increased by \$7,073,058 from calendar year 2021. This increase is primarily related to the increases in outlays for information technology, public works projects, and road maintenance projects related to SPLOST and HOST. Based on the project timing, more was spent on capital outlays in 2022 compared to the previous year.

**Business-type activities.** The business-type activities are comprised of the County's water and sewer and stormwater utility operations. Charges for services accounted for 100% of business-type activities revenues which increased \$11,256,505 in comparison with 2021. A five-year rate implementation plan was approved by the Board of Commissioner in 2017. This plan has helped to sustain the water and sewer system through pay as you go capital in subsequent years. Total expenses increased by \$3,202,376 primarily from interest and issuance cost for the Stormwater bonds issued in 2021.

#### **Financial Analysis of the County's Funds**

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

At the end of 2022 and 2021, the combined ending fund balances of the County's governmental funds were \$107,648,840 and \$91,160,223, respectively. This represents an increase of \$16,488,617 in comparison with the previous fiscal year. The increase is primarily due to an increase in revenues from assessment and collections on property taxes. Additionally, sales tax assessments and collections increased as businesses returned to pre-COVID capacity. The increase in tax revenues of \$14,094,883 represented 85.48% of the total revenue increase. Charges for services increased by \$108,398 as local businesses returned to pre-COVID operations. Intergovernmental revenues increased by \$907,311 from increased funding provided by the CARES Act and other related state grants.

Approximately 35.11% or \$37,795,867 of the total governmental fund balance is made up of unassigned fund balance that is available for spending at the County's discretion. The remainder of fund balance, \$69,852,973, is classified as restricted or non-spendable as it is not available for new spending.

The County has only three major governmental funds which include the General Fund, the HOST Fund, and the 2017 SPLOST Fund. The General Fund is the primary operating fund of the County. It accounts for many of the County's core services such as law enforcement, fire protection, planning, roads and streets, and administration. At the end of 2022, the General Fund had a positive fund balance of \$44,645,867. The General Fund's total fund balance as a percentage of its expenditures for fiscal year 2022 was 50.98% which shows the County continues to be in a satisfactory financial position. The HOST Fund and 2017 SPLOST Fund fund balances increased by \$2,788,336 and \$269,707, respectively. The increase in fund balances relate primarily from increases in allocable sales and use tax revenues, resulting from the continued rebounding of the local economy post-COVID 19. Total sales and use taxes revenues for the County grew by 10.10% as the economy improved.

In accordance with the Homestead Option Sales Tax ("HOST") Legislation, the County may allocate up to 20% of the previous year's receipts to capital outlay projects. The County capital factor has varied over the years from zero to 20%, the maximum allowed under the law. The County has traditionally used its annual capital amounts from HOST for land, buildings and systems, improvements, machinery and equipment, vehicles, roads, highways, and bridges.

The 2017 Sales Tax Fund accounts for the financial resources provided from the 2017, 1% special purpose local option sales tax. Such funds were approved by voter referendum for transportation projects, public safety, parks and recreation, and Water and Sewer projects. During the current year, a total of \$23,914,551 was recognized as revenue.

After capital outlay expenditures of \$23,644,845, the SPLOST fund is reporting an increase in fund balance of \$269,706, with a remaining fund balance of \$34,908,360 for future projects.

**Proprietary funds.** The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The net position of the County's enterprise funds increased by \$14,046,971 in 2022 because of operations in the enterprise funds.

#### **General Fund Budget Highlights**

Additional information on the County's capital assets can be found in Note 7 on pages 44 and 45 of this report.

**Debt Administration.** At the end of December 31, 2022, the County had total bonded debt outstanding of \$69,645,085, which 100% was secured by specified revenue, an Enterprise fund. This is a decrease of \$6,469,327 is primarily related to scheduled debt service payments.

Rockdale County maintains an "Aa2", and "Aa3" rating from the national rating agency Moody's for its revenue bonds, and certificates of participation, respectively.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10% of its total assessed valuation. The statutory limit at year-end for the County was \$355,560,000, which significantly exceeds our obligation, since there are no general obligation bonds outstanding.

Additional information on the County's debt can be found in Note 8 on pages 45-60 of this report.

#### **Status of Rockdale County's Economy:**

The County has put a renewed focus on economic development and job creation. It is a priority of the current administration to increase the County's visibility in order to attract businesses, support job growth, and enhance the current approach to economic development.

In December 2018, Rockdale County Commission Chairman Nesbitt created an Economic Development Taskforce. The group was charged with evaluating current economic development efforts, enhancing communication between various partners in economic development, and devising strategies to enhance economic development efforts in Rockdale County. The taskforce is comprised of leaders from Rockdale County government, the Rockdale County Development Authority, and the Conyers Rockdale Economic Development Council.

Effective economic development efforts require a shared vision among economic development partners ongoing communication, and an effective and data-driven strategy. Rockdale County has requested the assistance of the Institute of Government at the University of Georgia to assist the Economic Development Taskforce with assessing current economic development efforts, facilitating community input, reviewing economic data, and ultimately developing a comprehensive economic development strategy for the county.

Rockdale County is in a period posing both significant challenges and opportunities. Management is committed to working with all stakeholders to create solutions that will most effectively use the available resources to continue to provide excellent services to the residents of the County.

# ROCKDALE COUNTY, GEORGIA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the year ended December 31, 2022

Net change in fund balances - total governmental funds

6,338,251

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

| Capital outlay       | \$ 25,229,402 |            |
|----------------------|---------------|------------|
| Depreciation expense | (11,443,159)  | 13,786,243 |

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Governmental funds report the effect of, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Also, the refunding deferral amount, which is the difference in the amount that is sent to the paying agent to be escrowed for payment of refunded debt and the principal amount of debt refunded, is amortized as an adjustment of interest expense in the statement of activities. The effects of these items are as follows:

| Repayment of the principal of long-term debt                   | \$<br>950,000 |         |
|--|---------------|---------|
| Amortization of premium on long-term debt                      | -             |         |
| Amortization of the refunding deferral amount on the refunding |               |         |
| certificates of participation                                  | <br><u> </u>  | 950,000 |

Internal service funds are used by management to charge the cost of insurance to individual funds. The net expenses of certain activities of internal service funds is reported with governmental activities.

(37,396)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The following amounts represent the net liability changes using the full accrual method of accounting:

| General liability claims   | \$ (6,979)   |             |
|--|--------------|-------------|
| Compensated absences   | 71,243       |             |
| Landfill post-closure liability  | 70,000       |             |
| Accrued interest on long-term debt                                       | 80,666       |             |
| Net change in pension liability  | (708,813)    |             |
| Net change in deferred inflows and outflows related to pension liability | (3,688,107)  |             |
| Net change in OPEB liability   | (28,866,663) |             |
| Net change in deferred inflows and outflows related to OPEB liability    | 28,041,928   | (5,006,725) |

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Rockdale County, Georgia (the "County") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

## A. The Financial Reporting Entity

The County is a political subdivision of the State of Georgia created by legislative act in 1870. The County is governed by an elected Board of Commissioners who is governed by state statutes and regulations. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the County (the primary government), its pension plan and its component units. Also, the fiduciary activities of various constitutional officers, judges, and other judicial officials are included in the Custodial Funds. These include the Tax Commissioner, Superior Court, State Court, Sheriff, Probate Court, Juvenile Court, and Magistrate Court.

