Board of Commissioners and
Citizens of Rockdale County
Rockdale County, Georgia

The Comprehensive Annual Financial Report of Rockdale County, Georgia for the fiscal year ended December 31, 2015, is hereby submitted as mandated by both local ordinance and state statutes. These ordinances and statutes require that Rockdale County, Georgia issue an annual report on its financial position and activity and that this report be audited by an independent firm of certified public accountants. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of various funds, account groups, and component units of Rockdale County, Georgia. All disclosures necessary to enable the reader to gain an understanding of the County financial activities have been included.

The management of Rockdale County, Georgia is responsible for establishing and maintaining an effective internal control structure. In developing and evaluating Rockdale County, Georgia's accounting system, consideration is given to the adequacy of its system of internal control. We believe Rockdale County, Georgia's internal accounting controls adequately safeguard assets and provide reasonable assurance for proper recording of financial transactions.

This report has been prepared in accordance with State statutes set forth in an Act providing uniform standards for audits of municipalities and counties within the State of Georgia. The firm of Mauldin & Jenkins was selected to perform an annual audit, and a copy of the auditor's report is included in the financial section of this report.

As a recipient of federal and state financial assistance, Rockdale County, Georgia is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. The internal control structure is subject to periodic evaluation by the management of County. Information related to a Single Audit, including a schedule of expenditures of federal awards, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in the single audit report.

Accounting principles generally accepted in the United States of America (U.S. GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Rockdale County, Georgia MD&A can be found immediately following the report of the independent auditors.

Profile of the County

Rockdale County was created from parts of Henry and Newton counties in 1870. Its name was inspired by the granite strata underlying the surface soil in the area. From its population in 2000 of 70,576 to its current population estimate of 89,400, the county has experienced a growth change of 18,824. Rockdale County has one municipality, the City of Conyers.

Rockdale County is governed by a three member Board of Commissioners, which includes a full time chairman and two part-time commissioners. Commission members are elected in partisan, at-large elections to serve staggered terms of four years each.

The Chairman of the board is the Chief Executive Officer of the county government and generally directs and controls administration and business operations of the county. Consistent with resolutions of the Board of Commissioners, the Chairman establishes rules and regulates purchasing services for all county departments, offices and agencies.

An organizational chart depicting the current structure associated with the management of the County is included in this introductory section.

The financial statements, schedules, and statistical tables included in this report pertain to all functions and funds directly under the control of Rockdale County Board of Commissioners. Also included are trust and agency funds administered and controlled by various elected or appointed officials which are not reported upon by any other entity. The Conyers-Rockdale Big Haynes Impoundment Authority and the Rockdale County Water and Sewerage Authority are reported as blended component units, and while legally separate from the county, are reported as if they were part of the primary government. The Conyers-Rockdale Library System and the Rockdale County Health Department are included in the financial statements as discretely presented component units.

Local Economy

Rockdale County's industry mix is 60% Services, 26% Goods, and 14% Government. The industry mix was relatively unchanged between 2014 and 2015. Between 2000 and 2014, Rockdale's population grew 27%, this created significant manufacturing opportunities. Near the height of Rockdale's growth in 2000, the manufacturing industry represented 20% of the mix; however, in 2015 it was only 16%.

Fortunately, construction shows signs of improvement as building permits increased for the fourth consecutive year. While the county's peak was 874 issued in 2005, and dropped to a low of 56 in 2009, the number has increased steadily each year, topping out at 317 in 2015. We believe this is a sign of economic recovery and we will again experience positive growth and a return of construction jobs. In addition, new development in the county provided construction jobs in the short term, which generate new operational jobs and more visitors in the long term.

At December 2015, Rockdale County's unemployment rate was 6.4%; the statewide unemployment rate was 5.9%. This is an improvement for both Rockdale and the state of Georgia; Rockdale County was 7.9% in 2014 and state-wide the rate was 7.2%.

Between 2005 and 2008, our Tax Digest increase by 31%. However, like most counties, Rockdale County was negatively impacted by the downturn in the economy beginning in 2009, and by 2013 our Tax Digest had decreased 35% as compared to the 2007 peak. Fortunately, between 2014 and 2015 our Tax Digest increased 2.6%. We anticipate the 2016 Digest will increase approximately 3% in total.

Long-Term Financial Planning

Officials in Rockdale County are taking part in a leadership collaborative with a goal of drawing up guidelines to improve economic development, education and quality of life. Rockdale County Board of Commissioners, the city of Conyers, Rockdale County Public Schools, Rockdale Water and Sewerage Authority, the Conyers-Rockdale Economic Development Council, the Development Authority of Rockdale County, and the Conyers-Rockdale Chamber of Commerce are taking part in planning sessions. The key principles of the build out plan are protecting clean water; creating communities; creating corridors; and coordinating infrastructure.

Rockdale County continues to use a capital project based 1% sales tax to finance approximately \$18.6 million of capital

assets annually. The Special Purpose Local Option Sales Tax (SPLOST) referendum was voter approved in July 2010. Through SPLOST funds the county has been committed to the completion of many projects. The funds have been used to make numerous improvements to the county's roads, intersections and bridges. Rockdale County citizens voted to extend the current SPLOST for another six years beginning April 1, 2017.

In July 2001, Rockdale County implemented the Homestead Option Sales Tax (HOST) after being approved by 70 percent of voters in a March 2001 referendum. In 2015, 82% of this sales tax was used to reduce County property taxes in the form of a homestead exemption credit collected for County operations from homestead properties. In 2015, \$1.8 million was committed for capital outlay projects.

Rockdale County's financial condition is demonstrated by the Aa2, Aa2, and Aa3 rating from the national rating agency Moody's for its general obligation bonds, revenue bonds, and certificates of participation, respectively. The County's ratings were reaffirmed in February 2013.

Relevant Financial Policies

Rockdale County operates under a set of fiscal policies which establishes operational objectives and promotes continuity in fiscal decision-making, and long-term financial stability of the County. These policies cover financial areas in operating budget, reserve fund balances, accounting, auditing and financial reporting, and purchasing.

The County strives to maintain a minimum unassigned fund balance in its General Fund, which is 35% of the subsequent year's budgeted expenditures. This minimum fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and to maintain a budget stabilization commitment. Conservative budgeting has enabled the County to adhere to this policy.

The County has established a financial and budgetary policy which is reviewed and updated as necessary by approval of the Board of Commissioners. Budgetary control is maintained at the department level. No increase in the overall budget can be made without the approval of the Board of Commissioners and amendment to the budget. Unencumbered appropriations in the annual operating budget lapse at fiscal year-end.

Major Initiatives

Rockdale's application to the Atlanta Regional Commission was successful in earning a bronze level Green Communities Certification. This major achievement from winning cities and counties in the 10-county Atlanta region identifies specific measures local governments can implement for their communities to become more sustainable. Some measures Rockdale implemented include retrofitting County buildings with LED lights, synchronizing traffic signals and installing LED lights in them, installing new bike racks in County parks, parking lots and along the trails, building on brownfields and greyfields and using rainwater to irrigate the Earl O'Neal soccer fields.

Rockdale County made significant improvements at several fire stations with signage, emergency exit lighting and bay doors equipped with safety sensors. The pump testing pit at Station 7 was increased to better accommodate larger pumps on fire engines being purchased. Fire-Rescue tests all fire engines using "in-house" testing to reduce annual testing compliance costs.

Construction at the intersection of Sigman/Gees Mill road was completed, which included installing a new traffic signal and adding turn lanes on all approaches to the intersection. We also completed construction of Sigman/North Salem/Old Covington Road intersection project, which included re-aligning the intersection and installing additional turn lanes on all approaches to the intersection.

Rockdale Water Resources' radio-read smart water meter installation initiative in billing district #4 was completed with more than 4,000 meters replaced.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Rockdale County, Georgia for its comprehensive annual financial report for the fiscal year ended December 31, 2014.

This was the seventh consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

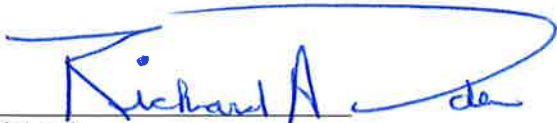

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation, design and publication of this Comprehensive Annual Financial Report could not have been accomplished without the efficient and dedicated service of the entire finance office staff. We would also like to express our gratitude and appreciation to the firm of Mauldin & Jenkins, LLC for their technical guidance and assistance to make this a quality report.

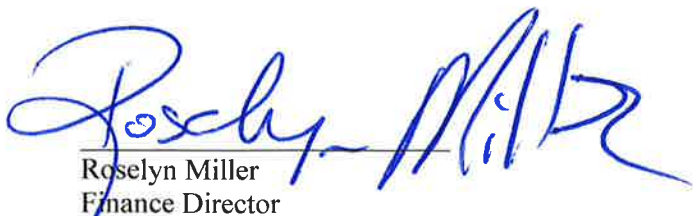

Sincere appreciation also goes to the various elected officials, and county department directors for their assistance and positive attitude throughout the year in matters pertaining to the financial affairs of the County.

Finally, credit also must be given to the County Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of the County's finances.

