Board of Commissioners  
Unified Government of Webster County, Georgia  
Preston, Georgia 31824

Gentlemen:

We have audited the accompanying financial statements of the governmental activities, the business activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Unified Government of Webster County, Georgia as of and for the year ended December 31, 2009, which collectively comprise the government's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the government's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinions.

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Unified Government of Webster County, Georgia, as of and for the year ended December 31, 2009, and the respective changes in financial position and cash flows, where applicable, and the respective budgetary comparison for the General Fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Unified Government of Webster County, Georgia has not presented *management's discussion and analysis*, that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be a part of the basic financial statements.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 17, 2010 on our consideration of the Unified Government of Webster County, Georgia's internal control over financial reporting and our tests of its compliance with certain laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Unified Government of Webster County, Georgia's basic financial statements. The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully submitted,

GARLAND, WILLIAMS & ASSOCIATES

RECONCILIATION OF THE STATEMENT OF REVENUES,  
EXPENDITURES AND CHANGES IN FUND BALANCES  
OF GOVERNMENTAL FUNDS TO THE  
STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED DECEMBER 31, 2009

Net Changes in Fund Balance Before Extraordinary Items \$ 175,865. ✓

Amounts reported for governmental activities in the Statement of Activities differ from amounts reported in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances due to the following:

Capital assets:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense.

Total capital outlays	117,218. ✓
Total depreciation	(167,726.) ✓

Long-term debt:

The issuance of bonds and similar long-term debt provides current financial resources to governmental funds and thus contributes to the change in fund balance. In the Statement of Net Assets, however, issuing debt increases long-term liabilities and does not affect the Statement Of Activities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the Statement of Net Assets. The amounts of the items that make up these differences in the treatment of long-term debt and related items are as follows:

Debt issued or incurred	-
Principal paid by governmental funds	-

Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. The adjustment for these items are as follows:

Landfill post-closure costs	17,000. ✓
-----------------------------	-----------

Revenues:

Because some revenues will not be collected for several months after the government's fiscal year end, they are not considered available revenues and are deferred in the governmental funds. Deferred revenues increased (decreased) by this amount during the fiscal year.

UNIFIED GOVERNMENT OF WEBSTER COUNTY, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2009

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**1-A. Reporting Entity**

On January 1, 2009, the governments of the Town of Preston, Georgia, the Town of Weston, Georgia and Webster County, Georgia were unified pursuant to the provisions of Article IX, Section III, Paragraph II(a) of the Constitution of Georgia of 1983, as amended, and an Act establishing the Preston-Weston-Webster County Charter and Unification Commission, approved February 5, 2008. The unification resulted in the creation and establishment of a single county-wide government with powers and jurisdiction throughout the territorial limits of Webster County. The name of the new government is the "Unified Government of Webster County, Georgia."

The financial statements of the reporting entity include those of the Unified Government of Webster County, Georgia (the primary government) and its component unit. A component unit is a legally separate organization for which elected officials of the primary government are financially accountable. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The component unit discussed below is included in the County's reporting entity because of the significance of the operational and financial relationships with the County. In conformity with generally accepted accounting principles, as set forth in Statement of Governmental Accounting Standards No. 14, *The Financial Reporting Entity*, the financial statements of the component unit has been included as a discretely presented component unit. The component unit column in the basic financial statements include the financial data for the County's component unit, as reflected in their most recent audited financial statements. This is reported in columns separate from the County's financial information to emphasize that they are legally separate from the County.

Webster County Board of Health - The County Board of Health provides health services to the citizenry of Webster County, Georgia. The County Board of Health is a legally separate entity. The Board of Commissioners of Webster County appoint a voting majority of the Board of Health. The County has the ability to impose its will on the Board of Health in accordance with Georgia Laws O.C.G.A. 31-3-14. Complete financial statements of the Webster County Board of Health may be obtained at the offices in Webster County, Georgia.

In addition, the Unified Government of Webster County, Georgia, in conjunction with other cities and counties are members of the Middle Flint Regional Development Center (RDC). Membership in an RDC is automatic for each municipality and county in the state. The official Code of Georgia Section 50-8-34 (Georgia Planning Act of 1989) provides for the organizational structure of the RDCs. Each county and municipality in the state is required by law to pay minimum annual dues to the RDC. The Unified Government of Webster County, Georgia paid annual dues in the amount of \$ 1,288. to the RDC for the year ended December 31, 2009. The RDC Board membership includes the Chief elected official of each county and the chief elected official of each municipality. The County Board members and municipal Board members from the same county elect one member of the Board who is a resident (but not an elected or appointed official or employee of the County or municipality) to serve as the non-public Board member from a County. Complete financial statements of the Middle Flint Regional Development Center may be obtained at the offices in Sumpter County, Georgia.

The Georgia Planning Act of 1989 (O.C.G.A. 50-8-34) defines RDCs as "public agencies and instrumentalities of their members." Georgia laws also provide that the member governments are liable for any debts or obligations of an RDC beyond its resources. (O.C.G.A. 50-8-39.1).