The component units discussed below are included in the County's reporting entity because of the significance of their operational and financial relationship with the County.

In conformity with GAAP, as set forth in GASB Statement No. 14, *The Financial Reporting Entity*, as amended by Statement No. 61, *The Financial Reporting Entity—Omnibus*, the component units' financial statements have been included as both blended and discretely presented. Blended component units, although legally separate entities, are, in substance, part of the County's operations and so financial data from these units are combined with the financial data of the primary government. The discretely presented component units' financial data is reported in a separate column in the statement of net position and the statement of activities to emphasize that it is legally separate from the County. The component units' financial information disclosed within these statements reflect the most recently audited financial statements.

#### **Blended Component Units**

The Conyers-Rockdale Big Haynes Impoundment Authority (the "BHIA") is governed by a five-member board appointed by the City of Conyers and the Rockdale County Board of Commissioners. Although it is legally separate from the County, the BHIA is reported as if it were part of the primary government because its sole purpose is as a financing authority to acquire, construct and equip, on a limited basis, capital assets for the County. The BHIA board is essentially the same as the County's and the County can impose its will on the BHIA. No separate financial statements for the BHIA are issued.

The Rockdale County Water and Sewerage Authority (the "W&S Authority") is governed by a seven-member board appointed by the Rockdale County Board of Commissioners. The W&S Authority provides a means to issue revenue bonds. Although it is legally separate from the County, the W&S Authority is reported as if it were part of the primary government because its sole purpose is to provide adequate water and sewerage services and to manage, lease or own water and sewerage treatment facilities and other related facilities. Such responsibilities have been assigned to the County as part of a lease agreement as discussed in Note 17. No separate financial statements for the W&S Authority are issued.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

## **Discretely Presented Component Units**

The Rockdale County Health Department (the "Health Department") is governed by a seven- member board: The Chief Executive Officer of the County, the Chief Executive Officer of the City of Conyers, the Rockdale County School Superintendent, three members appointed by the Rockdale County Board of Commissioners and one member appointed by City of Conyers Council. The County, by virtue of its appointments and the presence of the Chief Executive Officer on the board, controls a majority of the Health Department's governing body positions. Although the County does not have the authority to approve or modify the Health Department's operational and capital budgets, it does have the ability to control the amount of funding it provides to the Health Department. Such funding is significant to the overall operations of the Health Department.

The Conyers-Rockdale Library System (the "Library") is governed by a nine-member board, appointed by the Rockdale County Board of Commissioners. Two of the nine members are selected for appointment from recommendations provided by the President of the Conyers Civic League. Three of the nine members are selected for appointment from recommendations provided by the City of Conyers. Although the County does not have the authority to approve or modify the Library's operational or capital budgets, it does have the ability to control the amount of funding it provides. Such funding is significant to the overall operations of the Library.

#### **Discretely Presented Component Units (Continued)**

The Health Department and Library operate on a June 30 fiscal year-end. The financial information presented is as of June 30, 2022. Complete financial statements of the individual component units may be obtained directly from their administrative offices.

Addresses of the administrative offices are as follows:

#### B. Government-wide and Fund Financial Statements

The basic financial statements consist of government-wide financial statements and fund financial statements. Both sets of statements distinguish between the governmental and business-type activities of the County.

Government-wide financial statements include a statement of net position and a statement of activities. These statements report on the government as a whole, both the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from discretely presented component units. Fiduciary funds of the government are excluded from the government-wide financial statements since these resources are not available for general government funding purposes. Interfund activity is eliminated from the government-wide financial statements.

The statement of net position reports all financial and capital resources and includes, net of accumulated depreciation, non-current capital assets and non-current liabilities.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The statement of activities reports functional categories of programs provided by the County and demonstrates how and to what degree those programs are supported by specific revenue. Program revenues are classified into three categories: 1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, 2) operating grants and contributions that are restricted to meeting the operational requirements of a function, and 3) capital grants and contributions that are restricted to meeting the capital requirements of a particular function. General revenues are comprised of taxes and other items collected, which support all functions of the County and contribute to the change in the net position for the year. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Administrative overhead charges are included in direct expenses for the business-type activities.

The fund financial statements report additional information about the County's operations for major funds individually and in the aggregate for nonmajor funds. Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds.

## C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current period, with the exception of grants, which are recognized when all eligibility requirements have been met. Property taxes, sales taxes, franchise taxes, licenses, and investment income associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the County. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

In accordance with GASB Statement No. 33, Accounting and Financial Reporting for Non-exchange Transactions, the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Homestead Option Sales Tax Capital Projects Fund* accounts for the receipt and disbursement of the financial resources provided by the Homestead Option Sales Tax ("HOST"). The HOST is used to replace funds lost as a result of the County providing for a homestead exemption from County ad valorem taxes.

The 2017 Sales Tax Capital Projects Fund accounts for the financial resources to be provided from the 2017 1% Special Purpose Local Option Sales Tax ("SPLOST") and the proceeds from the issuance of general obligation sales tax bonds. The sales tax is required to be used for debt service payments on the sales tax general obligation bonds, certain County and City of Conyers road improvements, enhancements of the County jail facility, water line infrastructure, and various other County and City of Conyers public safety and recreational projects.

The County reports the following major proprietary fund:

The *Water and Sewer Fund* accounts for the provision of water and sewer services to the residents of the County. All activities necessary to provide such services are accounted for in this fund.

Additionally, the County reports the following fund types:

The *special revenue funds* account for revenue sources that are legally restricted to expenditure for specific purposes.

The *debt service funds* account for the resources accumulated and payments made for principal and interest on long-term general obligation debt of government funds.

The *capital projects funds* account for the acquisition of capital assets and construction or improvement of major capital projects, such as construction of new roads.

The **fiduciary funds** account for resources held for the benefit of others outside the government, and are reflected in the government-wide financial statements. Fiduciary funds consist of the *pension trust*, a defined contribution employee retirement plan, and the *custodial funds* to account for the collection and disbursement of monies by the on behalf of other governments and individuals, such as cash bonds, traffic fines, support payments and ad valorem and property taxes.

The *internal service fund* accounts for all activities related to the employee health benefits.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the County's water and wastewater function and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services provided. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

## D. Budgets and Budgetary Accounting

An operating budget is legally adopted each year for the General Fund, Special Revenue Funds and Debt Service Funds. The Capital Project Funds adopt project-length budgets. An annual operating budget is prepared for the Enterprise Fund for planning, control, cost allocation, and evaluation purposes.

The level of controls (the level at which expenditures may not legally exceed appropriations) for each legally adopted annual operating budget is at the department level. During the year, supplemental appropriations are approved by the Board of Commissioners to cover unforeseen expenditures and are funded out of contingency accounts, from positive revenue and expenditure variances or unappropriated fund balances. The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to December 1, the Chairman submits to the Board of Commissioners a proposed operating budget for the year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. Prior to January 1, the budget is legally enacted through the passage of an ordinance.
- 4. The enacted budget may be amended only by formal action by the Board of Commissioners in public meetings, except that the Director of Finance may make interdepartmental amendments not associated with personnel services as long as the Board of Commissioners is notified of the changes.
- 5. Expenditures may not legally exceed appropriations.
- 6. Unencumbered appropriations lapse at year-end, with the exception of capital project funds.