Respectfully submitted,

Richard A. Oden

INDEPENDENT AUDITOR'S REPORT

**Board of Commissioners
of Rockdale County, Georgia
Conyers, Georgia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Rockdale County, Georgia** (the "County"), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Conyers-Rockdale County Library System and the Rockdale County Health Department, which represents 100% of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Conyers-Rockdale County Library System and the Rockdale County Health Department, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Rockdale County, Georgia as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 18, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB No. 27*, as well as Statement No. 71, *Pension Transitions for Contributions Subsequent to the Measurement Date – an amendment of GASB No. 68*, as of January 1, 2015. These standards significantly changed the accounting for the Government’s net pension liability and related disclosures. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis (on pages 4 through 11), the Schedule of Funding Progress on page 77, the Schedule of Changes in the County’s Net Pension Liability and Related Ratios, the Schedule of County Contributions, the Schedule of Proportionate Share of the Net Pension Liability – Rockdale County Health Department, Schedule of Contributions – Rockdale County Health Department, the Schedule of Proportionate Share of the Net Pension Liability – Conyers-Rockdale Library System, the Schedule of Contributions – Conyers-Rockdale Library System (on pages 78 – 83) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Rockdale County, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of special purpose local option sales tax proceeds is presented for purposes of additional analysis as required by the Official Code of Georgia Annotated 48-8-121, and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules, the schedule of expenditures of federal awards, and the schedule of special purpose local option sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, the schedule of expenditures of federal awards, and the schedule of special purpose local option sales tax proceeds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2016, on our consideration of Rockdale County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Rockdale County, Georgia's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Rockdale County, Georgia (the County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of Rockdale County, Georgia for the year ended December 31, 2015. We encourage readers to read the information presented here in conjunction with the additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

FINANCIAL HIGHLIGHTS

- The assets of the County exceeded its liabilities at the close of the most recent year by \$443,618,802 (*net position*). Of this amount, \$37.72 million (*unrestricted net position*) may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's total net position decreased by \$2,245,732 in the year ended December 31, 2015.
- As of the close of the current year, the County's governmental funds reported a combined ending fund balance of \$64,962,956, a decrease of \$4,732,840 in comparison with the prior year.
- At the end of the current year, fund balance for the General Fund was \$39,404,436, or 68.9% of total General Fund expenditures.
- The County's governmental activities long term liabilities increased by \$6,135,921 during the current year. This included a net decrease in debt by \$8,648,481 which was due to scheduled principal payments; offset by an increase in net pension liability.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Rockdale County, Georgia's basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all the County's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected taxes and earned but unused vacation leave).

MANAGEMENT'S DISCUSSION AND ANALYSIS

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, judicial, public safety, public works, parks and recreation, and housing and development. The business-type activities of the County include water / wastewater and stormwater operations.

The government-wide financial statements can be found on pages 12 and 13 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 25 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Homestead Option Sales Tax Capital Projects Fund, and the 2010 Sales Tax Capital Projects Fund, because they are considered to be major funds. Data from the other 22 governmental funds (14 special revenue funds, six capital projects funds, and two debt service funds) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 14 – 19 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Proprietary funds. The County maintains two proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for its Water/Wastewater Fund and Stormwater Utility Fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water/Wastewater Fund which is a major enterprise fund, and the Stormwater Fund which is considered to be a nonmajor fund of the County.

The basic proprietary fund financial statements can be found on pages 20 – 23 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 24 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 26 – 76 of this report.

Required supplementary information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's pension and OPEB plans. Required supplementary information can be found on page 77 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and enterprise funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 84– 108 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$443,618,802 at the close of the most recent year.

MANAGEMENT'S DISCUSSION AND ANALYSIS

By far the largest portion of the County's net position (84.4%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of the current year, the County is able to report positive balances in all three categories of net position, both for the County as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior year.

Governmental activities:

Total governmental revenues increased \$214,454 in comparison with the prior year. This was due primarily to the increase in property taxes revenue due to HOST credit rate for property tax relief for homestead properties decreasing from 100 percent exemption in 2014 to 82 exemption in 2015, meaning homeowners were liable for 18 percent of their original county property tax bill. Offset by a decrease in capital grants and contributions.

Total expenses of \$87,691,267 increased by \$4,811,192 from calendar year 2014. This increase is primarily related to the increase in the public work and road maintenance projects related to SPLOST, based on the project timing, more was spent on capital outlay in 2015.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Business-type activities. The business-type activities are comprised of the County's water and sewer and storm water utility operations. Charges for services accounted for 99 percent of business-type activities revenues and increased \$2,241,985 primarily due to an increase in the Water and Sewer Fund through the release of liabilities related to the Capital Cost Recovery Fees and Industrial Fees. Total expenses increased by \$847,842.

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

At the end of 2015 and 2014, the combined ending fund balances of the County's governmental funds were \$64,962,956 and \$69,695,796, respectively. This decrease was due to public works SPLOST project activity. Approximately 56 percent of ending fund balance or \$36,525,369 constitutes unassigned fund balance which is available as working capital for current spending in accordance with the purposes of the specific funds. A portion of the fund balance at December 31, 2015, \$2,840,406, is termed non-spendable to indicate that it is not available for new spending because it is reserved for prepaid items or advances to other funds. An additional \$25,399,672 is restricted for public safety needs, debt service payments, and other capital projects. The remaining \$225,971 is committed for the subsequent years budget.

The County has only three major governmental funds which include the General Fund, the HOST Fund, and the 2010 SPLOST Fund. The General Fund is the primary operating fund of the County. It accounts for many of the County's core services such as law enforcement, fire protection, planning, roads and streets, and administration. At the end of 2015, the General Fund had a positive fund balance of \$39,404,436. This is an increase of \$1,917,974 from the beginning fund balance. This increase was due primarily to the increase in property tax revenue due to HOST credit rate for property tax relief for homestead properties decreasing from 100 percent exemption in 2014 to 82 exemption in 2015, meaning homeowners were liable for 18 percent of their original county property tax bill 2015. Also, there was a decrease in capital outlay expenditures in 2015. Capital project spending is dependent on the progress of construction which is influenced by project management, weather, approvals, etc.

In accordance with the Homestead Option Sales Tax (HOST) Legislation, the County may allocate up to 20% of the previous year's receipts to capital outlay projects. The County capital factor has varied over the years from zero to 20 percent, the maximum allowed under the law. The County has traditionally used its annual capital amounts from HOST for land, buildings and systems, improvements, machinery and equipment, vehicles, roads, highways, and bridges. The HOST Fund ended with fund balance of \$320,528.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The 2010 Sales Tax Fund accounts for the financial resources provided from the 2010 one percent special purpose local option sales tax. Such funds were approved by voter referendum for transportation projects, public safety, parks and recreation, and Water and Sewer projects. At the end of 2015, the 2010 Sales Tax Capital Fund ended with a fund balance of \$10,732,081.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The net position of the County's enterprise funds increased by \$3,762,216 in 2015 as a result of operations in the enterprise funds.

Capital Asset and Debt Administration

Capital Assets. At so of the year ended December 31, 2015, governmental activities and business-type activities had capital assets of \$470,861,867 (net of accumulated depreciation) invested in land, buildings, system improvements, infrastructure, and machinery and equipment. The total decrease in the County's investment in capital assets for the current year was \$11,507,167. This is not unusual; typically every year the capital assets decrease because the annual depreciation expense is greater than new purchases and construction.

Additional information on the County's capital assets can be found in Note 7 on pages 45 - 47 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Debt Administration. At the end of December 31, 2015, the County had total bonded debt outstanding of \$106,335,060. Of this amount, \$4,375,060 was backed solely by the full faith and credit of the County and \$101,960,000 was secured by specified revenue sources. This is a decrease of \$6,184,772 and is due mostly to scheduled principal payments on long term debt.

Rockdale County maintains an "Aa2", "Aa2", and "Aa3" rating from the national rating agency Moody's for its general obligation bonds, revenue bonds, and certificates of participation, respectively.

State statutes limit the amount of general obligation debt a governmental entity may issue to ten percent of its total assessed valuation. The statutory limit at year end for the County was \$231,154,500.

Additional information on the County's debt can be found in Note 8 on pages 47 - 55 of this report.

Status of Rockdale County's Economy:

According to the latest information available, the County's 2015 unemployment rate is 6.40%, which is higher than the state's average of 5.90%. The County's employment for 2015 is estimated at 39,598 and will continue to grow as more businesses come to the area.

Beginning in late 2008, the construction industry has suffered from the economic recession. This has impacted building permits in most counties. However over the past years Rockdale County has experienced steady recovery in the issuance of building permits which we believe is a sign of an improving economy. In 2007, there were 508 building permits issued, this dropped to 56 in 2009, but has rebounded significantly to 317 in 2015.

Rockdale County is in a period posing both significant challenges and opportunities. Management is committed to working with all stakeholders to craft solutions that will most effectively use the available resources to continue to provide excellent services to the residents of the County.