UNIFIED GOVERNMENT OF WEBSTER COUNTY, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2009

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**1-A. Reporting Entity, continued**

In addition, O.C.G.A 50-8-41 states the each regional development center in existence as of June 30, 2009, shall automatically be succeeded by the regional commission for the same region as of July 1, 2009, and each such regional commission shall be governed, from and after July 1, 2009, by this article. All contractual obligations, obligations to employees, other duties, rights, and benefits of such regional development center shall automatically become duties, obligations, rights, and benefits of their respective successor regional commissions. Management of Regional Commissions is vested in a board of directors, called the Regional Commission Council, drawn from the counties and cities served. Amended by HB 1216, each Council is now comprised of the chairman of each county (or his/her designee), a municipal representative from each county, three appointees named by the governor, and one each by the lieutenant governor and speaker of the House of Representatives. The Unified Government of Webster County, Georgia paid \$ 1,288. to this Regional Commission for the year ended December 31, 2009.

**1-B. Basis of Presentation, Basis of Accounting**

**Basis of Presentation**

*Government-wide Statements:* The statement of net assets and the statement of activities display information about the primary government (the County) and its component units. These statements include financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Operating income reported in proprietary fund financial statements include revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

The County reports the following major governmental funds:

*General Fund* - This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*2006-2011 Special Purpose Sales Tax Fund* - This fund accounts for the County's proceeds from the 2006-2011 Special Purpose Sales Tax.

UNIFIED GOVERNMENT OF WEBSTER COUNTY, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2009

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**1-B. Basis of Presentation, Basis of Accounting, continued**

The county reports the following major enterprise fund:

*Water System* - This fund accounts for the operation and maintenance of the water system.

The county reports the following fund types:

*Agency Funds* - These funds account for monies received and disbursed by various elected and appointed officials.

**Measurement Focus, Basis of Accounting**

*Government-wide, Proprietary, and Fiduciary Fund Financial Statements.* The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgements, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs followed by categorical block grants, and then by general revenues.

All governmental and business-type activities and enterprise funds of the County follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

UNIFIED GOVERNMENT OF WEBSTER COUNTY, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2009

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**1-C. Assets, Liabilities, and Equity**

**Deposits and Investments**

The cash and investment balances consist entirely of cash on hand, demand deposits, and money market accounts.

**Cash and Cash Equivalents**

The County considers cash and cash equivalents in proprietary funds to be cash on hand, demand deposits, money market accounts, and certificates of deposit with maturities of less than three months.

**Receivable and Payables**

All trade and property tax receivables are shown net of an allowance for uncollectibles.

**Property Tax Calendar**

The County is responsible for the assessment, collection, and apportionment of property taxes for all jurisdictions including the schools and special districts within the County. Property taxes are levied on the date the millage rate is set (September 15, 2009) and are due and payable between October 20<sup>th</sup> and December 20<sup>th</sup> (typically). The lien date for property is January 1<sup>st</sup> (typically).

**Inventories and Prepaid Items**

The County maintains no significant inventories or prepaid items.

**Capital Assets**

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

As a Phase 3 government the County can elect to capitalize infrastructure from the date of inception forward. The County has elected to do so.

Capital assets are depreciated using the straight-line method over the following useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	40
Buildings and Improvements	30
Vehicles and Equipment	5-10

**NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**1-C. Assets, Liabilities, and Equity, continued**

**Compensated Absences**

Costs of vacation pay is not recorded until such benefits are paid. GASB Standards require that vacation pay be accrued when:

- (1) The employer's obligation to employees' right to receive compensation for future benefits is attributable to employees' service already rendered.
- (2) The obligation related to rights that vest or accumulate.
- (3) Payment of compensation is probable, and
- (4) the amount can be reasonably estimated.

Accumulated sick pay benefits have not been recorded as a liability because these benefits are paid only upon the illness of an employee and the amount of such payments cannot be reasonably estimated.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners  
Unified Government of Webster County, Georgia  
Preston, Georgia 31824

Gentlemen:

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Unified Government of Webster County, Georgia as of and for the year ended December 31, 2009, which collectively comprise the Unified Government of Webster County, Georgia's basic financial statements and have issued our report thereon dated February 17, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Unified Government of Webster County, Georgia's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Unified Government of Webster County, Georgia's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Unified Government of Webster County, Georgia's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Unified Government of Webster County, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance for other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, others within the organization, commissioners, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

GARLAND, WILLIAMS & ASSOCIATES

1 PERCENT SALES AND USE TAXES

Board of Commissioners  
Unified Government of Webster County, Georgia  
Preston, Georgia 31824

Gentlemen:

We have audited the accompanying Schedule of Special Purpose Local Option Sales Tax for the Unified Government of Webster County, Georgia for the year ended December 31, 2009, and have issued our report thereon dated February 17, 2010. These schedules are the responsibility of the Unified Government of Webster County, Georgia's management. Our responsibility is to express an opinion on the Schedule of Special Purpose Local Option Sales Tax based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Special Purpose Local Option Sales Tax is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedule of Special Purpose Local Option Sales Tax. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Schedule of Special Purpose Local Option Sales Tax. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Schedule of Special Purpose Local Option Sales Tax were prepared for the purpose of complying with the Official Code of Georgia Annotated, 48-8-121 on the modified accrual basis of accounting as described in Note A-3 and are not intended to be a complete presentation of the Unified Government of Webster County, Georgia's revenues and expenditures.

In our opinion, the Schedule of Special Purpose Local Option Sales Tax referred to above presents fairly, in all material respects, the original estimated cost, the current estimated cost, and the current and prior year expenditures for each project in the Unified Government of Webster County, Georgia's resolution or ordinance calling for the tax for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.