#### E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the appropriation, is employed in the governmental funds. Encumbrances outstanding at year-end are reported as committed fund balances in the governmental funds, as they do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

## F. Cash, Cash Equivalents and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with an original maturity date of three months or less. Investments are stated at fair value, based on quoted market prices. Georgia law authorizes the County to invest in obligations of the State of Georgia or of any other states; obligations issued by the United States; obligations fully insured or guaranteed by the United States government or governmental agency; prime bankers' acceptances; The State of Georgia Local Government Investment Pool ("Georgia Fund 1"); repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The investment in the Georgia Fund 1 represents the County's portion of a pooled investment account operated by the Office of the State Treasurer. The pool consists of U.S. treasury obligations, securities issued or guaranteed by the U.S. Government or any of its agencies or instrumentalities, banker's acceptances, overnight and term repurchase agreements with highly rated counterparties, and collateralized bank accounts. The pool also adjusts the value of its investments to fair value as of year-end and the County's investment in the Georgia Fund 1 is reported at fair value. The County considers amounts held in Georgia Fund 1 as cash equivalents for financial statement presentation.

The remaining investments are recorded at fair value.

## G. Receivables and Payables

Transactions between governmental funds that are representative of lending/borrowing arrangements have been eliminated in the government-wide statement of net position. Such transactions between the governmental and business-type activities are reported in the government-wide statement of net position as "internal balances." In the governmental funds balance sheets, these receivables and payables are classified as "due from other funds" or "due to other funds."

All account and property tax receivables are shown net of an allowance for uncollectible accounts. The allowance for uncollectible receivable balances represents estimates based on historical collection rates and account balance aging reports.

## H. Inventories and Prepaid Items

Inventories are determined by actual physical count and are stated at cost generally using the first-in/first-out method ("FIFO"). In the governmental funds, the cost of inventory items are recorded as expenditures at the time of purchase (purchase method).

Prepaid items are accounted for using the consumption method. A prepaid item is recognized when a cash expenditure is made for goods or services that were purchased for consumption, but not consumed as of December 31.

#### I. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems, water and sewer distribution systems, and similar assets), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Governmental (general) capital assets are recorded as expenditures in the governmental funds statement of revenues, expenditures and changes in

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

fund balances and capitalized at cost in the government-wide statement of net position. Purchased or constructed capital assets are reported at cost or estimated historical cost. General infrastructure assets acquired prior to the implementation of GASB Statement No. 34, consist of the streets network that were acquired or that received substantial improvements subsequent to January 1, 1980. Donated capital assets are recorded at their acquisition value at the date of donation. The County's capitalization threshold is \$5,000 for equipment, \$50,000 for computer software, \$25,000 for buildings and improvements, and \$100,000 for infrastructure assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend useful lives are expensed as incurred. Major outlays for capital assets and major improvements are capitalized as projects are constructed. Interest incurred during the construction period of capital assets of the proprietary funds is included as part of the capitalized value of the assets. The amount of interest capitalized is calculated by offsetting interest expense incurred with interest earned on investment proceeds over the same period. During 2022, the County had no capitalized interest cost.

Depreciation is calculated using the straight-line method over the following estimated useful lives.

|                                     | <u>Life Years</u> |
|-------------------------------------|-------------------|
| Buildings and Improvements          | 10 - 50           |
| Infrastructure                      | 20 - 50           |
| Improvements (other than buildings) | 10 - 20           |
| Machinery and Equipment             | 5 – 10            |

#### J. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts and deferred losses on refunded debt, are deferred and amortized over the life of the bonds using the bonds outstanding method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

Bond issuance costs, with the exception of any portion related to prepaid insurance costs, are expensed in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### K. Landfill Post-closure Cost

Federal and state laws and regulations require the operator of a sanitary landfill to perform certain maintenance and monitoring functions at a closed site for 30 years after closure. The County is a party to an operating agreement for a sanitary landfill that was closed on September 1, 1993. The County includes its portion of the estimated post-closure cost liability as a government activities non- current liability in the government-wide statement of net position. The amount is based on what it would cost to perform all post-closure in 2022. Actual cost may be higher or lower due to inflation/deflation, changes in technology or changes in regulations.

#### L. Deferred Outflows/Inflows of Resources

GASB Statements No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, and No. 65, Items Previously Reported as Assets and Liabilities, establish accounting and financial reporting for deferred outflows/inflows of resources and the concept of net position as the residual of all other elements presented in a statement of net position.

In addition to assets, the statement of net position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has five items that qualify for reporting in this category. The first is the deferred charge on refunding reported in the government-wide and proprietary fund statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or the refunding debt. The remaining four items, the change in assumption difference, the experience difference, the investment earnings difference, and the County's contributions subsequent to the measurement date, relate to the County's defined benefit pension plan and post-employment benefit plan and are consumptions of net position that apply to future periods. As such, they will be recognized as expenses/expenditures when consumed.

In addition to liabilities, the statement of net position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has three types of items which qualify for reporting in this category, one of which only arises under the modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The second element is an effective hedge and is reported in the government-wide statement of net position. The effective hedge results from the change in market value of a swap agreement related to the certificates of participation. The amount is deferred and will mature June 1, 2028, at the same time as the certificates of participation. The third element is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or the refunding debt.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

## M. Compensated Absences

The County maintains a paid time off policy ("PTO policy") pursuant to which employees earn annual leave at the rate of 12 days during the first year of service, 18 days per year after one year of service up to a maximum of 30 days per year after 20 years of service. The maximum allowed accumulation under the PTO policy is 60 days for regular full-time employees and 78 days for employees of the Fire Department (suppression personnel only). Any hours at the end of the year that exceed the respective limits will be forfeited.

Liabilities for compensated absences have been accrued in the proprietary funds and the government-wide statement of net position as compensated absences. A liability for compensated absences is accrued in the governmental fund type's balance sheets only when the liability has matured.

#### N. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

**Fund Balance** – Generally, fund balance represents the difference between the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- *Nonspendable* Fund balances are reported as nonspendable when amounts cannot be spent because they are either: a) not in spendable form (i.e., items that are not expected to be converted to cash), or b) legally or contractually required to be maintained intact.
- **Restricted** Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- *Committed* Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the County Commission through the adoption of a resolution. Only the County Commission may modify or rescind the commitment.
- Assigned Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the County Commission has authorized the County's Chief Financial Officer, Finance Director, or Director of Administrative Services to assign fund balances.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

• *Unassigned* — Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

**Flow Assumptions** — When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

**Net Position** – Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the County has spent) for the acquisition, construction or improvement of those assets.

Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### O. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1 and were levied for the year ended December 31, 2022, on August 19, 2022, by the Board of Commissioners. Tax bills were mailed on September 16, 2022 and were due November 15, 2022. All unpaid amounts were delinquent and subject to collection efforts pursuant to the Official Code of Georgia Annotated ("O.C.G.A.") on November 16. Liens were placed on delinquent accounts on March 31, 2023.