ROCKDALE COUNTY, GEORGIA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2015

Net change in fund balances - total governmental funds \$ (4,732,840)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$ 7,011,185	
Depreciation expense	<u>(12,225,450)</u>	(5,214,265)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	25,260
--	--------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Also, the refunding deferral amount, which is the difference in the amount that is sent to the paying agent to be escrowed for payment of refunded debt and the principal amount of debt refunded, is amortized as an adjustment of interest expense in the statement of activities. The effects of these items are as follows:

Repayment of the principal of long-term debt	\$ 5,284,856	
Amortization of premium on long-term debt	44,806	
Amortization of the refunding deferral amount on the refunding certificates of participation	<u>(23,454)</u>	5,306,208

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The following amounts represent the net liability changes using the full accrual method of accounting:

General liability claims	\$ 16,725	
Compensated absences	(67,768)	
Landfill postclosure liability	70,000	
Accrued interest on long-term debt	25,469	
Net pension liability	1,399,322	
OPEB liability	<u>(2,836,059)</u>	<u>(1,392,311)</u>
		<u>\$ (6,007,948)</u>

NOTES TO THE FINANCIAL STATEMENTS

ROCKDALE COUNTY, GEORGIA

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Rockdale County, Georgia (the "County") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

A. The Financial Reporting Entity

Rockdale County (the County) is a political subdivision of the State of Georgia created by legislative act in 1870. The County is governed by an elected Board of Commissioners who is governed by state statutes and regulations. As required by Generally Accepted Accounting Principles, the financial statements of the reporting entity include those of the County (the primary government), its pension plan and its component units. Also, the fiduciary activities of various constitutional officers, judges, and other judicial officials are included in the Agency Funds. These include the Tax Commissioner, Superior Court, State Court, Sheriff, Probate Court, Juvenile Court and Magistrate Court.

The component units discussed below are included in the County's reporting entity because of the significance of their operational and financial relationship with the County.

In conformity with generally accepted accounting principles, as set forth in the Statement of Governmental Accounting Standards No. 14, "The Financial Reporting Entity", as amended by Statement No. 61, "The Financial Reporting Entity–Omnibus" the component units' financial statements have been included as both blended and discretely presented. Blended component units, although legally separate entities, are in substance, part of the County's operations and so financial data from these units are combined with the financial data of the primary government. The discretely presented component units' financial data is reported in a separate column in the statement of net position and the statement of activities to emphasize that it is legally separate from the County. The component units' financial information disclosed within these statements reflect the most recently audited financial statements.

Blended Component Units

The **Conyers-Rockdale Big Haynes Impoundment Authority** (the "BHIA") is governed by a five-member board appointed by the City of Conyers and the Rockdale County Board of Commissioners. Although it is legally separate from the County, the BHIA is reported as if it were part of the primary government because its sole purpose is as a financing authority to acquire, construct and equip on a limited basis, capital assets for the County. The BHIA board is essentially the same as the County's and the County can impose its will on the BHIA. No separate financial statements for the BHIA are issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. The Financial Reporting Entity (Continued)

Blended Component Units (continued)

The **Rockdale County Water and Sewerage Authority** (the “**W&S Authority**”) is governed by a seven-member board appointed by the Rockdale County Board of Commissioners. The W&S Authority provides a means to issue revenue bonds. Although it is legally separate from the County, the W&S Authority is reported as if it were part of the primary government because its sole purpose is to provide adequate water and sewerage services and to manage, lease or own water and sewerage treatment facilities and other related facilities. Such responsibilities have been assigned to the County as part of a lease agreement as discussed in Note 17. No separate financial statements for the W&S Authority are issued.

Discretely Presented Component Units

The **Rockdale County Health Department** (the “**Health Department**”) is governed by a seven-member board: The Chief Executive Officer of the County, the Chief Executive Office of the City of Conyers, the Rockdale County School Superintendent, three members appointed by the Rockdale County Board of Commissioners and one member appointed by City of Conyers Council. The County, by virtue of its appointments and the presence of the Chief Executive Officer on the board, controls a majority of the Health Department’s governing body positions. Although the County does not have the authority to approve or modify the Health Department’s operational and capital budgets, it does have the ability to control the amount of funding it provides to the Health Department. Such funding is significant to the overall operations of the Health Department.

The **Conyers-Rockdale Library System** (the “**Library**”) is governed by a nine-member board, appointed by the Rockdale County Board of Commissioners. Two of the nine members are selected for appointment from recommendations provided by the President of the Conyers Civic League. Three of the nine members are selected for appointment from recommendations provided by the City of Conyers. Although the County does not have the authority to approve or modify the Library’s operational or capital budgets, it does have the ability to control the amount of funding it provides. Such funding is significant to the overall operations of the Library.

A. The Financial Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

The Health Department and Library operate on a June 30 fiscal year end. The financial information presented is as of June 30, 2015. Due to the differing year-ends between the County and the discretely presented component units, recorded payments to the component units were less than the payments recorded by the primary government by \$8,637. Complete financial statements of the individual component units may be obtained directly from their administrative offices.

Addresses of the administrative offices are as follows:

Rockdale County Health Department
985 Taylor Street
Conyers, Georgia 30012

Conyers-Rockdale Library System
864 Green Street
Conyers, Georgia 30012

B. Government-wide and Fund Financial Statements

The basic financial statements consist of government-wide financial statements and fund financial statements. Both sets of statements distinguish between the governmental and business-type activities of the County.

Government-wide financial statements include a statement of net position and a statement of activities. These statements report on the government as a whole, both the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from discretely presented component units. Fiduciary funds of the government are excluded from the government-wide financial statements since these resources are not available for general government funding purposes. Interfund activity is eliminated from the government-wide financial statements.

The statement of net position reports all financial and capital resources and includes, net of accumulated depreciation, non-current capital assets and non-current liabilities.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements (Continued)

The statement of activities reports functional categories of programs provided by the County and demonstrates how and to what degree those programs are supported by specific revenue. Program revenues are classified into three categories; 1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, 2) operating grants and contributions that are restricted to meeting the operational requirements of a function, and 3) capital grants and contributions that are restricted to meeting the capital requirements of a particular function. General revenues are comprised of taxes and other items collected, which support all functions of the County and contribute to the change in the net position for the year. Direct expenses are those that are specifically associated with a program or function and therefore, are clearly identifiable to a particular function. Administrative overhead charges are included in direct expenses for the business type activities.

The fund financial statements report additional information about the County's operations for major funds individually and in the aggregate for nonmajor funds. Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements, although the agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current period, with the exception of grants, which are recognized when all eligibility requirements have been met. Property taxes, sales taxes, franchise taxes, licenses, and investment income associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the County. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions", the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Homestead Option Sales Tax Fund** accounts for the receipt and disbursement of the financial resources provided by the homestead option sales tax (HOST). The HOST is used to replace funds lost as a result of the County providing for a homestead exemption from County ad valorem taxes.

The **2010 Sales Tax Fund** accounts for the financial resources to be provided from the 2010 one percent Special Purpose Local Option Sales Tax and the proceeds from the issuance of general obligation sales tax bonds. The sales tax is required to be used for debt service payments on the sales tax general obligation bonds, certain County and City of Conyers road improvements, enhancements of the County jail facility, water line infrastructure, and various other County and City of Conyers public safety and recreational projects.

The County reports the following major proprietary fund:

The **Water and Sewer Fund** accounts for the provision of water and sewer services to the residents of the County. All activities necessary to provide such services are accounted for in this fund.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Additionally, the County reports the following fund types:

The ***special revenue funds*** account for revenue sources that are legally restricted to expenditure for specific purposes.

The ***capital projects funds*** account for the acquisition of capital assets and construction or improvement of major capital projects such as construction of new roads.

The ***agency funds*** are custodial in nature and do not involve measurement of results of operations. Agency funds are clearing accounts for assets held by the County as agent for individuals, private organizations, other governments or other funds.

The ***Pension Trust Fund*** accounts for the assets of the County's general employee defined contribution pension plan and is accounted for in essentially the same manner as the proprietary funds, using the same measurement focus.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the County's water and wastewater function and various other functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services provided. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgets and Budgetary Accounting

An operating budget is legally adopted each year for the General Fund, Special Revenue Funds and Debt Service Funds. The Capital Project Funds adopt project-length budgets. An annual operating budget is prepared for the Enterprise Fund for planning, control, cost allocation, and evaluation purposes.

The level of controls (the level at which expenditures may not legally exceed appropriations) for each legally adopted annual operating budget is at the department level. During the year, supplemental appropriations are approved by the Board of Commissioners to cover unforeseen expenditures and are funded out of contingency accounts, from positive revenue and expenditure variances or unappropriated fund balances.

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to December 1, the Chairman submits to the Board of Commissioners a proposed operating budget for the year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to January 1, the budget is legally enacted through the passage of an ordinance.
4. The enacted budget may be amended only by formal action by the Board of Commissioners in public meetings, except that the Director of Finance may make interdepartmental amendments not associated with personnel services as long as the Board of Commissioners is notified of the changes.
5. Expenditures may not legally exceed appropriations.
6. Unencumbered appropriations lapse at year-end, with the exception of capital project funds.

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the appropriation, is employed in the governmental funds. Encumbrances outstanding at year-end are reported as committed fund balances in the governmental funds, as they do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Cash, Cash Equivalents, and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with an original maturity date of three months or less. Investments are stated at fair value, based on quoted market prices. Georgia law authorizes the County to invest in obligations of the State of Georgia or of any other states; obligations issued by the United States; obligations fully insured or guaranteed by the United States government or governmental agency; prime bankers' acceptances; The State of Georgia Local Government Investment Pool (Georgia Fund-1); repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The investment in the Georgia Fund 1 represents the County's portion of a pooled investment account operated by the Office of the State Treasurer. The pool consists of U.S. treasury obligations, securities issued or guaranteed by the U.S. Government or any of its agencies or instrumentalities, banker's acceptances, overnight and term repurchase agreements with highly rated counterparties, and collateralized bank accounts. The investment in the Georgia Fund 1 is valued at fair market value.

G. Receivables and Payables

Transactions between governmental funds that are representative of lending/borrowing arrangements have been eliminated in the government-wide statement of net position. Such transactions between the governmental and business type activities are reported in the government-wide statement of net position as "internal balances." In the governmental funds balance sheets, these receivables and payables are classified as "due from other funds" or "due to other funds."

All account and property tax receivables are shown net of an allowance for uncollectible accounts. The allowance for uncollectible receivable balances represents estimates based on historical collection rates and account balance aging reports.

H. Inventories and Prepaid Items

Inventories are determined by actual physical count and are stated at cost generally using the first-in, first-out method (FIFO). In the governmental funds, the cost of inventory items are recorded as expenditures at the time of purchase (purchase method).

Prepaid items are accounted for using the consumption method. A prepaid item is recognized when a cash expenditure is made for goods or services that were purchased for consumption, but not consumed as of December 31.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems, water and sewer distribution systems, and similar assets), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Governmental (general) capital assets are recorded as expenditures in the governmental funds statement of revenues, expenditures and changes in fund balances and capitalized at cost in the government-wide statement of net position. Purchased or constructed capital assets are reported at cost or estimated historical cost. General infrastructure assets acquired prior to the implementation of GASB Statement No. 34, consist of the streets network that were acquired or that received substantial improvements subsequent to January 1, 1980. Donated capital assets are recorded at their estimated fair value at the date of donation. The County's capitalization threshold is \$5,000 for equipment, \$50,000 for computer software, \$25,000 for buildings and improvements, and \$100,000 for infrastructure assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend useful lives are expensed as incurred. Major outlays for capital assets and major improvements are capitalized as projects are constructed. Interest incurred during the construction period of capital assets of the proprietary funds is included as part of the capitalized value of the assets. The amount of interest capitalized is calculated by offsetting interest expense incurred with interest earned on investment proceeds over the same period. During 2015, the County capitalized \$87,149 of interest.

Donated capital assets are recorded at their estimated fair value at the date of donation.

Depreciation is calculated using the straight-line method over the following estimated useful lives.

	<u>Life Years</u>
Buildings and Improvements	10-50
Infrastructure	20-50
Improvements (other than buildings)	10-20
Machinery and Equipment	5-10

J. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts and deferred losses on refunded debt, are deferred and amortized over the life of the bonds using the bonds outstanding method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Long-Term Obligations (Continued)

Bond issuance costs, with the exception of any portion related to prepaid insurance costs, are expensed in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

K. Landfill Postclosure Cost

Federal and state laws and regulations require the operator of a sanitary landfill to perform certain maintenance and monitoring functions at a closed site for 30 years after closure. The County is a party to an operating agreement for a sanitary landfill that was closed on September 1, 1993. The County includes its portion of the estimated postclosure cost liability as a government activities non-current liability in the government-wide statement of net position. The amount is based on what it would cost to perform all postclosure in 2015. Actual cost may be higher or lower due to inflation/deflation, changes in technology, or changes in regulations.

L. Deferred Outflows / Inflows of Resources

GASB Statements No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and No. 65, *Items Previously Reported as Assets and Liabilities*, establish accounting and financial reporting for deferred outflows / inflows of resources and the concept of net position as the residual of all other elements presented in a statement of net position.

In addition to assets, the statement of net position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense / expenditure) until then. The County has three items that qualify for reporting in this category. The first is the deferred charge on refunding reported in the government-wide and proprietary fund statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or the refunding debt. The remaining two items, the investment earnings difference and the County's contributions subsequent to the measurement date, relate to the County's defined benefit pension plan and are consumptions of net position that apply to future periods. As such, they will be recognized as expense/expenditures when consumed.

L. Deferred Outflows / Inflows of Resources (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of fund balance that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has two types of items which qualify for reporting in this category, one of which only arises under the modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. Another element relates to the offset of the fair market value of the County's derivative. As the derivative qualifies as an effective hedge, the change in fair market value occurs each year, the asset and deferred inflow are adjusted.

M. Compensated Absences

The County maintains a paid time off policy ("PTO policy") pursuant to which employees earn annual leave at the rate of 12 days during the first year of service, 18 days per year after one year of service up to a maximum of 30 days per year after 20 years of service. The maximum allowed accumulation under the PTO policy is 60 days for regular full-time employees and 78 days for employees of the Fire Department (suppression personnel only). Any hours at the end of the year that exceed the respective limits will be forfeited.

Liabilities for compensated absences have been accrued in the Proprietary Funds and the government-wide statement of net position as compensated absences. A liability for compensated absences is accrued in the governmental fund type's balance sheets only when the liability has matured.

N. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Fund Equity (Continued)

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the County Commission through the adoption of a resolution. Only the County Commission may modify or rescind the commitment.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the County Commission has authorized the County's Chief Financial Officer, Finance Director, or Director of Administrative Services to assign fund balances.
- **Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

Net Position – Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the County has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1 and were levied for the year ended December 31, 2015 on August 4, 2015, by the Board of Commissioners. Tax bills were mailed on September 3, 2015 and were due November 15, 2015. All unpaid amounts were delinquent and subject to collection efforts pursuant to the O.C.G.A. on November 16. Liens are placed on delinquent accounts on March 31, 2016.

Rockdale County bills and collects its own real and personal property taxes as well as property taxes for the County School System and State of Georgia. The County also collects automobile ad valorem and mobile home taxes for itself, the County School System, the State of Georgia and the City of Conyers. Collections and remittance of taxes are accounted for in the Tax Commissioner Agency Fund.

P. Restricted Assets

Certain debt proceeds from the Water and Sewer Authority's revenue bonds, as well as resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable covenants and agreements. When an expense is incurred for purposes for which both restricted and unrestricted net position are available, restricted assets are utilized first.

Q. Interest Rate Swap Agreements

The County has entered into an interest rate swap agreement, as further discussed in Note 8, to modify interest rates on outstanding debt. The net interest due, pursuant to the agreement, is recorded in the financial statements.

R. Statement of Cash Flows

For purposes of the statement of cash flows, investments purchased with an original maturity date of three months or less are considered cash equivalents.

S. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. BUDGETARY COMPLIANCE AND DEFICIT FUND EQUITY

Budgetary Compliance. Appropriations for the General Fund, debt service funds, and special revenue funds are budgeted on a basis that is not consistent with generally accepted accounting principles, (GAAP). The major difference between the budget basis and GAAP basis is that encumbrances are recognized as expenditures (budget) as opposed to commitments of fund balance (GAAP). Adjustments necessary to convert the results of operations at the end of the year on the budget basis to the GAAP basis are as follows:

	Net Change in Fund Balances			Fund Balances at the End of Year		
	General Fund	Nonmajor Special Revenue Funds	Nonmajor Debt Service Funds	General Fund	Nonmajor Special Revenue Funds	Nonmajor Debt Service Funds
GAAP basis	\$ 1,917,974	\$ (70,572)	\$ (3,330,710)	\$ 39,404,436	\$ 5,211,717	\$ 675,897
Increase (decrease) due to Encumbrances:						
Encumbrances						
December 31, 2015	-	(197,509)	-	-	(197,509)	-
Encumbrances						
December 31, 2014	-	323,719	-	-	323,719	-
Budget basis	<u>\$ 1,917,974</u>	<u>\$ 55,638</u>	<u>\$ (3,330,710)</u>	<u>\$ 39,404,436</u>	<u>\$ 5,337,927</u>	<u>\$ 675,897</u>

The original budgeted appropriations for the year ended December 31, 2015, were amended through supplemental appropriations as follows:

	Original Appropriation Budget	Increase (Decrease)	Amended Appropriation Budget
General Fund	\$ 60,633,969	\$ (3,427,367)	\$ 57,206,602
Special Revenue Funds	2,339,528	2,999,875	5,339,403
General Obligation Bonds			
Debt Service Fund	-	432	432
	<u>\$ 62,973,497</u>	<u>\$ (427,060)</u>	<u>\$ 62,546,437</u>

The General Fund budget increase resulted from amendments for increased expenditures to coincide with increased HOST proceeds. The special revenue funds' increases were made primarily to increase budgeted expenditures for additional expenditures resulting from additional grant revenues. The G.O. bonds debt service fund's increase resulted from amendments for increased expenditures.

Deficit Fund Equity. As of December 31, 2015, the 2010 GO Bonds Debt Service and 1996 Road and Recreation Sales Tax funds had deficit fund balances of \$147 and \$16,262 respectively. It is expected that additional grant revenues will provide positive net position in future years.