Rockdale County bills and collects its own real and personal property taxes as well as property taxes for the County School System and State of Georgia. The County also collects automobile ad valorem and mobile home taxes for itself, the County School System, the State of Georgia and the City of Conyers. Collections and remittance of taxes are accounted for in the Tax Commissioner Custodial Fund.

#### P. Restricted Assets

Certain debt proceeds from the Water and Sewer Authority's revenue bonds, as well as resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable covenants and agreements. When an expense is incurred for purposes for which both restricted and unrestricted net position are available, restricted assets are utilized first.

#### Q. Interest Rate Swap Agreements

The County has entered into an interest rate swap agreement, as further discussed in Note 8, to modify interest rates on outstanding debt. The net interest due, pursuant to the agreement, is recorded in the financial statements.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### R. Statement of Cash Flows

For purposes of the statement of cash flows, investments purchased with an original maturity date of three months or less are considered cash equivalents.

#### S. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## T. New Accounting Pronouncements

In June 2017, the GASB issued Statement No. 87, "Leases". This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2021. The County has implemented the GASB for the 2022 fiscal year.

In May 2019, the GASB issued Statement No. 91, "Conduit Debt Obligations". This statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with 1) commitments extended by issuers, 2) arrangements associated with conduit debt obligations, and 3) related note disclosures. The requirements of this statement are effective for reporting periods beginning after December 15, 2021. The County has implemented the GASB for the 2022 fiscal year.

In January 2020, the GASB issued Statement No. 92, "Omnibus 2020". This statement establishes accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance-related activities of public entity risk pools, fair value measurements, and derivative instruments. The requirements of this statement are effective for reporting periods beginning after June 15, 2021. The County has implemented the GASB for the 2022 fiscal year.

In March 2020, the GASB issued Statement No. 93, "Replacement of Interbank Offered Rates". This Statement establishes accounting and financial reporting requirements related to the replacement of IBORs in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The requirements of this statement are effective for reporting periods ending after December 31, 2021. The County has implemented the GASB for the 2022 fiscal year.

In March 2020, the GASB issued Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". This Statement establishes standards of accounting and financial reporting for PPPs and APAs for governments. The requirements of this statement are effective for reporting periods beginning after June 15, 2022. The County is evaluating the impact, if any, upon its financial position, results of operations or cash flows upon adoption.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

In May 2020, the GASB issued Statement No. 96, "Subscription-Based Information Technology Arrangements". This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The requirements of the Statement will take effect for financial statements starting with the fiscal year that ended December 31, 2023.

Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32." This Statement (1) requires that a Section 457 plan be classified as either a pension plan or an other employee benefit plan depending on whether the plan meets the definition of a pension plan and (2) clarifies that Statement 84, as amended, should be applied to all arrangements organized under IRC Section 457 to determine whether those arrangements should be reported as fiduciary activities. The County has implemented the GASB for the 2022 fiscal year.

#### NOTE 2 - BUDGETARY COMPLIANCE AND DEFICIT FUND EQUITY

Budgetary Compliance. Appropriations for the General Fund, debt service funds, and special revenue funds are budgeted on a basis that is not consistent with GAAP. The major difference between the budget basis and GAAP basis is that encumbrances are recognized as expenditures (budget) as opposed to commitments of fund balance (GAAP). There were no encumbrances for the years ended December 31, 2021 and December 31, 2022 that would require adjustments to convert the results of operations at the end of the year on the budget basis to the GAAP basis.

The original budgeted appropriations for the year ended December 31, 2022, were amended through supplemental appropriations as follows:

|   | Aj | Original<br>ppropriation<br>Budget | (  | Increase<br>Decrease)       | <b>A</b> ] | Amended ppropriation Budget     |
|---|----|------------------------------------|----|-----------------------------|------------|---------------------------------|
| General Fund<br>Special Revenue Funds<br>General Obligation Bonds Debt Service Fund | \$ | 82,709,328<br>12,262,518<br>342    | \$ | 6,240,845<br>1,744,604<br>- | \$         | 88,950,173<br>14,007,122<br>342 |
|   | \$ | 94,972,188                         | \$ | 7,985,449                   | \$         | 102,957,637                     |

The General Fund budget increase resulted from amendments for decreased expenditures to coincide with decreased HOST proceeds. The special revenue funds' increases were made primarily to increase budgeted expenditures for additional expenditures resulting from additional grant revenues.

#### NOTE 2 - BUDGETARY COMPLIANCE AND DEFICIT FUND EQUITY (CONT'D)

**Deficit Fund Equity.** As of December 31, 2022, the NSP Grant had deficit fund balances of \$250,000. Additional grant revenues are expected to provide positive net position in future years.

## **NOTE 3 - CASH AND INVESTMENTS**

A reconciliation of cash and cash equivalents and investments as shown on the government-wide and fiduciary funds statements of net position follows:

| As reported in the statement of net position: |                      |
|---|----------------------|
| Primary government                            |                      |
| Cash and cash equivalents                     | \$138,017,020        |
| Investments                                   | 30,001,576           |
| Restricted assets:                            |                      |

| Custodial Funds - cash and cash equivalents   | 11,283,824           |
|   | <u>\$203,284,810</u> |
| Cash deposited with financial institutions    | \$115,652,418        |
| Cash on hand                                  | 8,135                |
| Investment in Georgia Fund 1                  | 83,332,786           |
| Repurchase Agreement                          | 4,291,471            |

#### Interest rate risk

While the County does not have a formal investment policy relating to specific investment related risk, the County manages its exposure to declines in fair values of its investment portfolio by generally limiting its investment in securities with maturities that are less than two years.

At December 31, 2022, information related to credit risk and interest rate risk related to the County's investments is disclosed as follows:

|                                 | Weighted Average | Credit |             |
|---------------------------------|------------------|--------|-------------|
| Investment                      | Maturity (Years) | Rating | Fair Value  |
| Guaranteed Investment Contracts | 8.5              | AA-    | \$4.291.471 |

**Fair Value Measurements.** The County categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The County does not have any fair value measurements as of December 31, 2022.

The Guaranteed Investment Contract is a nonparticipating interest-earning investment contract and, accordingly, is recorded at fair value of \$4,291,471.

\$203,284,810

## NOTE 3 - CASH AND INVESTMENTS (CONT'D)

## Custodial credit risk - deposits

This is the risk that, in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. As of December 31, 2022, the total carrying amount of the County's deposits was \$115,652,418 and the bank balance was \$108,928,020. Of the bank balance, \$1,250,000 was insured through the Federal Deposit Insurance Corporation ("FDIC") and the remaining \$107,678,020 was collateralized with securities held by the pledging financial institution's trust department or agent.

#### Custodial credit risk - investments

This is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The County does not have a deposit policy for the custodial credit risk associated with investments. Of the repurchase agreements investment of \$4,291,471, the County has a custodial credit risk exposure of \$4,291,471 because the related securities are uninsured, unregistered and held by the County's brokerage firm, which is also the counterparty for the securities.