Investment in Georgia Fund 1	79,575,186
Repurchase Agreement	3,661,386
Pension Trust Fund investments - Mutual Funds	855,911
	<u>\$ 110,865,730</u>

Interest rate risk

While the County does not have a formal investment policy relating to specific investment related risk, the County manages its exposure to declines in fair values of its investment portfolio by generally limiting its investment in securities with maturities that are less than two years.

Custodial credit risk-deposits

This is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. As of December 31, 2015, the total carrying amount of the County's deposits was \$26,765,429 and the bank balance was \$27,095,104. Of the bank balance, \$1,835,643 was insured through the Federal Deposit Insurance Corporation (FDIC) and the remaining \$25,259,461 was collateralized with securities held by the pledging financial institution's trust department or agent.

The carrying amount of deposits for the Rockdale County Board of Health, a discretely presented component unit, was \$2,255,899 and the bank balance was \$2,292,704 at June 30, 2015. All of the Rockdale County Board of Health's bank balance was covered by Federal depository insurance or insured with securities held by the Rockdale County Board of Health or by its agent in the Rockdale County Board of Health's name.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. CASH AND INVESTMENTS (CONTINUED)

The Conyers-Rockdale Library System, a discretely presented component unit, does not have a deposit policy for custodial credit risk. The carrying amount of deposits for the Conyers-Rockdale Library System was \$1,083,168 and the bank balance was \$1,128,867 at June 30, 2015. The amount of \$675,009 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Library's name.

Custodial credit risk-investments

This is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The County does not have a deposit policy for the custodial credit risk associated with investments. Of the repurchase agreements investment of \$3,661,386, the County has a custodial credit risk exposure of \$3,661,386 because the related securities are uninsured, unregistered and held by the County's brokerage firm, which is also the counterparty for the securities.

Credit risk

Georgia law authorizes the County to invest in obligations of the State of Georgia or of any other states; obligations issued by the United States; obligations fully insured or guaranteed by the United States government or governmental agency; prime bankers' acceptances; The State of Georgia Local Government Investment Pool; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. It is the County's policy to limit its investments to these types of investments.

The local government investment pool, created by O.C.G.A. 36-83-8, is a stable net asset value investment pool which has an AAf rating by Standard & Poor's. The pool consists of U.S. treasury obligations, securities issued or guaranteed by the U.S. Government or any of its agencies or instrumentalities, banker's acceptances, overnight and term repurchase agreements with highly rated counterparties, and collateralized bank accounts. The investment in the Georgia Fund 1 is valued at fair market value. The Georgia Office of the State Treasurer is the agency with regulatory oversight for the local government investment pool.

Concentration of credit risk

Excluding investments issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investments pools, and other pooled investments, the County does not invest more than 5% of its total investments in any one issuer.

A. Governmental Activities

1. Certificates of Participation

The County issued certificates of participation through the Association County Commissioners of Georgia and the Georgia Municipal Association, Inc. public purpose master lease agreements as follows:

Issue Date	Purpose	Interest Rate %	Interest Dates	Maturity Date	Authorized and Issued	Retired	Balance at December 31, 2015
8/1/2013	Refunding of Series 1999 certificates of participation	1.94%	1/1 - 7/1	7/1/2020	\$ 2,880,000	\$ 715,000	\$ 2,165,000

					<u>\$ 14,935,000</u>	<u>\$ 4,505,000</u>	<u>\$ 10,430,000</u>

(a) The County issued \$8,155,000 of Series 2006 certificates of participation through the Association County Commissioners of Georgia. The net proceeds of \$8,021,850 (after payment of \$229,415 in underwriting fees, insurance, and other issuance costs, plus an issuance premium of \$96,265) were used to purchase United States Treasury Obligations – State and Local Government Series that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments on \$7,555,000 principal amount of Series 1999 certificates of participation. As a result, the refunded certificates are considered defeased and the liability has been excluded from the statement of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$466,850. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt (15 years), which is the same as the life of the new debt issued.

Annual debt service requirements as of December 31, 2015, for the 2006 certificates of participation are as follows:

<u>Fiscal Year Payable</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$ 805,000	\$ 161,819	\$ 966,819

NOTE 8. LONG-TERM OBLIGATIONS (CONTINUED)

(b) On September 30, 2013, the County issued \$2,880,000 of Series 2013 certificates of participation through the Association County Commissioners of Georgia. The net proceeds of \$2,845,000 (after payment of \$35,000 in bond issuance costs) were deposited into an escrow account and were used to refund the outstanding principal amount of Series 1999 certificates of participation.

Annual debt service requirements as of December 31, 2015, for the 2013 certificates of participation are as follows:

Fiscal Year Payable	Principal	Interest	Total
2016	\$ 390,000	\$ 38,218	\$ 428,218
2017	410,000	30,458	440,458
2018	430,000	22,310	452,310
2019	455,000	13,726	468,726
2020	480,000	4,656	484,656
	\$ 2,165,000	\$ 109,368	\$ 2,274,368

(c) Effective June 1, 1998, the County entered into a 1998A master lease and option agreement with the Georgia Municipal Association, Inc. The lease agreement, among other things, obligates the County for \$3,900,000 of 1998A certificates of participation issued by the Georgia Municipal Association, Inc. The proceeds from the certificates were deposited with an escrow agent in an irrevocable trust fund in the name of the County. The County's use of the money is restricted for the purchase of certain equipment and must be repaid to the trust fund over lease terms pursuant to the 1998A Master Lease and Option Agreement.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM OBLIGATIONS (CONTINUED)

As part of the issuance of the certificates of participation, the County entered into an interest rate swap agreement. Under the Swap Agreement, the County is required to pay (1) a semiannual (and beginning July 1, 2003, a monthly) floating rate of interest based on the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index (plus a 31 basis points spread) to, or on behalf of, the Swap Counterparty (the "Swap Payment"); and the Swap Counterparty will pay to, or on behalf of, the County a semi-annual payment based on a rate equal to the fixed rate on the certificates of participation (4.75%) times a notional amount specified in the Swap Agreement, but generally equal to the outstanding unpaid principal portion of such Contract, less the amount originally deposited in the Reserve Fund relating to the Contract, and (2) a one-time Swap Premium to be paid on the effective date of the Swap Agreement. The semiannual payments from the Swap Counterparty with respect to the County are structured, and expected to be sufficient to make all interest payments due under the Contract, and related distributions of interest on the Certificates. Monthly interest payments between the County, the holders of the Certificates of Participation, and the Swap Counterparty can be made in net settlement form as part of this agreement. Under the Swap Agreement, the County's obligation to pay floating payments to the Swap Counterparty in any calendar year may not exceed an amount equal to the SIFMA Municipal Swap Index plus 5% to be determined on the first business day of December in the preceding year. This agreement matures on June 1, 2028, at the same time of the certificates of participation. This derivative qualifies as a fair market hedge.

In the unlikely event that the Swap Counterparty becomes insolvent, or fails to make payments as specified in the Swap Agreement, the County would be exposed to credit risk in the amount of the Swap's fair value. To minimize this risk, the County executed this agreement with counterparties of appropriate credit strength, with the counterparty being rated Aa3 by Moody's. At December 31, 2015, the floating rate being paid by the County is 0.32% and the market value of this agreement is \$1,192,615, an increase of \$75,514 from the market value at the end of the previous year. The market value of the hedge was determined using settlement prices at the end of the day on December 31, 2015, based on the derivative contract. This market value is reported as a component of the certificates of participation in long-term debt in the statement of net position. As this derivative is an effective hedge, qualifying for hedge accounting, the inflow from the hedge (any change in fair value from inception until year end) is deferred and reported as a deferred inflow of resources in the statement of net position.

2. Notes Payable - GEFA Loan

In September 2007, the County borrowed \$861,000 from the Georgia Environmental Facilities Authority, (GEFA), pursuant to two promissory note agreements. The proceeds were used to purchase 10.6 acres of land to begin the South River Trail Project in South Rockdale County. The loans require repayment over 10 years in monthly installments. The installment notes bear interest at 3%, per annum, and the combined monthly payment is \$8,314. Principal payments totaling \$582,931 have been made since the notes' inception leaving \$278,069 outstanding. The notes fully mature on November 1, 2017.

The annual note payments as of December 31, 2015, are as follows:

<u>Fiscal Year Payable</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

3. Contractual Obligations

The following is a summary of the County's outstanding contractual obligations:

Issue Date	Purpose	Interest Rate %	Interest Dates	Maturity Date	Authorized and Issued	Retired	Balance at December 31, 2015
11/25/2008	Big-Haynes Impoundment	3.5 - 5.0	1/1 - 7/1	7/1/2022	\$ 10,000,000	\$ 4,300,000	\$ 5,700,000

On November 1, 1998, the County entered into a contract with the Conyers-Rockdale Big Haynes Impoundment Authority (the "Authority"). The Authority, on November 20, 1998, issued \$13,300,000 of variable rate revenue bonds for the purpose of retiring \$12,600,000 of principal and approximately \$463,400 of interest on a series 1997 bond issue that matured December 31, 1998. In November 2008, the variable rate bonds were redeemed in a current refunding as part of a remarketing of the previous variable rate bonds with new fixed rate bonds. The total proceeds of the refunding net of \$162,000 of issuance cost plus a \$186,143 premium, were \$10,024,143. The amount of \$10,000,000 was used to retire the variable rate bonds. The refunding was undertaken to eliminate the interest rate risk associated with the variable rate bonds. The reacquisition price and the carrying amount of the variable rate bonds were the same. Pursuant to the County's contract with the Authority, the County has agreed to pay the Authority amounts sufficient to pay the debt service on the bonds, pledging the full faith and credit of the County.

Annual debt service requirements for the Big Haynes Impoundment Authority revenue bonds contractual obligation as of December 31, 2015, are as follows:

Fiscal Year Payable	Principal	Interest	Total
2016	\$ 700,000	\$ 271,500	\$ 971,500
2017	800,000	236,500	1,036,500

NOTES TO FINANCIAL STATEMENTS

NOTE 8. LONG-TERM OBLIGATIONS (CONTINUED)

4. Other Obligations

(a). Compensated absences – Earned and vested paid time off is recorded as a liability in the government-wide statement of net position. The compensated absences have been paid in prior years by the General Fund.

(b). Landfill post closure cost - As discussed in Note 12, the County is obligated for a portion of the expenses related to the post closure costs of a landfill jointly operated and maintained by the City of Conyers and the County. The County's portion of the post closure costs are estimated to be \$560,000 based on what it would cost to perform the anticipated post closure costs at December 31, 2015. The post closure costs have been paid in prior years by the General Fund. This is an estimate and is subject to inflation or deflation due to economic conditions.

(c). General liability claims – Various claims and legal proceedings arising in the course of providing general government services are pending against the County. The County, as discussed in Note 11, maintains insurance coverage for losses arising from claims and legal proceedings. The County is exposed to a per occurrence deductible of \$25,000 and to amounts that exceed policy limits. Management has estimated the County's liability for claims and legal proceedings to be approximately \$192,608 as of December 31, 2015.

(d). Other Post Employment Benefits, (OPEB) – The County provides OPEB through a single-employer defined benefit post employment plan. The plan and related liability are discussed in detail in Note 15. The OPEB obligation affects the actuarial calculation of future annual required contributions and thus does not represent a liability with a current portion. Accordingly, all of the liability is reported as long-term. Payment of the liability is expected to occur from the General Fund.

(e). Net Pension Liability - The County provides pension benefits through a multiple-employer defined benefit pension plan. The plan and related liability are discussed in detail in Note 10. Payment of the liability is expected to occur from the General Fund.

B. Business-type Activities

1. Revenue Bonds

Issue Date	Purpose	Interest Rate %	Interest Dates	Maturity Date	Authorized and Issued	Retired	Balance at December 31, 2015
4/11/2013	Refund Series 2005 revenue bonds	.35 - 3.71	1/1 - 7/1	7/1/2029	\$ 98,770,000	\$ 2,875,000	\$ 95,895,000

In April 2013, the Water Authority issued the Series 2013 Revenue Refunding Bonds for the purpose of advance refunding \$85,550,000 of the Water Authority's outstanding series 2005 Revenue Bonds maturing on July 1, 2029. The County used the net proceeds along with other resources to purchase U.S. government securities. These securities were deposited in an irrevocable trust to provide for all debt service payments beginning with the July 2016 debt service payment through maturity of the 2005 series bonds. As a result, that portion of the 2005 series bonds is considered defeased, and the County has removed the liability from its accounts.

Annual debt service requirements for the Series 2013 Revenue Bonds outstanding at December 31, 2015, are as follows:

<u>Fiscal Year Payable</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$ 5,150,000	\$ 2,549,912	\$ 7,699,912

NOTE 8. LONG-TERM OBLIGATIONS (CONTINUED)

2. Other obligations

- (a) Compensated absences - Earned and vested paid time off is recorded as a liability in the proprietary fund statement of net position. The amount \$322,705 of the compensated absences are payable by the Water and Sewer Fund and \$17,663 are payable by the Stormwater Fund.
- (b) Other Post Employment Benefits, (OPEB) – The County provides OPEB through a single-employer defined benefit post employment plan. The plan and related liability are discussed in detail in Note 15. The OPEB obligation affects the actuarial calculation of future annual required contributions and thus does not represent a liability with a current portion. Accordingly, all of the liability is reported as long-term. The amount of \$2,349,084 of the liability is expected to be paid from the Water and Sewer Fund and \$232,084 is expected to be paid by the Stormwater Fund.
- (c) Net Pension Liability – Net Pension Liability - The County provides pension benefits through a multiple-employer defined benefit pension plan. The plan and related liability are discussed in detail in Note 10, and \$1,081,060 of the liability is expected to be paid from the Water and Sewer Fund and \$98,278 is expected to be paid by the Stormwater Fund.

C. Advance Refundings

In prior years, the County advance refunded governmental activities debt, which includes certain jailhouse construction bonds (Series 1984), jailhouse refunding bonds (Series 1986), certificates of participation (Series 1997), and business activities debt, which includes a portion of the Water and Sewer Authority Series 1996 and 1999A revenue bonds and a portion of the Series 2005 Water and Sewerage Authority revenue refunding bonds. The proceeds of new bonds and certificates of participation were deposited in an irrevocable trust to provide for all future debt service payments on the refunded debt. At year-end, the aggregate principal amount of all such refunded debt outstanding was \$4,275,000 from governmental activities and \$141,400,000 from business-type activities. For financial accounting and reporting purposes, all of the refunded debt is considered retired, and along with the funds held in trust, are not included in the accompanying financial statements.

NOTE 9. COMMITMENTS AND CONTINGENCIES

A. Grant Contingencies

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, County management believes such disallowances, if any, will not be significant.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. COMMITMENTS AND CONTINGENCIES (CONTINUED)

B. Litigation

Various claims and legal proceedings arising in the course of providing general governmental services are pending against the County seeking monetary damages and other relief. The amount of liability from all claims and actions cannot be determined with certainty, but in the opinion of management and legal counsel, the ultimate liability from such claims in excess of the accrued general liability claims amount should not materially affect the financial position of the County at December 31, 2015.

C. Outstanding Construction Commitments

Outstanding construction commitments as of December 31, 2015, were \$30,127,735 and \$9,289,894 for the governmental and business-type activities, respectively.

NOTE 10. RETIREMENT PLANS

Primary Government

A. ACCG Defined Benefit Pension Plan

Effective January 1, 2005, the County began sponsoring the Association County Commissioners of Georgia Restated Pension Plan, (the Plan). The Plan is a defined benefit pension plan that covers the majority of Rockdale County Employees. Employees covered by other plans are discussed in Note 10, C.

1). Plan Description

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan, through execution of the adoption agreement, is affiliated with the Association County Commissioners of Georgia Third Restated Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan, administered by the Government Employee Benefits Corporation of Georgia, (GEBCorp). The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County, through its Board of Commissioners, has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG Plan document. A separately issued financial report for the ACCG Plan may be obtained by writing to GEBCorp at 400 Galleria Parkway, Suite 1250, Atlanta, Georgia 30339.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLANS (CONTINUED)

Primary Government (Continued)

Plan membership as of January 1, 2015, (the most recent actuarial valuation date) is as follows.

Retirees and beneficiaries receiving benefits	87
Terminated plan members entitled to, but not receiving, benefits	130
Active plan members	823
Total	1040

The County is required to contribute an actuarially determined amount annually to the Plan's trust. The contribution amount is determined using actuarial methods and assumptions approved by the ACCG Plan trustees and must satisfy the minimum contribution requirement contained in the State of Georgia statutes. The County's required contribution for the 2015 Plan year is \$2,293,627 or 7.2% of covered payroll. Plan members other than Public Safety members are required to contribute 3% of compensation and Public Safety members contribute 7% of compensation.

(2). Net Pension Liability of the County

Effective January 1, 2015, the County implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68* which significantly changed the County's accounting for pension amounts. The information disclosed below is presented in accordance with this new standard.

The County's net pension liability was measured as of December 31, 2014. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2014 with update procedures performed by the actuary to roll forward to the total pension liability measured as of December 31, 2014.

Actuarial Assumptions. The total pension liability in the January 1, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%	
Salary increases	3.5% - 5.5%, including inflation	
Investment rate of return	7.5%, net of pension plan investment expense, including inflation	

Mortality rates were based on the RP-2000 Combined Healthy Mortality Table.

The actuarial assumptions used in the January 1, 2014, valuation were based on the results of an actuarial experience study for December 31, 2013.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. RETIREMENT PLANS (CONTINUED)

Primary Government (Continued)

(2). Net Pension Liability of the County (Continued)

Actuarial Assumptions (Continued). The long-term expected rate of return on pension plan investments was determined through a blend of using a building-block method based on 20-year benchmarks (25%) and 30-year benchmarks (25%), as well as forward-looking capital market assumptions for a moderate asset allocation (50%), as determined by UBS. Expected future rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2014, are summarized in the following table:

Asset Class	Target allocation	Long-term expected real rate of return *
Fixed income	30%	6.78%
Large cap equity	30	9.77
International equity	15	7.48
Other equity	20	9.23
Real estate	5	10.63
Total	100%	

* Rates shown are net of the 3.0% assumed rate of inflation

Discount Rate. The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made based on the average County contribution made to the Plan over the prior five years. Based on this assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate (Continued). Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of December 31, 2014, and the current sharing pattern of costs between employer and employee.