#### Credit risk

Georgia law authorizes the County to invest in obligations of the State of Georgia or of any other states; obligations issued by the United States; obligations fully insured or guaranteed by the United States government or governmental agency; prime bankers' acceptances; The State of Georgia Local Government Investment Pool; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. It is the County's policy to limit its investments to these types of investments.

The Georgia Fund 1 is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the County does not disclose investment in the Georgia Fund 1 within the fair value hierarchy. The Georgia Fund 1 is regulated by the oversight of the Georgia Office of the State Treasurer and has an AAA credit rating at year-end. The investment in the pool is stated at fair market value. The weighted average maturity at December 31, 2022 was 39 days.

#### Concentration of credit risk

Excluding investments issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investments pools, and other pooled investments, the County does not invest more than 5% of its total investments in any one issuer.

## **NOTE 5 - DUE FROM OTHER GOVERNMENTS**

The County is due amounts from the State of Georgia for sales tax collected by the state and not remitted to the County as of December 31, 2022, an estimated amount for insurance premium taxes, and amounts due from federal and state grantor agencies. These amounts, as well as other miscellaneous amounts, comprise "due from other governments" in the statement of net position as follows:

| Due From                                    | Purpose                               | Amount               |

## NOTE 7 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (CONTD)

The above balances are the result of the payment of expenditures by the General Fund on behalf of the other respective funds. All interfund balances resulted from the time lag between the dates that: 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made. All interfund receivables/payables are due within one year.

## NOTE 9 - LONG-TERM OBLIGATIONS (CONT'D)

Effective June 1, 1998, the County entered into a 1998A master lease and option agreement with the Georgia Municipal Association, Inc. The lease agreement, among other things, obligates the County for \$3,900,000 of 1998A certificates of participation issued by the Georgia Municipal Association, Inc. The proceeds from the certificates were deposited with an escrow agent in an irrevocable trust fund in the name of the County. The County's use of the money is restricted for the purchase of certain equipment and must be repaid to the trust fund over lease terms pursuant to the 1998A Master Lease and Option Agreement.

As part of the issuance of the certificates of participation, the County entered into an interest rate Swap Agreement. Under the Swap Agreement, the County is required to pay: 1) a semi-annual (and beginning July 1, 2003, a monthly) floating rate of interest based on the Securities Industry and Financial Markets Association ("SIFMA") Municipal Swap Index (plus a 31 basis points spread) to, or on behalf of, the Swap Counterparty (the "Swap Payment"); and the Swap Counterparty will pay to, or on behalf of, the County a semi-annual payment based on a rate equal to the fixed rate on the certificates of participation (4.75%) times a notional amount specified in the Swap Agreement, but generally equal to the outstanding unpaid principal portion of such Contract, less the amount originally deposited in the Reserve Fund relating to the Contract, and 2) a one-time Swap Premium to be paid on the effective date of the Swap Agreement. The semi-annual payments from the Swap Counterparty with respect to the County are structured, and expected to be sufficient to make all interest payments due under the Contract, and related distributions of interest on the Certificates. Monthly interest payments between the County, the holders of the Certificates of Participation, and the Swap Counterparty can be made in net settlement form as part of this agreement. Under the Swap Agreement, the County's obligation to pay floating payments to the Swap Counterparty in any calendar year may not exceed an amount equal to the SIFMA Municipal Swap Index plus 5% to be determined on the first business day of December in the preceding year. This agreement matures on June 1, 2028, at the same time of the certificates of participation. This derivative qualifies as a fair market hedge.

In the unlikely event that the Swap Counterparty becomes insolvent, or fails to make payments as specified in the Swap Agreement, the County would be exposed to credit risk in the amount of the Swap's fair value. To minimize this risk, the County executed this agreement with counterparties of appropriate credit strength, with the counterparty being rated Aa3 by Moody's. At December 31, 2022, the floating rate being paid by the County is 1.92% and the market value of this agreement is \$971,427, an increase of \$158,805 from the market value at the end of the previous year. The market value of the hedge was determined using settlement prices at the end of the day on December 31, 2022, based on the derivative contract. This market value is reported as a component of the certificates of participation in long-term debt in the statement of net position. As this derivative is an effective hedge, qualifying for hedge accounting, the inflow from the hedge (any change in fair value from inception until year-end) is deferred and reported as a deferred inflow of resources in the statement of net position.

The annual estimated debt service requirements as of December 31, 2022, on the 1998A certificates of participation are as follows:

| Fiscal Year Payable | F  | Principal | <br>Interest    | <br>Total       |

In April 2017, the County entered into an Installment Sales Agreement debt in the amount of \$9,625,000. The proceeds from the debt agreement were used to refund the Series 2006 and 2013 certificates of participation maturing July 1, 2020 and June 1, 2028, respectively, and used to provide financing for other capital outlay projects. The difference between the cash flows required to service the old debt, Series 2006 and 2013 certificates of participation, and the cash flows required to service the new debt, and complete refunding was \$5,313,334 with the County retaining \$4,000,000 for future projects. The current refunding resulted in an economic loss of \$133,265.

Annual debt service requirements for the Installment Sales Agreement outstanding as of December 31, 2022, are as follows:

#### 3. Other Obligations

- Compensated absences Earned and vested paid time off is recorded as a liability in the government-wide statement of net position. The compensated absences have been paid in prior years by the General Fund.
- Landfill post-closure cost As discussed in Note 12, the County is obligated for a portion of the expenses related to the post-closure costs of a landfill jointly operated and maintained by the City of Conyers and the County. The County's portion of the post-closure costs are estimated to be \$70,000 based on what it would cost to perform the anticipated post-closure costs at December 31, 2022. The post-closure costs have been paid in prior years by the General Fund. This is an estimate and is subject to inflation or deflation due to economic conditions.

## NOTE 9 - LONG-TERM OBLIGATIONS (CONT'D)

- General liability claims Various claims and legal proceedings arising in the course of
  providing general government services are pending against the County. The County, as
  discussed in Note 11, maintains insurance coverage for losses arising from claims and legal
  proceedings. The County is exposed to a per occurrence deductible of \$25,000 and to
  amounts that exceed policy limits.
  - Management has estimated the County's liability for claims and legal proceedings to be approximately \$149,431 as of December 31, 2022.
- Other Post-Employment Benefits, ("OPEB") The County provides OPEB through a singleemployer defined benefit post-employment plan. The plan and related liability are discussed in detail in Note 15. The OPEB liability affects the actuarial calculation of future annual required contributions and thus does not represent a liability with a current portion. Accordingly, all of the liability is reported as long-term. Payment of the liability is expected to occur from the General Fund.
- Net Pension Liability The County provides pension benefits through a multiple-employer defined benefit pension plan. The plan and related liability are discussed in detail in Note 10. Payment of the liability is expected to occur from the General Fund.

In April 2013, the Water Authority issued the Series 2013 Revenue Refunding Bonds for the purpose of advance refunding \$85,550,000 of the Water Authority's outstanding series 2005 Revenue Bonds maturing on July 1, 2029. The County used the net proceeds along with other resources to purchase U.S. government securities. These securities were deposited in an irrevocable trust to provide for all debt service payments beginning with the July 2016 debt service payment through maturity of the 2005 series bonds. As a result, that portion of the 2005 series bonds is considered defeased, and the County has removed the liability from its accounts.

In October of 2020, the County issued the Water and Sewerage Revenue Bonds, Series 2020 (the Series 2020 Bonds) for the purpose of, 1) refunding the Conyers-Rockdale-Big Haynes Impoundment Authority's Revenue Bonds, Series 1998, 2) advance refunding the Rockdale County Water and Sewerage Authority's Taxable Refunding Revenue Bonds, Series 2013, 3) providing funding for certain improvements to the water and sewer system, and 4) paying the costs of issuing the Series 2020 Bonds.

## NOTE 9 - LONG-TERM OBLIGATIONS (CONT'D)

A portion of the proceeds were used to redeem in full the Series 1998 Bonds at the date the Series 2020 Bonds were issued. A portion of the proceeds to refund the 2013 Series Bonds were deposited in an escrow fund and to purchase U.S government securities. These securities were deposited in an irrevocable trust to provide sufficient funds to pay the principal and interest on the Series 2013 Bonds up to and including July 1, 2023 and to redeem the Series 2013 Bonds on July 1, 2023. As a result, that portion of the 2013 Series Bonds is considered defeased, and the County has removed the liability from its accounts. The cash flow requirements on the 2013 Series Bonds prior to the refunding was \$86,497,734 for 2021 through 2032. The cash flow requirement on the new bonds is \$85,674,484 from 2021 through 2032. The current refunding resulted in an economic gain of \$3,685,367.

The Series 2020 Bonds mature annually beginning July 1, 2021 and will be fully retired on July 1, 2032. Interest on the Series 2020 Bonds is payable semiannually on January 1 and July 1 of each year beginning January 1, 2021 at interest rates of 4% for maturity in 2021 through 2030, and 5% for 2031 through 2032.

## **NOTE 12 - COMMITMENTS AND CONTINGENCIES**

## A. Grant Contingencies

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, County management believes such disallowances, if any, will not be significant.

## **NOTE 12 - COMMITMENTS AND CONTINGENCIES (CONT'D)**

## B. Litigation

Various claims and legal proceedings arising in the course of providing general governmental services are pending against the County seeking monetary damages and other relief. The amount of liability from all claims and actions cannot be determined with certainty, but in the opinion of management and legal counsel, the ultimate liability from such claims in excess of the accrued general liability claims amount should not materially affect the financial position of the County at December 31, 2022.

## C. Outstanding Construction Commitments

Outstanding construction commitments as of December 31, 2022, were \$71,548,816 and \$5,125,527 for the governmental and business-type activities, respectively.

#### **NOTE 13 - RETIREMENT PLANS**

#### **Primary Government**

#### A. ACCG Defined Benefit Pension Plan

Effective January 1, 2005, the County began sponsoring the Association County Commissioners of Georgia Restated Pension Plan, (the "Plan"). The Plan is a defined benefit pension plan that covers the majority of Rockdale County Employees. Employees covered by other plans are discussed in Note 10.B.

#### 1. Plan Description

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (the "ACCG Plan"), an agent multiple-employer pension plan, administered by the Government Employee Benefits Corporation of Georgia, ("GEBCorp"). The ACCG, in its role as the plan sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County, through its Board of Commissioners, has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan document. A separately issued financial report for the ACCG Plan may be obtained by writing to GEBCorp at 400 Galleria Parkway, Suite 1250, Atlanta, Georgia 30339.

Plan membership as of January 1, 2021, (the most recent actuarial valuation date) is as follows.

| Retirees and beneficiaries receiving benefits                    | 250   |
|--|-------|
| Terminated plan members entitled to, but not receiving, benefits | 595   |
| Active plan members  | 789   |
| Total  | 1,634 |

The County is required to contribute an actuarially determined amount annually to the Plan's trust. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirement contained in the State of Georgia statutes. The County's required contribution for the 2022 Plan year is \$5,325,938, or 15.11%, of covered payroll. Plan members other than Public Safety members are required to contribute 3% of compensation and Public Safety members contribute 7% of compensation.

## NOTE 13 - RETIREMENT PLANS (CONT'D)

## 2. Net Pension Liability of the County

The County's net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2021, with updated procedures performed by the actuary to roll forward to the total pension liability measured as of December 31, 2021.

Actuarial Assumptions. The total pension liability in the January 1, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.00%

Salary increases 4.50% - 6.50%, with an age based scale

Investment rate of return 7.00%, net of pension plan investment expense, including inflation

Mortality rates were mortality table Pub-2010 GE (50%) & PS (50%) Amt-Weighted with Scale AA to 2021 (Pre-Retirement: Employee, Post-Retirement: Retiree). This table reflects the mortality tables developed specifically for governmental employees by the Society of Actuaries which were released late in 2018. The tables were projected to 2021 to reflect that mortality rates in Georgia are in the highest quartile in the nation.

The actuarial assumptions used in the January 1, 2021, valuation were based on the results of an actuarial experience study for 2021.

The long-term expected rate of return on pension plan investments was determined through a blend of using a building-block method based on 20-year benchmarks (33.33%) and 30-year benchmarks (33.33%), as well as forward-looking capital market assumptions for a moderate asset allocation (33.34%), as determined by UBS. Expected future rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2019, are summarized in the following table:

| Asset Class       | Target Allocation | Long-term<br>expected real<br>Range |
|-------------------|-------------------|-------------------------------------|

## NOTE 13 - RETIREMENT PLANS (CONT'D)

Discount Rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made based on the average County contribution made to the Plan over the prior five years. Based on this assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability of the County. The changes in the components of the net pension liability of the County for the year ended December 31, 2022, were as follows:

The required schedule of changes in the County's net pension liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liability of the County, calculated using the discount rate of 7.00%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

### NOTE 13 - RETIREMENT PLANS (CONT'D)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of December 31, 2022, and the current sharing pattern of costs between employer and employee.

### 3. Pension Expense and Deferred Outflows of Resources Related to Pensions

For the year ended December 31, 2022, the County recognized pension expense of \$7,416,458. At December 31, 2022, the County reported deferred outflows of resources related to pensions from the following sources:

|  | (  | Deferred<br>Outflows of<br>Resources |    | Deferred<br>Inflows of<br>Resources |
|--|----|--------------------------------------|----|-------------------------------------|
| Investment earnings difference                     | \$ | 1,518,800                            | \$ | (10,940,460)                        |
| Differences between expected and actual experience |    | 6,474,477                            |    | -                                   |
| Changes in assumptions                             |    | 5,460,748                            |    | -                                   |
| Contributions subsequent to the measurement date   |    | 3,394,389                            | _  |                                     |
| Total  | \$ | 16,848,414                           | \$ | (10,940,460)                        |
| Total  | \$ | 2,513,565                            | \$ | -                                   |

County contributions subsequent to the measurement date of \$3,394,389 are reported as a deferred outflow of resources and will be recognized as a reduction of the net pension liability in the year ending December 31, 2023. The investment earnings difference reported as a deferred outflow of resources related to pensions will be recognized in pension expense as follows:

| Year ending December 31, |                   |

### **B.** Defined Contribution Plan

The County, through December 31, 2004, provided benefits for the majority of its full-time employees through a defined contribution plan (the "Plan") which was administered by GEBCorp. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. Employees were eligible to participate after six months from the date of employment. The Plan as established by the Rockdale County Board of Commissioners required that the County contribute an amount equal to 5% of the employee's salary each month. Plan members were not required to make contributions. The County's contributions for each employee (and interest allocated to the employee's account) were fully vested after five years of continuous service. Benefit provisions and contribution requirements were established and may be amended by the Board of Commissioners. There were no contributions made by the County in 2022.