(3). Pension Expense and Deferred Outflows of Resources Related to Pensions

For the year ended December 31, 2015, the County recognized pension expense of \$771,611. At December 31, 2015, the County reported deferred outflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources
Investment earnings difference	\$ 217,501
Contributions subsequent to the measurement date	2,361,750
	2,361,750
Total	\$ 2,579,251

County contributions subsequent to the measurement date of \$2,361,750 are reported as a deferred outflow of resources and will be recognized as a reduction of the net pension liability in the year ending December 31, 2016. The investment earnings difference reported as a deferred outflow of resources related to pensions will be recognized in pension expense as follows:

Year ending December 31:	
2016	\$ 54,375
2017	54,375
2018	54,375
2019	54,376

B. Defined Contribution Plan

The County, through December 31, 2004, provided benefits for the majority of its full-time employees through a defined contribution plan (the "Plan") which was administered by GEB Corp. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees were eligible to participate after six months from the date of employment. The Plan as established by the Rockdale County Board of Commissioners required that the County contribute an amount equal to 5% of the employee's salary each month. Plan members were not required to make contributions. The County's contributions for each employee (and interest allocated to the employee's account) were fully vested after five years of continuous service. Benefit provisions and contribution requirements were established and may be amended by the Board of Commissioners. There were no contributions made by the County in 2015.

Effective January 1, 2005, the County adopted the ACCG Defined Benefit Pension Plan as noted above. Each participant in the defined contribution plan was given an option to use his/her account balance under the existing defined contribution plan to purchase 100% of past service credit. As noted in the statement of fiduciary net position, as of December 31, 2015, there was \$855,911 of net position remaining in the plan.

Component Units

A. Rockdale County Health Department

All of the Health Department's eligible employees participate in the Georgia State Employees' Retirement System (ERS), a statewide multiple-employer public employee retirement system covering employees of local boards of health and various agencies and departments of the State of Georgia. ERS is funded through employer and employee contributions and the Health Department has no legal obligation for paying benefits. All full-time employees who are hired for merit system positions are eligible to participate in ERS. Participants have a partial vested right to retirement benefits after ten years of service and become fully vested after 34 years.

GASB 68 requires that governmental employers report their share of the plan net pension liability and related pension expense and deferrals in their financial statements beginning June 30, 2015. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of ERS and additions to/deductions from ERS' fiduciary net position have been determined on the same basis they are reported by ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

A. Rockdale County Health Department (Continued)

During the year, the Health Department contributed \$165,366 to the Plan. Contributions by employees are withheld by the Health Department. Such withholdings totaled \$6,623 during the year and were paid by the Health Department. The Health Department has no other liability under the plan. The Health Department's total payroll for employees covered by the plan during the year was \$805,091.

Net Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2015, the Health Department reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2013. An expected total pension liability as of June 30, 2014 was determined using standard roll-forward techniques. The proportion of the net pension liability was based on contributions to ERS during the fiscal year ended June 30, 2014. At June 30, 2015, the Health Department's proportion was .032290%, which was a decrease of .000768% from the proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the Health Department recognized pension expense of \$165,366. At June 30, 2015, the Health Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Investment earnings difference	\$ -	\$ 295,586
Difference between Health Department contributions and proportionate share of contributions	-	22,935
Contributions subsequent to the measurement date	165,366	-

Department contributions subsequent to the measurement date of \$165,366 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30:	
2016	\$ (88,231)
2017	(82,498)
2018	(73,897)
2019	(73,895)

Actuarial Assumptions. The total pension liability as of June 30, 2014, was determined by an actuarial valuation as of June 30, 2013, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increase	3.75 – 7.00% average, including inflation
Investment rate of return	7.50%, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females set back two years for males and three years for females.

The actuarial assumptions used in the June 30, 2013, valuation were based on the results of an actuarial experience study for the period of July 1, 2004 – June 30, 2009.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target assets allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Discount rate. The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and State of Georgia contributions will be made at the current contribution rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Health Department's proportionate share of the net pension liability to changes in the discount rate. The following presents the Health Department's proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the Health Department's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50%) or one percentage point higher (8.50%) than the current rate:

B. Conyers-Rockdale Library System

Plan Description. Substantially all employees of the Library as defined in §47-3-60 of the *Official Code of Georgia Annotated* (O.C.G.A.) are provided a pension through the Teachers Retirement System of Georgia (TRS). TRS, a cost-sharing multiple-employer defined benefit pension plan, is administered by the TRS Board of Trustees (TRS Board). Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. TRS issues a publicly available financial report that can be obtained at www.trsga.com/publications.

Benefits Provided. TRS provides service retirement, disability retirement, and death benefits. Normal retirement benefits are determined as 2% of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after 10 years of service and attainment of age 60. Ten years of service is required for disability and death benefits eligibility. Disability benefits are based on the employee's creditable service and compensation up to the time of disability. Death benefits equal the amount that would be payable to the employee's beneficiary had the employee retired on the date of death. Death benefits are based on the employee's creditable service and compensation up to the date of death.

Contributions. Per Title 47 of the O.C.G.A., contribution requirements of active employees and participating employers, as actuarially determined, are established and may be amended by the TRS Board. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employees were required to contribute 6.00% of their annual pay during fiscal year 2015. The Library's contractually required contribution rate for the year ended June 30, 2015 was 13.15% of annual payroll. Library contributions to TRS were \$60,893 for the year ended June 30, 2015.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. Effective July 1, 2014, the Library implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* as well as Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, which significantly changed the Library's accounting for pension amounts. The information disclosed below is presented in accordance with this new standard.

Chapter 85 of Title 36 of the Official Code of Georgia Annotated authorized Georgia municipalities to form interlocal risk management agencies. The ACCG Interlocal Risk Management Agency (IRMA) is a County interlocal risk management agency to function as an unincorporated nonprofit instrumentality of its member counties. IRMA provides risk management and safety and loss control services to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of county government. IRMA is to defend and protect in accordance with the Coverage Agreement and related coverage descriptions any member of IRMA against liability or loss.

NOTES TO FINANCIAL STATEMENTS

NOTE 11. RISK MANAGEMENT (CONTINUED)

Rockdale County's responsibilities as a member of IRMA are as follows:

- To pay all contributions, assessments or other sums due to IRMA at such times and in such amounts as shall be established by IRMA.
- To select a person to serve as a Member representative.
- To allow IRMA and its agents reasonable access to all facilities of the County and all records, including, but not limited to, financial records, which relate to the purposes of IRMA.
- To allow attorneys appointed by IRMA to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss prevention furnished by the Fund or Funds established by IRMA.
- To assist and cooperate in the defense and settlement of claims against the County.
- To furnish full cooperation to IRMA's attorneys, claims adjusters, Service Company, and any agent, employee, officer or independent contractor of IRMA relating to the purposes of IRMA.
- To follow all loss reduction and prevention procedures established by IRMA.
- To furnish to IRMA such budget, operating and underwriting information as may be requested.
- To report as promptly as possible, and in accordance with any Coverage Descriptions issued, all incidents which could result in IRMA or any Fund established by IRMA being required to pay claims for loss or injuries to municipal property or injuries to persons or property when such loss or injury is within the scope of the protection of IRMA.

Rockdale County retains the first \$25,000 of each risk of loss in the form of a deductible. The County files all claims with IRMA. IRMA bills the County for any risk of loss up to the \$25,000 deductible. During the year ended December 31, 2015, the County paid 20 claims. The County has included \$192,608 in the government-wide statement of net position as an estimate of the amount (up to \$25,000 per claim) to be subsequently paid for unpaid claims existing at December 31, 2015. The estimate of the liability was based on historical trends for reported claims and the amount of per claim pay outs.

Pursuant to Title 34, Chapter 9, Article 5 of the Official Code of Georgia Annotated, the County became a member of the Association County Commissioners of Georgia – Group Self Insurance Workers' Compensation Fund (ACCG-GSIWCF). The liability of the fund to the employees of any employer (Rockdale County) is specifically limited to such obligations as are imposed by applicable state laws against the employer for workers' compensation and/or employer's liability. The Fund is to defend, in the name of and in behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of injuries or death within the preview of the Workers' Compensation Law of Georgia, or on the basis of employer's liability, including suits or other proceedings alleging such injuries and demanding compensation although such suits, other proceedings, allegations or demands be wholly groundless, false or fraudulent. The Fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

NOTES TO FINANCIAL STATEMENTS

NOTE 11. RISK MANAGEMENT (CONTINUED)

Rockdale County's responsibilities as a member of the ACCG-GSIWCF are as follows:

- To pay all contributions, assessments or other sums due to ACCG-GSIWCF at such times and in such amounts as established by ACCG-GSIWCF.
- To select a person to serve as a contact person and safety representative.
- To allow ACCG-GSIWCF and its agents reasonable access to all facilities of the County and all records, including, but not limited to, financial records, which relate to the purposes of ACCG-GSIWCF.
- To allow attorneys appointed by ACCG-GSIWCF to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss prevention furnished by ACCG-GSIWCF.
- To assist and cooperate in the defense and settlement of claims against the County.
- To furnish full cooperation to ACCG-GSIWCF attorneys, claims adjusters, Service Company, and any agent, employee, officer or independent contractor of ACCG-GSIWCF relating to the purposes of ACCG-GSIWCF.
- To furnish to ACCG-GSIWCF such remuneration and underwriting information as may be requested.
- To report as promptly as possible, all incidents which could result in ACCG-GSIWCF being required to pay workers' compensation on behalf of the County.

NOTE 12. CITY OF CONYERS - SOLID WASTE CONTRACT

Operating Agreement – The City of Conyers and Rockdale County have mutually agreed to a certain operating contract for the operation of a joint sanitary landfill project.

The original term of the Operating Contract commenced March 12, 1991, and continued until midnight, January 2, 2004. The County and the City have agreed to renew the Operating Contract by mutual acquiescence on a year-to-year basis commencing on the Termination Date. The operating Contract sets forth the terms and conditions under which the Project, as currently located and as expanded on contiguous property for the benefit of the citizens of the City and of the County, shall be operated. Pursuant to the Operating Contract, the City is responsible for the day-to-day operations of the Project. The budgetary requirements for the operation of the Project shall be mutually determined by the City and the County and shall include day-to-day operation costs, capital improvements and various other items more fully described in the Contract.

The landfill was permanently closed on September 1, 1993. Pursuant to the Contract, the County is responsible for a portion of the expenses incurred in connection with the post closure costs. The County's agreed upon portion is 70%. Total anticipated post closure care costs for the County as of December 31, 2015, are estimated to be \$560,000. During 2015, the County paid \$33,293 of landfill operating cost.

NOTE 13. JOINT VENTURE

Rockdale County, in conjunction with cities and counties in the 10-county Atlanta Region are members of the Atlanta Regional Commission (ARC). Membership in the ARC is automatic for each municipality and county in the state. The official Code of Georgia Section 50-8-34 (Georgia Planning Act of 1989) provides for the organization structure of the ARC. Each county and municipality in the state is required by law to pay minimum annual dues to the ARC. The ARC Board membership includes the chief elected official of each county and the chief elected official of each municipality. The county board members and the municipal board members from the same county elect one member of the Board who is a resident (but not an elected or appointed official or employee of the county or municipality) to serve as the non-public Board member from a county.

O.C.G.A. 50-8-39.1 provides that the member governments are liable for any debts or obligations of a regional commission beyond its resources. During the year ended December 31, 2015, the County paid \$89,900 in dues to the ARC.

Complete financial statements of the ARC can be obtained directly from their administrative office at the following address.

Atlanta Regional Commission, Inc.
40 Courtland Street, NE
Atlanta, Georgia 30303

NOTE 14. RELATED ORGANIZATIONS

The County is also responsible for appointing the members of the Rockdale Development Authority and the Rockdale County Hospital Authority, but the County's accountability for these Authorities does not extend beyond making the appointments.

NOTE 15. OTHER POST EMPLOYMENT BENEFITS

The County provides other postemployment benefits, (OPEB), through a single-employer defined benefit postemployment plan (the "OPEB Plan").

(1). Plan Description

The name of the plan is the Rockdale County Post Retirement Benefits Plan. The OPEB Plan was established to provide medical benefits for all of its retirees and beneficiaries of retirees who are eligible for such benefits pursuant to the policies of the County. Benefit provisions and contribution requirements are established and may be amended by approval of the Commissioners. Information about the OPEB Plan is provided below. There are no other reports issued by this OPEB Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 15. OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Plan membership as of January 1, 2014, (the most recent measurement date) is as follows:

Retirees receiving benefits	48
Active plan members	757
Total	805

(2) Funding policy

Medical benefits are available to all retirees with 10 years of credited service and the attained age of 50. The County pays a portion of the insurance premium cost at rates ranging from 20% to 100% depending on the sum of the employee's age at retirement and years of service. The retiree is required to pay the full insurance premium cost for the spouse. Premium rates for employee only coverage range from \$445 to \$461 and family coverage rates range from \$934 to \$1,384. The annual required contribution of the County is determined using actuarial methods and assumptions approved by the Commissioners. The Commissioners establish and may amend the funding policy for the OPEB Plan.

(3) Annual OPEB cost

The County's annual OPEB cost and net OPEB liability for the current year are as follows:

Annual Required Contribution	\$ 2,967,348
Interest on Net OPEB Obligation	605,465
Adjustment to Annual Required Contributions	83,950
Annual OPEB Cost	3,656,763
Actual Contribution Made	405,887
Increase in Net OPEB Obligation	3,250,876
Net OPEB Obligation, Beginning of the Year	18,193,966
Net OPEB Obligation, End of the Year	\$ 21,444,842

The net OPEB obligation has been included in the non-current liabilities due in more than one year, in the statement of net position.

(4) Basis of Valuation

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information immediately following the notes to the financial statements, presents trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. The actuarial methods and assumptions described below are designed to reflect a long-term perspective. Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and the plan members to that point. In addition, the projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. The initial unfunded accrued liability was amortized over 30 years on a level dollar and closed group basis.

The measurement date of the calculations is January 1, 2014, based on the OPEB Plan in effect on that date.

Actuarial Cost Method:	Projected Unit Credit
Asset Valuation Method:	N/A
Assumed Rate of Return on Investments	4.5%
Healthcare Cost Initial Trend Rate	8.0%
Ultimate Healthcare Trend Rate	5.0%
Year of Ultimate Trend Rate	2018
Amortization of Initial UAL	30 years - closed
Payroll Inflation Rate	N/A

(5) Funded Status

The funded status of the OPEB Plan as of January 1, 2014, the most recent valuation date, was as follows.

Actuarial Accrued Liability	\$ 40,368,771
Actuarial Value of Plan Assets	\$ -
Unfunded Actuarial Accrued Liability	\$ 40,368,771
Funded Ratio	0.0%

NOTE 16. HOTEL/MOTEL LODGING TAX

Rockdale County has levied a 5% lodging tax, which is accounted for in the Hotel/Motel Tax Special Revenue Fund. The use of lodging taxes collected is restricted to expenditures for the promotion of tourism and convention trade within the County. Hotel/Motel taxes received by the County have been paid to the Rockdale County Chamber of Commerce. During 2015, the County collected \$64,225 and expended 100% of such taxes. Expenditures by the Chamber of Commerce were for the promotion of tourism as required by O.C.G.A. 48-13-51.

NOTE 17. WATER AND SEWER CONTRACTS AND AGREEMENTS

Effective November 11, 1996, the County entered into a lease contract (the "Lease") with the Water and Sewer Authority (the "Authority") for a period expiring the later of July 2, 2022, or the date all bonds have been paid in full, but in no event in excess of 50 years from the effective date. The Lease requires the Authority to lease to the County all of its water and sewerage facilities. The County is obligated under the Lease to make certain payments to the Authority, including payments sufficient to enable the Authority to pay the principal and interest on all Bonds issued by the Authority and to comply with certain other funding requirements as defined in the Lease, the Series 1996 Bond Resolution, the Series 1999 A Bond Resolution, the Series 2005 Bond Resolution, and the Series 2013 Bond Resolution. Upon expiration of the lease, the County has a bargain option to purchase the Water and Sewerage facilities from the Authority.

The County entered into an agreement with ESG Operations, Inc., ("ESG"), effective August 1, 2012, for the management of the County's waste water facilities. The initial term of this agreement is three years and may be renewed thereafter for two successive one-year terms. The contract requires a base fee which covers certain repairs and maintenance, chemicals, and sludge disposal. ESG is liable in any calendar year for fines or civil penalties to a maximum aggregate of \$225,000 imposed for violations of certain effluent quality requirements that result from ESG's negligent operation, willful misconduct or material breach of the agreement. The contracted base fee for 2016 is \$4,632,981. The base fee will be negotiated each year.

NOTE 18. CHANGE IN ACCOUNTING PRINCIPLE

As discussed in Note 10, the County and its discretely presented component units implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*, as well as Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, effective January 1, 2015 and July 1, 2014, respectively. The new standards significantly changed the County and its Component Unit’s accounting for pension amounts. As a result of these changes in accounting principles, the County and its Component Unit’s were required to restate beginning net position as shown below:

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**Board of Commissioners
of Rockdale County, Georgia
Conyers, Georgia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Rockdale County Georgia (the "County"), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Rockdale County, Georgia's basic financial statements and have issued our report thereon dated June 21, 2016. Our report includes a reference to other auditors who audited the financial statements of the Conyers-Rockdale County Library System and the Rockdale County Health Department, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. Our report also includes a reference to the changes in accounting principles resulting from the implementation of Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB No. 27*, as well as Statement No. 71, *Pension Transitions for Contributions Subsequent to the Measurement Date – an amendment of GASB No. 68*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Members
of the Board of Commissioners
Rockdale County, Georgia

Report on Compliance for Each Major Federal Program

We have audited Rockdale County, Georgia's (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2015. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