### **NOTE 13 - RETIREMENT PLANS (CONT'D)**

Effective January 1, 2005, the County adopted the ACCG Defined Benefit Pension Plan as noted above. Each participant in the defined contribution plan was given an option to use his/her account balance under the existing defined contribution plan to purchase 100% of past service credit. As noted in the statement of fiduciary net position, as of December 31, 2022, there was \$871,932 of net position remaining in the Plan.

### **NOTE 14 - RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County is a member of the Georgia Interlocal Risk Management Agency ("GIRMA"). This membership allows the County to share liability, crime, motor vehicle and property damage risks.

Chapter 85 of Title 36 of the O.C.G.A. authorized Georgia municipalities to form interlocal risk management agencies. The ACCG Interlocal Risk Management Agency ("IRMA") is a County interlocal risk management agency to function as an unincorporated nonprofit instrumentality of its member counties. IRMA provides risk management and safety and loss control services to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of county government. IRMA is to defend and protect in accordance with the Coverage Agreement and related coverage descriptions any member of IRMA against liability or loss.

### **NOTE 14 - RISK MANAGEMENT (CONT'D)**

Rockdale County's responsibilities as a member of IRMA are as follows:

- To pay all contributions, assessments or other sums due to IRMA at such times and in such amounts as shall be established by IRMA.
- To select a person to serve as a Member representative.
- To allow IRMA and its agents reasonable access to all facilities of the County and all records, including, but not limited to, financial records, which relate to the purposes of IRMA.
- To allow attorneys appointed by IRMA to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss prevention furnished by the Fund or Funds established by IRMA.
- To assist and cooperate in the defense and settlement of claims against the County.
- To furnish full cooperation to IRMA's attorneys, claims adjusters, Service Company, and any agent, employee, officer or independent contractor of IRMA relating to the purposes of IRMA.
- To follow all loss reduction and prevention procedures established by IRMA.
- To furnish to IRMA such budget, operating and underwriting information as may be requested.
- To report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in IRMA or any fund established by IRMA being required to pay claims for loss or injuries to municipal property or injuries to persons or property when such loss or injury is within the scope of the protection of IRMA.

Rockdale County retains the first \$25,000 of each risk of loss in the form of a deductible. The County files all claims with IRMA. IRMA bills the County for any risk of loss up to the \$25,000 deductible. During the year ended December 31, 2022, the County paid 20 claims. The County has included \$266,914 in the government-wide statement of net position as an estimate of the amount (up to \$25,000 per claim) to be subsequently paid for unpaid claims existing at December 31, 2022. The estimate of the liability was based on historical trends for reported claims and the amount of per claim pay outs.

Pursuant to Title 34, Chapter 9, Article 5 of the O.C.G.A., the County became a member of the Association County Commissioners of Georgia – Group Self Insurance Workers' Compensation Fund ("ACCG-GSIWCF"). The liability of the fund to the employees of any employer (Rockdale County) is specifically limited to such obligations as are imposed by applicable state laws against the employer for workers' compensation and/or employer's liability. The Fund is to defend, in the name of and on behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of injuries or death within the preview of the Workers' Compensation Law of Georgia, or on the basis of employer's liability, including suits or other proceedings alleging such injuries and demanding compensation although such suits, other proceedings, allegations or demands be wholly groundless, false or fraudulent. The Fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Rockdale County's responsibilities as a member of the ACCG-GSIWCF are as follows:

- To pay all contributions, assessments or other sums due to ACCG-GSIWCF at such times and in such amounts as established by ACCG-GSIWCF.
- To select a person to serve as a contact person and safety representative.

### **NOTE 14 - RISK MANAGEMENT (CONT'D)**

- To allow ACCG-GSIWCF and its agents reasonable access to all facilities of the County and all records, including, but not limited to, financial records, which relate to the purposes of ACCG-GSIWCF.
- To allow attorneys appointed by ACCG-GSIWCF to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss prevention furnished by ACCG-GSIWCF.
- To assist and cooperate in the defense and settlement of claims against the County.
- To furnish full cooperation to ACCG-GSIWCF attorneys, claims adjusters, service company, and any agent, employee, officer or independent contractor of ACCG-GSIWCF relating to the purposes of ACCG-GSIWCF.
- To furnish to ACCG-GSIWCF such remuneration and underwriting information as may be requested.
- To report as promptly as possible, all incidents which could result in ACCG-GSIWCF being required to pay workers' compensation on behalf of the County.

### NOTE 15 - CITY OF CONYERS – SOLID WASTE CONTRACT

Operating Agreement – The City of Conyers and Rockdale County have mutually agreed to a certain Operating Contract for the operation of a joint sanitary landfill project.

The original term of the Operating Contract commenced March 12, 1991, and continued until midnight, January 2, 2004. The County and the City have agreed to renew the Operating Contract by mutual acquiescence on a year-to-year basis commencing on the Termination Date. The Operating Contract sets forth the terms and conditions under which the Project, as currently located and as expanded on contiguous property for the benefit of the citizens of the City and of the County, shall be operated. Pursuant to the Operating Contract, the City is responsible for the day-to-day operations of the Project. The budgetary requirements for the operation of the Project shall be mutually determined by the City and the County and shall include day-to-day operation costs, capital improvements and various other items more fully described in the Contract.

The landfill was permanently closed on September 1, 1993. Pursuant to the Operating Contract, the County is responsible for a portion of the expenses incurred in connection with the post-closure costs. The County's agreed upon portion is 70%. Total anticipated post-closure care costs for the County as of December 31, 2022, are estimated to be \$70,000. During 2022, the County paid \$35,276 of landfill operating cost.

### **NOTE 16 - JOINT VENTURE**

Rockdale County, in conjunction with cities and counties in the 10-county Atlanta Region are members of the Atlanta Regional Commission ("ARC"). Membership in the ARC is automatic for each municipality and county in the state. The O.C.G.A. § 50-8-34 (Georgia Planning Act of 1989) provides for the organization structure of the ARC. Each county and municipality in the state is required by law to pay minimum annual dues to the ARC. The ARC Board membership includes the chief elected official of each county and the chief elected official of each municipality. The County Board members and the municipal board members from the same county elect one member of the Board who is a resident (but not an elected or appointed official or employee of the county or municipality) to serve as the non-public Board member from a county.

### **NOTE 16 - JOINT VENTURE (CONT'D)**

O.C.G.A. § 50-8-39.1 provides that the member governments are liable for any debts or obligations of a regional commission beyond its resources. During the year ended December 31, 2022, the County paid \$108,480 in dues to the ARC.

Complete financial statements of the ARC can be obtained directly from their administrative office at the following address.

Atlanta Regional Commission, Inc. 40 Courtland Street, NE Atlanta, Georgia 30303

### **NOTE 17 - RELATED ORGANIZATIONS**

The County is also responsible for appointing the members of the Rockdale Development Authority and the Rockdale County Hospital Authority, but the County's accountability for these Authorities does not extend beyond making the appointments.

### **NOTE 18 - OTHER POST-EMPLOYMENT BENEFITS**

### **Plan Administration and Benefits**

The County, as authorized by the County Commission, administers a single-employer defined benefit Post-Retirement Benefit Plan (the "OPEB Plan"). The OPEB Plan is under the direction of the County's Board of Commissioners. The County provides post-retirement healthcare benefits, as per the requirements of a resolution, for certain retirees. The provisions and obligations to contribute are established and may be amended by the Rockdale County Board of Commissioners. The requirements are that the employee must retire from the County after ten years of continuous service and must have attained the age of 50. The benefits are offered until the retiree turns 65 and is eligible for Medicare and/or the employee becomes covered under the plan of another employer. The County pays from 20% to 100% of the premium depending on the sum of the employee's age at retirement and years of service. The employee must pay the remaining percentage. Currently, 79 employees are enrolled in post-retirement healthcare benefits. The County's Board of Commissioners established and may amend the benefit provisions. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 and a separate report was not issued for the OPEB Plan.

### **Membership**

The following schedule (derived from the most recent actuarial valuation report) reflects membership for the post-retirement benefit plan as of latest actuarial valuation at December 31, 2019:

| Active members  | 875        |
|-----------------|------------|
| Retired members | <u>158</u> |
|                 | 1,033      |

### **Contributions**

The Board of Commissioners has elected to fund the OPEB Plan on a "pay as you go" basis. Per a County resolution, the County is required to contribute the current year benefit costs of the Plan which are not paid by the retiree. For the year ended December 31, 2022, the County contributed \$1,154,166 for the pay as you go benefits for the OPEB Plan.

### NOTE 18 - OTHER POST-EMPLOYMENT BENEFITS (CONT'D)

### **Total OPEB Liability of the County**

The County's total OPEB liability was measured as of December 31, 2022, and was determined by an actuarial valuation as of December 31, 2019, with the actuary using standard techniques to roll forward the liability to the measurement date.

Actuarial assumptions. The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount Rate: 4.18%

Healthcare Cost Trend Rate: 7.00% graded by 0.25% per year to an ultimate rate of 4.50%

Inflation Rate: 2.50% Participation Rate: 100.00%

Mortality rates were based on the RP-2014 with MP-2019 scale Mortality Table, with separate rates for males and females.

The actuarial assumptions used in the December 31, 2022 valuation were based on the results of an actuarial experience study for the period 2010-2014.

### Discount rate

The discount rate used to measure the total OPEB liability was 4.18%. This rate was determined using an index rate of 20-year, tax-exempt general obligation municipal bonds with an average rating of AA or higher – which was 2.06% as determined by the Bond Buyer 20-Bond GO Index Rate as of December 31, 2022.

### **Changes in the Total OPEB Liability of the County**

The changes in the total OPEB liability of the County for the year ended December 31, 2022, were as follows:

|                       | Total OPEB    |
|-----------------------|---------------|
|                       | Liability     |

The required schedule of changes in the County's total OPEB liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about the total OPEB liability.

### NOTE 18 - OTHER POST-EMPLOYMENT BENEFITS (CONT'D)

### Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.18%) or 1-percentage-point higher (5.18%) than the current discount rate:

|                      |    | 1% Decrease (3.18%) |    | iscount Rate (4.18%) | 1  | 1% Increase<br>(5.18%) |  |  |

### Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

|                      | Current |                        |    |                       |    |                        |  |

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of December 31, 2022, and the current sharing pattern of costs between employer and inactive employees.

### **OPEB Expense**

For the year ended December 31, 2022, the County recognized OPEB expense of \$329,421. At December 31, 2022, the County reported deferred outflows of resources related to OPEB from the following sources:

### NOTE 19 - HOTEL/MOTEL LODGING TAX

Rockdale County has levied a 5% lodging tax, which is accounted for in the Hotel/Motel Tax Special Revenue Fund. The use of lodging taxes collected is restricted to expenditures for the promotion of tourism and convention trade within the County. Hotel/Motel taxes received by the County have been paid to the Rockdale County Chamber of Commerce. During 2022, the County collected \$143,857 and expended 100% of such taxes. Expenditures by the Rockdale Chamber of Commerce were for the promotion of tourism as required by O.C.G.A. § 48-13-51.

### NOTE 20 - WATER AND SEWER CONTRACTS AND AGREEMENTS

Effective November 11, 1996, the County entered into a lease contract (the "Lease") with the Water and Sewer Authority (the "Authority") for a period expiring the later of July 2, 2022, or the date all bonds have been paid in full, but in no event in excess of 50 years from the effective date. The Lease requires the Authority to lease to the County all of its water and sewerage facilities. The County is obligated under the Lease to make certain payments to the Authority, including payments sufficient to enable the Authority to pay the principal and interest on all Bonds issued by the Authority and to comply with certain other funding requirements as defined in the Lease, the Series 1996 Bond Resolution, the Series 1999 A Bond Resolution, the Series 2005 Bond Resolution, and the Series 2013 Bond Resolution. Upon expiration of the lease, the County has a bargain option to purchase the Water and Sewerage facilities from the Authority.

The County entered into an agreement with ESG Operations, Inc., ("ESG"), effective August 1, 2012, for the management of the County's waste water facilities. The initial term of this agreement is three years and may be renewed thereafter for two successive one-year terms. The contract requires a base fee which covers certain repairs and maintenance, chemicals, and sludge disposal. ESG is liable in any calendar year for fines or civil penalties to a maximum aggregate of \$225,000 imposed for violations of certain effluent quality requirements that result from ESG's negligent operation, willful misconduct or material breach of the agreement. The contracted base fee for 2022 is \$10,040,335. The base fee will be negotiated each year.

### NOTE 21 - SUBSEQUENT EVENTS

On January 27, 2022, the Rockdale County, Georgia voters approved the continuation of a one percent sales and use tax (SPLOST) and the issuance of general obligation debt in an aggregate amount not to exceed \$20,000,000. SPLOST 2022 was approved for six years for raising \$89,100,000 in tax revenue for the purpose of improving (i) roads, bridges, sidewalks, and transportation, (ii) Public Safety (Sheriff, Fire and E911) (iii) parks and recreation facilities, and (iv) courthouse facilities.

### **NOTE 22 - CORONAVIRUS/COVID-19**

The outbreak of the 2019 novel coronavirus ("COVID-19") has affected global, national, state and local economic activity. Within the United States, the federal government and various state and local governments as well as private entities and institutions have implemented a variety of different efforts aimed at preventing the spread of COVID-19, including but not limited to travel restrictions, voluntary and mandatory quarantines, event postponement and cancellations, voluntary and mandatory work from home arrangements and facility closures. The County is not aware of any large business in the County permanently closing because of COVID-19.
